**PROXY STATEMENT
ANNUAL STOCKHOLDERS' MEETING
TO BE HELD MAY 9, 2003**

GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Option Care, Inc., a Delaware corporation (the "Company"), for use at the Annual Meeting of Stockholders (the "Meeting") to be held on Friday, May 9, 2003, at 10:00 a.m., local time, at the Company's Corporate Offices at 485 E. Half Day Road, Suite 300, Buffalo Grove, Illinois, and any adjournment thereof.

The Notice of Annual Meeting to which this Proxy Statement is attached lists the matters which the Company intends to propose for consideration at the Meeting and these matters are discussed in detail later in this Proxy Statement. Other than the matters listed in the Notice of Annual Meeting and discussed herein, the Board does not currently intend, nor does it know of anyone else who intends, to present any other matter for consideration at the Meeting.

All proxies evidenced by a properly completed and returned Proxy Card will be voted in accordance with the instructions set forth in the Proxy Card. If no choice is specified, proxies will be voted "FOR" the election of each of the nominees for director proposed by the Board of Directors as set forth in Proposal 1, and "FOR" ratification of the appointment of Ernst & Young, LLP to act as independent auditors of the Company for the fiscal year 2003. If any other matters properly come before the Meeting, the persons named as proxies in the Proxy Card will be authorized to vote or otherwise act on these matters using their reasonable judgment and discretion; provided, however, that proxies directing a vote against a proposal may not be voted for a proposal to adjourn the Meeting to permit further solicitation in favor of the original proposal. A stockholder who executes a proxy may revoke it at any time before it is voted by delivering to the Company another proxy bearing a later date, by submitting written notice of such revocation to the Secretary of the Company, or by personally appearing at the Meeting and casting a contrary vote.

The Meeting will be able to consider and vote upon proposals only if at least a majority of the shares entitled to vote at the Meeting are represented at the Meeting in person or by proxy. Assuming the requisite numbers of shares are represented at the Meeting, each proposal will be voted on separately and the vote required to approve each proposal is described below. A plurality of the votes cast is required for the election of directors, which means that the nominees with the three (3) highest vote totals will be elected as directors. As a result, abstentions and broker "non-votes" do not have an effect on the results of the vote for the election of directors. The affirmative vote of a majority of the shares represented at the Meeting in person or by proxy is required to ratify the appointment of Ernst & Young, LLP to act as the Company's independent auditors for the fiscal year 2003.

Each share of Common Stock is entitled to one vote for each of the proposals identified in this Proxy Statement. The close of business on March 26, 2003 has been fixed as the Record Date for the

1

determination of the holders of our Common Stock entitled to notice of and to vote at the Annual Meeting. On March 26, 2003, there were 20,740,854 shares of Common Stock outstanding and entitled to vote. This Proxy Statement, together with the enclosed Notice of Meeting and Proxy Card, were mailed beginning on or about April 9, 2003 to all record owners of Option Care Common Stock as of the Record Date.

STOCKHOLDER PROPOSALS

Proposals that stockholders intend to present at the 2004 Annual Meeting of Stockholders are due by December 10, 2003 for inclusion in the Company's Proxy Statement relating to that meeting. Upon receipt of any such proposal, the Company will determine whether or not to include such proposal in the Proxy Statement in accordance with regulations governing the solicitation of proxies.

The Company's By-Laws provide that stockholder proposals which do not appear in the Proxy Statement may be considered at a meeting of stockholders only if written notice of the proposal is received by the Secretary of the Company not less than 60 days and not more than 90 days before the anniversary of the prior years' Annual Meeting; provided, however, that, in the event the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, notice by the stockholder to be timely must be delivered not earlier than the close of business on the 90th day prior to such annual meeting and not later than the 60th day prior to such annual meeting or the close of

PROPOSAL 1. ELECTION OF DIRECTORS (Proposal 1 on the Proxy Card)

In accordance with the Company's By-laws, the size of the Board of Directors has been fixed at seven members. The Board of Directors is divided into three classes, with two classes having two directors each and one class having three directors. Every year one class is elected to a three-year term. The class currently up for election contains three directors.

In preparation for the Company's Annual Meeting each year, the Board of Directors selects the individuals who will stand for election as the Company's nominees. In making such selections, the Board considers the Company's evolving needs and seeks to identify individuals whose experience and expertise match those needs. After potential nominees have been identified through this process, the Board of Directors attempts to assess each potential nominee's ability and willingness to devote sufficient time and attention to acting as an Option Care director.

This year, the Board of Directors has selected Kenneth S. Abramowitz, John N. Kapoor, Ph.D., and Rajat Rai as the Company's nominees for election to a three-year term as directors of the Company. Each of Messrs. Abramowitz and Rai, and Dr. Kapoor, currently serve as directors of the Company. Mr. Abramowitz was appointed to the Company's Board of Directors in 2002 to fill a newly-created board position, Dr. Kapoor has served as Chairman of the Board of Directors since 1990 and Mr. Rai has served on the Company's Board of Directors since 2001. A description of the qualifications and experience of the nominees for election as directors appears below. Because each of the nominees currently serves as a director of the Company, the Board of Directors is fully aware of the ways in which the nominees' experience and expertise compliments the Company's needs. The nominees' existing relationship with the Company also provided the Board of Directors with actual knowledge of their commitment of time and attention to the Company and allowed this assessment to include consideration of the actual level of past participation in Board functions.

Each of the nominees has advised the Board of Directors that he is willing to serve if elected as a director of the Company. However, if prior to the Meeting, the Board of Directors makes a good faith determination that any of the above-named nominees is unable or unwilling to serve as a director, any proxy marked "FOR" this proposal will be voted for a substitute nominee selected by the Board of Directors.

Recommendation of the Board of Directors

The Board of Directors recommends that stockholders vote "FOR" each of the Company's nominees for election as a director of the Company.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors during 2002 was comprised of Messrs. Andress, Hussey and Sheldon, and Dr. Henikoff. All Compensation Committee members are non-employee directors of the Company. All decisions by the Compensation Committee relating to the compensation of the Company's executive officers are reviewed by the full Board. In accordance with rules of the Securities and Exchange Commission designed to enhance disclosure of companies' policies toward executive compensation, the following is a report submitted by the above-listed committee members in their capacity as the Board's Compensation Committee addressing the Company's compensation policy as it related to the named executive officers for 2002.

The report by the Compensation Committee and the Stock Performance Graph contained in this Proxy Statement shall not be deemed to be incorporated by reference by any general statement which incorporates by reference this Proxy Statement into any filing under the Securities Act

Edgar Filing: OPTION CARE INC/DE - Form DEF 14A

of 1933 or the Securities Exchange Act of 1934, and it shall not otherwise be deemed filed under such Acts.

Compensation Philosophy

The goal of the Company's executive compensation policy is to ensure that an appropriate relationship exists between executive pay and the creation of stockholder value, while at the same time motivating and retaining key employees. To achieve this goal, the Company's executive compensation policies integrate annual base compensation with cash and stock bonuses based upon corporate performance and individual initiatives and stock options granted under the Company's stock-based incentive plans. Measurement of corporate performance is primarily based on Company goals and industry performance levels. Accordingly, in years in which performance goals and industry levels are achieved or exceeded, executive compensation would be higher than in years in which performance is below expectations. Annual compensation is designed to attract and retain qualified executives. All executive officers and management in general are also eligible for and participate in an incentive compensation plan that consists of cash bonuses and stock options.

Performance Measures

In evaluating annual bonuses, the Committee examines earnings per share, sales growth and operating results as well as subjective factors relating to performance of management objectives. No specific weight is assigned to any of these factors. The earnings factors are compared with designated Company performance goals, prior years' performance and performance of other companies in the industry. Accordingly, the Company believes it is important that its performance be compared to that of other specialty pharmaceutical companies in order to demonstrate the impact of management's objectives and performance.

Fiscal 2002 Compensation

For fiscal 2002, the Company's executive compensation program consisted of base salary, a cash bonus based upon the performance measurements described above and stock options. Options are granted based primarily on each such person's potential contribution to the Company's growth and profitability. The Committee believes that options and other stock-based performance compensation arrangements are an effective incentive for managers to create value for stockholders because the value of an option bears a direct relationship to the Company's stock price.

Base salary, maximum annual bonus and annual stock option grants for the Chief Executive Officer and all other executive officers were established by a combination of objective and subjective factors. Actual bonus payout is determined by a combination of objective factors relating to the Company's performance relative to targets and comparative companies, and subjective factors relating to the completion of specific management objectives.

11

Base salaries are believed to be within the range of those persons holding comparably responsible positions at other companies, both regionally and nationally. In addition, other factors are taken into consideration, such as cost of living increases and competitors' performance, as well as the individual's past performance and potential with the Company. Bonus compensation is also tied to performance goals.

The Committee believes that linking executive compensation to corporate performance results in a better alignment of compensation with corporate goals and stockholder interest. If performance goals are met or exceeded, resulting in increased value to stockholders, executives are rewarded commensurately. The Committee believes that compensation levels during fiscal 2002 adequately reflect the Company's compensation goals and policies.

Chief Executive Officer and Other Senior Executives Compensation

Rajat Rai, the Company's President and Chief Executive Officer, received an annual salary of \$286,763 in 2002 for his service to the Company, and was granted 67,500 stock options in June 2002.

THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

JAMES G. ANDRESS JEROME F. SHELDON JAMES M. HUSSEY LEO HENIKOFF

Information Concerning The Board Of Directors

Edgar Filing: OPTION CARE INC/DE - Form DEF 14A

During the year ended December 31, 2002, the Company's Board of Directors met six times, including both regularly scheduled and special meetings. During 2002, none of the continuing Directors or nominees for Director attended fewer than 75% of the aggregate of all meetings of the Board of Directors, or all meetings of the committees of which he was a member, held while serving as a director.

On March 6, 2003, James G. Andress notified the Company that he intends to retire as a director of the Company, such retirement to be effective at the conclusion of the Meeting. At the effective time of his retirement, there will be two full years remaining on Mr. Andress' term as a director. The Company is currently seeking to identify a qualified replacement director to serve the remaining term of this board position.

Compensation of Directors

Directors receive a stipend of \$1,000 for each board meeting attended in person, \$500 for each board meeting attended via telephone and \$500 for each committee meeting attended. Directors are also reimbursed for out-of-pocket expenses incurred in connection with attendance at Board of Directors and committee meetings. Upon election or appointment to the Board of Directors, each non-employee director receives an option to purchase 30,000 shares of the Company's common stock at an exercise price equal to the market price on the date of grant. These options are exercisable upon issuance. In addition, at the beginning of each year following a non-employee director's initial year of service on the Board, each non-employee director is granted an option to purchase 9,375 shares of the Company's common stock at an exercise price equal to the market price on the date of grant. Each such annual grant vests in full on the one-year anniversary of the date of grant.

Standing Committees

In order to better and more efficiently discharge its fiduciary duties to the Company's stockholders, the Board has delegated special responsibility and authority with respect to various

12

matters to committees, each of which is intended to have a minimum of three members drawn from the full Board of Directors. During 2002, the Board maintained the following standing committees:

Audit Committee. In keeping with the new relationships intended to be established between publically-traded companies and their auditors, the Audit Committee has complete authority over the selection, direction and compensation of the Company's independent auditors. This authority extends to establishing the scope of the audit, determining compensation, approving all non-audit services and monitoring auditor independence. The Audit Committee has assumed formal responsibility for final approval of the Company's critical accounting policies and for monitoring the continued propriety of the methods employed by the Company in connection with significant estimates and accruals. The Audit Committee also participates in, oversees and has other involvement with numerous processes designed to enhance the quality of the Company's financial information. The Audit Committee reviews all financial disclosure documents and discusses these documents with both management and the Company's independent auditors prior to public release. Finally, the Audit Committee monitors the Company's adherence to the Company's corporate compliance program and general corporate policies. The members of the Audit Committee are Messrs. Andress and Sheldon, and Dr. Henikoff. Each of Messrs. Andress and Sheldon, and Dr. Henikoff are independent as that term is defined in the National Association of Securities Dealers' listing standards, as was Mr. Stone. The Audit Committee met six times during the year ended December 31, 2002.

Compensation Committee. Although primary authority to establish and review performance standards and set compensation levels below the senior office level has been delegated to the Company's President, his decisions remain subject to oversight and review by the Compensation Committee. The function of the Compensation Committee is to determine the annual salary, bonus and other benefits of selected senior officers of the Company and establish and review, as appropriate, performance standards under compensation programs for senior officers. The members of the Compensation Committee are Messrs. Andress, Hussey and Sheldon, and Dr. Henikoff. The Compensation Committee met twice during the year ended December 31, 2002.

Stock Incentive Plan Committee. The members of the Stock Incentive Plan Committee are Messrs. Andress, Hussey and Sheldon, and Dr. Henikoff. The function of the Stock Incentive Plan Committee is to grant stock options under the Company's Amended and Restated Stock Incentive Plan. The Stock Incentive Plan Committee met four times during the year ended December 31, 2002.

Report of the Audit Committee of the Board of Directors

The Audit Committee has assumed its expanded responsibilities following the passage of the Sarbanes-Oxley Act of 2002. The Audit Committee believes that the procedures it currently has in place are sufficient to establish meaningful, independent oversight of the Company's financial reporting, the core goal of Sarbanes-Oxley and other reform oriented corporate governance initiatives. Nevertheless, the Audit

Committee will continue to seek ways in which it can further enhance the quality, timeliness and transparency of the Company's financial disclosures.

The most basic responsibilities relating to the Company's financial statements have not changed. The Audit Committee is not responsible for either preparing or expressing an opinion on the Company's financial statements. Management is responsible for the preparation of the Company's financial statements as well as the design, implementation and functioning of the Company's financial reporting processes, including its system of internal controls. The Company's auditors are responsible for making an investigation of the Company and expressing an opinion as to whether the Company's annual financial statements have been prepared in conformity with accounting principles generally accepted in the United States.

While the basic responsibilities have not changed, changes in the relationships among the parties creates a significant increase in the Audit Committee's ability to oversee and evaluate the performance of both the Company's management and its independent auditors. The most significant change in this regard is the clear articulation of the Audit Committee's right, indeed responsibility, to control the Company's relationship with its independent auditors. The involvement of the Audit Committee in the process is expected to enhance the process because the members of the Audit Committee are independent (as determined in accordance with applicable standards) of both the Company and Ernst & Young, LLP, the two active participants in the process. It is significant to note that the Company's reporting structure has been altered such that the Manager of Internal Audit Services reports directly to the Chairman of the Audit Committee.

To fulfill its obligations to monitor and oversee the performance of management and the independent auditors, the Audit Committee meets with management and the independent auditors, both jointly and individually. In meetings with management, the Audit Committee has inquired into the quality, not just the acceptability, of the decisions made by management in preparing the financial statements. An emphasis has been placed on assessing the reasonableness of any material judgments made by management in the preparation of the financial statements, which includes significant estimates and accruals. The Audit Committee has also pressed management on various contingencies, such as regulatory changes, which could have a significant impact on the Company.

The Audit Committee has also met with the independent auditors both individually and with management present. At these meetings, the Audit Committee has considered the scope of and procedures for the Company's annual audit. The Audit Committee also discussed with the independent auditors the results of the independent auditors' examination of the Company. During such discussions, the Audit Committee received the independent auditors' evaluation of the Company's system of internal controls and the overall quality of the Company's financial reporting. In particular, the Audit Committee has reassessed the Company's position on applicable critical accounting policies, including obtaining guidance on the probable effects of adopting other potentially acceptable policies. The Audit Committee has also reviewed with the independent auditors the quality of decisions made by management in the preparation of the financial statements and such other matters as either the Audit Committee or independent auditors deemed necessary or appropriate for both parties to discharge their respective duties, which included a discussion of the matters identified in Statement of Accounting Standards 61.

PROPOSAL 2. RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS (Proposal 2 on the Proxy Card)

The Audit Committee has selected the accounting firm of Ernst & Young, LLP as the Company's independent auditors with respect to the fiscal year ending December 31, 2003. Ernst & Young, LLP has served as the Company's independent auditors since January 1998.

Prior to selecting Ernst & Young, LLP the Audit Committee had determined that it was satisfied with the competence and dedication of the audit engagement team and their knowledge of the Company and its business. After careful consideration, the Audit Committee determined that it also did not believe the nature or scope of the non-audit services provided by Ernst & Young, LLP impaired that firm's independence vis-à-vis the Company. The Audit Committee also interviewed Ernst & Young, LLP and received that firm's affirmation of independence.

Representatives of Ernst & Young, LLP will be present at the annual meeting. They will have the opportunity to make a statement and will be available to respond to appropriate questions.

Recommendation of the Board of Directors

The Board of Directors recommends that the stockholders vote "FOR" the proposal to ratify Ernst & Young, LLP as the Company's independent auditors with respect to the fiscal year ending December 31, 2003.
