CAUTIONARY NOTE TO UNITED STATES INVESTORS CONCERNING

ESTIMATES OF MEASURED, INDICATED AND INFERRED MINERAL RESOURCES

Unless otherwise indicated, all reserve and resource estimates included in this Annual Report on Form 40-F (this Annual Report) have been prepared in accordance with Canadian National Instrument 43-101 Standards of Disclosure for Mineral Projects (NI 43-101) and the Canadian Institute of Mining, Metallurgy and Petroleum classification system. NI 43-101 is a rule developed by the Canadian Securities Administrators that establishes standards for all public disclosure an issuer makes of scientific and technical information concerning mineral projects. Canadian standards, including NI 43-101, differ significantly from the requirements of the United States Securities and Exchange Commission (the SEC), and reserve and resource information included herein may not be comparable to similar information disclosed by U.S. companies. In particular, and without limiting the generality of the foregoing, this Annual Report uses the terms measured resources, indicated resources and inferred resources. U.S. investors are advised that, while such terms are recognized and required by Canadian securities laws, the SEC does not recognize them. Under U.S. standards, mineralization may not be classified as a reserve unless the determination has been made that the mineralization could be economically and legally produced or extracted at the time the reserve determination is made. U.S. investors are cautioned not to assume that any part of a measured resource or indicated resource will ever be converted into a reserve. U.S. investors should also understand that inferred resources have a great amount of uncertainty as to their existence and as to their economic and legal feasibility. It cannot be assumed that all or any part of inferred resources exist, are economically or legally mineable or will ever be upgraded to a higher category. Under Canadian rules, estimated inferred resources may not form the basis of feasibility or pre-feasibility studies except in rare cases. Disclosure of contained ounces in a mineral resource is permitted disclosure under Canadian regulations. However, the SEC normally only permits issuers to report mineralization that does not constitute reserves by SEC standards as in place tonnage and grade, without reference to unit measures. The requirements of NI 43-101 for identification of reserves are also not the same as those of the SEC, and reserves reported by the Registrant in compliance with NI 43-101 may not qualify as reserves under SEC standards. Accordingly, information concerning mineral deposits set forth in this Annual Report may not be comparable with information made public by companies that report in accordance with U.S. standards.

A. Disclosure Controls and Procedures

Disclosure controls and procedures are defined by the SEC as those controls and other procedures that are designed to ensure that information required to be disclosed by the Registrant in reports filed or submitted by it under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms.

The Registrant's Chief Executive Officer and Chief Financial Officer have evaluated the Registrant's disclosure controls and procedures as of the end of the period covered by this Annual Report and have determined that such disclosure controls and procedures were effective. See Management's Discussion and Analysis of Operations and Financial Position - Disclosure Controls and Procedures included in Exhibit 1.2 to this Annual Report.

B. Management's Annual Report on Internal Control Over Financial Reporting

See Management's Discussion and Analysis of Operations and Financial Position - Internal Control over Financial Reporting included in Exhibit 1.2 to this Annual Report. KPMG LLP has issued an attestation report on management's assessment of the Registrant's internal control over financial reporting.

C. Attestation Report of the Registered Public Accounting Firm

The attestation report of KPMG LLP is included in KPMG LLP's report to the shareholders of the Registrant dated March 28, 2008, which accompanies the Registrant's audited consolidated financial statements for the fiscal year ended December 31, 2007, filed as Exhibit 1.3 to this Annual Report.

D. Changes in Internal Control Over Financial Reporting

Since the most recent evaluation of the Registrant's internal control over financial reporting, there have been no changes in the Registrant's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Registrant's internal control over financial reporting.

E. Notice of Pension Fund Blackout Period

The Registrant was not required by Rule 104 of Regulation BTR to send any notice to any of its directors or executive officers during the fiscal year ended December 31, 2007.

F. Audit Committee Financial Expert

The Registrant's board of directors has determined that Mr. Gregory J. Van Staveren, an individual serving on the audit committee of the Registrant's board of directors, is an audit committee financial expert within the meaning of General Instruction B(8)(b) of Form 40-F and is independent within the meaning of Rule 10A-3 under the Exchange Act and applicable Canadian requirements.

Mr. Van Staveren has a brother who is a partner at KPMG LLP, the Registrant's outside auditor. As a result of Mr. Van Staveren's brother's affiliation with KPMG, Mr. Van Staveren is not independent within the meaning of Section 803 of the American Stock Exchange (AMEX) Company Guide, which provides that a director who is, or who has an immediate family member who is, a current partner of the issuer's outside auditor is not independent. The commentary to Section 803 of the AMEX Company Guide provides that foreign companies are permitted to follow home country practice in lieu of the audit committee requirements specified in such section, provided that such companies comply with Rule 10A-3 under the Exchange Act. The Registrant made application to AMEX in accordance with the provisions of Section 110 of the AMEX Company Guide for a waiver of the requirements of Section 803 of the AMEX Company Guide in this regard. The waiver was granted on March 10, 2006.

The SEC has indicated that the designation of a person as an audit committee financial expert does not make such person an expert for any purpose, impose any duties, obligations or liability on such person that are greater than those imposed on members of the audit committee and the board of directors who do not carry this designation or affect the duties, obligations or liability of any other member of the audit committee or board of directors.

G. Code of Ethics

The Registrant's board of directors has adopted a code of ethics that applies to all directors, officers and employees. The Registrant will provide a copy of the code of ethics without charge to any person that requests a copy by contacting the Corporate Secretary of the Registrant at the address that appears on the cover page of this Annual Report.

In 2007, such fees were paid for preparation of federal/provincial tax returns and an Ontario mining tax return for December 31, 2006 (\$16,500) and correspondence and discussions related to investments in Finland (\$2,800).

All Other Fees

The aggregate fees billed by KPMG LLP for the fiscal years ended December 31, 2007 and 2006 for products and services provided by KPMG LLP, other than the services reported in the preceding three paragraphs, were Cdn\$nil and Cdn\$nil, respectively.

Audit Committee Pre-Approval Policies and Procedures

All audit and non-audit services performed by the Registrant's external auditor must be pre-approved by the audit committee of the Registrant.

I. Off-Balance Sheet Arrangements

The Registrant is not a party to any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on its financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.

J. Tabular Disclosure of Contractual Obligations

See Management's Discussion and Analysis of Operations and Financial Position - Capital Resources, included in Exhibit 1.2 to this Annual Report.

K. Identification of the Audit Committee

The Audit Committee is comprised of Gregory J. Van Staveren (Chairman), David Comba and Robert Quinn. Mr. Comba and Mr. Quinn are independent as that term is defined under the rules and regulations of AMEX. As described above Mr. Van Staveren is not independent as that term is defined under the rules and regulations of AMEX. Mr. Berlin attends the meetings of the committee in the capacity of an observer but he is not a member of the Audit Committee and he does not exercise any voting powers. He has been provided with observer status as a result of his significant financial expertise, particularly with respect to U.S. accounting matters. Mr. Berlin is not considered independent, as that term is defined under the rules and regulations of AMEX by virtue of the fact that prior to January 1, 2006, Mr. Berlin served as an executive officer of KFOC, which owns approximately 41% of the outstanding common shares of the Registrant. Mr. Berlin does satisfy the requirements of Rule 10A-3 under the Exchange Act. Further, Mr. Berlin is a certified public accountant and has considerable experience in corporate finance.
