

BARCLAYS PLC
Form 424B3
September 20, 2007

Filed by Barclays PLC
Pursuant to Rule 424(b)(3)

Registration Statement No. 333-143666

SUPPLEMENT, DATED SEPTEMBER 20, 2007
(To Offer Document/Prospectus dated August 6, 2007)

Each Ordinary Share	Offer to Exchange	Each American Depositary Share
	of	
	ABN AMRO Holding N.V.	
	for	
2.13 Ordinary Shares and 13.15 in cash		0.5325 American Depositary Shares and 13.15 in cash (paid in US dollars)
	of	
	Barclays PLC	

This document supplements the offer document/prospectus, dated August 6, 2007 (the Prospectus), previously provided to you in connection with the proposed combination of Barclays PLC, a public limited company organized under the laws of England (Barclays), and ABN AMRO Holding N.V., a public limited liability company organized under the laws of The Netherlands (ABN AMRO). This document includes the following information:

The audited interim financial statements of Barclays (Netherlands) N.V. (Barclays (Netherlands)), and certain related additional information;

Certain additional information about Barclays;

Selected US GAAP financial data of Barclays and ABN AMRO as at and for the six months ended June 30, 2007;

Unaudited pro forma combined condensed financial information of Barclays as at and for the six months ended June 30, 2007; and

Comparative historical and pro forma per share information for Barclays and ABN AMRO.

On April 23, 2007, Barclays entered into a merger protocol (the Merger Protocol) with ABN AMRO, providing for a combination of their businesses. The terms under which the proposed combination would take place, as well as the Merger Protocol, were revised on July 23, 2007, and the Merger Protocol was further revised on July 30, 2007 and, by a letter agreement, on August 3, 2007. The proposed combination of ABN AMRO and Barclays will create one of the world's leading universal banks. Barclays will be the holding company of the combined group. ABN AMRO's business will be brought under the combined group umbrella through an exchange offer by Barclays for all outstanding ABN AMRO ordinary shares, nominal value 0.56 per share, including all ABN AMRO American Depositary Shares, each representing one ABN AMRO ordinary share (ABN AMRO ADSs).

This document is being sent to holders of ABN AMRO ordinary shares located in the United States and Canada and holders of ABN AMRO ADSs located in any Offer Jurisdiction (as defined on page i of this document) to effect the exchange offer. Subject to a mix-and-match facility described in the Prospectus, Barclays is offering to exchange in the manner set out in the Prospectus (a) 2.13 Barclays ordinary shares, nominal value 25p per share, and 13.15 in cash for each ABN AMRO ordinary share, and (b) 0.5325 Barclays American Depositary Shares, each representing four Barclays ordinary shares (Barclays ADSs), and 13.15 in cash (paid in US dollars) for each ABN AMRO ADS, in each case that is validly tendered (or defectively tendered provided that such defect has been waived by Barclays) and not properly withdrawn. The cash consideration paid in respect of each ABN AMRO ADS that is validly tendered (or defectively tendered provided that such defect has been waived by Barclays) and not properly withdrawn, will be US dollars, based on the conversion of the Euro consideration into US dollars, net of any applicable fees and expenses, at

the average exchange rate obtainable by The Bank of New York, as the ADS exchange agent, for the five business days preceding the date on which the cash consideration is received by the ADS exchange agent for delivery in respect of such ABN AMRO ADSs.

The exchange offer commenced in the United States and Canada at 9:00 a.m. New York City Time (3:00 p.m. Amsterdam Time), on August 7, 2007, and will expire at 9:00 a.m. New York City Time (3:00 p.m. Amsterdam Time), on October 4, 2007, unless the exchange offer is extended or terminated prior to that time.

The date of this supplement is September 20, 2007

ADDITIONAL INFORMATION

The Prospectus incorporates important business and financial information about ABN AMRO and Barclays from documents filed with the SEC that have not been included in, or delivered with, the Prospectus or this document. See *Where You Can Find More Information* in the Prospectus. Documents filed with or furnished to the SEC by Barclays or ABN AMRO on or after September 10, 2002 are available on the website maintained by the SEC at www.sec.gov. You may also request copies of these documents, without charge, upon written or oral request to Barclays information agent in the United States, Georgeson, at (212) 440-9800 or toll free at (888) 605-7547. **In order to ensure timely delivery, any request should be submitted no later than September 27, 2007.**

You can also get more information by visiting ABN AMRO's website at www.abnamro.com and Barclays website at www.barclays.com. Information contained in, or otherwise accessible through, these internet sites is not a part of this document and is not incorporated by reference in the Prospectus or herein. All references in the Prospectus or in this document to these internet sites are inactive textual references to these URLs and are for your information only. See *Where You Can Find More Information*.

No person is authorized to give any information or to make any representation with respect to the matters that the Prospectus or this document describes other than those contained in the Prospectus or this document, and, if given or made, the information or representation must not be relied upon as having been authorized by ABN AMRO or Barclays. The Prospectus or this document does not constitute an offer to sell or a solicitation of an offer to buy securities in any jurisdiction where, or to any person to whom, it is unlawful to make such an offer or a solicitation. Neither the delivery of the Prospectus or this document nor any distribution of securities made under the Prospectus and this document shall, under any circumstances, create an implication that there has been no change in the affairs of ABN AMRO or Barclays since the date of the Prospectus or this document, as the case may be, or that any information contained in the Prospectus or herein is correct as of any time subsequent to the respective dates thereof.

This document is being sent to holders of ABN AMRO ordinary shares located in the United States and Canada and holders of ABN AMRO ADSs located in every Offer Jurisdiction (as defined below) to effect the exchange offer. Separate offering documentation is being made available to holders of ABN AMRO ordinary shares located in Offer Jurisdictions other than the United States and Canada. The distribution of this document and any other documentation regarding the exchange offer may, in some jurisdictions, be restricted by law. Offering documentation regarding the exchange offer may not be distributed, directly or indirectly, in or into any jurisdiction other than The Netherlands, the United Kingdom, the United States, Austria, Belgium, Canada, France, Germany, Ireland, Luxembourg, Norway, Singapore, Spain and Switzerland, and any other jurisdictions in which Barclays determines that it may lawfully distribute offering documentation regarding the exchange offer in accordance with local law (together the Offer Jurisdictions). However, acceptances by holders of ABN AMRO ordinary shares or ABN AMRO ADSs not resident in the Offer Jurisdictions will be accepted by Barclays if such acceptance complies with the acceptance procedure and requirements set out in this document (see *The Exchange Offer Procedure for Tendering and Electing*). Persons not resident in the Offer Jurisdictions who come into possession of this document should inform themselves of and observe any laws and regulations applicable to such persons regarding acceptance of the exchange offer and receipt of the offer consideration. Neither Barclays nor any person acting on its behalf assumes any responsibility for any violation by any person of any such laws or regulations. Any holder of ABN AMRO ordinary shares or ABN AMRO ADSs who is in any doubt as to its position should consult an appropriate professional advisor without delay.

This document must not be distributed in whole or in part into Japan. This document and other documents related to the exchange offer may not be electronically provided to, nor accessed by, residents of Japan or persons who are in Japan. Copies of this document and any other documents related to the

exchange offer are not being, and must not be, mailed or otherwise distributed or sent to any person or

company in or from Japan. Persons receiving this document (including custodians, nominees and trustees) or other documents related to the exchange offer must not distribute or send them to any person or company in or from Japan. The exchange offer is not being made, directly or indirectly, in or into or by the use of the mails or any other means or instrumentality (including, without limitation, facsimile transmission, telex, telephone or internet) of interstate or foreign commerce of, or any such facilities of a national securities exchange of, Japan and is not capable of acceptance by such use, means, instrumentality or facilities from or within Japan.

The exchange offer has not received clearance from the *Commissione Nazionale per le Società e la Borsa* pursuant to Italian securities laws and implementing regulations (in particular under Section 102 of Italian Legislative Decree No. 58 dated 24 February 1998). Consequently, any form of solicitation (i.e. any offer, invitation to offer or promotional advertisement) of acceptances of the exchange offer by holders of ABN AMRO ordinary shares and/or ABN AMRO ADSs based in Italy will be contrary to Italian laws and regulations. Application for authorization by the relevant Italian authorities for the launching of an offer for ABN AMRO ordinary shares and/or ABN AMRO ADSs in the Republic of Italy has not yet been and is not currently intended to be made. Accordingly, Italian holders of ABN AMRO ordinary shares and/or ABN AMRO ADSs are hereby notified that, to the extent such holders of ABN AMRO ordinary shares and/or ABN AMRO ADSs are persons or entities resident and/or located in the Republic of Italy and until and to the extent that the relevant authorization has been obtained from the Italian authorities, the exchange offer is not made in or into Italy, as such would not be in compliance with local laws. Neither this document nor any other offering material related to the exchange offer or the ABN AMRO ordinary shares or ABN AMRO ADSs may be distributed or made available in the Republic of Italy.

SELECTED HISTORICAL INTERIM FINANCIAL INFORMATION OF BARCLAYS (NETHERLANDS)

The following selected interim financial information as at May 31, 2007, and for the period from May 2, 2007 through May 31, 2007, of Barclays (Netherlands) have been prepared in accordance with IFRS.

The following selected interim financial information of Barclays (Netherlands) has been derived from Barclays (Netherlands) audited interim financial statements included in this document. The data below should be read in conjunction with the interim financial statements, related notes and other financial information of Barclays included in this document. See Barclays (Netherlands) Interim Financial Statements .

With respect to the interim financial statements of Barclays (Netherlands), there are no significant differences between IFRS and US GAAP accounting policies, and US GAAP net income and shareholders equity would not be materially different from that presented in the IFRS financial statements.

ADDITIONAL INFORMATION ABOUT BARCLAYS AND BARCLAYS (NETHERLANDS)

Certain Additional Information About Barclays

US laws and regulations require compliance with US economic sanctions, administered by the Office of Foreign Assets Control, against designated foreign countries, nationals and others. Barclays has been conducting an internal review of US dollar payments involving countries, persons or entities subject to these sanctions and has been reporting to regulators about the results of that review. Barclays has received inquiries relating to these sanctions and certain US dollar payments processed by its New York branch from the New York County District Attorney's Office and the US Department of Justice, which, along with other authorities, has been reported to be conducting a broader review of sanctions compliance by non-US financial institutions. Barclays has been cooperating with regulators, the Department of Justice and the District Attorney's Office in connection with their inquiries. Barclays review is ongoing. It is currently not possible to predict the ultimate resolution of the issues covered by Barclays review and the inquiries, including the timing of any resolution.

Barclays (Netherlands) Legal Matters

The legality of the Barclays (Netherlands) ordinary shares will be passed upon by Clifford Chance LLP, Droogbak 1A, 1013 GE Amsterdam, The Netherlands.

Experts

The interim financial statements of Barclays (Netherlands) have been audited by PricewaterhouseCoopers Accountants N.V., independent registered accounting firm, as set forth in their report, included herein. Such interim financial statements are incorporated herein by reference in reliance upon such report given on the authority of such firm as experts in accounting and auditing.

**UNAUDITED PRO FORMA COMBINED CONDENSED FINANCIAL INFORMATION
AS AT AND FOR THE SIX MONTHS ENDED JUNE 30, 2007**

Introduction

The following unaudited pro forma combined condensed balance sheet as at, and unaudited pro forma combined condensed income statement for the period ended, June 30, 2007 and the notes thereto (together, the pro forma financial information) are based on the interim financial information of ABN AMRO and Barclays after giving effect to the proposed combination using the purchase method of accounting by applying the estimates, assumptions and adjustments described in the accompanying notes to the pro forma financial information.

The interim financial information of both ABN AMRO and Barclays for the period ended, June 30, 2007 have been prepared in accordance with IFRS and reconciled to US GAAP.

For the purposes of the preparation of the pro forma financial information:

The consolidated balance sheet of Barclays at June 30, 2007 has been combined with the consolidated balance sheet of ABN AMRO at June 30, 2007, both of which are prepared in accordance with IFRS and reconciled to US GAAP, as if the proposed combination giving effect to the sale of LaSalle had occurred on June 30, 2007;

The consolidated income statement of Barclays for the period ended, June 30, 2007 has been combined with the consolidated income statement of ABN AMRO for the period ended, June 30, 2007, both of which are prepared in accordance with IFRS and reconciled to US GAAP, as if the proposed combination giving effect to the sale of LaSalle had occurred on January 1, 2007; and

The presentation currency of the combined group is pound sterling as this is consistent with the presentation currency of the Barclays 2006 Form 20-F and Form 6-K. The presentation currency of the combined group will be euro should the proposed combination occur.

The pro forma financial information includes appropriate adjustments to account for the events directly associated with the proposed combination. Any potential synergy benefits are not included within the pro forma financial information. Only costs which are expected to be directly incurred as part of the proposed combination have been included within the pro forma financial information.

The pro forma adjustments directly relating to the proposed combination are based on effecting the pre-acquisition disposal of LaSalle, an estimate of the fair value of the consideration to be provided, and preliminary assessments of the fair values of assets acquired and liabilities assumed and available information and assumptions. If the proposed combination did occur, a final determination of these fair values will be based on Barclays management's estimates of the fair values of the remaining assets and liabilities and an assessment of the fair values of the intangible assets as at the actual date of the combination. The final determination of these fair values will result in potentially material changes to the pro forma adjustments and the pro forma financial information included herein.

The actual purchase price allocation will also be subject to change as a result of finalisation of asset and liability valuations. These final valuations will be based on the actual net tangible and intangible assets that existed as of the closing dates of the proposed combination. The effect of the final fair valuation of assets and liabilities and the determination of the final consideration may cause material differences to the following pro forma financial information.

The final consideration will be determined based on the exchange ratio of ABN AMRO ordinary shares to Barclays ordinary shares and the fair value of Barclays ordinary shares at the date at which the offer is declared unconditional. As such, any changes in the fair value of the shares prior to that date may also cause material differences to the pro forma financial information. In addition, any changes in the foreign exchange rate prior to the date at which the offer is declared unconditional, may cause material differences.

The pro forma financial information and accompanying notes should be read in conjunction with the interim financial information and the related notes thereto of Barclays for the period ended June 30, 2007. This data should also be read in conjunction with;

ABN AMRO 2006 20-F; and

ABN AMRO interim financial information and related notes thereto for the period ended, June 30, 2007 as filed with the SEC on a Current Report on Form 6-K on July 30, 2007.

The unaudited pro forma combined condensed financial information is presented for information purposes only and does not represent what the results of operations would actually have been if the combination had occurred on the dates indicated nor does it project the results of operations for any future period.

- (1) The financial information of ABN AMRO in this unaudited pro forma combined condensed balance sheet reflects the IFRS financial information for continuing operations presented in the interim financial information for the period ended, June 30, 2007 as filed with the SEC on a Current Report on Form 6-K on July 30, 2007. Such information does not reflect any comments that the management of Barclays might make had they performed a detailed review. ABN AMRO financial statements have been reformatted to be consistent with Barclays line item presentation.
- (2) See Note 2 to the unaudited pro forma combined condensed financial information.
- (3) See Note 3 to the unaudited pro forma combined condensed financial information.

Notes to Unaudited Pro forma Combined Condensed Financial Information

1. Description of proposed combination and estimated pro forma purchase price

The pro forma financial information has been prepared on the basis of preliminary estimates and assumptions. The key assumptions used to prepare the pro forma financial information (excluding those in relation to LaSalle which are disclosed in note 2) are:

Potential cost synergy, revenue benefits and associated restructuring costs are not included within the pro forma financial information;

Only costs which are expected to be directly incurred as part of the proposed combination have been included within the pro forma financial information;

The presentation currency of the combined group is pound sterling as this is consistent with the presentation currency of Barclays 2006 Form 20-F, Barclays Bank combined Annual Report on Form 20-F and Form 6-K filed with the SEC. The presentation currency of the combined group will be euro should the proposed combination occur;

Further to the announcement on April 23, 2007 where the Barclays Board unanimously resolved to make an exchange offer for 100% of ABN AMRO ordinary shares, the Board announced the terms of a revised offer to ABN AMRO ordinary shareholders on July 23, 2007. The revised offer per ABN AMRO ordinary share consists of:

13.15 in cash and

2.13 ordinary shares in Barclays

The announcement of July 23, 2007 also featured the financing of the revised offer. Barclays will finance the cash component of the revised offer from the following sources:

12 billion (£8.1 billion) of capital released from the sale of LaSalle to Bank of America and previously intended to be returned to shareholders post closing of the transaction will be used to fund part of the cash consideration.

9.8bn (£6.6 billion) of cash consideration is funded by the proposed investments of China Development Bank and Temasek.

Barclays will fund 3 billion (£2 billion) of the consideration from available cash resources.

In the absence of up to date information in the interim financial information of ABN AMRO, some adjustments were made in reference to applicable information from the ABN AMRO 2006 Form 20-F;

The consideration calculations have been translated using the exchange rates of 1.4706 (£ : \$) and 2.0284 (\$: £) as published in the Financial Times on September 7, 2007;

All ABN AMRO employee share options not exercised as at July 16, 2007 (amounting to 30,691,954 shares), will become exercisable on the combination date and will be subject to the exchange offer on the same terms as all ABN AMRO ordinary shares. The cash inflow from employees on exercising these options has been assumed to be the weighted average strike price of 19.35 per share per the ABN AMRO 2006 Form 20-F;

ABN AMRO equity settled share awards have been assumed to roll over to Barclays equity settled share awards. Due to limited information available on the unvested share awards by grant date together with information on the income statement charge, no adjustment has been made within the unaudited pro forma combined condensed financial information;

The unaudited pro forma combined condensed financial information reflects the purchase price of the proposed combination to be £40,216m consisting of cash, Barclays ordinary shares and direct transaction costs;

The ABN AMRO income statement has been translated at a 2007 average exchange rate of 1.48 (: £) and the ABN AMRO balance sheet has been translated at the June 30, 2007 closing exchange rate of 1.49 (: £) in line with the exchange rates used in the published financial statements of Barclays for the period ended June 30, 2007;

Fair value adjustments of financial assets and liabilities have been made in line with the disclosures in the ABN AMRO 2006 Form 20-F and are amortised on a straight line basis over the appropriate maturity;

The fair value of property, plant & equipment and other non-financial instruments are not materially different to the balance sheet carrying values as disclosed in the ABN AMRO 2006 Form 20-F;

Calculation of goodwill is based on the closing price of Barclays ordinary shares of £5.825 as listed on the LSE Daily Official List on September 7, 2007;

The split of goodwill and intangible assets arising from the proposed combination has been based on a ratio of 70 : 30 in line with historical combinations within the financial services industry;

Intangible assets have been amortised on a straight line basis over the estimated useful economic life of 5 years; and

Different tax rates have been applied to individual adjustments by reference to the nature of the adjustment.

Estimated pro forma allocation of purchase price of the proposed combination

The total estimated pro forma purchase price of the proposed transaction is as follows:

	£m
Fair value of Barclays ordinary shares and Barclays ADSs issued ⁽¹⁾	23,286
Cash to acquire ABN AMRO ordinary shares ⁽²⁾	16,782
Cash to acquire ABN AMRO (formerly convertible) preference shares	1
Estimated direct transaction costs (legal, accounting and other transaction costs)	147
Total estimated purchase price	40,216

Footnotes

(1) Fair value has been calculated based on 1,877m ABN AMRO ordinary shares converted at the exchange ratio of 2.13 into 3,998m Barclays ordinary shares issued at the closing price on September 7, 2007 of £5.825.

(2) Cash consideration has been calculated based on exchanging 1,877m ABN AMRO ordinary shares at 13.15 at the closing exchange rate published on September 7, 2007 of 1.4706 (: £)

For the purposes of this pro forma, the proposed combination has been accounted for using the purchase method of accounting in accordance with IFRS. An estimated allocation of the purchase price to reflect the estimated fair values of certain ABN AMRO assets and liabilities has been reflected in the unaudited pro forma combined condensed financial information. Based on the initial estimates, and

subject to changes which may be material upon completion of a final valuation, the preliminary allocation of the estimated pro forma purchase price is as follows:

	£m
Cash and other short-term funds	20,478
Trading and financial assets designated at fair value	88,467
Derivative financial instruments	80,779
Loans and advances to banks	15,501
Loans and advances to customers	218,692
Available for sale investments	64,211
Reverse repurchase agreements and cash collateral on securities borrowed	184,611
Property, plant and equipment	2,549
Other assets (including intangible assets)	32,188
Total assets	707,476
Deposits and items in the course of collection due to banks	170,666
Customer accounts	237,705
Trading and financial liabilities designated at fair value	28,344
Derivative financial instruments	78,843
Debt securities in issue	127,641
Subordinated liabilities	9,999
Other liabilities	29,317
Total liabilities	682,515
Net Assets	24,961
Estimated purchase consideration	40,216
Less: Estimated fair value of net assets	24,961
Minority interests of ABN AMRO not acquired	(1,442)
Estimated fair value of net assets excluding minority interests	(23,519)
Goodwill	16,697

If the proposed combination occurs, Barclays will perform a valuation after the closing date to determine the actual values assigned to all acquired assets and liabilities associated with the proposed combination. Identified intangible assets, upon completion of the final valuation, will be amortised over their estimated useful economic lives.

2. *Pre acquisition disposal*

The potential transaction is subject to an offer condition that prior to completion of the exchange offer, the LaSalle Agreement has been completed in accordance with its terms, or a purchase and sale agreement with another party with respect to the sale of LaSalle has been completed in accordance with its terms.

The adjustment represents the effect of the disposal of all LaSalle operations excluding capital markets activities within its Global Markets unit and Global Clients division as well as its US Asset Management business:

£56,672m represents the assets of LaSalle and is based upon the assets of businesses held for sale, which mainly consists of LaSalle as at June 30, 2007 published by ABN AMRO Holding N.V. in their interim financial report as at June 30, 2007 published on July 30, 2007;

£53,946m represents the liabilities of LaSalle and is based upon the liabilities of businesses held for sale, which mainly consists of LaSalle as at June 30, 2007 published by ABN AMRO Holding N.V. in their interim financial report as at June 30, 2007 published on July 30, 2007; and

£3,059m represents the receivable due to ABN AMRO Holding N.V. from LaSalle. For the purposes of this pro forma financial information it has been assumed that the receivable has been accounted for as Loans & Advances to Banks.

The \$21 billion (£10 billion at the exchange rate on September 7, 2007 of 2.0284 (\$: £)) purchase price under the LaSalle Agreement will be adjusted in accordance with the terms of the LaSalle Agreement if the actual net income of LaSalle for the three months ended March 31, 2007 and the net income of LaSalle, with certain limited adjustments, for the period commencing on April 1, 2007 and concluding on the earlier of the date of the closing of the sale of LaSalle and December 31, 2007 is less than a pre-defined income threshold. No adjustment has been made to the LaSalle purchase price as no information on the performance of LaSalle is available.

3. *Other adjustments*

The other adjustments included in the pro forma financial information have been prepared as if the proposed combination was completed at June 30, 2007 for balance sheet purposes and at January 1, 2007 for income statement purposes.

Adjustments to the balance sheet reflect:

(a) Adjustments reflecting the cash flows of:

Acquisition adjustments

These comprise cash outflows relating to the acquisition of ABN AMRO ordinary shares (£16,782m), stamp duty (£30m), cash to acquire ABN AMRO (formerly convertible) preference shares (£1m) and estimated transaction costs (£147m).

Share Options Adjustment

All ABN AMRO employee share options not exercised as at July 30, 2007 (amounting to 30,691,954 shares), will become exercisable on the combination date and will be subject to the exchange offer consistent with all ABN AMRO ordinary shares. The cash inflow (£404m) from employees on exercising these options has been assumed to be the weighted average strike price of 19.35 per share per the ABN AMRO 2006 Form 20-F.

New share issuance China Development Bank and Temasek

Cash inflows relating to the issue of 888,513,514 new Barclays ordinary shares to China Development Bank, Temasek and the placees under the clawback placing at £7.40 per share less £50m of fees and expenses (£6,525m).

(b) Adjustments reflecting the difference between carrying value and fair value of ABN AMRO financial assets and liabilities at the balance sheet date of June 30, 2007. These adjustments are

disclosed in euro in the ABN AMRO 2006 Form 20-F and have been converted to pounds sterling at the June 30, 2007 closing exchange rate of 1.49 (: £) as follows:

	Carrying amount	Fair value	Fair value adjustment
	£m	£m	£m
Financial Assets			
Interest earning securities held-to-maturity	2,503	2,526	23
Loans & receivables customer	297,487	299,725	2,238
Total	299,990	302,251	2,261
Financial Liabilities			
Due to banks	126,167	126,162	(5)
Due to customers	243,210	243,156	(54)
Issued debt securities	133,897	133,243	(654)
Total	503,274	502,561	(713)

The above adjustments exclude the impact of professional securities transactions. The following methods and significant assumptions have been applied in determining the fair values of financial instruments carried at cost:

- i. The fair value of assets maturing within 12 months is assumed to approximate their carrying amount.
 - ii. The fair value of demand deposits and savings accounts (included in due to customers) with no specific maturity is assumed to be the amount payable on demand at the balance sheet date.
 - iii. The fair value of variable rate financial instruments is assumed to be approximated by their carrying amounts and, in the case of loans, does not, therefore, reflect changes in their credit quality, as the impact of credit risk is recognised separately by deducting the allowances for credit losses from both carrying amounts and fair values.
 - iv. The fair value of fixed-rate loans and mortgages carried at amortised cost is estimated by comparing market interest rates when the loans were granted with current market rates offered on similar loans. Changes in the credit quality of loans within the portfolio are not taken into account in determining gross fair values, as the impact of credit risk is recognised separately by deducting the amounts of the allowances for credit losses from both carrying amounts and fair values.
- (c) Removal of remaining existing goodwill, intangible assets and related deferred tax assets in ABN AMRO (£4,792m). The recognition of estimated purchased goodwill and intangible assets of £23,852m arising from the proposed combination and the deferred tax asset (£109m) in relation to the recognition of the post retirement employee benefit liabilities at the balance sheet date (see adjustment (e) below). The calculation of goodwill is based on the closing price of Barclays ordinary shares of £5.825 as listed on the LSE Daily Official List on September 7, 2007 and the split of goodwill and intangible assets arising from the proposed combination has been based on a ratio of 70 : 30 in line with historical combinations within the financial services industry.

(d)

Adjustment reflecting the difference between carrying value and fair value of ABN AMRO subordinated liabilities at the balance sheet date of June 30, 2007. This adjustment is disclosed

15

in euros in the ABN AMRO 2006 Form 20-F and has been converted to pounds sterling at the June 30, 2007 closing exchange rate of 1.49 (€ : £) as follows:

	Carrying amount	Fair value	Fair value adjustment
	£m	£m	£m
Subordinated liabilities	12,895	12,996	101
Total	12,895	12,996	101

An additional adjustment is required to represent the fair value of the ABN AMRO Holding N.V. preference financing shares (DR preference shares). The price offered to the DR preference share holders as part of the Barclays offer is 0.59 for each of the 1,369,815,864 shares held as at June 30, 2007. The carrying value of the shares is 0.56 per share which leads to a fair value adjustment in subordinated liabilities of 41m (£28m).

- (e) Adjustments required to reflect the difference between carrying value and fair value of the ABN AMRO net post retirement employee benefits obligations (£413m), and the deferred tax liability associated with the recognition of intangible assets (£2,004m) and fair value adjustments to financial assets and liabilities (£761m). These adjustments are disclosed in the ABN AMRO 2006 Form 20-F.

Additional adjustment required reflecting the difference between carrying value and fair value of the ABN AMRO liabilities arising from cash settled share based payments. This adjustment is disclosed in the ABN AMRO 2006 Form 20-F and is as follows:

	Carrying amount	Fair value	Fair value adjustment
	£m	£m	£m
Liabilities arising from cash settled share based payments (7,103,489 shares)	7	163	156
Total	7	163	156

Adjustments to the income statement reflect:

- (f) Amortisation of the fair value adjustments applied to the assets and liabilities of ABN AMRO. The adjustment for each individual asset and liability class is as follows and is based on amortisation of the fair value adjustment on a straight line basis over the appropriate maturity (between one and five years):

Asset/Liability class	Fair value adjustment	Estimated useful life	Amortisation to the period ended June 30, 2007
	£m	Years	£m
Interest earning securities held-to-maturity	23	5	2
Loans & receivables - Customer	2,238	5	224
Due to banks	5	1	2
Due to customers	54	1	27

Issued debt securities	654	1	327
Subordinated liabilities	(101)	5	(10)
Total	2,873		572

- (g) Amortisation of the estimated purchased intangible assets recognised as a result of the proposed combination. The adjustment is made up of the amortisation of purchased intangible assets recognised as a result of the combination (£716m). The value of purchased intangible assets recognised as a result of the combination is £7,155m and derives from the split of

goodwill and intangible assets arising from the proposed combination being based on a ratio of 70:30 in line with historical combinations within the financial services industry. The purchased intangible assets recognised as a result of the combination will be amortised on a straight line basis over a period of five years.

- (h) Current and deferred tax credits relating to the amortisation of intangibles (£200m) and to the amortisation of the fair value adjustment applied to the assets and liabilities of ABN AMRO (£152m).

4. *Post-combination effects on income statement*

The fair value adjustments applied to the identified assets and liabilities of ABN AMRO and the purchased intangible assets recognised as part of the proposed combination (as detailed in Note 3) will be amortised on a straight line basis over the appropriate maturity (between one and five years). The pre-tax impact on the income statement for the period ending June 30, 2007 and years ending December 31, 2007 to December 31, 2011 is as follows:

	Period ending June 30, 2007	Year ending December 31, 2007	Year ending December 31, 2008	Year ending December 31, 2009	Year ending December 31, 2010	Year ending December 31, 2011
	£m	£m	£m	£m	£m	£m
Amortisation of fair value adjustments on financial assets and liabilities	(572)	(1,144)	(432)	(432)	(432)	(433)
Amortisation of purchased intangible assets recognised as a result of the combination	(716)	(1,431)	(1,431)	(1,431)	(1,431)	(1,431)
Total amortisation relating to the proposed combination	(1,288)	(2,575)	(1,863)	(1,863)	(1,863)	(1,864)

5. *Unaudited comparative historical and pro forma earnings per share data*

Earnings used for the basic pro forma combined earnings per share calculation is the pro forma profit attributable to the equity holders of the parent for the period ended June 30, 2007.

The weighted average number of shares outstanding during the period ended June 30, 2007 for the combined entity is based on the estimated equivalent weighted average number of ordinary shares for Barclays following the proposed combination. For illustrative purposes, earnings per share are calculated as if the exchange of ABN AMRO shares for Barclays equivalent shares had occurred at January 1, 2007. Under the terms of the proposed combination, ABN AMRO shares are expected to be exchanged at an estimated ratio of 2.13:1, increasing the weighted average by 3,998 million shares. Additionally, new Barclays shares are to be issued to China Development Bank and Temasek, increasing the weighted average by approximately a further 888 million shares.

Calculated on an IFRS basis

COMPARATIVE HISTORICAL AND PRO FORMA PER SHARE INFORMATION

The following table summarizes share information for Barclays and ABN AMRO on a historical basis, an unaudited pro forma combined basis for the combined group and equivalent information per ABN AMRO ordinary share, based on the exchange ratio of 2.13 Barclays ordinary share and 13.15 in cash for each ABN AMRO ordinary share.

The following information should be read in conjunction with the consolidated financial statements of Barclays and ABN AMRO incorporated by reference into this document, and the unaudited pro forma combined condensed financial information. The unaudited pro forma information is presented for illustrative purposes only and is not necessarily indicative of the operating results or financial position that would have occurred if the combination had been completed as of the beginning of the period presented, nor is it necessarily indicative of the future operating results or financial position of the combined companies.

The historical book value per share is computed by dividing closing shareholders' equity attributable to the shareholders of the parent company by the number of ordinary shares outstanding at the end of the period. The unaudited pro forma basic earnings per ordinary share are computed by dividing the pro forma profit attributable to the shareholders of the parent company by the pro forma weighted average number of ordinary shares outstanding.

ABN AMRO equivalent unaudited pro forma combined dividend and earnings per share amounts are calculated by multiplying pro forma combined basis per share amounts by 2.13, the number of Barclays ordinary shares that would be exchanged for each ABN AMRO ordinary share in the exchange offer. ABN AMRO equivalent pro forma book value per share is calculated by multiplying the pro forma combined book value per share amount by 2.13 and increasing this value by 13.15 representing the cash component of the exchange offer. The historical per share information of ABN AMRO was derived from its historical financial statements.

	Six Months Ended June 30, 2007	Year Ended December 31, 2006

Report of Independent Registered Public Accounting Firm

We have audited the accompanying interim financial statements of Barclays (Netherlands) N.V. which comprise a balance sheet as of 31 May 2007 and income statement, statement of changes in shareholders equity and cash flow statement for the period 2 May 2007 to 31 May 2007. These interim financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these interim financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the interim financial statements referred to above present fairly, in all material respects, the financial position of Barclays (Netherlands) N.V. at 31 May 2007 and the results of its operations and its cash flows for the period 2 May 2007 to 31 May 2007 in conformity with International Financial Reporting Standards (IFRS) as adopted by the European Union.

IFRSs as adopted by the European Union vary in certain significant respects from accounting principles generally accepted in the United States of America. Information relating to the nature and effect of such differences is presented in Note 10 to the interim financial statements.

Amsterdam, 14 September 2007

Notes to Barclays (Netherlands) Interim Financial Statements

1. General

Barclays (Netherlands) was incorporated with limited liability under the laws of the Netherlands on May 2, 2007. The registered office of Barclays (Netherlands) is Fred. Roeskestraat 123, 1076 EE, Amsterdam, The Netherlands. The objectives of Barclays (Netherlands) are to act as a holding and finance company. The current period under review commenced on May 2, 2007 and ended on May 31, 2007.

Barclays (Netherlands) was formerly known as Odysseus Holdings N.V. Upon the deed of amendment of the Articles of Association dated June 8, 2007 Barclays (Netherlands) s name changed into Barclays (Netherlands) N.V.

The interim financial statements have been solely prepared for the purpose of the prospectus to be published by Barclays Investments (Netherlands) N.V. in due course in connection with the offering of shares in Barclays (Netherlands).

The Board of Directors approved the interim financial statements set out on pages F-4 to F-11 on September 14, 2007.

2. Group structure

Barclays (Netherlands) is a subsidiary of Barclays Investments (Netherlands) N.V., a company incorporated with limited liability under the laws of the Netherlands on May 14, 2007. The registered office of Barclays (Netherlands) is Fred. Roeskestraat 123, 1076 EE, Amsterdam, The Netherlands.

The ultimate parent of Barclays (Netherlands) is Barclays PLC, which is registered in England and Wales. The ultimate holding company and the parent company of the largest group that presents group accounts is Barclays.

3. Accounting policies

Basis of preparation

The interim financial statements of Barclays (Netherlands) have been prepared in accordance with IFRS as adopted by the European Union. The interim financial statements have also been prepared in accordance with Title 9 Book 2 of the Dutch Civil Code.

The financial statements have been prepared under the historical cost convention and modified to include, if applicable, the fair valuation of certain financial instruments to the extent required or permitted under IAS 39,

Financial Instruments, recognition, and measurement as set out in the relevant accounting policies. The presentation currency is pounds sterling (£), which also is the currency of the primary economic environment in which Barclays (Netherlands) operates (Functional currency).

As the period under review is the first financial period no comparatives are available. These interim financial statements are not the annual statutory financial statements, which will only be prepared for the period from May 2, 2007, date of incorporation, up to December 31, 2007.

Financial instruments

Non-derivative financial instruments are recognized initially at fair value. Subsequent to initial recognition non-derivative financial instruments are measured at amortized cost using the effective interest method.

Barclays (Netherlands) has no derivative financial instruments.

Foreign exchange

In preparing the financial statements, transactions denominated in foreign currencies have been translated into Sterling at the rate ruling on the dates of the transactions. Assets and liabilities denomi-

nated in foreign currencies are translated into Sterling at rates of exchange ruling on the balance sheet date. All exchange profits and losses are included in the profit or loss.

Financial risks

Barclays (Netherlands) is not exposed to significant liquidity risk. The main risks arising from Barclays (Netherlands) s financial instruments are credit risk and market risk.

Credit risk

Credit risk represents the risk of financial loss caused by default of the counter party. The principal financial assets of Barclays (Netherlands) are cash and cash equivalents (short-term deposit). The carrying amount of these assets represents the maximum exposure to credit risk.

The credit risk on cash and cash equivalents (short-term deposit) is limited because the counter party is Barclays Bank PLC with high credit ratings assigned by international credit-rating agencies.

Market risk

Barclays (Netherlands) is subject to interest rate risk and currency risk on its Euro deposit. Any fluctuation on either Euro interest rates or exchange rates into sterling could affect its profit or loss. Due to the purposes for which Barclays (Netherlands) was established, management believe that these risks are temporary and therefore insignificant.

Recognition of income and expense

Interest income and expense are recognized in the income statement in accordance with the effective interest method. The effective interest rate is the rate that exactly discounts the expected future cash payments or receipts through the expected life of a financial assets or a financial liability, or when appropriate, a shorter period, to the net carrying amount of the instrument. The application of the method has the effect of recognizing income (and expenses) receivable (or payable) on the instrument evenly in proportion to the amount outstanding over the period to maturity or repayment.

Operating expenses are accounted for in the period in which these are incurred. Losses are accounted for in the year in which they are identified.

Cash and cash equivalents

Cash and cash equivalents include cash at bank and in hand, deposits, accrued interest and short-term deposits which are highly liquid marketable securities with maturity of three months or less, when acquired.

Current liabilities

Current liabilities are stated at amortized cost.

Segment reporting

As Barclays (Netherlands) is still in the start-up phase its sole asset is a Euro denominated deposit.

Directors emoluments

Two managing directors of Barclays (Netherlands) each receive 3,000 per annum for their services to Barclays (Netherlands).

Related party transactions

As of the balance sheet date, Barclays (Netherlands) has a 300,000,000 short term on demand deposit placed with Barclays Bank PLC, a fellow subsidiary of Barclays, as disclosed in note 4. Amounts of interest to be received at maturity in respect of this short-term loan are also disclosed in note 4. There have been no other related party transactions during the period.

Cash flow statement

The cash flow statement has been prepared according to the indirect method, based on the profit and loss account and the other movements between the opening and closing balances. Cash and cash equivalents consist of a demand deposit with a short maturity (less than three months) from the date of acquisition including the interest accrued thereon.

Corporate income tax

Taxation payable on taxable profits is recognized as an expense in the period in which the profits arise. Income tax recoverable on tax allowable losses is recognized as an asset only to the extent that it is regarded as recoverable by offset against current or future taxable profits.

Deferred income tax is provided in full on temporary timing differences that arise from differences between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates and legislation enacted or substantially enacted by the balance sheet date and is expected to apply when the deferred tax asset is realized or the deferred tax liability is settled.

Off balance sheet commitments

No off balance sheet commitments were outstanding as of May 31, 2007.

New IFRS Standards not yet effective as at May 31, 2007

A number of new standards, amendments to standards and interpretations have been issued as at June 26, 2007, but are not yet effective for the period ended May 31, 2007, and have not been applied in preparing these interim financial statements.

Barclays (Netherlands) does not anticipate that any of these new standards, amendments to standards and interpretations will have a material impact on Barclays (Netherlands) s financial condition, results of its operations or disclosure in its interim financial statements.

IFRS 8. Operating segments Operating segments supersedes IAS 14 Segment reporting. IFRS 8 sets out requirements for disclosure of information about an entity s operating segments and also about the entity s products and services, the geographical areas in which it operates, and its major customers. IFRS 8 is required to be applied from January 1, 2009.

IAS 23. Amendments to this standard regarding borrowing costs. The main change relates to the removal of the option of immediately recognizing as an expense borrowing costs that relate to assets that take a substantial period of time to get ready for use or sale. The amendments are applicable on or after January 1, 2009.

IFRIC 12. Service Concession Arrangements Provides guidance on the accounting by operators for public-to-private service concession arrangements. IFRIC 12 is required to be applied from January 1, 2008.

4. Current assets**Cash and cash equivalents**

Cash and cash equivalents relate to a EUR-account Barclays (Netherlands) has with Barclays Bank PLC. The total amount of 301,050,667 including accrued interest as per May 31, 2007 is kept on term deposit with a start date of April 30, 2007 and a maturity date of July 27, 2007 at a rate of 3.94% per annum. The carrying value at May 31, 2007 approximates to the fair value.

5. Shareholders equity**Share capital**

The authorized capital amounts to 600,000,000, consisting of 5,000,000,000 ordinary shares of 0.12 each of which 2,500,000,000 (300,000,000) shares are issued and paid-up. There are no preference rights or restrictions (including restrictions on the distributions of dividends and repayment) attached to these shares.

6. Financial income and expense**Interest income**

The interest income pertains to interest received on the deposit with Barclays Bank PLC a fellow subsidiary of Barclays.

7. Corporate income tax

For the period under review the estimated Corporate Income Tax payable will be £176,292. The charge for tax is based upon the standard Dutch rate for corporate income. The first 25,000 of taxable profit is charged at a rate of 20%, taxable profits of 25,001 to 60,000 are charged at a rate of 23.5% and taxable profits over 60,000 are charged at a rate of 25.5%.

The effective tax rate for the period from May 2, 2007 to May 31, 2007 is higher than the standard rate of tax set out above. A reconciliation is set out below:

	May 31, 2007
	£
Profit before tax	96,876
Tax charge at standard Dutch rates	23,292
Non-allowable foreign exchange loss	153,000
Overall tax charge	176,292
Effective tax rate	182%

8. Employees and staff costs

During the period under review the average number of employees was nil.

9. Post-balance sheet events

Management is not aware of any events that took place after balance sheet date that could have a material effect on the financial position of Barclays (Netherlands).

10. Differences between IFRS and US GAAP accounting principles

There are no significant differences between IFRS and US GAAP accounting policies, and US GAAP net income and shareholders equity would not be materially different from that presented in the IFRS financial statements.
