Item 2. Acquisition or Disposition of Assets.

On April 5, 2004, Smithfield Foods, Inc. (the Company or Smithfield) completed the sale of all of the outstanding stock of its wholly-owned Canadian subsidiary, Schneider Corporation (Schneider), to Maple Leaf Foods, Inc. (Maple Leaf) for approximately \$378 million, subject to closing adjustments, including the assumption of Schneider's outstanding debt. Schneider, based in Kitchener, Ontario operates 20 facilities in five Canadian provinces which produce meat and other food products, including ham, sausage, wieners, bacon, luncheon meats and specialty meats.

Item 7. Financial Statements, Pro Forma Financial Information and Exhibits.

(a) *Financial Statements of Businesses Acquired.*

Not applicable.

(b) *Pro Forma Financial Information.*

The Unaudited Pro Forma Consolidated Statements of Income set forth below give effect to the sale of Schneider (described in Item 2 above) as if the disposition had occurred at the beginning of each period presented. The Unaudited Pro Forma Consolidated Condensed Balance Sheet at February 1, 2004 includes adjustments to reflect an estimated \$57.2 million after-tax gain on the sale of Schneider assuming the acquisition had been completed as of that date. The pro forma gain adjustment has not been made to the Unaudited Pro Forma Consolidated Statements of Income, as it will not have a continuing impact on Smithfield's results of operations.

The pro forma adjustments are based on presently available information and assumptions that management believes are reasonable and are described in the Notes to Unaudited Pro Forma Consolidated Condensed Financial Statements. The unaudited pro forma financial information has been included as required by the Securities and Exchange Commission and is not necessarily indicative of the results that would have been reported had the disposition actually occurred on the dates specified, nor is it indicative of the results that may be obtained in the future.

The Unaudited Pro Forma Consolidated Condensed Financial Statements should be read in conjunction with Smithfield's Annual Report for the fiscal year ended April 27, 2003 and Smithfield's unaudited financial statements for the 40 weeks ended February 1, 2004

Notes to Unaudited Pro Forma Consolidated Condensed Financial Statements

Transaction Summary

Smithfield received \$303.9 million of cash proceeds from the sale of Schneider. Of that amount, \$17.9 million is attributed to the settlement of amounts Schneider owed Smithfield. The remaining \$286.0 million represents proceeds from sale.

From the cash proceeds, \$300.0 million was used to repay the bridge loan and \$3.9 million was applied against the Company's credit facility.

As of February 1, 2004, the Company's investment in Schneider was \$198.9 million. When subtracted from the proceeds of the sale, there is an expected gain of \$87.1 million. The expected tax on the gain is \$30.8 million, for an approximate net gain of \$56.3 million.

The net proceeds from the transaction is shown as \$273.1 million, or equal to the total cash proceeds less the expected future payment of taxes of \$30.8 million.

Adjustments to Unaudited Pro Forma Consolidated Condensed Financial Statements:

- (1) Represents Smithfield Foods, Inc. and subsidiaries pro forma statements of income and balance sheet for the periods and as of the date indicated. Pro forma as adjusted reflects the sale of Schneider Corporation and the use of the proceeds from the sale to repay Smithfield's outstanding bridge loan (for the 40 weeks ending February 1, 2004) and a portion of their outstanding credit facility balance (for fiscal years 2003, 2002 and 2001, and the 40 weeks ending February 1, 2004).

Statements of Income Adjustments:

- (2) Represents the decrease in Smithfield Foods, Inc. and subsidiaries consolidated interest expense for the 40 weeks ending February 1, 2004. The use of \$273.1 million of net cash proceeds from the sale of Schneider would have reduced interest expense in two ways. First, Smithfield's credit facility balance would have been reduced by the amount of these cash proceeds up to October 9, 2003 and, second, the availability of these cash proceeds would have eliminated the need to enter into the bridge loan on October 9, 2003, the proceeds of which were used to finance the acquisition of substantially all of the assets of Farmland Foods, Inc. (see Form 8-K filed with the SEC on October 28, 2003). The reduction of interest on the credit facility balance, which carried an average interest rate of 3.3% for the period from the beginning of fiscal year 2004 to October 9, 2003, would have been \$4.1 million. The reduction of interest on the bridge loan, which carried an average interest rate of 5.7% from October 9, 2003 to February 1, 2004, would have been \$5.0 million plus \$2.6 million of amortized loan costs during the same period.
- (3) Represents the annual decrease in Smithfield's consolidated interest expense. The amount represents the annual interest associated with the use of approximately \$273.1 million of net cash proceeds from the sale of Schneider to reduce Smithfield's credit facility balance which carried an average interest rate of 3.3%, 4.5% and 7.3% for fiscal years 2003, 2002 and 2001, respectively.

Edgar Filing: SMITHFIELD FOODS INC - Form 8-K

(4) Represents the tax effect of the adjustments discussed in Notes 2 and 3 at Smithfield's marginal income tax rate of 38.9%.

Balance Sheet Adjustments:

(5) Represents the settlement of Schneider payables of \$17.9 million to Smithfield as of February 1, 2004.

(6) Represents the repayment of Smithfield's bridge loan of \$300.0 million and \$3.9 million payment to the credit facility.

(7) Represents \$30.8 million borrowed from the credit facility to pay the estimated income taxes on the gain.

(8) Represents the after-tax proceeds from the sale.
