Proposals

1. **To approve amendments to the Trust Indenture that change the manner in which the ordinary fees and expenses of the Trust are paid such that, in return for a payment to the Sponsor capped at 0.40% per year of the daily NAV of the Trust, the Sponsor will be responsible for all other ordinary fees and expenses¹.**
2. **To approve an amendment of the Trust Indenture to permit the Sponsor to compensate affiliates for providing marketing and other services to the Trust without any additional cost to the Trust.**

Shareholders will not pay any additional fees as a result of these amendments. In fact, the proposals will cap investor ordinary fees and expenses at 0.40% of the daily net asset value (NAV) each year¹.

The Sponsor and its Board recommend you vote FOR the proposals.

Purpose of Proposals:

As SPDR® GOLD was the first of its kind when it was developed nearly a decade ago, these proposals allow the Trust to update certain provisions of the original trust indenture to align them with current ETF industry best practice and standards.

Positive Effects of Proposals:

Ordinary fees and expenses capped at 0.40%¹.

Shareholders will pay **no additional fees**¹.

The Trust will be **simpler and more efficient to administer**.

Sponsor will be able to **provide greater oversight** over the Trust's service providers.

¹ **The Consent Solicitation Statement** contains a detailed list of the **ordinary** fees and expenses the Sponsor will be responsible for as a result of Proposal 1 and the caps imposed on each, if any.

SPDR® Gold Trust

Consent Solicitation Sponsored by World Gold Trust Services, LLC

Proposal 1 Cap Annual Fee at 0.40% of the daily NAV

Current Fee Structure:

The Trust currently pays 0.40% of the daily NAV per year for all ordinary fees and expenses. Although it has not occurred historically, under certain circumstances, the Trust is permitted to charge investors in excess of 0.40%.

Contractual (fixed) Fees:

Sponsor fees = 0.15% of the adjusted NAV (ANAV).

Trustee fees = 0.02% of the ANAV, subject to a maximum fee of \$2 million.

Custodian fees = 0.10% of the average daily aggregate value of the first 4.5 million ounces of gold held in the Trust's accounts, and 0.06% of the average daily aggregate value of all gold held in the Trust's accounts in excess of 4.5 million ounces².

Marketing Agent fees = 0.15% of the ANAV.

Discretionary Fees:

Marketing and Administration fees = 0.03% to 0.04% (approximately) of the ANAV includes printing and mailing costs, legal and audit fees, registration and listing fees.

Proposed Unitary Fee Structure:

With the proposed changes, investors will have ongoing assurance that these ordinary fees and expenses will not exceed 0.40% of NAV per year^{1,3}. The Sponsor would receive an annual fee equal to 0.40% of the daily NAV. In exchange for this fee, **the Sponsor will be responsible for all other ordinary fees and expenses of the Trust, regardless of whether they exceed 0.40%**¹, as follows:

Sponsor fees = 0.40%

Trustee fee: Paid by Sponsor

Custodian fee: Paid by Sponsor

Marketing Agent fee: Paid by Sponsor

Marketing and Administration fees: Paid by Sponsor

Benefit of New Unitary Fee to the Sponsor

Because any cost savings through efficiencies in this new unitary structure could possibly benefit the Sponsor in realized reduced expenses, the shareholders are required to approve the proposed amendment.

- ¹ **The Consent Solicitation Statement** contains a detailed list of the **ordinary** fees and expenses the Sponsor will be responsible for as a result of Proposal 1 and the caps imposed on each, if any.
- ² For fiscal 2013, this amounted to approximately 0.066%.
- ³ **Had Proposal 1 been in effect last fiscal year, the Trust's total costs would NOT have materially changed,** since during fiscal year ended September 2013 the aggregate fees and expenses were approximately 0.40% of the ANAV.

SPDR® Gold Trust

Consent Solicitation Sponsored by World Gold Trust Services, LLC

Proposal 2 - Permit Sponsor to Compensate Affiliates

The Trust Indenture currently does not permit the Sponsor to pay its affiliates for any services rendered on behalf of the Trust, except from the Sponsor's current fee of 0.15%.

This Proposal is intended to permit the Sponsor to more effectively use affiliates to provide marketing and other services to the Trust.

The Sponsor believes that having the ability to utilize the expertise of the World Gold Council (the Sponsor's ultimate parent company) and its affiliates, when and if needed, will be beneficial for the Trust and its Shareholders.

The Sponsor will be responsible for any payments made to affiliates for providing any services to the Trust not the shareholders.

Additional Reason for New Fee Structure:

In order to maintain the ordinary fees and expenses at 0.40% per year of the daily ANAV, under the current Marketing Agent Agreement between the Sponsor and the Marketing Agent, the fees for both are subject to a **Fee Reduction Agreement**, wherein a reduction of fees would apply if the estimated ordinary fees and expenses exceed 0.40% for a particular month.

In this event, the fees payable to the Sponsor and the Marketing Agent for that month are reduced by the amount of such excess in equal shares up to the full amount of their fees.

However, if the expenses exceed 0.70%, the fees of the Sponsor and the Marketing Agent would be reduced to zero for that month and the Trust would bear the cost of that month's excess.⁴ Which is why, currently, ordinary fees and expenses could exceed the 0.40% mark.

This Fee Reduction Agreement ends when the Marketing Agent Agreement ends, resulting in these **possible adverse effects**:

If the Agreement is not renewed or is otherwise terminated, there is no assurance that any service provider of the Trust would agree to a similar or other fee reduction arrangement in the future, or that the Sponsor would do so unilaterally.

After the Fee Reduction Agreement is no longer in effect, the estimated ordinary fees and expenses may be more than they would have been under the Fee Reduction Agreement.

This would reduce the NAV of the Trust more rapidly than if the Fee Reduction Agreement were in effect, adversely affecting the value of the Shares.

- ⁴ **Example:** The Sponsor and the Marketing Agent fees are both currently 0.15%; 0.30% combined. So if the fees went to 0.70% (0.30% in excess of the 0.40% cap) that would mean both the Sponsor and Marketing Agent would completely waive their fees (0.15% each). The Trust would be responsible to pay any excess above 0.70%.

So the Sponsor believes that amending the fee structure would be in the best interest of the shareholders, in part, by averting these possible adverse effects.

Background of Trust:

The SPDR® Gold Trust is a publically-traded **Investment Trust**⁵, formed on November 12, 2004 as the first in the United States designed to track the price of a commodity. Since that time, it has offered millions of investors a convenient way to access the gold market, and is the largest physical commodity-backed **Exchange Traded Fund (ETF)**⁶ in the world. The investment objective of the Trust is for the Shares to reflect the performance of the price of gold bullion, less the Trust's expenses. Since the formation of the Trust, a number of similar trusts designed to track the price of a commodity have been formed and the procedures and standards associated with these trusts have evolved.

Outstanding Shares:

As of June 9, 2014, the Record Date, **262.7 million** shares were issued and outstanding. Each share is entitled to one vote on each of the two proposals.

- ⁵ **Investment Trust:** An open-end investment company that offers a fixed, unmanaged portfolio no fund manager or investment advisor consisting generally of stocks and bonds, as redeemable units to investors for a specific period of time. It is designed to provide capital appreciation and/or dividend income. (The other two types of investment companies are mutual funds and closed-end funds).
- ⁶ **Exchange Traded Fund (ETF):** A security that tracks an index, a commodity (as in this case) or a basket of assets like an index fund, but trades like a stock on an exchange. ETFs experience price changes throughout the day as they are bought and sold.

Appendix 1 June 2014 Amendment (Amendment 4)

The June 2014 Amendment, dated as of June 18, 2014, was implemented to clarify and supplement provisions of the original Trust Indenture. This amendment did not require the consent of Shareholders pursuant to the provisions to the Original Trust Indenture. However, the Trust is required to provide Notice to Shareholders, which they have done by including the details of the amendment in this Consent Solicitation Statement.

Items included in the June 2014 Amendment:

Creation and redemption of shares;

the definition of the record date;

removal of a custodian;

the sponsor fee waiver;

stock exchange listings; and

creation and issuance of creation baskets⁷.

Key Parties:

Sponsor: World Gold Trust Services, LLC (ultimate parent company: World Gold Council)

Trustee: The Bank of New York Mellon

Marketing Agent: State Street Global Markets, LLC

Custodian: HSBC Bank USA, N.A.

Consent Solicitation Statement:

This can be viewed on the internet at www.spdrgoldshares.com.

Why should I vote?

Your vote is important. The Sponsor would like to thank you for investing in GLD[®], the premier physical gold-backed financial product in the world. The changes called for in the two proposals modernize and simplify GLD[®] for the ultimate benefit of current and future shareholders. With your assistance, the Sponsor believes GLD[®] can be strengthened and improved for years to come. How would you like to vote today?

Specific Questions about GLD[®]?

If your question does not directly relate to this solicitation, please contact the marketing agent, **State Street Global advisors at (866) 320-4053**.

- 7 While it has been the practice of the Trustee to only issue baskets of Shares against the delivery of the requisite gold into the Trust Allocated Account, **the amendment clarifies that creations may only be made after the required gold deposit has been allocated to the Trust Allocated Account from the Trust Unallocated Account.**
