Eni: Annual Shareholders Meeting convened

Rome, April 12, 2006 - The Board of Directors of Eni SpA convened the ordinary shareholders meeting on 24 and 25 May 2006 on first and second call respectively and an extraordinary shareholders meeting on 23, 24 and 25 May 2006 on first, second and third call respectively to resolve on the following items.

Ordinary Shareholders Meeting

Financial Statements and Dividend: approval of 2005 financial statements, which show a profit of euro 5,287,660,333.55, and distribution of a dividend amounting to euro 1.10 per share, as reported to the market on 31 March 2006.

Purchase of Own Shares: authorization to purchase up to 400 million own shares (or 9.986% of capital), for a maximum cash outlay of euro 7.4 billion (increased from euro 5.4 billion). This authorization will be valid until November 2007, or 18 months from the date of the Meeting. Both limits take into account the number of own shares held in treasury at the date of the Meeting.

From the inception of the buy-back program to 11 April 2006 a total of 296,451,609 shares (7.4% of Eni share capital) were purchased for euro 4,618.8 million, corresponding to 85.53% of the maximum amount of euro 5.4 billion. The average purchase price was 15.58 per share.

Approval of the 2006-2008 stock option plan and authorization to the Board to dispose of a maximum of 30 million own shares for servicing said plan

The Board of Directors resolved to propose to the Shareholders Meeting the approval of the 2006-2008 stock option plan and to authorize it to dispose of a maximum of 30 million treasury shares, corresponding to approximately 0.75% of Eni's share capital for servicing said plan. Option rights will be granted in the three year period to the managers of Eni who hold positions of significant responsibility for achieving profitability or strategic targets (approximately 350 persons) and will vest after three years from the grant date in variable proportion from 100% to 40% as a function of the total shareholder return of Eni shares in the three-year vesting period as compared to the return of the six largest international oil companies in terms of market capitalization. The purchase price of shares will correspond to the higher of the arithmetic average of official prices recorded on the Mercato Telematico Azionario in the month preceding the grant date and the average cost of the treasury shares as of the day prior to the grant.

Insurance policy: authorization to insure directors and statutory auditors of Eni by means of a Directors and Officers Liability Policy - D&O.

Item 3

Authorisation to the purchase of Eni shares and withdrawal, for the part not yet executed, of the authorisation to the purchase of Eni shares approved by the Shareholders Meeting held on May 27, 2005

To the Shareholders:

the Shareholders Meeting held on May 27, 2005 authorised the purchase of up to 400 million Eni ordinary shares, nominal value euro 1, within eighteen months as of the Shareholders Meeting date. According to said resolution, the total expense wouldn't have exceeded 5.4 billion euro and the purchase price wouldn't have been lower than Eni share nominal value and not higher than the reference price recorded on the day preceding each purchase increased of 5% of its amount.

On April 11, 2006 Eni shares bought are 296,451,609, corresponding to 7.4% of Eni current share capital; the related expense totals 4,618.8 million euro, corresponding to 85.53% of 5.4 billion euro. The average purchase price is 15.58 euro.

The Board intends to continue the buy-back programme, initiated in 2000, which represents an effective and flexible instrument to increase the shareholders value. Therefore the Board proposes to the Shareholders Meeting to withdraw the authorisation to purchase Eni shares approved by the Shareholders Meeting held on May 27, 2005, for the amount not yet exercised at the Shareholders Meeting date, and to be authorised, pursuant to Article 2357 of the Civil Code and Article 132 of Legislative Decree No. 58 dated February 24, 1998, to purchase up to 400 million of Eni shares, nominal value euro 1, corresponding to 9.986% of Eni share capital, within eighteen months as of the Shareholders Meeting date. The total expense will not exceed the amount of euro 7.4 billion. The Reserve for the purchase of Eni shares will be therefore increased of 2 billion euro to be taken from the Distributable Reserve.

The purchases will be executed exclusively on the electronic stock market organised and managed by the Borsa Italiana S.p.A. (the Italian Stock Exchange), according to the rules issued by the Italian Stock Exchange itself. The purchase price will not be lower than Eni shares nominal value and not higher than the reference price recorded on the day preceding each purchase increased of 5% of its amount.

In order not to trespass the 10% threshold set by Article 2357, third paragraph, of the Civil Code, in the determination of the number of shares to be purchased and the related total expense, the treasury shares owned on the Shareholders Meeting date will be taken into consideration.

Table of Contents

To the Shareholders:

You are invited to:

- withdraw the delegation of authority to the Board of Directors to purchase treasury shares approved, pursuant to Article 2357, second paragraph, of the Civil Code, by the Ordinary Shareholders Meeting held on May 27, 2005 for the amount not yet exercised at the Shareholders Meeting date;
- authorise the Board of Directors, pursuant to Article 2357, second paragraph, of the Civil Code, to purchase up to 400,000,000 (four hundred million) Eni ordinary shares, nominal value euro 1, within eighteen months as of the Shareholders Meeting date. The purchases will be executed exclusively on the electronic stock market organised and managed by the Borsa Italiana S.p.A. (the Italian Stock Exchange), according to the rules issued by the Italian Stock Exchange itself. The purchase price will not be lower than Eni shares nominal value and not higher than the reference price recorded on the day preceding each purchase increased of 5% of its amount. The total expense will not exceed however 7.4 billion euro. In order not to trespass the 10% threshold set by Article 2357, third paragraph, of the Civil Code, in the determination of the number of shares to be purchased and the related total expense, the treasury shares owned on the Shareholders Meeting date will be taken into consideration;
- resolve to allocate 2 billion euro from the Distributable Reserve to the Reserve for the purchase of Eni shares, implemented pursuant to Article 2357-ter, last paragraph, of the Civil Code;
- resolve the use of the Reserve for the purchase of Eni shares;
- delegate any and all powers to the Chief Executive Officer to execute, directly or through attorneys-in-fact, any and all acts necessary to enforce such resolution.

Item 4

Approval of Eni Stock-Option Plan 2006-2008 and authorisation to the Board of Directors to use Eni's own shares for its implementation

To the Shareholders:

the Shareholders Meeting held on May 30, 2002 authorised the Board of Directors to sell up to 15 million treasury shares to implement Eni Stock Option Plan 2002-2004. The Shareholders Meeting held on May 27, 2005 resolved to extend said Plan to 2005 Financial Year and authorised the Board of Directors to sell further 2,658,400 treasury shares, that exceeded the shares used to implement Eni Stock Grant Plan 2003-2005, to be added to the 2,785,000 treasury shares left for the 2005 assignments.

Of the 17,658,400 treasury shares available to implement the four-year Plan, 17,033,500 rights to purchase Eni shares have been assigned to 466 Eni managers in order to buy a corresponding number of Eni shares.

The Board intends to avail, also for the three-year period 2006-2008 of an instrument to increase the involvement of Eni managers in the enterprise risk and his commitment to the enhancement of the shareholders value.

Table of Contents

The Board proposes therefore to the Shareholders Meeting to approve a Stock Option Plan (the "Plan") with three annual assignments, in 2006, 2007 and 2008 respectively, of stock option rights to buy Eni shares.

The stock options will be assigned to managers employed by Eni S.p.A. and its subsidiaries controlled directly or indirectly by Eni S.p.A. pursuant to Article 2359 of the Civil Code, with the exclusion of listed subsidiaries and their subsidiaries, occupying those positions that mainly contribute to Eni Group results or who have a strategic interest for the Group (about 350 managers, the "Assignees"), to be identified by Eni S.p.A. Board of Directors according to specific Eni evaluation criteria.

The stock option rights may be exercised after the vesting period of three years from the assignment date has elapsed and for a three-year period. When each vesting period elapses, the Board will determine the number of stock option rights that may be exercised, that may be not less than 40% and not more than 100% of those assigned, on the basis of the ranking of Eni shares, in terms of Total Shareholders Return, in respect of the other six major international oil companies for market capitalisation.

The purchase price of the shares will be the higher between the arithmetic average of the official prices of Eni shares recorded on the electronic stock market organised and managed by the Italian Stock Exchange (Borsa Italiana S.p.A.) in the month preceding the date of the stock-option assignment and the average cost of Eni treasury shares on the day preceding the assignment date.

The Board, in order to implement the Plan, proposes to the Shareholders Meeting to be authorised to sell up to 30 million Eni's own shares to the Assignees at the price determined as above and to be empowered to approve the programs for the annual assignments and the related regulations.

To the Shareholders:

You are invited to:

- approve the Eni Stock-Option Plan 2006-2008 as described above, also according to Article 114-bis of Legislative Decree 58/98;
- authorise the Board of Directors, in order to implement said Plan, to sell up to 30 (thirty) million Eni's own shares to managers employed by Your Company and its subsidiaries controlled directly or indirectly by Eni S.p.A. pursuant to Article 2359 of the Civil Code, listed subsidiaries and their subsidiaries excepted, occupying those positions that mainly contribute to Eni Group results or who have a strategic interest for the Group, to be identified by Eni S.p.A.'s Board of Directors according to specific Eni evaluation criteria. The purchase price of the shares is the higher between the arithmetic average of the official prices of Eni shares recorded on the electronic stock market organised and managed by the Italian Stock Exchange (Borsa Italiana S.p.A.) in the month preceding the date of the stock-option assignment and the average cost of Eni treasury shares on the day preceding the assignment date;
- delegate any and all necessary powers to the Board of Directors to approve the programs for the annual assignments and the related regulations.

Item 5

Subscription of a Directors & Officers Liability insurance in favour of Eni S.p.A. Directors and Statutory Auditors

To the Shareholders:

US listed companies generally avail of Directors & Officers Liability insurance policies (D&O) for their Directors. D&O insurance policies are largely widespread also in European companies for their Directors and Statutory Auditors; in Italy, where most of the listed companies present in the S&P/MIB30 index have subscribed such D&O policies, the interest in D&O is increasing. Because of the high diffusion of said insurances, standard conditions are now available on the market.

The Board of Directors, in consideration of the increase of the situations where the Directors and Statutory Auditors may be responsible for their acts directly with their properties, due to the continuous evolution of the legislation applicable to Eni, which is a company listed on the Italian Stock Exchange and the NYSE, considers that the subscription of a D&O insurance policy represents an efficient protection of the Directors in their current activity and helps them in assuming responsibilities in the course of their tasks. Said protection will not be effective in case of voluntary breaches of legal duties connected to their roles and functions.

The Board, therefore, proposes to be authorised to sign a D&O insurance policy according to the market standard terms and conditions for this kind of policies. In particular the Board proposes to extend to Eni S.p.A. Directors and Statutory Auditors the D&O insurance policy to be signed for Eni S.p.A. managers. The related maximum insurable sum amounts at 200 million US\$ and the annual insurance premium at 2 million US\$, 10-15% of which may be charged to the Directors and Statutory Auditors D&O.

To the Shareholders:

You are invited to:

- sign an insurance policy to cover the professional risks of Eni S.p.A. Directors and Statutory Auditors, according to the terms and conditions illustrated in the Report above;
- give authority to the Chief Executive Officer to sign, also through attorneys-in-fact, the related acts according to the market standard terms and conditions for this kind of insurance policies.

Each Shareholder may present or take part in the presenting of only one candidate list and each candidate may appear in one list only or he will be ineligible. Companies that are controlling entities or are under common control, as defined by Article 2359, first Paragraph, of the Civil Code, by the same entity of the company presenting a list shall not present nor take part in the presentation of another candidate list. Each candidate may appear in one list only or he will be ineligible. Only those Shareholders who, alone or together with other Shareholders, represent at least 1 per cent of voting share capital at the ordinary shareholders' meeting may present candidate lists. In order to demonstrate the title on the number of shares necessary to present candidate lists, the Shareholders must present and/or deliver to the company registered office a copy of the certification issued by the authorised financial intermediaries that are depositaries of their shares at least five days prior to the date set for the first call of the shareholders' meeting.

Together with each list, within the aforementioned time limits, statements must be presented in which each candidate accepts his nomination and attests, in his own responsibility, that causes for his ineligibility and incompatibility are non existing and that he possesses the requirements, **honorability and independence requirements required by the norms in force for the Statutory Auditors included.**

At least one Board member, if the Board members are no more than five, or at least three Board

members if they are more than five, shall have the independence requirement. The independent Board members take part, according to the provisions set by the Board and by the Corporate Governance Codes issued by the companies that manage stock markets to which the Company adheres, to the Board Committees that the Board of Directors may establish. Said Board Committees shall have advisory and consulting tasks on specific items.

The Board of Directors evaluates periodically the independence and the honorability of its members. If these requirements are not present or elapse and, if the minimum number of independent Board members set by these by-laws is not met, the Board of Directors removes the Board member without the independence requirement and resolves upon his substitution.

Each person entitled to vote may vote for a candidate list only.

Board members will be elected in the following manner:

a) seven tenths of the members to be elected will be drawn out from the candidate list that receives the majority of votes expressed by the Shareholders in the numerical order in which they appear on the list, rounded off in the event of a fractional number to the next lower number;

b) the remaining Board members will be drawn out from the other candidate lists; to this purpose the votes obtained by each candidate list will be divided by one or two depending on the number of the members to be elected. The quotients thus obtained will be assigned progressively to candidates of each said list in the order given in the lists themselves. Quotients thus assigned to candidates of said lists will be set in one decreasing numerical order. Those who obtain the highest quotients will be elected.

In the event that more than one candidate obtains the same quotient, the candidate elected will be the one of the list that has not hitherto had a Board member elected or that has elected the least number of Board members. In the event that none of the lists has yet elected a Board member or that all of them have elected the same number of Board members, the candidate from all such lists who has obtained the largest number of votes will be elected. In the event of equal list votes and equal quotient, a new vote will be taken by the entire shareholders' meeting and the candidate elected will be the one who obtains a simple majority of the votes;

c) to appoint Board members for any reason not covered by the terms of the aforementioned procedure, the shareholders' meeting will make a resolution with the majorities prescribed by the law.
