PROXY STATEMENT

2015 ANNUAL MEETING OF SHAREHOLDERS
To Be Held May 14, 2015

This Proxy Statement and accompanying proxy are being furnished to shareholders in connection with the solicitation of proxies by the Board of Directors of Adams Resources & Energy, Inc., a Delaware corporation (the "Company"), for use at the 2015 Annual Meeting of Shareholders to be held at 17 South Briar Hollow Lane, Suite 100, Houston, Texas 77027, on Thursday, May 14, 2015 at 11:00 a.m., Houston time, and any and all adjournments thereof, (such meeting or adjournment(s) thereof referred to as the "Annual Meeting"), for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. This Proxy Statement and the accompanying proxy are being mailed to shareholders on or about April 8, 2015.

The Company will pay the cost of solicitation of the proxies. In addition to solicitation by mail, proxies may be solicited personally or by telephone or e-mail by directors, officers and employees of the Company, and arrangements may be made with brokerage houses or other custodians, nominees and fiduciaries to send proxies and proxy material to their principals. Compensation and expenses of such firms, if any, which are not expected to exceed \$1,000, will be borne by the Company.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

At the close of business on April 6, 2015, the record date of those entitled to receive notice of and to vote at the Annual Meeting, the Company had outstanding 4,217,596 shares of common stock, \$0.10 par value per share ("Common Stock"). The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock on the record date is necessary to constitute a quorum at the Annual Meeting. Abstentions and broker non-votes (which are shares represented by proxies, received from a bank or broker, that are not voted on a matter because the bank or broker did not receive voting instructions from the shareholder) will be treated the same as abstentions, which means they will be present at the Annual Meeting and counted toward the quorum, but they will not be counted as votes cast. Abstentions and broker non-votes will not have an effect on any of the proposals at this meeting because they will not be counted as votes cast. Each share of Common Stock is entitled to one vote on all issues requiring a shareholder vote at the Annual Meeting. Shareholders may not cumulate their votes for the election of directors.

The election of directors and the advisory resolution on executive compensation are not considered "routine matters." Thus, if a shareholder does not vote its shares with respect to any of these matters, such shareholder's bank or broker may not vote such shares and such shares will be left unvoted on the matter.

All shares represented by properly executed or submitted proxies, unless previously revoked, will be voted at the Annual Meeting in accordance with the directions on the proxies. If no direction is indicated, the shares will be voted "FOR" the election as directors of the nominees listed herein, "FOR" the advisory resolution on executive compensation, and in the discretion of the persons named in the proxy in connection with any other business that may properly come before the Annual Meeting. The enclosed proxy, even though executed and returned, may nevertheless be revoked at any time before it is voted by the subsequent execution and submission of a revised proxy, by written notice of revocation to the Secretary of the Company at the address set forth above or by voting in person at the Annual Meeting. However, simply attending the Annual Meeting and not voting will not revoke a proxy.

ITEM 1 - APPROVAL OF NOMINEES FOR DIRECTOR

ELECTION OF DIRECTORS

The persons named as proxy holders in the enclosed proxy have been selected by the Board of Directors to serve as proxies ("Proxy Holders") and will vote the shares represented by valid proxies at the Annual Meeting and any adjournments thereof. They have indicated that they intend to vote "FOR" election as director each of the persons named as a nominee below under "Nominees for Director" unless authority to vote in the election of directors is withheld on each proxy or unless otherwise specified on each proxy. Each nominee is currently a member of the Board of Directors. Each duly elected director will hold office until the 2016 Annual Meeting of Shareholders or until his successor shall have been elected and qualified. Although the Board of Directors of the Company does not contemplate that a nominee will be unable to serve, if such a situation arises prior to the Annual Meeting, the Proxy Holders will vote for the election of such other person as may be nominated by the Board of Directors. Proxies cannot be voted in the election of directors for more than seven persons, as that is the number of nominees named herein.

Directors shall be elected by a plurality of the votes of the shares present or represented by proxy and entitled to vote at the Annual Meeting. Withholding authority will have the effect of a vote cast "AGAINST" Item 1. Broker non-votes will not be counted in the tabulations of the votes cast on Item 1 and will have no effect on the outcome of the vote.

The Board of Directors unanimously recommends a vote "FOR" the election of the nominees listed below.

For each of the Company's directors, the following table sets forth their names, ages, principal occupations, other directorships of public companies held by them and length of continuous service as a director. Any directorship of public companies held by the nominees within the last five years is also presented below.

Michelle A Earley (43)	Partner—Locke Lord LLP	2015

Murray E. Brasseux (66) Retired—Former Bank Managing Director 2015

Mr. Smith was appointed as President and Chief Executive Officer of the Company in February 2015. He retired from KSA Industries, Inc. (KSAI), an affiliate of the Company, on March 20, 2015 where he had been President since November 2013. Previously, Mr. Smith was an Executive Vice President with KSAI for more than five years. All other directors have been engaged in the principal occupations indicated above for the last five years except that Mr. Webster retired in February 2015, Mr. Bell retired in 2012, and Mr. Brasseux retired in 2014. Mr. Bell's previous position was Risk Manager with Holly Frontier Corporation and Mr. Brasseux was the Managing Director, Oil & Gas Finance at BBVA Compass. All of the nominees for director own less than one percent of the class of shares outstanding except Mr. Smith beneficially owns 46.9% of the Company's common stock.

Independence

The Company’s Board of Directors is comprised of a majority of independent directors as defined under NYSE MKT listing standards. There are no family relationships among any of the directors or executive officers of the Company. The Board has determined that the following Directors are independent: Messrs. Reinauer, Bell, Pressler, Brasseux and Ms. Earley. The Board has determined that none of the designated independent directors have any relationship that, under NYSE MKT rules, would preclude their service on any of the standing committees of the Board. In making its determination, the Board considered transactions and relationships between each director or his immediate family and the Company and its subsidiaries, including those reported under “Compensation Committee Interlocks and Insider Participation” and “Transactions with Related Persons” below. The purpose of this review was to determine whether any such relationships or transactions were material and, therefore, inconsistent with a determination that the director is independent. In addition, the Board requires each of its members and each of the director nominees to disclose in an annual questionnaire any relationship they or their family members may have had with the Company, its subsidiaries, its independent accountants, directors and officers within the past five years. The Board considers any such relationship in making its determination. Messrs. Smith and Webster are considered inside directors because of their current and former employment with the Company. Mr. Smith also beneficially owns 46.9% of the Company’s outstanding common stock.

Meetings and Committees of the Board

In 2014, the Board met eight times and all director nominees attended all of the meetings of the Board and the committees on which they served for the period in which they held office. It is the Company’s policy that all persons nominated for election to the Board at the time of the annual meeting be present at such meeting. All directors at the time of the 2014 annual meeting attended the 2014 annual meeting. The Board has three standing committees – the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee.

(2) Mr. Pressler is an independent director, Chairman of the Compensation Committee and Chairman of the Nominating and Corporate Governance Committee.

The responsibilities of the Audit Committee, Compensation Committee, and the Nominating and Corporate Governance Committee are described in each of the committees’ respective charters, which were adopted by the respective committees and the Board. These committee charters are available on the Company’s website at www.adamsresources.com, under Investor Relations – Corporate Profile – Corporate Governance. Copies may also be obtained by writing to Investor Relations, Adams Resources & Energy, Inc., 17 South Briar Hollow Lane, Suite 100, Houston, Texas 77027.

Nomination Policy

The Nominating and Corporate Governance Committee of the Board of Directors consists of current members Messrs. Reinauer, Bell and Pressler. Each of the members of the Nominating Committee is independent, as defined in Section 803A of the listing standards of the NYSE MKT.

The Nominating and Corporate Governance Committee identifies and recommends to the Board nominees for directors to be considered at the annual meeting of shareholders or to serve as replacements in the event of a vacancy on the Board. The Nominating and Corporate Governance Committee would also consider nominees submitted by shareholders to the Secretary of the Company if submitted in accordance with the procedures set forth in the Company's Bylaws. You may obtain a copy of the Bylaws by writing to Adams Resources & Energy, Inc., 17 South Briar Hollow Lane, Suite 101, Houston Texas 77027, Attention: Corporate Secretary, David Hurst. The Company's Bylaws can also be found on the Company's website at www.adamsresources.com, under Investor Relations – Corporate Profile – Corporate Governance.

In identifying and evaluating candidates for nomination to the Board, the Nominating and Corporate Governance Committee considers several factors including: education, experience, knowledge, expertise, independence and availability to effectively carry out the duties of a Board member. The qualifications and backgrounds of prospective candidates are reviewed in the context of the current composition of the Board to ensure the Board maintains the proper balance of knowledge and experience to effectively manage the Company's business for the long-term interests of the shareholders. The Nominating and Corporate Governance Committee initially identifies candidates for nomination through the Committee's and management's general industry contacts. It has not been the practice of the Nominating and Corporate Governance Committee to consider for nomination any specific director candidates recommended by shareholders as no such request has ever occurred. The Nominating and Corporate and Governance Committee will review its policy position if such a request is received. Shareholders may communicate with the Board of Directors as described herein below.

The Nominating and Corporate Governance Committee views diversity expansively and considers, among other things, functional areas of business and financial expertise, educational and professional background, and those competencies that it deems appropriate to develop a cohesive board such as ethics, integrity, values, practical wisdom, mature judgment and the ability of the candidate to represent the interests of all shareholders and not those of a special interest group. Specifically with respect to the experience and qualifications of each of the persons nominated to serve on the Board of Directors, the Nominating and Corporate Governance Committee considered the following information to conclude that each such nominee should serve as a director of the Company. Mr. Reinauer was elected to the Company's Board at the time of the Company's initial public offering in 1973. He possesses extensive knowledge of the Company's history and has had direct management oversight in a variety of international projects throughout the world. Mr. Pressler has previously served as President of several independent oil and gas exploration entities and is a Registered Professional Engineer with extensive experience in evaluating oil and gas property interests. Mr. Webster has been associated with the Company in various capacities since 1975 when he provided corporate banking services to the Company with specialization in the oil and gas industry. Mr. Bell has extensive industry and risk management experience. His area of expertise includes commodity pricing risks, accounting and reporting internal controls as well as traditional property and casualty exposure management. Messrs. Bell, Reinauer, and Webster also have extensive securities experience with each of them previously holding a NASD Series 7 Registered Representative Securities License. Ms. Earley has extensive experience in capital markets activity and mergers and acquisition transactions as well as advising clients on Securities regulations. Mr. Brasseur has extensive banking experience including energy lending practices and was a co-founder of a private oil and gas exploration company. Messrs. Pressler, Reinauer, Webster and Bell have previously stood for election to the Board of Directors.

Mr. Smith, Chairman of the Company, Chief Executive Officer and President is a 46.9%, beneficial owner of the Company's common stock. Mr. Smith is the spouse of Susan Adams Smith, daughter of Company founder K. S. Adams, Jr. Mr. Smith has previously stood for election to this Board of Directors.

In connection with the Annual Meeting, the Nominating and Corporate Governance Committee has recommended the Directors listed in this proxy.

Communications with the Board

Board's Role in Risk Oversight

To satisfy these oversight responsibilities, the Audit Committee meets regularly with management, the Company's internal auditor and independent registered public accounting firm. The Compensation Committee is responsible for overseeing risks relating to employment policies and the Company's policies on structuring compensation programs. To satisfy these oversight responsibilities, the Compensation Committee meets regularly with management to understand the implications of compensation decisions, particularly the risks the Company's compensation policies pose to the Company's finances, human resources and shareholders.

Payments upon Termination - Employment Agreements

Beginning in May 2014, Mr. Frank T. Webster entered into an employment agreement with the Company that was amended on various dates to modify the base salary provisions and extend the term to May 13, 2017. Mr. Webster served as President, Chief Executive Officer and Chief Operating Officer of the Company and was to receive a base annual salary of \$500,000 through May 13, 2017. Mr. Webster was eligible to participate in any leave, insurance and other employee benefit plans of the Company that were in effect for management-level employees. In addition, he was eligible to earn annual performance bonuses at the sole discretion of the Board of Directors and separately the Compensation Committee. In the event of termination of employment, the agreement provided varying termination payment amounts depending on the underlying facts and circumstances. Under the agreement, if Mr. Webster's employment was terminated without Cause, he was entitled to receive the balance of his salary due under the employment agreement in a lump sum within 30 days from the termination date. COMPENSATION, DISCUSSION AND ANALYSIS

Background

The Company competes for talent in the Houston, Texas marketplace which is heavily tied to the energy industry and related fields. For the past 15 years, the energy industry and particularly Houston have generally experienced strong demand for executive personnel. The Houston's Leading 100 Companies" listing, published in the Houston Chronicle on June 22, 2014, reflects Adams Resources & Energy, Inc. as the 40th largest public company in the area ranked by revenues. In the Chronicle's performance measures (based on 2013 results), the Company was ranked in the top quartile of Houston area companies. The Chronicle also published a companion list of the total compensation for Houston public company executive officers (over 700 names in total). All of the Company's executive officers were included on the list and each of the named executive officers was in the bottom quartile of total compensation for the most current year presented.

Determine the Form and Amount of Compensation

Compensation Philosophy and Objectives

The Company's compensation philosophy has the following objectives and executive compensation levels are determined in consideration thereof:

- Establish and maintain a level of compensation that is competitive within the Company's industry and region.
 - Provide an incentive mechanism for favorable results.
- Provide a level of executive compensation that is consistent with the level of compensation for non-executive personnel.
 - Maintain a compensation system that is consistent with the objectives of sound corporate governance.

Design of Reward

It is the policy of the Company to pay all forms of compensation in cash. This is the simplest, most readily understood approach and does not expose the Company to potential future diminution of corporate value. Such amounts are expensed as incurred. This policy also removes any issues regarding accounting and the tax deductibility of executive compensation. In addition, management and the Compensation Committee review the results of the annual "Say on Pay" vote by shareholders for feedback on its executive compensation amounts. The Company does not engage outside compensation consultants.

Elements of Compensation

The Company's executive compensation program comprises of the following elements:

- Base salary
- Discretionary bonus
 - Benefits

The Company utilizes these three elements of executive compensation as the believed minimum required to retain its executive officer group. Discretionary bonuses are also used as an incentive for favorable results. The discretionary bonus may also serve as a supplement to base salary levels, while allowing the Board to avoid such expense during a year when earnings do not meet expectations. A pre-defined formula bonus system is not utilized as the discretionary approach is believed to better align management with the long-term interest of the Company rather than toward a set short-term formula target. Discretionary bonuses are anticipated to increase or decrease with the prevailing trend for consolidated net earnings.

The Company also provides employee benefits, primarily consisting of a 401(k) Plan (discussed below) and an employer sponsored medical plan. The benefits provided to the executive officer group are no different than those offered to non-executive employees. The Company does not provide stock options or other common stock incentives. The Company does not offer a defined benefit pension plan nor does it offer deferred compensation.

Perquisites

The Company provides the following:

- Club Dues Reimbursement
- Life and Disability Insurance Premiums

- Automobile Allowance

Club dues reimbursements and automobile allowances are paid to the executive officers consistent with the payment of such amounts to non-executive employees. The requirement to pay such amounts is negotiated with the executive at the time of their initial employment. Life and disability insurance premiums are paid on behalf of the executives consistent with the payment of such insurance premiums for non-executive employees. Perquisite amounts are not considered annual salary for bonus purposes.

401(k) Plan

Consistent with the employee's desire for financial security in retirement, the Company offers a 401(k) plan to its employees, including its executive officers. As referenced in footnote (1) to the Summary Compensation Table, the Company makes a matching contribution to the plan. In 2014, the Company matched 100% of employee contributions up to 3% of compensation and matched 50% of employee contributions from 3% to 5% of compensation, subject to the current Internal Revenue Service annual limit of \$17,500. This policy conforms to the Internal Revenue Service allowed safe harbor rules for matching contributions.

Employment and Severance Agreements

Previously the Company had an employment agreement with Mr. Webster that was scheduled to expire on May 13, 2017. Mr. Webster's employment agreement contained conditions of employment and entitled him to participate in the Company's leave, insurance and other employee benefit plans that may be in effect from time to time for management-level employees of the Company. Mr. Webster's employment agreement also provided for severance payments in certain cases of termination. The employment agreement was extinguished in February 2015. For additional information, see "Payments upon Termination — Employment Agreements" above.

Compensation and Risk

In order to establish and maintain profitability, the Company becomes exposed to risk. The most significant areas of risk involve commodity price risk, customer credit risk, safety and security concerns and oil and gas exploration investment risk. Compensation policies for all employees are designed to promote the provision of management safeguards against risk and not incentivize excessive risk-taking. Compensation policies toward this aim include the following:

- a simple compensation structure that constitutes cash payments only;
- generally short-term contractual obligations with actual results fixed and determinable prior to the payment of employee bonuses;
- awareness by all employees of the inherent risks associated with their respective activities and the knowledge that base salaries and discretionary bonuses are based, in part, on the employee's risk avoidance abilities; and
- a segregated internal reporting structure that puts the employees charged with managing and reporting risk on a separate reporting track from those employees committing the Company to contractual obligations, thereby providing independent monitoring of risk mitigation practices and procedures.

On a scheduled basis over the course of the year, Mr. Bell, representing the Compensation and Audit Committees, conducts interviews with key non-executive operating and accounting personnel to monitor compliance with the Company's designed internal control structure and risk avoidance strategies. Management has concluded that compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. In addition, the named executive officers are expected to maintain established risk avoidance practices as a condition to their level of compensation.

Compensation Process

-- Mr. Webster, Formerly the President, Chief Executive Officer and Chief Operating Officer

At the time of his employment in 2004, Mr. Webster negotiated a base salary and an employment contract as condition of his accepting employment with the Company. The Company's founder, K. S. Adams, Jr., represented the Company in these negotiations. Subsequently, and prior to scheduled expiration dates, Mr. Webster negotiated base

salary increases and contract extensions through May 2016 with Mr. Adams again representing the Company in such discussions. Mr. Webster also proposed periodic bonus amounts and until September 26, 2012, when Mr. Webster replaced Mr. Adams as Chief Executive Officer, Mr. Adams negotiated such amounts on behalf of the Company. Upon determination of any proposed salary and bonus amounts, such recommendations were presented to the Compensation Committee for their evaluation. The Compensation Committee considered the proposed payments in a private session based on their collective view of (a) the Company's compensation philosophy, (b) current risk mitigation effect and results, (c) the Company's financial condition and current net earnings, and (d) the current Houston area executive marketplace. The Compensation Committee voted on the matter and such approval was reported to the full Board of Directors with the approved amounts shown in the Summary Compensation Table, above.

For 2012, the Company's net earnings increased by 21% over 2011 with similar increases in the Company's stock price valuation. The Compensation Committee sought to recognize these factors but also sought to hold total 2012 compensation reasonably consistent with 2011. As a result and relative to 2011, Mr. Webster's year-end bonus was increased for 2012. This approach was approved by the Compensation Committee and the full Board of Directors as described herein.

For 2013, the Company's earnings declined by 22% but the Company's Comparative Five Year Total Return more than doubled both the S&P 500 and the S&P Integrated Oil & Gas Index (see also the Performance Graph presented in the Company's Annual Report on Form 10-K). In addition, the June 14, 2013 edition of the Houston Business Journal published an article depicting Mr. Webster as the number one "Lowest Paid" Chief Executive Officer for Houston's largest 125 public company. The Compensation Committee believed this depiction was incongruous with the Company's overall performance results. As a result, the Compensation Committee recommended and the full Board approved an increase in Mr. Webster's base salary to \$500,000 per year and extended his contract to May 13, 2017. In addition, Mr. Webster's bonus was set at \$400,000 reflecting a reduction from the 2012 bonus level, consistent with the Company's reduced results for 2013.

For 2014, the Company's overall reported results declined by approximately 70% relative to 2013 and as a result, Mr. Webster received no bonus for the year.

-- Ms. Davis and Mr. Abshire, Executive Vice President and Vice President, respectively

Ms. Davis and Mr. Abshire are considered as "at will" employees with no employment contracts. Mr. Webster proposed their salary amounts and bonuses based on the criteria described herein and negotiates such amounts with Ms. Davis and Mr. Abshire on behalf of the Company. Upon determination of the proposed amounts such recommendations are presented to the Compensation Committee and that committee reviews the proposed amounts consistent with its practice for Mr. Webster's compensation.

Internal Revenue Code 162(m) Considerations

Section 162(m) of the Internal Revenue Code, as amended, limits a company's ability to deduct compensation paid in excess of \$1 million to the Chief Executive Officer and the next four highest paid officers in any year, unless the compensation meets certain performance requirements. The Company has no officers receiving compensation in excess of \$1 million.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee was an officer or employee of the Company or any of its subsidiaries, or was formerly an officer of the Company or any of its subsidiaries or had any relationship requiring disclosure by the Company during the year ended December 31, 2014. No executive officer of the Company has served as a member of the Compensation Committee (or other board committee performing equivalent functions) of another entity that had an executive officer serving as a member of the Company's Board of Directors or the Compensation Committee.

COMPENSATION COMMITTEE REPORT

March 25, 2015

To the Board of Directors:

The following report of the Compensation Committee of the Board of Directors shall not be deemed to be “soliciting material” or to be “filed” with the Securities and Exchange Commission (“SEC”) or subject to the SEC’s proxy rules, except for the required disclosure in this Proxy Statement, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), except to the extent that the Company specifically incorporates by reference into any filing made by the Company under the Securities Act of 1933, as amended (the “Securities Act”) or the Exchange Act.

The Compensation Committee of the Board of Directors consists of Messrs. Reinauer, Bell, and Pressler. The duties and responsibilities of the Compensation Committee are set forth in a written charter adopted by the Board of Directors and such charter is available on the Company's website at www.adamsresources.com, under Investor Relations – Corporate Profile – Corporate Governance. Each of the members of the Compensation Committee is independent, as defined in Section 803A of the listing standards of the NYSE MKT Exchange.

We have reviewed and discussed with management the above Compensation Discussion and Analysis ("CD&A") and based on our review and discussions with management, we recommended to the Board of Directors that the CD&A be included in this Proxy Statement and the Company's Annual Report on Form 10-K for the year ended December 31, 2014.

ITEM 2 - APPROVAL OF ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION

Under the provisions of Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"), the shareholders of the Company are entitled to vote at the Annual Meeting to approve the compensation of the Company's named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K. Pursuant to the Dodd-Frank Act, the shareholder vote on executive compensation is an advisory vote only, and it is not binding on the Company or the Board of Directors.

Although the vote is non-binding, the Compensation Committee and the Board of Directors value the opinions of the shareholders and will consider the outcome of the vote when making future compensation decisions.

As described more fully in the "Compensation Discussion and Analysis" section of this Proxy Statement, the Company's executive compensation program is designed to provide aggregate compensation opportunities for its named executive officers that are both competitive in the business marketplace and are based upon Company and individual performance. The Company's policy is to pay all forms of compensation in cash; this being the simplest method and does not expose the Company to potential future diminution of corporate value.

The advisory vote regarding the compensation of the named executive officers described in this Item 2 shall be approved if the votes cast in favor of the proposal exceed the votes cast against the proposal. Abstentions and broker non-votes will not be counted as either votes cast for or against Item 2.

If no voting specification is made on a properly returned or voted proxy card, Messrs. Webster and Reinauer (proxies named on the proxy card) will vote "FOR" the approval of the compensation of the named executive officers as disclosed in this Proxy Statement and described in this Item 2.

The Board of Directors unanimously recommends a vote "FOR" the approval of the compensation of the named executive officers as disclosed in this Proxy Statement pursuant to item 402 of regulation S-K.

DIRECTOR COMPENSATION

Directors who are employees of the Company do not receive fees or any other compensation for their services as directors. Directors who are not employees received cash compensation as presented in the table below. Director fees are based on a flat amount and are paid on a quarterly basis. Directors are also reimbursed for direct out-of-pocket

expenses in connection with travel associated with meeting attendance. There were no stock awards, option awards, non-equity incentive plans, pension plans or other non-qualified deferred compensation or other forms of compensation during 2014.

The aggregate fees billed for 2014 and 2013 are set forth below:

The Audit Committee, established in accordance with Section 3(a)(58)(A) of the Exchange Act, has the responsibility to assist the Board of Directors in fulfilling its fiduciary responsibilities as to accounting policies and reporting practices of the Company and its subsidiaries and the sufficiency of the audits of all Company activities. This committee is the Board's agent in ensuring the integrity of financial reports of the Company and its subsidiaries, and the adequacy of disclosures to shareholders. The Audit Committee is the focal point for communication between other directors, the independent auditors and management as their duties relate to financial accounting, reporting and controls. The Audit Committee is also responsible for reviewing the financial transactions of the Company involving any related parties.

Audit Committee Pre-Approval Policies

The Audit Committee has established a policy intended to clearly define the scope of services performed by the Company's independent registered public accountants. This policy relates to audit services, audit-related services, tax and all other services that may be provided by the Company's independent registered public accountants and is intended to ensure that such services do not impair the auditor's independence. The policy requires the pre-approval by the Audit Committee of all services to be provided by the Company's independent registered public accountants. Under the policy, the Audit Committee will annually review and pre-approve the services that may be provided by the independent registered public accountants. The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated is required to report to the Audit Committee at its next meeting any services that such member or members has approved. The policy also provides that the Audit Committee will pre-approve the fee levels for all services to be provided by the independent registered public accountants.

REPORT OF THE AUDIT COMMITTEE

March 25, 2015

To the Board of Directors:

The Audit Committee of the Board of Directors currently consists of Messrs. Reinauer, Bell and Pressler. The duties and responsibilities of the Audit Committee are set forth in a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.adamsresources.com under Investor Relations – Corporate Profile - Corporate Governance. Each member of the Audit Committee is independent, as defined in Section 803A of the listing standards of the NYSE MKT Exchange, and the Board has determined that Mr. Bell is an "audit committee financial expert" as defined by the SEC.

We have reviewed and discussed with management the Company's audited consolidated financial statements as of and for the year ended December 31, 2014.

The Audit Committee received from and discussed with Deloitte & Touche LLP the written disclosure and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte & Touche LLP's communications with the audit committee concerning independence and has discussed with Deloitte & Touche LLP, the auditors independence. These items relate to that firm's independence from the Company. In addition, the Audit Committee has also discussed with Deloitte & Touche LLP the matters required to be discussed by applicable accounting standards. The Audit Committee monitored auditor independence, reviewed audit and non-audit services performed by Deloitte & Touche LLP and discussed with the auditors their independence. All of the services provided by the Company's principal accounting firm described in this proxy statement were approved in accordance with this policy, and the Audit Committee has determined that the independent registered public accountants' independence has not been compromised as a result of providing these services and receiving the fees for such services as noted above.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014.

Larry E. Bell, Chairman
E. C. Reinauer, Jr.

The information contained in the report above shall not be deemed to be "soliciting material" or to be "filed" with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act or the Exchange Act, as amended, except to the extent that the Company specifically incorporates it by reference in such filing.

TRANSACTIONS WITH RELATED PERSONS

The late Mr. K. S. Adams, Jr., former Chairman of the Board and certain of his family partnerships and affiliates have participated as working interest owners with the Company's subsidiary, Adams Resources Exploration Corporation ("AREC"). Mr. Adams and the affiliates participated on terms similar to those afforded other non-affiliated working interest owners. While the affiliates have generally maintained their existing property interest, they have not participated in any such transactions originating after the death of Mr. Adams in October 2013. As of December 31, 2014 the Company owed a combined net total of \$51,000 to these related parties. In connection with the operation of certain oil and gas properties, the Company also charges such related parties for administrative overhead primarily as prescribed by the Council of Petroleum Accountants Society Bulletin 5. Such overhead recoveries totaled \$151,000 for the year ended December 31, 2014.

The Company also enters into certain transactions in the normal course of business with other affiliated entities including direct cost reimbursement for shared phone and administrative services. For the year ended December 31, 2014 the affiliated entities charged the Company \$65,000 of expense reimbursement and the Company charged the affiliates \$42,000 for such expense reimbursements. The Company also leases its corporate office space in a building operated by an affiliated entity. The lease rental rate was determined by an independent appraisal. Rental expense paid to the related party for 2014 totaled \$607,000.
