The Audit Committee hires the Company's independent public accountants; oversees the Company's financial reporting process and reports the results of its activities to the Board; reviews the work of, and approves audit services performed by, the independent public accountants; makes recommendations to the Board; and administers the Company's policy with respect to transactions with affiliated persons and with respect to grievances relating to accounting and controls. Its current members are Messrs. Moore (Chairman), Cressy and Keiser. Each member is independent as defined by the Rules of the Securities and Exchange Commission and NASDAQ.

The Compensation Committee administers the Company's Management Annual Incentive Compensation Plan and Amended and Restated Equity Ownership Plan. The Compensation Committee is also responsible for executive succession planning. Its current members are Messrs. Keiser (Chairman), Benacerraf and Lapeyre.

The Nominating and Corporate Governance Committee reviews and advises the Board and the Company's management on the Company's external affairs programs, such as compliance, communications and crisis planning programs, as well as the Company's strategic initiatives. The Board of Directors held twelve meetings during the year ended December 31, 2002. Pursuant to the Shareholders Agreement with the investors, the Company's Board of Directors was restructured to permit the investors to designate a majority (six of ten seats) of the Board.

Certain Transactions with Management and Others, and Certain Business Relationships

As part of the equity transaction culminating with the completion of the Stock Purchase Agreement among the investors and the Company on September 13, 2002, the investors were paid a fee for participation in the equity transaction. DLJ Merchant Banking Partners III, L.P. and Carlyle/Riverstone Energy Partners, LP, affiliates of the investors, received an aggregate fee of \$3 million from the Company, which was paid out of the proceeds of the stock sale.

As part of the equity transaction the Company, the investors and Gerhard Kurz entered into a Stockholders Agreement dated as of September 13, 2002 which included provisions relating to the right of the investors to designate the majority of the directors on the Board of Directors, independent director oversight of affiliated party transactions, certain protective rights to minority shareholders, and related amendments to the Company's Certificate of Incorporation and By-laws.

Recent Grants in 2003

On February 25, 2003, the Compensation Committee and the Board of Directors granted stock options for 345,000 shares at \$8.00 per share that vest ratably over five years and restricted stock for 115,000 shares that vest at the end of five years to five senior executives of the Company under the Company's Amended and Restated Equity Ownership Plan. In addition, stock options for 175,000 shares were granted at market value of \$7.29 that vest ratably over three years to 19 other management employees.

Employment Agreements

The Company has an employment agreement, as amended, with Mr. Kurz to serve as President and Chief Executive Officer. The agreement, which expires September 13, 2007, provides for an annual base salary of \$500,000, subject to annual review by the Board of Directors for possible upward adjustment based on Company policy and contributions made by Mr. Kurz. Mr. Kurz is eligible for a bonus targeted to 100% of his base salary, based upon the Company's achievement of performance targets agreed upon annually. He was granted options to purchase 75,000 shares of the Company's Common Stock upon effectiveness of the agreement, and options to purchase an additional 225,000 shares, 112,500 of which vested on January 1, 2001, and 112,500 of which vested on December 31, 2002, which grants were approved by the Company's stockholders as part of the Company's Amended and Restated Equity Ownership Plan in June 2000. On December 3, 2001 the options for 75,000 shares were cancelled and in exchange Mr. Kurz was granted 75,000 shares of restricted stock pursuant to the Amended and Restated Equity Ownership Plan. The forfeiture restrictions lapsed as to 25,000 shares of restricted stock on December 4, 2001, and will lapse as to 50,000 shares on December 3, 2003. If Mr. Kurz's employment is terminated by the Company without cause or for good reason (each as defined in the agreement), he is entitled to an amount equal to the sum of two times his annual base salary and two times his annual maximum bonus for the year in which termination occurs. His employment agreement was amended in September 2002 to extend the term to September 13, 2007, increase his annual base salary from \$350,000 to \$500,000, and change his severance from one year annual base salary and bonus for the remainder of the term to two times base salary and two times bonus.

In April 2003 the Company entered into Severance Agreements with four senior executives - Vincent deSostoa, Senior Vice President and Chief Financial Officer, Larry Francois, Senior Vice President and President of Seabulk Offshore, Hubert Thyssen, Vice President and Senior Vice President International of Seabulk Offshore, and Alan R. Twaits, Senior Vice President, General Counsel and Secretary - which would provide for severance payments in the amount of one year's salary and one year's bonus in the event of future

involuntary terminations without cause, including terminations after a change in control. The Agreements have an initial term of two years, with renewals for additional two year terms unless terminated by the Company. The Severance Agreements do not require shareholders' approval.

Benefits Agreements

In March 2003, the Company entered into a severance agreement with Andrew W. Brauning in connection with his resignation as Senior Vice President and President of Seabulk Offshore. Under the agreement, the Company agreed to make a severance payment in the lump sum amount of \$145,384. The agreement also includes provisions prohibiting Mr. Brauning for a period from being involved in any business enterprise that competes with the Company and from disclosing or using the Company's confidential information.

In July 2002, the Company entered into an oral severance consulting arrangement with William R. Ludt in connection with his resignation as Senior Vice President and President of Seabulk Towing. Mr. Ludt was paid \$37,268 from July 2002 through January 2003 for consulting services provided.

In August 2000, the Company entered into a severance agreement with Eugene F. Sweeney in connection with his resignation as President and Chief Operating Officer. Under the agreement, the Company agreed to make severance payments to Mr. Sweeney aggregating \$450,000 over an 18-month period from December 2000 to June 2002. The agreement also includes provisions prohibiting Mr. Sweeney from being involved in any business enterprise that competes with the Company and from disclosing or using the Company's confidential information.

Management Annual Incentive Compensation Plan

The Compensation Committee of the Board of Directors in March 2003 adopted a Management Annual Incentive Compensation Plan for eligible management employees. The Plan establishes a bonus pool based on the Company's targeted budget amounts for EBITDA (earnings before interest, taxes, depreciation and amortization) and for cash flow. Individual awards are based on various performance tests including EBITDA versus budget, cash flow versus budget, operating income versus budget, revenue versus budget, safety performance, and individual performance, depending on whether the eligible employee is an administrative/corporate employee, operations employee or marketing employee. The purpose of the Plan is to incentivize management employees and align an important element of their compensation with the Company's performance. The Plan does not require shareholder approval.

Executive Deferred Compensation Plan

In February 2003 the Company established an Executive Deferred Compensation Plan for highly compensated employees. Under the Plan, such an employee may elect to defer up to 50% of his salary and 100% of bonuses and grants of restricted Company stock for periods of at least five years or until retirement. Income tax on deferred amounts is payable when distributed to the employee after such deferral periods. The Company is permitted to make contributions to the Plan but has not to date elected to do so. Salary, bonus and restricted stock deferred under the Plan are funded by the Company into a trust for the benefit of the eligible employees, which together with an outside consultant/administrator, administers the Plan. The Deferred Compensation Plan does not require shareholder approval.

Report of the Compensation Committee on Executive Compensation

The Compensation Committee is responsible for supervising the Company's executive compensation policies, approving employee stock compensation awards under approved plans, reviewing and approving officers' salaries and bonuses under the Company's Management Annual Incentive Compensation Plan, approving significant changes in executive employee benefits, recommending to the Board such other forms of remuneration and compensation policies as it deems appropriate, and reviewing executive succession strategies with the CEO for approval by the Board. The Compensation Committee is composed of three directors who are not employees of the Company.

Compensation Philosophy

The Company's executive compensation program is designed to attract, retain, and motivate highly qualified and experienced senior management. The Compensation Committee believes that these objectives can best be obtained by directly tying executive compensation to meeting annual and long-term financial performance goals and to appreciation in the Company's stock price. In accordance with these objectives, the total compensation program for the executive officers of the Company and its subsidiaries consists of three components, which are examined and utilized by the Compensation Committee:

- (1) base salary;
- (2) annual performance bonuses based upon achievement of company and business unit financial and operational performance criteria and individual performance goals; and
- (3) long-term equity incentives such as stock options and restricted stock grants, which vest over a period of years.

Base Salary

The base salaries of the Company's executive officers are reviewed by the Compensation Committee and are set at levels reflecting the responsibilities of the position, the level of experience required to effectively perform the requirements of the position, and individual performance. Base salaries are established in conjunction with individual performance evaluations and with the recommendations of the CEO. The Company's financial performance is an important factor. To assist in establishing salary levels, the Compensation Committee may from time to time take into consideration salary levels of executives at other comparable companies in the marine transportation industry and at other companies of comparable size in the geographic region of the Company.

Annual Bonus

The Company's Management Annual Incentive Compensation plan is intended to promote superior performance by (i) aligning management incentive compensation with financial and operating performance metrics with those that create long term shareholder value and appreciation in the Company's stock price, and (ii) making management incentive compensation a material and important part of an executive's total compensation. In calculating such bonuses, the Compensation Committee examines both objective performance, in which a given executive's performance is measured in terms of Company and business units financial and operational results compared to budgeted targets, as well as individual goals and subjective

Table of Contents

performance. Management employees' annual bonuses are based upon a percentage of their base salaries, which can go up or down based on Company and business unit financial and operational performance as well as personal performance. The Company's budgeted target bonus pool is calculated based upon a target percentage of eligible executives' current salary assuming company and individual performance goals are achieved. The bonus pool amount can go up or down based upon the Company's performance against budgeted EBITDA (earnings before interest, taxes, depreciation, and amortization) and cash flow.

Long-Term Incentives

The Compensation Committee believes that it is important to provide executive officers incentive compensation based upon the Company's stock price performance, thus aligning the interests of its executive officers with those of its shareholders and encouraging them to contribute to the Company's long-term success. Executive officers are eligible to receive awards of stock options and restricted stock which vest over a period of years. These equity based incentive awards are structured to encourage key employees to remain in the service of the Company.

CEO Compensation

In setting the compensation payable to the Company's Chairman, President and Chief Executive Officer, the Compensation Committee seeks to achieve two objectives: (i) establish a level of base salary which is (a) competitive with that paid by comparable companies within the industry; (b) competitive with that paid by companies outside the industry with which the Company competes for executive talent; and (c) commensurate with the high risks inherent in the waterborne transportation of petroleum and chemical products; the strict governmental regulation of such operations and large penalties provided by law in certain instances of groundings, collisions, and spills; and the complexities of the Chief Executive Officer's duties and responsibilities growing out of the Company's diverse operations within its three segments; and (ii) make a significant percentage of the total compensation package contingent upon the Company's performance and financial results. The Committee reviewed the Chief Executive Officer's contribution to the Company's improved financial and operating performance as well as recognized his efforts and role in the Company's restructuring and refinancing completed during 2002.

Report of the Audit Committee

Under the guidelines of the written charter adopted by the Board of Directors, the Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the accurate preparation of the financial statements and maintaining the reporting process and systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed and discussed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, and the reasonableness of significant judgments.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards, including the matters required to be discussed by SAS 61, and has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1. In addition, the Committee discussed with the independent auditors the auditors' independence from management, the Company, and the Board, including the matters in the written disclosures required by the Independence Standards Board.

The Committee engaged the Company's independent auditors and discussed with them the overall scope and plans for the audit. The Committee met with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held ten meetings during fiscal year 2002 with the independent auditors.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended, subject to shareholder approval, the selection of the Company's independent auditors for fiscal year 2003.

**2. PROPOSAL TO AMEND THE SEABULK INTERNATIONAL, INC.
AMENDED AND RESTATED EQUITY OWNERSHIP PLAN**

Upon the recommendation of the Compensation Committee, the Board of Directors unanimously approved, subject to the consideration and approval of the shareholders of the Company, an amendment of the Seabulk International, Inc. Amended and Restated Equity Ownership Plan (the Plan) to increase the number of shares of Common Stock (Stock) available for issuance under the Plan from 1,300,000 to 2,300,000. The Plan was originally approved by the Board of Directors and shareholders of the Company in June 2000. Essentially all of the 1,300,000 shares currently in the Plan have been awarded, either as stock options or as restricted stock. The Board of Directors believes that the success of the Company depends in part upon its ability to attract and retain highly qualified and competent officers and employees. The Board of Directors believes that incentive-based compensation enhances that ability and provides motivation to such persons to advance the interests of the Company and its shareholders.

Also upon the recommendation of the Compensation Committee, the Board of Directors unanimously approved, subject to the consideration and approval of the shareholders of the Company, an amendment of the Plan to modify the current definition of Change in Control. The revised definition would add acquisition of 50% or more of the outstanding voting securities of the Company by means of a private equity or public equity offering to the definition. The dissolution or liquidation of the Company would also be added to the definition. The Board of Directors believes that this definition, as amended, will provide a more common definition of Change in Control customarily seen in employee stock compensation plans and will provide additional protection to employees in the event of a change in control through a private equity placement, public equity offering, dissolution or liquidation. An employee's unvested stock options vest and restricted stock becomes non-forfeitable if an employee is terminated within two years after a change in control under the Plan.

A copy of the revised Plan is attached to this Proxy Statement as Appendix A. The following is a brief summary of certain provisions of the Plan, which summary is qualified in its entirety by reference to the full text of the Plan. Capitalized terms not specifically defined in this section shall have the same meaning given to such term in the Plan. The Board's approval of the amendment to the Plan and recommendation that the shareholders adopt it follows the summary.

Material Features of the Plan

Administration of the Plan. The Plan is administered by the Compensation Committee of the Board of Directors (the Committee). The Committee has full authority to determine the officers and employees of the Company or its affiliates to whom awards will be granted and the terms and provisions of such awards. Subject to the provisions of the Plan, the Committee has full authority to interpret the Plan; to prescribe, amend and rescind rules and regulations relating to the Plan; to determine the terms and provisions of the respective stock agreements issued under the Plan and to make all other determinations necessary or advisable for the proper administration of the Plan. The Committee's determinations under the Plan need not be uniform and may be made by it selectively among persons who receive, or are eligible to receive, awards under the Plan (whether or not such persons are similarly situated). The Committee's decisions are final and binding on all participants in the Plan.

Participation in the Plan. Participants in the Plan are selected from among the officers and employees of the Company and its affiliates who, in the opinion of the Committee, are in a position to contribute

Table of Contents

materially to the Company's continued growth and development and to its long-term financial success. As of March 1, 2003, approximately 68 persons participate in the Plan.

Awards Under the Plan. The Plan provides for the grant of any or all of the following types of awards (collectively, "Awards"): (i) stock options, including incentive stock options, within the meaning of Section 422 of the Code, and non-qualified stock options; (ii) stock appreciation rights, freestanding or granted in connection with all or any portion of a previously or contemporaneously granted Award; (iii) restricted stock; (iv) dividend equivalent rights; (v) performance awards; and (vi) phantom shares. Awards may be granted singly, in combination, or in tandem, as determined by the Committee in its discretion. Subject to the Plan, the Committee generally has the authority to fix the terms and number of Awards to be granted under the Plan.

The exercise price for any option may be paid as follows: (a) in cash; (b) with Stock that has been owned by the holder for at least six months prior to the date of exercise having an aggregate fair market value on the date of exercise equal to the exercise price; (c) by tendering a combination of cash and Stock; and/or (d) in any other form of valid consideration that is acceptable to the Committee in its sole discretion.

Stock Subject to the Plan. With the addition of the 1,000,000 new shares which are being requested herein for approval by the stockholders added to the 1,300,000 shares currently authorized and reserved, an aggregate of 2,300,000 shares of Stock will be authorized for issuance under the Plan, subject to adjustments as are appropriate to reflect any stock dividend, stock split or increase or decrease in shares of Stock without receipt of consideration by the Company. As 1,604,000 options and restricted stock have been granted to date under the Plan as of March 1, 2003, and 260,165 unexercised options have been returned to the Plan through retirements, terminations, or exchanges, 956,165 shares will be available for issuance under the Plan upon approval by the stockholders of this Amendment. Grants made above 1,300,000 shares were made contingent upon shareholder approval of the Plan amendment.

Effect of Certain Corporate Events. In the event of a merger, consolidation or other reorganization of the Company or tender offer for shares of Stock, the Committee may make adjustments with respect to awards and take such other action as it deems necessary or appropriate to reflect in anticipation of such merger, consolidation, reorganization or tender offer, including the substitution of new Awards, the termination or adjustment of outstanding Awards, the acceleration of Awards or the removal of restrictions on outstanding Awards.

Summary of Certain Federal Income Tax Consequences of the Plan

Incentive Stock Options. No taxable income is realized by a participant and no tax deduction is available to the Company upon either the grant or exercise of an incentive stock option. If a participant holds the shares acquired upon the exercise of an incentive stock option for more than one year after the issuance of the shares upon exercise of the incentive stock option and more than two years after the date of the grant of the incentive stock option (the "ISO Holding Period"), the difference between the exercise price and the amount realized upon the sale of the shares will be treated as a long-term capital gain or loss and no deduction will be available to the Company. If the shares are transferred before the expiration of the ISO Holding Period, the participant will realize ordinary income and the Company will be entitled to a deduction on the portion of the gain, if any, equal to the difference between the incentive stock option exercise price and the fair market value of the shares on the date of exercise or, if less, the difference between the amount realized on the disposition and the adjusted basis of the stock; provided, however, that the deduction will not be allowed if such amount exceeds an applicable deduction limitation and does not satisfy an exception to such deduction limitation. Any further gain or loss from an arm's-length sale or exchange will be taxable as a long-term or short-term capital

Table of Contents

gain or loss, depending upon the holding period before disposition. Certain special rules apply if an incentive stock option is exercised by tendering stock.

The difference between the incentive stock option exercise price and the fair market value, at the time of exercise, of the Common Stock acquired upon the exercise of an incentive stock option may give rise to alternative minimum taxable income subject to an alternative minimum tax. Special rules also may apply in certain cases where there are subsequent sales of shares in disqualifying dispositions and to determine the basis of the stock for purposes of computing alternative minimum taxable income on subsequent sale of the shares.

Non-Qualified Stock Options. No taxable income generally is realized by the participant upon the grant of a non-qualified stock option, and no deduction generally is then available to the Company. Generally, upon exercise of a non-qualified stock option, the excess of the fair market value of the shares on the date of exercise over the exercise price will be taxable to the participant as ordinary income. Such amount will also be deductible by the Company (assuming any Federal income tax reporting requirements are satisfied) unless such amount exceeds an applicable deduction limitation and does not satisfy an exception to such deduction limitation. The tax basis of shares acquired by the participant will be the fair market value on the date of exercise. When a participant disposes of shares acquired upon exercise of a non-qualified stock option, any amount realized in excess of the fair market value of the shares on the date of exercise generally will be treated as a capital gain and will be long-term or short-term, depending on the holding period of the shares. The holding period commences upon exercise of the non-qualified stock option. If the amount received is less than such fair market value, the loss will be treated as a long-term or short-term capital loss, depending on the holding period of the shares. The exercise of a non-qualified stock option will not trigger the alternative minimum tax consequences applicable to incentive stock options.

Stock Appreciation Rights. No taxable income will be realized by a participant upon the grant of a stock appreciation right and no deduction will be available to the Company. Generally, upon the exercise of the stock appreciation right, the participant will realize taxable income equal to the cash or the fair market value (on the date of exercise) of the shares, or both, received, and the Company will be entitled to a deduction (assuming any Federal income tax reporting requirements are satisfied) unless such amount exceeds an applicable deduction limitation and does not satisfy an exception to the deduction limitation. The tax basis in any shares received will be the fair market value on the date of exercise and, if shares received are held for more than one year, the participant will realize long-term capital gain or loss upon disposition.

Restricted Stock. Unless a participant otherwise elects to be taxed upon receipt of shares of restricted stock under the Plan, the participant must include in his or her taxable income the difference between the fair market value of the shares and the amount paid, if any, for the shares, as of the first date the participant's interest in the shares is no longer subject to a substantial risk of forfeiture or such shares become transferable. A participant's rights in restricted stock awarded under the Plan are subject to a substantial risk of forfeiture if the rights to full enjoyment of the shares are conditioned, directly or indirectly, upon the future performance of substantial services by the participant. Where shares of restricted stock received under the Plan are subject to a substantial risk of forfeiture, the participant can elect to report the difference between the fair market value of the shares on the date of receipt and the amount paid, if any, for the stock as ordinary income in the year of receipt. To be effective, the election must be filed with the Internal Revenue Service within 30 days after the date the shares are transferred to the participant. The Company is entitled to a federal income tax deduction equal in amount to the amount includable as compensation in the gross income of the participant, unless such amount exceeds an applicable deduction limitation and does not satisfy an exception to such deduction limitation. The amount of taxable gain arising from a participant's sale of shares of restricted stock acquired pursuant to the Plan is equal to the excess of the amount realized on such sale over the sum of the amount paid,

Table of Contents

if any, for the stock and the compensation element included by the participant in taxable income. For stock held more than one year, the participant will realize long-term capital gain or loss upon disposition.

Dividend Equivalent Rights, Performance Awards and Phantom Shares. A participant who has been granted a dividend equivalent right, performance award or a phantom share award under the Plan generally will not realize taxable income at the time of grant, and the Company will not be entitled to a deduction at that time. Whether a dividend equivalent right, performance award or phantom share award is paid in cash or shares of Common Stock, the participant will have taxable compensation and, subject to an applicable deduction limitation, the Company will have a corresponding deduction. The measure of such income and deduction will be the amount of any cash paid and the fair market value of any shares of Common Stock either at the time the award is paid or at the time any restrictions on the shares (including restrictions under Section 16(b) of the Exchange Act) subsequently lapse, depending on the nature, if any, of the restrictions imposed and whether the individual elects to be taxed without regard to any such restrictions.

Effect of Termination of Employment. The Plan provides that in the event of termination of a participant's service with the Company any Award under the Plan may be canceled, accelerated, paid or continued, as provided in the Stock Agreement or, in the absence of such provision, as the Committee, in its sole discretion, may determine.

Termination and Amendment of the Plan. The Board of Directors may at any time amend or terminate the Plan. The Plan provides that no termination or amendment without the consent of the holder of an Award will adversely affect the rights of the participant under such Award.

Approval of the Proposed Amendment of the Plan

The Compensation Committee and the Board of Directors of the Company have unanimously approved the amendments of the Plan. Amendments of the Plan require the affirmative vote of a majority of the votes cast in person or by proxy at the Meeting.

The Board unanimously recommends that the shareholders vote FOR the adoption of the proposed amendments of the Seabulk International, Inc. Amended and Restated Equity Ownership Plan.

**3. PROPOSAL TO AMEND THE SEABULK INTERNATIONAL, INC.
STOCK OPTION PLAN FOR DIRECTORS**

Upon the recommendation of the Compensation Committee, the Board of Directors unanimously approved, subject to the consideration and approval of the shareholders of the Company, an amendment of the Seabulk International, Inc. Stock Option Plan for Directors (the Plan) to increase the number of shares of Common Stock (Stock) available for issuance under the Plan from 175,000 to 360,000. The Plan was originally approved by the Board of Directors and shareholders of the Company in June 2000. Most of the 175,000 shares currently in the Plan have been awarded. The Plan currently does not have enough shares remaining to grant awards to the Directors after the Annual Shareholders Meeting as set forth in the Plan. The Board of Directors believes that incentive-based stock compensation provides additional motivation to Directors to advance the interests of the Company and its shareholders.

Also upon the recommendation of the Compensation Committee, the Board of Directors unanimously approved, subject to the consideration and approval of the shareholders of the Company, an amendment of the Plan to modify the current definition of Change in Control. The revised definition would add acquisition of 50% or more of the outstanding voting securities of the Company by means of a private equity or public equity offering to the definition. The dissolution or liquidation of the Company would also be added to the definition. The Board of Directors believes that this definition, as amended, will provide a more common definition of Change in Control customarily seen in stock compensation plans and will provide additional protection in the event of a change in control through a private equity placement, public equity offering, dissolution or liquidation. Directors' unvested stock options vest upon a change in control under the Plan.

A copy of the revised Plan is attached to this Proxy Statement as Appendix B. The following is a brief summary of certain provisions of the Plan, which summary is qualified in its entirety by reference to the full text of the Plan. Capitalized terms not specifically defined in this section shall have the same meaning given to such term in the Plan. The Board's approval of the amendment to the Plan and recommendation that the shareholders adopt it follows the summary.

Material Features of the Plan

Administration of the Plan. The Plan is administered by the Compensation Committee of the Board of Directors (the Committee). Subject to the provisions of the Plan, the Committee has full authority to interpret the Plan; to prescribe, amend and rescind rules and regulations relating to the Plan; to determine the terms and provisions of the respective Stock Agreements issued under the Plan; and to make all other determinations necessary or advisable for the proper administration of the Plan. The Committee's determinations under the Plan need not be uniform and may be made by it selectively among persons who receive, or are eligible to receive, awards under the Plan (whether or not such persons are similarly situated). The Committee's decisions are final and binding on all participants in the Plan.

Awards Under the Plan. The Plan provides for the grant of non-qualified stock options (Awards). The exercise price for any option may be paid as follows: (a) in cash; (b) with Stock that has been owned by the holder for at least six months prior to the date of exercise having an aggregate fair market value on the date of exercise equal to the exercise price; (c) by tendering a combination of cash and Stock; and/or (d) in any other form of valid consideration that is acceptable to the Committee in its sole discretion.

Table of Contents

Stock Subject to the Plan. With the addition of the 185,000 new shares which are being requested herein for approval by the stockholders to be added to the 175,000 shares currently authorized and reserved, an aggregate of 360,000 shares of Stock will be authorized for issuance under the Plan, subject to adjustments as are appropriate to reflect any stock dividend, stock split or increase or decrease in shares of Stock without receipt of consideration by the Company. As 144,000 options have been granted under the Plan as of March 1, 2003, and 31,000 shares currently remain to be granted and issued under the Plan, 216,000 shares will be available for issuance under the Plan upon approval by the stockholders of this Amendment.

Effect of Certain Corporate Events. In the event of a merger, consolidation or other reorganization of the Company or tender offer for shares of Stock, the Committee may make adjustments with respect to awards and take such other action as it deems necessary or appropriate to reflect in anticipation of such merger, consolidation, reorganization or tender offer, including the substitution of new Awards, the termination or adjustment of outstanding Awards, the acceleration of Awards or the removal of restrictions on outstanding Awards.

Effect of Cessation as Director. The Plan provides that in the event of cessation of a Director's service with the Company, Awards shall be exercised within twelve months unless cessation is due to certain enumerated circumstances, including change in control, in which case they may be exercised until the expiration of the options.

Federal Income Tax Consequences. Under present federal income tax laws the grant of an option will create no federal income tax consequences for an optionee or the Company. Upon exercising an option, the optionee must recognize ordinary income equal to the difference between the exercise price and the fair market value of the common stock on the date of exercise and the Company will be entitled to a deduction for the same amount.

Amendment of the Plan. The Plan provides that no termination or amendment without the consent of the holder of an Award will adversely affect the rights of the participant under such Award.

Approval of the Proposed Amendment of the Plan

The Compensation Committee and the Board of Directors of the Company have unanimously approved the amendments to the Plan. Amendments of the Plan require the affirmative vote of a majority of the votes cast in person or by proxy at the Meeting.

The Board unanimously recommends that the shareholders vote for the adoption of the proposed amendments of the Seabulk International, Inc. Stock Option Plan for Directors.

EQUITY OWNERSHIP PLAN

Seabulk International, Inc. hereby establishes this Plan to be called the Equity Ownership Plan to encourage certain employees of the Company to acquire Common Stock of the Company, to make monetary payments to certain employees based upon the value of the Common Stock, or based upon achieving certain goals on a basis mutually advantageous to such employees and the Company and thus provide an incentive for continuation of the efforts of the employees for the success of the Company, for continuity of employment and to further the interests of the shareholders. This Equity Ownership Plan amends and restates in its entirety the Seabulk International, Inc. Stock Option Plan dated December 15, 1999.

SECTION 2 GENERAL TERMS

2.1 Purpose of the Plan. The Plan is intended to (a) provide incentive to officers and employees of the Company and its affiliates to stimulate their efforts toward the continued success of the Company and to operate and manage the business in a manner that will provide for the long-term growth and profitability of the Company; (b) encourage stock ownership by officers and employees by providing them with a means to acquire a proprietary interest in the Company by acquiring shares of Stock or to receive compensation which is based upon appreciation in the value of Stock; and (c) provide a means of obtaining and rewarding personnel.

2.2 Stock Subject to the Plan. Subject to adjustment in accordance with Section 5.2, 2,300,000 shares of Stock (the Maximum Plan Shares) are hereby reserved and subject to issuance under the Plan. At no time shall the Company have outstanding Awards and shares of Stock issued in respect to Awards in excess of the Maximum Plan Shares. To the extent permitted by law, the shares of Stock attributable to the nonvested, unpaid, unexercised, unconverted or otherwise unsettled portion of any Award that is forfeited, canceled or expires or terminates for any reason without becoming vested, paid, exercised, converted or otherwise settled in full shall again be available for purposes of the Plan.

2.3 Administration of the Plan. The Plan shall be administered by the Committee. The Committee shall have full authority in its discretion to determine the officers and employees of the Company or its affiliates to whom Awards shall be granted and the terms and provisions of Awards, subject to the Plan. Subject to the provisions of the Plan, the Committee shall have full and conclusive authority to interpret the Plan; to prescribe, amend and rescind rules and regulations relating to the Plan; to determine the terms and provisions of the respective Stock Agreements and to make all other determinations necessary or advisable for the proper administration of the Plan. The Committee's determinations under the Plan need not be uniform and may be made by it selectively among persons who receive, or are eligible to receive, awards under the Plan (whether or not such persons are similarly situated). The Committee's decisions shall be final and binding on all Participants.

2.4 Eligibility and Limits. Participants in the Plan shall be selected by the Committee from among those employees of the Company and its affiliates who, in the opinion of the Committee, are in a position to contribute materially to the Company's continued growth and development and to its long-term financial success. In the case of Incentive Stock Options, the aggregate Fair Market Value (determined as at the date an Incentive Stock Option is granted) of Stock with respect to which Stock Options intended to meet the requirements of Code Section 422 that become exercisable for the first time by an individual during any calendar year under all plans of the Company and its Parents and Subsidiaries shall not exceed \$100,000;

Table of Contents

provided further, that if the limitation is exceeded, the Incentive Stock Option(s) which cause the limitation to be exceeded shall be treated as Non-Qualified Stock Option(s).

SECTION 3 TERMS OF AWARDS

3.1 Terms and Conditions of All Awards.

(a) The number of shares of Stock as to which an Award shall be granted shall be determined by the Committee in its sole discretion, subject to the provisions of Sections 2.2 and 2.4 as to the total number of shares available for grants under the Plan.

(b) Each Award shall be evidenced by a Stock Agreement in such form as the Committee may determine is appropriate, subject to the provisions of the Plan.

(c) The date an Award is granted shall be the date on which the Committee has approved the terms and conditions of the Stock Agreement and has determined the recipient of the Award and the number of shares covered by the Award and has taken all such other action necessary to complete the grant of the Award.

(d) The Committee may provide in any Stock Agreement a vesting schedule. The vesting schedule shall specify when such Awards shall become Vested and thus exercisable. Notwithstanding any vesting schedule which may be specified in a Stock Agreement, in the event of any Termination of Employment other than by reason of death or Disability within 2 years following a Change in Control the Awards granted under the Plan shall become 100% Vested and exercisable except to the extent that the exercisability of any such Award would result in an excess parachute payment within the meaning of Section 280G of the Code.

(e) Awards shall not be transferable or assignable except by will or by the laws of descent and distribution and shall be exercisable, during the Participant's lifetime, only by the Participant, or in the event of the Disability of the Participant, by the legal representative of the Participant.

3.2 Terms and Conditions of Options. At the time any Option is granted, the Committee shall determine whether the Option is to be an Incentive Stock Option or a Non-Qualified Stock Option, and the Option shall be clearly identified as to its status as an Incentive Stock Option or a Non-Qualified Stock Option. At the time any Incentive Stock Option is exercised, the Company shall be entitled to place a legend on the certificates representing the shares of Stock purchased pursuant to the Option to clearly identify them as shares of Stock purchased upon exercise of an Incentive Stock Option. An Incentive Stock Option may only be granted within ten (10) years from the earlier of the date the Plan, as amended and restated, is adopted or approved by the Company's stockholders.

(a) Option Price. Subject to adjustment in accordance with Section 5.2 and the other provisions of this Section 3.2, the exercise price (the Exercise Price) per share of the Stock purchasable under any Option shall be as set forth in the applicable Stock Agreement. With respect to each grant of an Incentive Stock Option to a Participant who is not an Over 10% Owner, the Exercise Price per share shall not be less than the Fair Market Value on the date the Option is granted. With respect to each grant for an

Table of Contents

Incentive Stock Option to a Participant who is an Over 10% Owner, the Exercise Price shall not be less than 110% of the Fair Market Value on the date the Option is granted.

(b) Option Term. Any Incentive Stock Option granted to a Participant who is not an Over 10% Owner shall not be exercisable after the expiration of ten (10) years after the date the Option is granted. Any Incentive Stock Option granted to an Over 10% Owner shall not be exercisable after the expiration of five (5) years after the date the Option is granted. In either case, the Committee may specify a shorter term and state such term in the Stock Agreement.

(c) Payment. Payment for all shares of Stock purchased pursuant to exercise of an Option shall be made in any form or manner authorized by the Committee in the Stock Agreement or by amendment thereto, including, but not limited to, cash or, if the Stock Agreement provides, (i) by delivery to the Company of a number of shares of Stock which have been owned by the holder for at least six (6) months prior to the date of exercise having an aggregate Fair Market Value on the date of exercise equal to the Exercise Price or (ii) by tendering a combination of cash and Stock. Payment shall be made at the time that the Option or any part thereof is exercised, and no shares shall be issued or delivered upon exercise of an option until full payment has been made by the Participant. The holder of an Option, as such, shall have none of the rights of a stockholder.

(d) Conditions to the Exercise of an Option. Each Option granted under the Plan shall be exercisable at such time or times or upon the occurrence of such event or events, and in such amounts, as the Committee shall specify in the Stock Agreement; provided, however, that subsequent to the grant of an Option, the Committee, at any time before termination of such Option, may accelerate the time or times at which such Option may be exercised in whole or in part, including, without limitation, upon a Change in Control and may, except as provided in Section 3.2(e), permit the Participant or any other designated person to exercise the Option, or any portion thereof, for all or part of the remaining Option term notwithstanding any provision of the Stock Agreement to the contrary.

(e) Termination of Incentive Stock Option. With respect to an Incentive Stock Option, in the event of Termination of Employment of a Participant, the Option or portion thereof held by the Participant which is unexercised shall expire, terminate, and become unexercisable no later than the expiration of three (3) months after the date of Termination of Employment; provided, however, that in the case of a holder whose Termination of Employment is due to death or Disability, one (1) year shall be substituted for such three (3) month period. For purposes of this Subsection (e), Termination of Employment of the Participant shall not be deemed to have occurred if the Participant is employed by another corporation (or a parent or subsidiary corporation of such other corporation) which has assumed the Incentive Stock Option of the Participant in a transaction to which Code Section 424(a) is applicable.

(f) Special Provisions for Certain Substitute Options. Notwithstanding anything to the contrary in this Section 3.2, any Option issued in substitution for an option previously issued by another entity, which substitution occurs in connection with a transaction to which Code Section 424(a) is applicable, may provide for an exercise price computed in accordance with such Code Section and the regulations thereunder and may contain such other terms and conditions as the Committee may prescribe to cause such substitute Option to contain as nearly as possible the same terms and conditions (including the applicable vesting and termination provisions) as those contained in the previously issued option being replaced thereby.

3.3 Terms and Conditions of Stock Appreciation Rights. A Stock Appreciation Right may be granted in connection with all or any portion of a previously or contemporaneously granted Award or not in connection with an Award. A Stock Appreciation Right shall entitle the Participant to receive the excess of (1) the Fair Market Value of a specified or determinable number of shares of the Stock at the time of payment or exercise over (2) a specified price which, in the case of a Stock Appreciation Right granted in connection with an Option, shall be not less than the Exercise Price for that number of shares. A Stock Appreciation Right granted in connection with an Award may only be exercised to the extent that the related Award has not been exercised, paid or otherwise settled. The exercise of a Stock Appreciation Right granted in connection with an Award shall result in a pro rata surrender or cancellation of any related Award to the extent the Stock Appreciation Right has been exercised.

(a) Payment. Upon payment or exercise of a Stock Appreciation Right, the Company shall pay to the Participant the appreciation in cash or shares of Stock (valued at the aggregate Fair Market Value on the date of payment or exercise) as provided in the Stock Agreement or, in the absence of such provision, as the Committee may determine.

(b) Conditions to Exercise. Each Stock Appreciation Right granted under the Plan shall be exercisable or payable at such time or times, or upon the occurrence of such event or events, and in such amounts, as the Committee shall specify in the Stock Agreement; provided, however, that subsequent to the grant of a Stock Appreciation Right, the Committee, at any time before termination of such Stock Appreciation Right, may accelerate the time or times at which such Stock Appreciation Right may be exercised or paid in whole or in part.

3.4 Terms and Conditions of Stock Awards. The numbers of shares of Stock subject to a Stock Award and restrictions or conditions on such shares, if any, shall be as the Committee determines, and the certificate for such shares shall bear evidence of any restrictions or conditions. Subsequent to the date of the grant of the Stock Award, the Committee shall have the power to permit, in its discretion, an acceleration of the expiration of an applicable restriction period with respect to any part or all of the shares awarded to a Participant. The Committee may require a cash payment from the Participant in an amount no greater than the aggregate Fair Market Value of the shares of Stock awarded determined at the date of grant in exchange for the grant of a Stock Award or may grant a Stock Award without the requirement of a cash payment.

3.5 Terms and Conditions of Dividend Equivalent Rights. A Dividend Equivalent Right shall entitle the Participant to receive payments from the Company in an amount determined by reference to any cash dividends paid on a specified number of shares of Stock to Company stockholders of record during the period such rights are effective. The Committee may impose such restrictions and conditions on any Dividend Equivalent Right as the Committee in its discretion shall determine, including the date any such right shall terminate and may reserve the right to terminate, amend or suspend any such right at any time.

(a) Payment. Payment in respect of a Dividend Equivalent Right may be made by the Company in cash or shares of Stock (valued at Fair Market Value on the date of payment) as provided in the Stock Agreement or, in the absence of such provision, as the Committee may determine.

(b) Conditions to Payment. Each Dividend Equivalent Right granted under the Plan shall be payable at such time or times, or upon the occurrence of such event or events, and in such amounts, as the Committee shall specify in the Dividend Equivalent Right; provided, however, that subsequent to the grant of a

Table of Contents

Dividend Equivalent Right, the Committee, at any time before termination of such Dividend Equivalent Right, may accelerate the time or times at which such Dividend Equivalent Right may be paid in whole or in part.

3.6 Terms and Conditions of Performance Unit Awards. A Performance Unit Award shall entitle the Participant to receive, at a specified future date, payment of an amount equal to all or a portion of the value of a specified number of units (stated in terms of a designated dollar amount per unit) granted by the Committee. At the time of the grant, the Committee must determine the base value of each unit, the number of units subject to a Performance Unit Award, the performance factors applicable to the determination of the ultimate payment value of the Performance Unit Award and the period over which Company performance shall be measured. The Committee may provide for an alternate base value for each unit under specified conditions.

(a) Payment. Payment in respect of Performance Unit Awards may be made by the Company in cash or shares of Stock (valued at Fair Market Value on the date of payment) as provided in the Stock Agreement or, in the absence of such provision, as the Committee may determine.

(b) Conditions to Payment. Each Performance Unit Award granted under the Plan shall be payable at such time or times, or upon the occurrence of such event or events, and in such amounts, as the Committee shall specify in the Performance Unit Award; provided, however, that subsequent to the grant of a Performance Unit Award, the Committee, at any time before complete termination of such Performance Unit Award, may accelerate the time or times at which such Performance Unit Award may be paid in whole or in part.

3.7 Terms and Conditions of Phantom Shares. Phantom Shares shall entitle the Participant to receive, at a specified future date, payment of an amount equal to all or a portion of the Fair Market Value of a specified number of shares of Stock at the end of a specified period. At the time of the grant, the Committee shall determine the factors which will govern the portion of the rights so payable, including, at the discretion of the Committee, any performance criteria that must be satisfied as a condition to payment.

(a) Payment. Payment in respect of Phantom Shares may be made by the Company in cash or shares of Stock (valued at Fair Market Value on the date of payment) as provided in the Stock Agreement or, in the absence of such provision, as the Committee may determine.

(b) Conditions to Payment. Each Phantom Share granted under the Plan shall be payable at such time or times, or upon the occurrence of such event or events, and in such amounts, as the Committee shall specify in the Phantom Share; provided, however, that subsequent to the grant of a Phantom Share, the Committee, at any time before complete termination of such Phantom Share, may accelerate the time or times at which such Phantom Share may be paid in whole or in part.

3.8 Treatment of Awards Upon Termination of Employment. Except as otherwise provided by Plan Section 3.2(e), any award under this Plan to a Participant who suffers a Termination of Employment may be canceled, accelerated, paid or continued, as provided in the Stock Agreement or, in the absence of such provision, as the Committee may determine. The portion of any award exercisable in the event of continuation or the amount of any payment due under a continued award may be adjusted by the Committee to reflect the Participant's period of service from the date of grant through the date of the Participant's Termination of Employment or such other factors as the Committee determines are relevant to its decision to continue the award.

SECTION 4 RESTRICTIONS ON STOCK

4.1 Escrow of Shares. Any certificates representing the shares of Stock issued under the Plan shall be issued in the Participant's name, but, if the Stock Agreement so provides, the shares of Stock shall be held by a custodian designated by the Committee (the "Custodian"). Each Stock Agreement providing for transfer of shares of Stock to the Custodian shall appoint the Custodian as the attorney-in-fact for the Participant for the term specified in the Stock Agreement, with full power and authority in the Participant's name, place and stead to transfer, assign and convey to the Company any shares of Stock held by the Custodian for such Participant, if the Participant forfeits the shares under the terms of the Stock Agreement. During the period that the Custodian holds the shares subject to this Section, the Participant shall be entitled to all rights, except as provided in the Stock Agreement, applicable to shares of Stock not so held. Any dividends declared on shares of Stock held by the Custodian shall, as the Committee may provide in the Stock Agreement, be paid directly to the Participant or, in the alternative, be retained by the Custodian until the expiration of the term specified in the Stock Agreement and shall then be delivered, together with any proceeds, with the shares of Stock to the Participant or the Company, as applicable.

4.2 Forfeiture of Shares. Notwithstanding any vesting schedule set forth in any Stock Agreement or any other agreement with the Company or its affiliates, in the event that the Participant violates a non competition agreement as set forth in the Stock Agreement, all Awards and shares of Stock issued to the holder pursuant to the Plan shall be forfeited; provided, however, that the Company shall return to the holder the lesser of any consideration paid by the Participant in exchange for Stock issued to the Participant pursuant to the Plan or the then Fair Market Value of the Stock forfeited hereunder.

4.3 Restrictions on Transfer. The Participant shall not have the right to make or permit to exist any Disposition of the shares of Stock issued pursuant to the Plan except as provided in the Plan or the Stock Agreement. Any Disposition of the shares of Stock issued under the Plan by the Participant not made in accordance with the Plan or the Stock Agreement shall be void. The Company shall not recognize, or have the duty to recognize, any Disposition not made in accordance with the Plan and the Stock Agreement, and the shares so transferred shall continue to be bound by the Plan and the Stock Agreement.

SECTION 5 GENERAL PROVISIONS

5.1 Withholding. The Company shall deduct from all cash distributions under the Plan any taxes required to be withheld by federal, state or local government. Whenever the Company proposes or is required to issue or transfer shares of Stock under the Plan or upon the vesting of any Stock Award, the Company shall have the right to require the recipient to remit to the Company an amount sufficient to satisfy any federal, state and local withholding tax requirements prior to the delivery of any certificate or certificates for such shares or the vesting of such Stock Award. A Participant may pay the withholding tax in cash, or, if the Stock Agreement provides, a Participant may also elect to have the number of shares of Stock he is to receive reduced by, or with respect to a Stock Award, tender back to the Company, the smallest number of whole shares of Stock which, when multiplied by the Fair Market Value of the shares determined as of the Tax Date (defined below), is sufficient to satisfy federal, state and local, if any, withholding taxes arising from exercise or payment of an Award (a Withholding Election). A Participant may make a Withholding Election only if both of the following conditions are met:

(a) The Withholding Election must be made on or prior to the date on which the amount of tax required to be withheld is determined (the Tax Date) by executing and delivering to the Company a properly completed notice of Withholding Election as prescribed by the Committee; and

(b) Any Withholding Election made will be irrevocable; however, the Committee may in its sole discretion approve and give no effect to the Withholding Election.

5.2 Changes in Capitalization; Merger; Liquidation.

(a) The number of shares of Stock reserved for the grant of Options, Dividend Equivalent Rights, Performance Unit Awards, Phantom Shares, Stock Appreciation Rights and Stock Awards; the number of shares of Stock reserved for issuance upon the exercise or payment, as applicable, of each outstanding Option, Dividend Equivalent Right, Performance Unit Award, Phantom Share and Stock Appreciation Right and upon vesting or grant, as applicable, of each Stock Award; the Exercise Price of each outstanding Option and the specified number of shares of Stock to which each outstanding Dividend Equivalent Right, Phantom Share and Stock Appreciation Right pertains shall be proportionately adjusted for any increase or decrease in the number of issued shares of Stock resulting from a subdivision or combination of shares or the payment of a stock dividend in shares of Stock to holders of outstanding shares of Stock or any other increase or decrease in the number of shares of Stock outstanding effected without receipt of consideration by the Company.

(b) In the event of a merger, consolidation or other reorganization of the Company or tender offer for shares of Stock, the Committee may make such adjustments with respect to awards and take such other action as it deems necessary or appropriate to reflect or in anticipation of such merger, consolidation, reorganization or tender offer, including, without limitation, the substitution of new awards, the termination or adjustment of outstanding awards, the acceleration of awards or the removal of restrictions on outstanding awards. Any adjustment pursuant to this Section 5.2 may provide, in the Committee's discretion, for the elimination without payment therefor of any fractional shares that might otherwise become subject to any Award.

(c) The existence of the Plan and the Awards granted pursuant to the Plan shall not affect in any way the right or power of the Company to make or authorize any adjustment, reclassification,

Table of Contents

reorganization or other change in its capital or business structure, any merger or consolidation of the Company, any issue of debt or equity securities having preferences or priorities as to the Stock or the rights thereof, the dissolution or liquidation of the Company, any sale or transfer of all or any part of its business or assets, or any other corporate act or proceeding.

5.3 Compliance with Code. All Incentive Stock Options to be granted hereunder are intended to comply with Code Section 422, and all provisions of the Plan and all Incentive Stock Options granted hereunder shall be construed in such manner as to effectuate that intent.

5.4 Right to Terminate Employment. Nothing in the Plan or in any Award shall confer upon any Participant the right to continue as an employee or officer of the Company or any of its affiliates or affect the right of the Company or any of its affiliates to terminate the Participant's employment at any time.

5.5 Restrictions on Delivery and Sale of Shares; Legends. Each Award is subject to the condition that if at any time the Committee, in its discretion, shall determine that the listing, registration or qualification of the shares covered by such Award upon any securities exchange or under any state or federal law is necessary or desirable as a condition of or in connection with the granting of such Award or the purchase or delivery of shares thereunder, the delivery of any or all shares pursuant to such Award may be withheld unless and until such listing, registration or qualification shall have been effected. If a registration statement is not in effect under the Securities Act of 1933 or any applicable state securities laws with respect to the shares of Stock purchasable or otherwise deliverable under Awards then outstanding, the Committee may require, as a condition of exercise of any Option or as a condition to any other delivery of Stock pursuant to an Award, that the Participant or other recipient of an Award represent, in writing, that the shares received pursuant to the Award are being acquired for investment and not with a view to distribution and agree that shares will not be disposed of except pursuant to an effective registration statement, unless the Company shall have received an opinion of counsel that such disposition is exempt from such requirement under the Securities Act of 1933 and any applicable state securities laws. The Company may include on certificates representing shares delivered pursuant to an Award such legends referring to the foregoing representations or restrictions or any other applicable restrictions on resale as the Company, in its discretion, shall deem appropriate.

5.6 Non-alienation of Benefits. Other than as specifically provided with regard to the death of a Participant, no benefit under the Plan shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge; and any attempt to do so shall be void. No such benefit shall, prior to receipt by the Participant, be in any manner liable for or subject to the debts, contracts, liabilities, engagements or torts of the Participant.

5.7 Termination and Amendment of the Plan. The Board of Directors at any time may amend or terminate the Plan without stockholder approval; provided, however, that the Board of Directors may condition any amendment on the approval of stockholders of the Company if such approval is necessary or advisable with respect to tax, securities or other applicable laws. No such termination or amendment without the consent of the holder of an Award shall adversely affect the rights of the Participant under such Award.

5.8 Stockholder Approval. The Plan shall be approved by the holders of a majority of the Shares of Stock entitled to vote represented in person or by proxy at a meeting duly called.

Table of Contents

5.9 Choice of Law. The laws of the State of Delaware shall govern the Plan, to the extent not preempted by federal law.

5.10 Effective Date of Plan. The Plan, as amended and restated, shall become effective upon the date the Plan is approved by the stockholders of the Company.

Article VI Duration of Plan

The Plan shall remain in effect, subject to the Board's right to terminate the Plan pursuant to Article IX, until all Stock subject to it has been purchased or acquired pursuant to the provisions hereof. Notwithstanding the foregoing, no Option may be granted under the Plan on or after the tenth anniversary of the Plan's Effective Date.

Article VII Terms of Options

7.1 Grant of Options.

Each person who is an eligible participant in the Plan as specified in Article III shall receive the following Option grants.

- a) Those eligible Directors as of the Effective Date will receive 10,000 Options on the Option Date immediately following the Effective Date.
- b) Those individuals who become eligible Directors after Effective Date will receive 10,000 Options on the first Option Date following their election to the Board.

- a) All Options granted under the Plan will become 100% Vested and exercisable as of the first anniversary of the date that the Options are granted.
- b) Notwithstanding the provisions of Subsection (a) above, Options granted under the Plan will become 100% Vested and exercisable in the event of the Participant's death, Disability, completion of ten (10) years Service, Retirement or Change in Control, except to the extent that the exerciseability of any such Option would result in an excess parachute payment within the meaning of Section 280G of the Code.

7.6 Nontransferability of Options.

No Option granted under the Plan, may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, otherwise than by will or by the laws of descent and distribution. During the lifetime of the Participant, Options may be exercised only by the Participant.

7.7 Restriction on Stock Transferability.

The Committee may impose such restrictions on any shares of Stock acquired pursuant to the exercise of an Option under the Plan as it may deem advisable, including, without limitation, restrictions under applicable federal securities law, under the requirements of any stock exchange upon which such shares of Stock are then listed, under any blue sky or state securities laws applicable to such shares and under any buy/sell agreements entered into by the existing shareholders.

7.9 Purchase for Investment.

At the time of any exercise of any Option, the Committee may, if it shall deem it necessary for any reason connected with any law or regulation of any governmental authority relating to the regulation of securities, require as a condition to the issuance of Stock that the Participant represent in writing to the Company that it is his intention to acquire the Stock for investment only and not for resale. In the event such a representation is required and made, no Stock shall be issued to the Participant unless and until the Company is satisfied with the validity of such representation. Certificates for Stock as to which such representation is required and made may, in the discretion of the Board, be endorsed with a legend noting such representations.

In the event the Participant shall cease to be a Director of the Company for any reason, except following an event enumerated in Section 7.5(b), any outstanding Vested Options may be exercised for a period of twelve (12) months following such cessation as a Director (or the expiration date of the Option, if shorter). The Participant may exercise any such Options as were exercisable at the date of cessation as a Director, and no more.

In the event the Participant shall cease to be a Director of the Company following an event enumerated in Section 7.5(b), except death, any outstanding Options may be exercised until the expiration date of the Option. The Participant may exercise only such options as were exercisable at the date of the cessation as a director, and no more.

If the Participant dies before his service as a Director ceases, the Participant's Beneficiary may, within the twelve (12) month period following death (or the expiration date of the Options, if shorter), exercise the Options on the Participant's behalf.

Article IX Amendment, Modification and Termination of Plan

The Board may at any time terminate, and from time to time may amend or modify the Plan, provided, however, that no such action of the Board, without the approval of the holders of a majority of the shares of Stock entitled to vote represented in person or by proxy at a meeting duly called may:
