Item 2.02. Results of Operation and Financial Condition.

On July 28, 2005, The Scotts Miracle-Gro Company issued a News Release concerning information regarding its results of operations and financial condition for the three and nine month periods ended July 2, 2005. The News Release is attached hereto as Exhibit 99.1.

The press release includes the following non-GAAP financial measures as defined in Regulation G: (1) adjusted net income, (2) adjusted diluted income per share, (3) EBITDA and (4) adjusted EBITDA. The Registrant's management believes that the disclosure of these non-GAAP financial measures provides useful information to investors or other users of the financial statements, such as lenders. As to adjusted net income, adjusted EBITDA and adjusted diluted income per share, restructuring and other charges are excluded as these items typically relate to costs or gains for discrete projects or transactions related to the closure, downsizing or divestiture of certain operations that are apart from and not indicative of the results of the operations of the business. Also excluded from adjusted net income and adjusted diluted income per share are the costs incurred to refinance the long term debt of The Scotts Miracle-Gro Company, loss on impairment of intangibles, and a one-time charge resulting from recording a liability for the outstanding balance of the deferred contribution amounts payable to Monsanto under the Roundup agreement. EBITDA and adjusted EBITDA are provided as a convenience to the Registrant's lenders because EBITDA is a component of certain debt compliance covenants. The Registrant makes no representation or assertion that EBITDA or adjusted EBITDA are indicative of its cash flows from operations or results of operations. The Registrant has provided a reconciliation of EBITDA to income from operations solely for the purpose of complying with Regulation G and not as an indication that EBITDA is a substitute measure for income from operations.
