ANNUAL MEETING OF STOCKHOLDERS to be held March 13, 2002

This proxy statement is provided in connection with the solicitation of proxies by and on behalf of the Board Of Directors of PYR Energy Corporation, a Maryland corporation (referred to as the "Company" or "we" or "us"), to be voted at the Annual Meeting Of Stockholders to be held at 9:00 a.m. (Denver, Colorado time) on March 13, 2002 at Wells Fargo Bank, 1740 Broadway, Main Floor - Forum Room, Denver, Colorado 80202, or at any adjournment or postponement of the annual meeting. We anticipate that this proxy statement and the accompanying form of proxy will be first mailed or given to stockholders on or about February 1, 2002.

The shares represented by all proxies that are properly executed and submitted will be voted at the Annual Meeting in accordance with the instructions indicated on the proxies. Unless otherwise directed, the shares represented by proxies will be voted for each of the three nominees for director whose names are set forth on the proxy card and in favor of ratification of Wheeler Wasoff, P.C. as our independent certified accountants.

A stockholder giving a proxy may revoke it at any time before it is exercised by delivering written notice of revocation to our Secretary, by substituting a new proxy executed at a later date, or by requesting, in person at the Annual Meeting, that the proxy be returned.

The solicitation of proxies is to be made principally by mail; however, following the initial solicitation, further solicitations may be made by telephone or oral communication with stockholders. Our officers, directors and employees may solicit proxies, but these persons will not receive compensation for that solicitation other than their regular compensation as employees. Arrangements also will be made with brokerage houses and other custodians, nominees and fiduciaries to forward solicitation materials to beneficial owners of the shares held of record by those persons. We may reimburse those persons for reasonable out-of-pocket expenses incurred by them in so doing. We will pay all expenses involved in preparing, assembling and mailing this proxy statement and the enclosed material. A majority of the issued and outstanding shares of common stock entitled to vote, represented either in person or by proxy, constitutes a quorum at any meeting of the stockholders. If sufficient votes for approval of the matters to be considered at the annual meeting have not been received prior to the meeting date, we intend to postpone or adjourn the annual meeting in order to solicit additional votes. The form of proxy we are soliciting requests authority for the proxies, in their discretion, to vote the stockholders' shares with respect to a postponement or adjournment of the Annual Meeting. At any postponed or adjourned meeting, we will vote any proxies received in the same manner described in this proxy statement with respect to the original meeting.

1. ELECTION OF DIRECTORS

At the annual meeting, the stockholders will elect three directors to serve

Edgar Filing: PYR ENERGY CORP - Form DEFR14A

as our Board Of Directors. Each director will be elected to hold office until the next annual meeting of stockholders and thereafter until his successor is elected and qualified. The affirmative vote of a majority of the shares represented at the annual meeting is required to elect each director. Cumulative voting is not permitted in the election of directors. Consequently, each stockholder is entitled to one vote for each share of common stock held in his or her name. In the absence of instructions to the contrary, the person named in the accompanying proxy shall vote the shares represented by that proxy for the persons named below as management's nominees for directors. Each of the nominees currently is a director of the Company.

Each of the nominees has consented to be named in this proxy statement and to serve on the Board if elected. It is not anticipated that any of the nominees will become unable or unwilling to accept nomination or election, but, if that should occur, the persons named in the proxy intend to vote for the election of such other person as the Board Of Directors may recommend.

The following table sets forth, with respect to each nominee for director, the nominee's age, his positions and offices with the Company, the expiration of his term as a director, and the year in which he first became a director. Individual background information concerning each of the nominees follows the table. For additional information concerning the nominees, including stock ownership and compensation, see "--Executive Compensation", "--Stock Ownership Of Directors And Principal Stockholders", and "--Certain Transactions With Management And Principal Stockholders". Keith F. Carney, who currently is a director, has declined to be nominated for consideration as a director following the annual meeting, and his term as a director will expire at the annual meeting. We intend to retain a new board member who also would serve on the Audit Committee and Compensation Committee.

Committees And Meetings

Edgar Filing: PYR ENERGY CORP - Form DEFR14A

The Board Of Directors currently has a Compensation Committee, which met three times during the fiscal year ended August 31, 2001. The Compensation Committee has the authority to establish policies concerning compensation and employee benefits. The Compensation Committee reviews and makes recommendations concerning the compensation policies and the implementation of those policies and determines compensation and benefits for executive officers. The Compensation Committee currently consists of Messrs. Carney (Chairman), Hutchison and Rhodes. None of the members of the Compensation Committee is an employee of the Company.

The Board of Directors currently has an Audit Committee consisting of Messrs. Hutchison (Chairman), Carney and Rhodes. The Audit Committee is primarily responsible for the effectiveness of the Company's accounting policies and practices, financial reporting and internal controls. The Audit Committee charter was adopted by the Board Of Directors in June 2000 and was amended by the Board in April 2001. A copy of the Audit Committee charter is attached as Exhibit A to the Company's definitive Proxy Statement regarding the Annual Meeting of the Company's stockholders held on June 18, 2001. A copy of that Proxy Statement and the accompanying Audit Committee charter were filed with the SEC on May 29, 2001 and can be found on the SEC's website at www.sec.gov. The functions of the Audit Committee and its activities during the fiscal year ended August 31, 2001 are described below under the heading "Audit Committee Report". During the fiscal year ended August 31, 2001, the Board examined the composition of the Audit Committee in light of the adoption by the SEC and the American Stock Exchange (the "AMEX") of rules governing audit committees of issuers, such as the Company, whose securities are quoted on the AMEX. Based upon this examination, the Board confirmed that all members of the Audit Committee are "independent" within the meaning of the AMEX's rules. We intend to retain a new board member after Mr. Carney resigns as a director at the annual meeting who also will serve on the Audit Committee and Compensation Committee.

Audit Committee Report

The report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Acts.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed and discussed with management the audited financial statements in the Company's Annual Report on Form 10-K for the year ended August 31, 2001 and the unaudited financial statements included in the Quarterly Reports on Form 10-QSB for the first three quarters of the fiscal year ended August 31, 2001.

The Committee discussed with the independent auditors, who are responsible for expressing an opinion on the conformity of audited financial statements with generally accepted accounting principles, the auditors' judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed by the auditors with the Committee under Statement on Auditing Standard No. 61, as amended. In addition, the Committee discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures and the letter required by the Independence Standards Board Standard No. 1. The Committee considered whether the auditors' providing services on behalf of the Company other than audit services is compatible with maintaining

Edgar Filing: PYR ENERGY CORP - Form DEFR14A

the auditors' independence.

The Committee discussed with the Company's independent auditors the overall scope and plans for their respective audits. The Committee meets with the independent auditors, with and without management present, to discuss the results of the auditors' examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee met three times during the fiscal year ended August 31, 2001 and has thus far subsequently met two times.

4

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended August 31, 2001 for filing with the SEC. The Committee also has recommended to the Board the selection of the Company's independent auditors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 (the "Exchange Act") requires our directors, executive officers and beneficial owners of more than 10% of our common stock to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. We believe that during the fiscal year ended August 31, 2001, our officers, directors and beneficial owners of more than 10% of our common stock complied with all Section 16(a) filing requirements. In making these statements concerning compliance with Section 16(a), we have relied upon the written representations of our directors and officers. In January 2002, we learned that Kenneth Berry, Jr., our Vice President of Land, was late in filing a Form 5, Annual Statement Of Changes In Beneficial Ownership, for the fiscal year ended August 31, 2000. That report concerned one exempt transaction consisting of the grant of a stock option to Mr. Berry in May 2000.

Employee Retirement Plans, Long-Term Incentive Plans and Pension Plans

Excluding the Company's stock option plans, we do not have any long-term incentive plan to serve as incentive for performance to occur over a period longer than one fiscal year.

Compensation Committee Interlocks and Insider Participation

No person who served as a member of the Compensation Committee during the year ended August 31, 2001 was, during that year, an officer or employee of the Company or of any of its subsidiaries, or was formerly an officer of the Company or of any of its subsidiaries.

Compensation Committee Report on Executive Compensation

None of the members of the Compensation Committee of the Board of Directors is an employee of the Company. The Compensation Committee sets and administers the policies that govern the annual and long-term compensation of executive officers of the Company. The Compensation Committee makes recommendations to the full Board concerning compensation of executive officers and awards of stock options under the Company's stock option plans.

Compensation Policies Toward Executive Officers. The Compensation Committee's executive compensation policies are designed to provide competitive levels of compensation that relate compensation to the Company's annual and long-term performance, reward above average corporate performance compared to other companies in the oil and gas industry, recognize individual initiative and achievements, and assist the Company in retaining and attracting qualified executive officers. The Compensation Committee attempts to achieve these objectives through a combination of base salary, stock options, and cash bonus awards. In determining compensation, the Compensation Committee considers the matters discussed in this report as well as the recommendations of the Chief Executive Officer concerning other executive officers and employees. The Compensation Committee meet on November 20, 2000 to consider executive salaries for the fiscal year ended August 31, 2001, as well as stock option grants and cash bonuses regarding performance during the year ended August 31, 2000. This report is based on that meeting and, with respect to the discussion of executive salaries for the fiscal year ended August 31, 2000, the meeting of the Committee held on August 11, 1999.

Executive Salaries. Executive salaries are reviewed by the Compensation Committee on a yearly basis and are set for individual executive officers based on subjective evaluations of each individual officer's performance and contributions to the Company, the Company's past performance, the Company's future prospects and long-term growth potential and a comparison of the salary ranges for executives of other companies in the oil and gas industry. Through consideration of these criteria, the Compensation Committee believes that salaries may be set in a manner that is both competitive and reasonable within the Company's industry.

Edgar Filing: PYR ENERGY CORP - Form DEFR14A

The consideration of the Company's performance for the year ended August 31, 2000 included a review of the Company's net loss of \$983,000 for fiscal 2000 compared to a net loss of \$1,140,000 for the previous year, and the increased recognition of the Company in the investment community. The consideration of the Company's future prospects and potential for long-term growth at the November 20, 2000 meeting included a review of the development of the Company's East Lost Hills prospect and the success in raising capital to fund such efforts. After completing this review, the Committee recommended, and the Board approved, increasing Mr. Singdahlsen's annual base salary to \$132,000 and increasing Mr. Calerich's base salary to \$93,500 for fiscal 2001.

8

The consideration of the Company's performance for the year ended August 31, 2001 included a review of the development of the East Lost Hills prospect, the success in raising capital to fund such efforts and the commencement of production at the ELH #1 well. The consideration of the Company's future prospects and potential for long-term growth included advancing the Company's additional exploration projects, and continued recognition of the Company in the investment community.

After completing its reviews at a meeting of the Committee on July 30, 2001, the Committee recommended, and the Board approved, increasing Mr. Singdahlsen's annual base salary to \$175,000 for fiscal 2002.

Stock Options. Stock options are granted to executive officers and other employees of the Company by the full Board after recommendations of the Compensation Committee as a means of providing long-term incentive to the Company's employees. The Compensation Committee believes that stock options encourage increased performance by the Company's employees and align the interests of the Company's employees with the interests of the Company's stockholders. Decisions concerning recommendations for the granting of stock options to a particular executive officer are made after reviewing the number of options previously granted to that officer, the number of options granted to other executive officers (with higher ranking officers generally receiving more options in the aggregate), and a subjective evaluation of that officer's performance and contributions to the Company as described above under "--Executive Salaries" and anticipated involvement in the Company's future prospects. While stock options are viewed by the Committee on a more forward looking basis than cash bonus awards based on prior performance, an executive officer's prior performance will impact the number of options that may be granted. At its November 27, 2000 meeting, after considering the foregoing factors, the Committee recommended that the Company grant to Mr. Singdahlsen options to purchase 100,000 shares for \$5.98 per share until November 27, 2005, and grant to Mr. Calerich options to purchase 45,000 shares for \$5.44 per share until November 27, 2005. The Board approved the grants recommended by the Committee.

Cash Bonus Awards. The Compensation Committee considers on an annual basis whether to pay cash bonuses to some or all of the Company's employees, including the Company's executive officers. The Compensation Committee considers the granting of bonuses with the objective that the Company will remain competitive in its compensation practices and be able to retain highly qualified executive officers. In determining the amounts of bonuses, the Compensation Committee considers the performance of the Company and each executive officer in the past year as described above under "--Executive Salaries". The Committee's review of the Company's performance concentrates on exploration success, prospect generation, investment community recognition of the Company and financial

Edgar Filing: PYR ENERGY CORP - Form DEFR14A

stability. Based on the foregoing, at its July 30, 2001 meeting the Committee recommended, and the Board approved, a bonus of \$40,000 to Mr. Singdahlsen, and a bonus of \$10,000 to Mr. Calerich.

Chief Executive Officer Compensation. Generally, the compensation of the Company's Chief Executive Officer is determined in the same manner as the compensation for other executive officers of the Company as described above. The Committee considered Mr. Singdahlsen's compensation after determining the base

9

salaries and bonuses of the other executive officers and the Committee's decisions concerning Mr. Singdahlsen's compensation included consideration of the relative amounts paid to these officers and Mr. Singdahlsen's added responsibilities as Chief Executive Officer. As a result of these considerations, as well as the compensation being paid to the chief executive officers of other relatively comparable companies in the oil and gas industry, the Committee increased Mr. Singdahlsen's base salary and paid Mr. Singdahlsen the bonus as described above.

Performance Graph

The following line graph compares the yearly percentage change in the cumulative total stockholder return, assuming reinvestment of dividends (regarding shares other than our common stock, on which no dividends have been paid) for (1) our common stock, (2) the American Stock Exchange Oil and Gas Index, and (3) the Standard & Poors S&P 500 Index. The comparison shown in the graph is for the period from November 12, 1996 (when trading in our predecessor, Mar Ventures Inc., began) through August 31, 1997, and for the years ended August 31, 1998, 1999, 2000 and 2001. The cumulative total stockholder return on the Company's common stock was measured by dividing the difference between the Company's share price at both the end and at the beginning of the measurement period by the share price at the beginning of the measurement period.

1998 Private Placement Of Notes

In November 1998, we completed the sale of convertible promissory notes in the total amount of \$2,500,000 in a private placement transaction pursuant to exemptions from federal and state registration requirements. Victory Oil Company purchased \$1.0 million of notes, and trusts for whom the Whittier Trust Company and Whittier Trust Company of Nevada, Inc. serve as trustee, purchased \$500,000 of notes. In addition, a company owned by Bryce Rhodes' wife purchased \$40,000 of these notes. The remaining notes were sold to other investors.

Edgar Filing: PYR ENERGY CORP - Form DEFR14A

These notes were automatically converted into shares of Series A Preferred Stock at the rate of one share for each \$100 principal amount of notes upon approval by the stockholders of the Series A Preferred Stock on April 16, 1999. As a result, no notes are currently outstanding.

Each share of Series A Preferred Stock issued had a face value of \$100 per share. The Series A Preferred Stock was convertible, in whole or in part, into common stock at the rate of one share of common stock for each \$.60 of face value of Series Preferred Stock (or 166.67 shares of common stock for each \$100 face amount share of Series A Preferred Stock). All these shares of Preferred Stock were converted into shares of common stock.

We had the right to require that one-third of the outstanding Series A Preferred Stock be redeemed or converted at any time after October 26, 1999, provided that the market value of our common stock was at least \$2.40 per share based on a 45-day weighted average trading price. At October 26, 1999, we had exceeded the \$2.40 per share requirement and subsequently gave notice of redemption to the holders of one-third of the Series A Preferred Stock.

We also had the right to require all of the outstanding Series A Preferred Stock be redeemed or converted beginning at any time after October 26, 2000, provided that the market value of our common stock was at least \$4.80 per share based upon a 45-day weighted average trading price. At October 26, 2000, we had exceeded the \$4.80 per share trading requirement. In November 2000, we informed the holders of the Series A Preferred Stock that the outstanding shares would be redeemed at 5:00 p.m. on December 8, 2000 if they were not converted into common stock prior to that time. As a result, no shares of Series A Preferred Stock are currently outstanding.

13

In connection with the sale of the convertible promissory notes, we agreed to add, and our stockholders subsequently approved the election of, S.L. Hutchison and Bryce W. Rhodes to the Board of Directors. Mr. Hutchison is the Chief Financial Officer of Victory Oil Company and Mr. Rhodes is a beneficial owner of less than five percent of the Whittier Trust Company and the Whittier Trust Company of Nevada, Inc., and a beneficiary of trusts administered by those companies that own our securities. Mr. Rhodes has no investment authority over those trusts.

As a condition to the sale of these notes, D. Scott Singdahlsen, a director and officer of the Company entered into a voting agreement with the purchasers of the notes. Pursuant to this voting agreement, Mr. Singdahlsen agreed that he will vote all the shares of common stock owned by him in favor of the election of two nominees of the investors to serve on the Board Of Directors and for the re-election of those nominees or other nominees at any time that the aggregate percentage ownership of common equity owned by the investors is 20 percent or more of the outstanding common stock. At the annual meeting of stockholders held on March 13, 2000, all of Mr. Singdahlsen's shares were voted in favor of the two nominees. Mr. Singdahlsen is required to vote for only one nominee at any time after the aggregate percentage ownership of common equity owned by the investors is less than 20 percent and greater than or equal to 10 percent of the outstanding common stock. The obligation of Mr. Singdahlsen to vote for any nominees of the investors terminates at any time after the percentage ownership of common equity owned by the investors is less than 10 percent of the outstanding common stock. As of December 28, 2001, the percentage ownership of the common equity owned by the investors was greater than 10% but less than 20% of the outstanding common stock so that they are entitled to require that Mr. Singdahlsen vote in favor of one nominee for director. Mr. Hutchison has been

Edgar Filing: PYR ENERGY CORP - Form DEFR14A

nominated by the investors to serve as a director.

Except as described above, during the fiscal year ended August 31, 2001, there were no transactions between the Company and its directors, executive officers or known holders of greater than five percent of the common stock in which the amount involved exceeded \$60,000 and in which any of the foregoing persons had or will have a material interest.
