The accompanying proxy is solicited by the board of directors of Pumatech, Inc., a Delaware corporation, ("Pumatech" or the "Company") for use at the 2001 Annual Meeting of Stockholders to be held December 6, 2001, or any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting. The date of this Proxy Statement is November 2, 2001, the approximate date on which this Proxy Statement and the accompanying form of proxy were first sent or given to stockholders.

GENERAL INFORMATION

Annual Report. An annual report for the fiscal year ended July 31, 2001 is enclosed with this Proxy Statement.

Voting Securities. Only stockholders of record as of the close of business on October 25, 2001 will be entitled to vote at the meeting and any adjournment thereof. As of that date, there were 44,885,667 shares of common stock of Pumatech, par value \$0.001 per share, issued and outstanding. Stockholders may vote in person or by proxy. Each holder of shares of common stock is entitled to one vote for each share of stock held on the proposals presented in this Proxy Statement. Pumatech's Bylaws provide that a majority of all of the shares of the stock entitled to vote, whether present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting.

Solicitation of Proxies. The cost of soliciting proxies will be borne by Pumatech. In addition to soliciting stockholders by mail and through its regular employees, Pumatech may request banks and brokers, and other custodians, nominees and fiduciaries, to solicit their customers who have stock of Pumatech registered in the names of such persons and will reimburse them for their reasonable, out-of-pocket costs. We may use the services of our officers, directors, and others to solicit proxies, personally or by telephone, without additional compensation.

Voting and Revocability of Proxies. All valid proxies received prior to the meeting will be voted. All shares represented by a proxy will be voted, and where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specification so made. If no choice is indicated on the proxy, the shares will be voted in favor of the proposal. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing with the Secretary of Pumatech at or before the taking of the vote at the Annual Meeting of Stockholders a written notice of revocation bearing a later date than the proxy, (ii) duly executing a later dated proxy relating to the same shares and delivering it to the Secretary of Pumatech at or before the taking of the vote at the Annual Meeting of Stockholders, or (iii) attending the Annual Meeting of Stockholders and voting in person (although attendance at the Annual Meeting of Stockholders will not in and of itself constitute a revocation of a proxy). Any written notice of revocation or subsequent proxy should be delivered to Pumatech, Inc. at 2550 North First Street, Suite 500, San Jose, California 95131, Attention: Secretary, or hand-delivered to the Secretary of Pumatech at or before the taking of the vote at the Annual Meeting of Stockholders.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Six directors, constituting Pumatech's full board of directors, are to be elected at the Annual Meeting. If elected, the nominees will serve as directors until Pumatech's Annual Meeting of Stockholders in 2002, and until their successors are elected and qualified.

Management's nominees for election to the board of directors, and certain information with respect to their age and background, are set forth below. Management knows of no reason why any nominee should be unable or unwilling to serve. However, if any nominee(s) should for any reason be unable or unwilling to serve, the proxies will be voted for such substitute nominees as management may designate.

If a quorum is present and voting, the nominees for directors receiving the highest number of votes will be elected as directors. Abstentions and shares held by brokers that are present, but not voted because the brokers were prohibited from exercising discretionary authority, i.e. "broker non-votes", will be counted as present for purposes of determining if a quorum is present.

COMPENSATION COMMITTEE

Michael M. Clair
M. Bruce Nakao
Michael J. Praisner

Compensation Committee Interlocks and Insider Participation

The compensation committee currently consists of Mr. Clair, Mr. Nakao and Mr. Praisner. Mr. Nakao served as Pumatech's senior vice president and chief financial officer until May 1999. No member of the compensation committee has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity. See also "Certain Transactions".

Director Compensation

All of our directors are reimbursed for their out-of-pocket expenses incurred in attending board and committee meetings. In addition, non-employee

Edgar Filing: PUMATECH INC - Form DEF 14A

directors receive a \$2,000 fee for each board meeting that they attend and a fee of \$500 for each committee meeting that they attend. In addition, during fiscal year 2001, Mr. Clair received aggregate consulting fees of \$4,000. Directors are also eligible to receive stock option grants under the Option Plan. In the fiscal year ended July 31, 2001, Messrs. Clair and Praisner received options to purchase 100,000 and 25,000 shares, respectively of Pumatech's common stock with an exercise price of \$2.10 and \$4.125 per share, respectively.

Employment Contracts and Termination of Employment and Change of Control Arrangements

The Company has not entered into employment agreements with any of its Named Executives. On April 13, 2000, Pumatech entered into change in control agreements with the following Named Executives: Bradley Rowe, Stephen Nicol, and Kelly Hicks.

8

The change in control agreements provide for accelerated vesting of all stock options held by the executive and the release of all of the Company's rights to repurchase shares if such executive's employment is terminated within 12 months of a change in control. A change in control is defined as the occurrence of any of the following events:

(a) Any "person" (as such term is used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended), excluding existing beneficial owners as of the date of the change in control agreement, is or becomes the "beneficial owner" (as defined in Section 13d-3 of said Act), directly or indirectly, of securities of the Company representing 50% or more of the total voting power represented by the Company's then outstanding voting securities, excluding conversion of any convertible securities issued as of the date of the change in control agreement;

(b) The composition of the Board of Directors changes during any period of 36 months such that individuals who at the beginning of the period were members of the Board of Directors (the "Continuing Directors") cease for any reason to constitute at least a majority thereof; unless at least 66 2/3% of the Continuing Directors has either (i) approved the election of the new Directors, (ii) if the election of the new Directors is voted on by stockholders, recommended that the stockholders vote for approval, or (iii) other-wise deter-mined that such change in composition does not constitute a Change of Control, even if the Continuing Directors do not constitute a quorum of the whole Board (it being understood that this requirement shall not be capable of satisfaction unless there is at least one Continuing Director);

(c) The stockholders of the Company approve a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) at least 50% of the total voting power represented by the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation, or the stockholders of the Company approve a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets;

(d) the term Change of Control shall not include either of the following

Edgar Filing: PUMATECH INC - Form DEF 14A

events under-taken at the election of the Company:

(i) Any transaction, the sole purpose of which is to change the state of the Company's incorporation; or

(ii) A transaction, the result of which is to sell all or substantially all of the assets of the Company to another corporation (the "surviving corporation") provided that the surviving corporation is owned directly or indirectly by the stockholders of the Company immediately following such transaction in substantially the same proportions as their ownership of the Company's common stock immediately preceding such transaction.

The change in control agreements also provide for the payment of severance benefits to the executive in the event that such executive is terminated without Cause or the executive terminates his or her employment as a result of an Involuntary Termination. In either such event, the terminated executive will be entitled to receive six months of base compensation and the Company will continue to pay for coverage of the executive under the Company's health, life, dental and other insurance programs for a period of six months.

"Cause" is defined as (i) any act of personal dishonesty taken by the executive in connection with his or her responsibilities as an employee and intended to result in substantial personal enrichment; (ii) the executive being convicted of a felony; or (iii) a willful act by the executive which constitutes gross misconduct and which is injurious to the Company.

"Involuntary Termination" is defined as (i) without the consent of the executive, his or her assignment to any duties or the significant reduction of his or her duties, either of which is inconsistent with his or her position or title with the Company and responsibilities in effect immediately prior to such assignment, or his or her

9

removal from such position and responsibility, or a reduction in his or her title; (ii) a greater than 10% reduction by the Company in his or her base compensation as in effect immediately prior to such reduction; provided, however, that such reduction shall not apply if substantially all executive officers of the Company agree to a similar reduction in base compensation; or (iii) any purported termination of the executive by the Company (other than a voluntary termination initiated by the executive) which is not effected for disability or for Cause.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires Pumatech's executive officers, directors and persons who beneficially own more than 10% of Pumatech's common stock to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission. Such persons are required by SEC regulations to furnish Pumatech with copies of all Section 16(a) forms filed by such person.

Based solely on Pumatech's review of such forms furnished to Pumatech and written representations from certain reporting persons, Pumatech believes that during the fiscal year ended July 31, 2001, it has complied with all filing requirements applicable to Pumatech's executive officers, directors and greater than 10% stockholders.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The following is the report of the compensation committee of Pumatech, describing the compensation policies and rationale applicable to Pumatech's executive officers with respect to the compensation paid to such executive officers for the fiscal year ended July 31, 2001. The information contained in the report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended (the "Securities Act") or the Securities Exchange Act of 1934, as amended (the "Exchange Act"), except to the extent that Pumatech specifically incorporates it by reference into such filing.

To: Board of Directors

The committee is responsible for setting and administering the policies governing annual compensation of the executive officers of Pumatech. For all executive officers, the committee reviews the performance and compensation levels for executive officers, sets salary levels and recommends option grants under the Option Plan. The members of this committee for the fiscal year ended July 31, 2001 were Mr. Clair, Mr. Nakao and Mr. Praisner, who were non-employee directors of Pumatech for the fiscal year ended July 31, 2001.

Overview

The goals of Pumatech's executive officer compensation policies are to attract, retain and reward executive officers who contribute to Pumatech's success, to align executive officer compensation with Pumatech's performance and to motivate executive officers to achieve Pumatech's business objectives. Pumatech uses salary and option grants to attain these goals. The committee reviews compensation surveys and other data to enable the committee to compare Pumatech's compensation package with that of similarly-sized high technology companies in Pumatech's geographic areas.

During the fiscal year ended July 31, 1999, Pumatech's board of directors approved a 401(k) matching plan for all employees which was implemented during the fiscal year ended July 31, 2000. Since September 1997, Pumatech has had in effect a profit sharing plan for non-officer employees.

Salary

Base salaries of executive officers, other than for Mr. Rowe, Pumatech's president and chief executive officer, are reviewed annually by the committee, and adjustments are made based on individual executive officer performance, scope of responsibilities and levels paid by similarly-sized high technology companies in the applicable geographic area.

Stock Options

Pumatech strongly believes that equity ownership by executive officers provides incentives to build stockholder value and align the interests of executive officers with the stockholders. The size of an initial option grant to an executive officer has generally been determined with reference to similarly-sized high technology companies in the relevant geographic area for similar positions, the responsibilities and future contributions of the executive officer, as well as recruitment and retention considerations.

In January 2001, Pumatech announced a voluntary stock option exchange program for its employees. Under the program, Pumatech employees were given the

Edgar Filing: PUMATECH INC - Form DEF 14A

opportunity to cancel outstanding stock options previously granted to them in exchange for an equal number of new options to be granted at a future date. The exchange was limited to employees who held options with an exercise price equal to or greater than \$15.00 per share.

11

Chief Executive Officer Compensation

The committee annually reviews the performance and compensation of Mr. Rowe. Mr. Rowe has served as Pumatech's president since October 1993 and chief executive officer since March 1995. The compensation of Mr. Rowe is based upon the same criteria as the other executive officers of Pumatech. Mr. Rowe received a bonus of \$120,000 for the fiscal year ended July 31, 2000 which was paid in September, 2000. While the chief executive officer makes recommendations about the compensation levels, goals and performance of the other executive officers, he does not participate in discussions regarding his own compensation or performance.

Edgar Filing: PUMATECH INC - Form DEF 14A

PricewaterhouseCoopers LLP. In addition, the Audit Committee has consulted with management and PricewaterhouseCoopers LLP prior to the presentation of financial statements to shareholders and during the process of the Company's review of its accounting treatment for certain product purchase and development agreements. CERTAIN TRANSACTIONS

Some of Pumatech's directors, executive officers and affiliates have entered into transactions with it as follows:

In April 2001, Pumatech loaned its Chief Financial Officer \$235,000 which is repayable on or before April 16, 2002. The interest rate is 6% per annum. In the event that the officer's employment with the Company is terminated, any unpaid principal and interest shall be due on the 185th day from the termination, or on the due date, whichever is sooner.

In July 1999 Bruce Nakao, a director of the Company issued a promissory note

Edgar Filing: PUMATECH INC - Form DEF 14A

to Pumatech in the principal amount of \$315,000 in connection with Mr. Nakao's purchase of 143,413 shares of the Company's common stock. Such note bears interest at a rate of 5.32% per year with unpaid interest and principal payable in July 2002. Accrued interest is payable annually. The note is secured by the common shares purchased by Mr. Nakao. The Company may call the note if Mr. Nakao sells the shares that were given as security for the note or if any interest is not paid when due.

Pumatech's Certificate of Incorporation limits the liability of its directors for monetary damages arising from a breach of their fiduciary duty as directors, except to the extent otherwise required by the Delaware General Corporation Law. Such limitation of liability does not affect the availability of equitable remedies such as injunctive relief or rescission.

Pumatech's bylaws provide that Pumatech shall indemnify its directors and officers to the fullest extent permitted by Delaware law, including in circumstances in which indemnification is otherwise discretionary under Delaware law. Pumatech has also entered into indemnification agreements with its officers and directors containing provisions that may require Pumatech, among other things, to indemnify such officers and directors against certain liabilities that may arise by reason of their status or service as directors or officers (other than liabilities arising from willful misconduct of a culpable nature), to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified, and to obtain directors and officers' insurance if available on reasonable terms.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

The board of directors of Pumatech has selected PricewaterhouseCoopers LLP as independent accountants to audit the financial statements of Pumatech for the fiscal year ending July 31, 2002. PricewaterhouseCoopers LLP has acted as Pumatech's independent accountants since Pumatech's inception. A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting with the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions.

The affirmative vote of a majority of the votes cast at the Annual Meeting of Stockholders, at which a quorum representing a majority of all outstanding shares of common stock of Pumatech is present and voting, either in person or by proxy, is required for approval of this proposal. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum, but will not be counted as having been voted on the proposal. THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS PUMATECH'S INDEPENDENT ACCOUNTANTS FOR THE FISCAL YEAR ENDING JULY 31, 2002.

15

STOCKHOLDER PROPOSALS TO BE PRESENTED AT NEXT ANNUAL MEETING

Pumatech has an advance notice provision under its bylaws for stockholder business to be presented at meetings of stockholders. Such provision states that in order for stockholder business to be properly brought before a meeting by a stockholder, such stockholder must have given timely notice thereof in writing to the Secretary of Pumatech. To be timely, a stockholder proposal must be received at Pumatech's principal executive offices not less than 120 calendar days in advance of the date Pumatech's proxy statement was released to

Edgar Filing: PUMATECH INC - Form DEF 14A

stockholders in connection with the previous year's annual meeting of stockholders; except that (i) if no annual meeting was held in the previous year, (ii) if the date of the annual meeting has been changed by more than thirty calendar days from the date contemplated at the time of the previous year's proxy statement or (iii) in the event of a special meeting, then notice must be received not later than the close of business on the tenth day following the day on which notice of the date of the meeting was mailed or public disclosure of the meeting date was made.

Proposals of stockholders intended to be presented at the Annual Meeting of the Stockholders of Pumatech for the fiscal year ended July 31, 2002 must be received by Pumatech at its offices at 2550 North First Street, Suite 500, San Jose, California 95131 no later than July 5, 2002 and satisfy the conditions established by the Securities and Exchange Commission for stockholder proposals to be included in Pumatech's proxy statement for that meeting.

Stockholder proposals related to Pumatech's Annual Meeting of Stockholders for the fiscal year ended July 31, 2002, but submitted outside the processes of Rule 14a-8 under the Securities Exchange Act of 1934, must be received by Pumatech prior to September 18, 2002 in order to withhold authority of management proxies to use their discretionary voting authority with respect to any such proposal.

TRANSACTION OF OTHER BUSINESS

At the date of this Proxy Statement, the only business which the board of directors intends to present or knows that others will present at the meeting is as set forth above. If any other matter or matters are properly brought before the meeting, or any adjournment thereof, it is the intention of the persons named in the accompanying form of proxy to vote the proxy on such matters in accordance with their best judgment.

The primary purpose of the Audit Committee (the "Committee") is to assist the Board of Directors (the "Board") in fulfilling its responsibility to oversee management's conduct of the Company's financial reporting process, including by overseeing the financial reports and other financial information provided by the Company to its shareholders, the Company's systems of internal accounting and financial controls and the annual independent audit of the Company's financial statements.

In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company and the power to retain outside counsel, auditors or other experts for this purpose. The Board and the Committee are in place to represent the Company's shareholders; accordingly,

Edgar Filing: PUMATECH INC - Form DEF 14A

the outside auditor is ultimately accountable to the Board and the Committee.

The Committee shall review the adequacy of this Charter on an annual basis.

Membership and Meetings

The Committee shall be comprised of not less than three non-employee members of the Board. The Board shall designate a chairman of the Committee. The Committee's composition will meet the requirements of the Audit Committee Policy of the NASDAQ.

Accordingly, all of the members will be directors who:

The Committee shall meet at least four times annually or more frequently as the committee may deem appropriate

Key Responsibilities

The Committee's job is one of oversight and it recognizes that the Company's management is responsible for preparing the Company's financial statements and that the independent auditors are responsible for auditing those financial statements. Additionally, the Committee recognizes that financial management including any internal audit staff, as well as the outside auditors, have more time, knowledge and more detailed information about the Company than do Committee members; consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the outside auditor's work.

The following functions shall be the common recurring activities of the Committee in carrying out its oversight function. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate given the circumstances.

- . Review and discuss with management and the independent auditors the audited financial statements to be included in the Company's Annual Report on Form 10-K (or the Annual Report to Shareholders if distributed prior to the filing of Form 10-K), and review and consider with the outside auditors the matters required to be discussed by Statement of Auditing Standards ('SAS') No. 61.

A-1

- . Review with the outside auditors the Company's interim financial results to be included in the Company's quarterly reports to be filed with Securities and Exchange Commission and the matters required to be discussed by SAS No. 61; this review will occur prior to the Company's filing of the Form 10-Q.
- . Discuss with management and the outside auditors the quality and adequacy of the Company's internal controls.

Edgar Filing: PUMATECH INC - Form DEF 14A

. The audit committee shall review the independence and performance of the auditors. With respect to the independence of the independent auditors, the Committee shall:

- Request from the outside auditors annually, a formal written statement delineating all relationships between the auditor and the Company consistent with Independence Standards Board Standard Number 1;
- Discuss with the outside auditors any such disclosed relationships and their impact on the outside auditor's independence; and
- Recommend that the Board take appropriate action to oversee the independence of the outside auditor.

. The Committee, subject to any action that may be taken by the full Board, shall have the ultimate authority and responsibility to select (or nominate for shareholder approval), evaluate and, where appropriate, replace the outside auditor.

Other Matters

The Committee shall prepare such reports as are required by the Securities and Exchange Commission for inclusion in the Company's annual proxy statement and maintain minutes of its meetings.
