Board of Directors and Standing Committees

The business of the Company is under the general management of a Board of Directors as provided by the Florida Business Corporation Act. In accordance with the Bylaws of the Company, which empower the Board of Directors to appoint such committees as it deems necessary and appropriate, the Board of Directors has appointed an Audit Committee and an Executive Compensation Committee.

Audit Committee: The Audit Committee's basic functions are to assist the Board of Directors in discharging its fiduciary responsibilities to the shareholders and the investment community in the preservation of the integrity of the financial information published by the Company, to maintain free and open means of communication between the Company's directors, independent

Edgar Filing: EACO CORP - Form DEF 14A

auditors and financial management, and to ensure the independence of the independent auditors. The Board of Directors has adopted a written charter for the Audit Committee which was attached as an Appendix to the Company's Definitive Proxy Statement for the 2004 Annual Meeting of Shareholders. Currently, the members of the Audit Committee are Directors Catanzaro, Conzen and Means. Directors Catanzaro, Conzen and Means are "independent" within the meaning of Rule 4200(a)(15) of the NASD's published listing standards. The Audit Committee held one meeting during the fiscal year ending December 28, 2005. All members of the Audit Committee attended this meeting.

Audit Committee Financial Expert: The Company does not currently have an audit committee financial expert. The Company believes that the members of the Board of Directors have demonstrated that they are capable of analyzing and evaluating the Company's financial statements and understanding internal controls and procedures for financial reporting. In addition,

the Company believes that retaining a director who would qualify as an audit committee financial expert would be costly and burdensome and is not warranted in the circumstances.

Audit Committee Pre-Approval Policies and Procedures: The Audit Committee is required to pre-approve all auditing services and permissible non-audit services, including related fees and terms, to be performed for the Company by its independent auditor, subject to the de minimus exceptions for non-audit services described under the Securities Exchange Act of 1934, which are approved by the Audit Committee prior to the completion of the audit. In fiscal year 2005, the Audit Committee pre-approved all services performed for the Company by the auditor.

Executive Compensation Committee: The Executive Compensation Committee administers the Company's stock option plans and is responsible for granting stock options to officers and managerial employees of the Company. It is also responsible for establishing the salary and annual bonuses paid to executive officers of the Company. The current members of the Executive Compensation Committee are Directors Ceiley and Means. The Executive Compensation Committee held one meeting during fiscal year 2005. All members of the Committee attended this meeting.

Board Meetings: The Board of Directors held four meetings during fiscal year 2005. Each member of the Board attended all four meetings. The Company does not have a policy with regard to directors' attendance at annual meetings of shareholders. None of the directors attended our 2005 Annual Meeting of Shareholders.

Nominating Committee: The Board of Directors does not have a Nominating Committee. Given the size of the Company and its resources, the Board believes that this is appropriate. Each director participates in the consideration of director nominees. The Board believes that having such a committee would not enhance the nomination process. The Company does not have a formal policy regarding the consideration of any director candidates recommended by shareholders or specific minimum qualifications

Edgar Filing: EACO CORP - Form DEF 14A

for director nominees.

Communications to Board of Directors: The Board of Directors has established a process for shareholders to communicate with members of the Board of Directors. If you would like to contact the Board you can do so by forwarding your

concern, question or complaint to the Company's Corporate Secretary at 1500 N. Lakeview Avenue, Anaheim, California 92807.

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE

December 12, 2005

The Executive Compensation Committee (the "Committee"), currently consisting of Directors Ceiley and Means, uses the following objectives as guidelines for its executive compensation decisions: to provide a compensation package that will attract, motivate and retain qualified executives; to ensure a compensation mix that focuses executive behavior on the fulfillment of annual and long-term business objectives; and to create a sense of ownership in the Company that causes executive decisions to be aligned with the best interests of the Company's shareholders.

The Company's compensation package in 2005 for its executive officers consisted of base salary and performance bonuses. The Committee determined salary levels for the Company's executive officers.

General Compensation Policies

In general, base salary levels are set at the minimum levels believed by the Company's executive officers to be sufficient to attract and retain qualified executives when considered with the other components of the Company's compensation structure.

The Committee adjusts salary levels for executive officers based on achievement of specific annual performance goals, including personal, departmental and overall Company goals depending upon each officer's specific job responsibilities. The Committee also uses its subjective judgment, based upon such criteria as the executive's knowledge of and importance to the Company's business, willingness and ability to accomplish the tasks for which he or she was responsible, professional growth and potential, the Company's operating earnings and an evaluation of individual performance, in making salary decisions. Compensation paid to executive officers in prior years is also taken into account. No particular weighting is applied to these factors.

The Committee may determine that the Company's financial performance and individual achievements merit the payment of annual bonuses. The Company instituted a bonus program for management of the Company beginning in 2003, based on a

Edgar Filing: EACO CORP - Form DEF 14A

percentage of the earnings from operations of the Company.

The Committee determines stock option grants to the executive officers. The Committee determines annual stock option grants to other employees based on recommendations of the President. Stock options are intended to encourage key employees to remain employed by the Company by providing them with a long term interest in the Company's overall performance as reflected by the market price of the Company's Common Stock. No stock option grants were made in 2005.

The Committee will consider any federal income tax limitations on the deductibility of executive compensation in reaching compensation decisions and will seek shareholder approval where such approval will eliminate any limitations on deductibility.

CEO Compensation

Mr. Alexander serves as President and Chief Operating Officer of the Company. His compensation consists of base salary and a performance bonus, which are approved by the Compensation Committee. Upon being promoted to President and Chief Operating Officer in April 2003, Mr. Alexander's base salary was set based on several factors, including industry competitors for the position, the Company's size relative to such industry averages and the Company's historical and projected profitability. Effective April 2005, Mr. Alexander's salary was increased to \$133,400 based on the Company's profit performance versus other publicly-held restaurant companies, and considering increases in general cost of living.

The Compensation Committee has developed a performance incentive program based on a percentage of the Company's earnings from operations, paid quarterly and at year-end. In 2005, Mr. Alexander earned a total of \$5,300 under this program, a portion of which was paid in 2006.

Mr. Means is not currently nor has he ever been an employee of the Company, and has not participated in any related party transactions (described in Item 404 of Regulation S-K).

Director Compensation

Edgar Filing: EACO CORP - Form DEF 14A

None of the director nominees were employees of the Company during the fiscal year ended December 28, 2005. In order to attract and retain highly qualified directors through an investment interest in the Company's future success, the Company enacted, in 1985, a non-qualified Stock Option Plan for Non-Employee Directors (the "Directors' Plan"), which was used to compensate directors until January 2002. Due to the expiration of the Directors' Plan in 2002, the Company paid \$10,000 cash to each director in 2006 as compensation for their services.

In addition, directors who are not employees of the Company receive a fee of \$500 for each Board of Directors' meeting attended. No fees are awarded to directors for attendance at meetings of the Audit or Executive Compensation Committees of the Board of Directors.

COMPARISON OF FIVE-YEAR CUMULATIVE TOTAL RETURN
