GENERAL INFORMATION

Introduction

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Enterprise Bancorp, Inc. (the "Company"), the parent holding company of Enterprise Bank and Trust Company (the "Bank"), for the 2014 Annual Meeting of Stockholders of the Company (the "Annual Meeting"), to be held on Tuesday, May 6, 2014, at 4:00 p.m. local time, at the Vesper Country Club, 185 Pawtucket Boulevard, Tyngsborough, MA 01879 and at any adjournments or postponements thereof. This Proxy Statement, the accompanying Notice of Annual Meeting and the accompanying proxy card are first being mailed to stockholders on or about March 31, 2014.

The Annual Meeting has been called for the following purposes: (1) to elect six Directors of the Company, each to serve for a three-year term; (2) to vote on the ratification of the Audit Committee's appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014; (3) to conduct an advisory vote on the Company's executive compensation as required under Section 14A(a)(1) of the Securities Exchange Act of 1934, as amended (the "Say on Pay Proposal"); and (4) to transact such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

The Company is a Massachusetts corporation and a registered bank holding company. All of the Company's material business activities are conducted through the Bank.

Record Date

The Board of Directors has fixed the close of business on March 3, 2014 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting and any adjournments or postponements thereof (the "Record Date"). Only holders of record of the Company's common stock (the "Common Stock") at the close of business on the Record Date will be entitled to vote. At the close of business on the Record Date, there were 10,036,489 shares of the Common Stock issued and outstanding. The holders of shares of the Common Stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held of record upon each matter properly submitted to the Annual Meeting or any adjournments or postponements thereof.

Proxies

You may vote at the Annual Meeting in person or by proxy. Proxies may be delivered electronically via the Internet, by telephone, or in writing by mail. If you intend to deliver a proxy electronically or by phone, you may do so by following the instructions included with your proxy card. If you hold your shares in "street name," such as in a stock brokerage account or through a bank or other nominee, you need to check your proxy card or contact your broker or nominee to determine whether electronic or telephonic proxy delivery is available to you. If you intend to deliver a proxy by mail, we request that you complete, date, sign and promptly return the accompanying proxy card in the enclosed envelope, which requires no postage if mailed in the United States.

If you are delivering a proxy electronically or by telephone and you properly follow the instructions included with your proxy card for doing so by no later than the deadline indicated in such instructions or if you are delivering a proxy by mail and you return the enclosed proxy card properly executed to the Company in time to be voted at the Annual Meeting, then the shares represented by your proxy, regardless of the method of delivery, will be voted in accordance with your voting instructions, unless you subsequently revoke your proxy as further explained below. If you properly deliver your proxy, without including any instructions as to how your proxy should be voted, then your proxy will be voted as follows: (1) FOR the election of John R. Clementi, Carole A. Cowan, Normand E. Deschene, John A. Koutsos, Arnold S. Lerner and Richard W. Main, as the six nominees of the Board of Directors, as Directors of the Company; (2) FOR the ratification of the Audit Committee's appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014; (3) FOR the Say on Pay Proposal; and (4) in such manner as management's proxy-holders shall decide on such other matters as may properly come before the Annual Meeting or any adjournments or postponements thereof.

The presence of a stockholder at the Annual Meeting will not automatically revoke a stockholder's proxy. A stockholder may, however, revoke a proxy at any time before the Annual Meeting is called to order by filing with the Secretary of the Company a written notice of revocation, or by delivering to the Company a duly executed proxy bearing a later date, or by properly delivering a proxy electronically or by telephone at a later date. All written notices of revocation and other written communications with respect to revocation of proxies in connection with the Annual Meeting should be addressed as follows: Enterprise Bancorp, Inc., 222 Merrimack Street, Lowell, Massachusetts 01852, Attention: Michael A. Spinelli, Secretary.

It is not anticipated that any matters other than those set forth in Proposals One, Two and Three set forth in this accompanying notice and described in this Proxy Statement will be brought before the Annual Meeting. Please see the additional information under the heading "Stockholder Proposals" at pages 39-40 of this Proxy Statement for a description of the requirements that must be satisfied in order for any Director nomination or other stockholder proposal, which is not otherwise included in this Proxy Statement, to be presented by any stockholder at the Annual Meeting. If any other matters properly come before the Annual Meeting, the persons named as proxies will vote upon such matters in their discretion in accordance with their best judgment.

In addition to use of the mails, proxies may be solicited personally or by telephone, fax or e-mail by officers, Directors and employees of the Company, none of whom will be specially compensated for such solicitation activities.

Arrangements will also be made with brokerage houses and other custodians, nominees and fiduciaries for forwarding solicitation materials to the beneficial owners of shares held of record by such persons, and the Company will reimburse such persons for their reasonable out of pocket expenses incurred in that connection. The cost of soliciting proxies will be borne by the Company.

Quorum; Vote Required

The presence, in person or by proxy, of at least a majority of the total number of outstanding shares of the Common Stock is necessary to constitute a quorum at the Annual Meeting for the transaction of business. Abstentions and “broker non-votes” (as defined below) will be counted as present for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting.

The number of affirmative votes required for approval of the matters to be considered at the Annual Meeting is as follows:

Proposal One - Election of Class of Directors

Each Director is required to be elected by a majority of the votes cast by stockholders present, in person or by proxy, at the Annual Meeting. At the Annual Meeting, the maximum number of Directors to be elected is six.

Proposal Two - Ratification of Appointment of Independent Registered Public Accounting Firm

The ratification, on a non-binding, advisory basis, of the appointment of KPMG LLP as our independent registered public accounting firm for 2014 requires a majority of the votes cast by stockholders present, in person or by proxy, at the Annual Meeting.

Proposal Three - Approval of the Say on Pay Proposal

- A majority of the votes cast by shareholders present, in person or by proxy, at the Annual Meeting is required for the approval on a non-binding, advisory basis of the Say on Pay Proposal.

In voting for the election of Directors, you may vote “FOR” all nominees or “WITHHOLD” your vote from all nominees or from only certain specified nominees. Withholding a vote from all or some of the nominees is effectively a vote against such nominee(s), but will not prevent the election of such nominee(s) so long as such nominee(s) receive a majority of the votes cast at the Annual Meeting.

In voting for the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2014, you may vote “FOR” or “AGAINST” such ratification or you may “ABSTAIN” from voting on the matter. Under Massachusetts law, an abstention is not considered a vote cast at a meeting and, consequently, abstentions will have no effect on the voting for this proposal.

In voting for the Say on Pay Proposal, you may vote “FOR” or “AGAINST” or you may “ABSTAIN” from voting on the matter. Under Massachusetts law, an abstention is not considered a vote cast at a meeting and, consequently, abstentions will have no effect on the voting for this proposal.

With respect to the matters to be considered at the Annual Meeting, broker non-votes will be disregarded for purposes of determining whether a proposal has been approved, other than with respect to the second proposal.

Under existing stock exchange rules, banks, brokers, or other nominees may vote shares held for a customer in street name on matters that are considered to be "routine" even if they have not received voting instructions from their clients. A broker "non-vote" occurs when a bank, broker, or other nominee has not received voting instructions from a customer and does not vote the customer's shares either because the matter is not considered routine or because the bank, broker or other nominee does not exercise its prerogative to vote even if the matter is considered routine.

The first and third proposals to be brought before the Annual Meeting this year, namely the election of Directors and the Say on Pay Proposal are not considered "routine" matters, which means that if your shares are held in street name, your bank, broker, or other nominee may not vote your shares on these matters unless you provide timely instructions for such voting. The second proposal to be brought before the Annual Meeting this year, namely the ratification of the appointment of the independent registered public accounting firm, is considered a "routine" matter, which means that if your shares are held in street name your bank, broker, or other nominee may vote your shares on this matter in its sole discretion if you do not provide timely instructions for voting your shares.

The Directors and executive officers of the Company have indicated that they intend to vote all shares of the Common Stock that they are entitled to vote in favor of each of Proposals One, Two and Three presented herein. On the Record Date, the Directors and executive officers of the Company in the aggregate had the right to vote 2,620,833 shares of the Common Stock representing approximately 26.11% of the outstanding shares of the Common Stock as of such date.

PROPOSAL ONE

ELECTION OF CLASS OF DIRECTORS

The Company's Amended and Restated By-Laws (the "By-Laws") provide that the number of Directors shall be set by a majority vote of the entire Board of Directors. Currently, the number of Directors for the Company has been set at 18. Under the Company's Restated Articles of Organization and By-Laws, this number is divided into three classes, as nearly equal in number as possible, with the Directors in each class serving a term of three years and until their respective successors are duly elected and qualified, or until his or her earlier resignation, death or removal. As the term of one class expires, a successor class is elected at the annual meeting of stockholders for that year.

At the Annual Meeting, there are six Directors to be elected to serve until the 2017 Annual Meeting of Stockholders and until their respective successors are duly elected and qualified, or until his or her earlier resignation, death or removal. The Board of Directors has nominated, upon the recommendation of the Board's Corporate Governance/Nominating Committee, each of John R. Clementi, Carole A. Cowan, Normand E. Deschene, John A. Koutsos, Arnold S. Lerner and Richard W. Main, for election as a Director for a three-year term.

Unless authority to do so has been withheld or limited in the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the election as a Director of each of the nominees named above. The Board of Directors believes that all of the nominees will stand for election and will serve as a Director if elected. However, if any person nominated by the Board of Directors fails to stand for election or is unable or refuses to accept election, the proxies will be voted for the election of such other person or persons as the Board of Directors may recommend.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed KPMG LLP to serve as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2014.

The Company is not required to submit the ratification of the Audit Committee's appointment of KPMG LLP as the Company's independent registered public accounting firm to a vote of stockholders. In the event a majority of the votes cast are against the appointment of KPMG LLP, the Audit Committee may consider the vote and the

reasons therefore in future decisions on its appointment of the Company's independent registered public accounting firm.

Representatives of KPMG LLP are expected to attend the Annual Meeting at which time they will have an opportunity to make a statement if they wish to do so and will be available to answer any appropriate questions from stockholders.

All of the listed Directors are also Directors of the Bank. The years listed in the foregoing table are the respective (1) years in which each named individual first became a Director of the Company and the Bank or, if prior to the Company's formation in 1996, of the Bank.

Independence of Board of Directors

The Board of Directors has determined that every individual who served as a Director during the year ended December 31, 2013 was “independent” of the Company’s management as of December 31, 2013, and continues to be independent as of the date of this Proxy Statement, on the basis of the independence standards contained in Rule 5605(a)(2) of the Marketplace Rules of The NASDAQ Stock Market, except for Messrs. Duncan, Main and Clancy, who are all current employees of the Company, and Mr. Deschene as further described below.

In determining the independence of Mr. Deschene, who joined the Board of Directors on June 28, 2011, the Board considered the cross-representation of Directors who serve on both the board of Mr. Deschene’s employer, Lowell General Hospital, and the Company, as well as the loan, deposit and trust relationships and charitable contributions between the Bank and Mr. Deschene’s employer. Messrs. Duncan and Hanson and Dr. Moloney currently serve on the board of directors of Lowell General Hospital, where Mr. Deschene is employed, and the board of directors is responsible for approving the compensation for Mr. Deschene. Primarily due to this cross representation, Mr. Deschene has not been deemed independent.

With respect to each of the Company’s independent Directors, there were no transactions, relationships or arrangements that have not been disclosed in this Proxy Statement under the heading “Transactions with Certain Related Persons” at pages 37 below, which were considered by the Board of Directors pursuant to the independence standards required under the applicable NASDAQ rule referenced above in the course of the Board’s determination that each such Director meets the definition of independence.

Board Leadership Structure and the Board’s Role in Risk Oversight

The Company’s Board of Directors annually appoints a Chairman, Vice Chairman, Secretary and Assistant Secretary. These Board offices are currently held by Mr. Duncan as Chairman, Mr. Lerner as Vice Chairman, Mr. Spinelli as Secretary and Mr. Hanson as Assistant Secretary. In March 2012, Mr. Lerner was appointed as Lead Director. As Lead Director, Mr. Lerner presides over executive sessions of independent Directors. In addition to these offices, the Board of Directors maintains five active committees at the Company level and nine active committees at the Bank level, to which specific risk oversight responsibilities have been delegated by the Board. Chairpersons and committee members are elected each year to a one year term.

Mr. Duncan, who through December 31, 2006 served as the Company’s Chief Executive Officer, serves as the executive Chairman of the Board and Mr. Clancy serves as the Chief Executive Officer of the Company. The Board has implemented this structure in order to enhance succession to the Company while recognizing the individual roles and responsibilities of the Chief Executive Officer and executive Chairman and taking into consideration the size, growth potential and complexity of the Company’s operations.

Regular meetings of the Board and its committees are held to review results of operations, including discussions of risk. The frequency of meetings is determined by the number and significance of risk matters that are discussed at either the Board or committee meetings. Each committee chairperson is provided an opportunity to present a report to the full Board at each regularly scheduled Board meeting and is required to provide a full report of past accomplishments and future strategies to the full Board on an annual basis.

The Company’s Board of Directors is responsible for oversight of the Company’s risk management. The Chief Executive Officer, the Company’s Senior Vice President-Risk Management Director and other members of senior management provide regular reports to the Board on the Company’s management of risk. Additionally, on a semi-annual basis, the Company’s Risk Management Director reports to the Executive Committee on the effectiveness of the Company’s risk management program. The Executive Committee consists of ten permanent committee members and up to three rotating Directors. Board committees are represented by permanent members of the Executive Committee, which is intended to provide the best venue for discussions relating to interest, market, credit, liquidity,

legal/compliance, capital, operational, strategic and reputational risk topics that have been identified and discussed at the Board committee level.

Among other responsibilities, the Audit Committee also monitors the integrity of the financial statements of the Company, adequacy of internal controls relating to financial reporting, compliance by the Company with legal and regulatory requirements, the qualifications and independence of the Company's independent registered public accounting firm, performance of the Company's Internal Audit Director and independent registered public accounting firm, and the business conduct and ethical standards of the Company. The Audit Committee held four executive sessions during 2013 with the Company's independent registered public accounting firm, KPMG LLP. One member of the Audit Committee and one other independent Director have been designated as financial experts.

Asset-Liability Committee ("ALCO"). ALCO is responsible for overseeing the Company's interest rate risk, capital adequacy, liquidity and balance sheet growth strategies. The committee monitors the Company's sensitivity to interest rate and market risk and the performance of the investment portfolio, approves investment strategies and approves recommended investment and borrowing vehicles while monitoring tolerance levels to determine adequate levels of liquidity and capital.

In addition, the committee reviews the adequacy of the Company's business continuity and disaster recovery plans and the deployment of new technologies with particular attention to operational risk management, and determines the appropriateness of acceptable operating risks that have been identified by management. The committee monitors the results of third party testing and risk assessments as part of the Company's ongoing efforts to maintain a secure operating environment.

Enterprise Investment Advisors Committee ("EIA"). EIA is responsible for overseeing that prudent care and discretion are followed in the investment and fiduciary oversight of client assets to properly manage and report client and Company market risk exposures. The committee is responsible for approving general investment standards and the selection of independent investment advisors and for monitoring investment, advisor and portfolio performance. The committee will periodically review management's strategic planning initiatives and direction for the investment advisory services provided under the Enterprise Investment Advisors label and is also responsible for the oversight of the sale of non-deposit investment (i.e., brokerage) products through Enterprise Investment Services using an independent third-party broker.

Loan Committee. The Loan Committee reviews information and reports relating to the composition, status, delinquency and classification of consumer, construction and commercial loans within the Bank's loan portfolio as well as any non-performing and past due loans and/or OREO assets (i.e., foreclosed property held by the Bank). The committee also reviews certain larger construction lending projects and relationships and reviews stress testing to determine potential risk exposure(s) related to the commercial real estate portion of the loan portfolio. The overall mission of the committee is to monitor the trends in asset and credit quality of the Bank's loan portfolio as well as various other internal and external factors and controls that may impact loan quality, concentration risk and overall credit risk exposure. The committee not only identifies and informs the Board of any unfavorable trends that it may detect in the Bank's loan portfolio, but also recommends actions that may be taken to mitigate portfolio risk reviewing and approving charge-offs. In addition to these per meeting fees, in

2013, non-employee Directors were also paid annual retainers for their membership on the Board of Directors and for their additional services in various Board-related and other corporate capacities as detailed in the following table:

Directors who are also full-time salaried officers of the Bank were not paid for attending Board of Directors or committee meetings in 2013 and did not receive retainers of any kind for their services in any capacity as Directors for 2013.

For the year 2013, non-employee Directors had the right to make an irrevocable election (by December 31, 2012) to receive shares of Common Stock in lieu of receiving an elected portion of cash fees. The number of shares issued to non-employee Directors pursuant to this election was based on the closing price of the Common Stock on the NASDAQ Global Market on January 2, 2013. For the year 2013, the Company issued a total of 11,136 shares of Common Stock to nine non-employee Directors at a per share issuance price of \$17.43. These shares were issued in January 2014. For the year 2014, non-employee Directors have the same option to receive shares of Common Stock in lieu of cash fees at a per share issuance price of \$20.84, which reflects the value of the Common Stock at January 2, 2014, based on the closing price of the Common Stock on the NASDAQ Global Market on that date.

In 2013, the Company also granted awards of restricted stock, which generally vest over a two-year period, to non-employee Directors.

The Company believes that giving non-employee Directors the option to receive stock in lieu of cash fees and granting to them restricted stock awards with vesting requirements further aligns such Directors' interests with those of the Company's stockholders.

The following table details the total compensation paid to each non-employee Director for the year ended December 31, 2013.

The value of the restricted stock awards is based on the fair market value of the Common Stock on the date of (2) grant, which was March 19, 2013. The fair market value was calculated as the closing price of the Common Stock on the NASDAQ Global Market on the date of grant.

COMPENSATION DISCUSSION AND ANALYSIS

You should read this section of the Proxy Statement in conjunction with the advisory vote that we are conducting on the compensation of our Named Executive Officers (as defined below) (see Proposal 3 - Advisory Vote on Executive Compensation). This Compensation Discussion and Analysis (“CD&A”) contains information that is important to your voting decision.

Objectives and Design

The Company’s core compensation philosophy provides that total annual compensation levels should: (1) reflect compensation levels of those found in other banking organizations of comparable asset size and performance; (2) reflect individual responsibilities, contribution, leadership, experience, skill set and performance; and (3) provide incentive to achieve business and financial objectives within reasonable risk parameters. The Company believes that this compensation philosophy is necessary to attract, motivate and retain highly qualified executives, who are essential to achieving the financial goals set by the Board of Directors and enhancing long-term value for shareholders, while operating the Company in a safe and sound manner.

Consistent with this philosophy, the Compensation Committee regularly obtains information regarding compensation levels in the Company’s industry through various sources, including compensation surveys conducted by banking industry associations and independent compensation consultants. The Compensation Committee also reviews the responsibilities and performance of the Company’s executive officers. Elements of compensation are established with the goal of rewarding the executive officers for individual performance and organizational short- and long-term goals.

Under the Compensation Committee Charter, the Compensation Committee recommends to the independent members of the Board of Directors the compensation of the Company's Chairman. The Chairman and the Compensation Committee review the performance of both the Company's Chief Executive Officer and President. The Chairman recommends the compensation of the Chief Executive Officer and President to the Compensation Committee and after review of the Chairman's recommendation the Compensation Committee recommends their compensation to the independent members of the Board of Directors for approval. The Chief Executive Officer of the Company evaluates the performance and responsibilities of the remaining executive officers and recommends their compensation to the Compensation Committee. After review of the Chief Executive Officer's recommendations, the Compensation Committee recommends executive compensation to the independent members of the Board of Directors for approval.

The Company at least annually assesses total compensation paid to its executive officers. As part of this process, the Compensation Committee assesses and evaluates the elements of total compensation paid to executive officers as a group and individually.

Elements and Rationale

Executive compensation may include the following components in addition to an executive's base salary: incentive cash compensation, equity compensation, supplemental retirement benefit, supplemental life insurance benefit, income protection following a termination of employment under various circumstances, including following a change in control of the Company, and automobiles and club memberships for business development purposes. Each of these components is reviewed, both separately and from a total compensation perspective, and approved by the Compensation Committee and the independent members of the Board of Directors on at least an annual basis. The Company believes that by using a combination of these elements it is best able to find an effective balance in motivating each executive to achieve long-term and short-term goals without taking unnecessary or excessive risks that could threaten the Company's financial condition or prospects, thereby enhancing long-term shareholder value. In establishing the components of compensation for each individual executive officer, the Compensation Committee considers the performance and responsibilities of the individual, the executive's designation or role within the Company, the cost to the Company of the various components of compensation to be provided, and the support received from stockholders in 2011 on the "Say on Pay" advisory vote.

The Company annually engages a compensation consulting firm to review the elements of the Company's executive compensation and to provide comparative market information on total compensation for the Compensation Committee's review. The Company engaged McLagan, an Aon Hewitt Company to conduct a comparative market review of the Company's executive annual total compensation programs for 2013 and 2014. The scope of this comparative market review included, in addition to survey data, the development of a peer group of publicly traded banks with similar asset size and performance within the Company's geographic region. The information was not gathered to benchmark executive compensation to particular levels within the peer and survey group, rather, it was reviewed for comparative purposes to ensure that total executive compensation remains competitive.

The Compensation Committee selected the following peer group:

Century Bancorp, Inc.
Washington Trust Bancorp, Inc.
Financial Institutions, Inc.
Meridian Interstate Bancorp, Inc. (MHC)
Camden National Corporation
United Financial Bancorp, Inc.
Rockville Financial Inc.
First Connecticut Bancorp, Inc.

2013 Executive Compensation Program

Base Salary

Based upon the comprehensive reviews and comparative assessments performed by McLagan, an Aon Hewitt Company, and various other factors, including a review of each executive's responsibilities, experience in his role, leadership, contributions, overall performance, and a review of the various components of compensation provided to the individual executive, the 2013 annual base salaries for the Chief Executive Officer, Chief Financial Officer, and the three other most highly compensated executive officers of the Bank identified in the Summary Compensation Table at page 26 below (as defined in Item 402 of Regulation S-K, the "Named Executive Officers") remained unchanged from 2012 levels as follows: for Mr. Marcotte at \$195,840, Mr. Irish at \$195,840, Mr. Clancy at \$400,000, Mr. Duncan at \$350,000, and Mr. Main at \$258,918. The base salaries for Messrs. Marcotte, Irish, Duncan, Main and Clancy remained unchanged for 2013, as the Company determined that an increase in their total incentive compensation opportunity and an increase in equity incentive would be the focus for 2013.

For 2014, the Compensation Committee reviewed the various components of the compensation provided to each executive, assessed each executive's responsibilities, leadership, overall performance, and contributions, and reviewed the comparative assessment provided by McLagan, an Aon Hewitt Company. The Compensation Committee determined that the base salaries for Messrs. Duncan, Main, Clancy, Marcotte, and Irish would increase from 2013 levels, in part, to maintain alignment with the competitive range of base salaries for their positions found in the above peer group. The base salary increases for 2014 are as follows: Mr. Marcotte from \$195,840 to \$205,632, Mr. Irish from \$195,840 to \$205,632, Mr. Clancy from \$400,000 to \$475,000, Mr. Main from \$258,918 to \$271,862, and Mr. Duncan from \$350,000 to \$367,500.

Incentive Compensation (Cash)

The terms of incentive cash compensation for executive officers are established by the Compensation Committee, subject to approval by the independent members of the Board of Directors, on a year-to-year basis. Certain senior officers, including the Named Executive Officers, are eligible for incentive cash compensation through the Company's Variable Compensation Incentive Plan. Payments for executives under the Variable Compensation Incentive Plan for 2013 were determined by various weighted elements of the Company's short- and long-term performance, including net income, deposit growth, loan growth, loan quality, and non-interest revenue. Additionally, to focus executives on managing salary and benefits expense, the Plan included a multiplier for executives that reduced or increased their overall payout based on performance compared to specific targets for this area. Target incentive payout percentages for Messrs. Duncan, Clancy, and Main were 32.5% of their annual regular earnings and the target payout percentages for Messrs. Marcotte and Irish were 23%. Performance factors and their relative weighting as well as the performance for each factor under than plan are shown in the table below.

Performance Factor	Weight	Level at 12/31/2013	Weighted Results
Net Income	50%	1.00	0.5000
Deposit Growth (Low)	15%	0.50	0.0750
Loan Growth	15%	1.25	0.1875
Loan Quality	10%	1.00	0.1000
Non-interest Revenue	10%	0.75	0.0750
Overall Result Payable to Target			0.9375

Salaries and benefits expense multiplier met the targeted range and did not impact the overall results.

Messrs. Duncan, Clancy, and Main received an actual payout of 30.47%, which resulted in the following cash payments: \$106,641 for Mr. Duncan; \$121,875 for Mr. Clancy; and \$76,726 for Mr. Main. Mr. Marcotte and Mr. Irish received an actual payout of 21.56%, which resulted in a cash payment of \$42,228 to each of Mr. Marcotte and Mr. Irish.

On March 18, 2014, the Board approved the Company's 2014 Variable Compensation Incentive Plan. The 2014 plan applies to all of the Named Executive Officers. The Board approved specific performance factors, performance targets and percentage payout amounts for 2014 for each of the Named Executive Officers. To further align executive rewards with the Company's financial results and to ensure total cash compensation is within a competitive range, the target payout percentage for each of Messrs. Duncan, Clancy, and Main was increased to 40% of their annual regular earnings and the target payout percentage for each of Messrs. Marcotte and Irish was increased to 30%. As in 2013, payments for participants under the 2014 Variable Compensation Incentive Plan will be determined by various elements of Company performance and individual performance.

All employees, including Named Executive Officers, also participated in a profit sharing program in 2013, which is solely determined based upon the Company's net income for the year. Payouts under this program were made in the form of an additional employer contribution to each employee's, including each of the Named Executive Officer's, 401(k) Plan account. The Company's achievement of net income of \$13,189,493 met target level in 2013 resulting in an additional contribution of 2.5% of the first \$75,000 of an individual employee's base salary. Accordingly, a profit sharing contribution of \$1,875 was made to each Named Executive Officer's 401(k) Plan account.

Long-Term Incentive (Equity) Compensation

The Company aligns the interests of its executives with the long-term interests of stockholders through the granting of equity-based compensation awards, which have been in the form of stock options and restricted stock, granted in all cases at current fair market value. The Company's current long-term equity program is intended to (1) enhance management's sense of ownership and commitment to the long-term success of the Company, (2) encourage and reward management performance that increases the long-term success and shareholder value of the Company, and (3) attract and retain the senior leadership and management talent the Company needs to be successful. At this time, the Compensation Committee anticipates that restricted stock as well as stock options will continue to serve as the primary vehicles to be used to achieve these objectives.

In connection with its compensation program, the Company evaluates the issuance of equity grants to employees on an annual basis. Equity grants to executive officers have been considered and granted at the same time that equity grants have been granted for employees during the first quarter of each year. The total number of options or restricted stock granted to all employees in the aggregate is determined after considering various factors, such as overhang and run rate. The number of options or value of restricted stock awards granted to individual employees, including executives, is also based upon various factors, but is primarily based upon an employee's level of responsibility and individual performance and contribution, and, with respect to the Named Executive Officers and other senior management, the desired mix of compensation. Stock option and restricted stock grants for employees other than executive officers are recommended by the Chief Executive Officer and the total grant is subject to the

approval of the Compensation Committee and Board of Directors. In addition to the recommendation of the Chief Executive Officer and Compensation Committee approval, stock options and restricted stock awards granted to executive officers must also be approved by independent members of the Board of Directors. In all cases, the exercise price of the stock option and the value of the restricted stock is established based on the market price of the Company's stock on the date of the grant.

On March 19, 2013, the Company granted to employees a total of 44,175 options, at an exercise price of \$16.43 per share (which reflected the market price of the Company's common stock on the date of the grant), and 72,660 shares of restricted stock. For the Named Executive Officers and certain other specific senior employees, restricted stock grants will vest based on the Company reaching specific targets in earnings per share cumulative totals. For all other employees restricted stock grants will vest 25% per year. Stock option grants to both Named Executive Officers and other employees will vest 50% at year two and 50% at year four. The equity grant vesting schedules are aligned with the Company's long term performance goals.

The amounts granted to the Named Executive Officers in 2013 were as follows: 4,000 options and 10,020 shares of restricted stock to Mr. Duncan; 10,000 options and 10,570 shares of restricted stock to Mr. Clancy; 4,000 options and 5,470 shares of restricted stock to Mr. Main; 1,500 options and 3,780 shares of restricted stock to Mr. Marcotte; and 1,500 options and 3,780 shares of restricted stock to Mr. Irish. The number of options and shares of restricted stock granted to the Named Executive Officers for 2013 were considered to be within competitive ranges for executive management, and the Compensation Committee believes such equity grants meet the Company's objective of executive employee participation in the Company's equity compensation program aligning the executives' interests with those of the stockholders.

On March 18, 2014, the Company granted to employees a total of 31,229 stock options at an exercise price of \$20.29 per share (which reflected the market price of the Company's common stock on the date of the grant) and 52,184 shares of restricted stock. For the Named Executive Officers and other specific senior employees, restricted stock grants will vest based on the Company reaching specific targets in earnings per share cumulative totals. For all other employees restricted stock grants will vest 25% per year. Stock option grants to both Named Executive Officers and other employees will vest 50% at year two and 50% at year four. The equity grant vesting schedules are aligned with the Company's long term performance goals. The amounts granted to the Named Executive Officers in 2014 were as follows: 3,117 options and 7,243 shares of restricted stock to Mr. Duncan; 3,476 options and 8,075 shares of restricted stock to Mr. Clancy; 1,831 options and 4,253 shares of restricted stock to Mr. Main; 1,083 options and 2,513 shares of restricted stock to Mr. Marcotte; and 1,083 options and 2,513 shares of restricted stock to Mr. Irish. The number of options and shares of restricted stock granted to the Named Executives Officers for 2014 were considered to be consistent with the Company's objective of maintaining a reasonable level of employee participation in the Company's equity compensation program and to be within competitive ranges for executive management. Additionally, the Compensation Committee believes that these equity grants further align the executives' interests with those of the stockholders.

Supplemental Retirement Benefit and Supplemental Life Insurance Benefit

The Compensation Committee believes that providing a supplemental retirement benefit, which is implemented through salary continuation agreements, and supplemental life insurance benefits serve as a long-term retention tool, as well as providing a reward component to the executive.

The Bank is party to salary continuation and supplemental life insurance agreements with each of Messrs. Duncan and Main. The terms of these salary continuation agreements, and the annual amounts payable to the executives thereunder, are described further at page 34 below. The annual expense incurred by the Company in maintaining this supplemental retirement benefit for each executive equals the annual increase of the present value of the accumulated benefit to be paid to the executive. This amount is included for each of the executives in the Summary Compensation Table at page 26 below under the heading "Change in Pension Value and Nonqualified Deferred Compensation

Earnings.”

22

The supplemental life insurance benefits that are payable to Messrs. Duncan and Main are included in the amounts shown as payable in the event of death in the table at page 34 below and are specifically referenced in footnote 3 to the table.

In 2006, the Company initiated a supplemental life insurance benefit plan for a number of its employees in management positions. Under this plan, the Company has provided supplemental life insurance benefits to the employees, subject to certain restrictions. Messrs. Clancy, Marcotte and Irish participate in this plan and the amounts of their supplemental life insurance benefits are included in the amounts shown as payable in the event of death in the table at page 34 below and are specifically referenced in footnote 3 to the table.

Income Protection and Non-Compete

In addition to the above noted elements of compensation, Messrs. Duncan, Main and Clancy have employment agreements with the Company, which include non-competition restrictions, and Mr. Irish and Mr. Marcotte have change in control/non-competition agreements with the Company. These agreements provide the executive with income protection in the event of a termination of his employment under certain circumstances, including following a change in control of the Company. The Compensation Committee believes these agreements are an important tool in retaining key executives while providing protection to the Company by restricting the executive's ability to compete in the Company's marketplace if he were to leave prior to any change in control. The terms of these agreements are described at pages 31-33 below and the amounts payable thereunder to the executives under various termination scenarios are included in the table at page 34 below. The Compensation Committee believes that the non-competition protection afforded by these agreements is critical in the Company's competitive marketplace and that the payment amounts and related conditions thereto contained in the agreements are consistent with reasonable industry standards. The maximum amounts that may be paid to any executive under any of these agreements are limited by automatic "cutback" provisions that ensure payments will not exceed the limits specified under Section 280G of the Code.

Perquisites

In addition to their participation in the Company's general employee benefit plans, as described in footnote 4 of the Summary Compensation Table at page 26 below, the Company provides company-owned vehicles for the use of Messrs. Duncan, Main and Clancy. The Company also pays dues related to club memberships for business development purposes for Messrs. Duncan, Main, and Clancy. The Compensation Committee believes that the cost of these additional perquisites is modest for the size of the Company and that providing them is consistent with maintaining a competitive total compensation and benefits package for senior management and for business development purposes.

Conclusion

In determining the Named Executive Officers' total 2013 compensation (including base salary, incentive cash compensation, equity compensation, supplemental retirement benefits and other perquisites), the Compensation Committee considered the support received from the Company's stockholders in 2011 on the "Say on Pay" advisory vote. Accordingly, the Compensation Committee did not change its approach in 2013 and applied rationale similar to that used in the prior year. The Compensation Committee will continue to consider the outcome of the Company's "Say on Pay" vote when making future compensation decisions for the Named Executive Officers.

In 2013, the Compensation Committee also continued to place greater emphasis on incentive cash compensation and equity compensation as an element of total compensation for particular Named Executive Officers to enhance the executive's ownership interest in the Company, to align management's interest with shareholder interests and to reward performance.

Each Named Executive Officer's total compensation in 2013 reflected the Compensation Committee's assessment of his responsibilities, performance and contributions as well as the comparative market data provided

by McLagan, an Aon Hewitt Company. In referring to such comparative data, the Compensation Committee sought to confirm that its compensation decision for each individual executive was reasonable.

The Company believes that its 2013 executive compensation program successfully linked executive compensation to the Company's financial performance.

COMPENSATION COMMITTEE MATTERS

Role of the Compensation Committee

The Compensation Committee of the Board of Directors is comprised of five members, all of whom are currently deemed to be independent. In determining the independence of the members, the Board of Directors has used the definition of independence contained in Rule 5605(d)(2)(A) of the Marketplace Rules of the NASDAQ Stock Market and has applied this definition consistently to all members of the Compensation Committee. It is the responsibility of the Compensation Committee to review the performance of the Chairman and recommend his compensation to the independent members of the Board of Directors for review and approval. The Chairman and Compensation Committee review the performance of the Chief Executive Officer and President and recommend their compensation to the independent members of the Board of Directors for review and approval. The Company's Chief Executive Officer evaluates the performance of the remaining executive officers and recommends their compensation to the Compensation Committee. The Compensation Committee reviews the Chief Executive Officer's recommendations and submits its recommendation to the independent members of the Board of Directors for approval. During 2013, the independent members of the Board of Directors approved all recommendations presented by the Compensation Committee.

The Compensation Committee has the authority to retain or obtain advice from independent advisors, such as outside legal counsel and consulting firms, as it deems necessary to perform its role. After taking into consideration the factors set forth in NASDAQ Marketplace Rule 5605(d)(3)(D), the Company obtained the services of McLagan, an Aon Hewitt Company in 2013 and 2014 to provide market assessment information to the Compensation Committee, which is discussed in further detail in the Company's Compensation Discussion and Analysis at pages 18-24 above. McLagan was paid \$38,282 for these services in 2013. The Compensation Committee confirmed that McLagan did not have any potential or actual conflicts of interest with the Board of Directors or the Company after taking into consideration the applicable NASDAQ rules.

The Compensation Committee operates under a written charter, a copy of which can be found on the Company's website (www.enterprisebanking.com). The Compensation Committee annually reviews its charter and recommends any changes to the full board of directors. The charter requires the Compensation Committee to meet at least four times every year. In 2013, the Compensation Committee met five times.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Company's Compensation Discussion and Analysis contained at pages 18-24 above with management and based on this review and discussion the Compensation Committee has recommended to the Board of Directors that the CD&A be included in this Proxy Statement.

Risk Assessment of Compensation Policies and Practices

The Company has implemented an annual risk assessment of its compensation policies and practices, which is intended to determine whether any of its existing compensation policies or practices create incentives for taking unnecessary or excessive risks that are reasonably likely to have a material adverse effect on the Company. On the basis of this assessment, the Compensation Committee of the Board of Directors has determined that no changes to the Company’s existing compensation policies and practices are necessary at this time.

The value of the stock awards is based on the fair market value of the Common Stock on the date of grant. The fair market value was calculated as the closing price of the Common Stock on the NASDAQ Global Market on the date of grant.

The value of the option awards is based on the fair market value of the awards as calculated using the Black-Scholes option valuation model. For assumptions used in calculating the value of option awards and the accounting treatment of the awards, refer to footnote 11 on page 108 of the Company's Annual Report on Form 10-K. For information on vesting, refer to the table "Outstanding Equity Awards at Fiscal Year-End" and the associated footnote 1 at page 30 below.

(3) For each of Messrs. Duncan and Main this amount is equal to the increase in 2013, 2012 and 2011 of the present value of the accumulated benefit attributable to the executive's supplemental retirement plan, excluding the impact of the decrease in the liability from the change in discount rate in 2013. For Mr. Duncan, the amounts shown in 2013, 2012 and 2011 take into account payments he received through his supplemental retirement plan in each of those years. For Mr. Main, the amounts shown in 2013, 2012 and 2011 take into account payments he received through his supplemental retirement plan in each of those years. In 2013, the discount rate used to determine the

present value of the accumulated benefit was updated to 5.00% from 4.25% resulting in the value to the employee decreasing \$66,886 and \$88,375 for Messrs. Duncan and Main, respectively. There were no changes to the terms or amounts of the benefit paid to the employees based on the discount rate change.

For each of the Named Executive Officers, these amounts include \$1,875, \$2,625 and \$1,875 in annual (4) contributions by the Bank for the Bank's Profit Sharing Plan in 2013, 2012 and 2011, respectively, and the following:

The exercise price of all stock options granted to employees in 2013, including those granted to Named Executive (2) Officers and reflected in this table, equals the closing price of the Common Stock on the NASDAQ Global Market on the date of grant as required under the Company's 2009 Stock Incentive Plan.

For an explanation of the grant date fair value of the restricted stock and option awards, including the assumptions (3) used in calculating the grant date fair value of the option awards, refer to footnote 11 on page 108 of the Company's Annual Report on Form 10-K.

OPTION EXERCISES AND STOCK VESTED

The following table sets forth information concerning the exercise of stock options and the vesting of restricted stock awards for each of the Named Executive Officers during the year ended December 31, 2013:

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized Upon Exercise (\$) (1)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$ (2)
George L. Duncan	28,000	\$79,940	2,350	\$39,128

James A. Marcotte	13,000	\$48,055	4,149	\$69,081

The value realized upon exercise calculations in the third column from the left above are based upon the difference between the value of the Common Stock on the option exercise date and the per share exercise price of the options. (1) The value on the exercise date was based on the closing market price of the stock on the NASDAQ Global Market on the exercise date.

The value realized on vesting calculation in the far right column is based upon the value of the Common Stock on (2) the vesting date of the restricted stock. The value on the vesting date was based on the closing market price of the stock on the NASDAQ Global Market on the vesting date.

OUTSTANDING EQUITY AWARDS AT FISCAL YEAR-END

The following table sets forth information concerning unexercised stock options and unvested stock awards held by each of the Named Executive Officers as of December 31, 2013. The Company has not granted any option awards that are unexercised and unearned and not otherwise disclosed in the table or any stock awards that are unearned and have not vested and are not otherwise disclosed in the table.

AGREEMENTS WITH NAMED EXECUTIVE OFFICERS

The Company and the Bank are parties to employment agreements with Messrs. Duncan, Main and Clancy and change in control/noncompetition agreements with Messrs. Irish and Marcotte. The Bank is also a party to salary continuation agreements with Messrs. Duncan and Main and supplemental life insurance agreements with Messrs. Duncan, Main, Clancy, Irish and Marcotte.

Each of the employment agreements with Messrs. Duncan, Main and Clancy is for a fixed term of years (three years for Mr. Duncan and two years for each of Messrs. Main and Clancy), subject to an automatic "rolling" renewal each year, unless either the Company or the executive provides a notice of non-renewal, in which case the agreement will expire at the end of the then-current term. Each of Messrs. Duncan, Main and Clancy is guaranteed a minimum base salary under the terms of his employment agreement: \$203,900 for Mr. Duncan; \$193,920 for Mr. Main; and \$350,000 for Mr. Clancy. These amounts from time to time, at least annually, shall be reviewed for increases by the Board.

The amount of severance payments and benefits, if any, which may be due to any of the Named Executive Officers under any of the agreements referenced above following any form of termination of the executive is summarized generally below and is further quantified in the table at page 34 of this Proxy Statement.

Under the employment agreements with Messrs. Duncan, Main and Clancy, if the executive dies, his beneficiary will be paid a lump sum equal to one-half of his then-current annual base salary and his spouse and any other eligible dependents will continue to receive health and welfare benefits at no cost, subject to limitations described in the agreement; provided, however, that if the executive dies either within one year before or two years after the occurrence of a change in control of the Company (as defined in the agreement), then, in addition to such continuing health and welfare benefits, the executive's beneficiary will be paid a lump sum equal to three times, in the case of Mr. Duncan, and two times, in the case of either Mr. Main or Mr. Clancy, the executive's previous highest annual compensation (as defined in the agreement to include the sum of the executive's highest annual base salary and highest annual cash bonus paid at any time prior to the date of termination since January 1, 2004) (such lump sum payment being referred to herein as the "Lump Sum Payment"), subject to reduction for any prior lump sum payment that may have been paid following the death of the executive.

In addition to the foregoing death benefits payable to Messrs. Duncan, Main and Clancy under their employment agreements, the beneficiaries of each of the Named Executive Officers will also be paid the death benefits provided under the executive's supplemental life insurance agreement, the amounts of which are included in footnote 3 to the table at page 34 below.

Under the employment agreements with Messrs. Duncan, Main and Clancy, if the executive is terminated at any time as a result of his long-term disability (as defined in the agreement), then for the remaining term of the agreement the executive will be paid an annual amount equal to 75% of his previous highest annual compensation, subject to reduction for any payments received by the executive during this payment period under any group long-term disability plan that may be maintained by the Company, and will be entitled to receive continuing health and welfare benefits on the same terms as were available to the executive as an employee.

Under the employment agreements with Messrs. Duncan, Main and Clancy, if the executive retires on or after his specified retirement age (65 for Mr. Duncan, 63 for Mr. Main and 62 for Mr. Clancy), then the executive is entitled to receive continuing health and welfare benefits for twelve months on the same terms as were available to him as an employee, and, in addition, if the executive retires either within one year before or one year after the occurrence of a change in control, then the executive will be paid the Lump Sum Payment.

In addition to the retirement rights provided to Messrs. Duncan and Main under their employment agreements, the salary continuation agreements referenced above also provide additional annual compensation benefits payable to Messrs. Duncan and Main which vest over time, subject to acceleration upon a change in control (as defined in the agreement), and become payable to the executive over a 20-year period upon his reaching a specified age (68 for Mr. Duncan, which he reached on June 8, 2008, and 63 for Mr. Main, which he reached on April 3, 2010), whether or not the executive has retired or remains employed with the Company at such time. The annual amounts payable to each of Messrs. Duncan and Main under their salary continuation agreements are \$149,500 and \$95,300, respectively.

Under the employment agreements with Messrs. Duncan, Main and Clancy, if the Company (including any successor) terminates the executive at any time for cause, whether before or after the occurrence of a change in control, then the executive will not be entitled to receive any severance payments or benefits. However, if the Company (including any successor) terminates the executive at any time without cause, whether before or after the occurrence of a change in control, then the executive will be paid the Lump Sum Payment and will be entitled to receive continuing health benefits for 18 months at no cost to the executive.

Under the employment agreements with Messrs. Duncan, Main and Clancy, if the executive chooses to terminate his employment at any time for good reason (as defined in the agreement to include, among several other reasons, a material reduction in the executive's base salary or his authority, duties or responsibilities), whether before or after the occurrence of a change in control, then the executive will be paid the Lump Sum Payment and will be entitled to receive continuing health benefits for 18 months at no cost to the executive. If the executive chooses to terminate his employment at any time without good reason, then he will not be entitled to receive any

severance payments or benefits, unless the executive chooses to terminate his employment without good reason either within one year before or one year after the occurrence of a change in control, in which case the executive will be paid the Lump Sum Payment.

Each of the employment agreements with Messrs. Duncan, Main and Clancy also provides that the parties may agree at any time to enter into a modified employment arrangement for the remaining term of the agreement. Under the terms of such arrangement, in exchange for the executive continuing to work at a level of at least 50% of the level worked during the preceding three years, the Company will pay the executive an annual salary equal to 50% of his previous highest annual compensation and will continue to provide the executive with full benefits.

Under each of the employment agreements with Messrs. Duncan, Main and Clancy, the executive is subject to confidentiality, non-compete and non-solicitation restrictions for up to two years after the termination of his employment for any reason if the termination occurs before a change in control. The non-compete restrictions do not apply following any termination of the executive's employment that occurs after a change in control, and any non-compete restrictions that may be in effect at the time of a change in control automatically expire upon such change in control. If the executive breaches any applicable confidentiality, non-compete or non-solicitation covenants, then the Company may enforce a right to recoup any prior severance payments made to the executive.

Under the terms of the change in control/noncompetition agreement with Messrs. Irish and Marcotte, the executive will be paid a lump sum equal to 1.5 times his previous highest annual compensation (as defined in the agreement to include the sum of the executive's highest annual base salary and highest annual cash bonus paid within the most recent three years prior to the date of termination), together with certain other specified payments and benefits, including continuation of health and welfare benefits for 18 months on the same terms as were available to the executive as of the date of termination or, if more favorable, as of the date of the change in control, if the executive's employment is terminated for any reason, whether at the initiative of the Company or of the executive and whether or not for cause, within two years after the date of a change in control of the Company. If Mr. Irish's or Mr. Marcotte's employment is terminated for any reason within one year prior to the occurrence of a change in control, other than for cause, then he is entitled to receive all of the payments and benefits that he would have been entitled to receive if such termination had occurred within two years after the date of such change in control.

Messrs. Irish and Marcotte are also subject to confidentiality, non-compete and non-solicitation restrictions for one year following a termination of employment for any reason prior to a change in control (and assuming a change in control does not occur within this one-year period). If Mr. Irish's or Mr. Marcotte's termination in the absence of any change in control is initiated by the Company for any reason other than for cause, then he will be paid a lump sum equal to 75% of the sum of his then-current annual base salary and the amount of any annual incentive or other bonus paid to him with respect to the most recently completed fiscal year prior to the date of termination, subject to recoupment by the Company if he breaches any of the applicable confidentiality, non-compete and non-solicitation covenants.

The following table summarizes the estimated cost of executive benefits that would be incurred by the Company, as of December 31, 2013, under the various termination scenarios referenced in the table for each of the named executive officers. The estimates shown below factor in base salary and incentive compensation payments, the value realized from accelerated vesting of stock options and restricted stock, the value realized from accelerated vesting of supplemental retirement benefits and other benefits and payments to be paid to the named executive officers under the terms of any agreement or plan that is not generally available to all employees. The following calculations were made without giving consideration to any possible "cutback" or other reduction of payments or benefits that could be required under an executive's employment or other contract:

Name	Change in Control (1)	Voluntary Termination (Includes Early Retirement) (2)	Involuntary Cause Termination by Company or, if Applicable, Good Reason Termination by Employee	For Cause Termination	Normal Retirement (2)	Death (2)(3)	Disability
George L. Duncan (4)	\$1,999,843	\$—	\$1,538,901	\$—	\$15,700	\$1,814,450	\$877,118
John P. Clancy, Jr.	\$1,838,952	\$—	\$1,176,446	\$—	\$15,700	\$623,623	\$554,094
Richard W. Main (4)	\$1,059,192	\$—	\$766,855	\$—	\$14,333	\$1,032,947	\$363,875
Stephen J. Irish	\$662,696	\$—	\$191,378	\$—	\$—	\$154,077	\$—
James A. Marcotte	\$680,241	\$—	\$187,265	\$—	\$—	\$170,500	\$—

With respect to each of Messrs. Duncan, Clancy, Main, Irish and Marcotte the amount shown includes the amount payable, including the estimated expense of continuing benefits, under various termination scenarios either (1) preceding or following a change in control under the executive's employment agreement or, in the case of Messrs.

Irish and Marcotte, their change in control/noncompetition agreement, which are described in further detail under the heading "Agreements With Named Executive Officers at pages 31-33 above.

The amounts shown also include the present value attributable to accelerated vesting of death benefit payable under the Bank's executive supplemental life insurance plan, which is \$56,131 for Mr. Clancy, \$52,671 for Mr. Irish and \$52,867 for Mr. Marcotte, and the value attributable to the accelerated vesting of outstanding stock options and unvested restricted stock, which is \$460,942 for Mr. Duncan, \$606,374 for Mr. Clancy, \$292,337 for Mr. Main, \$216,598 for Mr. Irish and \$216,598 for Mr. Marcotte. The value of any outstanding stock options and unvested restricted stock is based upon the value of the Common Stock on December 31, 2013, which equals the closing market price of the stock on the NASDAQ Global Market on that date.

With respect to each of Messrs. Duncan, Clancy, Main, Irish and Marcotte assumes that termination has not (2) occurred within the time periods before or after a change in control specified in his employment agreement or change in control/noncompetition agreement as applicable.

Includes amounts payable under supplemental life insurance benefits, which equal the following amounts for each (3) of the executives: \$1,556,056 for Mr. Duncan; \$190,080 for Mr. Clancy; \$791,496 for Mr. Main; and the entire amount shown in the table for Messrs. Irish and Marcotte.

In addition to the amounts payable to Messrs. Duncan and Main under the various scenarios shown in the table above, each of the executives has a fully vested right to receive annual amounts payable over a twenty-year period under the executive's salary continuation agreement. These annual amounts, payable in monthly installments, are (4) paid to the executive regardless of his employment status, unless the executive is terminated for cause, in which case he would forfeit his right to receive any further payments following the date of termination. In 2013, both Messrs. Duncan and Main were eligible to receive payments under their salary continuation agreements, and each received the full annual amount to which he is entitled, detailed in the table below.

The following table sets forth additional information concerning the supplemental retirement benefits as of December 31, 2013 which are provided to Messrs. Duncan and Main:

Name	Plan Name	Number of Years of Credited Service (#)	Present Value of Accumulated Benefit (\$)(1)	Payments During Last Fiscal Year (\$)
George L. Duncan	Supplemental Employee Retirement Plan	25	\$ 1,522,069	\$ 149,500
Richard W. Main	Supplemental Employee Retirement Plan	25	\$ 1,051,455	\$ 95,300

The present value of accumulated benefit was valued at the established present value of the payments to be (1) received by the executives upon reaching the specified ages noted above at a discount rate of 5.00%. The annual benefit will be payable in twelve monthly installments.

DIRECTOR NOMINATIONS AND STOCKHOLDER COMMUNICATIONS

Proposed director nominees are recommended to the Board of Directors for its approval by the Company's Corporate Governance/Nominating Committee. The CGNC is comprised of five independent Directors. In determining the independence of the CGNC members, the Board of Directors has used the definition of independence contained in Rule 5605(a)(2) of the Marketplace Rules of The NASDAQ Stock Market and has applied this definition consistently to all members of the CGNC.

A copy of the CGNC's Charter and the Company's Corporate Governance Guidelines can be found on the Company's website (www.enterprisebanking.com/investor-relations.html). The Charter and Guidelines outline director qualifications, appointment to and removal from the Board of Directors and its various committees, structure and operations of the Board of Directors and its various committees and the CGNC's reporting function to the Board of Directors.

In evaluating candidates, the CGNC considers independence, experience relevant to the needs of the Company, leadership qualities and the ability to represent the broad interests of stockholders. In selecting new Directors, consideration is given to both the personal qualities and abilities of individual candidates and the existing collective skills and aptitudes of the Board of Directors as a whole.

Although it does not have a formal diversity policy, in addition to the criteria described above, the Board and the CGNC also consider professional, personal and geographic diversity in their review of candidates. Overall, candidates are selected based on a review of qualifications that are considered in the best interest of the stockholders.

Nominees for election to the Board of Directors may be identified and submitted to the CGNC for its consideration by Directors, stockholders and/or management. The CGNC may also retain a professional search firm to assist with the identification of qualified candidates.

The Chairman of the CGNC and the Chairman of the Board of Directors shall extend an invitation to join the Board of Directors, subject to election by the Company's stockholders, to those nominees who are recommended by the CGNC and approved by the Board of Directors. The Board of Directors also retains the right, as outlined in the Company's By-Laws, to appoint Directors as needed throughout the year.

Directors are required to attend the Company's annual meeting. Absences will be allowed for serious personal or business obligations that cannot be rescheduled. All of the Company's Directors attended the 2013 annual meeting except for Mr. Koutsos who did not join the Board of Directors until September 2013.

Stockholders may submit nominations for candidates for election to the Board of Directors in accordance with the applicable requirements contained in the Company's By-Laws to the attention of the Company's Secretary at the Company's principal office located at 222 Merrimack Street, Lowell, Massachusetts 01852. The Audit Committee's responsibilities also include resolving any disagreements that may arise between management and the Company's independent registered public accounting firm. In addition, the Audit Committee is responsible for the oversight of financial reporting, the oversight of compliance by the Company with legal and regulatory requirements, and establishing procedures for the receipt, retention and treatment of any complaints that may be received by the Company regarding accounting, internal controls or auditing matters and the confidential, anonymous submission by employees of the Company of any concerns that may arise regarding questionable accounting or auditing matters. The Audit Committee has met and held discussions with management and the Company's independent registered public accounting firm. Management has represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the Company's independent registered public accounting firm. The Audit Committee has discussed with the

Company's independent registered public accounting firm the matters required to be discussed under the professional standards of the AICPA and Public Company Accounting Oversight Board.

The Company's independent registered public accounting firm has also provided to the Audit Committee the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and the Audit Committee has discussed with the Company's independent registered public accounting firm that firm's independence.

Based upon the Audit Committee's discussions with management and the Company's independent registered public accounting firm, and the Audit Committee's review of the representation of management and the reports of the Company's independent registered public accounting firm to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2013 as filed with the SEC.
