Mr. Mendenhall is a CPA and holds Bachelors degree from the Brigham Young University.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers and directors, as well as persons who beneficially own more than ten percent of our Common Stock, to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission (the "SEC"). Reporting persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on a review of the copies of such forms furnished to us and written representations from the Company's executive officers and directors, the Company believes that for the fiscal year ended June 30, 2003 all persons subject to the reporting requirements of Section 16(a) filed the required reports on a timely basis.

COMPENSATION OF DIRECTORS

Non-employee directors of the Company have historically received compensation of \$5,000 per quarter for their responsibilities and efforts as Directors. In January 2003, all director compensation was suspended in order to preserve cash. Non-employee Directors received \$10,000 as compensation in fiscal 2003. Directors of the Company that are employees receive no additional compensation for their service on the Board.

EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT AND CHANGE-IN-CONTROL ARRANGEMENTS

Employment Agreements

RICHARD V. SECORD, our Chairman and Chief Executive Officer, entered into an employment agreement with the Company effective September 18, 2000. The employment agreement expired by its terms on September 18, 2003 but is being orally extended on a month-to-month basis. Pursuant to the employment agreement, General Secord is entitled to receive compensation of \$210,000 per year, other benefits, including a \$500,000 life insurance policy, with an annual value of approximately \$35,000 per year and a one-time grant of stock options entitling him to purchase 750,000 shares of Common Stock at an exercise price of \$1.50 per share. (During June 2003, General Secord voluntarily began to accept a reduced salary of \$105,000 per year until such time as he determines to demand the full \$210,000 per year salary authorized by the Board). If General Secord is terminated without cause, he is entitled to a severance package consisting of 18 months paid medical and dental insurance and two years' salary. The agreement also creates a non-competition restriction that extends for two years after General Secord leaves employment with the Company, provides the Company the right to take advantage of any business opportunities developed during the term of the agreement, and creates the duty not to reveal any confidential information about the business of the Company.

Executive Severance Agreements

The Board of Directors has approved an Executive Severance Agreement that provides certain "Severance Benefits" as defined in the Agreement for our executive officers (each an "Executive") in the event the employment of the Executive is terminated subsequent to a "Change in Control" of the Company under the circumstances described in the Agreement. The Executive Severance Agreement, once executed, continues from year-to-year until terminated at the end of any year by written notice from the Company, unless a Change in Control of the Company has occurred prior to that date, in which event it shall continue in effect during the 2-year period immediately following such Change in Control.

Pursuant to the Agreement, a Change in Control of the Company is deemed to have occurred if (a) any organization, group or person (as defined in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended) is, or becomes, the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing 35 percent or more of the combined voting power of the then outstanding securities of the Company; (b) during any two-year period, a majority of the members of the Board serving at the effective date of the Agreement is replaced by directors who are not nominated and approved by the Board; (c) a majority of the members of the Board is represented by, appointed by, or affiliated with any person whom the Board has determined is seeking to effect a Change in Control of the Company, or (d)

Edgar Filing: COMPUTERIZED THERMAL IMAGING INC - Form 10-K/A

the Company is combined with or acquired by another company and the Board determines, either before such event or thereafter, by resolution, that a Change in Control will or has occurred.

If a Change in Control has occurred, the Executive is entitled to Severance Benefits upon the subsequent involuntary termination, whether actual or constructive, of the employment of the Executive within the two-year period immediately following such Change in Control, for any reason other than termination for cause, disability, death, normal retirement or early retirement. Pursuant to the Executive Severance Agreement, "Constructive Involuntary Termination" means voluntary termination of employment by Executive as a result of a significant change in the duties, responsibilities, reporting relationship, job description, compensation, perquisites, office or location of employment of Executive without the written consent of the Executive.

If, following a Change of Control, the Executive's employment by the Company is terminated other than for cause, disability, death, normal retirement, or early retirement, the Executive shall, subject to the provisions of the Agreement, be entitled to:

- o compensation at his or her full annual base salary at the rate in effect immediately prior to the termination of the employment of the Executive, and short-term and long-term bonuses at the target levels pursuant to the Company's annual incentive plan, if any, for the period of two years following actual involuntary termination or Constructive Involuntary Termination (the "Salary Continuance Period");
- o all medical and dental benefits and all long-term disability benefits in which the Executive was entitled to participate immediately prior to the date of termination, to the same extent as if the Executive had continued to be an employee of the Company during the Salary Continuance Period, provided that such continued participation is feasible under the general terms and provisions of such plans and programs;
- o an immediate vesting of all outstanding stock options, stock appreciation rights, restricted stock, performance plan awards and performance shares granted by the Company to the Executive;
- o continued credit for years of service under the benefit plan of the Company from the date of termination through the Salary Continuance Period, and any compensation paid to the Executive above shall be treated as salary compensation for purposes of such plan; and
- o an amount necessary to reimburse the Executive for all legal fees and expenses incurred by the Executive as a result of the Change in Control of the Company and such termination of employment, including fees and expenses incurred in successfully contesting or disputing any such termination or in seeking to obtain or enforce any right or benefit provided by the Agreement.

If the severance benefits provided for under the Agreement, either alone or together with other payments which the Executive would have the right to receive from the Company, would constitute a "parachute payment" as defined in Section 280G(a) of the Internal Revenue Code in effect at the time of payment, such

Edgar Filing: COMPUTERIZED THERMAL IMAGING INC - Form 10-K/A

payment shall, in good faith, be reduced to the largest amount as will result in no portion being subject to the excise tax imposed by Section 4999 of the Code or the disallowance of a deduction by Company pursuant to Section 280G of the Code.

Executive Severance Agreements were executed by each of the Named Executive Officers but have lapsed with respect to Messrs. Brady and Brenna. Accordingly, only General Secord is currently a beneficiary of an Executive Severance Agreement.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Company's executive compensation program is administered by its Board of Directors, as the Company does not have an independent compensation committee. The Board currently consists of Richard V. Secord, Brent M. Pratley, M.D. Milton Geilmann, and Harry C. Aderholt. General Secord is the Chief Executive Officer of the Company. None of the other directors is an officer or employee of the Company. Although certain members of the Board are executive officers, none participates in the determination of his own salary or bonus.

REPORT OF THE COMPENSATION COMMITTEE

NOTWITHSTANDING ANYTHING TO THE CONTRARY SET FORTH IN ANY OF THE COMPANY'S PREVIOUS FILINGS UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), OR THE EXCHANGE ACT THAT INCORPORATE BY REFERENCE, IN WHOLE OR IN PART, SUBSEQUENT FILINGS, INCLUDING, WITHOUT LIMITATION, THIS FORM 10-K, THE FOLLOWING REPORT OF THE COMPENSATION COMMITTEE AND THE PERFORMANCE GRAPH AND OTHER INFORMATION SET FORTH UNDER THE HEADING "PERFORMANCE GRAPH" SHALL NOT BE DEEMED TO BE INCORPORATED BY REFERENCE INTO ANY SUCH FILINGS.

The Company's executive compensation program is administered by the entirety of the Board of Directors acting as its compensation committee. Acting as the compensation committee, the Board is responsible for establishing the policies governing the Company's compensation program and the amount of compensation for each of the Company's executive officers. The Board has oversight responsibility for all executive compensation and executive benefit programs of the Company.

The rules of the SEC addressing disclosure of executive compensation require the Board to include in this Form 10-K a report from the Board addressing, with respect to the most recently completed fiscal year, (a) the Company's policies regarding executive compensation generally, (b) the factors and criteria considered in setting the compensation of the Company's Chief Executive Officer, Richard V. Secord, and (c) any relationship between such compensation and the Company's performance.

Compensation Objective and Policies

In determining the amount and composition of compensation for the Company's executive officers, the Board is guided by several factors. Because the Company has a small number of employees, compensation practices are flexible in response to the needs and talents of the individual officer, entrepreneurial, and geared toward rewarding contributions that enhance shareholder value. Because the Company does not have substantial revenues from operations and needs capital for research and development, the Company keeps salaries and bonuses at levels that the Company believes are lower than many of the Company's competitors and uses stock options extensively in the compensation of employees (including executive officers). The extensive use of stock options is also designed to align the interest of the executive officers and other employees with the long-term interests of the Company and to attract and retain talented employees who can enhance the Company's value.

Edgar Filing: COMPUTERIZED THERMAL IMAGING INC - Form 10-K/A

Compensation Components

ANNUAL BASE SALARY. The Company's compensation of its executive officers consists of three components: base salary, bonuses, and long-term incentive awards in the form of stock options. The Board establishes base salaries based primarily on its subjective judgment, taking into consideration both qualitative and quantitative factors. Among the factors considered by the board are: (i) the qualifications and performance of each executive officer; (ii) the performance of the Company as measured by such factors as progress in product development and increased shareholder value; (iii) salaries provided by other companies inside and outside the industry that are of a comparable size

and at a similar development stage, to the extent known; and (iv) the capital position and needs of the Company. The Board does not assign any specific weights to these factors in determining salaries. It does, however, try to keep base salaries as low as possible, consistent with the needs and status of the executive officers, in order to preserve capital for future growth and development. With respect to the 2003 fiscal year, a minimum salary for each executive officer of the Company was set forth in a written employment agreement that had been signed prior to fiscal 2003. Because of a downward trend in the market price of the Common Stock and its desire to preserve working capital, the Board elected not to increase the base salary of any executive officer above the mandated minimum during 2003.

INCENTIVE BONUSES. Although the Company did not pay any bonuses during its 2003 fiscal year, the Company may pay bonuses to its executive officers or key employees in the future as a reward for significant and specific achievements that have a significant impact on shareholder value. Because the Company does not have a history of earnings per share, net income, or other conventional data to use as a benchmark for determining the amount or existence of bonus awards, the Board expects to make determinations based on its subjective evaluation of each individual's contribution to the Company. In some cases, however, bonuses payable to individuals may be tied to specific criteria identified at the time of engagement. In the 2003 fiscal year, the Board did not award any discretionary bonuses. The Board's action was based on its conclusion that, despite the adequate personal performance of the executive officers, no cash incentive bonuses should be awarded in the 2003 fiscal year due to the lack of substantial revenue during that year and a need to conserve working capital.

STOCK OPTIONS. The Company relies extensively on stock options to compensate executive officers and other key employees. Its stock option plan is designed to give each option holder an interest in preserving and maximizing shareholder value in the longer term, to reward option holders for past performance and to give option holders the incentive to remain with the Company long term. Individual grants are determined on the basis of the Board's assessment of an individual's current and expected future performance, level of responsibilities, and the importance of his or her position with, and contribution to, the Company. Because of a downward trend in the market price of the Common Stock and its desire to preserve working capital, the Board elected not to grant any stock options to executive officers during the 2003 fiscal year.

CHIEF EXECUTIVE COMPENSATION FOR 2003

As of September 2000, based on the Board's subjective impression of the salaries of presidents or chief executive officers of similarly situated development

stage companies (both in and outside the industry), the value of the Common Stock, the Company's progress in obtaining FDA approval, finding a market niche and exploiting its assets, and the Board's subjective assessment of the contribution of General Secord, the Board determined to execute an employment agreement with General Secord pursuant to which he was entitled, through September 18, 2003, to receive a base salary of \$210,000 per year, other benefits, including a \$500,000 life insurance policy, with an annual value of approximately \$35,000 per year and a one-time grant of options entitling him to purchase 750,000 shares of common stock at an exercise price of \$1.50 per share, in addition to severance pay lasting up to two years if his employment is terminated without cause. Because of a downward trend in the market price of the Common Stock and its desire to preserve working capital, the Board elected not to give any discretionary bonuses, stock option grants or other benefits during fiscal 2003. During June 2003, General Secord voluntarily began to accept a reduced salary of \$105,000 per year until such time as he determines to demand the full \$210,000 per year salary authorized by the Board.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS.

Both the Securities and Exchange Commission and the U.S. Attorney's Office for the Southern District of New York ("Attorney's Office") are conducting investigations involving possible violations of proscriptions on insider trading by our Chairman and Chief Executive Officer. While the Company is not a target of the investigations, the Company is incurring substantial legal expenses in responding to requests for information and documents from the SEC and Attorney's Office, preparing for and attending depositions by the Company's officers, conducting investigations of our own affairs, and advancing legal fees on behalf of officers who are or may be entitled to indemnification in connection with these investigations. To date, in compliance with these requests, we have incurred expenses of approximately \$650,000 in connection with such investigations.

This disclosure set forth in "Item 11. Executive Compensation -- Employment Contracts, Termination of Employment and Change-in-Control Arrangements" is incorporated herein by this reference.
