ITEM 5. OTHER EVENTS

On March 31, 2004, ePlus Technology, inc., a wholly owned subsidiary of ePlus inc., modified the current floor planning agreements with GE Commercial Distribution Finance Corporation ("CDF" - formerly known as Deutsche Financial Services Corporation) that were originally entered into on September 8, 2000. The changes to the agreements included the reduction of the floor interest rate charged to a rate based on the prime rate but no less than a prime rate of 5.25%; the ability to have CDF provide a total inventory floorplan credit facility limit of up to \$33,000,000, provided that at no time will the combined outstanding inventory floorplan facility and the accounts receivable facility exceed this total amount; the allowance of up to a maximum of \$4,000,000 of defined intercompany lease receivables; a reduction in the unused line fee rate; and an increase in the minimum tangible net worth provision from \$4,500,000 to \$14,050,000; and a change in the ratio of debt minus subordinated debt to tangible net worth and subordinated debt of not more than 3.0 to 1.0 to 6.5 to 1.0, which reflects the effects of the consolidating mergers of ePlus Technology of PA, inc. and ePlus Technology of NC, inc. into ePlus Technology, inc., which occurred on March 31, 2003.

Purpose of the Credit Facility

ePlus Technology, inc. uses this credit source to finance its working capital requirements for inventories and accounts receivable. Their traditional business as sellers of computer technology assets and related network equipment and software products is financed through these arrangements known as floorplan financing, where the interest expense generally for the first thirty to forty days is not charged but is paid for by the distributor/manufacturer. These floorplan liabilities are recorded as accounts payable-trade as they are

Edgar Filing: EPLUS INC - Form 8-K

normally repaid within the thirty to forty day time frame and represent an assigned accounts payable originally generated with the supplier/manufacturer. If the thirty to forty day obligation is not paid timely, interest is then assessed at the stated contractual rates.

Principal Terms of the Credit Facility

The contracts provide for various repayment days dependent on the distributor/manufacturer, but the majority are 40 days on average. The facility can be terminated with 90 days notice by either party. The facility consists of \$26,000,000 for inventory financing and \$7,000,000 of accounts receivable financing. Interest is assessed at the prime rate minus one-half of one percent on the outstanding principal debt under the accounts receivable facility.

ePlus inc., the parent of ePlus Technology, inc., has guaranteed this facility up to \$6,900,000.

ePlus Group, inc., with the consent of its credit facility supplier, agreed to guaranty any items it received from but not paid to ePlus Technology, inc.

Recent Developments

On August 2, 2017 the United States Bankruptcy Court for the District of Delaware issued an order confirming the amended prepackaged joint plan of reorganization of the Company and certain of its domestic subsidiaries (the “Debtors”) dated July 25, 2017 (as amended and supplemented, the “Plan”), pursuant to chapter 11 of the United States Bankruptcy Code (the “Bankruptcy Code”).

On August 31, 2017 (the “Effective Date”), the Plan became effective pursuant to its terms and the Debtors emerged from their chapter 11 cases. On that date, all previously issued and outstanding equity interests in the Company (which include the Company’s prior common stock, \$0.01 par value per share, warrants to purchase 2,500,000 shares of the Company’s prior common stock at an exercise price of \$0.50 per share, and warrants to purchase 2,500,000 shares of the Company’s prior common stock at an exercise price of \$0.65 per share) were automatically cancelled and extinguished as of such date. Pursuant to the Plan, on the Effective Date, the Company created a new class of common stock, par value \$0.01 per share and issued approximately 3,734,385 shares of the new class of common stock (including grants made under the Company’s Management Incentive Plan). On the Effective Date, the Company also issued an aggregate original principal amount of \$2,400,000 of Notes, and reserved an additional 1,580,843 shares of New Common Stock for post-Effective Date grants under the Company’s 2017 Management Incentive Plan.

Risk Factors

Investing in our securities involves a high degree of risk. See “Risk Factors” beginning on page 4 of this prospectus for a discussion of information that should be considered in connection with an investment in our securities.

3

TABLE OF CONTENTS

RISK FACTORS

Investing in our securities involves risk. Before making an investment decision, you should carefully consider the risks described under “Risk Factors” in our most recent Annual Report on Form 10-K, and any updates in our subsequently filed Quarterly Reports on Form 10-Q or Current Reports on Form 8-K, together with all other information appearing in or incorporated by reference into this prospectus and any applicable prospectus supplement, in light of your particular investment objectives and financial circumstances. These risks could materially and adversely affect our business, results of operations and financial condition and could result in a partial or complete loss of your investment.

Risks Related to this Offering

Our stockholders may be diluted by conversions or exercises of outstanding Notes.

The Notes were initially convertible into 40,682,253 shares of common stock (without giving effect to any interest paid in kind pursuant to the terms of the Notes). The initial conversion rate of 0.2654 shares of common stock per \$1.00 principal amount of Notes is subject to adjustment from time to time pursuant to the terms of the indenture governing the Notes. Because the conversion price of the Notes is subject to downward adjustment, the Notes may be convertible, including in connection with a Fundamental Change (as defined in the indenture governing the Notes), into a greater number of shares in the future. In addition, the Company may, in certain circumstances, pay interest on the Notes in kind, which would result in additional Notes outstanding and available for conversion. The conversion of the Notes, including any Notes issued as payment of interest in kind, may result in substantial dilution for our stockholders.

The sale of a substantial amount of our common stock, including resale of the shares of common stock issuable upon the conversion of the Notes held by the Selling Stockholders, in the public market could adversely affect the prevailing market price of our common stock.

The Selling Stockholders were issued Notes originally convertible into 40,682,253 shares of common stock, at an initial conversion rate of 0.2654 shares of common stock per \$1.00 principal amount of Notes. Sales of substantial amounts of shares of our common stock in the public market, or the perception that such sales might occur, could adversely affect the market price of our common stock, and the market value of our other securities.

A substantial number of shares of common stock are being offered for resale from time to time by this prospectus, and we cannot predict if and when the Selling Stockholders may sell such shares in the public markets. Furthermore, in the future, we may issue additional shares of common stock or other equity or debt securities convertible into common stock in connection with a financing, acquisition, litigation settlement, employee arrangements, or otherwise. Any such issuance could result in substantial dilution to our existing stockholders and could cause our stock price to decline.

If securities or industry analysts do not publish or cease publishing research or reports about us, our business, or our market, or if they change their recommendations regarding our securities adversely, the price and trading volume of our common stock could decline.

The trading market for our common stock will be influenced by the research and reports that industry or securities analysts may publish about us, our business, our market, or our competitors. If any of the analysts who may cover us change their recommendation regarding our securities adversely or provide more favorable relative recommendations about our competitors, the price of our common stock would likely decline. If any analyst who may cover us were to cease coverage of us or fail to regularly publish reports on us, we could lose visibility in the financial markets, which in turn could cause the price or trading volume of our common stock to decline.

The market price of our common stock may decline.

Fluctuations in the price of our common stock could contribute to the loss of all or part of your investment. The trading price of our common stock could be volatile and subject to wide fluctuations in response to various factors, some of which are beyond our control. Any of the factors listed below could

TABLE OF CONTENTS

have a material adverse effect on your investment in our common stock, and our common stock may trade at prices significantly below the price that you paid for them. In such circumstances, the trading price of our common stock may not recover and may experience a further decline.

Factors affecting the trading price of our securities may include:

- actual or anticipated fluctuations in our quarterly financial results or the quarterly financial results of companies perceived to be similar to us;
- changes in the market's expectations about our operating results;
- success of competitors;
- our operating results failing to meet the expectation of securities analysts or investors in a particular period;
- changes in financial estimates and recommendations by securities analysts concerning us or the markets in which we compete in general;
- operating and stock price performance of other companies that investors deem comparable to us;
- changes in laws and regulations affecting our business;
- commencement of, or involvement in, litigation;
- changes in our capital structure, such as future issuances of securities or the incurrence of additional debt;
- the volume of our securities available for public sale;
- any major change in our board or management team;
- sales of substantial amounts of securities by our directors, executive officers or significant stockholders or the perception that such sales could occur; and
- general economic and political conditions such as recessions, interest rates, fuel prices, international currency fluctuations and acts of war or terrorism.

Broad market and industry factors may materially harm the market price of our common stock irrespective of our operating performance. The stock market in general and OTCQB have experienced price and volume fluctuations that have often been unrelated or disproportionate to the operating performance of the particular companies affected. The

trading prices and valuations of these stocks, and of our common stock, may not be predictable. A loss of investor confidence in the market for common stock the stocks of other companies which investors perceive to be similar to us could depress the price of our common stock, regardless of our business, prospects, financial conditions or results of operations. A decline in the market price of our common stock also could adversely affect our ability to issue additional securities and our ability to obtain additional financing in the future.

Board Committees

The Board of Directors has an audit committee, a human resources committee and a governance committee. The Board of Directors from time to time may establish other committees to facilitate the management of the Company and may change the composition and the responsibilities of the existing committees. Though the Company is not listed on the NASDAQ Stock Market, the Board has substantially adopted the NASDAQ Stock Market listing standards with respect to the governance of the Company and composition of the Board.

The table below summarizes the membership of each of the three standing board committees of the Company.

The audit committee has the authority to engage the services of outside experts and advisors as it deems necessary or appropriate to carry out its duties and responsibilities.

The audit committee charter is available on the Company's website at www.castlemetals.com by selecting "Corporate Governance" from the available options.

The audit committee of the Company consists of Jeffrey Brodsky (Chair), Jonathan Mellin and Jonathan Segal. Each member of the audit committee qualifies as "independent" for purposes of the Listing Rules of the NASDAQ Stock Market. Governance Committee

The purpose of the corporate governance committee of the Company is to oversee all aspects relating to corporate governance, including acting as an independent committee evaluating transactions between the Company and directors and officers. The governance committee also assists the Board of Directors by identifying individuals qualified to become board members, recommending for selection by the Board of Directors the director nominees to stand for election at the next annual meeting of the Company's stockholders and recommending to the board director nominees for each committee of the board.

When reviewing related party transactions, the governance committee considers all relevant facts and circumstances, including:

- The commercial reasonableness of the terms;
- The benefit and perceived benefits, or lack thereof, to the Company;
- Opportunity costs of alternate transactions; and
- The materiality and character of the related person's interest, and the actual or apparent conflict of interest of the related person.

The governance committee will only approve or ratify a related party transaction when it determines that, upon consideration of all relevant information, the transaction is in, or is not inconsistent with, the best interests of the Company and stockholders. No related party transactions will be consummated without the approval or ratification of the governance committee and the disinterested members of the Company's Board of Directors. Any directors interested in a related party transaction will recuse themselves from any vote relating to a related party transaction in which they have an interest.

The governance committee has the authority to engage the services of outside experts and advisors as it deems necessary or appropriate to carry out its duties and responsibilities.

The governance committee charter is available on the Company's website at www.castlemetals.com by selecting "Corporate Governance" from the available options.

The governance committee of the Company consists of Jonathan Mellin (Chair), Jeffrey Brodsky and Jacob Mercer.

Risk Management

The Board of Directors as a whole monitors and considers policies to manage risk as part of its regular activities. The committees of the Board focus on and manage specific forms of risk and report their activities to the Board of Directors. The audit committee is primarily responsible for the identification and review of financial risk. The human resources committee works to minimize risks associated with human capital management, the Company's executive compensation plans, and stock benefit plans that it establishes. The governance committee considers risks presented by changing law and regulation and recommends changes in governance and operations to comply.

Director Independence

The Board of Directors has affirmatively determined that each of Jeffrey Brodsky, Jonathan Mellin, Jacob Mercer, Jonathan Segal and Michael Sheehan is an "independent director" as defined under the Listing Rules of the NASDAQ Stock Market. The Listing Rules of the NASDAQ Stock Market provide a list of disqualifying criteria for the independence determination. For example, under these rules, a director who is, or during the past three years was, employed by the company or by any parent or subsidiary of the Company, other than prior employment as an interim chairman or interim chief executive officer, would not be considered independent. No director qualifies as independent unless the Board of Directors affirmatively determines that the director does not have a material relationship with the listed company that would interfere with the exercise of independent judgment.

General

The following descriptions are summaries of the material terms of our articles of amendment and restatement and amended and restated bylaws, and are qualified by reference to our articles of amendment and restatement and amended and restated bylaws. For more detailed information, please see copies of these documents which are included as exhibits to the registration statement of which this prospectus forms a part. We refer in this section to our articles of amendment and restatement as our charter, and we refer to our amended and restated bylaws as our bylaws.

Our authorized capital stock consists of 200,000,000 shares of capital stock, consisting of 200,000,000 shares of common stock, \$0.01 par value per share. As of November 10, 2017, 3,734,109 shares of our common stock were outstanding and held by approximately 332 stockholders of record.

Common Stock

The Company's common stock carries the following rights:

Voting. Holders of our common stock are entitled to one vote per share of common stock owned as of the relevant record date on all matters submitted to a vote of stockholders. Except as otherwise provided in the Company's charter, holders of common stock (as well as holders of any preferred stock of the Company entitled to vote with such common stockholders) vote together as a single class on all matters presented to the stockholders for their vote or approval, including the election of directors. There is no cumulative voting in the election of directors of the Company. Directors are elected by a plurality of the votes cast by the stockholders present in person or represented by proxy at the meeting and entitled to vote thereon. All other matters are determined by the affirmative vote of a majority of the votes cast by the stockholders present in person or represented by proxy at the meeting and entitled to vote thereon, unless the matter is one upon which, under applicable law, the rules or regulations of any stock exchange applicable to the Company, the Company's charter, the bylaws or the Stockholders Agreement dated as of August 31, 2017 between the stockholders of the Company signatory thereto (the "Stockholders Agreement") included as an exhibit to the Company's Form 8-A filed with the SEC on August 31, 2017, a different vote is required, in which case such provision shall govern and control the vote required to approve such matter.

Dividends and other Distributions. Subject to the preferential rights of holders of any other class or series of stock of the Company, holders of shares of common stock are entitled to receive dividends and other distributions on such shares if, as and when authorized by the Board of Directors of the Company out of assets legally available therefor and declared by the Company.

Liquidation, dissolution or winding up. Subject to the preferential rights of holders of any other class or series of stock of the Company, holders of shares of common stock are entitled to share ratably in the Company's assets legally available for distribution to its stockholders in the event of the liquidation, dissolution or winding up of the Company after payment or establishment of reserves for all known debts and liabilities of the Company.

Restrictions on transfer. The common stock is not subject to restrictions on transfer as a result of the charter or the bylaws. Nevertheless, stockholders party to the Stockholders Agreement are subject to restrictions on transfer and there may be restrictions on transfer imposed by applicable securities laws or by the terms of other agreements entered into in the future. To the extent transfer restrictions apply, the Stockholders Agreement and the Maryland General Corporation Law (the "MGCL") require the Company to place restrictive legends on its stock certificates, or state on such certificates that the Company will furnish a full statement of such restrictions on request and without charge.

Liability protection. Under Maryland law, stockholders generally are not personally liable for the Company's debts or obligations solely as a result of their status as stockholders.

Other rights. Holders of shares of the common stock have no preference, conversion, exchange, sinking fund, redemption rights or appraisal rights and have no preemptive rights to subscribe for any securities of the Company, except as otherwise provided in the Stockholders Agreement.

TABLE OF CONTENTS

The rights, preferences and privileges of the holders of the common stock will be subject to, and may be adversely affected by, the rights of the holders of any class or series of preferred stock that may be issued by the Company.

Preferred Stock

As of August 31, 2017, the Company has no shares of preferred stock authorized or outstanding. Under the charter, the Company's Board of Directors is authorized, without further action by the Company's stockholders, to classify or reclassify, in one or more classes or series, any unissued shares of common stock by setting or changing the number of shares constituting such class or series and the designation, preferences, conversion and other rights, voting powers, restrictions, limitations as to dividends and other distributions, qualifications and terms and conditions of redemption of such shares and, if so classified or reclassified, the Company must file for record with the State Department of Assessments and Taxation of Maryland (the "SDAT") articles supplementary in substance and form as prescribed by the MGCL. If shares of one class or series of stock are classified or reclassified into shares of another class or series of stock, the number of authorized shares of the former class will be automatically decreased and the number of authorized shares of the latter class or series will be automatically increased, in each case by the number of shares so classified or reclassified, so that the aggregate number of shares of stock of all classes that the Company has authority to issue will not be more than 200,000,000.

The Company believes that the power of the Board of Directors to classify or reclassify unissued shares of stock and thereafter to authorize the Company to issue such classified or reclassified shares of stock provides the Company with increased flexibility in structuring possible future financings and acquisitions and in meeting other needs that might arise. However, the Board of Directors of the Company could authorize the issuance of shares of preferred stock that have priority over shares of the common stock with respect to dividends or other distributions or rights upon liquidation or with other terms and conditions, including voting rights, that could have the effect of delaying, deferring or preventing a transaction or a change of control of the Company that might involve a premium price for holders of the common stock or that the common stockholders otherwise believe to be in their best interests. As a result of these and other factors, the issuance of preferred stock could have an adverse impact on the market price of the common stock.

Anti-Takeover Effects of Maryland Law and Our Certificate of Incorporation and Bylaws

The MGCL, the Company's charter and bylaws contain provisions that may delay, defer or prevent a change of control or other transaction that might involve a premium price for shares of the common stock or otherwise be in the best interests of the Company's stockholders.

No Cumulative Voting. The Company's charter does not provide for cumulative voting with respect to the election of directors or any other matters. The absence of cumulative voting in the election of directors may make it more difficult for a stockholder who acquires a substantial minority of shares to obtain representation on the board of directors. To the extent that it impedes the ability of a stockholder to obtain representation, the absence of cumulative voting may render more difficult any attempt by a minority stockholder or group of holders of voting shares of stock to change or influence the management or policies of the Company, and might be viewed as perpetuating incumbent management. In addition, the absence of cumulative voting may render more difficult or discourage entirely a merger, tender offer or proxy contest or the assumption of control by a holder of a large block of the Company's stock. Mergers and other business combinations sometimes result in stockholders receiving a premium over the market price for their shares of stock.

Subtitle 8. Subtitle 8 of Title 3 of the MGCL ("Subtitle 8") permits a Maryland corporation with a class of equity securities registered under the Securities Exchange Act of 1934 (the "Exchange Act") and at least three independent directors to elect to be subject, by provision in its charter or bylaws or a resolution of its board of directors and notwithstanding any contrary provision in the charter or bylaws, to any or all of the following five provisions:

- a classified board;
- a two-thirds vote requirement for removing a director;

TABLE OF CONTENTS

- a requirement that the number of directors be fixed only by vote of the directors;
- a requirement that a vacancy on the board be filled only by the remaining directors and for
- the remainder of the full term of the class of directors in which the vacancy occurred; and
- a majority requirement for the calling of a stockholder-requested special meeting of stockholders.

The Company has elected by a provision in the charter to be subject to the provisions of Subtitle 8 relating to a majority requirement for the calling of a stockholder-requested special meeting. Through provisions in the Company's charter and the bylaws unrelated to Subtitle 8, the Company already vests in the Board of Directors the exclusive power to fix the number of directors. However, as permitted by the MGCL, by resolution of its Board of Directors, the Company has opted out of the provisions of Subtitle 8 relating to the classification of the board and the two-thirds vote requirement for removing a director. In addition, the Company is prohibited from classifying the Board of Directors pursuant to Subtitle 8, unless such decision is approved by the affirmative vote of a majority of the votes cast on the matter by stockholders entitled to vote generally in the election of directors. In the future, the Board of Directors may elect, without stockholder approval, to elect to be subject to one or more of the other provisions of Subtitle 8.

Board Composition; Removal

Under the Stockholders Agreement, the Stockholder Parties (as defined in the Stockholders Agreement) agreed that the Company's initial Board of Directors would be comprised of five directors, as follows: (i) one director designated by Highbridge; (ii) one director designated by Whitebox Advisors; (iii) one director designated by SGF; (iv) one director, who must be an Independent Director, designated by mutual agreement of Corre Partners Management, LLC ("Corre") and Wolverine Flagship Fund Trading Limited ("WFF") (together with Highbridge, Whitebox Advisors and SGF, the "Designating Stockholders"); and (v) one director, who must be the President and Chief Executive Officer of the Company. The term "Independent Director" is defined to refer to a director who qualifies as an "independent director" of the Company under NASDAQ Marketplace Rule 5605(a)(2) (assuming for this purpose that it applies to such person).

Under the Stockholders Agreement, the Stockholder Parties have agreed that, following August 31, 2017, (i) the number of Directors will be fixed from time to time by the Company's Board of Directors as provided for in the Company's charter and bylaws and (ii) the Designating Stockholders will continue to have the right to designate members of the Company's Board of Directors until such time as such right (a "Board Designation Right") may be lost in accordance with the Stockholders Agreement.

In general, each committee of the Board of Directors must include a director designated by a Designating Stockholder, for so long as such Designating Stockholder retains its Board Designation Right and to the extent requested by such Designating Stockholder.

The Stockholder Parties have agreed, in the Stockholders Agreement, to vote all of their shares of the Company's common stock and other voting equity securities, execute proxies or written consents, as the case may be, and take all other necessary action in order to ensure that the composition of the Board of Directors is as set forth in the Stockholders Agreement and to ensure that the Company's charter and bylaws both (i) facilitate, and do not at any time conflict with, any provision of Stockholders Agreement and (ii) permit the Stockholder Parties to receive the benefits to which they are entitled under the Stockholders Agreement.

Meetings of Stockholders

Special meetings of stockholders may be called by the chairman of the Company's Board of Directors, the president and the Board of Directors. Additionally, subject to the provisions of the bylaws, a special meeting of stockholders to act on any matter that may properly be considered at a meeting of stockholders must be called by the secretary of the

Company upon the written request of stockholders entitled to cast a majority of all of the votes entitled to be cast on the matter at such meeting who have requested the special meeting in accordance with the procedures specified in the bylaws. Only matters set forth in the notice of a special meeting of stockholders may be considered and acted upon at such a meeting.

Advance Notice Requirements

The bylaws provide that nominations of individuals for election as directors and proposals of business to be considered by stockholders at any annual meeting may be made only (1) pursuant to the Company's notice of meeting, (2) by or at the direction of the Board of Directors, (3) by any stockholder (a) who was a stockholder of record both at the time of giving the notice required by the bylaws and at the time of the meeting, (b) who is entitled to vote at the meeting in the election of the individuals so nominated or on such other proposed business and (c) who has complied with the advance notice procedures of the bylaws, or (4) as otherwise provided in the Stockholders Agreement. Stockholders generally must provide notice to the secretary of the Company not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of preceding year's annual meeting.

Only the business specified in the notice of the meeting may be brought before a special meeting of stockholders of the Company. Nominations of individuals for election as directors at a special meeting of stockholders may be made only (1) pursuant to the Company's notice of meeting, (2) by or at the direction of the Board of Directors, (3) if the special meeting has been called in accordance with the bylaws for the purpose of electing directors, by a stockholder (a) who is a stockholder of record both at the time of giving the notice required by the bylaws and at the time of the special meeting, (b) who is entitled to vote at the meeting in the election of each individual so nominated and (c) who has complied with the advance notice procedures of the bylaws, or (4) as otherwise provided in the Stockholders Agreement. Stockholders generally must provide notice to the secretary of the Company not earlier than the close of business 120th day before such special meeting and not later than the close of business on the later of the 90th day before the special meeting or the tenth day after the first public announcement of the date of the special meeting. A stockholder's notice must contain certain information specified by the bylaws about the stockholder, its affiliates and any proposed business or nominee for election as a director, including information about the economic interest of the stockholder, its affiliates and any proposed nominee in the Company.

Amendment to Bylaws

The bylaws provide that, except as otherwise provided in the Company's charter or the Stockholders Agreement, the Company's Board of Directors has the exclusive power to make, alter or repeal the bylaws.

Business Combinations

Under the MGCL, certain "business combinations" between a Maryland corporation and an interested stockholder or an affiliate of an interested stockholder are prohibited for five years after the most recent date on which the interested stockholder becomes an interested stockholder. These business combinations include a merger, consolidation, share exchange, or, in circumstances specified in the statute, an asset transfer or issuance or reclassification of equity securities. An interested stockholder is defined as:

- any person who beneficially owns, directly or indirectly, 10% or more of the voting power of the outstanding voting stock of the corporation; or
- an affiliate or associate of the corporation who, at any time within the two-year period prior to the date in question, was the beneficial owner, directly or indirectly, of 10% or more of the voting power of the then outstanding voting stock of the corporation.

A person is not an interested stockholder under the statute if the Board of Directors of the corporation approved in advance the transaction by which the person otherwise would have become an interested stockholder.

After such five-year period, any business combination between the Maryland corporation and an interested stockholder generally must be recommended by the Board of Directors of the corporation and approved by the affirmative vote of at least:

- 80% of the votes entitled to be cast by holders of outstanding shares of voting stock of the corporation, voting together as a single voting group; and

TABLE OF CONTENTS

- two-thirds of the votes entitled to be cast by holders of voting stock of the corporation other than shares held by the interested stockholder with whom (or with whose affiliate) the business combination is to be effected or held by an affiliate or associate of the interested stockholder

These supermajority approval requirements do not apply if, among other conditions, the corporation's common stockholders receive a minimum price (as defined in the MGCL) for their shares and the consideration is received in cash or in the same form as previously paid by the interested stockholder for its shares.

The business combination statute may discourage others from trying to acquire control of the Company and increase the difficulty of consummating any offer.

Pursuant to the statute, the Board of Directors of the Company has by resolution exempted business combinations between the Company and any stockholder party to the Stockholders Agreement and between the Company and any other person, provided that in the latter case the business combination is first approved by the Board of Directors (including a majority of the Company's directors who are not affiliates or associates of such person). Consequently, the five-year prohibition and the supermajority vote requirements will not apply to a business combination between the Company and any stockholder party to the Stockholders Agreement or to a business combination between the Company and any other person if the Board of Directors has first approved the combination. As a result, any person described in the preceding sentence may be able to enter into business combinations with the Company that may not be in the best interests of stockholders of the Company, without compliance with the supermajority vote requirements and other provisions of the statute. The Company cannot assure you that the Board of Directors will not amend or repeal this resolution in the future.

TABLE OF CONTENTS

SHARES ELIGIBLE FOR FUTURE SALE

Future sales of substantial amounts of our common stock in the public market, including shares issued upon the conversion of outstanding Notes or other convertible securities, or the anticipation of these sales, could adversely affect prevailing market prices from time to time and could impair our ability to raise equity capital in the future.

Rule 144

In general, under Rule 144, any person who is not our affiliate and has held their shares for at least six months, including the holding period of any prior owner other than one of our affiliates, may sell shares without restriction, subject to the availability of current public information about us. In addition, under Rule 144, any person who is not an affiliate of ours and has held their shares for at least one year, including the holding period of any prior owner other than one of our affiliates, would be entitled to sell an unlimited number of shares without regard to whether current public information about us is available. A person who is our affiliate or who was our affiliate at any time during the preceding three months, and who has beneficially owned restricted securities for at least six months, including the holding period of any prior owner other than one of our affiliates, is entitled to sell a number of shares within any three-month period that does not exceed the greater of:

- 1% of the number of shares of our common stock then outstanding, which currently would equal approximately 37,341 shares; or
- the average weekly trading volume of our common stock on the OTCQB during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale.

Sales under Rule 144 by our affiliates are also subject to manner of sale provisions and notice requirements, and to the availability of current public information about us.

Equity Plans

We have filed registration statements on Form S-8 under the Securities Act to register all shares of our common stock to be issued or reserved for issuance under our equity incentive plans. Accordingly, such shares registered under such registration statements will be available for sale in the open market, unless such shares are subject to vesting restrictions with us.

TABLE OF CONTENTS

SELLING STOCKHOLDERS

The shares of common stock being offered by the Selling Stockholders from time to time are: (a) 1,421,998 outstanding shares of common stock, held by the selling stockholders named herein; and (b) 50,852,816 shares representing 125% of the number of shares of common stock issuable in respect of up to \$153,305,916 aggregate principal amount of the Company's 5.00% / 7.00% Convertible Senior PIK Toggle Notes due 2022 (the "Notes"), based on an initial conversion rate of 0.2654 shares of common stock per \$1.00 principal amount of Notes. We are registering the shares of common stock in order to permit the Selling Stockholders to offer the shares for resale from time to time to satisfy registration rights we have granted to the Selling Stockholders.

The table below lists the Selling Stockholders and other information regarding the beneficial ownership of the shares of common stock by each of the Selling Stockholders. The first column lists the number of shares of common stock beneficially owned by each Selling Stockholder as of November 17, 2017, without giving effect to the conversion of the Notes held by the Selling Stockholders.

In accordance with the terms of a registration rights agreement with the Selling Stockholders, this prospectus generally covers the resale of 125% of the number of shares of common stock issuable in respect of the Notes as of the trading day immediately preceding the date the registration statement is initially filed with the SEC. Because the conversion price of the Notes may be adjusted, the number of shares that will actually be issued may be more or less than the number of shares indicated as being offered by this prospectus below.

The Selling Stockholders may sell all, some, or none of their shares in this offering. See "Plan of Distribution."

Item 14. Indemnification of Directors and Officers.

Under the Maryland General Corporation Law, the directors and officers of the Company may be entitled to indemnification in respect of threatened, pending or completed actions, suits or proceedings, whether civil, criminal, administrative or investigative (“proceedings”), to which they are a party by reason of their position as a director or officer of the Company. In the case of conduct in their official capacity with the Company, directors and officers will be entitled to indemnification unless the act or omission of the director or officer was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty or the director or officer actually received an improper personal benefit in money, property or services. In the case of criminal proceedings the director or the officer also must have had no reasonable cause to believe that the conduct was unlawful.

If the director or officer is successful on the merits or otherwise in the defense of any proceeding, the director or officer will be entitled to indemnification against reasonable expenses incurred in connection with the proceedings unless such indemnification is not otherwise permitted as described in the following sentence. Indemnification is permissive unless it is established that (a) the act or omission of the individual was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty, (b) the individual actually received an improper personal benefit in money, property or services or (c) in the case of any criminal proceeding, the director had reasonable cause to believe his or her act or omission was unlawful. In addition to the foregoing, a court of appropriate jurisdiction may, under certain circumstances, order indemnification if it determines that the director or officer is fairly and reasonably entitled to indemnification in view of all the relevant circumstances, whether or not the director or officer has met the standards of conduct set forth in the preceding sentence or has been adjudged liable on the basis that a personal benefit was improperly received in a proceeding charging improper personal benefit to the director or officer.

Any indemnification required or permitted by the Maryland General Corporation Law may be against judgments, penalties, fines, settlements and reasonable expenses actually incurred by the director or officer in connection with the proceeding. However, if the proceeding is by or in the right of the Company, indemnification may be made only against expenses and may not be made in respect of any proceeding in which the director or officer is adjudged to be liable to the Company.

Article Tenth of the Company’s charter limits the liability of directors and officers to the fullest extent permitted by the Maryland law.

Article VIII of the bylaws of the Company provides for the indemnification of the Registrant’s directors and officers to the fullest extent permitted by the Maryland law against all judgments, penalties, fines, settlements and reasonable expenses actually incurred by him in connection with such proceeding, unless it shall be established that (a) the act or omission of such person was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty or (b) such person actually received an improper personal benefit in money, property or services or (c) in the case of any criminal proceeding, such person had reasonable cause to believe

that the act or omission was unlawful.

TABLE OF CONTENTS

The Company maintains a directors' and officers' liability insurance policy. The policy insures the Company's directors and officers against unindemnified losses ensuing from certain wrongful acts in their capacities as directors and officers and reimburses the Company for those losses for which the Company has lawfully indemnified the directors and officers.

The Company has or will also enter into indemnification agreements with each member of the board of directors and each of the Company's executive officers. These agreements generally provide that, if the director or officer becomes involved in a proceeding (as defined in the agreement) by reason of such director's or officer's corporate status (as defined in the agreement), the Company will indemnify the director or officer to the fullest extent permitted by Maryland law as described above.

Item 15. Recent Sales of Unregistered Securities.

On August 2, 2017 the United States Bankruptcy Court for the District of Delaware issued an order confirming the amended prepackaged joint plan of reorganization of the Company and certain of its domestic subsidiaries (the "Debtors") dated July 25, 2017 (as amended and supplemented, the "Plan"), pursuant to chapter 11 of the United States Bankruptcy Code (the "Bankruptcy Code").

On August 31, 2017 (the "Effective Date"), the Plan became effective pursuant to its terms and the Debtors emerged from their chapter 11 cases. On that date, all previously issued and outstanding Equity Interests in the Company (as defined in the Plan and which include the Company's prior common stock, \$0.01 par value per share, warrants to purchase 2,500,000 shares of the Company's prior common stock at an exercise price of \$0.50 per share, and warrants to purchase 2,500,000 shares of the Company's prior common stock at an exercise price of \$0.65 per share) were automatically cancelled and extinguished as of such date. Pursuant to the Plan, on the Effective Date, the Company created a new class of common stock, par value \$0.01 per share (the "New Common Stock").

On the Effective Date, by operation of the Plan, the Company issued an aggregate of 3,734,385 shares of its New Common Stock, as follows:

- 1,300,000 shares were issued to the holders of Prepetition Second Lien Secured Claims (as defined by the Plan) in partial satisfaction of their claims, pursuant to an exemption from the registration requirements of the Securities Act under Section 4(a)(2) of such act and Regulation D promulgated thereunder
- 300,000 shares were issued to the holders of Prepetition Third Lien Secured Claims (as defined by the Plan) in partial satisfaction of their claims, pursuant to an exemption from the registration requirements of the Securities Act under Section 4(a)(2) of such act and Regulation D promulgated thereunder;
- 400,000 shares were issued to participating holders of the Company's outstanding common stock as of August 2, 2017 in partial satisfaction of their interests, pursuant to an exemption from the registration requirements of the Securities Act under Section 1145 of the Bankruptcy Code; and
- 1,734,385 shares of restricted stock, together with an aggregate original principal amount of \$2,400,000 of Notes convertible into an additional 636,880 shares of new common stock as of the Effective Date, were issued as awards under the Company's 2017 Management Incentive Plan to certain officers of the Company, pursuant to an exemption from the registration requirements of the Securities Act under Section 4(a)(2) of such act and Regulation D promulgated thereunder.

Item 17. Undertakings

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described under Item 14 above, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes:

(1)

To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i)

To include any prospectus required by section 10(a)(3) of the Securities Act;

(ii)

To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Securities Act Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii)

To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2)

That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3)

To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4)

For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.
