PROXY STATEMENT
2010 ANNUAL MEETING OF SHAREHOLDERS
To Be Held November 12, 2010

INTRODUCTION

This Proxy Statement is being furnished in connection with the solicitation by the Board of Directors of Northeast Bancorp, a Maine corporation (the “Company”), of proxies to be voted at the 2010 Annual Meeting of Shareholders to be held on Friday, November 12, 2010, at 11 a.m., local time (the “Annual Meeting”), and at any adjournment or postponement thereof. The Annual Meeting will be held at Martindale Country Club located at 527 Beech Hill Road, Auburn, Maine 04210.

At the Annual Meeting, shareholders will be asked to consider and vote on the election of eleven nominees to serve as directors of the Company for a one year term and until their successors are elected or until closing of the contemplated merger (the “Merger”) of the Company with FHB Formation, LLC (“FHB”), which will result in the election, effective upon closing of the Merger, of the persons designated as directors pursuant to the Agreement and Plan of Merger, dated March 30, 2010, between the Company and FHB, to consider and approve an advisory (non-binding) proposal concerning the Company’s executive compensation program and such other business as may properly come before the meeting.

This Proxy Statement and the enclosed form of proxy are first being sent to shareholders, together with the Notice of Annual Meeting, on or about October 18, 2010.

A copy of the Company’s Management’s Discussion and Analysis of Financial Condition and Results of Operatives, which constitutes the Company’s annual report to Shareholders for the fiscal year ended June 30, 2010 (the “2010 Annual Report”), including financial statements, accompanies this Proxy Statement, but is not part of the proxy solicitation materials.

Shareholders are urged to complete, date, and sign the accompanying form of proxy and return it promptly in the envelope provided with these materials. No postage is necessary if the proxy is mailed in the United States in the accompanying envelope.

PROXIES AND VOTING AT THE MEETING

Record Date and Voting Rights

The Board of Directors has fixed the close of business on October 8, 2010 as the record date (the “Record Date”) for the determination of the shareholders of record entitled to receive notice of, and to vote at, the Annual Meeting or any adjournment thereof. As of the Record Date, the Company had issued and outstanding approximately 2,331,332 shares of common stock, \$1.00 par value per share (“Common Stock”), constituting the Company’s only class of voting securities outstanding and entitled to vote at the Annual Meeting. Each share of Common Stock outstanding on the Record Date entitles the record holder to cast one vote with respect to each matter to be voted upon at the Annual Meeting. The presence of a majority of the Company’s outstanding Common Stock as of the Record Date, in person or

represented by proxy, will constitute a quorum at the Annual Meeting.

Directors are elected by a plurality of the votes cast at a meeting at which a quorum is present. In connection with the election of directors, votes may be cast in favor of or withheld from each nominee. Votes withheld from director nominees will be counted in determining whether a quorum has been reached. However, since directors are elected by a plurality, a vote against a director nominee and votes withheld from a nominee or nominees will not affect the outcome of the election. Approval of the non-binding proposal concerning the Company's executive compensation program requires the affirmative vote of a majority of the votes cast.

Abstentions and broker non-votes will be counted as present for purposes of determining the existence of a quorum, but since they are neither a vote cast in favor of, nor a vote cast opposing, a proposed action, abstentions and broker non-votes typically will not be counted as a vote cast on any routine matter. A broker non-vote generally occurs when a broker who holds shares in street name for a customer does not have authority to vote on certain non-routine matters because its customer has not provided any voting instructions on the matter. Therefore, abstentions and broker non-votes generally have no effect under Maine law with respect to the election of directors, approval of the non-binding proposal concerning the Company's executive compensation program or other matters requiring the approval of a percentage of votes cast at the meeting at which a quorum is present.

Approval of other matters submitted to shareholders at a meeting where a quorum is present requires approval by a majority of the votes which are cast at the meeting by holders of shares entitled to vote on the subject matter, unless the Company's articles of incorporation or bylaws or state law requires a greater number of votes.

Voting and Revocation of Proxies

All properly executed proxies received prior to or at the Annual Meeting will be voted in accordance with the instructions indicated on such proxies, if any. If no instructions are indicated with respect to any shares for which properly executed proxies have been received, such proxies will be voted FOR the election of each of the Board of Directors' nominees for directors and FOR the non-binding proposal concerning the Company's executive compensation program. The Company is not aware of any matter to be presented at the Annual Meeting other than those matters described in the Notice of Annual Meeting. If, however, any other matters are properly brought before the Annual Meeting for consideration, the persons appointed as proxies will have the discretion to vote or act thereon according to their best judgment.

Any shareholder giving a proxy may revoke it at any time before it is exercised by duly executing and submitting a later-dated proxy, by delivering written notice of revocation to the Company which is received at or before the Annual Meeting (but prior to any vote taking place), or by voting in person at the Annual Meeting (although attendance at the Annual Meeting will not, in and of itself, constitute a revocation of the proxy). Any written notice revoking a proxy should be sent to the Clerk of the Company at the Company's principal executive offices, located at the address set forth above.

Cost of Solicitation

The Company will bear the entire cost of the solicitation of proxies, including the costs of preparing, assembling, printing and mailing this Proxy Statement, the accompanying proxy and any additional material which may be furnished to shareholders. Copies of solicitation material will be furnished to brokerage houses, fiduciaries and custodians to forward to beneficial owners of stock held in the names of such nominees. The Company will reimburse brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to the owners of the Company's Common Stock. In addition to use of the mail, proxies may be solicited by directors, officers and other employees of the Company, without additional compensation, in person or by telephone.

CORPORATE GOVERNANCE

The Board of Directors

The Board of Directors, which is elected by the shareholders, is responsible for the overall management of the business and affairs of the Company. It has the ultimate decision-making authority, except with respect to those matters reserved to the shareholders. The Board and its committees review the Company's long-term strategic plans and exercise direct decision-making authority in a number of areas, such as declaring a dividend. The Board of Directors selects, advises and monitors the performance of the senior management team, which is charged with the conduct of the Company's business and the implementation of the Board's strategic plan. The Board of Directors also reviews development and succession plans for the Company's senior executive officers, as needed.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines that govern the structure of the Board of Directors and outline the Board's policies on a number of the Company's corporate governance issues and procedures. These guidelines embody long-standing practices of the Company and also include procedures designed to incorporate current corporate governance best practices. The Company's corporate governance practices are designed to align the interests of the Board and management with those of the Company's shareholders and to promote honesty and integrity throughout the Company. Portions of the Corporate Governance Guidelines are described below and are available as described herein.

Director Qualifications and Independence

Applicable rules of The NASDAQ Stock Market ("NASDAQ"), the exchange on which the Company's Common Stock is listed, and the Corporate Governance Guidelines require that the Board of Directors consist of a majority of independent directors. The Board of Directors determines independence on the basis of standards established by NASDAQ, the Securities and Exchange Commission ("SEC") and other facts and circumstances the Board considers relevant.

The Board of Directors and its Nominating and Corporate Governance Committee (the "Corporate Governance Committee") evaluate the relationships between each director (or his or her immediate family members and related interests) and the Corporation and its subsidiaries to determine compliance with the NASDAQ independence rules. Based on that review, the Board of Directors has affirmatively determined, upon the recommendation of the Corporate Governance Committee, that every director, other than Messrs. Delamater, Jackson, and Lazenby, is independent under these standards.

All directors are required to own at least 1,000 shares of common stock of the Company on or before the second anniversary of their election to the Board. All directors have met this requirement.

Executive Sessions of the Board

As provided in the Corporate Governance Guidelines, the independent directors of the Company will normally meet in executive session at least four times per year following a meeting of the Board of Directors. Since the Chairman of the Board is an independent director, the Chairman serves as the presiding director at these sessions.

Board Attendance and Annual Meeting Policy

It is the Company's policy that directors should make every effort to attend each meeting of the Board of Directors, each meeting of the committees on which they serve, and the Company's annual meeting of shareholders. During the fiscal year ended June 30, 2010 (the "2010 fiscal year"), there were 15 meetings of the Board of Directors, and each of

the directors attended at least 75% of the meetings of the Board of Directors and committees on which he or she served. All directors attended the 2009 annual meeting of shareholders other than Mr. Goguen.

Board Leadership

The Company has a separate board chairperson from the chief executive officer. As part of its risk management structure, the board has separate committee for audit, credit, compensation and personnel, trust and corporate governance. The audit, compensation and personnel and corporate governance charters require its members to be independent directors. The chief risk officer reports directly to the audit committee.

Board Committee Membership and Meetings

The Board of Directors has established various committees to assist the Board in fulfilling its responsibilities. All of the members of the committees are nominated by the Corporate Governance Committee and appointed by the Board of Directors. The Board of Directors had four standing committees during the 2010 fiscal year: Audit Committee, Personnel and Compensation Committee (“Compensation Committee”), Corporate Governance Committee, and Executive Committee. Members of these committees are elected annually at the Board of Directors’ meeting following the annual meeting of shareholders. Each of these committees, except for the Executive Committee, is composed entirely of independent directors and operates under a charter approved by the Board of Directors setting out the purposes and responsibilities of the committee. The committees of the Board of Directors annually review and, as appropriate, revise their respective charters to reflect, among other things, changing regulatory developments. Descriptions of these committees are provided below:

- **Audit Committee.** The audit committee currently consists of four directors, all of whom are independent under the rules and regulations of NASDAQ and the SEC applicable to audit committees.

The Audit Committee reviews the implementation and operation of the Company’s audit program and internal controls, and its duties include: (i) conducting an annual review of the adequacy of the Company’s system of internal accounting and its audit program, including a review of the activities of its subsidiary bank’s examining committees, maintaining direct reporting responsibility and regular communication with the Company’s internal audit staff, and reviewing the scope and results of the internal audit procedures of the Company and its subsidiary; (ii) monitoring the integrity of the consolidated financial statements of the Company; (iii) engaging or discharging the Company’s independent public accountants and pre-approving any non-audit services; (iv) meeting with the independent public accountants to review the plans and results of the audit engagement, to review all reports of independent auditors and bank regulatory examinations, and to respond to such reports; (v) approving the services to be performed by the independent public accountants and giving consideration to the range of the audit and non-audit fees; (vi) establishing procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, and auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters, and (vii) monitoring the integrity of the Company’s internal loan review system.

As a part of its duties, the Audit Committee reviews with management and the independent auditor the annual and quarterly financial statements of the Company, including the Company’s disclosure under “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and any material changes in accounting principles or practices used in preparing the financial statements prior to filing of a report on Forms 10-K or 10-Q with the SEC. The Audit Committee reviews annually the scope of the proposed internal audit, external audit, and credit review activities and also reviews the implementation of those activities. The Audit Committee also reviews annually, together with management, the retention of the independent public accountant and the contents and conclusions of the audited financial statements. Additional information regarding the functions performed by the Audit Committee and its membership is set forth in the “Report of Audit Committee” included below.

The Audit Committee, which is comprised of James P. Day, Conrad L. Ayotte (Chair), Ronald J. Goguen and Judith E. Wallingford, held five meetings during the 2010 fiscal year. The Board of Directors has determined that Mr. Day, Ms. Wallingford and Mr. Ayotte qualify as Audit Committee financial experts. All four Audit Committee members are independent under applicable SEC and NASDAQ independence standards applicable to audit committee membership. The Audit Committee Charter is available on the Company’s website at www.northeastbank.com.

- **Compensation Committee.** The Compensation Committee currently consists of four independent directors. The Compensation Committee provides overall guidance with respect to the establishment, maintenance and administration of the Company’s compensation policies, programs, and employee benefit plans, including the review and recommendation of the chief executive officer’s and other executive officers’ compensation. The Compensation Committee also reviews and makes recommendations to the Board of Directors as to the form and amount of compensation for the Company’s directors. The Compensation Committee, is comprised of Stephen W. Wight, Judith E. Wallingford, Conrad L. Ayotte, and James P. Day, who also serves as the Committee’s Chair. The Committee held three meetings during the 2010 fiscal year. The Compensation Committee charter is available on the Company’s website at www.northeastbank.com.
- **Corporate Governance Committee.** The Corporate Governance Committee currently consists of four independent directors. The Corporate Governance Committee identifies individuals qualified to become board members and recommends to the Board nominees for election of directors, consistent with criteria approved by the Board. In addition, the Corporate Governance Committee recommends to the Board the Company’s corporate governance guidelines. The Corporate Governance Committee also leads the Board in its annual self-evaluation and review of individual board member performance and recommends to the Board membership for each Board committee. In the event of a vacancy in the office of the chief executive officer, the Corporate Governance Committee, together with the executive committee, is responsible for recommending a successor to the full Board. The Corporate Governance Committee, which consists of John H. Schiavi (Chair), John Rosmarin, Conrad L. Ayotte, and Stephen W. Wight, held four meetings during the 2010 fiscal year. The Corporate Governance Committee Charter and Governance Guidelines are available on the Company’s website at www.northeastbank.com.
- **Executive Committee.** The Executive Committee of the Board of Directors is empowered to act on behalf of, and to exercise all the powers of, the full Board of Directors in the management of the business and affairs of the Company when the Board of Directors is not in session, except to the extent limited by the Company’s Articles of Incorporation or Bylaws, or by Maine law. The Executive Committee, consisting of Judith E. Wallingford (Chair), James D. Delamater, John Rosmarin, and James P. Day, did not meet during the 2010 fiscal year.

Director Compensation

Directors of the Company also are directors of Northeast Bank (the “Bank”). For fiscal year 2010, each director receives a combined annual retainer from the Company and the Bank in the amount of \$4,000, and the retainer for the chairman and vice chairman was \$9,800 and \$6,100, respectively. In addition, each director receives \$600 for each meeting of the Board of Directors of the Company or the Bank that they attend, and an additional \$300 for each committee meeting that they attend. Management directors do not receive compensation for services rendered as directors.

Director Nomination Process

The Corporate Governance Committee generally identifies director candidates through recommendations made by its independent directors, but will consider candidates proposed or suggested by Board members, management, third party search firms retained by the Corporate Governance Committee and shareholders.

The Corporate Governance Committee is responsible for assessing all director candidates and recommending nominees to the Board. Pursuant to the Corporate Governance Guidelines, the Corporate Governance Committee and the Board will select director nominees based on the merit, qualifications, performance and competency of the candidate and the Company's business needs. Candidates must be individuals of the highest character and integrity who possess significant experience or skills that will benefit the Corporation and must be free of conflicts of interest that would interfere with their ability to discharge their duties or violate any applicable laws or regulations. The Board of Directors also believes that its directors ideally should reflect a mix of experience and other qualifications. There is, however, no firm requirement of minimum qualifications or skills that a candidate must possess.

When evaluating nominees, the composition of the entire Board is taken into account, including the need for a majority of independent directors, the diversity of experience and background represented on the Board, the need for financial, business, academic, public and other expertise on the Board and its committees and the desire for directors working cooperatively to represent the best interests of the Company and its shareholders, customers, communities and employees. Candidates must be willing and able to devote the time necessary to discharge their duties and have the desire to represent and evaluate the interests of the Company as a whole. Also, the assessment of a candidate includes consideration of the number of boards on which he or she serves. A director who has reached the age of 72 cannot be nominated for election to the Board.

Shareholders also may nominate persons for election as directors at an annual shareholders' meeting if such nominations are made in accordance with the procedures set forth in the Company's Articles of Incorporation, and such shareholder nominees will be considered by the Corporate Governance Committee. The Articles of Incorporation require that advance notice of such proposed nomination shall be received by the Secretary of the Company not less than thirty (30) days nor more than sixty (60) days prior to any meeting of the shareholders called for the election of Directors; provided, however, that if fewer than fourteen (14) days' notice of the meeting is given to shareholders, such written notice of a proposed nomination shall be received not later than the close of the tenth day following the day on which the notice of the meeting was mailed to shareholders. Each notice shall set forth (a) the name, age, business address and, if known, residence address of each nominee proposed in such notice, (b) the principal occupation or employment of each such nominee, and (c) the number of shares of stock of the Company which are beneficially owned by each such nominee. The shareholder making the nomination must be present in person or by proxy at the meeting. Shareholder nominations are considered on the same basis as nominations made by the Corporate Governance Committee.

Communications with Directors

The Board of Directors has established a process for shareholders and other interested parties to communicate with the Board or a particular director. A shareholder may send a letter to Northeast Bancorp, Attention: Corporate Clerk, 500 Canal Street, Lewiston, ME 04240. The mailing envelope should contain a clear notation indicating that the enclosed letter is a "Board Communication" or "Director Communication." All such letters should state whether the intended recipients are all members of the Board or just certain specified individual directors. The Corporate Clerk will circulate the communications (with the exception of commercial solicitations) to the appropriate director or directors. Communications marked "Confidential" will be forwarded unopened. A log of all correspondence addressed to the

directors will be kept for periodic review by the Corporate Governance Committee and any other interested director.

Code of Ethics

The Board has adopted a Code of Ethics which applies to all of the Company's directors, officers and employees, including its principal executive officer, principal financial officer and principal accounting officer. The Company is committed to the highest standards of ethical and professional conduct, and the Code of Conduct and Ethics provides guidance in how to uphold these standards. The Code of Ethics consists of basic standards of business practice as well as professional and personal conduct. Any material amendments to, or waivers of, the Code of Ethics (to the extent applicable to the principal executive officer, principal financial officer or principal accounting officer) will be promptly disclosed by the Company. The Corporate Governance Committee has been charged with monitoring, overseeing, and reviewing compliance with the Ethics Code.

**PROPOSAL I:
ELECTION OF DIRECTORS**

In accordance with the Company's Articles of Incorporation and bylaws, and based on the recommendation of the Corporate Governance Committee, the Board of Directors has fixed the number of directors to be elected at the Annual Meeting at eleven. All of the Company's current directors have been nominated for re-election as directors of the Company to hold office until the 2011 Annual Meeting of Shareholders and until their successors are elected or until closing of the Merger, which will result in the election, effective upon closing of the Merger, of the persons designated as directors pursuant to the Agreement and Plan of Merger, dated March 30, 2010, between the Company and FHB.

It is intended that the proxies received from shareholders, unless contrary instructions are given therein, will be voted FOR the election of the nominees named below, each of whom has consented to being named herein and has indicated his or her intention to serve if elected. If any nominee for any reason should become unavailable for election or if a vacancy should occur before the election, it is intended that the shares represented by the proxies will be voted for such other person as the Company's Board of Directors shall designate to replace such nominee. The Board of Directors has no reason to believe that any of the nominees will not be available or prove unable to serve if so elected.

401(k) Plan Employees Savings Plan

The Company maintains a tax-deferred defined contribution plan (the “401(k) Plan”) for its employees. Each employee who is scheduled to work at least 1,000 hours per year and is at least 18 years of age may elect to participate in the 401(k) Plan once he or she has completed ninety days of service. Under the 401(k) Plan, a participating employee is given an opportunity to make an elective contribution under a salary deferral savings arrangement of up to a maximum of 15% (or \$16,500) of the participant’s pre-tax compensation. If the participating employee is over age 50, they may set aside an additional \$5,500 for “catch up contributions”. Such contribution is fully vested in the participant. In addition, the Company may, in its sole discretion, make a separate matching contribution on behalf of employees who elect to participate in the plan by contributing an amount equal to a specified percentage of their compensation to the plan. Messrs. Delamater, Johnson, and Lazenby, participated in the 401(k) Plan at approximately 5.74%, 10.51%, and 9.94% of their salaries, respectively. For the year ended June 30, 2010, the Company made 401(k) matching contributions on behalf of its employees in the amount of approximately \$272,109. No profit sharing contributions were paid under the plan for the fiscal year ended June 30, 2010.

COMPENSATION DISCUSSION AND ANALYSIS

THE COMPENSATION COMMITTEE

Makeup and Charter of the Committee

The Company has a standing Compensation Committee, referred to as the “Committee” hereinafter in this discussion. The Committee operates pursuant to a Committee charter (which is available at www.northeastbank.com) that has been approved by the Board. The Board determined that each of the directors listed below, who served as members of the Committee during the fiscal year ended June 30, 2010, is independent according to the Board’s independence standards as set out in the Company’s Governance Principles (which are available at www.northeastbank.com), and applicable rules of the SEC and the corporate governance rules of NASDAQ. The Compensation Committee has the authority to retain and compensate advisors that it deems necessary to fulfill its duties. The Compensation Committee met four times in the year ending June 30, 2010. For fiscal year 2010, the Committee’s members were:

James P. Day (chair)	Judith E. Wallingford
Conrad L. Ayotte	Stephen W. Wight

The Committee’s Job

The Committee is charged with formulating and making recommendations to the Board with respect to compensation issues relating to directors and senior officers of the Company, including the Chief Executive Officer. The Committee also makes recommendations regarding, and administers, the Company's stock option plans, each in accordance with its terms, which are described below. The Committee reviews and makes recommendations regarding the general merit increase budget for salaried and hourly employees and has general oversight of employee benefit programs. In addition, the Committee, in consultation with the Chief Executive Officer, considers and reports to the Board regarding employee or executive succession matters. The Board has the ultimate decision-making authority regarding employee or executive succession and compensation matters.

Continuing Process

Although many compensation decisions are made in the first quarter of the fiscal year, our compensation planning process neither begins nor ends with any particular Committee meeting. Compensation decisions are designed to promote our fundamental business objectives and strategy.

The Compensation Committee recommends all compensation and awards to executive officers, which include the chief executive officer, the chief financial officer, the chief operations officer, the chief risk officer and senior vice presidents. Generally, on its own initiative, the Compensation Committee reviews the performance and compensation of the chief executive officer and, following discussions with, where it deems appropriate, the human resources director or other appropriate advisors, establishes his compensation level and determines whether or not to make equity awards to the chief executive officer. For the remaining executive officers, the chief executive officer and the human resources director make recommendations to the Compensation Committee that generally, with minor adjustments, are approved. With respect to equity compensation awarded to others, the Compensation Committee grants restricted stock and stock options, generally based upon the recommendation of the chief executive officer.

The Committee Has Reviewed the Appropriateness Of Compensation

The Compensation Committee reviewed the amounts payable under each individual element of compensation, as well as in the aggregate, for each named executive officer and concluded that the individual elements of, and total aggregate compensation paid to, each Named Executive Officer were appropriate. Factors the Compensation Committee considered in analyzing compensation include:

- * Total compensation;
- * Internal pay equity;
- * The company's stock ownership and/or stock retention policies;
- * The competitive environment for recruiting executive officers, and what competitors pay; and
- * The "need" to provide each element of compensation and the amounts targeted and delivered.

The Committee Engaged A Consulting Firm To Provide Outside Expertise

The Compensation Committee Charter grants the Compensation Committee the sole and direct authority to hire and fire advisors and compensation consultants and approve their compensation. To assist the Compensation Committee in establishing "targeted overall compensation" (i.e., the aggregate level of compensation that we will pay if performance goals are fully met) in fiscal year 2010, we participated in and referenced a compensation survey conducted by Berry, Dunn, McNeil & Parker, a regionally recognized consulting firm. The study compares compensation at the Company

and at comparable companies in northern New England. Studies like this one cover in detail only those individuals for whom compensation information is disclosed publicly. As a result, these studies generally cover the five most highly compensated officers at each company included within the survey. Thus, this information correlates to our president and the individuals who are executive vice presidents or the equivalent at the Company. Berry, Dunn, McNeil & Parker also provided us with data that was less company-specific to assist us with respect to establishing compensation at other levels within our organization. The overall results of this study provided the starting point for our analysis. We annually compare the average executive salaries of northern New England banks of similar size with a goal of maintaining salary ranges and midpoints that approximate these averages. Salary ranges should be sufficient to attract and retain employees in our marketplace.

COMPENSATION COMMITTEE CPP RISK ASSESSMENT

In accordance with the applicable requirements of the U.S. Treasury's Capital Purchase Program ("CPP"), the Compensation Committee evaluated and reviewed the incentive compensation arrangements in place with its Named Executive Officers and with other members of senior management. The Compensation Committee concluded that the overall structure of the Corporation's incentive compensation arrangements does not encourage the taking of unnecessary or excessive risks by the executives.

COMPENSATION STRUCTURE AND POLICIES

Compensation Philosophy

The Company's success is dependent upon its ability to attract and retain highly qualified and motivated executives. The Company endorses the philosophy that executive compensation should reflect the Company's performance, the contribution of such officers to that performance and salaries that are competitive with peer banks. Our executive compensation program is designed to support our company's core values and strategic objectives. Moreover, our compensation philosophy is intended to align the interests of management with those of our shareholders.

Compensation Objectives

The Company's compensation policy is designed to achieve the following fundamental objectives: (i) attract and retain qualified executives, (ii) motivate performance to achieve specific strategic objectives of the Company, and (iii) align the interests of senior management with the long-term interests of the Company's stockholders. We more specifically attempt to achieve these objectives through competitive base salary, incentive compensation and stock option grants.

Key Elements of Executive Compensation

The Chief Executive Officer's annual salary is determined primarily on the basis of his individual performance and the performance of the Company. While no mathematical weighting formula exists, the Committee considers all factors which it deems relevant, including the Company's financial results, the duties and responsibilities of the Chief Executive Officer, the Chief Executive Officer's individual performance relative to written objectives established at the beginning of each year, and comparison of the current salary of the Chief Executive Officer to salaries of chief executive officers of northern New England Banks of similar size. Awards pursuant to option plans are made in accordance with the respective plans.

We compensate our senior management through a mix of base salary, incentive compensation and equity compensation designed to be competitive with comparable employers and to align management's incentives with the

long-term interests of our stockholders and to reward performance. Our compensation setting process consists of establishing targeted overall compensation for each senior manager and then allocating that compensation among base salary and incentive compensation. At the senior-most levels, we design the incentive compensation to reward company-wide performance through tying awards primarily to earnings growth and stock price appreciation. At lower levels, we design the incentive compensation to reward the achievement of specific operational goals within areas under the control of the relevant employees, although company-wide performance is also a factor.

The key elements of the Company's compensation program currently are base salary, annual performance-based cash incentive compensation, long-term equity-based incentives and deferred compensation. We believe a competitive base salary is important to attract and retain good executives. We believe annual performance-based incentives are valuable in recognizing and rewarding individual achievement. Finally, we believe equity-based compensation makes executives "think like owners" and, therefore, aligns their interests with those of our shareholders.

COMPENSATION PRINCIPLES

We Believe Compensation Should Be Competitive And Reward Performance

The Company designs executive compensation policies, as described more fully below, to attract and retain qualified executives by providing compensation packages which are competitive within the marketplace as determined by the Berry, Dunn compensation survey and which compensate executives in a manner that encourages individual performance consistent with shareholder expectations.

We Are Focused On Keeping Compensation Reasonable and Realistic

The Committee determined the amount of each type of compensation for each executive by reviewing publicly available information regarding other companies which are similar to the Company, by assessing possible demand for our executives by competitors and other companies, by evaluating the compensation appropriate to attract executives to central Maine, where we are located, as based on the Berry, Dunn compensation survey and by consulting with the Chief Executive Officer with respect to the other executive officers. Based on that review, we concluded that our program was well balanced between cash, non-cash and incentive elements and that the base salaries of our executives were generally appropriate.

ELEMENTS OF EXECUTIVE COMPENSATION

Overview

Executive compensation consists of the following main elements: a base salary that reflects the scope of the executive's responsibility and is competitive within the geographic base, annual cash-based incentive bonuses tied to the Company's success in achieving certain financial performance goals established in advance by the Compensation Committee and stock-based incentive awards, such as stock option grants, which provide rewards and incentives for enhancing shareholder value.

In allocating compensation among these elements, we believe that the compensation of our senior-most levels of management -- the levels of management having the greatest ability to influence the Company's performance -- should have a significant component that is performance-based, while lower levels of management should receive a greater portion of their compensation in base salary.

Base Salary

Our approach is to pay base salaries which are competitive with the salaries paid to executives of other companies of similar size and taking into account our judgment of the particular executive's experience, performance and potential contributions to the Company. Base pay is a critical element of executive compensation because it provides executives with a base level of monthly income. We want to provide our senior management with a level of assured cash compensation in the form of base salary that facilitates an appropriate lifestyle given their professional status and accomplishments.

Non-Equity Incentive Compensation

Our practice is to award cash non-equity compensation based upon achievement of annual performance objectives. For fiscal 2010, the performance goals for our chief executive officer were as follows: maintain, by supporting and training, the company-wide culture of "Shared Values", meet budget objectives, increase shareholder value, achieve satisfactory regulatory results and increase the number of products and services sold per customer.

Equity Compensation

Historically, the primary form of equity compensation that we awarded consisted of non-qualified stock options. We selected this form because of the favorable accounting and tax treatments. However, in recent years, the Company has made no award of options due to the decrease in operating results.

Severance Benefits

Where termination of employment is due to a reduction in force or a projected reduction in force, our company-wide severance plan provides for benefits equal to two weeks of base salary per year of credited service with a minimum payment of 4 weeks of base salary and a maximum payment of 26 weeks of base salary. This policy is not specific to executive management and is applied to any employee who meets the eligibility criteria. We also continue health and dental insurance benefits for between one and six months corresponding to the termination benefits. We do not accelerate the vesting of equity compensation. In addition, a terminated employee is entitled to receive any benefits that he otherwise would have been entitled to receive under our 401(k) plan, and supplemental retirement plans, although those benefits are not increased or accelerated. We believe that these levels of severance benefits are below the general practice among comparable companies, although we have not conducted a study to confirm this belief. Mr. Delamater would not be entitled to severance benefits due to the regulations instituted by the Troubled Asset Relief Program ("TARP").

Retirement Plans

The Company maintains a traditional 401(k) plan pursuant to which the Company matches half of an employee's contribution, up to 6% of the employee's salary.

Deferred Compensation Agreements

In July 2007, the Compensation Committee, in an executive session with the full board, approved certain Salary Continuation Agreements for the following executive officers: James D. Delamater, Marcel C. Blais, Robert S. Johnson, Pender J. Lazenby, and Leslie L. Couper. The Committee approved the Agreements because they are a tool for retention by creating incentive for senior level officers to stay with the Company until their normal retirement age. Mr. Linscott does not have a salary continuation agreement.

As a general matter, the Salary Continuation Agreements provide for the payment of annual benefits to the participating executives, assuming attainment of the normal retirement age, as follows:

Name	Scheduled Payout Assuming Normal Retirement Age
James D. Delamater	\$63,164
Marcel C. Blais	\$44,627
Robert S. Johnson	\$36,286
Pender J. Lazenby	\$34,203
Leslie L. Couper	\$41,541

Retirement benefits are payable monthly, beginning the month immediately after the month in which the executive attains normal retirement age and are paid for 180 months. Early termination (i.e., termination before normal retirement age other than as a result of disability, death or cause) and disability benefits are paid monthly for 180 months beginning with the later of (x) the seventh month after the month in which the separation from service occurs or (y) the month immediately after the month in which the executive attains normal retirement age. Change of control benefits are paid in a lump sum within three days after the change in control. If the executive is receiving retirement benefits upon the occurrence of a change in control, the executive will be paid the remaining benefits in a lump sum within three days following the change in control. The death benefit is payable to the executive's beneficiary in a single lump sum 90 days after the date of death. No payment of any benefit will be made if the executive is terminated for cause. Cause means executive's gross negligence, neglect or intentional and material failure to perform his duties after notice, disloyalty or dishonesty or a breach of fiduciary duty for personal profit, intentional wrongful damage by the executive of the Bank's business or property, willful violation of applicable law or bank policy that has an adverse effect on the Bank or its affiliates, executive being excluded from coverage under the Bank's blanket bond, removal of the executive from office or prohibition from participating in the Bank's affairs by regulatory order or conviction of the executive or a plea of no contest to a felony or misdemeanor involving moral turpitude or which results in incarceration of the executive for five consecutive days or more. Each participating executive is entitled to only one payout under the Agreement, regardless of the number of events that occur. For events other than normal retirement and termination for cause, the executive would receive annual payments based upon his accrued deferred compensation balance.

The approximate annual cost of this deferred compensation plan is \$131,000.

EXECUTIVE SHARE OWNERSHIP GUIDELINES

The Committee strongly supports share ownership by its executives. However, although there is no formal requirement for executive officers to own shares of Northeast Bancorp, executives are encouraged to own shares.

OUR COMPENSATION DECISIONS

Based on the performance criteria discussed below, as well as referencing the Berry, Dunn, McNeil & Parker compensation survey, a base salary of \$269,946 for Mr. Delamater was recommended by the Committee and approved by the Board for fiscal year 2010. Mr. Delamater's compensation for 2010 was determined in accordance with the foregoing and approved by the Committee together with all other independent members of the Board. This base compensation was determined by the Committee members' evaluation of Mr. Delamater's performance with respect to the objectives described below and the Committee members' subjective evaluation of his overall performance in those criteria.

Mr. Delamater's performance evaluation was based on objectives determined by the Committee and outlined in Mr. Delamater's annual Personal Development Plan ("PDP"). Short term and long term objectives are established through the annual PDP. The PDP is the formal evaluation process that is used throughout the organization. Mr. Delamater's performance objectives for 2010 were as follows: meet 2010 budgeted fiscal net income of \$2.7 million; maintain balance sheet integrity, achieve satisfactory regulatory results; enhance shareholder value; and increase the number of products and services sold per customer; and maintain "Shared Values" culture.

The weighting of the performance criteria was as follows: meet 2010 budgeted fiscal net income \$2.7 million (25%); the remaining 75% was comprised of the following criteria: maintain balance sheet integrity (25%); enhance shareholder value (20%); achieve satisfactory regulatory results (20%); increase the number of products and services sold per customer (5%); and continue to maintain a "Shared Values" culture (5%).

Determinations of percentage allocations were based on Committee members' subjective evaluation of Mr. Delamater's performance against the criteria. Mr. Delamater's potential total incentive compensation of \$40,491 was based upon 15% of his base salary. However, due to TARP regulations, Mr. Delamater was not eligible for non-equity incentive compensation in fiscal 2010.

With respect to the Company's other executive officers, each executive's performance was evaluated by the Chief Executive Officer. Short term and long term objectives were established through the annual PDP. PDP objectives were individualized for each executive, depending on his or her role and responsibilities.

The Compensation Committee (the "Committee"), together with all other independent members of the Board, established a 2010 target incentive payout of 10% of base salary for each executive officer with the understanding that the Committee and Board members would make a final determination as to the actual amount of payout based on their interpretation of actual fiscal year results.

The Committee completed their review in August of 2010 and determined that the following goals were met by the executive officers for fiscal 2010: maintain balance sheet integrity (25%); enhance shareholder value (20%); achieve satisfactory regulatory results (20%); continue to support and maintain the Shared Values culture (5%), for a total achievement of 70% of the established goals.

Of the possible 10% of base salary incentive, the Committee approved a payout of 8% to each executive officer, with the reduction noted above resulting from the failure to meet the goals relating to budgeted results and increasing in products and services per household. They did, however, acknowledge that this year's results were impacted by merger related activities, which they took into account in arriving at the final 8% with a statement of support and appreciation.

The incentive payouts were as follows: Mr. Johnson \$12,000; and Mr. Lazenby \$13,000.

Personnel and Compensation Committee Report

A NON-BINDING RESOLUTION TO APPROVE THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS – PROPOSAL TWO

In conjunction with its participation in the CPP, and as required by EESA and the Treasury Rules, the Company is providing its shareholders with the opportunity to vote on an advisory (non-binding) resolution at this year's Annual Meeting to approve the Company's executive compensation as described in the Compensation Discussion and Analysis, the tabular disclosures of the named executive officers' compensation ("Compensation Tables"), and other related information in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives stockholders the opportunity to endorse or not endorse the Company's executive pay program. Because the shareholder vote is not binding, the outcome of the vote may not be construed as overruling any decision by the Company's Board of Directors or Compensation Committee regarding executive compensation.

The Board recommends that shareholders, in a non-binding proposal, vote "FOR" the following resolution:

"RESOLVED that the shareholders approve the compensation of the named executive officers, as disclosed in this proxy statement, including the Compensation Discussion and Analysis, the Compensation Tables and any related material contained in the Proxy Statement."

Because your vote is advisory, it will not be binding upon the Company. However, the Company's Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements, but no determination has been made as to what action the Compensation Committee might take if shareholders do not approve this advisory proposal.

Recommendation of the Board of Directors

The Board of Directors recommends that the shareholders vote FOR the non-binding resolution to approve the compensation of the named executive officers.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During the 2010 fiscal year, Messrs. Day, Wallingford, Ayotte and Wight served on the Compensation Committee. None of the individuals is, or has been, an officer or an employee of the Company or the Bank. RELATED PERSON TRANSACTIONS

Northeast Bank Insurance Group, Inc. ("NBIG") exercised its option to purchase the building occupied by the Spence & Matthews Insurance Agency located at 4 Sullivan Square, Berwick, Maine from the president of NBIG. The transaction closed on June 24, 2009. The option price of \$375,000 was determined at the time NBIG acquired the Spence & Matthews Agency in November 2007. The purchase transaction was subject to approval by the Board of Directors of Northeast Bank, the sole owner of NBIG.

The Company's Code of Ethics provides guidance on transactions with related persons. Any transaction with a related person must be reviewed and approved by the full Board and determined to be "arms length".

The Bank has had, and expects to have in the future, various loans and other banking transactions in the ordinary course of business with the directors, executive officers, and principal shareholders of the Bank and the Company (or associates of such persons). All such transactions: (i) have been and will be made in the ordinary course of business; (ii) have been and will be made on substantially the same terms, including interest rates and collateral on loans, as those prevailing at the time for comparable transactions with unrelated persons; and (iii) in the opinion of management, do not and will not involve more than the normal risk of collectability or present other unfavorable features.

RELATIONSHIP WITH INDEPENDENT ACCOUNTANTS

The firm of Shatswell, MacLeod & Company, PC registered public accounting firm ("Shatswell") has served as the Company's auditors for the fiscal years ended June 30, 2008, 2009 and 2010. Selection of our auditors for the year ending June 30, 2011 is subject to the pending merger. Shatswell is expected to have a representative at the Annual Meeting who will have an opportunity to make a statement if they so desire and be available to respond to appropriate questions from shareholders attending the meeting.

Audit and Non-Audit Fees

The following table presents fees for professional audit services rendered by Shatswell for the audit of the Company's annual financial statements for the years ended June 30, 2010 and June 30, 2009 and fees billed for other services

rendered by Shatswell during these periods.

	2010	2009
Audit Fees: (1)	\$107,082	\$104,652
Audit-Related Fees: (2)	\$8,749	\$8,173
Tax Fees: (3)	\$12,417	\$22,951
All Other Fees: (4)	\$49,000	\$0

- (1) Audit fees consistent principally of audit work performed on the consolidated financial statements, as well as work generally only the independent auditors can reasonably be expected to provide, such as statutory audits.
- (2) Audit related fees consisted principally of audits of employee benefit plans in 2009 and 2008 fiscal years.
- (3) Tax fees consisted principally of assistance with tax compliance, preparation of returns, and tax planning.
- (4) Fees related to the pending merger with FHB Formation, LLC.

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for the next year's audit, management will submit a list of services and related fees expected to be rendered during that year within each of four categories of services to the Audit Committee for approval.

- Audit services include audit work performed on the financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and discussions surrounding the proper application of financial accounting and/or reporting standards.
- Audit-Related services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.
- Tax services include all services, except those services specifically related to the audit of the financial statements, performed by the independent auditor's tax personnel, including tax analysis, assisting with coordination of execution of tax related activities, primarily in the area of corporate development, supporting other tax related regulatory requirements and tax compliance and reporting.
- Other fees are those associated with services not captured in the other categories. The Company generally does not request such services

from the independent auditor.

Prior to engagement, the Audit Committee pre-approves independent auditor services within each category. The fees are budgeted, and the Audit Committee requires the independent auditor and management to report actual fees compared to the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor. For 2010, 20% of services were preapproved.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decision to the Audit Committee at its next scheduled meeting.

Audit Committee Report

The Audit Committee is governed by a formal written audit committee charter. The Audit Committee reviews and reassesses the adequacy of the charter at least annually.

The Company, acting through its management and Board of Directors, has the primary responsibility for the financial statements and reporting process, including the systems of internal accounting controls. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, the financial reporting process, and internal controls. Shatswell, independent auditors engaged by the Company, is responsible for auditing the Company's annual financial statements in accordance with generally accepted auditing standards and expressing an opinion on the conformity of those audited financial statements under the standards of the Public Company Accounting Oversight Board (United States) (PCAOB).

In performing its oversight function, the Audit Committee has reviewed the audited financial statements with the Company's management, including a discussion of the quality, not just the acceptability, of the accounting principles used, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Audit Committee also has reviewed with Shatswell its judgments as to the quality and acceptability of the Company's accounting principles. Management and Shatswell have advised the Audit Committee that the Company's consolidated financial statements were fairly stated in accordance with generally accepted accounting principles. The Audit Committee discussed with Shatswell matters covered by Statement on Auditing Standards No. 114 (The Auditor's Communication With Those Charged With Governance).

The Audit Committee also discussed with Shatswell its independence from the Company and management, including those matters in Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and received the letter and disclosures required from Shatswell to the Audit Committee pursuant to Standard No. 1. The Audit Committee confirmed that Shatswell had not provided any non-audit services to the Company during the 2010 fiscal year, with the exception of permitted tax compliance services and services related to the pending merger. In addition, the Audit Committee discussed with its internal auditors and Shatswell the overall scope and plans for their respective audits. The Audit Committee conferred with Shatswell, with and without management present, to discuss the results of its examinations, its evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee reviewed and discussed the audited consolidated financial statements of Northeast Bancorp as of and for the year ended June 30, 2010 with management and Shatswell.

Based on the reviews and the discussions referred to above, in reliance on management and Shatswell, and subject to the limitations of the role of the Audit Committee, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, the inclusion of the audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2010, for filing with the Securities and Exchange Commission.
