PROXY STATEMENT

INFORMATION ABOUT THE ANNUAL MEETING

*** Information About Attending the Meeting.**

Our Annual Meeting of Shareholders will be held on Thursday, May 8, 2003, at the Woodland Hills Hilton Hotel and Towers at Warner Center, 6360 Canoga Avenue, Woodland Hills, California, at 1:00 p.m. Pacific Daylight Time. All shareholders of record as of March 10, 2003, may attend and vote at the Annual Meeting. Shareholders whose stock is held in the name of a broker or other nominee may be asked to submit evidence of share ownership (such as a current brokerage account statement) in order to be admitted to the Annual Meeting.

*** Information About this Proxy Statement.**

We sent you this proxy statement and the enclosed form of proxy because our Board of Directors is soliciting your proxy to vote your shares at the Annual Meeting. This proxy statement provides information that we are required to provide you under the rules of the Securities and Exchange Commission ("SEC") for the purpose of assisting you in voting your shares. We began mailing these proxy materials on or about March 27, 2003, to all shareholders of record at the close of business on March 10, 2003. We will bear the entire expense of soliciting these proxies.

*** Information About Voting.**

Edgar Filing: UNOVA INC - Form DEF 14A

You can vote on matters coming before the Annual Meeting by proxy on the Internet or by telephone, by signing and mailing the proxy in the enclosed envelope, or in person by attending the Annual Meeting. The only matter that we presently expect to come before the meeting is the election of three directors. You can vote for all three or for any one or more of the nominees for director.

If you vote by proxy, you can vote by marking the appropriate boxes and by signing, dating, and returning the enclosed proxy. If you do this, the individuals named on the form of proxy will represent you at the Annual Meeting as your proxies, and they will vote your shares in the manner you indicate and according to their judgment on any other matters that may properly come before the Annual Meeting.

If you do not mark the boxes on your proxy with respect to any or all matters being voted upon, your proxies will vote your shares **FOR** the election of the three nominees for director.

Most shareholders will also be able to vote by proxy electronically over the Internet or by telephone. Please see the instructions included on your proxy if you are interested in voting by one of these methods.

The Board of Directors anticipates that all three of the nominees for Class II directors will be available to serve on the Board and does not know of any other matters that may be brought before the Annual Meeting. If any other matter should properly come before the Annual Meeting or any one or more of the nominees for

director is unable to serve or declines to serve, your proxies will have discretionary authority to vote on such matters.

If you wish to vote in person, you may attend the Annual Meeting and may vote any shares of which you are the record owner. In that case, any earlier proxy you may have returned will be considered to be revoked. You may also revoke your proxy at any time before it is voted by sending a written notice of revocation or by submitting a signed proxy bearing a later date, in either case to Mellon Investor Services LLC, Attention: Norma Cianfaglione, 600 Willowtree Road, Leonia, New Jersey 07605. Mellon Investor Services LLC must receive any such revocation of proxy by 5:00 p.m., Eastern Daylight Time, on May 7, 2003, for such revocation to be effective. If you vote by proxy, by telephone, or on the Internet and wish to change your vote, you should call the toll-free number or go to the Internet site, as may be applicable in the case of your earlier vote, and follow the directions for changing your vote.

In addition to solicitation by mail, certain of our officers and other employees may solicit proxies by personal interview, mail, telephone, facsimile transmission, or electronic mail. These officers and other employees are not paid any additional compensation for this service. We have retained Georgeson Shareholder Communications Inc. to assist us in the solicitation for a fee of \$6,500 in addition to reimbursement by us of the related out-of-pocket expenses and disbursements of that firm. We will also reimburse brokerage firms, banks, and other holders of record for their reasonable out-of-pocket expenses in forwarding proxy material to the beneficial owners of our common stock or otherwise in connection with this solicitation of proxies.

*** Information About Votes Necessary for Action to be Taken.**

As of March 10, 2003, there were 58,714,073 shares of our common stock issued and outstanding. The common stock is the only outstanding class of securities entitled to vote. Each share has one vote. Only shareholders of record as of the close of business on March 10, 2003, will be entitled to vote at the Annual Meeting. The presence at the Annual Meeting, either in person or by proxy, of holders of at least a majority of the shares outstanding on that date is necessary to have a quorum allowing us to conduct business at the Annual Meeting.

A plurality of all the votes cast for the Class II directors will elect three directors for a three-year term at the Annual Meeting. This means that the three nominees for director with the most votes will be elected.

The inspector of election appointed for the meeting will determine the presence of a quorum and will tabulate the votes cast at the meeting. You may withhold authority to vote for one or more of the nominees for director and may abstain from voting on any other matter that may come before the meeting. Shares for which authority is withheld or for which abstentions are indicated will be counted as present for purposes of determining whether a quorum is present. Since directors are elected by a plurality of the shares represented in person or by proxy at the meeting, votes withheld will be excluded entirely from the vote and will have no effect. If any other matter properly comes before the meeting, an abstention from voting on any other such matter other than the election of directors will have the same effect as a negative vote. If a broker indicates on a proxy that such broker does not have discretionary authority to vote on a particular matter (commonly called

"broker nonvotes"), under applicable Delaware law those shares will be counted as present for purposes of determining the presence of a quorum, but will not be counted as votes cast on the matter and will have no effect on the outcome of the vote on such matter.

*** Shareholder List.**

A complete list of shareholders of record on March 10, 2003, will be open for examination by any shareholder for any purpose germane to the meeting during normal business hours at our offices at 21900 Burbank Boulevard, Third Floor, Woodland Hills, California, for a period of the ten days prior to the meeting.

*** Information About Our Principal Executive Offices.**

Our corporate headquarters are presently located at the Woodland Hills, California, address set forth at the top of the first page of this proxy statement, where our telephone number is the one indicated. Effective July 1, 2003, we will move our principal executive offices to 6001 36th Avenue West, Everett, Washington 98203-9280, where our telephone number will be 425.348.2600. If you wish to contact us about any pertinent matter, you should address any correspondence sent after June 30, 2003, to the new address in Everett, Washington, or telephone us at the new telephone number indicated.

YOUR VOTE IS IMPORTANT

Whether or not you plan to attend the 2003 Annual Meeting, please promptly vote your shares on the Internet, by telephone, or by completing, signing, and dating your enclosed proxy, which is solicited by the Board of Directors, and returning it to us in the enclosed envelope. Regardless of how you vote your proxy, you may revoke your proxy at any time before it is voted at the Annual Meeting.

3

ELECTION OF DIRECTORS

Our Board of Directors currently has eight members. It is divided into three classes, with each director normally elected to serve a three-year term and one full class of directors to be elected at each Annual Meeting.

All of the members of our Board, with the exception of Larry D. Yost and Allen J. Lauer, were elected to their present terms of office at one of our three preceding Annual Meetings of Shareholders. Mr. Yost was elected a Class II director by our Board at a meeting held on May 7, 2002. Mr. Lauer was elected to our Board as a Class III director whose term will expire in 2004 at a meeting of our Board held on February 7, 2003.

Steven B. Sample, William D. Walsh, and Larry D. Yost, incumbent Class II directors whose terms are currently scheduled to expire at the 2003 Annual Meeting, have been nominated for re-election as Class II directors for three-year terms.

Our Board of Directors has a policy of mandatory retirement from the Board at the Annual Meeting following a director's 72nd birthday. However, to ensure a high degree of continuity in the membership of our Board and the Board's implementation of our business strategy and to mitigate any adverse effect of several directors retiring within a two-year period, our directors voted at a meeting on September 12, 2002, to make an exception to the mandatory retirement policy that would permit Joseph T. Casey and William D. Walsh to serve as our directors until the Annual Meeting of Shareholders to be held in 2005, assuming that each such director stands for re-election upon expiration of his present term of office and is elected a director for an additional term by our shareholders.

The following information provides the age, business experience, and Board committee membership as of March 15, 2003, of the nominees for election, as well as information about the directors continuing in office after the Annual Meeting whose terms of office do not expire this year. All three nominees have consented to being named as such in this proxy statement and have agreed to serve if elected. If, as a result of circumstances not presently known, any or all of such nominees declines or is unable to serve as a director, proxies will be voted for the election of such other person or persons as the Board of Directors may select, or the number of authorized directors may be reduced.

INFORMATION CONCERNING THE BOARD

Meetings and Committees of the Board.

The Board of Directors of UNOVA met eight times during 2002 (once by telephone) with an average attendance record of 96%. Each director attended more than 90% of the aggregate number of Board meetings and of meetings of committees of the Board on which that director served during 2002. In 2002 the Board adopted a practice of holding at least four meetings a year at which only outside directors are present with the chair of these meetings rotated among the outside directors.

The Board has the two standing committees described below. Membership on these committees is indicated in the preceding biographical information.

Audit and Compliance Committee. The Audit and Compliance Committee consists of four outside directors. The Board of Directors has determined that under the rules of the New York Stock Exchange all of the members of the Committee are independent. The Committee, which met eight times in 2002 (three times by telephone), evaluates the performance of the independent auditors, who report directly to the Committee, and has the responsibility to retain or to terminate the outside auditors. The Committee reviews and discusses with the outside auditors and with management the annual audited consolidated financial statements and the quarterly financial statements, the activities of UNOVA's internal auditors, and the adequacy of UNOVA's system of internal controls and procedures. The Committee pre-approves fees paid to the independent auditors for their annual audit and reviews, and pre-approves significant nonaudit services to be provided by such auditors. The Committee reviews with management and discusses proposed earnings releases and information to be provided to financial analysts and

securities rating agencies.

The Audit and Compliance Committee reviews the implementation of and monitors compliance with UNOVA's Standards of Conduct and evaluates the Reportable Transactions and Conflicts of Interest Questionnaires completed by certain employees to determine if possible conflicts of interest exist or possible violations of corporate policy have occurred. The Committee also considers other possible conflict of interest situations brought to its attention and makes appropriate recommendations concerning these situations.

During 2002, the Committee reviewed and reassessed the charter for the Audit and Compliance Committee and made certain revisions to such charter. The revised charter, as adopted by the Committee on February 7, 2003, is included as Exhibit A to this proxy statement, and sets forth in greater detail the duties and responsibilities of the Committee.

Compensation, Governance, and Nominating Committee. The Compensation, Governance, and Nominating Committee consists of four outside directors.

The Committee recommends to the Board policies for executive compensation and approves the remuneration of all our officers. The Committee administers our employee stock incentive plans, cash bonus plans, Employee Stock Purchase Plan, and certain other compensation and retirement arrangements.

8

In connection with its corporate governance function, the Committee reviews and recommends to the Board practices and procedures relating to matters of corporate governance, including the evaluation and recommendation of criteria for membership on the Board, and the composition and structure of the Board and its Committees. The Committee also reviews management succession plans and determines the compensation for Board service each year.

The Committee's nominating function comprises the consideration of the qualifications of persons recommended to the Committee's attention for election to fill vacancies that may occur in the Board of Directors from time to time. The Committee will consider persons recommended by our shareholders for election to our Board. The name and qualifications of any such person should be submitted to our Secretary at our address indicated on the first page of this proxy statement if submitted prior to June 30, 2003, and at 6001 36th Avenue West, Everett, Washington 98203-9280 if submitted after June 30, 2003, including evidence of such person's willingness to serve as a director.

In 2002, the Committee met five times (once by telephone) and took action once by unanimous written consent.

Directors' Compensation Policies.

Mr. Brady is the only director who is also an employee of UNOVA. He is not paid any fee or additional remuneration for service as a member of the Board, and he is not a member of any Board committee.

Directors who are not employees of UNOVA (outside directors) are entitled to receive an annual fee for Board service of \$30,000 and an attendance fee of \$2,000 for each meeting of the Board and for each meeting of a committee of the Board attended. Each outside director who serves as Chair of a Board committee is entitled to receive an additional annual fee of \$4,000. Directors are reimbursed for travel and other expenses incurred for the purpose of attending meetings of the Board and its committees. The amount of these fees is fixed annually by the Compensation, Governance, and Nominating Committee, and the fees as in effect for 2003 remain the same as those in effect for 2002.

Under our 2002 Director Stock Option and Fee Plan, as approved by the shareholders at last year's Annual Meeting, any person who joins the Board as an outside director receives options to purchase 25,000 shares of our common stock as of the date of his or her election at the fair market value of such stock on the date of grant, if such person (1) did not receive stock options under a UNOVA plan allowing for the grant of stock-based awards during the two-year period preceding the date of commencement of Board membership, or (2) was not an employee of UNOVA or a subsidiary of UNOVA during that two-year period.

On the first business day following our Annual Meeting of Shareholders for each year, each outside director automatically receives a grant of an option to purchase 2,500 shares at the fair market value on the date of grant. All options granted under the Plan become fully exercisable on the first anniversary of the grant thereof; however, if a director dies or becomes permanently disabled while serving on the Board, or if the director retires pursuant to the policy for mandatory retirement of directors, then all options held by such director become exercisable in full. In addition, if a Change of Control of UNOVA (as defined in the Change of Control Employment

Agreements with certain officers described below) occurs, then all options granted under the Plan become fully exercisable. An aggregate of 500,000 shares of our common stock, subject to adjustment for certain events affecting our capitalization, was authorized for issuance under the Plan. The Plan provides that the Board may increase or decrease the number of shares subject to the automatic annual stock option grant made to outside directors as necessary or appropriate to attract and retain qualified persons to serve on the Board. For 2003, the amount of the award grant will remain 2,500 shares, which is the amount that has been in effect at all times since 1997.

Options that have vested under the 2002 Director Stock Option and Fee Plan remain exercisable until three years following the first to occur of (a) the retirement or resignation of the director from the Board (or the director's failure to be reelected to the Board), (b) the total and permanent disability of the director, or (c) the death of the director.

Under the Plan, the Board determines each year whether the annual retainer fee which our outside directors receive for Board service, as well as the additional annual fee which an outside director receives for serving as Chair of one of the Board's committees, will be paid wholly or partially in shares of our common stock rather than cash. For 2003, our Board has determined that 100% of these fees will be paid in stock. These shares will be issued to the directors on a quarterly basis and will be valued at the average quarterly market price of our common stock.

In addition, a director may elect to receive fees payable for attendance at Board and Committee meetings in shares of our common stock, in cash, or in a combination of both. Directors electing to receive payment of fees in shares of UNOVA common stock on a current basis receive these shares quarterly valued at the average quarterly market price of our common stock.

Directors may also elect to defer all or a portion of their fees to either a deferred stock account or cash account. The deferred stock account enables directors to defer their fees into our common stock, and the cash account provides a deferral into an interest-based account.

The deferred stock account is a bookkeeping account credited with share units representing shares of our common stock. The cash account accrues interest at a rate equal to the prime rate. Credits to the deferred stock and cash accounts are made on the first business day following the end of each quarter. A director's stock account will be credited with the number of shares of our common stock paid in lieu of cash fees which are the subject of a deferral election. Transfers between the stock account and the cash account are not permitted.

(d) We offered our officers the opportunity to receive up to 50% of the cash compensation paid in 2002 (comprising both base salary for 2002 and any bonus awarded for 2001) in the form of options to purchase our common stock. For each \$1.00 of bonus or base salary the officer elected to receive in this form, the officer received on April 15, 2002, an option to purchase one share of our common stock at \$7.25, its fair market value on that date. Elections to receive these options were required to be made prior to January 1, 2002. Amounts of cash and stock options received as a portion of bonuses for 2001 are set forth in the columns for 2001 entitled "Bonus (\$)" and "Securities Underlying Options (#)," as applicable. Amounts of cash and stock options received as a portion of base salary for 2002 are set forth in the columns for 2002 entitled "Salary (\$)" and "Securities Underlying Options (#)," as applicable. These options vested and were fully exercisable upon their grant. If not exercised, they will expire five years after their grant date.

(e) In accordance with Mr. Brady's request, of Mr. Brady's total bonus for 2002, Mr. Brady received the amount of \$487,500 in cash and the remainder by an award of \$325,000 of Restricted Stock. The number of shares of Restricted Stock so issued to Mr. Brady was 60,690 shares valued at \$5.355, the fair market value of the common stock on February 14, 2003. These shares vest over a three-year period under the same conditions applicable to the Restricted Stock described in Note (f) below.

(f) In 2001, we made an offer to employees who held certain employee stock options granted during the period to exchange these stock options for shares of our Restricted Stock (the "Voluntary Exchange Program") at an exchange ratio of one share of Restricted Stock for each four shares subject to options exchanged. The Restricted Stock values reported in the table above for fiscal 2001 include the following shares issued in the Voluntary Exchange Program at \$4.10 per share (the fair market value of our common stock on October 8, 2001): Mr. Brady, 107,501 shares; Mr. Keane, 15,001 shares; Mr. Bishop, 26,251 shares; Mr. Herrman, 10,002 shares; and Mr. Miller, 12,500 shares. The value reported also includes 110,193 shares of Restricted Stock issued to Mr. Miller on July 11, 2001, at \$5.445 per share.

The restricted shares described above, which were issued in connection with the Voluntary Exchange Program or otherwise, vest over a period of three years from the date of grant. If employment terminates because of disability or death, the Restricted Stock will continue to vest. If employment is terminated for any other reason, unvested awards will be forfeited. Unvested Restricted Stock will immediately vest upon a Change of Control (as defined below under the caption "Change of Control Employment Agreements").

- (a) This table includes options granted in February 2002, as a portion of bonuses awarded with respect to 2001 as discussed in Note (d) to the Summary Compensation Table. The shares underlying these options are shown in the Summary Compensation Table under 2001 as they were granted in recognition of services rendered in that year.
- (b) All options granted to the Named Executive Officers were granted at the prevailing market price of our common stock on the date of the grant. These options permit payment of the exercise price and any withholding tax due upon exercise by the surrender of already owned shares of our common stock having a fair market value equal to the exercise price or the amount of withholding tax and also permit payment of withholding tax by applying shares otherwise

issuable upon exercise. All such options become immediately exercisable upon the occurrence of certain events resulting in a Change in Control of UNOVA, and accelerated vesting schedules become applicable in the event of the death of the optionee while in the employ of the UNOVA. Change in Control has the meaning described on page 19.

- (c) The Black-Scholes model was used to determine the grant date present value of UNOVA stock options. This method requires the assumption of certain values that affect the option price. The values that were used in this model are the volatility of the stock price of UNOVA common stock and the estimate of the risk-free interest rate. Since we do not pay a cash dividend, no yield on our common stock was assumed. For purposes of the model used to value the options in this table, a weighted average volatility factor of 55.4% for UNOVA, determined from historical stock price fluctuations, and a 4.85% weighted average risk-free interest rate determined from market information prevailing on the grant date were used. No adjustments were made for the nontransferability or risk of forfeiture of the stock options. This model allocates the valuation evenly over the vesting schedule. There is no assurance that these assumptions will prove true in the future. The actual value of the options depends on the market price of our common stock at the date of exercise, which may vary from the theoretical value indicated in the table.
- (d) Nonqualified stock options issued as a portion of Mr. Brady's bonus for 2001. These options became exercisable on April 15, 2002.

We have not issued shares of our common stock under any equity-based compensation plan or arrangement that was not approved by our shareholders.

CHANGE OF CONTROL EMPLOYMENT AGREEMENTS

We have entered into change of control employment agreements with Messrs. Brady, Keane, Bishop, Herrman, and Miller and certain additional officers (collectively, the "Agreements"). The Agreements become effective only upon the occurrence of a Change of Control, which includes substantially those events described below. Absent a Change of Control, the Agreements do not require us to retain the executives or to pay them any specified level of compensation or benefits.

Generally, under the Agreements, a Change of Control is deemed to have occurred if: (a) a majority of the Board becomes composed of persons other than persons for whose election proxies have been solicited by the Board, or other than persons who are then serving as directors appointed by the Board to fill vacancies caused by death or resignation (but not removal) of a director or to fill newly created directorships; (b) another party becomes the beneficial owner of at least 30% of our outstanding voting stock, other than as a result of our repurchase of our voting stock; (c) the approval by our shareholders of a merger, reorganization, consolidation with another party (other than certain limited types of mergers), or sale or other disposition of all or substantially all of our assets; or (d) our shareholders approve our liquidation or dissolution.

The Agreements generally provide that for three years after a Change of Control, there will be no adverse change in the executive's salary, bonus opportunity, benefits, or location of employment. If, during this period following a change of control, we terminate the executive's employment other than for cause, or if the executive terminates his or her employment for good reason (including compensation reductions, demotions, relocation, and excessive travel requirements), or voluntarily during the 30-day period following the first anniversary of a Change of Control which results in a change in the composition of a majority of our Board of Directors (or, if later, the first anniversary of such change in the composition of the Board), the executive is entitled to receive an accrued salary and annual incentive payment through the date of the termination and, except in the event of death or disability, a lump-sum severance payment equal to three times the sum of the executive's base salary and annual bonus (and certain pension, insurance, and other welfare plan benefits). Further, we are required to make an additional payment in such amount so that after the payment of all income and excise taxes, the executive will be in the same after-tax position as if no federal excise tax had been imposed. In the event of termination of employment by reason of death or disability or for cause, the Agreements terminate and our sole obligation is to pay any amounts previously accrued under the Agreements.

Change of control employment agreements with officers at the level of Vice President have terms not as favorable to the officer as those described above for example, the term of employment following a Change of Control is two, rather than three, years.

RETIREMENT BENEFITS

Supplemental Executive Retirement Plan.

Edgar Filing: UNOVA INC - Form DEF 14A

We maintain a Supplemental Executive Retirement Plan (the "SERP") to provide retirement benefits to selected officers and other key employees designated by the Compensation, Governance, and Nominating Committee upon the recommendation of the Chief Executive Officer.

The SERP is noncontributory and unfunded.

Covered compensation under the SERP is cash compensation (including deferred salary) and bonuses including any amount of cash compensation which a participant elects to forego in order to receive shares of our common stock (including Restricted Stock) or options to purchase our common stock. Covered compensation does not include extraordinary items such as compensation recognized upon exercise of employee stock options or bonuses paid for the accomplishment of a particular non-ordinary course transaction or circumstance.

The SERP provides certain benefits in the event of the death or disability of the participant as well as special survivors' benefits payable to specified beneficiaries upon the occurrence of the death of the participant prior to age 62 while employed by us.

In the event of a Change of Control, a participant in the SERP will be entitled to a lump sum payment of the retirement benefit which would have been payable to the participant at the later of the age of 62 or the actual age of the participant at the time of the Change of Control, unless the committee that administers such arrangement determines to defer the payment of this amount.

All of the Named Executive Officers participate in the SERP. A participant in the SERP does not ordinarily vest in a retirement benefit until the participant has reached the age of 60 while employed by us and has completed 15 years of service, and the participant may not ordinarily begin receiving a retirement benefit until the participant has reached age 62. Under this plan a participant's annual retirement benefit is the actuarial equivalent, as of the age of the participant at retirement, of the following computation: (a) 1.6% of "average earnings" of the participant up to \$125,000 (which amount is adjusted annually for inflation and was \$157,675 at January 1, 2003) plus (b) 2.2% of "average earnings" in excess of such amount, the sum of (a) plus (b) then being multiplied by the participant's number of credited years of service (not to exceed 25). Average earnings for purposes of this plan is the average amount of covered compensation received or deemed to have been received by the participant in the three consecutive 12-month periods in which the participant's compensation was highest during the final 120 months of the participant's employment.

There will be offset from the annual retirement benefit computed in accordance with the previous paragraph the amount of benefits which the participant earned or could have earned under other retirement plans we sponsored (the "Offset Amount"). The Offset Amount is based on the benefits which would have been received by the employee if he or she was eligible to participate and had participated at all times in our other retirement plans to

20

the maximum extent permitted (regardless of the degree of actual participation). The amount of the participant's Social Security primary benefit at age 65 is also included in the Offset Amount.

The Offset Amount comprises:

The amount which the participant receives (or could have received if the participant had participated at all times to the maximum extent permitted) under the UNOVA Pension Plan. An employee's contributions to our 401(k) plan of up to 4% of his or her covered compensation will enable the participant to receive the maximum benefit under the UNOVA Pension Plan. The amount of a participant's annual benefit under the UNOVA Pension Plan is the *higher* of (i) 60% of the participant's voluntary deposits up to 4% of covered compensation during the period of his or her employment prior to June 1, 2001, and 62% of such deposits made on or after June 1, 2001, *or* 85% of such deposits *minus* 75% of the participant's estimated Social Security primary benefit at age 65 assuming the participant is fully vested; *plus*

The amount which the participant would receive as a retirement benefit under the Restoration Plan, which is intended to restore the employee-provided benefit under the UNOVA Pension Plan to those who are unable, as a result of limitations in the Code relating to the maximum amount which an employee may contribute to a 401(k) plan, to contribute a full 8% of covered compensation to the

contributory plan.

For purposes of the SERP, as of March 15, 2003, Mr. Keane had 21 credited years of service, Mr. Bishop had 22 credited years of service, Mr. Herrman had 13 credited years of service, and Mr. Miller had 21 credited years of service. Mr. Brady has 25 credited years of service, which includes 22 years during which Mr. Brady was employed by FMC Corporation and covered by FMC's retirement arrangements. For purposes of determining Mr. Brady's "average earnings," his final 120 months of employment will include the appropriate number of months of employment by FMC immediately preceding the commencement of his service with UNOVA.

The following table indicates the approximate combined annual retirement benefit which would be received by a participant in the SERP representing the sum of: (a) the employer- provided benefit under the UNOVA Pension Plan; (b) the benefit under the Restoration Plan; and (c) the benefit under the SERP based on retirement at age 65, full participation at all relevant times in the UNOVA Pension Plan, and election of a benefit in the form of a single life annuity. The amounts shown in this table would be reduced by the amount of the participant's Social Security benefit. The amount shown would also, in the case of Mr. Brady, be reduced by the amount of any pension benefit he receives under the retirement plans of his former employer, FMC Corporation.

INDEBTEDNESS OF MANAGEMENT TO UNOVA

Michael E. Keane, our Senior Vice President and Chief Financial Officer, held an unsecured loan from UNOVA in the principal amount of \$275,000 which bore interest at the rate of 4% per annum and was payable on our demand but in any event not later than December 31, 2002. Mr. Keane elected to repay this loan prior to its stated maturity and repaid all principal and interest related to this loan on October 9, 2002.

**REPORT OF THE COMPENSATION, GOVERNANCE, AND
NOMINATING COMMITTEE
ON EXECUTIVE COMPENSATION**

The Compensation, Governance, and Nominating Committee of our Board of Directors is composed of four outside directors. We are responsible for, among other duties, developing the policies and procedures regarding compensation of UNOVA officers and key employees and, in the case of corporate officers, setting the amounts of their compensation.

Our compensation program has three principal elements:

base annual salary

annual incentive bonuses based primarily on the achievement by UNOVA or its relevant operating unit of pre-established performance goals

long-term incentives in the form of stock-based awards comprising stock options or Restricted Stock.

BASE ANNUAL SALARY

In considering appropriate adjustments to be made to UNOVA's officers' base annual salary for 2002, we considered data from our independent compensation consultants that indicated an industry overall average. We also made our own assessment of the degree to which the officers had succeeded in implementing UNOVA's strategic business and financial objectives.

We reviewed the performances of UNOVA's Chief Executive Officer and other executive officers, and compared their base salary with the base salary of individuals performing comparable duties at peer companies as reflected in our compensation consultants' report. Based on these factors, in July 2002 we approved an increase in officers' base salaries by approximately 3.5 percent, effective July 1, 2002, for two executive officers and effective January 1, 2003, for all other executive officers. Thus, Mr. Brady did not receive an increase in salary in 2002. We increased Mr. Brady's base salary by \$23,000, effective January 1, 2003, to an annual rate of \$673,000.

In order to more closely align the interest of UNOVA's officers with that of its shareholders and to further improve cash flow, we permitted corporate officers to receive a part of their 2002 compensation in the form of stock options. We authorized executive officers to forego up to 50 percent of their 2002 base salary and up to 50 percent of their 2001 bonuses and to receive in lieu of those amounts options to purchase one share of UNOVA common stock for each one dollar of reduced compensation.

Elections to receive these options were required to be made prior to January 1, 2002. The exercise price of these options was \$7.25, the fair market value of UNOVA's common stock on April 15, 2002, the date of grant. The options are presently exercisable and have a five-year term.

Mr. Brady elected to reduce his 2002 base salary by 30 percent and, accordingly, received options to purchase 195,000 shares of common stock in lieu of \$195,000 of salary in 2002.

ANNUAL BONUSES FOR 2002

Under the 2002 Bonus Plan for senior executives, which we adopted in February 2002, individual performance

objectives were eliminated. The bonus is based upon a variety of financial objectives that directly relate to our near-term financial goals. Fundamentally, our operating divisions and the executives associated with those divisions are incentivized to generate profit and cash using the performance goals of Business Operating Profit and the ratio of Average Net Working Asset to Sales, two of the performance goals utilized for setting executive target bonuses in the amended Management Incentive Compensation Plan approved by our shareholders at the 2002 Annual Meeting. Overall corporate goals relate to managing our corporate assets so that we remain in compliance with our financial covenants contained in financing agreements with our lenders, using the measurement techniques of Earnings Before Taxes and the ratio of Net Debt to Sales, which were among the performance criteria approved by shareholders.

Edgar Filing: UNOVA INC - Form DEF 14A

At a meeting we had in February 2003, we considered the extent to which UNOVA and its operating entities had met the previously established performance goals as they relate to executive officers. The performance goals for Larry Brady were based 60% on UNOVA's achieving Earnings Before Tax goals and 40% on achieving specified average Net Debt to Sales ratios. UNOVA exceeded all stated performance goals. We reviewed the financial results of UNOVA and its operating divisions and approved bonuses for executive officers in accordance with formulas for the 2002 bonus awards approved by us last year.

In accordance with Mr. Brady's request, of his total bonus for 2002, the amount of \$487,500 was paid in cash and the remainder of the bonus was paid by an award of 60,690 shares of Restricted Stock valued on February 14, 2003, at the price of \$5.355. These shares of Restricted Stock vest annually over three years beginning on February 14, 2004. Amounts awarded to other Named Executive Officers are shown in the Summary Compensation Table.

Section 162(m) Considerations

We expect bonuses awarded for 2002 to qualify for exemption from the limitation on the deductibility of certain executive compensation prescribed by Section 162(m) of the Internal Revenue Code, since these bonuses were based on the achievement of pre-determined shareholder-approved performance goals.

However, we believe there may in the future be instances when the interests of UNOVA and its shareholders may be best served by awarding compensation based on factors other than, or in addition to, achievement of the shareholder-approved performance goals. In such cases, we may determine to award compensation of which some portion may not be deductible for Federal income tax purposes from the UNOVA's gross income.

STOCK OPTIONS AND RESTRICTED STOCK

We did not make our usual annual grant of stock options to executive officers in 2001. During 2001, we focused our attention on the then outstanding employee stock options. We believed that the potential dilution represented by the existence of these options could negatively affect the manner in which investors evaluated UNOVA's prospects and its stock value. In that year we implemented a plan to offer to holders of UNOVA employee stock options who were then actively employed the right to exchange certain options granted in early 1999 through early 2000 for shares of Restricted Stock.

24

For 2002, we reviewed management's recommendations for stock option awards to our officers and key employees. After extensive consideration and discussion, we approved the grant of approximately 935,000 option shares to our management employees, as recommended, including the grants to other Named Executive Officers in the amounts and having the terms described in the Summary Compensation table included in the proxy statement. As part of this award, Mr. Brady received options to purchase 150,000 shares of our common stock at an exercise price of \$7.375 per share, the fair market value of the stock on the date of grant.

RETIREMENT ARRANGEMENT FOR THE CHIEF EXECUTIVE OFFICER

In 2002, we reviewed the circumstances of our hiring of Mr. Brady and the contract entered into with him to provide certain supplemental retirement benefits. We concluded that the special arrangement would not in all likelihood achieve its intended effect. Therefore, we determined, with Mr. Brady's concurrence, that Mr. Brady would be given the same SERP rights as those offered to other designated executives, that he would be given credit in the calculation of his benefit under his length of service and salary level at his prior employment, FMC Corporation, and that any payments he receives relating to his retirement from FMC will be offset against amounts otherwise due from UNOVA. The details of this arrangement are set forth above in the proxy statement under the caption "Retirement Benefits."

STOCK PERFORMANCE GRAPH

Set forth below is a line graph comparing the percentage change in the cumulative total shareholder return on our common stock with the cumulative total return of the Standard & Poor's Midcap 400 Index and a composite line-of-business index designed to reflect the mix of our business segments for the five-year period beginning January 1, 1998, and ending December 31, 2002. The composite line of business index was prepared by combining the Standard & Poor's 1500 Industrial Machinery index, which management believes comprises companies reasonably comparable to our Industrial Automation Systems businesses, and the Standard & Poor's 1500 Electrical Equipment and Instruments index, which management believes comprises companies reasonably comparable to our Automated Data Systems businesses. Each of these two indexes is weighted based on relative sales and asset levels of our businesses for 2002, with 43.3% representing the Industrial Automation Systems businesses and 56.7% representing the Automated Data Systems businesses. The graph assumes an investment of \$100 on January 1, 1998, in our common stock, in the S&P Midcap 400 Index, and in the composite line-of-business index prepared as described above. Total shareholder return was calculated on the basis that in each case all dividends were reinvested.

**REPORT OF THE AUDIT AND COMPLIANCE COMMITTEE
OF THE BOARD OF DIRECTORS**

The Board of Directors adopted a written charter for the Audit and Compliance Committee, which we amended in 2003 and, as so amended, is set forth as Exhibit A to this 2003 Proxy Statement.

In accordance with the provisions of our charter, we have (i) reviewed and discussed UNOVA's audited consolidated financial statements for the year ended December 31, 2002 with management, (ii) discussed with UNOVA's independent auditors, Deloitte & Touche LLP, the matters required to be discussed by Statement on Auditing Standards No. 61 ("Codification of Statements on Auditing Standards, AU § 380") as modified or supplemented, and (iii) received the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1 "Independence Discussions with Audit Committees," as modified or supplemented, and discussed with Deloitte & Touche LLP their independence from UNOVA.

As part of our responsibilities under our charter, we reviewed with UNOVA's General Counsel whether there were any legal matters that have had or are likely to have a material impact on UNOVA's financial statements. We also reviewed UNOVA's compliance with the UNOVA Standards of Conduct.

In addition, we have met with Deloitte & Touche LLP prior to the filing of each of UNOVA's Quarterly Reports on Form 10-Q to discuss the results of their review of the financial information included in those reports.

In performing our oversight function, we relied upon advice and information received in our discussions with UNOVA's management, internal auditors, and independent auditors. This advice and information was obtained at the eight Committee meetings held during the year at which time we held discussions with both management and Deloitte & Touche LLP. During four of these meetings we met separately with UNOVA's internal auditors and then with Deloitte & Touche LLP. Based on the review and discussions referred to above, we have recommended to the Board of Directors that UNOVA's audited consolidated financial statements for the year ended December 31, 2002 be included in UNOVA's Annual Report on Form 10-K for the same year.

INDEPENDENT ACCOUNTING FIRM INFORMATION

The Audit and Compliance Committee has engaged the firm of Deloitte & Touche LLP to serve as our independent auditors for the year 2003. Deloitte & Touche LLP has served as our independent auditors since we became an independent public company in 1997, is familiar with our business and operations, and has offices in most of the countries in which we conduct business.

Representatives of Deloitte & Touche LLP are expected to be present at our Annual Meeting. They will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Principal Accounting Firm Fees

The aggregate fees we paid to Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, "Deloitte & Touche") for audit and nonaudit services for the fiscal year ended December 31, 2002, were as follows:

Audit Fees:

\$1,208,500

Financial Information Systems Design and Implementation Fees:

None

All Other Fees:

Audit Related Fees	\$ 81,500(a)
Other Fees	\$ 407,000(b)

All Other Fees	\$ 488,500

(a) Includes fees for consents and filings on Forms 8-K and S-8.

(b) Includes fees for review of tax returns and consultations related to tax matters.

The Audit and Compliance Committee has considered whether the provision of the services described under "All Other Fees" is compatible with maintaining the independence of Deloitte & Touche LLP and has concluded that the provision of such services is compatible with maintaining their independence.

OTHER INFORMATION

FILING OF REPORTS UNDER SECTION 16(a) OF THE EXCHANGE ACT

Section 16(a) of the Exchange Act requires that our executive officers, directors, and persons who own more than 10% of a registered class of our equity securities file reports of ownership and changes in ownership with the SEC and the New York Stock Exchange. Executive officers, directors, and greater than 10% shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on an examination of the copies of such forms furnished to us and upon written representations that no other reports were required during 2002, all Section 16(a) filing requirements applicable to our executive officers and directors in 2002 were satisfied in a timely fashion.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

As indicated in the table on page 13, Unitrin, Inc. owns a total of 21.6% of our outstanding common stock. On July 12, 2001, we entered into an agreement providing for term loan financing not to exceed \$75 million from a group of lenders. Unitrin, Inc. and certain of its subsidiaries provided an aggregate of \$31.5 million of the loans made under the agreement. The largest principal amount outstanding under this financing during 2002 was \$73,000,000, which was reduced during the year by periodic payments of principal and interest. These loans were repaid in their entirety on January 17, 2003.
