PROXY STATEMENT
for
ANNUAL MEETING OF STOCKHOLDERS
of
TRANSGENOMIC, INC.

We are sending this Proxy Statement to you in connection with our request for your proxy to use at the Annual Meeting of Stockholders of Transgenomic, Inc. (the "Company") to be held on May 21, 2003. Only those owners of our common stock of record at the close of business on March 24, 2003 (the "Record Date") are entitled to vote at the Annual Meeting. This Proxy Statement, along with the Notice of the Annual Meeting, the Annual Report to Stockholders and a proxy card are being first mailed to stockholders on or about April 18, 2003.

Your proxy is being solicited by the Board of Directors of the Company and will give them the power to vote on your behalf at the Annual Meeting. All shares of the Company's common stock represented by properly executed and unrevoked proxies will be voted by the Board of Directors in accordance with the directions given by those proxies. Where no instructions are indicated, the Board of Directors will vote "FOR" each of the proposals that will be considered at the Annual Meeting. In addition, the Board of Directors believes outstanding shares owned by executive officers and directors of the Company will be voted "FOR" each such proposal. Shares owned by these persons represent approximately 20% of the total shares outstanding as of the Record Date.

You may revoke your proxy at any time before it is exercised by the Board of Directors at the Annual Meeting. If you decide to do this, you will need to give the Secretary of the Company written notice that you want to revoke the proxy or you can submit a new proxy to him. In addition, if you attend the Annual Meeting in person, you may withdraw your proxy and vote in person. Shares of common stock entitled to vote and represented by properly executed, returned and unrevoked proxies will be considered present at the Annual Meeting for purposes of establishing a quorum. This includes shares for which votes are withheld, abstentions are cast or there are broker nonvotes. The holders of at least a majority of our common stock issued and outstanding on the Record Date must be present at the Annual Meeting, either in person or by proxy, in order for there to be a quorum.

Voting Securities and Beneficial Ownership by Principal Stockholders and Our Directors and Officers

On the Record Date there were 23,532,049 issued and outstanding shares of our common stock. Each share of common stock is entitled to one vote on each matter to be voted on at the Annual Meeting. Stockholders do not have the right to cumulate votes in the election of directors.

This table shows the beneficial ownership of our common stock by our directors, by those of our executive officers who are named in the Summary Compensation Table shown on page 7, by all of our current executive officers and directors as a group, and by each person we believe beneficially owns more than 5% of our outstanding common stock. Each stockholder named in this table has sole voting and investment power over the shares he beneficially owns, and all such shares are owned directly by the stockholder unless otherwise indicated. Stock ownership information of persons other than our

ELECTION OF DIRECTORS

Board of Directors and Committees

Our entire Board of Directors consists of seven positions of which five are currently occupied. The Board of Directors is divided into three classes with directors in each class serving for a term of three years. The terms of office of the current Class I, Class II and Class III directors will expire in 2004, 2005 and 2003, respectively.

The Board of Directors has nominated Gregory J. Duman and Roland J. Santoni as Class III directors to serve three-year terms expiring in 2006. Mr. Duman and Mr. Santoni are both current members of the Board of Directors and each has expressed an intention to continue to serve on the Board of Directors if they are elected. The Board of Directors knows of no reason why either Mr. Duman or Mr. Santoni might be unavailable to serve. There are no arrangements or understandings between either Mr. Duman or Mr. Santoni and any other person pursuant to which they were selected as nominees.

The election of a director requires the affirmative vote of a plurality of the shares present in person or represented by proxy at the meeting and entitled to vote. This means that votes withheld and broker nonvotes with respect to the election of directors will have no effect on the election of directors. If Mr. Duman or Mr. Santoni is unable to serve as a director, the Board of Directors may nominate a substitute nominee. In that case, the Board of Directors will vote all valid proxies that voted in favor of Mr. Duman or Mr. Santoni, as the case may be, for the election of the substitute nominee.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE ELECTION OF MR. DUMAN AND MR. SANTONI AS CLASS III DIRECTORS.

The following table sets forth information about our directors, including the nominees who are to be voted on at the Annual Meeting. All directors have held the positions with the companies (or their predecessors) set forth under "Principal Occupation" for at least five years, unless otherwise indicated.

The Board of Directors conducts its business through meetings of the Board and actions taken by written consent in lieu of meetings and by the actions of its committees. During the year ended December 31, 2002, the Board of Directors held nine meetings and acted by written consent in lieu of a meeting three times. All directors attended at least 75% of the meetings of the Board of Directors and of the committees of the Board of Directors on which they served during 2002.

The Board of Directors has established and assigned certain responsibilities to an Audit Committee and a Compensation Committee. We do not have a standing nominating committee. Nominations for directors are made by the entire Board of Directors.

Audit Committee. The Audit Committee's primary duties and responsibilities include monitoring the integrity of our financial statements, monitoring the independence and performance of our external auditors, and monitoring our compliance with applicable legal and regulatory requirements. The functions of the Audit Committee also include reviewing periodically with independent auditors the performance of the services for which they are engaged, including reviewing the scope of the annual audit and its results, reviewing with management and the auditors the adequacy of our internal accounting controls, reviewing with management and the auditors the financial results prior to the filing of quarterly and annual reports, and reviewing fees charged by our independent auditors. Our independent auditors report directly and are accountable solely to the Audit Committee. The Audit Committee has the sole authority to hire and fire the independent auditors and is responsible for the oversight of the performance of their duties, including ensuring the independence of the independent auditors. The Audit Committee also approves in advance the retention of, and all fees to be paid to, the independent auditors. The rendering of any auditing services and all non-auditing services by the independent auditors is subject to the approval in advance of the Audit Committee. The Audit Committee is required to be composed of directors who are independent of the Company. The members of the Audit Committee are directors Santoni, Sklar and Saxena. The Audit Committee met six times during fiscal 2002.

Compensation Committee. The Compensation Committee reviews and approves our compensation policy, changes in salary levels and bonus payment to our executive officers and other management and determines the timing and terms of awards made pursuant to our stock option plan. The Compensation Committee currently consists of directors Sklar, Santoni and Saxena. The Compensation Committee met three times and acted by written consent in lieu of a meeting six times during fiscal 2002.

Section 16(a) Beneficial Ownership Reporting Compliance. Item 405 of Regulation S-K requires disclosure of any known late filing or failure by an insider to file a report required by Section 16 of the Securities Exchange Act of 1934. We believe all Section 16 reports were filed

Edgar Filing: TRANSGENOMIC INC - Form DEF 14A

in a timely manner during 2002 except as follows:

Reporting Person	Total Number of Forms Filed Late	Total Number of Transactions Late
Jeffery Sklar	1	1
Stephen F. Dwyer	1	1

Compensation of Directors

Directors who are also our officers or affiliates are not separately compensated for serving on the Board of Directors other than reimbursement for out-of-pocket expenses related to attendance at board and committee meetings. Independent directors are paid an annual retainer of \$12,000. In addition, they receive a fee of \$1,200 for attending meetings in person, or \$600 for participating in a meeting by

5

teleconference, as well as reimbursement for out-of-pocket expenses related to attendance at board and committee meetings. Effective March 28, 2003, independent directors serving on any committee of the Board of Directors will be paid an additional annual retainer of \$2,500, except that, effective January 1, 2004, the additional retainer paid to independent directors serving on the Audit Committee will be increased to \$5,000.

Our non-employee and non-affiliated directors are issued options to purchase 15,000 shares of common stock under our stock option plan upon initial appointment to the board. For options granted prior to March 28, 2003, such options will vest at the rate of 20% per year of service on the board. Additional grants were made from time to time so that each non-employee director would hold 15,000 unvested options at any time. Effective March 28, 2003, the options granted to a non-employee and non-affiliated director upon initial appointment to the board will vest at the rate of 33¹/₃% per year of service on the board. Additional grants of options to purchase 5,000 shares of common stock will be made on a date reasonably close to each anniversary of such director's appointment to the board to be determined by the Compensation Committee in its sole discretion, with such options vesting on the third anniversary of the grant. All options granted to non-employee directors have exercise prices that represented the fair market value of our stock on the grant date. Exercise prices on outstanding options granted to our non-employee directors' range from \$5.00 to \$13.00 per share.

Long-Term Incentive Plans and Other Matters

The Company does not maintain a long-term incentive plan or pension plan (as defined in Item 402 of SEC Regulation S-K) for its executive officers and has not repriced any options or SARs for any executive officer during the last fiscal year.

Stock Option and Other Compensation Plans

Stock Option Plan. Our Third Amended and Restated 1997 Stock Option Plan allows us to grant options to our employees, directors and advisors which give them the right to buy our common stock at a fixed price, even if the market value of our stock goes up. The Compensation Committee of our Board of Directors administers our stock option plan and it has the sole authority to set the number, exercise price, term and vesting provisions of the options granted under the plan. Under the terms of

9

the plan, the exercise price of an incentive stock option, as defined under the Internal Revenue Code of 1986, as amended, cannot be less than the fair market value of our common stock on the date the option is granted. In general, options will expire if not exercised within ten years from the date they are granted. The Compensation Committee may also require that an option holder remain employed by us for a specified period of time before an option may be exercised. The committee establishes these "vesting" provisions on an individual basis. The Compensation Committee will also decide whether options will be nonqualified options or structured to be qualified options for U.S. income tax purposes. Either incentive or nonqualified stock options may be granted to employees, but only nonqualified stock options may be granted to our non-employee directors and advisors. Options for a maximum of 7,000,000 shares may be granted under the plan. Outstanding options for a total of 4,990,315 shares of our common stock are outstanding at the Record Date, of which 3,477,049 may be exercised at this time. Outstanding options have exercise prices ranging from \$5.00 to \$13.00 per share.

Under the terms of our stock option plan any options not vested will become immediately vested if the option holder dies, becomes permanently disabled or retires. If an option holder voluntarily resigns, any options not vested as of the date of resignation will terminate and all rights will cease, as determined by the compensation committee and documented in the option grant documents. In the event an option holder's employment, board membership or status as an advisor is terminated for cause, the option holder's right to exercise an option, whether or not vested, will immediately terminate and all rights will cease, unless the compensation committee determines otherwise.

Employee Savings Plan. We have established an employee savings plan that is intended to qualify as a tax-qualified plan under Section 401(k) of the Internal Revenue Code. This plan allows for voluntary contributions up to statutory maximums by eligible employees. We match a specific proportion of these contributions, subject to limitations imposed by law. We may make additional contributions to the savings plan on behalf of our employees if our Board of Directors decides to do so. During the years ended December 31, 2000, 2001 and 2002, we contributed \$219,683, \$252,597 and \$337,252 to the savings plan on behalf of our employees.

Employee Stock Purchase Plan. Our Second Amended and Restated 2001 Employee Stock Purchase Plan (the "Stock Purchase Plan") has been structured to qualify as an "employee stock purchase plan" under Section 423 of the Internal Revenue Code of 1986, as amended. Additionally, the Stock Purchase Plan authorizes the Compensation Committee of the Board of Directors to adopt sub-plans designed to achieve desired tax and other objectives in locations outside the United States. Up to 500,000 shares of our common stock may be issued during the term of the Stock Purchase Plan that is defined as December 1, 2001 through November 30, 2006. Employees will be able to voluntarily participate in

the Stock Purchase Plan through payroll deductions. Such deductions will accumulate during the participation periods, defined as three month periods. On the first business day of each participation period, each participant will be deemed to have been granted an option to purchase common stock at 85% of its fair market value as measured by the closing price of the stock on either the first or last business day of the participation period, whichever is lower. The number of shares to be purchased is based upon the participant's elected withholding amount. At the end of each participation period such option is automatically exercised.

Employment Agreements

We have entered into employment agreements with our Chief Executive Officer, Collin J. D'Silva, our Executive Vice President, John L. Allbery and our Vice President and General Counsel, Keith A. Johnson. The employment agreements require these executives to devote their full time to our business activities, provided that they may serve as directors of or consultants to other companies that do not compete with us and for nonprofit corporations, civic organizations, professional groups and similar entities. These executives are not allowed to compete with us during the term of their employment and for a year after they are no longer our employee. Each agreement contains provisions under which

10

these executive officers have agreed to maintain the confidentiality of information concerning us and which prohibits them from disclosing confidential information about our business to people outside of the Company, except for proper business purposes.

The employment agreement with Mr. D'Silva has an initial term of four years expiring February 29, 2004. The employment agreement with Mr. Allbery has an initial term of four years expiring May 31, 2005. The employment agreement with Mr. Johnson has an initial term of three years expiring February 20, 2005. Each of these agreements may be extended unless we or the employee, as the case may be, give notice of an intention not to renew. If one of these officers is terminated for reasons other than an act of serious misconduct, the officer will be entitled to severance pay in an amount equal to his then current base annual salary.

Report of the Compensation Committee On Executive Compensation

Executive Officer Compensation. The Compensation Committee consists only of directors who are not officers or employees of the Company. The Compensation Committee endeavors to establish total compensation packages for the executive officers of the Company that fairly reflect the value of their services to the Company and that will permit the Company to attract and retain high quality individuals in its key executive positions, taking into consideration both the prevailing competitive job market and the current size and expected growth of the Company.

Executive officer compensation contains three principal components: (i) a base salary, (ii) a cash bonus and (iii) grants of options to purchase common stock under the Company's stock option plan. The base salaries for Collin D'Silva, John Allbery and Keith Johnson are set forth in their employment agreements and are subject to annual increases as recommended by the Compensation Committee. The base salaries of other officers are determined as a function of their prior base salaries and the Compensation Committee's view of base salary levels for executive officers with comparable positions and responsibilities in other companies and are not a function of any specific performance criteria. The Compensation Committee periodically compares base salaries paid to its executive officers with those paid by other public companies engaged in similar industries and that generate revenues in the same range as the Company. These companies are not necessarily the same companies that are included in the peer group index used in the Performance Graph included in this Proxy Statement. In general, the Compensation Committee determined that the base salaries paid to the Company's executive officers fell within an appropriate range of base salaries paid by such comparable companies.

The bonus portion of executive officer compensation is based upon the performance goals established by the Compensation Committee and approved by the Board of Directors. In addition, the Compensation Committee may award additional bonus amounts on a discretionary basis if the Compensation Committee deems it to be appropriate based upon its assessment of an executive's individual performance and the overall performance of the Company with respect to stockholder value, stock price, sales growth and net income.

Because ownership of the Company's common stock serves to align the economic interests of its executive officers with those of its stockholders, executive officers who, in the opinion of the Compensation Committee, contribute to the growth, development and financial success of the Company may be awarded options to purchase common stock under the Company's stock option plan. Any grant of options to purchase common stock must be made with an exercise price no less than the closing sale price of the common stock on the date of grant. Therefore, the compensation value of these stock options is directly related to the long-term performance of the Company as measured by its future return to stockholders. The amount of stock option awards granted to executive officers are also determined on a discretionary basis by the Compensation Committee considering the same criteria used to award cash bonuses.

Compensation of Chief Executive Officer. Collin D'Silva's base salary is set by his employment agreement and is subject to annual increases as recommended by the Compensation Committee. It is the view of the Compensation Committee, based upon its periodic review of base salaries paid to chief executive officers of similarly situated companies, that Mr. D'Silva's base salary is reasonable and within an appropriate range paid by such other companies. Notwithstanding Mr. D'Silva's efforts during 2002, Mr. D'Silva was not awarded a cash bonus and he was not awarded any stock options under the Company's stock option plan.

Compliance With Section 162(m) of the Internal Revenue Code. The current tax law imposes an annual, individual limit of \$1 million on the deductibility of the Company's compensation payments to the Chief Executive Officer and to the four most highly compensated executive officers other than the Chief Executive Officer. Specified compensation is excluded for this purpose, including performance-based compensation, provided that certain conditions are satisfied. The Compensation Committee is determined to preserve, to the maximum extent practicable, the deductibility of all compensation payments to the Company's executive officers.

Report of the Audit Committee

The Audit Committee is comprised of Roland Santoni, Jeffrey Sklar M.D., Ph.D., and Parag Saxena, each of which is an independent director of the Company under the rules adopted by the Nasdaq Stock Exchange. The Audit Committee operates under a written charter that is attached as an exhibit to this Proxy Statement.

The Company's management is responsible for the preparation of the Company's financial statements and for maintaining an adequate system of internal controls and processes for that purpose. Deloitte & Touche LLP ("Deloitte") acts as the Company's independent auditors and they are responsible for conducting an independent audit of the Company's annual financial statements in accordance with auditing standards generally accepted in the United States of America and issuing a report on the results of their audit. The Audit Committee is responsible for providing independent, objective oversight of both of these processes.

The Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2002 with management of the Company and with representatives of Deloitte. As a result of these discussions, the Audit Committee believes that the Company maintains an effective system of accounting controls that allow it to prepare financial statements that fairly present the Company's financial position, results of its operations and cash flows. Our discussions with Deloitte also included the matters required by Statement on Auditing Standards No. 1, *Communications with Audit Committees*, as amended.

In addition, the Audit Committee reviewed the independence of Deloitte. We received written disclosures and a letter from Deloitte regarding its independence as required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and this information was discussed with Deloitte.

Based on the foregoing, the Audit Committee has recommended that the audited financial statements of the Company for the year ended December 31, 2002 be included in the Company's Annual Report on Form 10-K to be filed with the Securities and Exchange Commission.

RATIFICATION OF APPOINTMENT OF AUDITOR

The Audit Committee of the Board of Directors has appointed Deloitte & Touche LLP ("Deloitte") to be our independent auditors for 2003. We are asking our stockholders to ratify the appointment of Deloitte. In recommending the appointment of Deloitte to be our independent auditors, the Audit Committee considered whether the provision of the services by Deloitte described below under the headings "Financial Information Systems Design and Implementation Fees" and "All Other Fees" is compatible with maintaining Deloitte's independence from the Company and our management.

Audit Fees

The aggregate fees billed by Deloitte or its affiliates for professional services rendered for the audit of the Company's annual financial statements for the fiscal year ended December 31, 2002, and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for that fiscal year were approximately \$146,000.

Financial Information Systems Design and Implementation Fees

There were no fees billed by Deloitte or its affiliates for professional services rendered for information technology services relating to financial information systems design and implementation for the fiscal year ended December 31, 2002.

All Other Fees

The aggregate fees billed by Deloitte or its affiliates for services rendered to the Company, other than the services described above under "Audit Fees" and "Financial Information Systems Design and Implementation Fees", for the fiscal year ended December 31, 2002, were approximately \$47,000. These fees were primarily associated with attestation services related to the audit of our employee benefit plan and consultation related to tax planning and compliance rendered by Deloitte during the year.

The ratification of the appointment of our auditor requires the affirmative vote of the holders of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote. Abstentions will have the same effect as a vote against ratification. Broker nonvotes will not be considered shares entitled to vote with respect to ratification of the appointment and will not be counted as votes for or against the ratification.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS THE COMPANY'S AUDITORS FOR FISCAL 2003.

Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting and will be provided an opportunity to make a statement and to respond to appropriate inquiries from stockholders.

SUBMISSION OF STOCKHOLDER PROPOSALS

Pursuant to our Bylaws, stockholder proposals submitted for presentation at the Annual Meeting, including nominations for directors, must be received by our corporate secretary at the address of our home office no later than 35 days prior to the date of the Annual Meeting. If less than 35 days' notice of the Annual Meeting is given, then stockholder proposals must be received by our corporate secretary no later than seven days after the mailing date of the notice of the Annual Meeting to stockholders.

14

Any stockholder nomination for director must set forth the name, age, address and principal occupation of the person nominated, the number of shares of our common stock owned by the nominee and the nominating stockholder and other information required to be disclosed about the nominee under federal proxy solicitation rules.

In order to be included in our proxy statement relating to next year's annual meeting, stockholder proposals must be submitted in writing by December 19, 2003 to our corporate secretary at the address of our home office. The inclusion of any such proposal in our proxy materials will be subject to the requirements of the proxy rules adopted under the Securities Exchange Act of 1934, as amended.

OTHER MATTERS

Management does not currently intend to bring any matter before the Annual Meeting other than those disclosed in the Notice of Annual Meeting of Stockholders, and it does not know of any business which persons, other than the management, intend to present at the meeting. The enclosed proxy for the Annual Meeting confers discretionary authority on the Board of Directors to vote on any matter proposed by stockholders for consideration at the Annual Meeting if the Company did not receive written notice of the matter on or before March 5, 2003.

Edgar Filing: TRANSGENOMIC INC - Form DEF 14A

We will bear the cost of soliciting proxies for the Annual Meeting. To the extent necessary, proxies may be solicited by our directors, officers and employees, but these persons will not receive any additional compensation for such solicitation. We will reimburse brokerage firms, banks and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of our common stock. In addition to solicitation by mail, we will supply banks, brokers, dealers and other custodian nominees and fiduciaries with proxy materials to enable them to send a copy of such materials by mail to each beneficial owner of our common stock that they hold of record and will, upon request, reimburse them for their reasonable expenses in so doing.

Our Form 10-K, as filed by the Company with the Securities and Exchange Commission, is included in our Annual Report that is being delivered to our stockholders together with this Proxy Statement. The Form 10-K is not, however, to be considered part of this proxy solicitation material.

None of the information set forth in this Proxy Statement under the headings "Report of the Compensation Committee on Executive Compensation," "Report of the Audit Committee" or "Company Performance" is deemed to be "soliciting material" or to be "filed" with the SEC or subject to the SEC's proxy rules or to the liabilities of Section 18 of the Securities Exchange Act of 1934 (the "1934 Act"), and this information will not be deemed to be incorporated by reference into any prior or subsequent filing by the Company under the Securities Act of 1933 or the 1934 Act.
