PROXY STATEMENT

INFORMATION CONCERNING THE SOLICITATION

The enclosed proxy is solicited by Richardson Electronics, Ltd. (the "Company") whose principal executive offices are located at 40W267 Keslinger Road, P.O. Box 393, LaFox, Illinois 60147-0393, for use at the Annual Meeting of Stockholders of the Company, to be held Wednesday, October 15, 2003 at 2:00 P.M., Chicago Time, at the offices of the Company, 40W267 Keslinger Road, LaFox, Illinois, or at any adjournments thereof. In addition to solicitation of proxies by mail, proxies may be solicited by the Company's directors, officers and regular employees by personal interview or telephone, telegram or similar means, and the Company will request brokers and other custodians, nominees and fiduciaries to forward proxy soliciting material to the beneficial owners of shares which are held of record by them. The expense of all such solicitation, including printing and mailing, will be paid by the Company. Any proxy may be revoked at any time before its exercise, by written notice to the Secretary of the Company, by executing a subsequent proxy or by attending the meeting and electing to vote in person. This Proxy Statement and accompanying proxy were first sent or given to stockholders on or about September 4, 2003.

Only stockholders of the Company of record at the close of business on August 19, 2003 are entitled to vote at the meeting or any adjournment thereof. As of that date there were outstanding 12,272,812 shares of Common Stock, par value \$.05 per share, and 3,206,812 shares of Class B Common Stock, par value \$.05 per share. Holders of Common Stock are entitled to one (1) vote per share and holders of Class B Common Stock are entitled to ten (10) votes per share on all matters voted upon at the meeting. The Common Stock and the Class B Common Stock will vote together as a single class on all proposals presented in this Proxy Statement. Outstanding shares of the Company, represented in person or by proxy, having a majority of the voting power shall constitute a quorum at the meeting. A plurality of the voting power of the shares represented at the meeting is required to elect directors and the ten nominees who receive the most votes will be elected. The affirmative vote of a majority of the voting power of the shares represented at the meeting is required to approve the amendment to the Richardson Electronics, Ltd. Employees' 1999 Stock Purchase Plan and the ratification of the engagement of KPMG LLP for fiscal year 2004. A proxy in the accompanying form which is properly signed, dated, returned and not revoked will be voted in accordance with the instructions contained therein. Unless authority to vote for the election of directors (or for any nominee) is withheld, proxies will be voted for the directors proposed by the Board, and, if no contrary instructions are given, proxies will be voted for approval of the amendment to the Richardson Electronics, Ltd. Employees' 1999 Stock Purchase Plan and engagement of KPMG LLP. Discretionary authority is provided in the proxy as to any matters not specifically referred to therein. Management is not aware of any other matters that are likely to be brought before the meeting. However, if any such matters properly come before the meeting, it is understood that the proxy holder or holders are fully authorized to vote thereon in accordance with his or their judgment and discretion. Stockholders of record who are present at the meeting in person or by proxy and who abstain, including brokers holding customers' shares of record who cause abstentions to be recorded at the meeting, are considered stockholders who are present and entitled to vote and they count toward the quorum and a vote against the proposals. Brokers holding shares of record for customers generally are not entitled to vote on certain matters unless they receive voting instructions from their customers. If brokers do not receive instruction to vote on discretionary matters, they will not vote on such matters with respect to such shares. These "broker non-votes" will be counted as present for quorum purposes but not entitled to vote on the matter in question, thus effectively reducing the number of votes needed to approve the matter.

ELECTION OF DIRECTORS

A Board of ten directors will be elected to serve until the next annual meeting, or until their successors are elected and shall have qualified subject to their earlier resignation or removal as permitted by law. The proxies returned pursuant to this solicitation will be voted by the persons named therein for the election as directors of the persons named below under "*Information Relating to Directors, Nominees and Executive Officers*" as nominees for election as directors unless specifically directed to withhold authority in the proxy. Should any nominee be unable to accept the office of director (which is not presently anticipated), the persons named in the proxies will vote for the election of such other persons, as they shall determine.

Information Relating to Directors, Nominees and Executive Officers

The following table sets forth the name, principal occupation and position and offices with the Company, age, and length of service of each of the directors, nominees for director and executive officers of the Company and ownership of Common Stock and Class B Common Stock of the Company (by number of shares and as a percentage of the total outstanding shares of each class and as a percentage of the total voting power of all outstanding voting shares combined) of each director and nominee and each executive officer named in the "Summary Compensation Table" below and of all executive officers and directors as a group. Directors who are not Company employees receive a quarterly fee of \$3,000 and a fee of \$500 for each Board or Committee meeting attended in person, plus travel expenses. Directors currently do not receive a fee for attending telephonic committee meetings. In addition, each current Non-Employee Director has received a grant

of options to acquire 25,000 shares of the Company's Common Stock, upon election to the Board, at exercise prices ranging from \$5.25 to \$12.875 per share (the fair market value on the date of grant) under the Company's Stock Option Plan for Non-Employee Directors ("Directors' Plan"), or the Company's 1996 Stock Option Plan for Non-Employee Directors ("1996 Directors' Plan"). In addition, each current Non-Employee Director receives a grant of an option to acquire an additional 5,000 shares of the Company's Common Stock each April beginning at the later of 1996 or five years after first elected as a director at exercise prices ranging from \$5.375 per share to \$12.875 per share. Under the Director's Plan and the 1996 Directors' Plan, options are granted to any director of the Company who is not an officer or employee of the Company or any of its subsidiaries or affiliates and who has not been such for a period of one year prior to his first being elected to the Board ("Non-Employee Director"). Options issued under the Directors' Plan and 1996 Directors' Plan are intended to be non-qualified stock options, not entitled to special tax treatment under Section 422A of the Internal Revenue Code of 1986, as amended, from time to time. The Directors' Plan and the 1996 Directors' Plan are administered by the Board of Directors of the Company which has the sole responsibility for

construing and interpreting said Plans. Each option granted is evidenced by an option agreement between the optionee and the Company and, subject to the provisions of the Directors' Plan or the 1996 Directors' Plan, contains such terms and conditions as may be approved by the Board. The purchase price of each share that may be purchased upon exercise of an option is the fair market value of the share on the date the option is granted. These options are exercisable for a period of approximately ten years. Under the Directors' Plan, any new "Non-Employee Director" elected or appointed was granted an option to purchase 25,000 shares of the Company's Common Stock on the date such director took office. All options granted under the Directors' Plan vest over a five-year period from the date of grant with 20% of the option shares becoming first exercisable on each anniversary of the grant date. The Directors' Plan was terminated with respect to future grants on April 10, 1996. Under the 1996 Directors' Plan, any new Non-Employee Director elected or appointed after April 30, 1996 is granted an option to purchase 25,000 shares of the Company's Common Stock on the date such director takes office. All such options granted to new Non-Employee Directors vest over a five-year period from the date of grant with 20% of the option shares becoming first exercisable on the anniversary of the grant date. On each April 30 (after April 30, 1996), which is on or after the fifth anniversary of a Non-Employee Director's initial election as a director, such director is granted an additional option for 5,000 shares (subject to adjustment). Unless earlier terminated by the Board, the 1996 Directors' Plan shall terminate on June 1, 2006. The Directors' Plan and the 1996 Directors' Plan provide, among other things, that the option of any optionee, whose status as a director terminates because of retirement, or removal from the Board within one year after a change of control (as defined in the Directors' Plan and 1996 Directors' Plan), shall become fully exercisable with respect to all shares covered thereby and not previously purchased upon exercise of the option and shall remain fully exercisable until the option expires by its terms. Mr. Allen has non-qualified stock options for 11,781 shares of Common Stock and 11,782 shares of Class B Common Stock at an exercise price of \$12.95 per share and received \$14,000 for his services in fiscal year 2003.

COMPENSATION AND AUDIT COMMITTEE REPORTS AND STOCK PERFORMANCE GRAPH

The following pages contain a report issued by our Compensation Committee relating to executive compensation for fiscal 2003, a report issued by our Audit Committee relating to its review of our financial statements, procedures and practices, and a chart titled "Stock Performance Graph." Stockholders should be aware that under SEC rules, the Compensation Committee Report on Executive Compensation, the Audit Committee Report and the Stock Performance Graph are not deemed to be "soliciting material" or "filed" with the SEC under the Securities Exchange Act of 1934, and are not incorporated by reference in any past or future filing by the Company under the Securities Exchange Act of 1934, as amended, or the Securities Act of 1933, as amended, unless these sections are specifically referenced.

Report on Executive Compensation

Traditionally, the Company's executive officers' compensation has been determined by the Company's Chief Executive Officer and Chief Operating Officer due to the relatively small number of other executive officers and the personal knowledge of the relative performance and responsibilities of each executive officer of the Chief Executive and Chief Operating Officers. Compensation for the Company's executive officers, other than the Chief Executive Officer, for the fiscal year ended May 31, 2003 was established in this manner and was approved by the Compensation Committee, except for long-term incentive compensation in the form of stock option and restricted stock award grants which were established by the Stock Option Committee. The compensation for the Company's Chief Executive Officer for fiscal 2003 was determined pursuant to a formula set by the Board of Directors in 1983, prior to the effective date of the Securities and Exchange Commission rules mandating disclosure of basis for such compensation, at a fixed base salary adjusted annually on each June 1 for changes in the cost of living (\$436,980 for fiscal 2003), and a bonus equal to 2% of the Company's after tax profits. Mr. Richardson's bonus for fiscal year 2003, based on 2% of net income was \$0. The Company expects that the Chief Executive Officer will continue to recommend compensation for the Company's other executive officers with the advice and guidance the Company's President and Chief Operating Officer, Bruce W. Johnson, with respect to other executive officers, for approval of the Compensation Committee of the Board of Directors who will set such compensation and that the Stock Option Committee will determine the granting of options and stock awards, and that the Chief Executive Officer's compensation also will be set by the Compensation Committee.

Bruce W. Johnson became the Company's President and Chief Operating Officer on November 12, 1996 pursuant to an agreement dated as of November 7, 1996, which provides for an annual base salary subject to adjustment in certain circumstances, and a bonus if the Company's earnings per share (excluding extraordinary charges) for the year exceeds its earnings per share for the prior fiscal year with the amount of such bonus, if any, determined by the Company's actual earnings per share performance in relation to the Company's budgeted earnings per share for the year. Mr. Johnson's cash bonus for fiscal year 2003 was \$80,575. The agreement also provides for payments to Mr. Johnson for one year equal to his salary and bonus and other employee benefits if his employment is terminated under certain circumstances, including, without cause or from a change-in-control, or a breach by the Company.

Pursuant to a 3-year Employment Agreement dated May 31, 2002, Dario Sacomani became the Company's Senior Vice President and Chief Financial Officer. Mr. Sacomani's annual base salary is \$280,000, and he receives a bonus of up to 50% of his base salary if performance goals are met. 50% of the bonus is determined by the Company's earning performance and 50% is determined by Mr. Sacomani meeting goals for the year established by the Chief Executive Officer. Mr. Sacomani also received an option for 50,000 shares (with an exercise price equal to 100% of Fair Market Value on the date of grant) and a restricted stock award for 14,098 shares that will vest in equal amounts over the next three years. The agreement provides for payments to Mr. Sacomani for one year equal to his salary and bonus for the 12-month period prior to termination and immediate vesting of options and restricted stock awards in the event of termination of employment without cause or by Mr. Sacomani for certain specified reasons and if the termination by Mr. Sacomani occurs within 2 years of a change in control, the salary and bonus payment amount is doubled. Mr. Prince is employed pursuant to an Employment Agreement dated June 6, 2000 pursuant to which he receives a base salary reviewed annually and a bonus of 50% of his base salary if performance goals established annually by the Company are met. The agreement provides for payment to Mr. Prince for one year equal to his salary and bonus for the 12-month period prior to termination in the event of termination of employment without cause or by Mr. Prince within 180 days after a sale to or merger into another company or a change in control.

Individual compensation of other executive officers has been established to maintain equitable internal relationships taking into account the responsibilities, experience, seniority, and work performance of the individual executive, the overall performance of the Company and the unit or area of responsibility of the executive, the strategic objectives and budget considerations of the Company and competitive industry practices. The relative weight given to each of these factors varies from individual to individual and from year to year. Increases in executive officers' base salaries for the year ended May 31, 2003 ranged from 4% to 13% and increases in base salaries of executive officers for the year ending May 31, 2004 have been deferred for an indefinite period due to economic conditions.

A significant portion of each executive officer's compensation is in the form of a bonus (in fiscal 2003 it was budgeted to be from 50% to 60% of base compensation depending on the executive) which is performance-related. Bonuses are designed to reward executives for achieving and exceeding Company performance goals and/or individual performance goals. Bonuses or portions thereof, in fiscal 2003, for certain executive officers were based upon targeted levels of the Company's earnings. For bonuses or portions thereof based upon individual performance, the performance criteria or goals varied with each executive as set by the Compensation Committee with recommendation from the Chief Executive Officer after the executive's annual review. For example, an executive responsible for a business unit may receive a bonus or a portion thereof based upon the business unit meeting its financial goals while an executive in charge of other functions may receive a bonus or portion thereof based upon his achieving individual performance objectives which are generally subjective, established specifically for him by the Compensation Committee with recommendation from the Chief Operating Officer or Chief Executive Officer. For the fiscal year ended May 31, 2003, such individual performance bonuses or portions thereof were paid at percentages of target, ranging from 71% to 100%. Financial measures (e.g. earnings per share, return on invested capital, gross margin) and targets for each executive officer are set at the beginning of the fiscal year by the Compensation Committee with recommendation from the Chief Executive Officer, or the Chief Operating Officer after review by the Chief Executive Officer, although discretionary adjustments are possible should unforeseen events occur.

Salary levels, bonus criteria and performance objectives for the Company's executive officers are examined each year to take into account factors discussed above and other additional factors believed appropriate at the time. Executive compensation structures and levels for each year's targeted overall Company and individual performance goals are determined following regular structured annual reviews of each executive officer conducted by the Chief Executive Officer and/or Chief Operating Officer. Target performance levels take into account historic patterns of Company performance and strategic objectives.

Individual stock option grants in fiscal 2003 were determined giving consideration to the factors discussed above, previous option grants, and to give the executive officers additional incentive to improve the overall performance of the Company. This resulted in total options granted to executive officers in fiscal 2003 of 50,000 shares, and restricted stock awards aggregating 27,398 shares. All such options have an exercise price that is equal to 100% of the Fair Market Value of the Company's Common Stock on the date of grant. The Chief Executive Officer does not participate in these plans.

In addition, all executive officers, including the Chief Executive Officer, participate in broad based benefits generally available to all U.S. employees of the Company, such as medical, dental, disability, life insurance, profit sharing (which includes a 401(k) feature), employees' stock ownership and employees' stock purchase plans.

The Omnibus Budget Reconciliation Act of 1993 (the "Act") amended the Internal Revenue Code, Section 162(m), to limit deductibility for the Company for income tax purposes of compensation paid to the Chief Executive Officer and the 4 other highest paid executive officers to \$1 million per year, per person, subject to certain exceptions. The Company does not currently have any executive exceeding that limitation. If at a future date it appears likely that such limitation may be exceeded, the Committee will consider recommending restructuring of executive compensation programs in light of the requirements of the Act and the regulations that may be promulgated thereunder to permit them to meet the exceptions to the limitation so such compensation may continue to be deductible.

REPORT OF THE AUDIT COMMITTEE

Pursuant to its written Charter, the Audit Committee has:

Reviewed and discussed the audited financial statements with management and with the independent auditors.

Discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards Board No. 61.

Received the written disclosures from the independent auditors required by Independence Standards Board Standard No. 1, and has discussed with the independent auditors the auditors' independence, and considered the compatibility of non-audit services provided to the Company by the auditors with their independence.

Based on the review and discussion above, recommended to the Board of Directors (and the Board of Directors has accepted the recommendation) that the audited financial statements be included in the Company's Annual Report on Form 10-K for the last fiscal year for filing with the Securities and Exchange Commission.

Management is responsible for the Company's financial reporting process including its system of internal control, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors are responsible for auditing those financial statements. The responsibility of the Audit committee is to monitor and review these processes. It is not the Audit

Committee's duty or responsibility to conduct auditing or accounting reviews or procedures. The Committee members are not employees of the Company and they may not be, and they may not represent themselves to be or to serve as, accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, the Committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the Company's financial statements. The Audit Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Committee's considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards or that the Company's independent accountants are in fact "independent."

FEES OF AUDITOR

The following table sets forth the aggregate fees billed for each of the last two years for professional services rendered by the Company's principal accountant.

	<u>2002</u>	<u>2003</u>
Audit Fees(1)	\$ 240,000.00	\$ 346,800.00
Audit-related Fees	0	0
Tax Fees(2)	824,074.00	518,302.00
All Other Fees(3)	0	2,800.00

- (1) The Audit Fees were for professional services rendered by Ernst & Young LLP for the audit of the Company's annual financial statements included in the Company's Annual Reports on Form 10-K for the fiscal years ended May 31, 2002 and 2003, the review of the Company's financial statements included in the Company's Quarterly Reports on Form 10-Q during such fiscal years and statutory audits for certain of its non-U.S. subsidiaries.
- (2) Tax fees were for tax planning and compliance.
- (3) Other fees billed by Ernst & Young LLP were for fees related to an audit of the Company by US Customs.

The Audit Committee considered and determined that the provision of services to the Company by Ernst & Young LLP for which they received fees (other than Audit Fees) as noted above was compatible with maintaining the principal accountant's independence.

Audit Fees are reviewed and specifically approved by the Audit Committee on an annual basis. On April 7, 2003, the Audit Committee established formal policies and procedures for the pre-approval of audit-related tax and other fees. These procedures include a review and pre-approval of an annual budget covering the nature of and amount to be expended for auditor services by specific categories of services to be provided. In addition, services not anticipated in the budget (so long as they are permitted services) or which exceed the budgeted amount may be authorized by the Company's Chief Financial Officer if \$20,000 or less, and if more than \$20,000, with the approval of the Chairman of the Audit Committee and in each case with a submission and approval by the full Audit Committee at its next regularly quarterly scheduled meeting.

**PROPOSAL TO APPROVE AN AMENDMENT TO THE RICHARDSON ELECTRONICS, LTD.
EMPLOYEES' 1999 STOCK PURCHASE PLAN**

The Company's Employees' Stock Purchase Plan adopted in 1983 and continued with the 1996 Stock Purchase Plan adopted in 1996, and the 1999 Plan adopted in 1999, the purpose of which was to attract, motivate and retain personnel by offering employees of the Company through the grant of stock options (at 85% of the fair market value of such stock on the date of grant, or the date of exercise, whichever is lower) the opportunity to participate in the appreciation in value of the Company's Common Stock which may result from their performance. The shares available for purchase under such Plans are nearly exhausted. On July 15, 2003, the Board of Directors of the Company adopted, subject to stockholder approval, an amendment to the Richardson Electronics, Ltd. Employees' 1999 Stock Purchase Plan ("Purchase Plan") to increase the number of shares subject to the Purchase Plan by 100,000 shares so as to permit the Company to continue to offer this employee benefit. The full text of the amendment is set forth in Exhibit A to this proxy statement. The Purchase Plan is designed to comply with the requirements of Section 423 of the Internal Revenue Code and Section 16b of the Securities Exchange Act of 1934. It is not subject to the Employee Retirement Income Security Act of 1974, nor subject to the qualification provisions of Section 401a of the Internal Revenue Code.

The Purchase Plan is administered by the members of the Stock Option Committee appointed by the Board of Directors who are "Non-Employee Directors" as that term is defined in Rule 16b-3 of the Securities and Exchange Commission. No member of the Committee is eligible to participate in the Purchase Plan. The Committee is authorized to fix grant dates for options to be granted under the Purchase Plan, interpret the Purchase Plan, and control and manage the operations and administration of the Purchase Plan pursuant to such rules and regulations as it may from time to time adopt for carrying out the purposes of the Purchase Plan.

Subject to adjustments in accordance with the provisions of the Purchase Plan as amended, 350,000 shares of the Company's Common Stock, \$.05 par value (the "Common Stock") are reserved for issuance on exercise of options granted pursuant to the Purchase Plan. Such shares may be either authorized, but unissued shares of the Company, or shares which have been or may be reacquired by the Company including treasury shares.

All regular employees of the Company and its subsidiaries who are designated by the Committee, who work more than 20 hours a week or more than five months during the year, may participate in the Purchase Plan. However, no employee may participate, if immediately after the option is granted, such employee beneficially owns (directly or by attribution) 5% or more of the Company's Common Stock, and no option may be granted to any employee which would permit his or her right to purchase Common Stock pursuant to any unexpired offering under the Purchase Plan and any other employee stock purchase plan to accrue at a rate which exceeds \$25,000 during any calendar year based on the fair market value of such stock as determined on the grant date. The decision to participate is voluntary on behalf of the employee. Currently there are approximately 817 persons eligible to participate. All eligible employees are given written notice of a grant date and the opportunity to elect to participate through payroll deductions between 1 and 10% of their annual base compensation up to a maximum of \$250,000 of compensation.

The Committee will from time to time, as of a specified date (the "Grant Date"), offer options for shares of Common Stock to eligible employees on the date it so designates (an "Offering"). Subsequent Grant Dates will not be less than approximately one year apart. Eligible employees may become participants by completing and delivering to the Company such election and other forms as are required by the Committee, including a payroll deduction form, at least ten days before a Grant Date. A participant cannot increase or decrease the amount of his or her payroll deduction during the term of an option unless an adjustment in his or her compensation occurs, in which case, absent instructions to the contrary, his or her payroll deduction will be automatically adjusted to reflect such change. An Employee Stock Purchase Plan Account (the "Account") is established for each participant and payroll deductions are credited to the Account. No interest is paid on any amounts in such Accounts.

Unless a participant gives written notice of termination or his or her employment is terminated prior to the exercise date of an option, each option is exercised automatically on the last business day prior to the last business day of the eleventh calendar month following the month of the Grant Date for such number of full shares as may be purchased with the accumulated payroll deductions credited to his or her Account on that date.

The purchase price for the shares covered by options granted under the Purchase Plan will be equal to 85% of the fair market value of the shares on the Grant Date or the date of exercise, whichever is lower. The fair market value of the shares on a date is equal to (i) the mean of the closing bid and asked quotations (as reported

by NASDAQ), or (ii) if the Common Stock is traded on a securities exchange, the last sale price of the Common Stock on such exchange. The term of each option will expire on the last business day of the eleventh calendar month following the month of the Grant Date.

In the event an Offering is oversubscribed, the Committee may, in its sole discretion, either increase the number of shares in the Offering or make a pro rata allocation of available shares in the Offering in such a manner as it deems uniform and equitable. However, if the Committee decides to make a pro rata allocation, the payroll deductions elected by participants will be proportionately reduced to properly effectuate such allocation and the Committee will notify each participant in writing of such allocation.

An employee's rights or options under the Purchase Plan are exercisable only by him or her during his or her lifetime, and such rights or options may not be sold, pledged, assigned or transferred in any manner other than by will or the laws of descent and distribution. Any attempt to sell, pledge, assign or transfer such rights or options shall be without effect, except that the Company may treat such act as an election to terminate an option.

The Board of Directors may from time to time amend or terminate, consistent with applicable laws and regulations, the Purchase Plan, without action by the Company's stockholders, except for an amendment which would (i) increase the aggregate number of shares of the Company's Common Stock subject to the Plan, (ii) alter the classification of employees eligible to participate, (iii) increase the option price, or (iv) cause the Purchase Plan not to qualify as an "employee stock purchase plan" under section 423(b) of the Internal Revenue Code, and no amendment or termination of the Purchase Plan shall impair or adversely alter any outstanding Option without the consent of the employee participant therein.

Federal Income Tax Consequences

The federal income tax consequences of an option offering under the Purchase Plan, and the exercise thereof and the disposition of shares so acquired are summarized below. The Company expresses no opinion as to the tax consequences of an option offering, an exercise, or a disposition of shares acquired as to any particular employee. The funds deducted from the employee's pay are included in the employee's ordinary compensation and will be taxable in the year in which earned. The options granted under the Purchase Plan, however, are intended to qualify as options granted under Section 423 of the Internal Revenue Code, and, in general, the employee will not realize taxable income at the time of grant, or option exercise and purchase of shares. Upon disposition of the shares acquired upon exercise of an option granted under the Purchase Plan (provided they are held for at least 2 years after the Grant Date and 1 year after the Exercise Date), the employee will realize ordinary income on the disposition to the extent of the lesser of (1) the amount by which the fair market value of the stock at the time the option was granted exceeded the option price, and (2) the amount by which the fair market value of the stock at the time of disposition of the stock exceeded the price paid. Any further gain is taxed as capital gain. Where an employee sells the stock before the expiration of the required holding period, he realizes ordinary income (compensation) to the extent of the difference between the option price and the fair market value of the stock at the date the option was exercised. The Company is entitled to a tax deduction to the extent the employee recognizes ordinary income subject to the limitations of Section 162(m) of the Internal Revenue Code.

Interest of Directors, Nominees and Executive Officers

Non-employee directors are not eligible to participate in the Purchase Plan. All employee directors and executive officers are eligible to participate, however, except as set forth in the above described limitations in the Purchase Plan, it is not possible to identify which of such persons will elect to participate in offerings under the Purchase Plan or the extent of their participation, because this will be determined in the future to the extent the Company makes an offering and then to the extent the person elects to participate. For the offer that ended May 31, 2003, a total of 133 employees participated of which 2 were executive officers. A total of 51,173 shares were purchased having a value (based on the difference between the price paid and the market price of the stock

at that date) of \$69,083.55, of which amount 1,454 shares having a value of \$1,962.90 were purchased by executive officers.

Stockholder Vote

The affirmative vote of the holders of shares possessing a majority of the voting power present in person or represented by proxy and entitled to vote at the meeting is required to adopt the proposed amendment to the Purchase Plan. The amendment to the Purchase Plan and all options granted thereunder will terminate and become null and void if the amendment to the Purchase Plan is not approved by the stockholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE PROPOSAL REGARDING THE AMENDMENT OF THE RICHARDSON ELECTRONICS, LTD. EMPLOYEES' 1999 STOCK PURCHASE PLAN.

PROPOSAL TO RATIFY THE APPOINTMENT OF THE COMPANY'S INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

On August 21, 2003, the Audit Committee of the Board of Directors determined to engage KPMG LLP ("KPMG") to serve as the Company's independent certified public accountants for the fiscal year ending May 31, 2004 to replace Ernst & Young LLP ("E&Y") who had served as the Company's auditors since December 1981.

Although the Audit Committee is not required to do so, it is submitting its selection of the Company's independent certified public accountants for ratification at the Annual Meeting in order to ascertain the views of its shareholders. The Audit Committee will not be bound by the vote of the shareholders; however, if the selection is not ratified, the Audit Committee would reconsider its selection.

E&Y's reports on the Company's consolidated financial statements for the years ended May 31, 2003 and 2002, did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the years ended May 31, 2003 and 2002, and the subsequent period through August 21, 2003, there were no disagreements with E&Y on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure which, if not resolved to E&Y's satisfaction, would have caused E&Y to make reference to the subject matter in connection with their report on the Company's consolidated financial statements for the years ended May 31, 2003 and 2002; and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

E&Y was provided with a copy of the foregoing disclosures. A copy of E&Y's letter, dated August 22, 2003, stating their agreement with such statements is attached as Exhibit 16.1 to the Company's Current Report on Form 8-K dated August 22, 2003 filed with the Securities and Exchange Commission.

KPMG and E&Y have each advised the Company that the firm does not have any direct or indirect financial interest in the Company or its subsidiaries, or has such firm had any such interest in connection with the

Company or its subsidiaries during the past year. Representatives of KPMG LLP and Ernst & Young LLP are expected to be present at the Annual Meeting. These representatives will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from stockholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS.

ANNUAL REPORT

The Company's Annual Report to Stockholders for the year ended May 31, 2003, including financial statements, accompanies this Proxy Statement. However, no action is proposed to be taken at the meeting with respect to the Annual Report, and it is not to be considered as constituting any part of the proxy soliciting material.

STOCKHOLDER PROPOSALS

From time to time, stockholders present proposals which may be proper subjects for inclusion in the proxy statement and for consideration at a meeting. To be considered, proposals must be submitted on a timely basis. Proposals for the 2004 stockholders' meeting submitted pursuant to SEC Rule 14a-8 must be received by the Company no later than May 7, 2004. Any such proposals, as well as any questions related thereto, should be directed to the Secretary of the Company. Any stockholder proposal proposed for submission at our 2004 annual meeting outside the process of SEC Rule 14a-8 after July 21, 2004 shall be considered untimely. If such a proposal is submitted after that date, the proxy holder or holders may exercise their discretionary authority, as conferred in the proxy, in voting on such proposal at such meeting.
