**LITHIA MOTORS, INC.
PROXY STATEMENT**

General

This proxy statement and the accompanying 2003 Annual Report to Shareholders, the Notice of Annual Meeting and the proxy card are being furnished to the shareholders of Lithia Motors, Inc., an Oregon corporation, in connection with the solicitation of proxies by our Board of Directors for use at our 2004 Annual Meeting of Shareholders (the "Annual Meeting"). The Annual Meeting will be held at the Rogue Valley Country Club, 2660 Hillcrest Road, Medford, Oregon 97504 on Thursday, April 29, 2004, at 4:30 p.m. Pacific Daylight Savings Time and any adjournment thereof. These proxy materials and our 2003 Annual Report to Shareholders are being mailed on or about April 1, 2004 to shareholders of record as of March 8, 2004.

Solicitation and Revocation of Proxies

The Board of Directors is soliciting proxies for use at the Annual Meeting. All expenses associated with this solicitation will be borne by the Company.

The Board of Directors has designated Sidney B. DeBoer and M. L. Dick Heimann as the proxy holders for the Annual Meeting. All properly executed proxies will be voted (except to the extent that authority to vote has been withheld) and where a choice has been specified by the shareholder as provided in the proxy card, it will be voted in accordance with any specification made. Proxies submitted without specification will be voted to elect the nominees for directors proposed by the Board of Directors and for each of the proposals listed on the Notice of Annual Meeting.

A proxy may be revoked by a shareholder prior to its exercise by written notice to the Secretary of Lithia Motors, by submission of another proxy bearing a later date or by voting in person at the Annual Meeting. Such notice or later dated proxy will not affect a vote on any matter taken prior to its receipt by us.

Our principal executive office and mailing address is at 360 E. Jackson Street, Medford, Oregon 97501.

Voting at the Meeting

Our Class A common stock and Class B common stock constitute the only classes of securities entitled to notice of and to vote at the meeting. As of the record date, there were 14,871,528 shares of Class A common stock and 3,762,231 shares of Class B common stock outstanding and entitled to vote. All shares will vote together as a single voting group on all matters submitted to a vote of the shareholders at this year's Annual Meeting. Lithia's executive officers and directors hold a total of approximately 2.7% of the Class A common stock and 100% of the Class B common stock.

At the annual meeting, each share of Class A common stock is entitled to one vote per share and each share of Class B common stock outstanding is entitled to ten votes per share. For a quorum to exist, there must be represented at the meeting in person or by proxy shares representing a majority of the votes entitled to vote at the meeting.

Proxies that expressly indicate an abstention as to a particular proposal and broker non-votes will be counted for purposes of determining whether a quorum exists at the Annual Meeting.

Directors are elected by a plurality of the votes cast and only votes cast in favor of a nominee will be counted. Proposals No. 2, No. 3 and No. 4 will be approved if more votes are cast in favor of the proposal than cast against it. Therefore, abstention from voting and nonvoting by brokers will have no effect.

BUSINESS TO BE CONDUCTED AT THE MEETING

DIRECTOR INDEPENDENCE

The Board of Directors has determined that Messrs. Becker, Romero, Taylor and Young are each an "independent director" under New York Stock Exchange ("NYSE") listing standards. The Board of Directors has also determined that each member of the three committees of the Board of Directors meets the independence requirements applicable to those committees prescribed by the NYSE listing standards and the Securities and Exchange Commission, including Rule 10A-3(b)(1) under the Exchange Act related to audit committee member independence.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors held five regular meetings during the year ended December 31, 2003 and took action pursuant to three unanimous written consents. During 2003, no director attended fewer than 75% of the meetings of the board of directors and any committees of which the director was a member. Throughout 2003, the standing committees of our Board of Directors were the Audit Committee, the Compensation Committee and the Corporate Governance Committee (formerly the Nominating Committee).

The Directors are expected to attend our annual meeting of shareholders, but are not required to do so. All of our directors attended our 2003 Annual Meeting of Shareholders.

The Compensation Committee consisted of Messrs. Becker (Chairman), Taylor and Young during 2003. Mr. Romero was added to the Compensation Committee on March 4, 2003. All of the committee members are independent under NYSE listing standards. The Compensation Committee reviews the performance of Sidney DeBoer, our Chief Executive Officer, and establishes his base salary and incentive compensation. The Compensation Committee also approves the compensation for the other executive officers. The Compensation Committee also administers our 2003 Stock Incentive Plan, our 1998 Employee Stock Purchase Plan and our Executive Bonus Plan. The Compensation Committee held two meetings during 2003.

The Audit Committee consisted of Messrs. Becker (Chairman), Taylor and Young during 2003, each of whom are independent as required by the NYSE listing standards. The Audit Committee is responsible for selecting and hiring our independent auditors and for overseeing our accounting functions, our system of internal controls established by management, and the processes to assure compliance with applicable laws, regulations and internal policies. The Audit Committee held seven meetings during 2003.

The Audit Committee Charter is attached hereto as Appendix A. Pursuant to the charter, each committee member, as determined in the business judgment of the Board, will be (a) "independent", as that term is defined by the applicable securities regulations and listing standards; and (b) be financially literate and have the ability to read and understand basic financial statements.

Edgar Filing: LITHIA MOTORS INC - Form DEF 14A

At least one member, as determined in the business judgment of the Board, will have adequate accounting or related financial expertise and sophistication to understand generally accepted accounting principles and assess the application of such accounting principles in the preparation of the financial statements to the degree necessary to satisfy the criteria for being considered an "audit committee financial expert." As required by the Sarbanes-Oxley Act of 2002, our Board of Directors has determined that one member of our Audit Committee, Mr. Gerald F. Taylor, has the qualifications to be an "audit committee financial expert" as defined in the SEC's rules and regulations.

The Corporate Governance Committee consisted of Messrs. Romero (Chairman), Taylor and Young during 2003. The primary objective of the Corporate Governance Committee is to assist the Board of Directors in:

identifying qualified individuals to become board members and recommending to the Board nominees for each annual meeting of the stockholders;

determining the composition of the Board and its committees;

developing and implementing a set of effective corporate governance policies and procedures;

developing and enforcing a Code of Business Conduct;

monitoring a process to assess the effectiveness of the Board, its members and its committees; and

ensuring compliance with the NYSE listing standards.

The Corporate Governance Committee was established in November 2003 to replace the previous Nominating Committee and held one meeting during 2003.

Committee charters for the Compensation Committee, Audit Committee and the Corporate Governance Committee, as well as our Corporate Governance Guidelines and Code of Business Conduct, are all available on our website at www.lithia.com. You can also obtain any of these documents by writing to us at Investor Relations Department, Lithia Motors, Inc., 360 E. Jackson Street, Medford, Oregon 97501.

Nominees for election at the 2004 Annual Meeting of Shareholders are all currently directors and were originally recommended to our board by various sources, including our outside directors, advisors and other referral sources.

DIRECTOR QUALIFICATIONS AND NOMINATIONS

The Corporate Governance Committee is responsible for identifying and evaluating potential director nominees to fill any vacancies on the Board. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. As a result, the Corporate Governance Committee annually reviews the composition of the Board and evaluates the qualifications and contributions of the current directors in the context of the desired composition of the Board, our operating requirements and the long-term interests of our shareholders. Consequently, the qualifications required of individuals for consideration as a board nominee will vary according to the particular areas of expertise being sought as a complement to our existing Board composition at the time of any vacancy. Potential candidates are identified from various sources, including management, other board members, legal counsel, business leaders and other industry executives and directors. The Board has not used in the past, and does not anticipate using in the future, an outside director search firm to identify potential director nominees.

The Corporate Governance Committee evaluates potential nominees based on certain established criteria which include the individual's diversity, age, skills experience and other factors it deems appropriate given our needs and the needs of the Board in order to maintain a desired balance of knowledge, experience and capabilities. Qualified director nominees should possess high moral character and personal integrity, high level of leadership or managerial experience, experience and knowledge relative to matters affecting our business, the ability and willingness to contribute to the Board, the ability to exercise sound, independent business judgment, a long-term commitment to the interests of shareholders and our growth, freedom from conflicts of interest and the ability to dedicate sufficient time to Board activities and duties.

We seek to attract and retain qualified candidates for board membership, regardless of the origin of recommendation. The Corporate Governance Committee will consider potential nominees recommended by

any shareholder of record entitled to vote in the election of directors. Shareholders may recommend individuals to the Committee for consideration as potential director nominees by submitting a written recommendation to the Chairman of the Corporate Governance Committee in accordance with our Shareholder Communication Policy. To be considered for nomination to the following year's board of directors, the written recommendation must be received at our principal executive office not less than 120 days prior to the first anniversary of the mailing of the preceding year's proxy materials. For our 2005 Annual Meeting, the recommendation must be received no later than December 2, 2004.

The written recommendation must include the candidate's name, together with appropriate biographical information, qualifications, and background materials, a statement that the person submitting the recommendation is a shareholder entitled to vote in the election of directors and a consent to serve as a director signed by the recommended individual. If the necessary information is received in a timely manner, the Corporate Governance Committee will evaluate the shareholder-recommended candidate using substantially the same process, and applying substantially the same criteria, as it uses to evaluate all other candidates. All qualified candidates are submitted to the Board for approval as director nominees. If the Board determines to nominate a shareholder-recommended candidate, the candidate's name will be included in our proxy and submitted to shareholders for election.

Under Oregon law, shareholders also have the right to directly nominate director nominees at the meeting, without any action or recommendation on the part of the Corporate Governance Committee or the Board of Directors, by delivering written notice of the proposed nomination to the Secretary of Lithia Motors, Inc. at 360 E. Jackson Street, Medford, Oregon 97501, and the inclusion of a statement that such shareholder intends to attend the meeting to make the nomination. If the shareholder wants the nominee included in our proxy statement, the notice must be received at above address not less than 120 days prior to the first anniversary of the mailing of the preceding year's proxy materials and must set forth all information required by Rule 14a-8 of the Securities Exchange Act of 1934, including, without limitation, the name, age, business address and residence address of each person being nominated, the principal occupation, or employment of such person, the class and number of shares of capital stock beneficially owned by the person, and all other information relating to such person that is or would be required to be disclosed in a solicitation of proxies pursuant to the rules and regulations under the Securities Exchange Act of 1934. In addition, certain information must be provided about the shareholder or shareholder group making a nomination. Finally, a shareholder or shareholder group making a nomination must comply with all other applicable requirements of the Exchange Act, including providing a nominee's consent to being named in a proxy statement and to serve as a director if elected.

SHAREHOLDER COMMUNICATIONS WITH DIRECTORS

The Board of Directors has adopted a Shareholder Communication Policy to promote more efficient shareholder communications with the Board and management. Our Investor Relations Department is responsible for receiving and routing all shareholder communications. Corporate governance issues are the responsibility of the Corporate Governance Committee. Our Audit Committee handles concerns or allegations regarding possible violations of accounting or financial reporting matters. Management is the more appropriate group for handling all other matters and we encourage you to contact them accordingly.

All correspondence with the Board of Directors or its members must be in writing, directed to the attention of either the Board of Directors or an individual director, and delivered to: Investor Relations Department, Lithia Motors, Inc., 360 E. Jackson Street, Medford, Oregon 97501. A complete copy of our Shareholder Communications Policy is available on our website at www.lithia.com.

COMPENSATION OF DIRECTORS

Directors who are not employees are paid their cash compensation monthly as earned, received stock option awards in March 2004 for their prior year of service and will be awarded stock in June 2004 for their prior year of service as follows:

\$18,000 retainer;

\$1,000 for each Board meeting attended;

\$500 for each Audit Committee meeting attended the same day as a Board meeting;

\$1,000 for attendance at one or more committee meetings attended on a day other than a day with a Board meeting (\$500 if attended by teleconference);

an option grant covering 2,000 shares of our Class A common stock;

a 300 share Class A common stock grant for Board service;

a 200 share Class A common stock grant for being a member of the Compensation Committee or the Audit Committee (each); and

Philip J. Romero	21,500	600	2,000

William J. Young	23,000	700	2,000

Proposal No. 2
Approval of an Amendment to the Lithia Motors, Inc. 2003 Stock Incentive Plan

The Board of Directors believes that equity compensation is important and beneficial to us and our shareholders because it enables us to attract and retain highly qualified personnel, provides our personnel a sense of ownership and an incentive to increase shareholder value.

In accordance with the current terms of the 2003 Plan, we have the authority to issue a total of 1.2 million shares, of which only 293,284 remain available for grant as of March 15, 2004. Currently, 6 executive officers, 4 non-employee directors and approximately 120 other employees currently participate in the 2003 Plan. The number of shares available for grant under the 2003 Plan is not adequate to satisfy our future demands and the Compensation Committee has approved an amendment to the 2003 Plan, subject to shareholder approval, to increase the number of shares available for grant under the 2003 Plan from 1.2 million shares to 2.2 million shares.

New Plan Benefits

The following table summarizes stock options granted under the 2003 Stock Incentive Plan from January 1, 2004 through March 15, 2004.

Name and Position	Number of Shares (A)
Sidney B. DeBoer, Chairman, Chief Executive Officer and Secretary	16,002

Bryan DeBoer, Senior Vice President, Mergers and Acquisitions/Operations	12,000
Don Jones, Jr., Senior Vice President, Retail Operations	8,001

All Non-Executive Officer Directors as a Group (4 people)	8,000
All Currently Participating Non-Executive Officer Employees as a Group (approximately 120 people)	299,610

(A) Options covering a total of 379,616 shares of our Class A common stock were granted between January 1, 2004 and March 15, 2004 under the 2003 Plan at an average exercise price of \$29.42 per share. The exercise price is equal to the fair market value of our Class A common stock on the date of grant.

Except as discussed above under "Director Compensation," we cannot forecast the extent or nature of awards that will be granted because future grants are entirely at the discretion of the Compensation Committee.

The Board of Directors unanimously recommends that our shareholders vote in favor of the amendment to the 2003 Stock Incentive Plan.

**Proposal No. 3
Approval of an Amendment to the 1998 Employee Stock Purchase Plan to Increase the
Number of Shares Issuable Under the Plan**

Our shareholders have previously approved the 1998 Employee Stock Purchase Plan (the "ESPP") which permits eligible employees to purchase our Class A common stock via payroll deductions at a price equal to the lower of 85% of the market price of such shares on the first day or the last day of each fiscal quarter.

We recommended the ESPP as a tool to encourage employee ownership of our stock in a belief that such ownership would heighten our employees' commitment and efforts. We believe the ESPP is a success and is achieving its desired results. During 2003, 1,782 employees (approximately 33% of those eligible) participated in the ESPP and purchased a total of 375,988 shares. Deductions are limited to 10% of a participant's base pay but no more than an amount sufficient to purchase shares having a fair market value of \$25,000 in any plan year.

Currently, the ESPP authorizes the sale of 1.5 million shares. As of March 15, 2004, 991,464 shares have been sold under the ESPP, leaving 508,536 shares available for purchase. In addition, we anticipate that approximately 61,000 shares will be issued pursuant to the ESPP on April 1, 2004. Upon recommendation of our Compensation Committee, the Board of Directors approved an amendment to the ESPP to increase the total shares available under the ESPP from 1.5 million to 1.75 million. Assuming our shareholders approve the amendment, we would have 758,536 shares available for future purchases at March 15, 2004.

Because employees who control 5% or more of the total voting power of all classes of our stock are not eligible, Messrs. Sidney DeBoer, Heimann and Gray are not currently eligible to participate in the ESPP. Further, Messrs. Jeffrey DeBoer, Bryan DeBoer and Mark DeBoer are not able to participate because of their family relationship with Sidney DeBoer.

A more complete summary of the ESPP is set forth in, and attached as, Appendix C.

New Plan Benefits

The following table summarizes shares purchased under the ESPP from January 1, 2004 through March 15, 2004.

(A)

A total of 63,317 shares of our Class A common stock were purchased between January 1, 2004 and March 15, 2004 under the ESPP. The average purchase price of the shares purchased was \$18.70 per share.

Participation in the ESPP is voluntary and is dependent on each eligible employee's election to participate and his or her determination as to the level of payroll deductions. Accordingly, future purchases under the ESPP are not determinable. Non-employee directors are not eligible to participate.

The Board of Directors unanimously recommends that the shareholders vote in favor of the amendment to the 1998 Employee Stock Purchase Plan.

Proposal No. 4 Approval of Amendments to the Lithia Motors, Inc. Executive Bonus Plan

At the 2003 Annual Meeting of Shareholders, shareholders approved the Lithia Motors, Inc. Executive Bonus Plan (the "Bonus Plan") to obtain beneficial tax treatment under Section 162(m) of the Internal Revenue Code. The Board of Directors has reviewed the terms of the Bonus Plan and adopted amendments to the Bonus Plan for 2004. The Board is submitting the amended Bonus Plan for shareholder approval in order for the Bonus Plan to continue to satisfy the requirements for performance based compensation payments to executive officers in order to be exempt from the deduction limitation contained in Section 162(m) of the Internal Revenue Code and related regulations.

Summary of the Executive Bonus Plan

Participants. In addition to Sidney B. DeBoer, our Chairman and Chief Executive Officer, the following executive officers are currently eligible to participate in the program for 2004: M. L. Dick Heimann, President and Chief Operating Officer; R. Bradford Gray, Executive Vice President; Bryan B. DeBoer, Executive Vice President, Mergers and Acquisition/Operations; Jeffrey B. DeBoer, Senior Vice President and Chief Financial Officer; and Don Jones, Jr., Senior Vice President, Retail Operations.

Administration. The Compensation Committee will administer the Bonus Plan. The Compensation Committee is comprised solely of independent directors.

Bonuses. The Bonus Plan authorizes the payment of an annual bonus tied to a percentage of the executive's salary based upon the attainment of performance targets related to the corporate objectives established by the Compensation Committee. The targets are related to:

fully diluted earnings per share;

Edgar Filing: LITHIA MOTORS INC - Form DEF 14A

operating margin;

same store sales and profit growth;

achieving manufacturer minimum sales requirements at or above an average for same store locations;

achieving manufacturer customer satisfaction and service satisfaction index scores at or above an average for same store locations;

certain used vehicle sales criteria; and

certain human resource development criteria.

Each bonus award will be paid in cash or, at the option of the Compensation Committee, a combination of cash and stock or stock option awards.

Although the Bonus Plan sets forth the amount of additional compensation the participants are eligible to receive, all payments under the Bonus Plan are discretionary and are only earned if subsequently approved by the Compensation Committee. The maximum payment authorized under the plan is equal to 150% of salary. A participant must be employed at the end of each year to be eligible for any bonus under the Bonus Plan.

Federal Tax Consequences. Section 162(m) of the Internal Revenue Code generally prohibits us from deducting for federal income tax purposes employee compensation that would otherwise be deductible to the extent such compensation exceeds \$1.0 million for any covered employees in any fiscal year. Compensation that is performance-based, as defined in Section 162(m), is not subject to the deductibility limitations. The Bonus Plan is intended to address the limitation on deductibility by providing for compensation that qualifies as performance-based compensation.

Compensation paid under the Bonus Plan will not be subject to the deduction limit if:

It is payable on account of the attainment of pre-established, objective performance goals set forth within the Bonus Plan;

The Compensation Committee, which is comprised solely of outside directors, approves the maximum individual awards on or near the beginning of each performance period;

9

The Bonus Plan, which sets forth the material terms of the compensation and performance goals, is disclosed to and approved by shareholders before payment; and

The Compensation Committee certifies that the performance goals have been satisfied before payment.

The Bonus Plan contains provisions for each of the above requirements.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee of the Board of Directors was composed of Messrs. Becker (Chairman), Romero, Taylor and Young during 2003. All members of the Compensation Committee are non-employee, outside directors. Although Mr. Sidney DeBoer, our Chief Executive Officer, served on our Board of Directors in 2003 and participated in compensation discussions, he did not participate in any deliberations or decisions regarding his own compensation.

REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee is responsible for establishing the compensation for our Chief Executive Officer and approving the compensation and incentive plans for the other Named Executive Officers.

Compensation Philosophy and Policies

Our goal is to structure executive officer compensation to attract, motivate and retain senior management by providing an opportunity for competitive compensation based on performance. Executive officer compensation includes competitive base salaries, performance based bonuses and long-term stock-based incentive opportunities in the form of options exercisable to purchase our Class A common stock.

It is the policy of the Compensation Committee to structure, to the extent possible, compensation that meets the "performance-based" criteria as defined by Section 162(m) of the Internal Revenue Code of 1986, as amended, and therefore is not subject to federal income tax deduction limitations.

Base Salaries

Base salaries for the Named Executive Officers were determined on factors including, but not limited to, the responsibilities assigned to such persons and the salaries for comparable positions within the industry.

Annual Bonuses

For 2003, our Chief Executive Officer and other executive officers were paid a bonus pursuant to our Executive Bonus Plan, which was approved by shareholders at our 2003 Annual Meeting of Shareholders. The Executive Bonus Plan authorizes the payment of an annual bonus equal to a maximum of 150% of the executive's salary based upon the attainment of performance targets related to the corporate objectives established by the Compensation Committee. The targets are related to:

fully diluted earnings per share;

return on average equity;

operating margin;

same store sales and profit growth;

achieving manufacturer minimum sales requirements at or above an average for same store locations; and

achieving manufacturer customer satisfaction and service satisfaction index scores at or above an average for same store locations.

Based on the above, the Compensation Committee approved a bonus for each of the Named Executive Officers equal to 60% of their annual salary. These bonuses were paid in cash and totaled \$361,800 for the Chief Executive Officer and from \$185,400 to \$311,400 for the other Named Executive Officers as detailed in the "Summary Compensation Table" above.

Stock Option Plan

Lithia's 2003 Stock Incentive Plan provides for the issuance of incentive and/or nonqualified stock options and restricted stock grants to officers and other key employees to purchase shares of our Class A common stock. There were no options granted to the Named Executive Officers during 2003.

401(k) Plan

Lithia has a defined contribution 401(k) plan and trust covering substantially all full-time employees. The annual contribution to the plan is at the discretion of the Board of Directors. During 2003, the Chief Executive Officer received \$2,100 under this plan and each of the other named executive officers received between \$1,800 and \$2,100 under this plan.

Employee Stock Purchase Plan

Lithia maintains an Employee Stock Purchase Plan, which covers substantially all eligible full-time employees. Messrs. Sidney B. DeBoer, Heimann and Gray are not eligible to participate in the Employee Stock Purchase Plan since employees who control 5% or more of the total voting power of all classes of Lithia's stock are not eligible. Further, Messrs. Jeffrey DeBoer, Bryan DeBoer and Mark DeBoer are not able to participate because of their family relationship with Sidney DeBoer.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 2003, we paid Mark DeBoer Construction, Inc. \$1.6 million for constructing or remodeling certain of our stores. These amounts included approximately \$1.0 million for subcontractors and materials, permits, licenses, travel and various miscellaneous fees and approximately \$638,000 for construction management fees to cover the company's operating expenses and compensation of its employees. Mark DeBoer, the President and owner of Mark DeBoer Construction, is the son of Sidney B. DeBoer, our Chairman and Chief Executive Officer. We believe the amount paid is fair in comparison with fees negotiated with independent third parties and all significant transactions are reviewed and approved by our Audit Committee.

INDEPENDENT AUDITORS

Our Audit Committee retained KPMG LLP as our independent auditor for the year ended December 31, 2003. Our Audit Committee has also retained KPMG LLP as our independent auditor for the year ending December 31, 2004. A representative of KPMG LLP is expected to be present at the Annual Meeting. The representative will be given the opportunity to make a statement on behalf of the firm if such representative so desires, and will be available to respond to appropriate shareholder questions.

Pre-Approval Policies

All audit and non-audit services performed by KPMG, and all audit services performed by other independent auditors, must be pre-approved by the Audit Committee. These services include, but are not limited to, the annual financial statement audit, audits of employee benefit plans, tax compliance assistance, tax consulting and assistance with executing our acquisition strategy. KPMG may not perform any prohibited services as defined by the Sarbanes-Oxley Act of 2002 including but not limited to any bookkeeping or related services, information systems consulting, internal audit outsourcing, legal services, and performing any management or human resources functions.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors reports to the Board and is responsible for assisting the Board in fulfilling its oversight responsibilities relating to (a) the preparation and integrity of Lithia's financial statements; (b) the engagement of independent auditors and the evaluation of their performance, qualifications and independence; (c) the implementation and evaluation of Lithia's internal accounting and financial controls, procedures and policies; and (d) the compliance with certain legal and regulatory requirements, including programs and policies established by management or the Board. The current charter was adopted on December 3, 2003 and is attached to this proxy statement as Appendix A.

In discharging our responsibilities, we have met with Lithia's management and its independent auditors, KPMG LLP, to review Lithia's accounting functions and the audit process. We discussed and reviewed with the independent auditors all matters that the independent auditors were required to communicate and discuss with the Audit Committee under applicable auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, regarding communications with audit committees. We also discussed and reviewed the results of the independent auditors' audit of

Lithia's financial statements, the quality and adequacy of Lithia's internal controls, and issues relating to auditor independence. We also obtained a formal written statement relating to independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committee," and discussed with the auditors any relationships that may impact their objectivity and independence.

Based on our review and discussions with Lithia's management and independent auditors, we found nothing that gave us concern and we recommended to the Board that the audited financial statements be included in Lithia's Annual Report on Form 10-K for the fiscal year ended December 31, 2003, for filing with the Securities and Exchange Commission.

We also meet regularly with Lithia's internal audit manager to review the nature and extent of Lithia's internal controls, the review procedures performed by internal audit regarding such controls and the frequency and results of such reviews. We note that a follow-up procedure is in place to monitor any corrective actions that have been recommended.

LITHIA MOTORS, INC. Audit Committee Charter

Purpose

The Audit Committee is a committee of the Board of Directors organized for the primary purpose of assisting the Board in fulfilling its oversight responsibilities relating to (a) the preparation and integrity of the Company financial statements; (b) the engagement of independent auditors and the evaluation of their performance, qualifications and independence; (c) the implementation and evaluation of the Company internal accounting and financial controls, procedures and policies; and (d) the compliance with certain legal and regulatory requirements, including programs and policies established by management or the Board.

The Audit Committee serves as a conduit to promote open communication between the independent auditors, the accounting department and any internal auditors, management and the Board of Directors. The Audit Committee should take appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior.

Committee Membership

The Board of Directors, based upon recommendation by the Corporate Governance Committee, will appoint Committee members and a Chair annually, such appointments to occur after the annual Board of Directors' meeting. If the Board does not appoint a Chair of the Audit Committee, then the Audit Committee members may elect one member to serve as the Chair. The Chair will serve as the primary contact person for communications between the Audit Committee and management, the Board and the independent auditors, outside of regular Audit Committee meetings.

Each committee member, as determined in the business judgment of the Board, will be (a) "independent", as that term is defined by the applicable securities regulations and listing standards; and (b) be financially literate and have the ability to read and understand the Company's basic financial statements. At least one member, as determined in the business judgment of the Board, will have adequate accounting or related financial expertise and sophistication to understand generally accepted accounting principles and assess the application of such accounting principles in the preparation of the Company financial statements to the degree necessary to satisfy the criteria for being considered an "audit committee financial expert."

If an Audit Committee member serves on the audit committee of more than three public companies, the Board will be required to determine that such simultaneous service will not adversely affect such member's ability to effectively serve on the Company Audit Committee.

Meetings

The Audit Committee may meet as often as it deems necessary and appropriate to fulfill its purpose and responsibilities, but no less regular than necessary to review the financial results of the Company for any period for which financial statements or information are prepared and disseminated to the shareholders. Meetings may be called by the Chair of the Audit Committee or the Chair of the Board and will be conducted in accordance with the Company bylaws. The Audit Committee may take action by written consent of all its members.

As part of its regular meetings, the Audit Committee will meet in executive session and jointly and separately with management, the Company's internal auditors and the independent auditors. Reports of meetings and actions taken at meetings or by consent action shall be reported to the Board by the

A-1

Audit Committee Chair at the next regularly scheduled Board meeting and shall include any recommendations of the Audit Committee for consideration by the Board. The Audit Committee Chair shall be available to answer questions of other directors and discuss actions taken or matters considered by the Audit Committee.

Committee Authority and Responsibilities

In carrying out its duties and responsibilities, the Audit Committee should design its policies and procedures to be flexible, in order to best react to changing conditions and circumstances and ensure the Company accounting, financial reporting and auditing practices are appropriately tailored to address the Company's specific financial and business risks.

The following shall be the principal recurring processes of the Audit Committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the Audit Committee may alter or supplement them as appropriate.

The Audit Committee will have the sole authority to select, hire and fire the independent auditor, to approve all fees and other terms of the audit engagement and to pre-approve any non-audit relationships and engagements with the independent auditors. Although the independent auditor will report directly to the Audit Committee and the Audit Committee is ultimately responsible for the supervision of the independent audit function, management may consult with the independent auditor whenever necessary.

The Audit Committee will annually review and evaluate the performance of the independent auditors and their independence from management and the Company. The Audit Committee also will be responsible for assuring the regular rotation of the audit partner as may be required by the securities regulations or listing standards.

Edgar Filing: LITHIA MOTORS INC - Form DEF 14A

The Audit Committee shall discuss with the independent auditors the overall scope and plans for audits, including the adequacy of staffing and compensation; the results of their audit, including material issues regarding accounting and auditing principles and practices; and any significant audit problems or disagreements with management regarding proposed accounting adjustments or financial reporting recommendations and any other matters required to be discussed by Statement on Auditing Standards No. 61 relating to conducting the Company audit.

The Audit Committee will be responsible for resolving disagreements between management and the independent auditors regarding accounting and financial reporting matters for purposes of preparing and issuing audited financial statements.

The Audit Committee shall discuss with any internal auditors the overall scope and plans for their audits, including the adequacy of staffing and compensation; the results of their audit, including major issues regarding accounting and auditing principles and practices; and the adequacy of the Company's internal controls; and compliance with the Company's policies and programs.

The Audit Committee shall discuss with the independent auditors the adequacy and effectiveness of the internal accounting and financial controls, including the Company's system to monitor and manage business risk.

The Audit Committee shall meet periodically with management to review risk assessment, risk management guidelines and policies, the Company's financial risk exposure and the Company's system to monitor and control such exposure. Management, however, will remain ultimately responsible for risk management.

The Audit Committee shall meet separately with the independent auditors and internal auditors, without management present, to discuss the results of their examinations and will provide

A-2

sufficient opportunity for any internal auditors and the independent auditors to meet privately with the Audit Committee Chair.

The Audit Committee shall meet with management and the independent auditors to discuss the annual and quarterly financial statements, including Management's Discussion and Analysis of Financial Condition and Results of Operations, and any other Exchange Act filings the Audit Committee and internal auditors deem necessary to determine that the independent auditors are satisfied with the disclosures and content of the financial statements to be presented to the shareholders.

The Audit Committee shall review and discuss the types of information to be disclosed and the presentation of such information with regard to earnings press releases and financial information and earnings guidance given to analysts and rating agencies.

The Audit Committee shall review with the CEO and CFO the Company internal controls, which include disclosure controls and procedures and internal controls over financial reporting and will periodically, but not less than quarterly, discuss with management its conclusions about the efficacy of the Company disclosure controls and procedures, and, not less than annually, discuss management's conclusions about the efficacy of Company internal controls over financial reporting, including any material deficiencies in such controls and procedures and the appropriate action to correct any such deficiencies.

The Audit Committee will meet on a quarterly basis with the Chair of the Disclosure Committee and management to discuss (a) any significant deficiencies in the design and operation of the Company disclosure controls and procedures that could adversely affect the Company's ability to record, process, summarize and report financial data, and any material weakness in internal controls over financial reporting; and (b) any fraud, regardless of whether it is material, that involves management

Edgar Filing: LITHIA MOTORS INC - Form DEF 14A

or Company personnel who have a significant role in the Company's internal controls.

The Audit Committee shall review with management and the independent auditors any changes in accounting principles and other significant financial reporting issues, including the use of "pro-forma" or "adjusted" non-GAAP information.

The Audit Committee shall periodically review the accounting and financial personnel of the Company and address succession planning.

The Audit Committee shall submit the minutes of all meetings of the Audit Committee to, or discuss the matters discussed at each committee meeting with, the full Board.

At least annually, the Audit Committee shall review and evaluate its performance to improve its effectiveness and responsiveness to the Board and management, and reassess the adequacy of its Charter and recommend proposed changes to the Board for its approval.

The Audit Committee shall establish and maintain procedures for (a) receipt, retention and treatment of complaints received by the Company regarding accounting, internal controls or auditing matters, and (b) the confidential, anonymous complaints or allegations by employees of concerns regarding questionable accounting, internal controls or auditing matters.

The Audit Committee shall serve as the Qualified Legal Compliance Committee to receive, evaluate and appropriately address all reports of potential wrongdoing received from legal counsel pursuant to the Sarbanes-Oxley Act of 2002 and Rule 205 of the Securities Exchange Commission.

The Audit Committee shall meet periodically with the Company's internal and external general counsel and other appropriate Company personnel to review material legal affairs of the

A-3

Company and any material reports or inquiries received from regulatory or governmental agencies.

The Audit Committee will discuss with management and the independent auditor any correspondence with regulators or governmental agencies and any published reports that raise material issues regarding the Company's financial statements and accounting policies; or compliance with other rules, regulations or laws.

The Audit Committee shall have the authority, to the extent it deems necessary, to retain independent legal, accounting or other advisors without need for Board approval, and the Company shall provide for appropriate funding, as determined by the Audit Committee, for payment of compensation to such advisors retained by the Audit Committee.

The Audit Committee will have access to all Company personnel and records it deems necessary to fulfill its duties and responsibilities under this Charter.

The Audit Committee shall review and approve all related party transactions that must be disclosed pursuant to Item 404 of Regulation S-K of the SEC rules and regulations.

The Audit Committee has the authority to designate subcommittees, as it deems necessary and appropriate, consisting of at least one member of the Audit Committee to address specific issues on behalf of the Audit Committee.

Edgar Filing: LITHIA MOTORS INC - Form DEF 14A

The Audit Committee may appoint a Secretary, who need not be member of the Audit Committee, to keep minutes of all Audit Committee meetings and such other records the Audit Committee deems necessary and appropriate.

The Audit Committee shall prepare a report for inclusion in the Company's annual proxy statement in accordance with the applicable securities regulation and listing requirements.

Limitations

The primary responsibility of the Audit Committee is to oversee the Company's financial reporting process on behalf of the Board and report the results of their activities to the Board. While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for preparing the Company's financial statements, and the independent auditors are responsible for auditing those financial statements.

APPENDIX B

LITHIA MOTORS, INC. 2003 Stock Incentive Plan Summary

General

The Lithia Motors, Inc. 2003 Stock Incentive Plan (the "2003 Plan") became effective March 4, 2003 and will terminate 10 years thereafter. Termination will not affect outstanding options at the time of termination.

Shares Covered

The 2003 Plan provides for the issuance of 1.2 million shares of Lithia Motors, Inc. Class A common stock. The proposed amendment will increase the number of shares reserved under the 2003 Plan to 2.2 million shares.

Eligibility

All employees, non-employee directors and consultants are eligible to participate in the 2003 Plan. Incentive stock options may be granted only to employees.

Options Outstanding

As of March 15, 2004, options covering 1,516,933 shares of Class A common stock were outstanding under the 2003 Plan and previous stock option plans at a weighted average exercise price of \$18.45 per share. As of March 15, 2004, options covering 293,284 shares remained available for future grant under the 2003 Plan.

In the event any option granted under the 2003 Plan expires without being exercised, the unexercised shares previously subject to the expired option would again become available for future grants.

Administration

The 2003 Plan is administered by the Compensation Committee of the Board of Directors.

Amendment

Edgar Filing: LITHIA MOTORS INC - Form DEF 14A

The Board of Directors may, at any time and from time to time, modify or amend the 2003 Plan as it deems advisable except that any amendment increasing the number of shares of common stock reserved under the 2003 Plan or expanding the eligible persons under the 2003 Plan shall only become effective if and when such amendment is approved by the shareholders.

Grant of Options and Restricted Stock

Options granted under the 2003 Plan are designated as either "Incentive Stock Options" as defined in Section 422 of the Internal Revenue Code, or "Non-Qualified Stock Options." Each person receiving an option or a restricted stock award must execute a written agreement setting forth the specific terms of that particular option or restricted stock award. The Compensation Committee has full discretion, subject to the terms and conditions of the 2003 Plan, to determine the specific terms of each grant.

The Incentive Stock Options may be granted only to employees and are exercisable at 100% of the fair market value of the shares on the date of grant, unless the person receiving the option grant

B-1

beneficially owns 10% or more of the outstanding shares, in which case the exercise price must be at least 110% of the fair market value. The term of the options may not exceed 10 years from the date of the grant and may be subject to a vesting schedule as determined by the Compensation Committee; and in the case of a 10% owner, the term may not exceed 5 years. Incentive Stock Options are not transferable, except by will or laws of descent and distribution upon death of the option holder.

The Non-Qualified Stock Options may be granted to employees, directors and other individuals determined by the Compensation Committee to have performed services of importance in the management, operation or development of our business or any of our subsidiaries at any price determined in the sole discretion of the Compensation Committee. The Compensation Committee also has sole discretion in determining the term, not to exceed 10 years, and the vesting schedule. Under certain circumstances, if permitted by the Compensation Committee, Non-Qualified Stock Options may be transferable by gift for the benefit of immediate family in addition to a will or the laws of descent and distribution upon death.

Exercise of Options

Options may be exercised while the recipient is employed or is serving as a director and within three months after termination of service. If termination of service is because of death or disability, the option holder or their representative may exercise the options within 12 months of the date of death or disability. If the service is terminated for cause, the Compensation Committee may immediately terminate any unexercised options. In the event of a transaction involving a change of control, such as a merger or acquisition, option holders would be immediately entitled to exercise all of their options, notwithstanding any vesting schedule, unless adequate provisions were made for the continuation of the options.

At the discretion of the Compensation Committee, the 2003 Plan permits the option holder to pay the exercise price of any options with cash, Company common stock held by the option holder for at least six months, by delivery of a full recourse promissory note, or by broker-assisted cashless exercises of stock options.

Restricted Stock Grants

Restricted stock grants may be made alone, in addition to, or together with other awards under the 2003 Plan. Unless the Compensation Committee determines otherwise, each Restricted Stock Agreement will provide that, upon the recipient's termination of employment for any reason, any non-vested stock is forfeited to or repurchased by the Company for the nominal amount paid by the recipient. The forfeiture or repurchase provisions for the non-vested stock will lapse at a rate or upon the achievement of performance goals, as determined by the Compensation Committee. Shares covered by a restricted stock grant may not be transferred by the grantee prior to vesting.

The Compensation Committee will determine whether or not a restricted stock grantee must make a payment to the Company for all or some portion of the fair market value of the shares of common stock covered by the award. The Compensation Committee will also determine whether grants are subject to a performance-based vesting schedule, time-based vesting schedule or combination of both. The terms of vesting are at the discretion of the Compensation Committee.

Certain Tax Consequences

Stock Options

Under federal income tax law currently in effect, non-qualified stock options do not result in income to the grantee until the option is exercised. At the time of exercise of a non-qualified stock option, the recipient of the option will realize ordinary income, and the Company will be entitled to a

B-2

deduction for tax purposes, in the amount by which the market value of the shares issued on exercise of the option exceeds the exercise price.

Incentive stock options have no tax consequences for the option recipient or the Company upon grant or exercise, except for possible application of the alternative minimum tax under certain circumstances to the option recipient. Upon sale of the shares received from the exercise of incentive stock options, any gain realized is treated as capital gain if two years have elapsed from the date of the grant and one year has elapsed from the date of exercise. If these holding periods are not satisfied, the sale is deemed a disqualifying disposition, and that portion of any gain realized, which is represented by the difference between the exercise price and the fair market value of the shares as of the date of exercise of the option, is treated as ordinary income to the option holder and the Company will be entitled to a corresponding compensation expense deduction for income tax purposes.

Restricted Stock Grants

Generally, the recipient of a restricted stock grant will not recognize income at the time that a restricted stock grant is awarded. Instead, as the shares vest under the terms of the restricted stock agreement (over time or upon the achievement of performance-based vesting criteria) the recipient will recognize ordinary compensation income equal to the excess, if any, of the fair market value of the shares when they vest over any amount paid by the recipient in exchange for the shares. Grantees may make an election under Section 83(b) of the Internal Revenue Code to recognize the compensation income on the shares at the time of the award at the difference between the fair market value of the shares and any price paid.

The recipient's basis for determination of gain or loss upon the subsequent disposition of shares acquired as restricted stock grants will be the amount paid for such shares plus any ordinary income recognized either when the shares were received or when the shares vested. Upon the disposition of any shares received as restricted stock grants, the difference between the sale price and the recipient's basis in the shares will be treated as a capital gain or loss and generally will be characterized as long-term capital gain or loss if the shares have been held from more than one year at the time of their disposition.

In the year that the recipient of a restricted stock grant award recognizes ordinary taxable income in respect of such award, the Company will be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income that the recipient is required to recognize, provided that the deduction is not otherwise disallowed under the Code.

APPENDIX C

1998 Employee Stock Purchase Plan Summary

The Board approved the 1998 Employee Stock Purchase Plan (the "ESPP") and, as amended, has reserved a total of 1.5 million shares of Class A common stock for issuance there under, 508,536 of which remain available for future issuance at March 15, 2004. In March 2004, subject to shareholder approval, the Board approved an amendment to the ESPP to increase the total shares issuable there under to 1.75 million. See Proposal No. 3.

Administration

The ESPP is intended to qualify as an "Employee Stock Purchase Plan" under Section 423 of the Internal Revenue Code of 1986, as amended, and is administered by the Compensation Committee.

Eligibility

Employees of Lithia Motors, Inc. and its subsidiaries are eligible to participate in the ESPP after they have completed at least 90 days of continuous employment and work at least 20 hours per week. Messrs. Sidney DeBoer, Heimann and Gray are not currently eligible to participate in the ESPP since employees who control 5% or more of the total voting power of all classes of our stock are not eligible. Messrs. Jeffrey DeBoer, Bryan DeBoer and Mark DeBoer are not able to participate because of their family relationship with Sidney DeBoer. Employees may end their participation in the ESPP at any time during the calendar quarter and their participation ends automatically on the termination of their employment.

Purchase Price

The ESPP allows eligible employees to purchase shares of the Company's Class A common stock through payroll deductions, which may not exceed 10% of their base pay (but in no event shares with a fair market value of more than \$25,000 annually). The price of shares purchased under the ESPP will be 85% of the lower of the fair market value of the Class A common stock at the beginning or at the end of each calendar quarter.

Amendment of the Purchase Plan

The Board may amend or terminate the ESPP at any time but may not increase the number of shares covered by the ESPP, amend the eligibility requirements or permit members of the Compensation Committee to participate in the ESPP, without subsequent shareholder approval.

Term of ESPP

The ESPP will terminate on December 31, 2007.

Federal Tax Effects

A participant acquiring stock pursuant to a qualified employee stock purchase plan receives favorable tax treatment in that the participant does not recognize any taxable income at the time of the grant of the option to purchase or upon exercise of such option to purchase. The tax treatment of the disposition of the stock depends upon whether the stock is disposed of within the holding period, which is two years from the date of grant. If the participant disposes of the stock after completion of the holding period, the lesser of (a) the sales price less the purchase price, or (b) 15 percent of the market value of the shares on the first day of the offering period, is taxable as ordinary income, and any further profit is taxable as long-term capital gain. Any loss is treated as a capital loss. If the participant

C-1

disposes of the stock before the holding period expires (disqualifying disposition), the difference between the price paid by the employee and the market value of the shares at the date of purchase is taxable as ordinary income, and the difference between the amount received by the employee on the disposition of the shares and the market value of the shares at the date of purchase is treated as a capital gain or loss. Upon a disqualifying disposition of the stock, Lithia may deduct from taxable income in the year of the disqualifying disposition an amount equal to the difference between the price paid by the employee and the market value of the shares at the date of purchase.

Copy of Complete Plan

A copy of the complete plan is on file with the SEC and can be accessed at www.sec.gov or is available from the Company at no cost by calling Investor Relations at (541) 776-6819.
