This Information Circular and Proxy Statement is being first mailed to Shareholders on or about May 17, 2011.

VOTING AND QUORUM

A quorum must be present at the Meeting for any business to be conducted. Pursuant to the Corporation's Articles of Continuance, the presence of two persons, present in person, each being a Shareholder entitled to vote or a duly appointed proxy for a Shareholder so entitled constitutes a quorum.

Shareholders may vote by attending the Meeting and voting in person. If you choose not to attend the Meeting, you may still authorize your proxy by mailing a proxy card. All shares entitled to vote and represented by properly executed proxies received before the polls are closed at the Meeting, and not revoked or superseded, will be voted at the Meeting in accordance with the instructions indicated on those proxies.

For purposes of counting votes, abstentions and broker non-votes will not be counted as votes cast at the Meeting.

PROXY SOLICITATION AND VOTING

Solicitation of Proxies

The board of directors of the Corporation (the "**Directors**", the "**Board**", or the "**Board of Directors**") is soliciting proxies for the Meeting. The solicitation of proxies for the Meeting will be made primarily by mail, but proxies may also be solicited personally, in writing or by telephone by employees of the Corporation, at nominal cost. The Corporation will bear the cost in respect of the solicitation of proxies for the Meeting and will bear the legal, printing and other costs associated with the preparation of the Information Circular and Proxy Statement.

Appointment and Revocation of Proxies

Together with the Information Circular and Proxy Statement, the Shareholders will also be sent a form of proxy (a "**Form of Proxy**"). The persons named in such proxy are directors of the Corporation. A Shareholder who wishes to appoint some other person to represent him, her or it at the Meeting may do so by crossing out the persons named in the enclosed proxy and inserting such person's name in the blank space provided in the form of proxy or by completing another proper form of proxy. Such other person need not be a Shareholder of the Corporation.

Edgar Filing: ATLANTIC POWER CORP - Form DEF 14A

To be valid, proxies or instructions must be deposited at the offices of Computershare Trust Company of Canada (the "**Agent**"), 9th Floor, North Tower, 100 University Avenue, Toronto, Ontario, M5J 2Y1, so as not to arrive later than 10:00 a.m. (Toronto time) on June 22, 2011, or be deposited with the chair of the Meeting (the "**Chair of the Meeting**") prior to the commencement of the Meeting. If the Meeting is adjourned, proxies or instructions to the Agent must be deposited 48 hours (excluding Saturdays, Sundays and holidays), before the time set for any reconvened meeting at which the proxy or instructions are to be used, or be deposited with the Chair of the Meeting prior to the commencement of the Meeting or any reconvened meeting.

The document appointing a proxy must be in writing and completed and signed by a Shareholder or his or her attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. Instructions provided to the Agent by a Shareholder must be in writing and completed and signed by the Shareholder or his or her attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. Persons signing as officers, attorneys, executors, administrators, and trustees or similarly otherwise should so indicate and provide satisfactory evidence of such authority.

A Shareholder that has given a proxy may revoke the proxy: (a) by completing and signing a proxy bearing a later date and depositing it as aforesaid; (b) by depositing an instrument in writing executed by the Shareholder or by his or her attorney authorized in writing: (i) at the registered office of the Corporation at any time up to and including the last business day preceding the day of the applicable Meeting, or any adjournment thereof, at which the proxy is to be used, or (ii) with the Chair of the Meeting prior to the commencement of such Meeting on the day of such Meeting or any adjournment thereof; or (c) in any other manner permitted by law. Edgar Filing: ATLANTIC POWER CORP - Form DEF 14A

For more information on these issues, please see the section entitled "Matters to be Considered at the Meeting" in this Information Circular and Proxy Statement.

The persons appointed under the Form of Proxy are conferred with discretionary authority with respect to amendments to or variations of matters identified in the Form of Proxy and the Notice of Meeting and with respect to other matters, which may properly come before the Meeting. In the event that amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting, it is the intention of the persons designated in the enclosed Form of Proxy to vote in accordance with their best judgment on such matter or business. At the time of printing the Information Circular and Proxy Statement, the Directors of the Corporation know of no such amendments, variations or other matters.

INFORMATION FOR BENEFICIAL HOLDERS OF SECURITIES

Information set forth in this section is very important to persons who hold Common Shares otherwise than in their own names. A non-registered securityholder of the Corporation (a "**Beneficial Holder**") who beneficially owns Common Shares, but whose Common Shares are registered in the name of an intermediary (such as a securities broker, financial institution, trustee, custodian or other nominee who holds securities on behalf of the Beneficial Holder or in the name of a clearing agency in which the intermediary is a participant,) should note that only proxies or instructions deposited by securityholders whose names are on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting.

Common Shares that are listed in an account statement provided to a Beneficial Holder by a broker are likely not registered in the Beneficial Holder's own name on the records of the Corporation and such Common Shares are more likely registered in the name of CDS Clearing and Depository Services Inc. ("**CDS**") or its nominee.

Applicable regulatory policy in Canada requires brokers and other intermediaries to seek voting instructions from Beneficial Holders in advance of securityholders' meetings. Every broker or other intermediary has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Holders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Holder by its broker is identical to that provided to registered securityholders. However, its purpose is limited to instructing the registered securityholder how to vote on behalf of the Beneficial Holder. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications Solutions ("**Broadridge**"). Broadridge typically prepares a machine-readable voting instruction form, mails those forms to the Beneficial Holders and asks Beneficial Holders to return the proxy forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions representing the voting of the securities to be represented at the Meeting. A Beneficial Holder receiving a Broadridge voting instruction form cannot use that voting instruction form to vote Common Shares directly at the Meeting. The voting instruction form must be returned to Broadridge well in advance of the Meeting in order to have the Common Shares voted.

Although Beneficial Holders may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of CDS or their broker or other intermediary, a Beneficial Holder may attend at the Meeting as proxy holder for the registered holder and vote their Common Shares in that capacity. Beneficial Holders who wish to attend the Meeting and indirectly vote their own Common Shares as proxy holder for the registered holder should enter their own names in the blank space on the Form of Proxy or voting instruction form provided to them and return the same to their broker or other intermediary (or the agent of such broker or other intermediary) in accordance with the instructions provided by such broker, intermediary or agent well in advance of the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of Common Shares. As of the date of this Information Circular and Proxy Statement, there were 68,531,901 Common Shares outstanding.

At the Meeting, each Shareholder of record at the close of business on April 28, 2011, the record date established for the Notice of Meeting (the "**Record Date**"), will be entitled to one vote for each Common Share held on all matters proposed to come before the Meeting, except to the extent such Shareholder has transferred any such Common Shares after the Record Date and the transferee of such Common Shares establishes ownership thereof and makes a written demand to the Corporate Secretary of the Corporation, not later than 10 days before the date of the Meeting, to be included in the list of Shareholders entitled to vote at the Meeting, in which case the transferee will be entitled to vote such Common Shares.

At the close of business on the Record Date, there were 68,531,901 common shares outstanding and entitled to be voted at the Meeting.

To the knowledge of the Directors, there are no persons that beneficially own or exercise control or direction over Common Shares carrying approximately 10% or more of the votes attached to the issued and outstanding Common Shares.

MATTERS TO BE CONSIDERED AT THE MEETING

Election of Directors

The number of directors proposed to be elected at the Meeting is six. **The persons named in the enclosed Form of Proxy, if not expressly directed to the contrary in such Form of Proxy, intend to vote for setting the number of directors of the Corporation at six and for the election, as directors, of the proposed nominees whose names are set out below.** It is not contemplated that any of the proposed nominees will be unable to serve as a director but, if that should occur for any reason prior to the Meeting, the persons named in the enclosed Form of Proxy reserve the right to vote for another nominee at their discretion. Each nominee elected as a director will hold office until the next annual meeting of the Shareholders or until his successor is elected or appointed.

Director nominees must receive a plurality of the votes cast by Shareholders in order to be elected.

In May 2009, the Board of Directors reviewed and adopted a majority voting policy. Under this policy, a director who is elected in an uncontested election with more votes withheld than cast in favour of his or her election will be required to tender his or her resignation to the Chairman of the Board. The resignation will be effective when accepted by the Board. The Board will consider the resignation and determine whether or not the resignation should be accepted. The Board expects that resignations will be accepted unless there are extenuating circumstances that warrant a contrary decision. The Board will announce its decision (including, if applicable, the reasons for not accepting any resignation) via press release within 90 days of the meeting when the election was held.

The following table sets forth the names of, and certain information for, the individuals proposed to be nominated for election as directors. The nominees make up the current board of directors of the Corporation. Biographies for each nominee, which include a summary of each nominee's age, positions

There were no services provided under the "de minimus" provision in 2010. Change in Auditors

From the time of the Corporation's initial public offering on the Toronto Stock Exchange in 2004, the Canadian firm of KPMG LLP, Chartered Accountants ("**KPMG Canada**") had served as the Corporation's independent public accounting firm. In April 2010, the Corporation filed an initial registration statement on Form 10 with the United States Securities and Exchange Commission ("**SEC**"). The registration statement was declared effective on July 21, 2010 and Common Shares began trading on the New York Stock Exchange ("**NYSE**") on July 23, 2010. Beginning with the first quarter of 2010, the Corporation commenced reporting under United States generally accepted accounting principles ("**GAAP**"), rather than Canadian GAAP as in prior periods.

In connection with these events, on August 4, 2010, the Audit Committee authorized the appointment of the United States firm of KPMG LLP ("**KPMG US**") as the Corporation's independent registered public accounting firm for the fiscal year 2010 year-end audit. KPMG Canada's tenure as the Corporation's independent public accounting firm lapsed at the conclusion of the fiscal year 2010 second quarter review.

The audit report of KPMG Canada on the consolidated financial statements of the Corporation prepared in accordance with United States GAAP as of and for the years ended December 31, 2009 and 2008, as included in the Corporation's registration statement on Form 10 filed with the SEC on July 21, 2010, did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles, except that the audit report indicated that, as discussed in note 2 to the consolidated financial statements, (i) on January 1, 2009, the Corporation adopted FASB's ASC 805 Business Combinations, (ii) on January 1, 2008, the Corporation changed its method of accounting for fair value measurements in accordance with FASB ASC 820 Fair Value Measurements, and (iii) on January 1, 2007, the Corporation changed its method of accounting for income tax uncertainties in accordance with guidance provided in FASB ASC 740 Income Taxes.

During the fiscal years ended December 31, 2009 and 2008, and in the interim period from January 1, 2010 through August 4, 2010, there were no disagreements between the Corporation and KPMG Canada on any matter of accounting principles or practices, financial statement disclosure, or audit scope or procedure, which disagreements, if not resolved to the satisfaction of KPMG Canada, would have caused it to make reference thereto in connection with their report. Additionally, during this time frame there were no "reportable events" as defined in Item 304(a)(1)(v) of Regulation S-K.

During the years ended December 31, 2009 and 2008 and for the period beginning January 1, 2010 and ending August 4, 2010, neither the Corporation nor anyone acting on its behalf consulted KPMG US with respect to either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Corporation's consolidated financial statements, and no written report or oral advice was provided by KPMG US to the Corporation that KPMG US concluded was an important factor considered by the Corporation in reaching a decision as to the accounting, auditing or financial reporting issue, or (ii) any matter that was either the subject of a disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to that Item) or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K).

Audit Committee Report

The members of the Audit Committee of the Board of Directors of the Corporation submit this report in connection with the committee's review of the financial reports for the year ended December 31, 2010 as follows:

1. The Audit Committee has reviewed and discussed with management the audited financial statements for the Corporation for the year ended December 31, 2010.

3. The Audit Committee has received the written disclosures and the letter from the independent accountant required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the independent accountant the independent accountant's independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2010 for filing with the SEC.

Advisory Vote on Named Executive Officer Compensation

As required by Section 14A of the Exchange Act, the Corporation is seeking an advisory (non-binding) vote on the compensation paid to the Corporation's named executive officers, as disclosed in this Information Circular and Proxy Statement pursuant to the Item 402 of Regulation S-K.

The Corporation urges you to read the disclosure under "Compensation Discussion and Analysis," in this Information Circular and Proxy Statement. You should also read the Summary Compensation Table and other related compensation tables and narrative disclosure which provide additional details about the compensation of the named executive officers.

Edgar Filing: ATLANTIC POWER CORP - Form DEF 14A

This vote, commonly known as a Say-on-Pay proposal, gives Shareholders the opportunity to express their views on the compensation of the Corporation's named executive officers. This vote is not intended to address any specific item of compensation, but the overall compensation of the named executive officers and the principles, policies and practices described in this Information Circular and Proxy Statement. As this is an advisory vote, the result will not be binding on the Corporation, the Board of Directors or the Compensation Committee. However, the Board of Directors and the Compensation Committee value the opinions of Shareholders and intend to take into account the results of the vote when considering future compensation decisions for the named executive officers.

Advisory approval of the proposal on named executive officer compensation requires the affirmative vote of a majority of the votes cast at the Meeting. **The persons named in the enclosed Form of Proxy, if not expressly directed to the contrary in such Form of Proxy, will vote such proxies in favour of a resolution to approve the compensation of the Corporation's named executive officers.**

Frequency of Advisory Vote on Named Executive Officer Compensation

As required by Section 14A of the Exchange Act, the Corporation is seeking an advisory (non-binding) vote on whether the advisory vote on named executive officer compensation should be held every one, two, or three years. Shareholders may also choose to abstain from this vote.

After careful consideration, the Board of Directors determined that an advisory vote on named executive compensation that occurs every year is the most appropriate alternative for the Corporation, and therefore the Board of Directors recommends that you vote for the frequency of every year. It should be noted that Shareholders are not voting to approve or disapprove the Board's recommendation.

This vote is advisory, and therefore not binding on the Corporation or the Board of Directors. However, the Board values the opinions of Shareholders and intends to consider the results of this vote when determining how frequently to submit advisory votes on named executive officer compensation to Shareholders in the future.

Advisory approval of the proposal to vote on named executive officer compensation every year requires the affirmative vote of a majority of the votes cast at the Meeting. **The persons named in the enclosed Form of Proxy, if not expressly directed to the contrary in such Form of Proxy, will vote such proxies for a frequency of every year.**

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

Until December 31, 2009, the Corporation was managed through a management services agreement with Atlantic Power Management, LLC, which is referred to herein as the "**Manager**," which was owned by two private equity funds managed by ArcLight Capital Partners, LLC. As such, the Corporation did not have any executive officers or other employees and all of the persons listed in this Information Circular and Proxy Statement as "named executive officers" were employed by the Manager. Effective December 31, 2009, the management agreement was terminated and all of the employees of the Manager became employees of the Corporation. In addition, Barry Welch, Patrick Welch and Paul Rapisarda entered into executive employment agreements with the Corporation in connection with the termination of the management agreement.

Compensation Objectives

Compensation plays an important role in achieving short and long-term business objectives that ultimately drives business success in alignment with long-term shareholder goals. The objectives of the Corporation's compensation program are to:

attract and retain highly qualified executive officers with a history of proven success;

align the interests of the executive officers with Shareholders' interests and with the execution of the Corporation's business strategy;

establish performance goals that, if met by the Corporation, are expected to improve long-term shareholder value; and

tie compensation to performance with respect to those goals and provide meaningful rewards for achieving them.

The Corporation's compensation program is designed to provide competitive rewards for services and incentive for its senior management team to implement both short-term and long-term strategies aimed at increasing shareholder value and aligning the interests of senior management with those of the Shareholders.

The compensation program of the Corporation has been established in order to compete with remuneration practices of companies similar to the Corporation and those which represent potential competition for the Corporation's executive officers and other employees. In this respect, the Corporation identifies remuneration practices and remuneration levels of companies that are likely to compete for its employees. In designing the compensation program, the Board of Directors focuses on remaining competitive in the market with respect to total compensation for each of the executive officers. However, the Board of Directors does review each element of compensation for market competitiveness and it may weigh a particular element more heavily based on the executive officer's role.

Elements of compensation

The compensation of each named executive officer includes a base salary, cash bonus and eligibility for awards under the long-term incentive plan. All compensation decisions are made by the Compensation Committee of the Board of Directors.

Base salary

The base salaries for the named executive officers for 2010 were based on a review by the Board of Directors. This review is based on the level of responsibility, the experience level attained by the relevant named executive officer and his or her personal contribution to the Corporation's operating and financial performance with a goal to ensure that the base salaries are appropriate and competitive. On the basis of this review, the Board of Directors made a minor adjustment to the base salary of John Hulburt.

Annual cash bonus (non-equity incentive plan compensation)

Annual cash bonus awards for William Daniels and John Hulburt are discretionary, and generally based on whether or not duties have been performed well based on the relevant named executive officer's success in contributing to the operating and financial performance of the Corporation, including achieving annual goals and objectives approved by the Board. The annual goals and objectives are established at the

company level and are broadly based on (i) company growth strategy through acquisitions and organic growth; (ii) operating performance of existing assets; (iii) investor relations; and (iv) risk management and administrative functions.

In the case of Barry Welch, Patrick Welch and Paul Rapisarda, for each of the three years 2009 through 2011 per the terms of their respective employment contracts there are three components: (i) pursuant to arrangements entered into at the time of the internalization of the Manager in December 2009, a portion of the annual cash bonus, identified as "Bonus" in the Summary Compensation Table on page C-20, is fixed based on the average amount in 2007 and 2008 of the portion of their bonuses that were paid by the Manager and not reimbursed by the Corporation in such years; (ii) a second component is based on the Corporation's total shareholder return compared to a group of peer companies of the Corporation. For this portion, which is included in the column identified as "Non-equity incentive plan compensation" in the Summary Compensation Table on page C-20, a scale establishes a minimum of zero and a maximum of 110% of a target amount equal to \$300,000, \$130,000 and \$130,000 for Barry Welch, Patrick Welch and Paul Rapisarda, respectively. Relative performance at greater than the 10th percentile of the peer group is required to earn the minimum award and at greater than the 85th percentile of the peer group in order to earn the maximum award; and (iii) a discretionary component from zero to a maximum of 20% of the target in (ii) above, which is also included in the column identified as "Non-equity incentive plan compensation" in the Summary Compensation Table on page C-20, is based on the Board's assessment of the senior officers' performance in contributing to achievement of the Corporation's approved goals and objectives. Specifically in 2010, the Directors based these assessments on (i) for Barry Welch, his contributions to the achievement of goals related to the Corporation's growth strategy, operating performance, risk management and investor relations, (ii) for Patrick Welch, his contributions to the achievement of goals related to the Corporation's registration with the SEC as a public reporting entity and its listing on the NYSE as well as the Corporation's capital raising, risk management and investor relations, and (iii) for Paul Rapisarda, his contributions to the achievement of goals related to the Corporation's growth strategy and operating performance of existing assets. For 2010, Barry Welch, Patrick Welch and Paul Rapisarda received for the portion of their bonus compensation based on relative total shareholder return equal to 80% of their target amounts, and each also received the maximum 20% of such target based on the Board's assessment of the senior officers' performance.

Total shareholder return refers to the rate of return that a shareholder would earn on an investment in common shares (or, prior to the conversion of IPSs to common shares, IPSs) assuming the investment was held for the entire year and that monthly dividends were reinvested. For 2010, the Compensation Committee included the following companies in the peer group (the "**2010 Peer Group**") for the purpose of determining the Corporation's relative total shareholder return performance:

Borex, Inc.;

Brookfield Renewable Power Fund;

Capital Power Income LP;

Northland Power Income Fund;

Macquarie Power and Infrastructure Income Fund;

Innergex Power Income Fund;

Borex Income Fund⁽¹⁾;

Algonquin Power & Utilities Corp.; and

Maxim Power Corp.

Notes:

- (1) Boralex Income Fund was previously included, but was acquired by a third party during 2010 and removed from the group in accordance with the LTIP.

C-15

Edgar Filing: ATLANTIC POWER CORP - Form DEF 14A

In 2010, the Corporation's total shareholder performance return of 38.5% was at the 63rd percentile of the Corporation's peer group, as calculated by Hugessen Consulting Group ("**Hugessen**").

For 2011, the Compensation Committee has approved an expanded peer group to include the original peer group (as described above) as well as 50 U.S.-listed master limited partnerships in the Alerian Index and 22 utilities in the S&P 400 Utility Index (the "**2011 Peer Group**"). The Compensation Committee determined to expand the Corporation's 2010 Peer Group as the peer group originally established for the LTIP had lost several members due to mergers and acquisitions and had become too small to provide a reasonable comparative group. In addition, the Compensation Committee believes that the 2011 Peer Group better represents entities with which the Corporation competes for capital, particularly in the United States. The Compensation Committee expanded the 2010 peer group taking into account factors such as industry, market capitalization, risk profiles, dividend levels and business models.

For non-officer executives, the non-equity incentive plan compensation is determined based on the process of (i) the CEO discussing their performance with their respective managers together as the officers group, and (ii) the review and discussion by the CEO with the Compensation Committee and their approval. The percentages of salaries for awards range from 0% to maximum levels that vary for each individual based on an overall assessment of their contributions to achieving the Corporation's approved goals and objectives.

Long Term Incentive Plan ("**LTIP**")

In 2006, the Board of Directors retained Mercer Human Resource Consulting ("**Mercer**") to assist in its review of the compensation of the employees of the Manager. The two primary roles of Mercer were (i) to provide a compensation benchmarking review, and (ii) to provide a review of LTIP alternatives and assist the Board of Directors in the design of the LTIP that was ultimately approved by the Board of Directors and by the Shareholders. The compensation benchmarking review provided the Board of Directors with an objective review of each component of compensation relative to the same components within a competitive peer group and identified the appropriateness and desirability of implementing the LTIP to further align the interests of employees of the Manager with those of the Corporation and holders of IPSs, and to adequately assist with attracting and retaining qualified employees in the relevant U.S. labor pool. The competitive peer group for this benchmarking included 18 Canadian energy trusts, 12 U.S. oil and gas master limited partnerships and 22 U.S. real estate investment trusts as compiled from their respective publicly-filed proxy information. Mercer also generally considered the overall compensation results shown in the 2005 Financial Services Survey Suite Private Equity Firms Compensation Survey. Mercer's review concluded that the overall compensation plan, including the LTIP and each other component, was reasonable and appropriate.

The named executive officers and other employees of the Corporation are eligible to participate in the LTIP as determined by the Board of Directors. The purpose of the LTIP is to align the interests of named executive officers with those of the Shareholders and to assist in attracting, retaining and motivating key employees of the Manager by making a significant portion of their incentive compensation directly dependent upon the achievement of critical strategic, financial and operational objectives that are critical to ongoing growth and increasing the long-term value of the Corporation, as well as providing an opportunity to increase their share ownership over time. The LTIP is designed to help achieve short-term compensation objectives by setting yearly performance targets that trigger various levels of grants and also to achieve longer term objectives and assist in retention through the use of both a three-year vesting period and possible forfeiture of awards if certain levels of performance are not achieved during each grant's vesting period.

Edgar Filing: ATLANTIC POWER CORP - Form DEF 14A

For each performance period (being, generally, a period of one calendar year commencing on January 1 of each year during 2006 through 2009), for senior officers, the Board of Directors established LTIP award percentages that determined the amount (based on a percentage of base salary) that each officer was entitled to receive under the LTIP if certain levels of target project cash flow for the performance period were achieved. For other employees, a target range based on percentages of salaries was established by the senior officers and approved by the Board of Directors, but the range was not directly tied to specific cash flow performance levels. Individual LTIP awards were proposed by the officers based on their evaluation of both the cash flow level achieved by the Corporation and the individual's contribution to that performance, and approved by the Board of Directors. Project cash flow was based on cash flows generated by the Corporation's projects less management fees, administrative expenses, corporate interest, taxes and any other adjustments determined by the Board of Directors, which discretion was exercised narrowly and may reflect either increases or decreases to project cash flow performance. LTIP awards for each performance period were determined by the Board of Directors based on the Corporation's actual cash flow. In making this determination, the Board of Directors had discretion to consider other factors, related to the Corporation's performance. If certain levels of target project cash flow were achieved as determined by the Board of Directors, the senior officer was eligible to receive a number of notional units (including fractional units) to be calculated by dividing an incentive amount (based on the LTIP award percentage multiplied by the named executive officer's base salary) by the market price per IPS. The market price per IPS or common share is defined in the LTIP as the weighted average closing price of IPSs or common shares on the TSX for the five days immediately preceding the applicable day. Notional units were structured to track the investment performance of IPSs, or common shares under the amended LTIP, including share prices and dividends. Any notional units granted to a participant in respect of a performance period were credited to a notional unit account for each participant on the determination date for such performance period. Each notional unit was entitled to receive distributions equal to the distributions on an IPS, to be credited in the form of additional notional units immediately following any distribution on the IPSs valued at the market price of an IPS at the date of distribution. Subsequent to the Corporation's conversion to a common share structure, all references to "IPS" in the LTIP were changed to "Common Shares" and all references to distributions on IPSs were changed to dividends on common shares.

For grants under the LTIP with respect to performance periods through 2009, subject in each case to review by the Audit Committee of the Company's annual audited financial statements, one-third of the notional units in a participant's notional unit account for a performance period vest on the 13-month anniversary following the determination date for such performance period, 50% of the notional units remaining in a participant's notional unit account for a performance period vest on the second anniversary date of the determination date for such performance period, and all remaining notional units in a participant's notional unit account for a performance period vest on the third anniversary of the determination date for such performance period.

On the applicable vesting date for notional units held in a participant's notional unit account, the Corporation redeems such vested notional units as follows: (i) one-third by lump sum cash payment (generally intended to be withheld toward payment of taxes that will be owed due to the vesting), and (ii) the remaining two-thirds by an exchange for common shares. Notwithstanding the foregoing, a named executive officer may elect to redeem such notional units for 100% common shares upon prior written notice of such election. All issuances of common shares on redemption of notional units under the LTIP are subject to compliance with applicable securities laws. In addition, the Board of Directors has the discretion to redeem notional units 100% with cash and has exercised this discretion for all notional units vested since the inception of the LTIP through 2010, except for those that have vested in the notional unit accounts of the Corporation's senior officers. This was due to constraints with regard to U.S. securities laws, which are no longer relevant since the company has registered with the SEC and listed on the NYSE,

so all vesting events in 2011 and beyond should follow the redemption approach in (i) and (ii) above for all employees.

If the net cash flows (as determined by the Board of Directors) achieved in a performance period were less than 80% of the target project cash flow previously approved by the Board of Directors for that performance period, all notional units having a vesting date in the next performance period would be cancelled, would no longer be redeemable for common shares and the named executive officers will forfeit all rights, title and interest with respect to such notional units, unless otherwise expressly determined by the Board of Directors, as administrators of the LTIP.

2010 LTIP Amendments

In 2009, Hugessen was retained to assist the Board in assessing the Corporation's existing LTIP and proposing several design changes. The purpose of the LTIP changes was to further align the interests of the Corporation's officers and employees with Shareholders and to assist in attracting, retaining and motivating the Corporation's key employees.

In early 2010, the Board of Directors approved amendments to the LTIP. The amendments did not impact grants for the 2009 performance year or unvested notional units related to grants made prior to the 2010 amendments. The amended LTIP became effective for grants beginning with the 2010 performance year and was approved by the Shareholders at the annual general meeting held on June 29, 2010.

Under the amended LTIP, the notional units granted to plan participants have the same characteristics as the notional units under the old LTIP. However, the number of notional units granted is based, for senior executives entirely, on the Corporation's total shareholder return compared to the group of peer companies included in the 2011 Peer Group and, for employees that are not senior executives, performance measurement is weighted 1/3rd based on the Corporation's total shareholder return compared to a the 2011 Peer Group, and 2/3rd based on the achievement of a simplified net project cash flow measure. In addition, vesting of notional units for senior executives occurs on a three-year cliff basis as opposed to ratable vesting over three years under the old LTIP. Pursuant to each senior executive's employment agreement, each senior executive receives a grant at the beginning of each three-year performance period in amount equal to his base salary. The grant vests at the end of the three-year performance period in an amount ranging from 0% up to a maximum of 150% of the sum of units initially granted plus dividend equivalent rights received during the performance period. In addition, on May 14, 2010, each senior executive received a grant equal to one-third of his base salary (the "2010 Transition Award") and a grant equal to two-thirds of his base salary (the "2011 Transition Award"). The 2010 Transition Awards vested on March 31, 2011 in an amount equal to 125% of the initial grant, plus dividend equivalent rights, based on the Corporation's total shareholder return in 2010 compared to the 2011 Peer Group. The 2011 Transition Awards will vest on February 28, 2012 in an amount ranging from 0% up to a maximum of 150% of the sum of the units granted, plus dividend equivalent rights received during the vesting period, based on the total shareholder return of the corporation during 2010 and 2011 compared to the 2011 Peer Group. Named executive officers other than senior executives are eligible for an annual award under the LTIP ranging from 0% to 80% of their annual base salary.

401(k) matching contributions

The Corporation also makes annual matching contributions to each named executive officer's 401(k) plan account based upon a predetermined formula. The purpose of the matching contributions is to supplement the named executive officer's personal savings toward future retirement as the Corporation has no pension plan. The matching for the named executive officers is a dollar-for-dollar match with the employee's 401(k) contribution, up to the maximum allowed by Internal Revenue Service ("IRS") regulations. The IRS

maximum contribution in 2010 was \$16,500 for participants under age 50 and \$22,000 for participants 50 and over.

Compensation Committee Report

The Compensation Committee of the Board of Directors of the Corporation has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Information Circular and Proxy Statement.

For the year ended December 31, 2010, Mr. Welch received a base salary of \$535,000 and an annual bonus of \$700,000.

Mr. Welch's base salary was historically established by the Manager, but reviewed by the Corporation's independent directors as part of the annual approval of the Manager's budget, based on his responsibilities, his execution of the Corporation's strategic business plan, whether it is appropriate and competitive relative to compensation of similar positions with competitive peer firms and changes to local cost of living. His salary increased by \$10,000 as of January 2009 and was unchanged for 2010. For 2011, the Compensation Committee voted to increase Mr. Welch's salary by \$40,000 based on a review of peer company data as well as his accomplishments in achieving the Corporation's goals and objectives and his critical role in executing the Corporation's strategy.

For the 2010 performance year, Mr. Welch's bonus was determined with one portion equal to the average level that the Manager's portion of his bonus had been paid for the prior two years, that being \$400,000.

The other portion of Mr. Welch's bonus was determined based on the sum of \$240,000 determined by the Corporation's 2010 total shareholder return performance relative to the Corporation's peer group and a maximum \$60,000 based on the independent directors' assessment of his performance against annually approved goals and objectives.

On March 29, 2010, Mr. Welch received a grant of 42,266 notional units under the initial LTIP for the 2009 performance period. Employment Contracts

Each of Barry Welch (President and Chief Executive Officer), Patrick Welch (Chief Financial Officer and Corporate Secretary) and Paul Rapisarda (Managing Director, Asset Management and Acquisitions) were employees of the Manager, which managed the Corporation's business under the management agreement through its termination date of December 31, 2009. In connection with the termination of the management agreement on December 31, 2009, the Corporation hired all of the employees of the Manager. As a result, the employment agreements with the Corporation's senior executives were terminated and were replaced with new employment agreements. To assist in the structuring and negotiation of the employment agreements, the Corporation's independent directors employed Hugessen to review and advise on their terms to ensure that the agreements were consistent with best practices in the marketplace. The most significant change in the new employment agreements are the removal of the Manager as a party to the agreements and the assumption by the Corporation's independent directors of all compensation decisions related to the Corporation's senior executives. Each of the employment agreements provides the respective officer with the following: (i) an initial annual base salary, which is subject to annual review; (ii) eligibility for a performance-based annual cash bonus; (iii) eligibility to participate in the LTIP; and (iv) certain other customary employee benefits. Under the employment agreements, the annual base salary for 2010 for Barry Welch, Patrick Welch and Paul Rapisarda was \$535,000, \$259,500 and \$257,500, respectively. The guaranteed bonuses for 2010 for Barry Welch, Patrick Welch and Paul Rapisarda were \$400,000, \$130,000 and \$130,000 respectively.

Termination and Change of Control Benefits

Each named senior executive officer's employment agreement provides that if the respective officer is terminated without cause within 90 days preceding or one year after a change in control or if he resigns within that time period because certain further triggering events have occurred including a constructive dismissal, reduction in salary or benefits, relocation, change in position of employment or reporting relationships, or the Corporation's breach of the employment agreement, then the following are paid or provided under the employment agreement: (i) his salary and bonus pro-rated through the termination date; (ii) a termination payment equal to three times the average (in the case of Barry Welch) or one times the average (in the case of Patrick Welch and Paul Rapisarda), during the last two years, of the sum of the respective officer's: (a) base salary, (b) annual cash bonus, and (c) the most recent matching contribution

to his 401(k) plan; (iii) immediate vesting of all previous awards under the LTIP which had not yet vested; (iv) continuation of all employee benefits for a period of two years (in the case of Barry Welch) or one year (in the case of Patrick Welch and Paul Rapisarda) following termination; and (v) costs of outplacement services customary for senior executives at the respective officer's level for a period of 12 months following termination with the cost capped at \$25,000. The employment agreements also contain non-competition and non-solicitation limitations on each of the officers following certain termination events. The non-competition restrictions apply for a period of one year or one month (in the case of Barry Welch) or a period of one month or six months (in the case of Patrick Welch and Paul Rapisarda) following termination depending on the circumstances of the termination and the non-solicitation restrictions apply for a period of two years (in the case of Barry Welch) or one year (in the case of Patrick Welch and Paul Rapisarda) following the date of termination.

In each senior executive officer's employment agreement, the term "**Change in Control**" means the occurrence of any of the following events: (i) the sale, lease or transfer to any person or group, in one or a series of related transactions, of the Corporation's assets, directly or indirectly, which assets generated more than 50% of the Corporation's cash flow in a 12-month period ended on the last day of the most recent fiscal quarter to any person or group; (ii) the adoption of a plan related to the Corporation's liquidation or dissolution; (iii) the acquisition by any person or group of a direct or indirect interest in more than 50% of the Corporation's common shares or voting power; (iv) the Corporation's merger or consolidation with another person with the effect that immediately after such transaction Shareholders immediately prior to such transaction hold, directly or indirectly, less than 50% of the voting control over the person surviving such merger or consolidation; or (v) the Corporation enters into any agreement providing for any of the foregoing; or the date which is 90 days prior to a definitive announcement of any of the foregoing whichever is earlier, and the transaction contemplated thereby is ultimately consummated.

If Barry Welch, Patrick Welch or Paul Rapisarda is terminated for cause, then he will be entitled to all vested benefits under all incentive compensation or other plans in accordance with the terms and conditions of such plan, however he will not be entitled to the payments or benefits listed in items (i) through (v) in the second preceding paragraph above, except as may be required by applicable law. "**Cause**" is defined in each employment agreement as "a termination by reason of the Corporation's good faith determination that the Executive (i) engaged in willful misconduct in the performance of his duties, (ii) breached a fiduciary duty to the Corporation for personal profit to himself, (iii) after determination by a court of competent jurisdiction, willfully violated any law, rule or regulation of a governmental authority with jurisdiction over the Executive or the Corporation at the time and place of such violation (other than traffic violation or similar offenses) or any final cease and desist order of a court or other tribunal of competent jurisdiction, or (iv) materially and willfully breached this Agreement. No act, or failure to act, on the Executive's part shall be considered "willful" unless he has acted, or failed to act, with an absence of good faith and without a reasonable belief that this action or failure to act was in the best interest of the Corporation."

Edgar Filing: ATLANTIC POWER CORP - Form DEF 14A

Compensation Risk Assessment

The Corporation has reviewed the Corporation's compensation policies and practices for all employees and concluded that any risks arising from the Corporation's policies and programs are not reasonably likely to have a material adverse effect on the Corporation. The Corporation believes that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks. The corporation reviewed the elements of executive compensation to determine whether any portion of executive compensation encouraged excessive risk taking and concluded:

allocation of compensation between cash compensation and long-term equity compensation, combined with the vesting schedule under LTIP, discourages short-term risk taking;

approach of goal setting, setting of targets with payouts at multiple levels of performance, capping the amount of the Corporation's incentive payouts, and evaluation of performance results assist in mitigating excessive risk-taking;

compensation decisions include subjective considerations, which limit the influence of formulae or objective factors on excessive risk taking; and

business does not face the same level of risks associated with compensation for employees at financial services firms (traders and instruments with a high degree of risk).

Compensation of Directors*Director Fees*

Each independent director is entitled to receive an annual retainer of \$40,000 and \$1,500 per meeting attended in person or \$500 per meeting attended by phone. The chair of the Audit Committee and Compensation Committee receive an additional \$10,000 per year. Directors are reimbursed for out-of-pocket expenses for attending meetings. Directors also participate in the insurance and indemnification arrangements described below.

Equity Ownership Guideline

On April 24, 2007, the Board of Directors adopted an equity ownership guideline for independent Directors. The guideline provides that by April 24, 2010 (for existing independent directors) or within three years of their initial election (for new independent directors), each independent director should own equity securities of the Corporation (which will include notional shares issued under the deferred share unit plan described below), representing an investment by each independent director of three times their current annual retainer.

Deferred Share Unit Plan

On April 24, 2007, the Board of Directors established a deferred share unit plan ("**DSU Plan**") for Directors. Under the DSU Plan, each non-management Director is entitled to elect to have fees paid to them by the Corporation for their services as directors contributed to the DSU Plan. All fees contributed to the DSU Plan are credited to such director in the form of notional shares representing the current market price of the Corporation's common shares at the time of contribution. For so long as the participant continues to serve on the Board of Directors, dividends accrue on the notional shares consistent with amounts declared by the Board of Directors on the Corporation's common shares and additional notional shares representing the dividends are credited to the participant's notional share account. Notional shares credited to the participant's notional share account may be redeemed only when a participant no longer serves on the Board of Directors for any reason or upon a reorganization of the Corporation.

The following table describes director compensation for non-management directors for the year ended December 31, 2010. Directors who are also officers of the Corporation are not entitled to any compensation for their services as a director.

In 2009, the independent Directors retained Hugessen Consulting to assist in the restructuring and negotiation of new employment agreements for the Corporation's senior executives and to provide a review of the LTIP and of LTIP alternatives, and assist the Board in the design of a restated and amended LTIP. Reciprocally, the senior officers shall keep the Board fully informed of the progress of the Issuer and its subsidiaries towards the achievement of their established goals and of all material deviations from the goals or objectives and policies established by the Board in a timely and candid manner.

It is recognized that every director in exercising powers and discharging duties must act honestly and in good faith with a view to the best interest of the Issuer. Directors must exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. In this regard, they will comply with their duties of honesty, loyalty, care, diligence, skill and prudence.

In addition, directors are expected to carry out their duties in accordance with policies adopted by the Board from time to time, the current policy being annexed hereto as Appendix "A".

Edgar Filing: ATLANTIC POWER CORP - Form DEF 14A

It is expected that of the Issuer's senior officers will co-operate in all ways to facilitate compliance by the Board with its legal duties by causing the Issuer and its subsidiaries to take such actions as may be necessary in that regard and by promptly reporting any data or information to the Board that may affect such compliance.

- (ii) the Chair shall be an independent director;
- (iii) the Chair shall not be expected to and shall not perform policy making functions other than in his or her capacity as a director of the Issuer. The Chair shall not have the right or entitlement to bind the Issuer in his or her capacity as Chair;

- (vi) the Chair shall ensure that the Board carries out its responsibilities effectively, which will involve the Board meeting on a regular basis without management present and will include acting as a liaison between the independent directors and the Issuer's senior officers, and may involve assigning responsibility for administering the Board's relationship with management to a committee of the Board.

Decisions Requiring Prior Approval of the Board of Directors

Approval of the Board shall be required for:

- (i) dividends;
- (ii) significant acquisitions/dispositions;
- (iii) related party transactions;
- (iv) the annual budget for the Issuer;
- (v) the public dissemination of any financial information;
- (vi) the issuance or repurchase of securities of the Issuer;
- (vii) establishing or revising the charters of committees of the Board; and
- (viii) any other matter that would give rise to a "material change" to the Issuer.

Edgar Filing: ATLANTIC POWER CORP - Form DEF 14A

In considering related party transactions, when appropriate, the Board will review a report of an independent financial advisor in making their decision. The foregoing list is intended to specify particular matters requiring Board approval and is not intended to be an exhaustive list.

Measures for Receiving Shareholder Feedback

All publicly disseminated materials of the Issuer shall provide for a mechanism for feedback of securityholders. Persons designated to receive such information shall be required to provide a summary of the feedback to the directors on a semi-annual basis or at such other more frequent intervals as they see fit.

Meetings

The Board will meet not less than four times per year: three meetings to review quarterly results; and one prior to the issuance of the annual financial results of the Issuer. A quorum for the meetings shall be a majority of the directors then holding office.

From time to time directors may be asked to participate in Board retreats which may last one to three days.

Meeting Guidelines

Directors will be expected to have read and considered the materials sent to them in advance of each meeting, and to be prepared to discuss the matters contained in such materials at the meeting. Administrative matters (e.g., bank signing resolutions, etc.) which require a vote will be batched for voting purposes. Directors will be expected to ask questions relating to batched items in advance of the meeting. The notice of meeting will highlight significant matters to be dealt with at each meeting so that directors can focus on reviewing the related materials. The senior officers of the Issuer will be made accessible to directors at Board meetings and Board committee meetings to fulfill their obligations.

Remuneration

Remuneration shall be at a level which will attract and motivate professional and competent members.

Telephone Board Meetings

A director may participate in a meeting of the directors or in a committee meeting by means of telephone, electronic or such other communications facilities as permit all persons participating in the meeting to communicate with each other and a director participating in such a meeting by such means is deemed to be present at the meeting.

While it is the intent of the Board to follow an agreed meeting schedule as closely as possible, it is felt that, from time to time, with respect to time sensitive matters telephone Board meetings may be required to be called in order for directors to be in a position to better fulfill their legal obligations. Alternatively, management may request the directors to approve certain matters by unanimous consent.

Expectations of Management

The senior officers of the Issuer shall be required to report to the Board at the request of the Board on the performance of the Issuer, new and proposed initiatives, the Issuer's business and investments, management concerns and any other matter the Board or its Chair may deem appropriate. In addition, the Board expects the senior officers of the Issuer to promptly report to the Chair of the Board any significant developments, changes, transactions or proposals respecting the Issuer or its subsidiaries.

APPENDIX A

POLICY OF PRACTICES FOR DIRECTORS

Attendance at Meetings

Each director is expected to have a very high record of attendance at meetings of the Board, and at meetings of each Board committee on which the director sits. A director is expected to:

- (i) advise the Chair as to planned attendance at Board and committee meetings shortly after meeting schedules have been distributed;
- (ii) advise the Chair as soon as possible after becoming aware that he or she will not be able to attend a meeting; and
- (iii) attend a meeting by conference telephone if unable to attend in person.

Preparation for Meetings

Directors are expected to carefully review and consider the materials distributed in advance of a meeting of the Board or a committee of the Board. Directors are also encouraged to contact the Chair, the Chief Executive Officer of the Issuer and any other appropriate officers to ask questions and discuss agenda items prior to meetings.

Conduct at Meetings

Directors are expected to ask questions and participate in discussions at meetings, and to contribute relevant insights and experience. In discussions at meetings, a director should:

- (i) be candid and forthright;
- (ii) not be reluctant to express views contrary to those of the majority;
- (iii) be concise and, in most circumstances, respect the time constraints of a meeting; and
- (iv) be courteous to and respectful of other directors and guests in attendance.

Knowledge of the Issuer's Business

Directors are expected to be knowledgeable with respect to the various fields and divisions of business of the Issuer. Although the senior officers of the Issuer have a duty to keep the Board informed about developments in the Issuer's business, directors have a primary duty of care and diligence, which includes a duty of inquiry. Directors should:

- (i) ask questions of the Issuer's senior officers and other directors/managers, at meetings and otherwise, to increase their knowledge of the business of the Issuer;
- (ii) familiarize themselves with the risks and challenges facing the business of the Issuer;
- (iii) read all internal memoranda and other documents circulated to the directors, and all reports and other documents issued by the Issuer for external purposes;

- (iv) insist on receiving adequate information from the Issuer's senior officers with respect to a proposal before Board approval is requested;
- (v) familiarize themselves with the Issuer's competitors by, among other things, reading relevant news, magazine and trade journal articles; and
- (vi) familiarize themselves with the legal and regulatory framework within which the Issuer carries on its business.

Personal Conduct

Directors are expected to:

- (i) exhibit high standards of personal integrity, honesty and loyalty to the Issuer;
- (ii) project a positive image of the Issuer to news media, the financial community, governments and their agencies, securityholders and employees;
- (iii) be willing to contribute extra efforts, from time to time as may be necessary including, among other things, being willing to serve on committees of the Board; and
- (iv) disclose any potential conflict of interest that may arise with the business or affairs of the Issuer and, generally, avoid entering into situations where such conflicts could arise or could reasonably be perceived to arise.

Independent Advice

In discharging its mandate, the Board shall have the authority to retain (and authorize the payment by the Issuer of) and receive advice from, special legal, accounting or other advisors and outside consultants if appropriate.

Other Directorships and Significant Activities

The Issuer values the experience directors bring from other boards on which they serve and other activities in which they participate, but recognizes that those boards and activities also may present demands on a director's time and availability and may present conflicts or legal issues, including independence issues. No director should serve on the board of a competitor or of a regulatory body with oversight of the Issuer. Each director should, when considering membership on another board or committee, make every effort to ensure that such membership will not impair the director's time and availability for his or her commitment to the Issuer. Directors should advise the Chair of the Board and the Chief Executive Officer before accepting membership on other public corporation boards of directors or any audit committee or other significant committee assignment on any other board of directors, or establishing other significant relationships with businesses, institutions, governmental units or regulatory entities, particularly those that may result in significant time commitments or a change in the director's relationship to the Issuer.
