**PROXY STATEMENT
For the Annual Meeting of Stockholders to be Held On
May 18, 2012**

GENERAL INFORMATION ABOUT ROCKWOOD'S ANNUAL MEETING

We are providing this proxy statement in connection with the solicitation of proxies by the board of directors of Rockwood Holdings, Inc. for use at Rockwood's 2012 annual meeting of stockholders and at any adjournment of the annual meeting. You are cordially invited to attend the annual meeting, which will be held at our offices located at 100 Overlook Center, Princeton, New Jersey 08540, on Friday, May 18, 2012 at 9:00 a.m. local time. For driving directions to our offices, please call (609) 514-0300.

Stockholders Entitled to Vote

The record date for the annual meeting is March 21, 2012. Only stockholders of record as of the close of business on that date are entitled to notice of, and to vote at, the annual meeting. As of March 21, 2012, there were 77,539,353 shares of common stock outstanding.

Required Vote

The presence in person or by proxy of the holders of a majority of the shares outstanding on the record date is necessary to constitute a quorum for the transaction of business at the meeting. Each stockholder is entitled to one vote, in person or by proxy, for each share of common stock held as of the record date on each matter to be voted upon. Abstentions and broker non-votes are included in determining whether a quorum is present. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary power with respect to that item and has not received instructions from the beneficial owner.

Directors will be elected by a plurality of the votes present in person or represented by proxy and entitled to vote in the election of directors at the annual meeting. Thus, an abstention or broker non-vote will have no effect on the outcome of the vote on election of directors at the annual meeting. For the ratification of the appointment of Deloitte & Touche LLP, the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the subject matter at the annual meeting is required. In determining the results of the proposal for ratification of the appointment of Deloitte & Touche LLP, abstentions will have the same effect as a vote against the proposal.

The vote on the proposal for the ratification of the appointment of Deloitte & Touche LLP is advisory in nature and is non-binding.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to Be Held on May 18, 2012.

We have elected to provide access to our proxy materials both by sending you this full set of proxy materials, including a proxy card, and by notifying you of the availability of our proxy materials on the internet. **This proxy statement and our 2011 Annual Report to Stockholders are available at our website at http://www.rocksp.com/rock_english/ir/irdownload.asp. BOARD RECOMMENDATIONS AND APPROVAL REQUIREMENTS

Delaware law and Rockwood's certificate of incorporation and by-laws govern the vote on each proposal. The board of directors' recommendation is set forth together with the description of each item in this proxy statement. In summary, the board of directors' recommendations and approval requirements are:

**Proposal 1.
Election of Directors**

The first item to be voted on is the election of the two Class I directors listed herein to serve until their successors are duly elected and qualified. The board of directors has nominated two people as directors, each of whom is currently serving as a director of Rockwood.

You may find information about these nominees Nance K. Dicciani and J. Kent Masters beginning on page 5.

You may vote in favor of both nominees, withhold your votes as to both nominees, or withhold your votes as to a specific nominee. Assuming a quorum is present, each share of common stock may be voted for as many nominees as there are directors to be elected. Directors will be elected by a plurality of the votes cast. Stockholders may not cumulate their votes. Abstentions and broker non-votes will have no effect on the outcome of the vote on election of directors at the annual meeting.

The board of directors unanimously recommends a vote FOR each director nominee listed herein.

**Proposal 2.
Ratification of Appointment of Independent Registered Public Accounting Firm**

The second item to be voted on is the ratification of the appointment of Deloitte & Touche LLP as Rockwood's independent registered public accounting firm for the fiscal year ending December 31, 2012.

You may find information about this proposal beginning on page 8.

You may vote in favor of the proposal, vote against the proposal, or abstain from voting. Assuming a quorum is present, the proposal will pass if approved by a majority of the shares present in person or represented and entitled to vote on the matter. Abstentions will have the same effect as votes against the proposal. We believe that there can be no broker non-votes with respect to Proposal 2 because brokers should have discretion under current stock exchange rules to vote uninstructed shares on Proposal 2.

The board of directors unanimously recommends a vote FOR the ratification of the appointment of Deloitte & Touche LLP as Rockwood's independent registered public accounting firm.

OTHER MATTERS TO COME BEFORE THE ANNUAL MEETING

As of the date of this proxy statement, the board of directors was not aware of any other business to be presented for a vote of the stockholders at the annual meeting. If any other matters are properly presented for a vote, the people named as proxies will have discretionary authority, to the extent permitted by law, to vote on such matters according to their best judgment.

PROXIES AND VOTING PROCEDURES

Your vote is important and you are encouraged to vote your shares promptly.

How Proxies are Voted

You may vote by completing and mailing the enclosed proxy card or by voting in person at the annual meeting. Mailed proxy cards must be received by May 17, 2012. Each proxy will be voted as directed. However, if a proxy solicited by the board of directors does not specify how it is to be voted, it will be voted as the board of directors recommends that is, FOR the election of the two nominees for Class I director named in this proxy statement, and FOR the ratification of the appointment of Deloitte & Touche LLP as Rockwood's independent registered public accounting firm for the fiscal year ending December 31, 2012. If any other matters are properly presented at the annual meeting for consideration, such as consideration of a motion to adjourn the annual meeting to another time or place, the persons named as proxies will have discretion to vote on those matters according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote. As of the date of this proxy statement, we did not anticipate that any other matters would be raised at the annual meeting.

How to Revoke or Change Your Proxy

If you submit a proxy and then wish to change your vote or vote in person at the annual meeting, you will need to revoke the proxy that you have submitted. You can revoke your proxy at any time before it is voted by delivery of a properly executed, later-dated proxy or a written revocation of your proxy. A later-dated proxy or written revocation of your proxy must be received before the annual meeting by the Corporate Secretary of Rockwood, Thomas J. Riordan, at Rockwood Holdings, Inc., 100 Overlook Center, Princeton, New Jersey 08540, or it must be delivered to the Corporate Secretary at the annual meeting before proxies are voted. You will be able to change your proxy as many times as you wish prior to its being voted at the annual meeting, and the last proxy received chronologically will supersede any prior proxies.

Method and Cost of Proxy Solicitation

This proxy solicitation is being made on behalf of Rockwood and the expense of preparing, printing and mailing this proxy statement is being paid by us. Proxies may be solicited by officers, directors and employees of Rockwood in person, by mail, telephone, facsimile or other electronic means. We will not specifically compensate those persons for their solicitation activities. In accordance with the regulations of the SEC and the New York Stock Exchange ("NYSE"), we will reimburse brokerage firms and other custodians, nominees and fiduciaries for their expense incurred in sending proxies and proxy materials to beneficial owners of our common stock.

Stockholder Director Nominations and Proposals for the 2013 Annual Meeting

Pursuant to Rockwood's by-laws, stockholders may present director nominations and proposals that are proper subjects for consideration at an annual meeting. Rockwood's by-laws require all stockholders who intend to nominate persons for election to the board of directors or make proposals at an annual meeting to give timely notice thereof in writing to the Corporate Secretary of Rockwood, Thomas J. Riordan, at Rockwood Holdings, Inc., 100 Overlook Center, Princeton, New Jersey 08540. Our by-laws require advance notice by any stockholder who proposes director nominations or any other business for consideration at a stockholders' meeting. To be timely, notice to our Corporate Secretary must be received at the above address not less than 90 days nor more than 120 days prior to the first anniversary of the date on which Rockwood first mailed its proxy materials for the previous year's annual meeting, after which point a stockholder proposal will be considered untimely. In the event that

Edgar Filing: Rockwood Holdings, Inc. - Form DEF 14A

the date of the 2013 annual meeting is changed by more than 30 days from the anniversary date of the previous year's meeting, stockholder notice must be so delivered not earlier than 120 days prior to the 2013 annual meeting and not later than the close of business on the later of the 90th day prior to the 2013 annual meeting or the 10th day following the day on which public announcement of the date of the 2013 annual meeting is first made. However, if the number of directors to be elected to the board of directors of Rockwood is increased and there is no public announcement by Rockwood naming all of the nominees for director or specifying the size of the increased board of directors at least 100 calendar days prior to the anniversary of the mailing of proxy materials for the prior year's annual meeting, then a stockholder notice only with respect to nominees for any new positions created by such increase must be received by the Corporate Secretary of Rockwood not later than the close of business on the 10th calendar day following such public announcement. Please refer to our by-laws for certain other related requirements.

If any stockholder wishes to propose a matter for consideration at our 2013 annual meeting of stockholders, the proposal should be mailed by certified mail, return receipt requested, to our Corporate Secretary at the address in the previous paragraph. To be eligible under the SEC's stockholder proposal rule (Rule 14a-8(e) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")) for inclusion in our 2013 annual meeting proxy statement and form of proxy card, a proposal must be received by our Corporate Secretary on or before December 6, 2012.

**PROPOSAL ONE
ELECTION OF DIRECTORS**

The first agenda item to be voted on is the election of two Class I directors to serve until their successors are duly elected and qualified.

General Information

The board of directors currently consists of seven directors, and is divided into three classes Class I, Class II and Class III. Directors are generally elected for three-year terms on a staggered term basis, so that each year the term of office of one class will expire and the terms of office of the other classes will extend for additional periods of one and two years, as applicable. The term of office for current Class I directors expires at the 2012 annual meeting. The term of office for Class II and Class III directors will expire at the 2013 and 2014 annual meeting of stockholders, respectively.

This full board of directors has considered and nominated this year's nominees to serve for a three-year term expiring at the 2015 annual meeting of stockholders. It is intended that the proxies delivered pursuant to this solicitation will be voted in favor of the election of the nominees designated below, except in cases of proxies bearing contrary instructions. We have inquired of the nominees and confirmed that they will serve if elected. If, for any reason, any nominee becomes unavailable for election and the board of directors selects a substitute nominee, the proxies will be voted for the substitute nominee selected by the board of directors. The board of directors has no reason to believe that any of the named nominees is not available or will not serve if elected.

The nominees are current directors of Rockwood, and a description of the background of each is set forth below. Immediately thereafter is a description of the background of each of the existing directors whose terms of office extend beyond the annual meeting.

REGISTERED PUBLIC ACCOUNTING FIRM**

The second agenda item to be voted on is the ratification of the appointment of Deloitte & Touche LLP as Rockwood's independent registered public accounting firm for the fiscal year ending December 31, 2012.

The audit committee of the board of directors has appointed Deloitte & Touche LLP to audit our consolidated financial statements for the fiscal year ending December 31, 2012. We are asking our stockholders to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm.

Even if the appointment is ratified, the audit committee may in its discretion select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of Rockwood and our stockholders. If the appointment is not ratified by our stockholders, the audit committee will reconsider the appointment.

A representative of Deloitte & Touche LLP is expected to attend the annual meeting and be available to respond to appropriate questions. The representative will be afforded an opportunity to make a statement if he or she desires to do so.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS ROCKWOOD'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2012.

OTHER MATTERS

As of the date of this proxy statement, we know of no business that will be presented for consideration at the annual meeting other than the items referred to above. If any other matter is properly brought before the annual meeting for action by stockholders, proxies in the enclosed form returned to Rockwood will be voted in accordance with the recommendation of the board of directors, or in the absence of such a recommendation, in accordance with the judgment of the proxy holder.

CORPORATE GOVERNANCE AND RELATED MATTERS

Director Independence

Currently, in accordance with NYSE rules, the audit, the compensation, and the corporate governance and nominating committees are each comprised entirely of independent directors. The board of directors has determined that Nance K. Dicciani, Sheldon R. Erikson, Douglas L. Maine and J. Kent Masters are independent directors within the meaning of applicable NYSE listing standards and the applicable provisions of the Exchange Act.

When making "independence" determinations, the board of directors broadly considers all relevant facts and circumstances as well as any other facts and considerations specified by the NYSE, our by-laws or by any rule or regulation of any other regulatory body or self-regulatory body applicable to Rockwood. When assessing the materiality of a director's relationship with Rockwood, the board of directors considers the issue not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. The board of directors has adopted categorical standards designed to assist them in assessing director independence. The categorical standards can be found in the Company's Corporate Governance Guidelines, which are available on our website at www.rocksp.com in the "Investor Relations Corporate Governance" section. The categorical standards set forth certain relationships between the Company and the directors and their

Edgar Filing: Rockwood Holdings, Inc. - Form DEF 14A

immediate family members, or entities with which they are affiliated, that the board of directors, in its judgment, has determined to be material or immaterial in assessing director independence. The Company's Corporate Governance Guidelines and the categorical standards have been designed to align with the independence standards of the NYSE.

The board of directors has determined that the following relationships will not be considered material relationships that would impair a director's independence:

the director beneficially owns, or is an employee or affiliate of another company or entity that beneficially owns, less than 10% of Rockwood's common stock;

the director is a current employee or an immediate family member of the director is a current executive officer of another company that makes payments to or receives payments from Rockwood for property or services in an amount which does not exceed and has not for each of the last three years exceeded the greater of \$1,000,000 or 2% of the consolidated gross revenues of such other company; and

the director serves as an executive officer, director or trustee of a tax exempt organization, and Rockwood's contributions to such tax exempt organization do not exceed and have not for each of the last three years exceeded the greater of \$1,000,000 or 2% of such tax exempt organization's consolidated gross revenues.

On an annual basis, each member of the board of directors is required to complete a questionnaire designed in part to provide information to assist the board of directors in determining whether the director is independent under NYSE rules and our Corporate Governance Guidelines. In addition, the directors or potential directors have an affirmative duty to disclose to our corporate governance and nominating committee relationships which may impair their independence.

Our corporate governance and nominating committee reviews all relationships and transactions for compliance with the standards described above and makes a recommendation to the board of directors regarding the independence of the directors of the Company. For those directors identified as independent, the Company and the board of directors are aware of no relationships or transactions with the Company or management.

Meetings of the Board of Directors

The board of directors is required to meet at least four times annually or more frequently as circumstances dictate. The board of directors met four times in 2011, either in person or by telephone. All directors are expected to participate whether in person or by telephone in all meetings of the board of directors. Each director attended 100% of all board of directors and at least 85% of all applicable committee meetings during 2011. All directors attended the 2011 annual meeting of stockholders held on May 6, 2011.

Board Role in Risk Management

Rockwood is exposed to a number of risks, including geo-political risks, financial risks, strategic risks, operational risks, risks relating to general economic conditions and their effect on certain industries, and risks relating to regulatory and legal compliance. The board of directors oversees the company-wide risk management function of the Company with the assistance of the audit committee, the corporate governance and nominating committee, the compensation committee and a risk management committee comprised of a group of management employees from various functional

groups. The senior executives manage and mitigate, to the extent possible, material risks on a day-to-day basis. The roles of each of these director and management committees are as follows:

Audit Committee the audit committee of the board of directors is generally responsible for oversight of the system of compiling and reporting risk and the oversight of material financial risk exposures;

Corporate Governance and Nominating Committee the corporate governance and nominating committee of the board of directors is generally responsible for the oversight of certain other material risk exposures, such as compliance risk and safety, health and environmental risk;

Compensation Committee the compensation committee of the board of directors is responsible for the compensation policies and programs and how they relate to risk; and

Risk Management Committee the risk management committee, which is comprised of members of the management team of the Company with backgrounds in finance, operations, legal, regulatory and safety, health and environmental compliance, is responsible for developing an ongoing enterprise risk management system to identify, collect, compile and assess significant exposures. The risk management committee reports directly to the senior executives on a regular basis about the nature of significant risks and, if possible, makes recommendations to manage and mitigate such risks. The risk management committee periodically, or as appropriate, reports material risks to the audit committee, the corporate governance and nominating committee and the board of directors.

Each of these committees along with the senior executives is responsible for periodically reporting to the board of directors the material risks facing the Company and highlighting any new material risks that may have arisen since they last met.

The audit committee has adopted a formal policy concerning the pre-approval of audit and non-audit services to be provided by our independent registered public accounting firm. The policy

requires that all services to be performed by Deloitte & Touche LLP and its affiliates, including audit services, audit-related services and permitted non-audit services, be pre-approved by the audit committee. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and is subject to a budget. Specific services being provided by the independent accountants are regularly reviewed in accordance with the pre-approval policy and the audit committee may pre-approve particular services on a case-by-case basis. The audit committee has delegated the authority to grant pre-approvals to Mr. Maine, the audit committee chair, when the full audit committee is unable to do so. At each subsequent audit committee meeting, the audit committee reviews these pre-approvals, receives updates on the services actually provided by the independent accountants, and management may present additional services for approval. For 2011, the audit committee pre-approved all audit, audit-related and non-audit services performed by Deloitte & Touche LLP.

Our audit committee is required to meet at least four times annually or more frequently as circumstances dictate. The committee met twelve times in 2011.

Our board of directors has adopted a written charter for the audit committee, which is available on our website at www.rocksp.com in the "Investor Relations Corporate Governance" section, and upon written request by our stockholders at no cost.

Audit Committee Report

The audit committee reviews Rockwood's financial reporting process on behalf of the board of directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. The independent registered public accounting firm is responsible for expressing an opinion on those audited consolidated financial statements in conformity with accounting principles generally accepted in the United States.

In fulfilling its responsibilities, the audit committee has reviewed and discussed the audited consolidated financial statements contained in Rockwood's Annual Report on Form 10-K for the year ended December 31, 2011 with Rockwood's management and independent registered public accounting firm. The audit committee has also discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (*AICPA, Professional Standards*, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board ("PCAOB") in Rule 3200T, including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements. In addition, the audit committee reviewed and discussed with the independent registered public accounting firm the auditor's independence from Rockwood and its management, including the matters in the written disclosures and letter which were received by the audit committee from the independent registered public accounting firm, as required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the audit committee concerning independence.

Based on the reviews and discussions referred to above, the audit committee approved the audited consolidated financial statements and recommended to the board of directors that they be included in Rockwood's Annual Report on Form 10-K for the year ended December 31, 2011 for filing with the

SEC. The audit committee has also appointed Deloitte & Touche LLP as Rockwood's independent registered public accounting firm and is presenting its appointment to the stockholders for ratification.

Compensation Committee

The compensation committee (the "Committee") currently consists of Nance K. Dicciani, Sheldon R. Erikson and J. Kent Masters. Mr. Erikson is the chairperson of the Committee. The Committee is comprised solely of independent directors.

The Committee is responsible for:

establishing and reviewing our overall compensation philosophy;

reviewing compensation policies, plans and programs and how they relate to risk;

reviewing and approving the compensation and performance review of our chief executive officer and other executive officers;

reviewing and recommending to the board of directors the compensation of our directors;

reviewing and approving employment contracts and other similar arrangements between us and our chief executive officer and other executive officers;

reviewing and consulting with the chairman and chief executive officer on the selection of officers and evaluation of executive performance and other related matters;

administration of equity plans and other incentive compensation plans; and

such other matters that are specifically delegated to the Committee by the board of directors from time to time.

The Committee may form one or more subcommittees. The Committee shall be entitled to delegate any or all of its responsibilities to any subcommittee of the Committee and each subcommittee may take such actions as may be delegated by the Committee.

The Committee is required to meet at least two times annually, or more frequently, as circumstances dictate. The Committee met seven times in 2011.

Our board of directors has adopted a written charter for the Committee which is available on our website at www.rocksp.com in the "Investor Relations Corporate Governance" section, and upon written request by our stockholders at no cost.

The Committee reviews and approves our executive compensation program on an annual basis. The Committee has authority to engage consultants in connection with compensation related matters. In 2011, the Committee retained the firm of Frederic W. Cook & Co., Inc. ("Cook & Co."), an internationally recognized human resources consultant to assist the Committee in evaluating the compensation of our

directors, named executive officers and certain key employees and to assess our

Edgar Filing: Rockwood Holdings, Inc. - Form DEF 14A

compensation program against other companies in our industry and related industries. In connection with its review, Cook & Co. generally evaluated the following elements of our compensation program:

current compensation program for our named executive officers including base salary, annual and long-term incentives, benefits and perquisites and stock ownership guidelines;

a competitive analysis of compensation levels for the Company's eight most senior executives including base salary, annual bonus and long-term incentives;

an assessment of share usage and overhang at Rockwood relative to the current and 3-year average levels among the peer group;

an analysis of the aggregate value of Rockwood's long-term incentive grants on an absolute basis and as a percent of market capitalization and revenue, relative to the current and 3-year average levels among the peer group;

pay for performance alignment; and

the compensation of our board of directors.

Cook & Co. compared these elements of compensation for our named executive officers to our peer group. Cook & Co. also compiled and presented published survey data, which is used as a broader industry reference for compensation of general industrial organizations. This data reflected industry information for functionally comparable positions at organizations of similar size to Rockwood and was referenced by the Committee as general information in evaluating compensation. Specifically, Cook & Co. provided data for public companies of comparable business character and size, including companies in the chemical industry, that include Air Products and Chemicals, Inc., Albemarle Corporation, Cabot Corporation, Celanese Corporation, Cytec Industries Inc., Eastman Chemical Company, FMC Corporation, The Lubrizol Corporation, Nalco Holding Company, RPM International Inc., Sigma-Aldrich Corporation, W.R. Grace & Co. and The Valspar Corporation. In addition, Cook & Co. compared the compensation of our named executive officers to published compensation survey data for similar executive job descriptions. Finally, Cook & Co. evaluated the compensation of our non-employee directors. In 2011, Rockwood paid Cook & Co. \$90,402 for assessing the amount and form of compensation for our non-employee directors, named executive officers and certain other key executives.

The Committee sets the primary components of compensation for our chairman and chief executive officer based on our overall compensation philosophy and following consultation with Cook & Co. For compensation decisions related to our other named executive officers and key employees, our chairman and chief executive officer makes recommendations to the Committee which, in consultation with Cook & Co., ultimately determines such compensation.

Risk Analysis of Performance-Based Compensation Plans

The vast majority of compensation provided to our named executive officers and key employees is performance-based. Our compensation programs encourage our named executive officers and key employees to remain focused on both short- and long-term financial measures. For example, in the past certain of our performance-based restricted stock unit awards vest based upon growth in our three-year annualized earnings per share and earnings before interest, taxes, depreciation and amortization and certain other adjustments ("Adjusted EBITDA"), as more fully described under Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations Definition of Adjusted EBITDA", of Rockwood's Form 10-K for the fiscal year ending December 31, 2011, while more recent performance-based restricted stock unit awards vest based on total stockholder return. In addition, the nature of stock option, market stock unit and restricted stock unit awards generally encourage our named executive officers and key employees to focus on sustained stock price appreciation. Similarly, in

Edgar Filing: Rockwood Holdings, Inc. - Form DEF 14A

certain years under the 2009 Rockwood Holdings, Inc. Short-Term Incentive Plan ("Short-Term Incentive Plan"), the targets measure our financial performance against annual budget targets for Adjusted EBITDA and working capital and focus primarily on short-term financial measures. Accordingly, we believe the mix of compensation is such that it does not encourage excessive risk taking. Rockwood also has stock ownership guidelines that require long-term equity ownership by senior executives and "claw-back" provisions related to our annual cash incentive and our December 2010 and 2011 long-term incentive grant that discourage excessive risk taking.

Compensation Committee Report

The Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based on its review and discussion with management, the Committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference in the Company's Annual Report on Form 10-K for the year ended December 31, 2011.

Compensation Committee Interlocks and Insider Participation

The compensation levels of our executive officers are currently determined by the Committee as described in this proxy statement. None of our executive officers currently serves or has served as a director or member of the Committee, or other committee serving an equivalent function, of any entity of which an executive officer currently serves or is expected to serve as a director or a member of the Committee.

Corporate Governance and Nominating Committee

Our corporate governance and nominating committee currently consists of Nance K. Dicciani, Sheldon R. Erikson, and Douglas L. Maine. Dr. Dicciani is the chairperson. The corporate governance and nominating committee is comprised solely of independent directors.

The corporate governance and nominating committee is responsible for:

developing corporate governance guidelines;

developing and recommending criteria for selecting new directors;

overseeing the evaluation of the board of directors and individual board members;

reviewing and evaluating succession plans, including screening and recommending to the board of directors individuals qualified to become executive officers;

overseeing and approving the management continuity planning process;

overseeing certain material risk exposures, such as compliance and safety, health and environmental risk; and

handling such other matters that are specifically delegated to the corporate governance and nominating committee by the board of directors from time to time.

Edgar Filing: Rockwood Holdings, Inc. - Form DEF 14A

In nominating candidates to serve as directors, the board of directors' objective, with the assistance of the corporate governance and nominating committee, is to select individuals whose particular experience, qualifications, attributes and skills can be of assistance to management in operating our business and enable the board of directors to satisfy its oversight responsibility effectively. In identifying prospective director candidates, the corporate governance and nominating committee may seek referrals from other members of the board of directors, management, stockholders and other sources. When evaluating the recommendations of the corporate governance and nominating committee, the board of directors considers, among other things, whether individual directors possess the following personal characteristics: high ethical standards, integrity, accountability, informed judgment, financial literacy, mature confidence and high performance standards. The board of directors believes that, as a whole, it should possess all of the following core competencies, with each candidate contributing knowledge, experience and skills in at least one domain: accounting and finance, business judgment, management, industry knowledge, leadership, international business experience and strategic vision. In addition, although the board of directors does not have a policy with regard to the consideration of diversity in identifying director nominees, among the many factors that the corporate governance and nominating committee carefully considers, are the benefits to the Company of national origin, gender, race, global business experience and cultural diversity in board composition.

When considering whether the directors and nominees have the experience, qualifications, attributes and skills, taken as a whole, to enable the board of directors to satisfy its oversight responsibilities effectively in light of the Company's business and structure, the board of directors focused primarily on the information discussed in each of the board members' biographical information set forth on pages 5 to 7. In addition, the corporate governance and nominating committee considered the following characteristics about each director:

Seifi Ghasemi Mr. Ghasemi's extensive business and strategic experience as a Chairman and CEO of Rockwood and other industrial companies, serving on the board of directors of another public corporation and strong technical and financial background leads the Company to conclude that he should continue to serve as a director of Rockwood;

Sheldon R. Erikson Mr. Erikson's long-term experience as a Chairman and CEO of industrial companies leads the Company to conclude that he should continue to serve as a director of Rockwood;

Brian F. Carroll Mr. Carroll's experience overseeing KKR investments, serving as a member of the board of directors of other public companies, serving on the Rockwood board of directors since 2000 and strong capital markets experience leads the Company to conclude that he should continue to serve as a director of Rockwood;

Todd A. Fisher Mr. Fisher's experience overseeing KKR investments, serving as a member of other public boards of directors, serving on the Rockwood board of directors since 2000 and strong mergers and acquisition and capital markets experience leads the Company to conclude that he should continue to serve as a director of Rockwood;

Douglas L. Maine Mr. Maine's extensive financial background, management experience with a large global company, and serving as a director of two other public companies leads the Company to conclude that he should continue to serve as a director of Rockwood;

Nance K. Dicciani Dr. Dicciani's experience as chief executive of specialty chemicals and materials businesses of large global public chemical companies and strong technical background leads the Company to conclude that she should be re-elected as a director of Rockwood; and

J. Kent Masters Mr. Masters' experience in strategic and operational leadership roles for global industrial companies leads the Company to conclude that he should be re-elected as a director of Rockwood.
