Casting Your Vote

For each proposal, Stockholders are entitled to cast one vote for each share of Common Stock held on the Record Date. Shares of Common Stock may not be voted cumulatively. You may cast your vote by any of the methods listed below. Please refer to the detailed instructions included with your Proxy for submission deadlines and step-by-step instructions.

Vote by Mail. Complete, date and sign your Proxy. Mail it in the pre-paid envelope that is provided so that it reaches us before the deadline specified on the Proxy.

Vote by Telephone. Call the toll-free telephone number provided with your Proxy and, with the Proxy card in hand, follow the instructions. The deadline for telephone voting is 11:59 p.m. Eastern Daylight Time on May 8, 2012.

Vote by Internet before the Annual Meeting. Use your computer to access the website listed on the voting form and, with the Proxy card in hand, record your vote. The deadline for Internet voting is 11:59 p.m. Eastern Daylight Time on May 8, 2012.

Vote by Internet during the Annual Meeting. You may vote electronically during the Annual Meeting, prior to the announcement that the polls are closed. To vote electronically during the Annual Meeting: (1) log on to www.ciber.com/cbr/annualmeeting and, with the Proxy card in hand, register to enter the Annual Meeting website, (2) select the "Vote" button and complete the questions that verify your eligibility to vote and (3) characterize the nature of your vote (i.e., first vote, withdrawal of prior vote, etc.). IVS Associates has been selected to tabulate the votes and to act as Inspector of Elections.

Quorum and Election

Quorum. Our bylaws provide that the presence, in person or by Proxy, of the holders of not less than a majority of the shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum to conduct business at an Annual Meeting. Since attendance at the Annual Meeting is usually low, a quorum can only be achieved by Stockholder participation by Proxy. Please complete your Proxy and return it promptly.

Election. Delaware and federal law and our bylaws provide the following:

Election of Directors. Directors shall be elected by a plurality of shares present in person or by Proxy and entitled to vote at the Annual Meeting on the election of directors. A director wins by "plurality" when he or she receives more votes than the number of votes cast for any other nominee.

Table of Contents

Advisory Approval regarding the compensation of the Company's named executive officers. With respect to the advisory approval of the Company's executive compensation, an affirmative vote of a majority of shares present in person or by Proxy at the Annual Meeting and entitled to vote on the subject matter will be considered to be the advice of the Stockholders and the Board will take such advice into consideration.

Additional Matters. In all matters to be presented at the Annual Meeting other than the election of directors, the affirmative vote of a majority of shares present in person or by Proxy at the Annual Meeting and entitled to vote on the subject matter will be the act of the Stockholders.

Tabulation of Your Proxy

The Inspector of Elections will tabulate your Proxy as follows:

All shares represented by a properly executed Proxy will be voted at the Annual Meeting in accordance with your instructions, unless you have taken steps to revoke or withdraw your Proxy.

Shares that are voted WITHHOLD or ABSTAIN will be counted as "present" for quorum purposes, but will have the same effect as voting against a proposal for which there is a majority voting standard.

"Broker non-votes" are Proxies for shares held in street name by brokers or nominees, for which (i) instructions have not been received from the beneficial owner or person entitled to vote and (ii) the broker or nominee does not have discretionary voting power under applicable national securities exchange rules or the instrument under which it serves in such capacity. Broker non-votes are counted as "present" for quorum purposes, but they are treated as not entitled to vote on the matter. Therefore, broker non-votes are not counted for purposes of determining whether Proposal No. 1, Proposal No. 2 or Proposal No. 3 has been approved. Broker non-votes may be counted for purposes of determining whether Proposal No. 4 has been approved.

If you sign and date your Proxy, but do not provide instructions, your shares will be voted:

FOR ALL the Board of Directors nominees for Class III Director (Proposal No. 1)

FOR advisory approval of the compensation of the Company's named executive officers (Proposal No. 2)

FOR approval of an increase in the number of shares authorized for issuance under the CIBER, Inc. Employee Stock Purchase Plan by 2,500,000 shares (Proposal No. 3)

FOR the ratification of Ernst & Young LLP as our Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2012 (Proposal No. 4)

Table of Contents

**You May Revoke or Change
Your Proxy**

In addition to executing your voting instructions, the persons named in the Proxy will have discretionary authority to vote all Proxies with respect to additional matters that may be properly presented for action at the Annual Meeting. We are not aware of any other business to be presented at the Annual Meeting. At any time prior to final tabulation of the votes on May 9, 2012, you may change your vote or revoke your Proxy by following one of the procedures set forth below:

Deliver a letter, signed and in writing, to our Corporate Secretary stating your desire to revoke your Proxy. The letter must be dated later than the date stated on the Proxy you wish to revoke. Address the letter to CIBER, Inc., Corporate Secretary, 6363 South Fiddler's Green Circle, Suite 1400, Greenwood Village, Colorado 80111.

Deliver a Proxy bearing a date later than the Proxy you wish to revoke to Broadridge Financial Solutions, Inc. ("Broadridge"), 51 Mercedes Way, Edgewood, NY 11717. You may use any available voting method to deliver your new Proxy, but the new Proxy must be received by Broadridge before the deadline for mail, telephone or Internet voting.

Attend the Annual Meeting via the Internet and submit your vote prior to the close of the polls. Follow the instructions for voting online during the Annual Meeting, which appear earlier in this section of this Proxy Statement. Please note, attending the electronic Annual Meeting will not, absent specific instructions from you, revoke or alter your Proxy.

**Proxies of Executive
Officers & Directors**

As a group, our executive officers and directors own or may be deemed to control approximately 10.92% of the outstanding shares of our Common Stock. Each of the executive officers and directors has indicated his/her intent to vote all shares of Common Stock owned or controlled by him/her:

This Proxy Solicitation is made by and on behalf of our Board of Directors. The proposals described in this Proxy Statement were unanimously approved and authorized for Stockholders' consideration by our Board of Directors. To date, no director has retracted his support for any proposal appearing on the agenda or notified us of his intention to oppose the same. Solicitation of Proxies for use at the Annual Meeting may be made by regular mail, by email or in person by our directors, officers and regular employees. These individuals will receive no additional compensation for any solicitation activities. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of Common Stock beneficially owned by others to forward to those beneficial owners. We may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to beneficial owners. In addition, we have retained Morrow & Co. LLC, 470 West Ave., Stamford, CT 06092, a proxy solicitation company, to assist with this solicitation for a fee of approximately \$10,000, plus reasonable out-of-pocket expenses. We will bear the entire cost of solicitation of Proxies, including the preparation, assembly, printing and mailing of this Proxy Statement, the Proxy and any additional information furnished to Stockholders.

DEADLINE FOR STOCKHOLDER PROPOSALS FOR THE 2013 ANNUAL MEETING

Stockholders may submit proposals on matters appropriate for Stockholder action at our annual Stockholder meetings. To have your proposal included in our Proxy Statement and form of Proxy and to properly bring your proposal before an Annual Meeting: (1) you must be eligible to make the proposal; (2) your proposal must be appropriate for Stockholder action at an Annual Meeting; and (3) your proposal must be presented in writing and received by our Secretary at our principal executive offices not less than 90 calendar days nor earlier than the close of business on the 120th calendar day prior to May 9, 2013. *Proposals submitted before January 9, 2013 and after February 8, 2013, will be considered untimely and will not be eligible for inclusion in the Proxy Statement and on the form of Proxy for the 2013 Annual Meeting, and will not be considered at the meeting.* To be included in our Proxy Statement, all proposals must conform to the procedures established by the Securities and Exchange Commission ("Commission") in Section 14a-8 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The persons named in our Proxy will have discretionary authority to vote all Proxies with respect to any untimely proposals. Stockholder notices regarding proposals must be received no later than the deadline set forth above and contain the specific information required by our bylaws. Stockholders will be furnished a copy of our bylaws, without charge, upon written request to the Corporate Secretary. Please address Stockholder proposals to CIBER, Inc., Corporate Secretary, 6363 South Fiddler's Green Circle, Suite 1400, Greenwood Village, Colorado 80111.

PROPOSAL No. 1 ELECTION OF DIRECTORS

Background. Each year at our Annual Meeting of Stockholders, directors constituting approximately one-third of the Board are elected for a three-year term or until a successor is duly elected and qualified. The terms of current Class III Directors, Mr. Paul A. Jacobs, Mr. Archibald J. McGill and Mr. David C. Peterschmidt, will expire at this 2012 Annual Meeting. The terms of the Class I Directors, Mr. Jean-Francois Heitz, Mr. James C. Spira and Mr. Bobby G. Stevenson, will expire in 2013. The terms of the Class II Directors, Mr. Michael Boustridge, Mr. Stephen S. Kurtz and Dr. Kurt J. Lauk, will expire in 2014.

Pursuant to our bylaws, vacancies on the Board may be filled by the affirmative vote of a majority of the remaining directors then in office. A director elected to fill a vacancy, including a vacancy created by an increase in the size of the Board, serves for the remainder of the full term of the new directorship or of the class of directors in which the vacancy occurred. If the number of directors is changed, any increase or decrease shall be apportioned among the classes so as to maintain the number of directors in each class as nearly equal as possible, but in no case will a decrease in the number of directors shorten the term of any incumbent director.

Description of Proposal No. 1. Proposal No. 1 asks you to elect three individuals to serve as Class III Directors for the ensuing three-year term to expire in 2015, or until a successor is elected and qualified.

The Nominating/Corporate Governance Committee, with the approval of the non-incumbent members of the Board, has nominated for re-election as Class III Directors, Mr. Paul A. Jacobs, Mr. Archibald J. McGill and Mr. David C. Peterschmidt (the "Director Nominees").

We have received no Stockholder proposal or nomination of any other person to stand for election as a Class III Director, timely or otherwise.

Shares represented by Proxies that are not marked to "WITHHOLD ALL" authority to vote for the Director Nominees, or "FOR ALL EXCEPT" a specified individual that you must name, will be voted FOR the election of the Director Nominees. Should the Director Nominees become unavailable or unwilling to serve as directors, persons named in the Proxy intend to cast votes for which they hold Proxies in favor of the election of such other person as the Board may designate. The Board knows of no reason why Mr. Paul A. Jacobs, Mr. Archibald J. McGill or Mr. David C. Peterschmidt would be unable or unwilling to serve on the Board.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR ALL" THE NOMINEES

Table of Contents**DIRECTORS AND EXECUTIVE OFFICERS**

The following table sets forth our directors and executive officers, their ages, positions currently held with us, the year elected as director or appointed as officer and class of directorship. Directors are elected to serve three-year terms, or until a successor is elected and qualified. Executive officers serve at the pleasure of the Board for a term of one year, subject to review and renewal annually. For information about the ownership of our voting securities held by each director, director nominee or executive officer, see "Security Ownership of Certain Beneficial Owners and Management." *Information about Director Nominees is indicated by an asterisk (*) in the table below and in the narrative following the table.*

As noted on page 20, when our Nominating/Corporate Governance Committee considers candidates for director, the Committee looks for experience with acquisitions, experience in marketing and sales, experience as a chief executive officer or chief financial officer, knowledge of our industry, experience with finance, accounting, internal audit and other financial matters, respect for the fiduciary responsibilities of directors to stockholders, leadership skills, demonstrated sound business judgment, global perspective, interpersonal effectiveness and personal integrity. We believe that our directors bring these skills to their participation on our Board in addition to the specific knowledge and experience noted below with respect to each director.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

In November 2006, our Board adopted a written policy that requires the Audit Committee to review any financial transactions, arrangements or relationships that exceed \$120,000 in which we are a participant and a related party (as defined in Rule 404(b) of Regulation S-K under the Exchange Act) has a direct or indirect interest. Audit Committee approval of any related party transaction will depend upon whether or not the transaction is fair and beneficial to us. Our Related Party Transaction Policy and the conflict of interest provision contained in our Code of Business Conduct and Ethics (the "Code of Conduct") further describe our policies relating to relationships and related party transactions. The Audit Committee was not presented with any proposed related party transactions during 2011.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires that our directors, executive officers and persons who beneficially own greater than 10% of a registered class of our equity securities file initial reports of ownership and changes in ownership of such securities with us and the Commission. Based solely upon our review of copies of the Section 16(a) reports and the written representations we have received from our reporting persons, we believe that during the year ended December 31, 2011, all of our directors, executive officers and greater than 10% beneficial owners were in compliance with Section 16(a) reporting requirements.

CORPORATE GOVERNANCE PRACTICES

The Board met five (5) times in 2011 in regularly scheduled quarterly and special meetings. Each director, including incumbents, participated either in person or by telephone conference in at least 75% of all 2011 regularly scheduled quarterly Board meetings and committee meetings (of which such director was a member), and for the period such director was a director. Table of Contents

Corporate Governance

We have had informal governance standards in place since our inception in 1974 that have evolved to accommodate our growth over the years and our subsequent changing governance practices. Our Board has adopted formal Corporate Governance Principles (the "Principles") to address matters of corporate governance including, but not limited to, Board composition and leadership, Board member qualifications, compensation, tenure and succession, Board organization, term and age limits, service on additional public company boards and audit committees, and committee operation and responsibilities. Board members are also subject to the requirements of CIBER's Code of Conduct which includes, among other things, a conflict of interest policy. In addition, in November 2006, the Board adopted a policy with respect to related party transactions, as discussed in more detail above. The Principles, Code of Conduct and Related Party Transaction Policy can be found on our website at www.ciber.com under "Investor Relations," or you may request a copy by writing to us at CIBER, Inc., 6363 South Fiddler's Green Circle, Suite 1400, Greenwood Village, Colorado 80111, Attention: Investor Relations.

Board Leadership Structure and Executive Sessions

The positions of Chief Executive Officer and Chairman of the Board of Directors are separated at CIBER. In our Board's opinion, such separation allows for more objective evaluation of our CEO's performance, as well as broader distribution of information leading to more effective monitoring of our operations and business strategies. Our non-management directors meet regularly in executive session without management. The executive sessions are chaired by our Chairman of the Board, Paul A. Jacobs. The executive sessions of our non-management directors are held in conjunction with each regularly scheduled Board meeting and many of the special Board meetings.

Board Oversight Role in Risk Assessment and Management

While our entire Board is accountable for and involved in risk oversight, our directors have determined to assign primary responsibility to the Audit Committee. The Audit Committee periodically reviews the risk management processes designed and implemented by the Company and receives reports from Company management to ensure that such are consistent with our corporate strategies and that there is an appropriate culture of risk awareness and assessment in decision making. At the same time, the directors recognize other Board committees, such as our Compensation Committee, have expertise in areas of risk oversight specific to their duties and responsibilities and, consequently, it makes sense to allocate specific aspects of risk oversight to these committees. Each committee periodically reports key risk oversight findings back to the full Board, so that the risk oversight activities are coordinated and consistent with our overall risk management processes. The full Board can then monitor risk taking across the organization and ensure that appropriate risk taking is aligned with and incorporated into our strategic planning process.

Communicating with our Chairman or the Company's Non-Management/Independent Directors

Any Stockholder or other interested party who wishes to contact our Chairman or the non-management/independent members of our Board of Directors or any individual director, may do so by following the procedures set forth on our website at www.ciber.com under "Investor Relations, Corporate Governance, Communications with the Board."

Independence

At least a majority of the members of the Board and all members of the Board's Audit, Compensation and Nominating/Corporate Governance Committees must be independent for purposes of Section 303A of the Listed Company Manual of the New York Stock Exchange ("NYSE"). Upon applying the Company's standards for "independence" identified on our website at www.ciber.com under "Investors Relations, Corporate Governance" and, after reviewing additional relevant facts and

Table of Contents

circumstances, including any related party transactions, the Board has determined that each of the following directors is or was independent and has or had no material relationship with the Company that would impair his independence: Mr. Boustridge, Mr. Heitz, Mr. Jacobs, Mr. Kurtz, Dr. Lauk, Mr. McGill, Mr. Spira and Mr. Stevenson.

The Board also determined that, with respect to their Committee assignments for 2011, Mr. Heitz, Mr. Jacobs, Mr. Kurtz, Dr. Lauk and Mr. McGill had the requisite independence to serve as members of our Audit Committee under both the Exchange Act and NYSE requirements, that Mr. Kurtz, Mr. McGill and Mr. Spira had the requisite independence to serve as members of our Compensation Committee, and that Mr. Jacobs and Mr. Spira had the requisite independence to serve as members of our Nominating/Corporate Governance Committee.

With respect to the Committee assignments for 2012, the Board has determined that Mr. Heitz, Mr. Jacobs, Mr. Kurtz, Dr. Lauk, and Mr. Stevenson have the requisite independence to serve as members of our Audit Committee under both the Exchange Act and NYSE requirements, that Mr. Heitz, Mr. Kurtz, Mr. McGill and Mr. Spira have the requisite independence to serve as members of our Compensation Committee, and that Mr. Jacobs, Dr. Lauk, Mr. McGill and Mr. Spira have the requisite independence to serve as members of our Nominating/Corporate Governance Committee. Mr. Boustridge has not yet been given a committee assignment.

Code of Business Conduct and Ethics

Our Code of Conduct is applied consistently to all employees and has been a prominent part of the Employee Handbook for several years. The Board of Directors' adopted Code of Conduct applies to all employees, but has specific requirements for executives and senior financial officers with respect to the ethical standards and obligations relevant to accounting and financial reporting. The Code of Conduct contains procedures for reporting suspected violations of the Code of Conduct and references the Audit Committee procedure for the reporting of questionable accounting and auditing matters or other concerns about accounting and auditing matters. A copy of the Code of Conduct, as well as the Audit Committee Procedures for reporting concerns about accounting or auditing matters, can be found on our website at www.ciber.com under "Investor Relations," or you may request a copy by writing to us at CIBER, Inc., 6363 South Fiddler's Green Circle, Suite 1400, Greenwood Village, Colorado 80111, Attention: Investor Relations. If a waiver from the Code of Conduct is granted to an executive officer or director, the nature of the waiver will be disclosed on our website, in a press release or in a current report on Form 8-K.

NOMINATING/CORPORATE GOVERNANCE COMMITTEE CHARTER

The Nominating/Corporate Governance Committee's Charter can be found at www.ciber.com/cbr under "Corporate Governance." We believe that our directors must bring the skill mix and experience necessary to perform the Board of Directors' oversight function effectively. Prospective Board members are identified by a combination of methods, including use of search firms, studying other boards, word-of-mouth in industry circles, inquiries of outside professionals and recommendations made to us. Although, we do not have a formal policy with regard to the consideration of diversity, when considering candidates for director, our Nominating/Corporate Governance Committee looks at the entirety of our Board and seeks to add skills and experience which complement other members of the Board, rather than director nominees who may represent a particular constituency. We value, encourage and draw upon diverse viewpoints, believing that they add perspective and creativity to our discussion of business issues and challenges. The Committee considers a number of factors including, but not limited to, the following:

Experience with acquisitions

Experience in marketing and sales

Experience as a chief executive, chief operating or chief financial officer

Knowledge of our industry

Experience with finance, accounting, internal audit and other financial matters

Respect for the fiduciary responsibilities of directors to stockholders

Leadership skills

Demonstration of sound business judgment

Global perspective and experience

Interpersonal effectiveness

Personal integrity

The number of other boards and committees on which a candidate serves

When the Nominating/Corporate Governance Committee is recruiting Board members to serve on a designated committee, the Committee also takes into account skills and experience specific to that committee. For example, Audit Committee members must be financial experts and/or financially literate.

The Nominating/Corporate Governance Committee will consider nominees recommended by the Stockholders applying the criteria described above and in accordance with the process outlined below. Please also refer to the section titled "Deadline for Stockholder Proposals for the 2013 Annual Meeting" located on page 6 for information related to Stockholder nominations.

COMPENSATION OF DIRECTORS

Our Board periodically reviews and establishes the compensation of our non-employee directors based on recommendations from the Compensation Committee in consultation with our CEO. In setting director compensation, we review, among other things, director compensation surveys in publications for boards of directors and the publicly-available data of our Peer Group. (Please see below under "Compensation Setting Process" for a detailed discussion of our Peer Group.)

2011 Non-Employee Director Compensation Program

On November 9, 2010, upon the recommendation of the Compensation Committee and following a review of the director compensation practices of our Peer Group by the Compensation Committee's compensation consultant, our Board adopted a new non-employee director compensation program effective January 1, 2011, with the exception of the initial RSU awards granted to new non-employee directors, which became effective November 9, 2010. The following table sets forth the components of this program.

The initial RSU awards vest in equal quarterly installments over a period of three years. The annual RSU awards vest in equal quarterly installments over a period of one year. All equity awards are made under the CIBER, Inc. 2004 Incentive Plan (the "2004 Incentive Plan"), which was last amended and approved by the Company's Stockholders on May 18, 2011. Employee directors receive no additional compensation for serving on our Board.

There are no changes to the non-employee director compensation program for 2012.

Stock Ownership and Holding Requirements

Each of our non-employee directors is required to own shares of the Company's Common Stock with a minimum value of \$100,000. Non-employee directors who were serving on our Board as of February 23, 2010, have three years from February 2010 to meet this stock ownership requirement. A non-employee director elected or appointed after February 23, 2010, has three years from the date of his or her initial election or appointment to our Board to meet this stock ownership requirement. In addition, all non-employee directors are also required to hold at least 50% of any shares of the Company's Common Stock acquired upon the vesting of any stock awards or exercise of stock options through the non-employee director compensation program for at least a six-month period after such vesting or exercise.

Other Director Compensation Matters

We reimburse our non-employee directors for travel and lodging expenses incurred in connection with their attendance at Board and Stockholders' meetings and at other Company-sponsored events. We also make health care insurance and long-term care insurance available to our non-employee directors and/or their spouses. The non-employee directors may participate at their option. The cost to us of long-term care insurance depends on the age of the director and/or spouse electing to participate. Except as set forth below for Mr. Stevenson, directors receive no perquisites or other personal benefits, other than health care insurance and long-term care insurance.

When Mr. Stevenson resigned as Chairman of our Board on April 11, 2010, the amounts reflected in the "All Other Compensation" column below, which had previously been allocated between the Company and Mr. Stevenson, based on the respective benefits to and use of the perquisites by the Company and Mr. Stevenson, are now fully allocated to and used solely by Mr. Stevenson. Also, in connection with the change in his role, our Board approved certain perquisites and other benefits for Mr. Stevenson in recognition of his status as the Company's Founder and that are conditioned upon his compliance with certain restrictions. Such perquisites and other personal benefits, which are reported in the "All Other Compensation" column of the 2011 Director Compensation Table for each year are as follows:

Office space through July 31, 2016;

Administrative support through December 31, 2013;

Health care insurance for Mr. Stevenson and his spouse, while he is a member of our Board;

Company-paid health care insurance for Mr. Stevenson and his spouse for three years after Mr. Stevenson ceases to be a member of our Board, subject to certain limitations;

Participation in the Company's health care insurance plan for a period of 10 years after the three year period previously noted for Mr. Stevenson and his spouse, to the extent permitted under the Company's insurance plans, and subject to Mr. Stevenson's reimbursement of the net cost of such insurance to the Company;

Payment annually when due, of the remaining premiums on the long-term care insurance covering Mr. Stevenson's spouse; and

Edgar Filing: CIBER INC - Form DEF 14A

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

This Compensation Discussion and Analysis provides information regarding the 2011 compensation program for our principal executive officer, each individual who served as our principal financial officer at any time during the fiscal year, the three executive officers (other than the chief executive officer and chief financial officer), who were employed by the Company at fiscal year-end and who were the most highly-compensated executives of the Company, and two executive officers who would have been included in the top three most highly-compensated executives, but were not with the Company at fiscal year-end. For 2011, the Company's Named Executive Officers (the "NEOs") were:

David C. Peterschmidt, our President and Chief Executive Officer (our "CEO");

Claude J. Pumila, our Executive Vice President and Chief Financial Officer (our "CFO"), who joined the Company on April 4, 2011;

Richard Genovese, our Executive Vice President and Chief Operating Officer (our "COO"), who joined the Company on September 6, 2011;

Tom van den Berg, our Executive Vice President Global Accounts;

Cynthia Boucher, our Senior Vice President and General Manager IT Outsourcing division;

Peter H. Cheesbrough, who served as our Executive Vice President and Chief Financial Officer from January 1, 2011 to April 4, 2011, at which time he resigned from all Company positions and resigned from all Board of Director positions with the Company and its affiliates as of April 29, 2011;

Tony Hadzi, who served as Executive Vice President and President North America division, until April 30, 2011; and

Terje Laugerud, who served as our Executive Vice President and President International division, until July 31, 2011.

This Compensation Discussion and Analysis describes the material elements of our executive compensation program for 2011. It also provides an overview of our executive compensation philosophy, including our principal compensation policies and practices given the goals and objectives of the Company's executive leadership, its strategic plan, and the Stockholder feedback we received at last year's annual meeting regarding executive compensation. The following section also analyzes how and why the Compensation Committee of our Board of Directors (the "Compensation Committee") arrived at the specific compensation decisions for our executive officers, including the NEOs, in 2011, and

discusses the key factors that the Compensation Committee considered in determining NEO compensation.

Executive Summary

Business Results

CIBER undertook an intensive strategic planning process in the fall of 2010 that resulted in a new business plan and several key leadership changes. This process resulted in the reorientation of the Company's long-term strategic plan to include the following principal initiatives: (1) focusing on high-value, tightly-defined core offerings with a well-developed portfolio of reusable solution sets, (2) developing a world-class sales organization and (3) performing under heightened operational regimens. CIBER made progress on these fronts in 2011.

We formalized our strategy, and reduced the risk in our operating model by instilling significant operational regimens and disciplines.

We strengthened our Board and senior management, including the appointment of a new COO to ensure we operate as one company globally.

We increased investment in offshore delivery and narrowed our focus to higher quality offerings and verticals.

While our top line performance was disrupted from the transformation in our business, we did improve our cost structure to make sure we are on the path to increased margins.

We reduced the leverage on our balance sheet through significant improvements to our cash collection processes, and we sold our non-strategic Federal division.

We made significant investments to strengthen our business model, including executive changes, sales force and delivery realignment, and vertical and product offering refinements.

A key aspect of our progress in 2011 was the strengthening of our executive and senior management. We hired a new Executive Vice President and Chief Financial Officer and a new Executive Vice President and President of our North American division who was then promoted to our Chief Operating Officer with responsibility for both our North America and International divisions. As explained more fully below in the description of our cash incentive compensation program, our CEO, CFO and COO, as well as their teams are subject to rigorous cash incentive compensation targets for which they will be held accountable. We also provide our executive team with long-term equity compensation which encourages their retention because of the multi-year nature of the grants while at the same time providing them with a potential upside in the value of their compensation and tying their performance to Company Stockholder value. Additionally, to ensure further alignment to our strategic initiatives and the operational regimens, our Compensation Committee and CEO have worked to realign the compensation plans for our sales and delivery employees, as well as our senior management. As set forth below, we will be paying our employees for accomplishing and exceeding the goals of our collective organization.

Executive Compensation Highlights

As reflected by our compensation philosophy and in consideration of our business results, we set the 2011 compensation of our executive officers, including the NEOs, based on their ability to achieve annual operational objectives that further our long-term business objectives, and to create sustainable long-term Stockholder value in a cost-effective manner.

Consistent with our commitment to best practices in executive compensation, during 2011, we continued to maintain the following compensation policies and practices:

We have "at will" employment agreements with annual reviews of base salary and cash and equity incentives and with consistent Change in Control and severance provisions;

Our annual cash incentive award opportunities are based on performance against multiple financial measures;

We do not provide tax gross-ups or other reimbursements to the NEOs;

We do not provide excise tax gross-ups or other reimbursements on change in control payments and benefits;

We do not provide "single trigger" change in control benefits;

Our NEOs and directors are subject to stock ownership guidelines; and

Our NEOs' stock options and RSU awards are subject to multi-year vesting over a three- or four-year period.

For 2011, the Compensation Committee took the following actions with respect to the compensation of our executive officers, including the NEOs:

We approved a compensation package for our new Executive Vice President and Chief Financial Officer, which is described in more detail in "Executive Officer Employment Packages;"

We approved a compensation package for our new Executive Vice President of CIBER North America division, which is described in more detail in "Executive Officer Employment Packages;"

We increased the base salaries for Mr. Peterschmidt by 12% and Mr. Pumilia by 10% to move them closer to our 50th percentile philosophy for total compensation;

We increased the base salary for Mr. Genovese from \$380,000 to \$480,000 in connection with his promotion to Chief Operating Officer;

We established annual cash incentive awards designed to move toward the 50th percentile for total compensation; our performance in 2011 resulted in actual annual cash incentive award payments averaging 25-27% of the target amounts for the NEOs and other members of senior management, which more closely reflects our 2011 financial results;

As a part of our annual equity incentive program, we awarded grants in the form of time-vested stock options and RSU awards to Mr. van den Berg of 120,000 stock options and 50,000 RSU awards, to Ms. Boucher of 100,000 stock options and 40,000 RSU awards, and to Messrs. Laugerud and Hadzi of 200,000 stock options and 60,000 RSU awards; the grant date fair values of these awards is reflected in our Summary Compensation and Grants of Plan Based Awards Tables.

We also granted Mr. Peterschmidt a 400,000 RSU award in connection with his annual performance review; the grant date fair value of which is reflected in our Summary Compensation and Grants of Plan Based Awards Tables.

We approved a compensation package for the transition of our former Executive Vice President and Chief Financial Officer, which is described in more detail in "Executive Transition of Mr. Cheesbrough;" and

Edgar Filing: CIBER INC - Form DEF 14A

We revised "at-will" employment agreements for our Executive Vice Presidents, Senior Vice Presidents and Vice Presidents to standardize terms and conditions, including post-employment compensation provisions.

Results of 2011 Stockholder Advisory Vote on Executive Compensation

At our 2011 Annual Meeting of Stockholders, our Stockholders expressed their continued support of our executive compensation programs by voting to approve, on a non-binding advisory basis, the compensation of our NEOs. More than 80% of votes cast at last year's Annual Meeting supported our executive compensation policies and practices. The Compensation Committee, which is responsible for designing and administering the Company's executive compensation program, values the opinions of our Stockholders and has considered the outcome of the 2011 Stockholder vote in making compensation decisions for 2012, and will continue to take into account the outcome of future Stockholder votes in making future executive compensation decisions. The Compensation Committee continues to believe that our executive compensation program is designed to support our Company and our business strategies, in concert with our compensation philosophies and guiding principles.

We encourage you to read this Compensation Discussion and Analysis for a detailed discussion and analysis of our executive compensation program, including additional detailed information about the 2011 compensation of the NEOs.

Executive Compensation Philosophy and Objectives

We compete with many other companies to attract and retain a skilled leadership team. To meet this challenge, we have employed and continue to employ a compensation philosophy of offering our executive officers competitive compensation and benefits packages that are focused on long-term value creation and rewarding them for achieving our long-term financial and strategic objectives.

In making decisions about the design and operation of our executive compensation program, the Compensation Committee continues to be guided by the following philosophy:

We seek to provide total compensation opportunities which enable us to recruit and retain executive officers with the experience and skills to manage the growth of our Company and lead us to the next stage of development;

We use compensation vehicles that are designed to establish a clear alignment between the interests of our executive officers and the interests of our Stockholders;

We seek to reinforce a culture of ownership, excellence and responsiveness; and

We seek to offer total competitive and fair compensation opportunities to our executive officers.

Consistent with this overarching philosophy, the Compensation Committee seeks to achieve the following objectives in formulating our compensation policies and making compensation decisions:

Create a direct and meaningful link between our business results, individual performance and rewards;

Provide for significant differentiation in compensation opportunities for performance that is below, at and above target levels;

Provide strong incentives to create a sense of urgency to promote the profitability and growth of the Company to create shareholder value and reward exceptional performance;

Ensure that all executive officers have the opportunity to share in the success we create;

Edgar Filing: CIBER INC - Form DEF 14A

Provide equity awards that reflect potential contributions as measured by position and expertise;

Ensure that compensation plans and arrangements are simple to communicate and understandable; and

Ensure that compensation plans and arrangements are flexible enough to adjust to changing economic circumstances and affordability considerations.

Compensation Program Design

As approved by our Compensation Committee for 2011, the compensation of our executive officers, including the NEOs, consisted of base salary, an annual cash incentive award opportunity and long-term incentive compensation in the form of time vested stock options and RSU awards. Our 2011 executive compensation was performance-driven. The design of our total cash compensation allocated approximately 55%-65% to base salary and approximately 35%-45% to compensation in the form of cash incentive award opportunities. The actual mix of base salary, cash incentive and equity compensation with respect to each NEO for 2011 was subject to the nature of the specific business for which each NEO was responsible, and the judgment of the Compensation Committee in consultation with our CEO. We believed this mix supported our pay-for-performance philosophy and was appropriate to provide each executive officer with a competitive base salary and sufficient "at-risk" compensation to drive performance against objectives, without creating undue risk for the Company as a whole.

We awarded the NEOs non-qualified stock options and RSU awards as equity compensation and as our primary vehicle for long-term incentive compensation. We believe that our equity program focuses management on driving operating performance in a way that aligns the interests of our executive officers with the long-term interests of our Stockholders, while our time-vesting requirement encourages retention. In the beginning of 2011, we reviewed each NEO's performance and awarded both stock options and RSU awards as part of our annual program.

To avoid encouraging unnecessary or excessive risk taking, the Company uses:

a mix of fixed (annual base salary) and variable cash compensation;

performance-based (annual cash incentive award) compensation;

equity awards that vest over a period of time, thus tying an executive officer's equity compensation to the long-term success of the Company; and

above target incentive compensation, if any, is paid based on the completion of full-year performance for achieving or exceeding Company financial goals.

In addition, to bring consistency to our senior executive officer employment relationships, the Compensation Committee has adopted standard "at will" employment agreements that include consistent provisions, by officer level, for any severance or change in control payments and benefits. We have not yet adopted long-term policies or employed guidelines for allocating compensation between current and long-term compensation, between cash and non-cash compensation, or among different forms of non-cash compensation.

Our equity compensation program has been redesigned to provide our executive officers with competitive award norms and internal award equity but, more importantly, to provide them the incentive to remain with the Company and to align the long-term interests of our executive officers with the interests of our Stockholders.

Compensation Setting Process

Role of Compensation Committee

The Compensation Committee is responsible for formulating, determining, reviewing and modifying the compensation of our executive officers, including the NEOs, as well as the development and oversight of the Company's compensation philosophy.

The Compensation Committee has the following responsibilities:

Review and approve corporate goals and objectives relevant to the compensation of our CEO and other executive officers;

Table of Contents

Evaluate the performance of our CEO and other executive officers in light of these criteria and, based on such evaluation, review and approve the annual base salary, annual cash incentive awards, long-term equity awards (including stock options and RSU awards) and, as necessary, post-employment arrangements and health and welfare benefits;

Review, approve and report to our Board with respect to the Company's annual incentive compensation and equity-based plans and grants of awards thereunder;

Review and approve all equity compensation plans and awards of the Company pursuant to our Stockholder approved plans; and

Review succession planning for our CEO and other executive officers.

The Compensation Committee's authority, duties and responsibilities are further described in its charter, which is reviewed, revised and updated, as warranted. The charter is available in the Investor Relations section of the Company's website at www.ciber.com/cbr under "Corporate Governance." As a part of its annual review and approval of the performance criteria and compensation of our executive officers, including the NEOs, the Compensation Committee meets, as necessary, in person and by conference telephone.

Role of Management

In determining the performance criteria and compensation of our executive officers, including the NEOs, the Compensation Committee takes into account the recommendations of our CEO (except with respect to his own compensation). Typically, our CEO will make these recommendations for our executive officers (other than himself) based on his assessment of each executive officer's individual performance, as well as his knowledge of each executive officer's job responsibilities, seniority and expected future contributions.

He also attends meetings of our Board and the Compensation Committee at which executive compensation matters are addressed, except with respect to discussions involving his own compensation. Decisions with respect to our CEO's compensation are made by the Compensation Committee, all of the members of which are also independent members of our Board.

Role of Compensation Consultant

The Compensation Committee is authorized to retain the services of one or more executive compensation advisors from time to time, as it sees fit, in connection with the establishment of cash and equity compensation plans and arrangements and related policies. During 2011, the Compensation Committee retained the services of Compensia, Inc., a national compensation consulting firm, as its compensation consultant. Compensia serves at the discretion of the Compensation Committee. Compensia was engaged to provide advice and information relating to executive officer and director compensation. In 2011, Compensia assisted the Compensation Committee in (i) reviewing our Peer Group, (ii) analyzing executive officer compensation, (iii) reviewing and analyzing market data related to our executive officers' base salaries, cash incentives and long-term incentive compensation levels, (iv) evaluating equity plan design and structures, and (v) evaluating director compensation.

Compensia reports directly to the Compensation Committee and did not provide any services to the Company or its management in 2011 other than those provided to the Compensation Committee described above.

Competitive Market Analysis

The Compensation Committee selected its competitive reference group to comprise a group of companies with median revenues of \$719 million (determined as of September 30, 2011), with business models reasonably similar to the Company's and which represented both business and labor market

Table of Contents

competitors (our "Peer Group"). The compensation practices of our Peer Group were the primary guide used by the Compensation Committee to compare the competitiveness of each compensation component and overall compensation levels (base salary, target annual cash incentive award opportunities and long-term incentive compensation). In June 2011, Compensia suggested that NCI be added to our Peer Group. The Peer Group for 2011 was the same Peer Group used in late 2010, except for the addition of NCI, and consisted of the following companies:

CACI International, Inc.

CBIZ, Inc.

CGI Group Inc.

The Hackett Group, Inc.

iGATE Corporation

ManTech International

MAXIMUS, Inc.

NCI

Perficient, Inc.

Sapient Corp

Syntel, Inc.

The Compensation Committee intends to use this same Peer Group in 2012, but also intends to regularly review the Peer Group to ensure that the companies are appropriate comparators and also will review, on at least an annual basis, the executive compensation practices of our Peer Group.

Compensation Program Components

The following describes each component of our executive compensation program, the rationale for each and how compensation amounts are determined.

Base Salary

To obtain the skills and experience that we believe are necessary to lead our growth, most of our executive officers, including the NEOs, have been hired from other organizations or came to us through acquisitions we have made. Generally, their initial base salaries were established through arms-length negotiation at the time the individual executive officer was hired, taking into account his or her qualifications, experience and prior base salary level. Thereafter, the Compensation Committee conducts an annual review of each executive officer's base salary, with input from our CEO, except with respect to his own base salary, and makes adjustments as it determines to be reasonable and necessary to reflect

Edgar Filing: CIBER INC - Form DEF 14A

the scope of an executive officer's performance, individual contributions and responsibilities, position in the case of a promotion, and market conditions.

The Compensation Committee believes that the base salaries of our executive officers, along with the annual cash incentive opportunities as discussed below, should approximate the market for comparable positions at the companies in our Peer Group at the 50th percentile. As a result of our 2010 and prior year compensation programs, the Company's cash compensation (base salary and cash incentive compensation), rather than being at the desired 50th percentile, approximated the market 75th percentile, while the equity compensation was substantially under market at approximately the 25th percentile. Target total compensation for the NEOs was, consequently, significantly below market for all executive officers at only about the 30th percentile based on our Peer Group comparison. The

Table of Contents

philosophy of targeting at our Peer Group market 50th percentile was implemented in connection with our 2011 compensation setting process for all elements of our executive officer compensation.

Annual Cash Incentive Awards

We use annual cash incentive awards to motivate our executive officers, including the NEOs, to achieve our long-term financial and strategic objectives, while making progress towards our longer-term growth goals, and to reinforce our pay-for-performance culture. As discussed above, we believe in providing our executive officers, including the NEOs, with a target total cash compensation that falls at approximately the median of our Peer Group. To achieve this objective, the Compensation Committee provides annual cash incentive award opportunities that are intended to reward our executive officers, including the NEOs, for achieving financial and strategic objectives that further our annual operating plan. We believe that these awards, which are explicitly linked to corporate and business unit performance, promote long-term Stockholder value creation.

At the beginning of the year, the Compensation Committee approves the specific corporate and business unit performance objectives for that year's awards. Business unit performance objectives for our executive officers are determined based on the recommendations of our CEO (other than with respect to his own annual cash incentive award) and include one or more quantitative factors that relate to the corporate function or business operation that he or she manages. In the case of our CEO, his corporate performance objectives are established by the Compensation Committee and, for 2011, included objective performance measures for revenue and EBITA, as well as qualitative measures such as an assessment of the quality of new employees the CEO attracted to the Company.

At the beginning of 2011, the Compensation Committee adopted an annual cash incentive award program by which cash incentive compensation would be paid against revenue and EBITA dollar targets set forth in the 2011 financial plan approved by the Board of Directors at the end of 2010. Under the program, incentive compensation would be paid quarterly (i.e. 25% of the annual amount is available each quarter), based on whether the quarter's results on an annualized basis met the targets, to create a sense of urgency and discourage thinking that the incentive pay can be made up later in the year. If a quarter's targets were missed, there was no opportunity to make up that quarter's incentive compensation. If achievement is less than 70% of the targets, there would be no cash incentive payment for that particular target. Plan over-achievement, if any, would be paid out only at year end and capped at 200%.

Equity Compensation

We use equity awards to incent and reward our executive officers, including the NEOs, for long-term corporate performance based on the value of the Company's Common Stock and, thereby, to align the interests of our executive officers with those of our Stockholders.

During 2011, the Compensation Committee, with the assistance of Compensia, reviewed the Company's overall equity strategy. To date, based on the review of the compensation practices of our Peer Group, we have determined that the equity formulas used by the Company before 2011 have resulted in equity compensation grant value at approximately the 25th percentile of our Peer Group as a result of a burn rate that has been lower than the industry averages and mostly used in connection with awards to the former CEO and other non-executive management awards. With the approval of an increase in the shares available under the CIBER, Inc. 2004 Incentive Plan in 2011, we were able to award equity during 2011 in amounts that have moved us closer to the desired 50th percentile.

The Compensation Committee believes that the Company should provide annual equity awards using a combination of stock options and time-based RSU awards with three- or four-year vesting schedules, so that, to meet our retention objectives, our executive officers will have significant amount of unvested value in their outstanding equity awards. This approach will help our executive officers

Table of Contents

more clearly understand the ongoing value of our equity program and help enable us to attract and retain executive talent.

We do not apply a rigid formula in determining the size of the equity awards that have been granted to our executive officers upon their initial employment. Instead, these awards are established through arms-length negotiation at the time the individual executive officer is hired. The Compensation Committee determines the size of each award at levels it considers appropriate to create a meaningful opportunity for reward predicated on the creation of long-term Stockholder value, as well as competitive award value norms, assessment of individual contributions and the criticality of the executive officer's position (based on our CEO's recommendations), internal equity, past awards including currently vested and unvested positions and the size of the pool currently available for awards. The Compensation Committee has granted equity awards to our executive officers, including the NEOs, based on these factors and will continue to do so as part of our annual review of equity awards.

Our Board has delegated limited authority to our CEO to grant stock options and other equity awards only with respect to employees who have not been designated "officers," as that term is defined under Section 16 of the Exchange Act.

Retirement and Other Benefits

We have established a tax-qualified Section 401(k) retirement savings plan available on the same terms and conditions to all of our full-time employees, including the NEOs. Under this plan, participants may elect to make pre-tax contributions of up to 75% of their compensation, with the exception of employees who meet the IRS discrimination testing definition of "highly-compensated employees," who may contribute a maximum of 9%. Contributions made may not exceed the statutory income tax limitation, which was \$16,500 in 2011. Currently, we match up to 25% of the first 6% of compensation contributed to the plan, based on length of service with the Company, with a limit of \$1,500 per calendar year. We intend for the plan to qualify under Section 401(a) of the Internal Revenue Code, so that contributions by participants to the plan, and income earned on plan contributions, are not taxable to participants until withdrawn from the plan.

Additional benefits received by our executive officers, including the NEOs, include medical, dental, and vision benefits, medical and dependent care flexible spending accounts, short-term and long-term disability insurance, accidental death and dismemberment insurance, and basic life insurance coverage. These benefits are provided to our executive officers on the same basis as to all of our full-time employees. The NEOs are also eligible to participate in a long-term care insurance program.

We design our employee benefits programs to be affordable and competitive in relation to the market, as well as compliant with applicable laws and practices. We adjust our employee benefits programs as needed based upon regular monitoring of applicable laws and practices and the competitive market.

We do not view perquisites or other personal benefits as a significant component of our executive compensation program. From time to time, we have provided limited perquisites to certain executive officers, such as reimbursement of relocation expenses and spousal travel and meals, and access to sporting and event tickets. In the future, we may provide perquisites or other personal benefits in limited circumstances, such as, where we believe it is appropriate to assist an individual executive officer in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment, motivation or retention purposes. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the Compensation Committee.

Table of Contents

Employment Agreements and Post-Employment Compensation

Until 2011, we had "at will" employment agreements with our executive officers, the terms and conditions of which varied among individuals, particularly with respect to provisions relating to termination of employment. The initial terms and conditions of employment of each of the NEOs were set forth in an attachment to his or her employment agreement. With the exception of our CEO's employment agreement, which was negotiated by a special Search Committee of our Board, each of these agreements was negotiated on our behalf by our former Chief Executive Officer or assigned to the Company in the context of an acquisition.

Given the inconsistency among our prior employment agreements and the desire for fair and understandable employment agreements for all our executives, the Compensation Committee determined to implement new "at will" employment agreements with standard, consistent terms and conditions to replace the prior employment agreements for our existing NEOs and for use with our future executive officers. Accordingly, the Compensation Committee recognized the need to develop competitive compensation packages to retain qualified personnel, as discussed more fully above, and to attract qualified candidates to fill our most critical positions. These competitive compensation packages should contain a financial inducement sufficient to retain critical personnel and to motivate candidates to accept our employment offer over any competing offers. At the same time, the Compensation Committee was sensitive to the need to integrate existing and new executive officers into the executive compensation structure that we have been seeking to develop, balancing both competitive and internal pay equity considerations.

Beginning in 2011, these employment agreements replace the assortment of previous employment agreements, as well as the Company's form of Change in Control Agreement to which the NEOs were parties. In addition to standard provisions relating to compensation and benefits, confidentiality, non-competition and non-solicitation of clients and employees, the employment agreements also provide these executive officers, including the NEOs, with certain protection in the event of termination of their employment under specified circumstances, including following a change in control of the Company. We believe that entering into these agreements helps these executive officers maintain continued focus and dedication to their assigned duties to maximize Stockholder value, if there is a potential transaction that could involve a change in control of the Company. The terms and conditions of these agreements were determined after review by our Compensation Committee of our retention goals for each executive officer, as well as an analysis of market data.

For a summary of the material terms and conditions of the severance and change in control provisions in these employment agreements, see "Potential Payments upon Termination or Change in Control."

Regulatory Considerations

The Compensation Committee takes certain tax and accounting requirements into consideration in designing and administering our executive compensation program.

Deductibility of Executive Compensation

Generally, Section 162(m) of the Internal Revenue Code disallows a tax deduction to any publicly-traded corporation for any remuneration in excess of \$1 million paid in any taxable year to its chief executive officer and each of its three other most highly-compensated executive officers, other than its chief financial officer. Remuneration in excess of \$1 million may be deducted if, among other things, it qualifies as "performance-based compensation" within the meaning of the Internal Revenue Code. In this regard, the compensation income realized upon the exercise of stock options granted under a stockholder-approved stock option plan generally will be deductible so long as the options are granted by a committee whose members are non-employee directors and certain other conditions are satisfied.

Table of Contents

To the extent consistent with our overall compensation philosophy and practices, we intend to seek to qualify the variable compensation paid to our executive officers for the "performance-based compensation" exemption from the deductibility limit. As such, in approving the amount and form of compensation for our executive officers, the Compensation Committee considers all elements of the cost to us of providing such compensation, including the potential impact of the Section 162(m) deduction limit. The Compensation Committee may, in its judgment, authorize compensation payments that do not comply with an exemption from the deductibility limit when it believes that such payments are appropriate to attract and retain executive talent.

Taxation of Nonqualified Deferred Compensation

Section 409A of the Internal Revenue Code requires that amounts that qualify as "non-qualified deferred compensation" satisfy certain requirements with respect to the timing of deferral elections, timing of payments and certain other matters. Generally, the Compensation Committee intends to administer our executive compensation program and design individual compensation components, as well as the compensation plans and arrangements for our employees generally, so that they are either exempt from, or satisfy the requirements of, Section 409A. From time to time, we may be required to amend some of our compensation plans and arrangements to ensure that they are either exempt from, or compliant with, Section 409A.

Taxation of "Parachute" Payments

Sections 280G and 4999 of the Internal Revenue Code provide that certain executive officers and directors who hold significant equity interests and certain other service providers may be subject to an excise tax if they receive payments or benefits in connection with a change in control of the Company that exceeds certain prescribed limits, and that the Company, or a successor, may forfeit a deduction on the amounts subject to this additional tax. The employment agreements with our executive officers provide that, if the payments to the executive officer would cause him or her to become subject to the excise tax imposed under Section 4999 (or any similar federal, state or local tax), the Company will reduce the change in control payments or benefits to the extent necessary to avoid the application of the excise tax if, as a result of such reduction, the net benefits payable to the executive officer as so reduced (after payment of applicable income taxes) exceeds the net benefit to him or her of the change in control payment or benefits without such reduction (after payment of applicable income taxes and excise taxes).

Accounting for Stock-Based Compensation

The Compensation Committee considers accounting requirements in designing compensation plans and arrangements for our executive officers and other employees. Chief among these is Financial Accounting Standards Board Accounting Standards Codification Topic 718, or ASC Topic 718, the standard which governs the accounting treatment of certain stock-based compensation. Among other things, ASC Topic 718 requires the Company to record compensation expense in our income statement for all equity awards granted to our executive officers and other employees. This compensation expense is based on the grant date fair value of the equity award and, in most cases, will be recognized ratably over the award's requisite service period, which generally will correspond to the award's vesting schedule. The full grant date fair value of equity awards is reported in the compensation tables below, even though recipients may never realize any value from their equity awards.

2011 Compensation Program and Proposed 2012 Compensation Program

Executive Officer Employment Packages

The Company hired two new executive officers during 2011: Mr. Pumilia as the Company's Executive Vice President, Chief Financial Officer and Treasurer in April 2011, and Mr. Genovese as the Company's Executive Vice President-North America division in September 2011. The terms and conditions related to the employment of these executive officers are described below and the actual details of base salary and cash incentive compensation and equity awards can be found in the discussion and table below and in the 2011 Summary Compensation Table, the 2011 Grants of Plan-Based Awards Table, the 2011 Outstanding Equity Awards at Fiscal Year End Table and the Potential Payments upon Termination or Change of Control Table below.

In connection with the Company's appointment of Mr. Pumilia, the Company and Mr. Pumilia entered into an Executive Vice President Employment Agreement, dated as of March 7, 2011, substantially in the form of the Company's standard executive vice president employment agreement, and which provided for the following, among other things:

- (i) a starting base salary of \$380,000 annually;
- (ii) a target incentive of 90% of base salary, which incentive may be greater or less than 100% of base salary based upon whether performance targets have been achieved or exceeded;

Table of Contents**Base Salary**

The following table reflects the base salaries of the NEOs for 2010, 2011 and 2012 (beginning January 1 of each year). The adjustments to base salary gave consideration to general global economic conditions, the steps that the Company has taken to manage overhead expenses and the market competitiveness of the Company's cash compensation. The base salaries and the annual cash incentive of our executive officers during 2011, are slightly higher (approaching the market 60th percentile) than the base salaries and cash incentive compensation of executives in comparable positions at the companies in our Peer Group, because of the Company's historically high cash positioning. The adjustments made to our executive officers' 2012 base salaries and annual cash incentives (such incentives were intended to recognize performance), are reflected in the table below.

The Compensation Committee approved increases in 2012 base salary for Mr. Peterschmidt, Mr. Pumilia and Mr. Genovese. Mr. Peterschmidt did not receive a base salary increase in 2011. Given the Company's performance against revenue and EBITA targets, the unanticipated efforts required to continue to move the Company forward in 2011, the quality of the talent that Mr. Peterschmidt has been able to attract to the Company as well as the fact that Mr. Peterschmidt's 2011 base salary was substantially below the 50th percentile for the CEO position among our Peer Group companies, the Compensation Committee increased Mr. Peterschmidt's salary to \$675,000 per year. This increase brings Mr. Peterschmidt's salary closer to, but still below, the Peer Group 50th percentile. Mr. Pumilia was also given an increase to bring him closer to, although still below, the market 50th percentile for his position and Mr. Genovese was given an increase in his base salary concurrent with his promotion to Chief Operating Officer and slightly above the 50th percentile for a similar position within our Peer Group.

Cash Incentive Compensation

At the beginning of 2011, the Compensation Committee approved annual cash incentive award ("Annual Award") opportunities for our executives, including the NEOs.

The 2011 Annual Awards were based on the Company's actual performance against pre-established target levels for revenue and EBITA for the year and were to be paid quarterly based on the fiscal results for the quarter and whether those results on an annualized basis met the targets. Percentages of the total Annual Award were allocated to each financial measure and included a range of payouts from a minimum to a maximum of the targets.

For Mr. Peterschmidt and Mr. Pumilia, the Annual Award is based 100% on total Company results with 50% allocated to a revenue measure and 50% allocated to an EBITA measure. Mr. Peterschmidt chose to forego payment of his cash incentive compensation for the fourth quarter of 2011 in order to fund a portion of the incentive compensation for other employees.

The Annual Awards for Messrs. Genovese and van den Berg, Ms. Boucher, and Messrs. Laugerud and Hadzi were primarily based on the financial performance of their respective business units and, to a lesser extent, overall Company performance. As set forth in the table below, their Annual Awards were based 75-80% on the individual executive's business unit results and 20-25% on total Company results. The 75-80% portion of the Annual Award was comprised of 50% for meeting revenue targets and 50% for reaching EBITA or gross profit percentage targets for the executive's business unit. The 20-25% portion of the Annual Award was comprised of 50% for meeting revenue targets and 50% for achieving EBITA or gross profit percentage targets based on the performance of the Company as a whole. No payouts were made for less than 70% achievement of any target.

With quarterly payment of the Annual Awards, a target had to be achieved in the quarter, based on whether the quarter's results, on an annualized basis, met the target for any payment, up to 100% of a target, to be made. Any payment based on over-achievement of a target was deferred until the end of 2011. The Annual Award was based on achieving 100% or more above target levels set for revenue and EBITA and was capped at 200%.

Table of Contents

The components of the 2011 Annual Award program are summarized below:

2011 Annual Cash Incentive Award Components

Name	Company Revenue Component (%)	Company EBITA Component (%)	Company GP % Component (%)	Business Unit Revenue Component (%)	Business Unit EBITA Component (%)	Business Unit GP % Component (%)
David C. Peterschmidt and Claude J. Pumilia	50.0	50.0				
Richard Genovese(1), Tom van den Berg(2), Cynthia Boucher and Terje Laugerud	12.5	12.5		37.5	37.5	
Tony Hadzi	10.0		10.0	40.0		40.0

(1) Mr. Genovese's Annual Award was calculated based on these components during his first quarter with the Company, and was calculated based on the same components as Messrs. Peterschmidt and Pumilia for the last quarter of 2011.

(2) Mr. van den Berg's Annual Award was calculated based on these components during the second half of 2011 following his promotion to EVP & CEO International division. Prior to that, he was subject to incentive cash awards calculations relating only to Netherlands and International EBITA and gross profit percentage for the first half of 2011.

Cash incentive payments for a particular component were not made if less than the threshold performance level for that component was achieved, and the target performance level for a particular component was required to be achieved to receive a 100% payout on that component.

The following table reflects the target levels for the revenue and EBITA performance measures for the Annual Awards and the payment percentages on the target levels for those components for the NEOs.

2011 Annual Cash Incentive Award Targets

Target as a Percentage of Plan/ Payout Percentage	Company Revenue Target (\$)	Company EBITA Target (\$)(1)	North America Revenue Target (\$)	North America EBITA Target (\$)(1)	International Revenue Target (\$)	International EBITA Target (\$)	IT Outsourcing Revenue Target (\$)	IT Outsourcing EBITA Target (\$)

70% Minimum/10% Payout(2)	816,237,800	39,362,400			286,086,500	20,279,000		

(1) Mr. Hadzi's targets were based on total Company and North America division gross profit percentage, rather than on EBITA. The 100% target was 26.7% and 29.2% for total Company gross profit percentage and North America division gross profit percentage, respectively. The threshold was set at an 80% minimum and was 25.2% and 27.7% for total Company gross profit percentage and North America division gross profit percentage, respectively. The maximum can not be calculated as this portion of Mr. Hadzi's award was not capped. Mr. Hadzi's Annual Award components and targets were in effect for the first quarter calculation only, as Mr. Hadzi left the Company on April 30, 2011.

(2) The 85% minimum threshold was applicable to all NEOs, other than International division NEOs, who were subject to a 70% threshold.

Table of Contents

The actual Annual Award payments made to the NEOs for 2011 are set forth in the table below. The actual Annual Award payments are also included in the 2011 Summary Compensation Table below.

2011 Actual Annual Cash Incentive Award Payments

The Company's 2012 Annual Cash Incentive Award program will operate in substantially the same manner as the 2011 program except that all payouts will be based on total Company performance.

The following table sets forth the potential amounts payable to the NEOs for the achievement of the 2012 Annual Incentive Award target levels.

Mr. van den Berg is paid in Euros. His 2012 base salary and potential cash incentive amounts are stated at a 2011 average conversion rate of approximately 1 Euro to 1.39 U.S. Dollars.

Equity Compensation

In 2011, the Board of Directors approved an annual grant of stock options and RSU awards to the NEOs. The number of equity awards granted to the NEOs was determined by the Compensation Committee. The terms of the grants are as follows: the stock options will expire after seven years, and the stock options and RSU awards will be made at the beginning of each year and will vest over three or four years, as determined by our Compensation Committee. The awards will first begin vesting six months after the date of the grant. Thereafter, the stock options will vest monthly and the RSU awards will vest quarterly. Additionally, at the discretion of the Compensation Committee, NEOs may also receive discretionary stock options or RSU awards for exceptional performance.

Table of Contents

The Compensation Committee granted the following equity awards as part of our annual equity incentive program based on competitive compensation for the NEOs' positions, the criticality of the role of the individual NEO and the constraints on the pool of equity available for use given the Company's burn rate and consistent with moving to position the Company at the 50th percentile for total compensation. Given the total value of their respective compensation packages, Mr. Laugerud's and Mr. Hadzi's awards were slightly below the 50th percentile, while the awards to Mr. van den Berg and Ms. Boucher were closer to the 50th percentile.

2011 Annual Equity Compensation Program Grants

Name	Stock Options (#)	RSU Awards (#)
Tom van den Berg	120,000	50,000
Cynthia Boucher	100,000	40,000
Terje Laugerud	200,000	60,000
Tony Hadzi	200,000	60,000

Messrs. Pumilia and Genovese each received 600,000 stock options and 150,000 RSU awards at the time that each joined the Company during 2011. Their awards were based on arms-length negotiations in connection with their new-hire employment compensation packages, although within a range that was comparable to grants for similar positions in the market.

The Compensation Committee also granted Mr. Peterschmidt 400,000 RSU awards in June 2011 during his annual performance review. His award was based on a review of market data and Peer Group equity compensation for similar positions. Mr. Peterschmidt's grant was at approximately the median value of grants to chief executive officers for both the market and the Peer Group.

The equity incentive awards granted to the NEOs during 2011 are also set forth in the 2011 Summary Compensation Table and the 2011 Grants of Plan-Based Awards Table below.

The following equity awards were made to Messrs. Pumilia, Genovese and van den Berg, and Ms. Boucher in February 2012 as part of the Company's annual equity grant program. The award made to Mr. Pumilia is slightly above what would be consistent with the Company's annual award program to reflect internal award equity among our Executive Vice Presidents. Mr. Genovese's award is a reflection of his promotion to Chief Operating Officer and equity awards for such a position.

2012 Annual Equity Compensation Program Grants

Name	Stock Options (#)	RSU Awards (#)
Claude Pumilia	250,000	100,000
Richard Genovese	300,000	200,000
Tom van den Berg	104,000	120,000
Cynthia Boucher	30,000	20,000

The Company monitors the compensation-related risks associated with its compensation programs on an ongoing basis. We believe that these programs, as well as our compensation policies and practices, are not unreasonably likely to have a material adverse effect on the Company.

Executive Transition of Mr. Cheesbrough

On March 10, 2011, we announced Mr. Cheesbrough's departure from the Company. In connection with his departure as our Executive Vice President, Chief Financial Officer and Treasurer effective April 4, 2011, and his resignation as a director of the Company and its subsidiaries effective April 29, 2011 (the "Separation Date"), we entered into an Executive Transition Agreement (the "ETA") with him.

The payments and benefits accruing to Mr. Cheesbrough under the ETA are consistent with the payments or benefits to which he was entitled pursuant to his employment agreement, although our Board also approved the accelerated vesting of his outstanding and unvested stock options and RSU awards.

The material terms of the ETA are as follows:

Mr. Cheesbrough released the Company from any and all claims against the Company regarding any act or omission predating the Separation Date of April 29, 2011, and the Company released Mr. Cheesbrough from any and all claims against Mr. Cheesbrough regarding any act or omission relating to Mr. Cheesbrough's employment with the Company or separation therefrom.

The Company paid Mr. Cheesbrough a lump sum payment of \$684,000, which is an amount equal to his annual base salary (\$360,000), plus his annual target cash incentive (\$324,000 - 90% of his base salary) on the Separation Date, in exchange for his providing the Company with a legal release of the Company and his compliance with certain non-competition and non-solicitation covenants.

The vesting of 29,280 stock options and 89,760 RSU awards were accelerated. As a former director, Mr. Cheesbrough may exercise his remaining stock options at the earlier of the original expiration date for such options or two years following the Separation Date.

The Company will pay health insurance premiums on behalf of Mr. Cheesbrough for up to 12 months following the Separation Date.

Mr. Cheesbrough also agreed to certain restrictive covenants regarding non-competition and non-solicitation with the Company and its clients for a period of 12 months beginning on the Separation Date.

Termination of Employment and Change in Control Payments and Benefits

The Company entered into an employment agreement with Mr. Peterschmidt dated July 1, 2010, which provides that, in the event of a Change in Control of the Company (as defined in the employment agreement), in addition to already earned salary and earned but unpaid incentive for the prior year, Mr. Peterschmidt is entitled to receive certain payments and benefits, subject to his executing a separation and release agreement. Such payments and benefits include:

a prorated incentive (provided that performance targets are met) for the portion of the year in which the termination occurs,

a severance payment equal to 1.5 times his then current base salary and annual incentive at target level in effect on the day of termination,

full vesting of all unvested equity awards (including the Inducement Grant), and

health benefits for a period of 18 months following termination.

Upon either Mr. Peterschmidt's termination of employment by the Company not for cause, or by Mr. Peterschmidt for good reason (each term as defined in the employment agreement), in addition to already earned salary and earned but unpaid incentive for the prior year, Mr. Peterschmidt is entitled

Table of Contents

to receive certain payments and benefits, subject to his executing a separation and release agreement. Such payments and benefits include:

a prorated incentive (provided that performance targets are met) for the portion of the year in which the termination occurs,

a severance payment equal to 1.5 times his then current base salary and annual incentive at target level in effect on the day of termination,

vesting of all unvested equity awards proportionately through the date of termination (subject to achievement of performance criteria), if any,

vesting of a certain portion of his Inducement Grant, based upon a formula, and

health benefits for a period of 18 months following termination.

Change in control payments and benefits are contingent upon both a Change in Control of the Company and an actual termination of employment by the Company or a termination of employment for "good reason" by Mr. Peterschmidt within 24 months after the occurrence of the Change in Control. Severance payments are not in addition to Change in Control payments.

Beginning January 1, 2011, the Compensation Committee implemented new employment agreements for the Company's executive vice presidents, senior vice presidents, as well as certain vice president agreements, to include consistent severance and Change in Control payments for all individuals at a particular vice-presidential level in our Company, but that varies by level. As with our previous agreements, all severance or Change in Control payments and benefits are subject to compliance with non-competition and non-solicitation provisions, as well as the receipt of a signed legal release from the executive officer. Change in Control payments and benefits are contingent upon both a Change in Control and an actual termination by the Company or a termination of employment for "good reason" by the executive within 12 months after the occurrence of the Change of Control.

The Compensation Committee determined the payment provisions based, in part, upon an analysis by the Compensation Committee's compensation consultant of similar provisions at companies in the Peer Group and other employment market-related data. Severance payments range from 12 months of annual base salary, plus target annual cash incentive and 12 months of Company payment of health insurance premiums for executive vice presidents, along with accelerated vesting of any outstanding unvested equity awards that will vest in the 12 months following termination of employment to 6 months of annual base salary, plus target annual cash incentive and 6 months of health insurance premiums for certain vice presidents, along with accelerated vesting of any outstanding unvested equity that will vest in the three months following termination of employment. Change in Control payments range from 18 months of annual base salary, plus target annual cash incentive and 18 months of health insurance premiums for executive vice presidents to 6 months of annual base salary, plus target annual cash incentive and 6 months of health insurance premiums for vice presidents.

In the event of a Change in Control, all vice presidential levels with these employment agreements will be entitled to accelerated vesting of all outstanding unvested equity awards. If the payments and benefits to the executive officer would cause the executive officer to become subject to the excise tax imposed under Section 4999 of the Internal Revenue Code (or any similar federal, state or local tax), the Company shall reduce the Change in Control payments and benefits to the extent necessary to avoid the application of the excise tax if, as a result of such reduction, the net payments and benefits payable to the executive officer as so reduced (after payment of applicable income taxes), exceeds the net benefit to the executive of the Change in Control payment without such reduction (after payment of applicable income taxes and excise taxes).

The amounts reflected in the tables below are hypothetical amounts based on an assumed December 31, 2011 termination and Change in Control and subsequent termination of employment

date and the value from the acceleration of the vesting of outstanding equity awards as provided in the NEOs' employment agreements. All payments are in addition to what the executive officer would normally be paid to the date of termination, such as, accrued base salary and unpaid incentive amounts.

PROPOSAL No. 2 ADVISORY APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS

Pursuant to Section 14A of the Exchange Act, we are providing our Stockholders with the opportunity to review and provide their advisory approval of the compensation of our NEOs, as described in the "Compensation Discussion and Analysis" section and the accompanying tables of this Proxy Statement, beginning on page 28.

As an advisory vote, this proposal is not binding upon the Company. However, the Compensation Committee, which is responsible for designing and administering the Company's executive compensation program, values the opinions of our Stockholders and has considered the outcome of the 2011 Stockholder vote in making compensation decisions for 2012, and will continue to take into account the outcome of future Stockholder votes in making future executive compensation decisions. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement.

The Company's goal for our executive compensation program is to provide our executives with competitive compensation that also provides incentives to remain with the Company and provides them with cash incentive opportunities and equity compensation that aligns their long-term interests with the interests of our Stockholders.

Despite the changes in Company leadership and the transformation of operating processes and procedures and reporting structure in 2011, the Company achieved several significant strategic, operational and financial results highlighted below:

We formalized our strategy, and reduced the risk in our operating model by instilling significant operational regimens and disciplines.

We strengthened our Board and senior management, including the appointment of a new COO to ensure we operate as one company globally.

We increased investment in offshore delivery and narrowed our focus to higher quality offerings and verticals.

Edgar Filing: CIBER INC - Form DEF 14A

While our top line performance was disrupted from the transformation in our business, we did improve our cost structure to make sure we are on the path to increased margins.

Table of Contents

We reduced the leverage on our balance sheet through significant improvements to our cash collection processes, and we sold our non-strategic Federal division.

We made significant investments to strengthen our business model, including executive changes, sales force and delivery realignment, and vertical and product offering refinements.

The Company requests Stockholder approval of the compensation of the Company's Named Executive Officers, as disclosed pursuant to the SEC's executive compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the narrative discussion that accompany the compensation tables).

With respect to the approval of Proposal No. 2, an advisory (non-binding) approval of executive compensation, an affirmative vote of a majority of shares present in person or by Proxy at the Annual Meeting of Stockholders and entitled to vote on the subject matter will be considered to be the advice of the Stockholders and our Board will take such advice into consideration.

THE BOARD OF DIRECTORS RECOMMENDS AN ADVISORY (NON-BINDING) VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE EXECUTIVE COMPENSATION DISCLOSURE RULES OF THE SECURITIES AND EXCHANGE COMMISSION

PROPOSAL No. 3 AMENDMENT OF THE CIBER, INC. EMPLOYEE STOCK PURCHASE PLAN

TO APPROVE AN INCREASE IN THE NUMBER OF SHARES OF COMMON STOCK AUTHORIZED FOR ISSUANCE UNDER THE CIBER, INC. EMPLOYEE STOCK PURCHASE PLAN BY 2,500,000 SHARES

Our Board of Directors approved an amendment and restatement of the CIBER, Inc. Employee Stock Purchase Plan (the "ESP Plan") on February 20, 2012. The proposed amended and restated ESP Plan will increase the number of shares reserved for issuance under the ESP Plan by 2,500,000 shares from a total of 11,250,000 to 13,750,000 shares in response to depletion of the ESP Plan's authorized shares due to high employee participation. This proposed amendment requires the approval of our Stockholders. Additionally, the amended and restated ESP Plan will set a maximum number of shares that a participant has a right to purchase during a purchase period to comply with Section 423 of the Internal Revenue Code of 1986 and the regulations thereunder.

Background.

Our Board of Directors adopted the ESP Plan in September 1994 and the Stockholders approved it in October 1994.

The Board of Directors amended and restated the ESP Plan effective February 11, 1998 and subsequently amended the ESP Plan effective October 7, 1998, May 10, 2001, February 19, 2002, April 27, 2004, May 3, 2005 and February 25, 2009.

Currently, a total of 11,250,000 shares of Common Stock have been reserved for issuance under the ESP Plan and 471,846 shares of Common Stock remain available for purchase as of December 31, 2011.

Proposal No. 3. Proposal No. 3, which has been recommended by the Board of Directors for your consideration, asks you to approve an increase in the number of shares authorized for issuance under the terms of the ESP Plan by 2,500,000 shares. The current authorization is 11,250,000 shares. If you cast your Proxy FOR the proposal, you will authorize us to raise the maximum number of shares we may issue to employees enrolled in the ESP Plan to 13,750,000. If you cast your Proxy AGAINST the proposal, the ESP Plan will run out of authorized shares and will no longer be offered to employees. The ESP Plan has become a standard benefit and part of an overall package offered by us

to attract and retain quality employees and provide a meaningful incentive to employees by enabling them to participate in our long-term development.

Except as amended and restated as discussed above, the Plan shall remain in full force and effect. A copy of the ESP Plan, marked to show the proposed changes discussed above, is attached as Exhibit A to the electronic copy of this Proxy Statement filed with the SEC and may be accessed from the SEC's homepage (www.sec.gov). In addition, you may request a copy of the ESP Plan by writing to us at CIBER, Inc., 6363 South Fiddler's Green Circle, Suite 1400, Greenwood Village, CO 80111, Attention: Corporate Secretary.

The following is a summary description of the Employee Stock Purchase Plan. This summary is qualified in its entirety by reference to Exhibit A.

TEXT OF PROPOSED AMENDMENT TO CIBER'S ESP PLAN

Sections V.(a) and VI.(a) of the Plan shall be deleted in their entirety and replaced with the following:

V. Stock Subject to Plan

(a) Common Stock. The stock which is purchasable by Participants shall be the authorized but unissued or reacquired Common Stock, par value \$.01 per share of CIBER, Inc. (the "Common Stock"). In order to have shares available for sale under the Plan, the Company may repurchase shares of Common Stock on the open market, issue authorized but unissued stock or otherwise. The maximum number of shares that may be sold to employees during any single purchase period shall be established by the Plan Administrator prior to the beginning of the purchase period; provided however, that the total number of shares which may be sold to employees throughout the entire duration of the Plan shall not exceed 13,750,000 shares (which is subject to adjustment under subparagraph (b) below).

VI. Purchase of Common Stock

(a) Right to Purchase and Purchase Period Limit. An eligible employee who becomes a Participant for a particular purchase period shall have the right, as of the beginning of the purchase period, to purchase Common Stock upon the terms and conditions set forth below and shall execute a purchase agreement embodying such terms and conditions and such other provisions, not inconsistent with the Plan, as the Plan Administrator may deem advisable. The maximum number of shares that a Participant has a right to purchase during a purchase period equals \$25,000 divided by the fair market value of a share of Common Stock on the commencement date of the purchase period. The fair market value of a share of Common Stock will be determined under the rules of Section VI(b).

SUMMARY DESCRIPTION OF CIBER INC.'S ESP PLAN

Purpose. The purpose of the ESP Plan is to provide employees of the Company with an opportunity to acquire a proprietary interest in the Company through their participation in a tax-qualified plan and to purchase Common Stock of the Company through payroll deductions. The ESP Plan provides for one purchase period during each three-month period. The purchase price per share shall be 95% of the fair market value of a share of Common Stock (the closing price on the New York Stock Exchange) on the last day of the purchase period. The three-month purchase periods commence on January 1, April 1, July 1 and October 1 of each year. The first purchase period commenced on January 1, 1995. The Board of Directors has the power to alter the purchase periods without stockholder approval.

Participation. Except as otherwise provided, every employee of the Company who, on the commencement date of each purchase period is employed by the Company on a basis, which

Table of Contents

customarily requires not less than 20 hours of service per calendar week, is eligible to participate in the ESP Plan and can elect to participate by delivering to the Plan Administrator an enrollment form (including a purchase agreement authorizing payroll deductions) prior to the applicable offering date (the "Participant"). As of December 31, 2011, approximately 3,640 employees were eligible to participate in the ESP Plan. The purchase price of the shares is accumulated by payroll deductions over the purchase period. The deductions cannot exceed ten percent (10%) or be less than one percent (1%), or such other rates as determined from time to time by the Plan Administrator, of a Participant's compensation. A Participant may discontinue participation during a purchase period, but a Participant may not increase or decrease the rate of payroll deductions in the ESP Plan during the purchase period. Unless an employee's participation is discontinued by delivery of a notice of withdrawal prior to the end of an applicable purchase period, the purchase of shares occurs automatically at the end of the purchase period at the applicable price. A Participant's withdrawal from an offering does not have any effect upon such participant's eligibility to participate in subsequent offerings under the ESP Plan.

The number of shares to be purchased by individual Participants under the ESP Plan is a function of Participant elections and the market price of the Company's Common Stock, and therefore is not determinable.

Notwithstanding the foregoing, no employee is permitted to subscribe for shares under the ESP Plan if, immediately after the grant of the right to purchase shares, the employee would own stock (including options) possessing five percent (5%) or more of the total voting power or value of all classes of stock of the Company or of any Affiliated Corporation (as defined in the ESP Plan), or if the grant of such right would permit the employee to buy pursuant to the ESP Plan stock valued at more than \$25,000 for any calendar year. The maximum number of shares that a Participant has a right to purchase during a purchase period equals \$25,000 divided by the fair market value of a share of Common Stock on the commencement date of the purchase period.

Termination of Employment. If a Participant ceases to be an employee of the Company for any reason, including retirement or death during the purchase period, the Participant or Participants shall receive a cash refund of all payroll deductions made on behalf of the Participant during the purchase period including any dollars carried over from the prior quarter, if any, through the date of the Participant's cessation of employment.

Non-assignability. No rights or accumulated payroll deductions of an employee under the ESP Plan may be assigned or transferred for any reason other than by will or by the laws of descent and distribution.

Amendment. The Board of Directors has authority to amend or terminate the ESP Plan without stockholder approval; providing, however, that no amendment may be made to the ESP Plan without the approval of the stockholders of the Company if such amendment would increase the number of shares reserved under the ESP Plan, extend the term of the ESP Plan, alter the per share price formula so as to reduce the purchase price per share specified in the ESP Plan, materially modify the eligibility requirements, or materially increase the benefits which may accrue to Participants under the ESP Plan. The Board may make minor technical amendments to the Plan without stockholder approval.

Tax Information. The ESP Plan, and the right of the Participant to make purchases thereunder, is intended to qualify under the provisions of Section 423 of the Internal Revenue Code of 1986. Amounts deducted from a Participant's paychecks in order to purchase shares under the Plan are taxable as ordinary compensation income. The purchase of shares under the Plan, however, is not itself a taxable event even though the Participant pays less than market price for the shares (i.e., the "compensation" consisting of the difference between the market price and the purchase price the discount is not taxable at the time of purchase).

Table of Contents

If the Participant holds the Common Stock purchased under the plan for at least two years after the first day of the purchase period (the "grant date") in which the Common Stock was acquired and for at least one year from the purchase date of the Common Stock, when the Participant disposes of the Common Stock, the Participant will recognize as ordinary income an amount equal to the lesser of:

- (a) the excess of the fair market value of the Common Stock on the date of disposition over the price paid for the common stock;
- or
- (b) the fair market value of the Common Stock on the grant date multiplied by 15%.

If the Participant disposes of the Common Stock within two years after the grant date or before one year has elapsed since the purchase date, the Participant will recognize ordinary income equal to the fair market value of the Common Stock on the purchase date less the amount paid for the Common Stock. The ordinary income recognition pertains to any disposition of Common Stock acquired under the ESP Plan (such as by sale, exchange or gift).

Upon the Participant's disposition of the Common Stock acquired under the plan, any gain realized in excess of the amount reported as ordinary income will be reportable by the Participant as a capital gain, and any loss will be reportable as a capital loss. Amounts required to be reported as ordinary income on the disposition of the Common Stock may be added to the purchase price in determining any remaining capital gain or loss. Capital gain or loss will be long-term if the Participant has satisfied the two-year holding period requirement described above or, in any event, if the Participant has held the Common Stock for at least one year. Otherwise, the capital gain or loss will be short-term.

The foregoing is only a summary of the effect of federal income taxation upon the Participant and the Company with respect to the shares purchased under the ESP Plan. Participants should consult with an advisor for more complete information regarding tax consequences of the individual's participation in the ESP Plan.

The following table sets forth information as of December 31, 2011, with respect to the Company's equity compensation plans:

Approval of the increase in the number of shares reserved for issuance under the ESP Plan by 2,500,000 will require the affirmative vote of a majority of the shares of our Common Stock of the Company represented in person or by Proxy at the Meeting and entitled to vote on the subject matter.

CIBER, INC.

**EMPLOYEE STOCK PURCHASE PLAN
(as amended May 9, 2012)**

I. Purpose

The CIBER, Inc. Employee Stock Purchase Plan (the "Plan") is intended to provide eligible employees of CIBER, Inc. and its Affiliated Corporations (collectively, the "Company"), with an opportunity to acquire a proprietary interest in the Company through their participation in a plan designed to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code of 1986 (the "Code"). "Affiliated Corporation" means any "subsidiary corporation" (as such term is defined in Section 424(f) of the Code) of CIBER, Inc.

II. Administration

(a) *Plan Administrator.* The Plan shall be administered by the board of directors of the Company (the "Board"), which may from time to time delegate all or part of its authority to a committee (the "Committee") composed of at least two members of the Board, all of whom shall be Non-Employee Directors. A Non-Employee Director is a director who meets the definition of Non-Employee Director under Rule 16b-3 of the Securities Exchange Act of 1934 (the "1934"). References herein to the Plan Administrator refer to the Board or, to the extent the Board delegates its authority to the Committee. The Plan Administrator shall have full authority to administer the Plan, and to adopt such rules and regulations for administering the Plan as it may deem necessary in order to comply with the requirements of Section 423 of the Code. The Plan Administrator may delegate to an agent or agents any of its responsibilities under the Plan except its responsibilities to establish the number of shares available for purchase by employees during any purchase period, the maximum and minimum percentage of base compensation to be paid by any single employee for the purchase of stock during any of the periods and its authority to construe and interpret the provisions of the Plan.

(b) *Actions of Plan Administrator.* All actions taken and all interpretations and determinations made by the Plan Administrator in good faith (including determinations of fair market value) shall be final and binding upon all Participants, the Company and all other interested persons. No member of the Plan Administrator shall be personally liable for any action, determination or interpretation made in good faith with respect to the Plan, and all members of the Plan Administrator shall, in addition to their rights as directors, be fully protected by the Company with respect to any such action, determination or interpretation.

III. Purchase Periods

The first purchase period under the Plan shall commence on January 1, 1995, and shall terminate on March 31, 1995. Unless otherwise determined by the Plan Administrator, a purchase period shall commence on the first day of each succeeding calendar quarter and shall terminate on the last day of each such quarter. The Plan Administrator may, from time to time, establish purchase periods with differing commencement dates and durations. In no event, however, shall a purchase period extend beyond 27 months. No two purchase periods shall run concurrently.

IV. Eligibility and Participation

(a) Except as otherwise expressly provided herein, every employee of the Company who, on the commencement date of the purchase period, is employed on a basis which customarily requires not less than 20 hours of service per calendar week is eligible to participate in the Plan during a purchase period.

Table of Contents

(b) An eligible employee may become a participant in the Plan (a "Participant") for a particular purchase period by completing the enrollment forms prescribed by the Plan Administrator (including a purchase agreement and a payroll deduction authorization) and filing such forms prior to the commencement date of the purchase period with the person designated by the Plan Administrator. No enrollment forms will be accepted from an individual who is not on the active payroll of the Company on the filing date, unless such individual is temporarily off the payroll by reason of illness, vacation, jury duty or other employer- approved absence.

V. Stock Subject to Plan

(a) *Common Stock.* The stock which is purchasable by Participants shall be the authorized but unissued or reacquired Common Stock, par value \$.01 per share, of CIBER, Inc. (the "Common Stock"). In order to have shares available for sale under the Plan, the Company may repurchase shares of Common Stock on the open market, issue authorized but unissued stock or otherwise. The maximum number of shares which may be sold to employees during any single purchase period shall be established by the Plan Administrator prior to the beginning of the purchase period; provided however, that the total number of shares which may be sold to employees throughout the entire duration of the Plan shall not exceed 13,750,000 shares.

(b) *Changes in Capital Structure.* In the event any change is made to the Common Stock purchasable under the Plan (whether by reason of merger, consolidation, reorganization, recapitalization, stock dividend in excess of 10% at any single time, stock split, combination of shares, exchange of shares, changes in corporate structure or otherwise), then appropriate adjustments shall be made to the maximum number of shares purchasable under the Plan, the maximum number of shares purchasable under any right to purchase stock outstanding under the Plan, and the number of shares and price per share of stock subject to rights to purchase stock outstanding under the Plan.

VI. Purchase of Common Stock

(a) *Right to Purchase.* An eligible employee who becomes a Participant for a particular purchase period shall have the right, as of the beginning of the purchase period, to purchase Common Stock upon the terms and conditions set forth below and shall execute a purchase agreement embodying such terms and conditions and such other provisions, not inconsistent with the Plan, as the Plan Administrator may deem advisable. The maximum number of shares that a Participant has a right to purchase during a purchase period equals \$25,000 divided by the fair market value of a share of Common Stock on the commencement date of the purchase period. The fair market value of a share of Common Stock will be determined under the rules of Section VI(b).

(b) *Purchase Price Per Share.* The purchase price per share shall be nine-five percent (95%) of the fair market value of a share of Common Stock on the last day of the purchase period. If the Common Stock is listed on a national stock exchange or national market system, the fair market value of a share of Common Stock on any date shall be the officially-quoted closing sales price (or the closing bid, if no sales were reported) on such exchange or system on the date in question. If the Common Stock is not traded publicly, the fair market value of a share of Common Stock on any date shall be determined, in good faith, by the Plan Administrator after consultation with outside legal, accounting or other experts as the Plan Administrator may deem advisable, and the Plan Administrator shall maintain a written record of its method of determining such value.

(c) *Total Purchase Price.* Each Participant shall, for any purchase period, have the right to purchase Common Stock with a total purchase price equal to a designated percentage of the Participant's Compensation. A Participant's "Compensation" for a particular purchase period shall be the amount of the Participant's base salary or wages, overtime pay and, at the election of the Participant, bonuses and other incentive payments, that are payable to the Participant at any time or

from time to time during the purchase period. Each Participant shall designate in his or her purchase agreement the whole percentage of his or her Compensation the Participant wishes to pay for the purchase of stock for the particular purchase period, subject to the provisions set forth below which shall be uniformly applied to all Participants in a particular purchase period:

(i) The maximum percentage of a Participant's Compensation which may be paid for the purchase of stock in a particular purchase period shall be ten percent (10%); provided, however, that the Plan Administrator shall establish prior to the beginning of the purchase period a maximum number of shares (subject to adjustment under Section V(b)) that may be purchased during the purchase period by each Participant.

(ii) The minimum percentage of a Participant's Compensation which may be paid for the purchase of stock in a particular purchase period shall be one percent (1%).

(iii) No right to purchase shares under the Plan shall be granted to an employee if such employee would, immediately after the grant, own stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of CIBER, Inc. or any Affiliated Corporation. An employee's stock ownership shall be determined under Section 424(d) of the Code and stock which an employee may purchase under any outstanding options shall be treated as stock owned by the employee.

Notwithstanding the provisions of paragraphs (i) and (ii), above, the Plan Administrator may, in its discretion, establish any other maximum and minimum percentages of Compensation to be paid for stock under the Plan.

(d) *Allocation of Available Shares.* Should the total number of shares of Common Stock which may be purchased under the purchase agreements of all Participants for a particular purchase period exceed the number of shares available for sale under the Plan, then the Plan Administrator shall make a pro rata allocation of the available shares and shall notify each Participant of such allocation.

(e) *Payment.* Payment of the purchase price for stock under the Plan shall be effected by means of payroll deductions, which shall begin with the first pay period, the payment date for which occurs coincident with or immediately following the commencement date of the relevant purchase period and shall terminate with the last pay period the payment date for which occurs on or prior to the last day of the purchase period. Each payroll deduction shall be an amount equal to the percentage of the Compensation included in that payroll payment that was designated by the Participant in the Participant's purchase agreement (subject to termination as provided in Section VI(f)).

(f) *Termination of Right to Purchase.* A Participant may, at any time on or before 15 days prior to the last day of the purchase period, terminate his or her right to purchase stock under the Plan by filing the prescribed notification form with the Plan Administrator or its delegate. Any amounts deducted from the Participant's pay or otherwise collected from the Participant by reason of his or her participation in the Plan for such purchase period shall be refunded following the end of the purchase period, and no further amounts will be collected from the Participant (by payroll deduction or otherwise) during the remainder of the purchase period. A Participant's termination of his or her right to purchase shall be irrevocable with respect to the purchase period to which it pertains.

(g) *Change of Compensation Percentage.* Except as set forth in Section VI(f), a Participant may not reduce or increase the percentage of the Participant's Compensation to be paid for shares of Common Stock under the Participant's purchase agreement during a purchase period.

(h) *Termination of Employment.* If a Participant ceases to be an employee of the Company for any reason (including death or retirement) during a purchase period, the Participant or the Participant's personal representative shall receive a cash refund of all sums previously collected from

the Participant during the purchase period, as well as any sums carried over from a prior purchase period.

(i) *Exercise.* Each right to purchase stock under the Plan other than a right to purchase stock which has been accelerated under the Plan or which has been previously terminated under the Plan shall be exercised automatically on the last day of the purchase period for the number of whole shares obtained by dividing the sum on deposit from the Participant (and not refunded) by the purchase price per share determined under Section VI(b), but in no event shall any right to purchase stock under the Plan be exercised for more than the specified number of shares, if any, (subject to adjustment under Section V(b)) established by the Plan Administrator pursuant to Section VI(c)(i) prior to the beginning of the purchase period, and the balance shall be at the sole option of the Company promptly refunded or left on deposit for the ensuing quarterly period, and in any case refunded after termination. For example, if a Participant has \$100.00 on account and the Company's stock price pursuant to this paragraph is determined to be \$9.00 then eleven (11) shares will be issued ($11 \times \$9.00$) and \$1.00 will be left on deposit or refunded as herein stated. Promptly after the date of exercise of any right to purchase stock under the Plan, the Participant, or his or her nominee, shall receive, at the Company's sole option, a physical certificate, an electronic deposit, or such other evidence of ownership of the purchased shares as the Plan Administrator determines is reasonable. No more than one certificate or deposit shall be issued or made pursuant to the exercise of any right to purchase stock under the Plan.

(j) *Rights as Stockholder.* A Participant shall have no rights as a stockholder with respect to shares subject to a right to purchase stock granted under the Plan until such right to purchase is exercised. No adjustments shall be made for dividends, distributions or other rights for which the record date is prior to the date of exercise.

(k) *Assignability.* No right to purchase stock granted under the Plan shall be assignable or transferable by a Participant other than by will or by the laws of the descent and distribution, and during the lifetime of the Participant such rights to purchase stock shall be exercisable only by the Participant.

(l) *Accrual Limitations.* No Participant shall be entitled to accrue rights to purchase stock under this Plan which, when aggregated with purchase rights accruable by him under other qualified employee stock purchase plans (within the meaning of Section 423 of the Code) of the Company, would permit such Participant to purchase more than \$25,000 worth of Common Stock (determined on the basis of the fair market value of such Common Stock on the date the Participant accrues purchase rights under the Plan) for each calendar year such purchase rights are at any time outstanding.

(m) *Merger or Liquidation of Company.* In the event the Company or its shareholders enter into an agreement to dispose of all or substantially all of the assets or outstanding capital stock of the Company by means of sale, merger, reorganization or liquidation, each Participant may, at the election of the Plan Administrator, either:

(i) receive a stock certificate for the number of shares of Common Stock paid for pursuant to payroll deductions made on behalf of the Participant during the purchase period up to the day prior to the date of such transaction; or

(ii) receive a cash refund of all sums previously collected from the Participant during the purchase period.

(n) *No Interest.* No interest shall be paid on any monies refunded to Participants pursuant to the provisions of this Plan.

(o) *Withholding.* The Company may withhold, or require a Participant to make other satisfactory arrangements for the payment of, any taxes required by any law or regulation of any governmental authority, whether federal, state or local, in connection with the purchase of stock under the Plan or
