Table of Contents

Who may vote at the Annual Meeting?

Each share of the Company's stock has one vote on each matter. As of March 23, 2018 (the "Record Date"), there were 80,313,720 shares of the Company's common stock issued and outstanding. Only those stockholders of record as of the close of business on the Record Date are entitled to receive notice of and vote at the Annual Meeting.

What Constitutes a Quorum?

The presence, in person or by proxy, of holders of a majority of all of the shares of common stock entitled to vote at the Annual Meeting constitute a quorum for the transaction of business at the Annual Meeting. Each share of common stock entitled to vote on the Record Date is entitled to one vote on each matter properly submitted at the Annual Meeting and, with respect to the election of directors, one vote for each director to be elected. Abstentions and "broker non-votes" (i.e., shares represented at the meeting held by brokers, as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which, on one or more but not all matters, the broker does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the Annual Meeting.

What is the voting requirement to approve each proposal?

For Proposal 1, a nominee for director in an uncontested election must receive a majority of the votes cast as to such nominee in order to be elected as director. Any incumbent director who does not receive the required vote for reelection will promptly offer to resign from the Board. Within 90 days after the date of certification of the election results, the Board of Directors will determine whether to accept or reject such director's offer to resign.

Approval of Proposals 2 and 3 require the affirmative vote of a majority of the votes cast at the Annual Meeting.

How are abstentions treated?

Abstentions and broker non-votes are counted for purposes of determining whether a quorum is present. Only "FOR" and "AGAINST" votes are counted for purposes of determining the votes received in connection with Proposals 1, 2, or 3. If you "abstain" from voting for Proposals 1, 2, or 3, it will have the same effect as if your vote was not cast with respect to each such proposal, and this will have no effect on the outcome. A broker non-vote will have no effect on the outcome of Proposals 1, 2, or 3.

How do I vote?

Voting in Person at the Meeting. If you are a stockholder of record and attend the Annual Meeting, you may vote in person at the meeting. If your shares of common stock are held in street name and you wish to vote in person at the meeting, you will need to obtain a legal proxy from the broker, bank or other nominee that holds your shares of common stock of record.

Voting by Proxy for Shares Registered Directly in the Name of the Stockholder. If you hold your shares of common stock in your own name as a holder of record with our transfer agent, Broadridge Corporate Issuer Solutions, you may instruct the proxy holders named in the proxy card how to vote your shares of common stock in one of the following ways:

Vote by Internet. You may vote via the Internet by following the instructions on your proxy card. The website for Internet voting is printed on your proxy card. Please have your proxy card in hand. Internet voting is available 24 hours per day until 11:59 p.m., Eastern Time, on May 15, 2018. You will receive a series of instructions that will allow you to vote your shares of common stock. You will

Table of Contents

also be given the opportunity to confirm that your instructions have been properly recorded. If you vote via the Internet, you do not need to return your proxy card.

Vote by Telephone. You may vote by telephone by calling the toll-free number listed on your proxy card. Telephone voting is available 24 hours per day until 11:59 p.m., Eastern Time, on May 15, 2018. When you call, please have your proxy card in hand. You will receive a series of voice instructions that will allow you to vote your shares of common stock. You will also be given the opportunity to confirm that your instructions have been properly recorded. If you vote by telephone, you do not need to return your proxy card.

Vote by Mail. If you would like to vote by mail, upon receipt of the proxy card, please mark, sign and date your proxy card and return it promptly to our transfer agent, Broadridge Corporate Issuer Solutions, in the postage-paid envelope provided.

Voting by Proxy for Shares Registered in Street Name. If your shares of common stock are held in street name, you will receive instructions from your broker, bank or other nominee that you must follow in order to have your shares of common stock voted.

How are proxies voted?

All valid proxies received prior to the Annual Meeting will be voted. All shares represented by a proxy will be voted and, where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted by the proxyholders in accordance with the stockholder's instructions.

Will other matters be voted on at the Annual Meeting?

We are not currently aware of any other matters to be presented at the Annual Meeting other than those described in this Proxy Statement. If any other matters not described in the Proxy Statement are properly presented at the meeting, any proxies received by us will be voted in the discretion of the proxy holders.

What happens if I do not give specific voting instructions?

If you are a stockholder of record and you indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board, or sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

May I revoke my proxy instructions?

You may revoke your proxy at any time before it has been exercised by:

filing a written revocation with the Corporate Secretary of Brookline Bancorp, Inc., 131 Clarendon Street, Boston, Massachusetts 02116;

submitting a new proxy by telephone, or by the Internet, or by submitting a new proxy card after the time and date of the previously submitted proxy card; or

appearing in person and voting by ballot at the Annual Meeting.

If you are a stockholder of record as of the Record Date attending the Annual Meeting, you may vote in person whether or not a proxy has been previously given, but your presence (without further action) at the Annual Meeting will not constitute revocation of a previously given proxy.

Table of Contents

What is householding?

If you and other residents at your mailing address own shares of common stock in street name, your broker, bank or other nominee may have sent you a notice that your household will receive only one Notice of Annual Meeting. This procedure, known as "householding," is intended to reduce the volume of duplicate information stockholders receive and also reduce our printing and postage costs. Under applicable law, if you consented or were deemed to have consented, your broker, bank or other nominee may send one copy of our Notice of Annual Meeting to your address for all residents that own shares of common stock in street name. If you wish to revoke your consent to householding, you must contact your broker, bank or other nominee. If you are receiving multiple copies of our Notice of Annual Meeting, you may be able to request householding by contacting your broker, bank or other nominee.

Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties except as necessary to meet applicable legal requirements, to allow for the tabulations and certification of votes, and to facilitate a successful proxy solicitation.

Occasionally, stockholders provide written comments on their proxy cards, which may be forwarded to management and the Board.

Where can I find voting results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by a representative from Broadridge Corporate Issuer Solutions, who will serve as inspector of election, and filed with the Securities Exchange Commission ("SEC") on a Form 8-K within four business days following the completion of the Annual Meeting.

How can I view the Company's proxy materials for the Annual Meeting on the Internet?

The Company's proxy materials are available on the Company's website at www.brooklinebancorp.com. Additional information regarding the Company and its subsidiaries, Bank Rhode Island, Brookline Bank, and First Ipswich Bank, can be found at the following websites: www.bankri.com, www.brooklinebank.com, www.firstipswich.com.

The Company's Board of Directors (the "Board" or the "Board of Directors") currently consists of fourteen directors. All of the Company's directors are independent under the current listing standards of the NASDAQ Stock Market LLC, except for Mr. Perrault, who currently serves as President and Chief Executive Officer of the Company, and Charles H. Peck, who previously served as an executive officer at a subsidiary of the Company and as a consultant to the Company. Five directors will be elected at the Annual Meeting to serve for a three-year term and until their respective successors have been duly elected. Proxies cannot be voted for a greater number of persons than the number of nominees named in the proxy.

The Board has nominated John J. Doyle, Jr., Thomas J. Hollister, Charles H. Peck, Paul A. Perrault, and Joseph J. Slotnik for election as directors, each of whom has agreed to serve if so elected. Please refer to the sections entitled *Nominees for Director* and *Stock Ownership of Directors and Management* for additional information regarding the nominees.

The following includes a discussion of the business experience for the past five years for each of our nominees and continuing directors. The biographical description below for each nominee includes specific experience, qualifications, attributes and skills that led to the conclusion by the Company's Nominating and Governance Committee and the Board of Directors that such person should serve as a director of the Company. The biographical description below for each director who is not standing for election includes the specific experience, qualifications, attributes and skills that the Company's Nominating and Governance Committee and the Board of Directors would expect to consider if it were making a conclusion currently as to whether such person should serve as a director. The Company's Nominating and Governance Committee and the Board of Directors did not currently evaluate whether these directors should serve as directors, as the terms for which they have been previously elected continue beyond the Annual Meeting.

In addition to the information presented below regarding each person's specific experience, qualifications, attributes and skills that led our Board to the conclusion that he or she should serve as a director, we also believe all of our directors have a reputation for integrity, honesty and adherence to high ethical standards. They each have demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment to service to the Company and its stockholders.

ROLE OF THE BOARD; CORPORATE GOVERNANCE MATTERS

A critical function of the Board is to oversee the Company's executive management in the competent and ethical operation of the Company on a day-to-day basis, and to assure that the long-term interests of the stockholders are being served. To satisfy this duty, the Board proactively establishes appropriate policy to ensure that the Company is committed to success through the maintenance of the highest standards of responsibility and ethics.

Members of the Board bring to the Company a wide range of experience and knowledge. These varied skills provide for strong leadership and effective corporate governance. The Board works closely with senior management to ensure effective decision-making, compliance with Company policy and regulations, and strong leadership.

Board Leadership Structure

Mr. Slotnik serves as the Company's Chairman of the Board of Directors. Mr. Perrault serves as the Company's President and Chief Executive Officer. The Chairman and the President and Chief Executive Officer work closely to ensure that the strategic goals of the Company's executive management team are in line with the risk and governance oversight objectives of the Board of Directors.

The Board of Directors encourages strong communication among all of its independent directors and the Chairman of the Board. The Board of Directors also believes that it is able to effectively provide independent oversight of the Company's business and affairs, including risks facing the Company, through the composition of its Board of Directors, the role of the independent Chairman, the strong leadership of the independent directors and the independent committees of the Board of Directors, and the other corporate governance structures and processes already in place. Thirteen of the fourteen members of the Board of Directors are non-management directors, and twelve of these thirteen are independent under the rules of The NASDAQ Stock Market LLC, which we refer to as the "NASDAQ rules." All of the directors are free to suggest the inclusion of items on the agenda for meetings of the Board of Directors or raise subjects that are not on the agenda for that meeting. In addition, the Board of Directors and each committee has complete and open access to any member of management and the authority to retain independent legal, financial and other advisors as they deem appropriate without consulting or obtaining the approval of any member of management. The Board of Directors also holds regularly scheduled executive sessions of non-management directors in order to promote discussion among the non-management directors and assure independent oversight of management. Moreover, the Audit Committee, the Compensation Committee, and the Nominating and Governance Committee, each of which are comprised entirely of independent directors, also perform oversight functions independent of management.

Risk Oversight

The Board of Directors plays an important role in the risk oversight of the Company. Although the Board recognizes that it is not possible to identify all risks that may affect the Company and its subsidiaries or to develop processes and controls to completely eliminate or mitigate their occurrence or effects, the Board is involved in risk oversight through its direct decision-making authority with respect to significant matters and the oversight of management by the Board of Directors and its committees.

In particular, the Board of Directors administers its risk oversight function through (i) the review and discussion of regular periodic reports to the Board of Directors and its committees on topics relating to risks that the Company faces, including, among others, compliance risk, market risk, credit risk, regulatory risk, operations risk, and various other matters relating to the Company's business, (ii) the required approval by the Board of Directors (or a committee thereof) of significant transactions and other decisions, including, among others, significant new hires and promotions to the Company's executive management

positions, (iii) oversight of the Company's enterprise risk management by the Risk Committee, and (iv) the direct oversight of specific areas of the Company's business by the Audit Committee including the receipt of regular periodic reports from the Company's internal and external auditors and other outside consultants regarding various areas of potential risk, including, among others, those relating to the Company's internal control over financial reporting. The Board of Directors also relies on management to bring significant matters impacting the Company and its subsidiaries to the Board's attention.

The Audit Committee is specifically responsible for reviewing and discussing with management and the Company's external and internal auditors matters and activities relating to financial reporting and the related internal controls of the Company, and the guidelines and policies that govern the process by which the Company's exposure to risk is assessed and managed by senior management.

The Credit Committee is specifically responsible for the review and approval of loan transactions of a certain value, the oversight of the Company's credit risk, and the governance of the Company's credit management.

The Risk Committee is specifically responsible for monitoring and reviewing the Company's enterprise risk management framework and processes, emerging risks, and the adequacy of risk management functions within the Company.

Board Committees

During 2017, the Board met nine times. Each director attended at least 75% of the combined total number of meetings of the Board and board committees of which he or she was a member, and the independent directors meet at least twice during the year in executive session. In addition, the Company strongly encourages all directors and nominees to attend the Annual Meeting. Thirteen of the fourteen directors attended the 2017 Annual Meeting, and the Company anticipates that all of the directors will attend the 2018 Annual Meeting.

The Board has six standing committees: Executive Committee, Audit Committee, Compensation Committee, Nominating and Governance Committee, Credit Committee, and Risk Committee. Written charters for the standing committees are available on the Company's website at www.brooklinebancorp.com.

Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics that sets forth standards of ethical business conduct for all directors, officers, and employees of the Company and its subsidiaries. The purpose of the Code of Business Conduct and Ethics is to provide directors, officers, and employees with a framework to make honest, ethical, and legal decisions, ensure full, fair, accurate, timely, and understandable public disclosures in periodic reports required to be filed by the Company, require compliance with applicable laws, rules and regulations, and encourage prompt internal reporting of violations of the Code of Business Conduct and Ethics. Additionally, the Code of Business Conduct and Ethics is in conformity with the requirements of the

Sarbanes-Oxley Act of 2002 and the NASDAQ rules. A copy of the Code of Business Conduct and Ethics and any amendments to or waivers of the requirements therein are available on the Company's website at www.brooklinebancorp.com.

The Company is required by the Sarbanes-Oxley Act of 2002 and the Securities and Exchange Commission's related rules to disclose whether it has adopted a Code of Ethics that applies to the Company's principal executive officer, principal financial officer, principal accounting officer or controller, or individuals performing similar functions. The Company has adopted a Code of Ethics for the Chief Executive Officer and Senior Financial Officers, which is available on the Company's website at www.brooklinebancorp.com.

The Board has established a means for employees, customers, stockholders, and other interested parties to submit confidential and anonymous reports of suspected or actual violations of our Code of Business Conduct and Ethics relating to, among other things:

Conflicts of interest; and,

Violations of securities laws.

Any employee, stockholder or other interested party may submit a report to the Audit Committee in writing to: Brookline Bancorp, Inc., Audit Committee, P.O. Box 6024, Providence, Rhode Island 02940.

Reports may also be made by telephone or online via the Company's Ethics Reporting Hotline, which is administered by NAVEX Global, an independent, third-party monitoring service. The Ethics Reporting Hotline is available seven days per week, twenty-four hours per day. Calls or web reports to the Ethics Reporting Hotline may be anonymous if requested. The Ethics Reporting Hotline can be reached at: (855) 898-9097 or <https://www.reportlineweb.com/brkl>.

Board Nominations

The Nominating and Governance Committee identifies nominees by evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to our business and who are willing to continue in service are first considered for renomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service, or if the Nominating and Governance Committee or the Board decides not to renominate a member for reelection, or if the size of the Board is increased, the Nominating and Governance Committee would seek to identify appropriate director candidates. In addition, the Nominating and Governance Committee is authorized by its charter to engage a third party to assist in the identification of director nominees.

Edgar Filing: BROOKLINE BANCORP INC - Form DEF 14A

Neither the Nominating and Governance Committee nor the Board has a policy with regard to the consideration of diversity in identifying director nominees, although both may consider diversity when identifying and evaluating nominees. The Nominating and Governance Committee may consider whether a nominee, if elected, would have the necessary qualifications, professional background, and core competencies to discharge his or her duties as well as the ability to add something unique and valuable the Board of Directors as a whole. The Nominating and Governance Committee would seek to identify a candidate who at a minimum has high personal and professional integrity, who shall have demonstrated ability and judgment, and who shall be most effective, in conjunction with the other nominees to the Board, in collectively serving the long-term interests of the stockholders.

The Nominating and Governance Committee will also take into account whether a candidate satisfies the criteria for being an independent director under the NASDAQ rules, and if a candidate with financial and accounting experience is sought for service on the Audit Committee, whether the individual is financially literate and qualifies as an audit committee financial expert.

Communications with the Board

Stockholders who wish to communicate with the Board or with any director can write to the Nominating and Governance Committee, care of the Corporate Secretary, Brookline Bancorp, Inc., 131 Clarendon Street, Boston, Massachusetts 02116. This letter should indicate that the author is a stockholder and if shares are not held of record, should include appropriate evidence of stock ownership. Depending on the subject matter, the Corporate Secretary will forward the communication to the director(s) to whom it is addressed, or, if the inquiry is a request for information about the Company or a stock-related matter for example, the Corporate Secretary will respond directly. The Corporate Secretary will not forward the communication if it is primarily commercial in nature, relates to an improper or irrelevant topic, or is unduly hostile, threatening, illegal or otherwise inappropriate.

At each Board meeting, the Corporate Secretary shall present a summary of all communications received, if any, since the last meeting and make those communications available to the directors upon request.

Transactions with Related Parties

Pursuant to various regulatory requirements and other applicable law, the boards of the Company and its subsidiaries, Bank Rhode Island, Brookline Bank, and First Ipswich Bank, must approve certain extensions of credit, contracts and other transactions between the Company's subsidiaries and any director or executive officer. The Company has adopted written policies and procedures to implement these requirements which state, in essence, that any transaction between the Company, its subsidiaries and any director or executive officer, or any of their affiliates or immediate family members, may be made on terms comparable to those which the Company would reach with an unrelated, similarly-situated third-party and must be approved in advance by a vote of the Board. The office of the Company's General Counsel is responsible for the oversight of the Company's policy regarding related party transactions, which is typically applied to extensions of credit and any other financial transactions of a material nature between the Company, its subsidiaries, and any director or executive officer. Any director or executive officer involved in such a transaction leaves the meetings while the Board considers and votes upon the transaction.

Since January 1, 2017, neither the Company nor its subsidiaries has been a party to any transaction or series of transactions in which the amount involved exceeded \$120,000 and which any director, executive officer, or holder of more than 5% of the Company's stock, or any members of the immediate family of any such person, had or will have a direct or indirect material interest.

Some of the directors and executive officers of the Company, as well as members of their immediate families and the companies, organizations, trusts, and other entities with which they are associated are, or during 2017 were, also customers of Bank Rhode Island, Brookline Bank, and First Ipswich Bank in the ordinary course of business, or had loans outstanding during 2017. It is anticipated that such persons and their associates will continue to be customers of and indebted to Bank Rhode Island, Brookline Bank, and First Ipswich Bank in the future. All such loans were made in the ordinary course of business, did not involve more than normal risk of collectability or present other unfavorable features, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with unaffiliated persons and, where required by law, were approved by the applicable Bank's Board of Directors. None of these loans to directors, executive officers or their associates is nonperforming.

Compensation Committee Interlocks and Insider Participation

The current members of the Compensation Committee are Messrs. Slotnik, Doyle, Hackett, and Nowak, and Ms. Vaule. None of these persons has served as an officer or employee of the Company. None of these persons had any relationships with the Company requiring disclosure under applicable rules and regulations of the SEC.

Table of Contents**EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS**

Overview

This section provides a description of the roles and responsibilities of the Compensation Committee (the "Compensation Committee" or the "Committee") of the Company's Board of Directors. Additionally, this section provides information related to the Company's executive compensation philosophy and contains a discussion of each material element of the Company's executive officer compensation program as it relates to the following "named executive officers" (the "Named Officers") whose compensation information is detailed:

Paul A. Perrault	President and Chief Executive Officer
Carl M. Carlson	Chief Financial Officer
Mark J. Meiklejohn	President and Chief Executive Officer, Bank Rhode Island
M. Robert Rose	Chief Credit Officer
Darryl J. Fess	President and Chief Executive Officer, Brookline Bank

Executive Summary

The Compensation Committee oversees the executive compensation program and determines the compensation for the Company's executive officers, including its Named Officers. The Compensation Committee and the Company's Board of Directors believe that the Company's success is highly dependent on the ability to hire and retain qualified executives who have the potential to influence performance and enhance stockholder value over time. The Compensation Committee works with executive management to develop a comprehensive executive compensation program, one that is competitive in the marketplace, rewards strong and prudent corporate performance, and that is aligned with stockholder interests.

Role of the Compensation Committee

The Compensation Committee is responsible for performing the responsibilities of the Board of Directors with regard to the compensation philosophy, programs, and practices as they relate to the Company's directors and Named Officers. The primary purpose of the Compensation Committee is to develop, approve, and implement compensation policies and plans that are fair and appropriate to attract, retain, and motivate executives to further the Company's long-term strategic plan and drive stockholder value.

The Compensation Committee has a written charter that establishes its responsibilities. The Committee reviews the charter on an annual basis to ensure that the scope of the charter is consistent with the Committee's role and accurately reflects the Company's compensation philosophy and guiding principles.

The Compensation Committee meets regularly throughout the year and held seven meetings in 2017. Five members of the Board serve on the Compensation Committee, each of whom is independent in accordance with the NASDAQ rules.

In accordance with its charter, the Compensation Committee evaluates the President and Chief Executive Officer's performance relative to established goals and has sole responsibility for determining his compensation based on the Compensation Committee's evaluation of his performance. Final decisions regarding the President and Chief Executive Officer's compensation take into consideration his contribution to the Company's success along with the Company's achievement against annually established performance targets, its relative performance compared to its peer group, and current compensation trends within the competitive marketplace.

The Compensation Committee also reviews and evaluates the compensation and performance of other members of the executive management team, including the Named Officers.

EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

The Role of the Compensation Consultant

The Compensation Committee has the authority to engage independent consultants to assist it in the compensation process. These consultants are retained by and report directly to the Committee. The Committee places no restrictions on the consultants within the scope of contracted services. The consultants provide expertise and information about competitive trends in the marketplace, including established and emerging compensation practices at other companies.

For 2017, the Compensation Committee retained the services of BDO USA, LLP ("BDO"), an independent executive compensation consulting firm which has provided services to the Committee since 2010. BDO does not provide any other services to the Company and works with the Company's executive management team only on matters for which the Compensation Committee is responsible. The Compensation Committee assessed the independence of BDO in 2017 pursuant to SEC and NASDAQ requirements and concluded that no conflict of interest exists that would prevent BDO from serving as an independent consultant to the Committee. The Committee periodically seeks input from BDO on a range of external market factors, including evolving compensation trends, appropriate peer group companies, and market survey data. BDO also provides general observations on the Company's compensation programs, but it does not determine or recommend the amount or form of compensation for the Named Officers.

In October 2017, BDO met with the Compensation Committee to discuss trends and issues impacting executive pay for the Company and other publicly-traded companies. In addition to the consideration of general information regarding trends in executive compensation and a review of the Company's Long-Term Incentive Plan, the discussion also included a high-level review of the Company's executive and director compensation as compared to that of its named peer group.

In 2017, the Compensation Committee retained Goodwin Procter LLP to provide legal advice regarding compensation related matters. The Compensation Committee assessed the independence of Goodwin Procter LLP in 2017 pursuant to SEC and NASDAQ requirements and concluded that no conflict of interest exists that would prevent Goodwin Procter LLP from serving as an independent consultant to the Committee.

Roles of Executive Officers and Management

The Compensation Committee occasionally requests one or more members of executive management to be present at Committee meetings where executive compensation and Company or individual performance are discussed and evaluated. Executives may provide insight, suggestions or recommendations regarding executive compensation; however, only Compensation Committee members vote on decisions regarding executive compensation.

The Company's President and Chief Executive Officer provides recommendations to the Compensation Committee on matters relating to the compensation of the executive management team. In addition, the President and Chief Executive Officer provides specific recommendations regarding base salary adjustments and short- and long-term incentive awards for members of the executive management team to the Compensation Committee. The Compensation Committee retains sole discretion with respect to compensation decisions regarding the Company's executive management team.

Compensation Philosophy and Objectives

The Company's executive compensation program is reviewed on an annual basis to ensure the program remains in alignment with the Company's compensation philosophy and business objectives. The Compensation Committee continues to subscribe to the philosophy that the most effective compensation program is one that is designed to attract and retain qualified and experienced officers and at the same

time, is reasonable, competitive, and aligned with the Company's pay for performance philosophy. The Compensation Committee believes that an effective program is one component of the overall management of the Company and that it helps to support and promote a culture that recognizes and rewards the individuals, behaviors, and results that the Company and stockholders value.

The Company's compensation philosophy is one that recognizes the importance of individual achievements and strives to reward these behaviors while also emphasizing overall corporate achievement. Thus, payments in short- and long-term incentive programs are heavily weighted toward the achievement of corporate goals when measured against both specific corporate goals and against the named peer group.

In order to achieve its stated goals and support its philosophy of providing maximum reward when the Company meets its goals, the compensation program is comprised of four elements:

Base salary;

Performance-based cash incentives;

Equity compensation; and

Benefit programs.

Compensation Benchmarking

The Compensation Committee reviews data from a number of sources when considering executive compensation decisions. These include:

Pay mix representing the effectiveness of balancing long-term versus short-term performance objectives;

Current pay level and practices relative to its named peer group; and,

Survey data for positions of similar scope and focus in markets where the Company competes for talent.

Market data from a variety of independent sources are used to ensure that the Company's total compensation package is competitive in the markets within which it competes for executive talent.

In 2017, the Company's named peer group consisted of the following financial institutions:

Beneficial Bancorp, Inc.	NBT Bancorp, Inc.
Berkshire Hills Bancorp, Inc.	Northwest Bancshares, Inc.
Community Bank Systems, Inc.	S&T Bancorp, Inc.
Customers Bancorp, Inc.	Sandy Spring Bancorp, Inc.
Dime Community Bancshares, Inc.	Tompkins Financial Corporation
Eagle Bancorp, Inc.	TrustCo Bank Corp. NY
First Commonwealth Financial Corporation	United Financial Bancorp, Inc.

Edgar Filing: BROOKLINE BANCORP INC - Form DEF 14A

Flushing Financial Corporation
Independent Bank Corp.

WSFS Financial Corporation

For the year ended December 31, 2017, total assets of this group ranged from \$4.8 billion to \$9.6 billion. The peer group companies are headquartered predominantly in the Northeast, as this provides the most reasonable basis for the evaluation of executive compensation levels. The Company was intentionally positioned in the middle of the peer group.

EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

While competitive practice is an important component of the Company's compensation philosophy, it is not the sole determinant of executive compensation and benefit practices and programs. Ultimately, the Company will administer compensation in a manner that ensures its practices are:

Externally competitive;

Internally equitable;

Based on merit and performance; and

Compliant with all laws and regulations.

2017 Compensation Elements and Decisions

The Company utilizes a variety of criteria when establishing compensation opportunities for executive management positions. These include:

Recognition of the relative value and contribution of the position to the Company;

Consideration of the unique qualifications and/or capabilities required by the position;

The Company's desired relationship to its external marketplace vis-à-vis a particular position; and

The Company's ability to pay.

The Company positions its executive total compensation package-base salary combined with short- and long-term incentives-to be market competition when incentive targets are achieved and all components of compensation are received. Short- and long-term incentives are designed and administered to ensure that actual results in relation to the Company's performance objectives appropriately position earned pay levels relative to the competitive market. Indirect compensation is designed to provide the executive with a competitive array of benefit programs. As is reflected in the Summary Compensation Table, a very small portion of the executive's total compensation is delivered through perquisites.

Base Salary

Base salary is a significant component of direct compensation for executive positions at the Company. The base salaries of executive officers and other members of senior management are reviewed annually. Initial base salary levels, as well as subsequent adjustments to base salaries, are determined by:

Impact and contribution of a particular position, as well as the unique qualifications and/or capabilities an individual offers to the Company;

Salary levels suggested by the external marketplace;

Internal equity; and,

Individual performance.

Base salary is the only portion of the executive's total compensation package that is considered to be "fixed" compensation and is thus not "at risk" on an annual basis. Base salary levels are established to ensure that each executive is being paid competitively for sound performance. It is intended that greater rewards will be recognized when the performance targets established within the context of the Company's short- and long-term incentive programs are achieved.

EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

In 2017, the Compensation Committee set the annual base salaries for the Named Officers at levels that were consistent with the market analysis that was performed by the Company's independent compensation consultant and the Compensation Committee's assessment of the individual officer's level of performance, contribution to the Company, and experience. The 2017 base salaries were: \$757,000 for the Company's President and Chief Executive Officer, an increase of \$22,000 from 2016; \$365,000 for the Company's Chief Financial Officer, an increase of \$20,000 from 2016; \$325,000 for the Company's Chief Credit Officer, an increase of \$15,000 from 2016; \$350,300 for the President and Chief Executive Officer of Brookline Bank, an increase of \$10,300 from 2016; and \$350,300 for the President and Chief Executive Officer of Bank Rhode Island, an increase of \$10,300 from 2016. In all cases, base level salaries for the Named Officers were consistent with the Company's compensation philosophy and practices as adopted by the Company's Compensation Committee.

Short-Term Incentives

The first component of the Company's variable, or "at risk," compensation is delivered through the Company's short-term incentive plan (the "Incentive Plan"). This program is designed to align management's interests with the achievement of the Company's financial objectives for the year.

Performance measures are established by the Compensation Committee on an annual basis and are tied specifically to the Company's financial performance. The short-term incentive is cash based and a target bonus opportunity is established for each position. The funding of the incentive pool is based on the Company's financial performance, and thus, payments are not made until achievement against financial targets has been determined. After the annual aggregate funding level has been established, individual awards are determined based on each officer's annual performance and contribution.

In 2017, the Incentive Plan provided for cash target awards of 75% of annual base salary for the Company's President and Chief Executive Officer, 50% of annual base salary for the Company's Chief Financial Officer, Chief Credit Officer, and 40% of annual base salary for the President and Chief Executive Officer of Bank Rhode Island and the President and Chief Executive Officer of Brookline Bank.

Funding of the Incentive Plan

The funding of the Company's Incentive Plan is based on the Company's financial performance relative to a targeted level of earnings per share, as established by the Company's Board in January of each year. The funding amount of the Incentive Plan pool is determined by whether the Company achieves a predetermined target level of earnings per share. If the Company does not achieve the target earnings per share in a given year, the funding amount of the Incentive Plan pool is reduced accordingly.

In 2017, the Company reported earnings per share in the amount of \$0.68 per basic and diluted share, against an earnings target of \$0.80 per share, please see the description below regarding the Company's performance in 2017 and the impact that the passage of the new tax bill, H.R.1, An Act to Provide for Reconciliation Pursuant to Titles II and V of the Concurrent Resolution on the Budget for Fiscal Year 2018 (the "Tax Reform Act") passed by Congress on December 22, 2017 had on the Company's performance. Excluding the impact of the Tax Reform Act, the Company would have achieved earnings per share in the amount of \$0.80 per share. Please see the Company's Annual Report on Form 10-K (the "10-K") filed with the SEC on February 28, 2018 for a complete description of the Company's financial performance and the impact of the Tax Reform Act. Excluding the impact of the Tax Reform Act, and based on this level of performance, the Compensation Committee approved the funding of the 2017 Incentive Plan pool at 100% of target.

EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

Payment of Short-Term Incentives

The Compensation Committee considers a combination of Company and individual performance factors when making awards to individual Named Officers. These factors include a review of the Company's performance relative to its strategic plan, the individual achievements of each Named Officer relative to annual goals, the unique skills and experience of the Named Officer, and the Named Officer's overall contribution to the Company throughout the year.

In 2017, the Company continued to experience strong profitability and growth, reporting net income of \$50.5 million, total asset growth of \$342.1 million, loan growth of \$331.8 million, and deposit growth of \$260.3 million. The Company's asset quality remained strong, with non-performing assets at \$31.7 million, or 0.47% of total assets, at year-end. In 2017, including a one-time charge related to the enactment of the Tax Reform Act, net income was \$50.5 million and the Company's earnings per share were \$0.68 per basic and diluted share. Excluding the impact of the Tax Reform Act, net income would have been \$59.5 million and the Company's earnings per share would have been \$0.80 per basic and diluted share, for the year ended December 31, 2017.

After reviewing the Company's performance, combined with its evaluation of the individual achievement of the Named Officers, the Compensation Committee authorized incentive payments for 2017 at 100% of target, providing for an incentive payment for the Company's President and Chief Executive Officer in the amount of \$567,750, for the Company's Chief Financial Officer in the amount of \$182,500, for the Company's Chief Credit Officer in the amount of \$162,500, for the President and Chief Executive Officer of Brookline Bank in the amount of \$140,120, and for the President and Chief Executive Officer of Bank Rhode Island in the amount of \$140,120. The awards were within the plan guidelines and reflect individual and Company performance. As a result of changes to the bonus deduction provisions included in the Tax Reform Act, the Compensation Committee voted to pay bonuses earned in 2017 in December, 2017. The Company's historic practice has been to pay these bonuses in the first quarter of the year after the bonus payments were earned. The Compensation Committee has not made a determination as to whether this practice will be repeated in 2018.

Long-Term Incentives

The Compensation Committee believes that profitability and growth are measured not only in annual increments, but also over an extended period of time. In addition, the Compensation Committee is of the opinion that it is important to consider performance relative to the Company's Peer Group, and to align the interests of the management team with that of the Company's stockholders. The Compensation Committee believes that these goals are accomplished through equity awards.

The Company's equity-based long-term incentive program is the third component of each executive officer's total compensation and is also variable in nature. Equity grants may be made in the form of stock options or restricted shares, and restricted shares, in turn, may vest over time or based on performance metrics. The Compensation Committee considers the intended purpose of each award and alignment with stockholder interests in determining the appropriate form and design of these awards.

The Compensation Committee has established a target percentage of base salary for each Named Officer for the granting of stock pursuant to the Company's Long-Term Incentive Plan. The Compensation Committee has the discretion to adjust the equity-based long-term incentive awards in accordance with the performance of the Company or the individual Named Officer. In 2017, 36,171 shares of restricted stock were granted to the President and Chief Executive Officer in accordance with the terms of his employment agreement. In addition, the Compensation Committee made restricted stock grants in the amount of 8,305 shares to the Chief Financial Officer, 7,395 shares to the Chief Credit Officer, 6,695 shares to the President

and Chief Executive Officer of Brookline Bank, and 6,695 shares to the President and Chief Executive Officer of Bank Rhode Island.

All restricted stock awards made to Messrs. Perrault, Carlson, Rose, Fess, and Meiklejohn are structured such that fifty percent (50%) of each award will vest ratably over a three-year period and the remaining fifty percent (50%) will vest at the end of the three-year period if certain identified Company performance objectives are achieved. For awards made prior to 2017, these performance objectives included Company performance relative to the peer group in the following areas: return on assets, return on equity, asset quality, and total return to stockholders. In 2017, the Compensation Committee conducted a review of the performance objectives. Based on the Compensation Committee's review, the Compensation Committee voted to update the performance objectives for the performance awards made in 2017 to include Company performance relative to the peer group in the following areas: return on tangible equity, net charge offs, total return to stockholders, and transaction deposit growth which is representative of the percentage change in average checking account balances from 2016 to 2019 ("Transaction Deposit Growth"). Dividends paid on all restricted stock awards, both time based and performance based, are accrued and not paid to the Named Officers until the performance vesting is attained.

Three Year Performance Equity Award (2014-2017)

In August 2014, the Compensation Committee granted equity-based long-term incentive restricted stock awards with performance criteria (the "Performance Awards") to the Named Officers then in office in accordance with the terms of the 2014 Restricted Stock Plan. The Performance Award terms provide that between zero and 110% of the target award may be earned at the conclusion of the three year performance period, which ran from January 1, 2014 through December 31, 2016 (the "Performance Period"). The performance metrics used to determine the level of achievement as compared to the Company's peer group during the Performance Period were: return on assets, return on equity, asset quality, and total return to stockholders. The Compensation Committee has discretion to adjust the payment of the Performance Awards based on the achievement of the performance metrics. Consistent with the Company's other equity-based long-term incentive awards, the Performance Awards do not provide for the payment of dividends on shares unless and until the Performance Awards vest. Based on the Company's performance during the Performance Period, the Compensation Committee approved vesting of the 2014 Performance Awards at 60% of the target.

Retirement Benefits

401(k) Plan

The Company provides all of its employees, including the Named Officers, with tax-qualified retirement benefits through the Company's 401(k) Plan. The Compensation Committee believes that a 401(k) Plan is an attractive retirement vehicle for recruiting superior officers. All Named Officers who meet the eligibility requirements may elect to participate in the 401(k) Plan on a non-discriminatory basis. Named Officers, like other employees, may begin deferring compensation upon employment.

The Company's 401(k) Plan allows employees to make salary reduction contributions equal to the lesser of seventy-five percent (75%) of compensation or a maximum statutory limit which is indexed annually. The 2017 maximum statutory limit was \$18,000. Those employees who are age 50 or older are permitted to make a catch-up contribution of no more than one hundred percent (100%) of eligible compensation, or a maximum statutory limit which is indexed annually. The maximum statutory limit in 2017 was \$6,000.

Pursuant to the Company's 401(k) Plan, the Company provides an annual matching contribution equal to one hundred percent (100%) of the first five percent (5%) of each employee's eligible compensation up to the annual maximum statutory limit. This annual match provided by the Company vests immediately.

Supplemental Executive Retirement Plan

Prior to the Company's acquisition of Bank Rhode Island in 2012, Bank Rhode Island provided Mr. Meiklejohn with a supplemental executive retirement plan pursuant to its 2000 SERP (the "SERP"), a liability which the Company assumed following the purchase of Bank Rhode Island. Under the SERP, Mr. Meiklejohn is entitled to an annual retirement benefit of \$100,000 per year, payable for his lifetime. This benefit is payable upon the later of Mr. Meiklejohn's attainment of the age of 65, or his retirement, provided that no amounts may be paid until at least six months after his termination of employment, except in the event of termination by reason of his death.

Nonqualified Deferred Compensation Plan

The Company has a Nonqualified Deferred Compensation Plan open to eligible participants as of January 1, 2017. Eligible participants include members of the Company's Board of Directors, and certain executive officers, including the Named Officers.

Company directors may elect to defer from twenty-five percent (25%) to one hundred percent (100%) of their annual retainer and fees for service on the Board of Directors of the Company and eligible executive officers may elect to defer from five percent (5%) to one hundred percent (100%) of their annual base salary and/or cash incentive payment. Amounts deferred earn interest credited at the end of each month based on the Company's average annual yield on earning assets for the previous calendar quarter, converted to a monthly equivalent yield.

In 2017, participants in the Company's Nonqualified Deferred Compensation Plan included the President and Chief Executive Officer, the Chief Financial Officer, the Chief Operations Officer, and director John A. Hackett.

Employee Stock Ownership Plan

The Company has an Employee Stock Ownership Plan (the "ESOP"). Employees with at least one year of employment in which they work at least 1,000 hours with the Company and who have attained age 21 are eligible to participate. Shares of the Company's Common Stock purchased by the ESOP through the proceeds of a loan are held in a suspense account for allocation among participants.

Shares of Common Stock released from the suspense account are allocated among ESOP participants on the basis of compensation in the year of allocation. Participants are fully vested in their accounts once they become eligible to participate and an allocation has been made to their account. Benefits are payable in the form of Common Stock of the Company and cash upon death, retirement, early retirement, disability or separation from service.

Any amendments to the ESOP are approved by the Company's Board of Directors. The ESOP is administered by a committee comprised of members of the Company's management team. The ESOP committee has appointed an independent financial institution to serve as trustee of the ESOP. The ESOP committee may instruct the trustee regarding investment of funds contributed to the ESOP. The ESOP trustee, subject to its fiduciary duty, must vote all allocated shares held in the ESOP in accordance with the instructions of participating employees. Under the ESOP, non-directed shares and shares held in the suspense account are voted in a manner calculated to most accurately reflect the instructions the ESOP trustee has received from participants regarding the allocated stock so long as such vote is in accordance with the provisions of the Employee Retirement Income Security Act of 1974, as amended.

EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

Employment and Change-in-Control Agreements

The Company has entered into an Employment Agreement with the President and Chief Executive Officer and the President and Chief Executive Officer of Bank Rhode Island, and Change in Control Agreements with the remaining Named Officers including the President and Chief Executive Officer of Bank Rhode Island. These agreements are intended to provide the Company with the continued employment and undivided attention of its Named Officers without the potential distraction resulting from the reduction of job security inherent in employment by a publicly-held institution. The agreements provide assurances to Named Officers regarding the continued payment of salary and benefits in the event of involuntary termination or a change in control at the Company.

Perquisites and Other Personal Benefits

The Company provides eligible employees with group life, accidental death and dismemberment, and long-term disability coverage. For its eligible employees, the Company pays seventy-eight percent (78%) of the monthly premiums for group health coverage and fifty percent (50%) of the monthly premiums for individual and family dental and vision coverage.

The Company pays one hundred percent (100%) of the monthly premiums for group life and group accident insurance coverage for all full-time employees after the employee has completed three months of service. The Company also sponsors a flexible benefits plan under which employees can pay their ratable share of health insurance premiums on a pre-tax basis, a medical expense reimbursement plan under which employees can defer part of their salary on a pre-tax basis to cover the costs of certain medical expenses not reimbursed through insurance or otherwise, a dependent care plan under which employees can defer part of their salary on a pre-tax basis to cover qualified dependent care expenses, and a transportation plan under which employees can defer part of their salary on a pre-tax basis for qualified parking and transportation expenses. The Company provides Mr. Perrault with an automobile and Mr. Meiklejohn with an automobile allowance in accordance with the terms of their employment agreements with the Company.

Impact of Accounting and Tax on the Form of Compensation

The Compensation Committee and management consider the accounting and tax (individual and corporate) consequences of the compensation plans prior to making changes to the plans. In the consideration of Named Officer compensation, including the granting of equity awards, the Compensation Committee considers the impact of ASU Topic No. 718, *Stock Compensation*, and Section 162(m) of the Internal Revenue Code, as amended (the "Code") (which limits the deduction of compensation paid to certain Named Officers to \$1,000,000 unless the compensation is "performance based"). In order to maintain flexibility in compensating executive officers in a manner designed to achieve varying corporate goals, the Compensation Committee currently does not have a specific policy that all compensation must be deductible. The exemption from Section 162(m)'s deduction limit for performance-based compensation has been repealed as part of the Tax Reform Act, effective for taxable years beginning after December 31, 2017, such that compensation paid to our named executive officers in excess of \$1 million will not be deductible unless it qualifies for the limited transition relief applicable to certain arrangements in place as of November 2, 2017.

While the Compensation Committee has made efforts to structure certain performance-based grants of restricted stock in a manner intended to be exempt from Section 162(m) and therefore not subject to its deduction limits, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the Tax Reform Act, no assurance can be made that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will. Further, the Compensation Committee

reserves the right to modify compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with the Company's business needs. The Compensation Committee believes that stockholder interests are best served if discretion and flexibility in awarding compensation is not restricted, even though some compensation awards may result in a non-deductible compensation expense to the Company.

Relationship Between Compensation Policies and Risk

The Company and its subsidiaries use variable cash incentive compensation programs and/or plans to reward and incent employee performance and retain top talent. The Compensation Committee is responsible for the review and analysis of the Company's variable cash incentive programs to ensure that they do not encourage excessive risk- or profit-taking at the expense of long term performance and stockholder value. The Compensation Committee regularly reviews the Company's variable cash incentive compensation programs to ensure that the incentive compensation programs that are in place at the Company and its subsidiaries effectively incent officer performance and do not encourage excessive risk taking. The Compensation Committee continues to monitor both existing and proposed variable cash incentive compensation programs to ensure that this prudent balance is maintained.

Clawback Policy

In addition to any other remedies available to the Company and subject to applicable law, if the Board or any committee of the Board determines that it is appropriate, the Company may recover in whole or in part any bonus, incentive payment, equity award or other compensation received by an officer of the Company to the extent that such bonus, incentive payment, equity award or other compensation is or was based on any financial results or operating metrics that were impacted by the officer's knowing or intentional fraudulent or illegal conduct, including the making of a material misrepresentation contained in the Company's financial statements.

Policy Regarding Derivatives, Short Sales, Hedging or Pledging

The Board of Directors annually reviews and approves the Company's policy with regard to insider trading. The Company's Insider Trading Policy prohibits insiders from pledging shares on margin, trading in derivative securities of the Company's common stock, engaging in short sales of the Company's securities, or purchasing any other financial instrument that is designed to hedge or offset any decrease in the market value of the Company's securities.

2017 Advisory Votes on Executive Compensation

In 2017, the Company submitted a non-binding, advisory vote to stockholders for approval of the executive compensation paid to the Company's Named Officers in 2016. At the Company's 2017 Annual Meeting, the proposal was approved, and the results of the voting on this non-binding and advisory proposal were as follows: FOR (51,247,503); AGAINST (2,898,852); ABSTAIN (158,145); and BROKER NON-VOTES (11,262,901). The Compensation Committee believes this affirms stockholders' support of the Company's approach to executive compensation.

Stock Ownership Guidelines

The Compensation Committee believes that Company stock ownership by the Board and executive officers strengthens their commitment to the Company's future and further aligns their interests with those of the Company's stockholders. The Compensation Committee encourages the Company's directors and executive officers to purchase and own Company stock and discourages sales of Company stock except pursuant to a

pre-arranged plan. The Compensation Committee is of the opinion that the number of shares of the Company's stock owned by each director and executive officer is a personal decision and, independent of any stock ownership requirements that are imposed by law, does not require directors or executive officers to purchase and/or own Company stock. The Compensation Committee will review the Company's position regarding Company stock ownership on a periodic basis to evaluate the stock ownership practices of directors and executive officers and to consider any necessary changes or enhancements to the Company's position regarding Company stock ownership.
