ITEM 9. REGULATION FD DISCLOSURE

CareDecision Corporation (the "Company") [OTCBB: CDED] reported on February 5, 2004 that the Company has entered into a Strategic Partnership ("Partnership") with DataFuzion Inc. ("Fuzion"). Fuzion is a Denver, CO-based medical data warehouse and data mining software application and services provider, and is also a participant in the field of medical business intelligence and decision-making tools. This Partnership will provide the Company with a substantial equity stake in Fuzion and grant Fuzion access to the Company's PDA based and Wi-Fi medical technologies.

Fuzion was one of the companies that recently bid to acquire a portion of the Company's e-health technologies. Upon the emergence of other bidders, the Company's merchant banker, Armada Group USA, Inc., directed the discussions toward an equity partnership. This Partnership is the first of several expected near-term transactions involving the Company's medical software technologies. In addition to this Partnership, Fuzion has decided to file to become a fully-reporting public company, which potentially could enhance the value of the Company's equity stake and build shareholder value.

Edgar Filing: CAREDECISION CORP - Form 8-K

Upon Fuzion achieving effective status with the Securities and Exchange Commission, the Company plans to distribute to shareholders most of the equity as a dividend.

Date: February 6, 2004.
