TOTALMED, INC. AND SUBSIDIARIES

(A Development Stage Company)

Form 10QSB

Quarter Ended March 31, 2006

Note to Consolidated Financial Statements

Note 1 Condensed Consolidated Financial Statements

Basis of Presentation

The accompanying interim unaudited consolidated financial statements include the accounts of TotalMed, Inc. and its subsidiaries which are hereafter referred to as (the "Company"). All intercompany accounts and transactions have been eliminated in consolidation. These financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-QSB of Regulation S-B. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, such interim statements reflect all adjustments (consisting of normal recurring accruals) necessary to present fairly the financial position and the results of operations and cash flows for the interim periods presented. The results of operations for these interim periods are not necessarily indicative of the results to be expected for the year ending December 31, 2006. These financial statements should be read in conjunction with the audited financial statements and footnotes included in the Company's report on Form 10-KSB for the year ended December 31, 2005.

Description of Business

The financial statements presented are those of TotalMed, Inc. and its subsidiaries, a development stage company (the Company). The Company was incorporated under the laws of the State of Delaware on August 7, 1997. The Company's activities during the twelve months ended March 31, 2006 have been primarily directed towards the raising of capital. The Company's initial business activity was to acquire the rights to market a patented electronic terminal that was to be used by retail merchants and in-home salespersons when payment was made with a credit or debit card. Currently the Company is seeking a merger candidate.

The Company has limited operations and in accordance with Statement of Financial Accounting Standards No. 7 (SFAS #7), the Company is considered a development stage company.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reporting amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Loss Per Common Share

Loss per common share is computed by dividing the net loss by the weighted average shares outstanding during the period. The 2005 weighted average shares outstanding were restated to reflect the reverse stock split.

Note to Consolidated Financial Statements

Notes Payable

The Company received an additional \$5,075 proceeds for a note during the quarter ended March 31, 2006.

Common Stock

On February 9, 2006, a portion of a note payable to an individual totaling \$57,000 was converted to 2,850,000 shares of common stock, valued at \$.02 per share.

Two former directors of the company returned 49,516,387 shares of stock to the company. On May 11, 2005 there was a reverse stock split of the common stock of the Company on the basis of one share for each 20 shares outstanding with shareholders of record as of March 1, 2005. The number of common shares outstanding as a result of the reverse stock split was 5,202,890. The December 31, 2005 Common Stock and Additional Paid in Capital balances were restated to reflect the reverse stock split.

Note 2 - Subsequent Events

The Company entered into a Stock Purchase Agreement on April 28, 2006 to acquire all of the issued and outstanding shares of eNotes Systems, Inc. a Florida corporation, (eNotes) from its selling shareholders in exchange for 20,000,000 shares of restricted common stock of the Company. The Company will change its name to eNotes Systems, Inc. as soon as is practical after preparation and submission of all appropriate and required notices and filings.

Item 2. Management's Discussion and Analysis

This Quarterly Report on Form 10-QSB, including the information incorporated by reference herein, includes "forward looking statement" within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Act") and Section 21E of the Securities Act of 1934, as amended ("Act of 34"). All of the statements contained in this Quarterly Report on Form 10-QSB, other than statements of historical fact, should be considered forward looking statements, including, but not limited to, those concerning the Company's strategies, objectives and plans for expansion of its operation, products and services and growth in demand for its products and services. There can be no assurances that these expectations will prove to have been correct. Certain important factors that could cause actual results to differ materially from the Company's expectations (the "Cautionary Statements") are disclosed in this Quarterly report on Form 10-QSB. All subsequent written and oral forward looking statements by or attributable to the Company or persons acting on behalf are expressly qualified in their entirety by such Cautionary Statements. Investors are cautioned not to place undue reliance on these forward looking statements which speak only as of the date hereof and are not intended to give any assurance as to future results. The Company undertakes no obligation to publicly release any revisions to these forward-looking statements to reflect events or reflect the occurrence of unanticipated events.

TotalMed, Inc., f/k/a Fonecash, Inc. (the "Company") was incorporated under the laws of the State of Delaware on August 7, 1997 and is in its development stage. On May 11, 2005, the Company changed its name from FoneCash, Inc. to TotalMed, Inc. The Company currently has no ongoing business operation and is actively seeking a potential merger or acquisition candidate. On April 28, 2006 the Company signed a Stock Purchase Agreement to acquire all of the issued and outstanding shares of eNotes Systems, Inc. in exchange for 20,000,000 restricted shares of the Company's common stock.

The Company incurred operating losses of \$5,872,949 from inception to March 31, 2006. The Company expects its accumulated deficit to grow for the foreseeable future as total costs and expenses continue without any revenue or business activity.

General

TotalMed, Inc. f/k/a Fonecash, Inc. (the "Company") was incorporated under the laws of the State of Delaware on August 7, 1997. During the fourth quarter of December 2002, the Company began to wind down its operations. This occurred because of management's inability to raise sufficient funds to finance the continued development of the Company's business plan.

Until that point, the Company had been engaged in the payment processing of transactions for banks and their merchants through its terminals and proprietary system. As part of that operation, the Company was developing a wired and wireless gateway to convert consumers' credit and debit card information collected by mobile merchants into a format that can be processed by banks. The Company intended to act as a payment system service provider

between banks, mobile merchants and their customers. The Company intended to charge merchants a fixed transaction fee to process their payments.

Currently, the Company remains in development stage and it has no operating profits to date. With the cessation of its pursuit of the credit card processing business, the Company currently has no business operations.

The Company incurred an operating loss of \$11,709 during the three month period ended March 31, 2006 compared to a loss of \$23,241 during the same period in 2005. This decrease in the Company's operating loss of \$11,532 was attributable to a reduction in General and Administrative expense. The Company spent a total of \$432,256 on Research and Development from Inception to March 31, 2006. The Company expects its accumulated deficit to grow for the foreseeable future.

The Company's Operations to Date

The Company was developing a system of processing credit cards for an under served community of low volume merchants and in-home salespersons consisting of a fixed wire or wireless terminal and a system of computers, utilizing established communications networks, both wired and wireless, for processing the data from credit and debit cards. The Company ceased this operation during the fourth quarter of 2002.

The Company has never operated under a name other than as reported above, nor has it ever been involved with any bankruptcy, receivership or similar proceeding or engaged in any material reclassification, merger, consolidation, or purchase or sale of assets.

Results of Operation

General and administrative expenses during the three month period ending March 31, 2006 were \$11,079 as compared to \$21,991 for the same period in 2005. This amount decreased because the Company is no longer incurring the additional expenses of reestablishing its reporting status.

Balance Sheet Data

The Company's combined cash and cash equivalents totaled \$ -0- for the period ended March 31, 2006 and \$62 for the period ended March 31, 2005.

Property and equipment was valued at \$0 the period ending March 31, 2006 which is the same amount as in 2005 for the same period.

Item 3. Controls and Procedures

As of the end of the period covered by this report, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's principal executive officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Exchange Act Rule 13a-14. Based upon that evaluation, the principal executive officer concluded that the Company's disclosure controls and procedures are effective in timely alerting them to material information relating to the Company required to be included in the Company's periodic SEC filings. As such no changes were made in controls and procedures.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

The Company was served with a summons and complaint for failure to pay the monthly payments on its line of credit with Fleet National Bank. Pursuant to the lawsuit, the Company would be liable to Fleet National Bank for the outstanding principal balance of \$107,645 plus attorney's fees. Management has indicated its intentions to defend the action and will repay the principal balance in monthly installments upon receipt of capital contributions from investors.

On April 8, 2002 the Securities and Exchange Commission filed a complaint alleging that a registration statement and amendments, filed with the Commission by the Company in December 2001, January 2002 and March 2002, and signed by the former president of the Company, Daniel E. Charboneau, contained material misrepresentations and omissions. On January 6, 2004, a United States District Judge from the District of Columbia entered a default judgment against the Company restraining the Company from further violations of Section 17(a) of the Securities Act of 1933, Sections 10(b) and 13a-13 of the Securities Exchange Act of 1934 and Rules 10b-5, 12b-20, 13a-1 and 13a-13 thereunder. As part of this order the Court also ordered penalties and interest in the amount of \$110,977.
