Energy Fuels Amends the Date of its Annual & Special Meeting; Adds Approval of the Uranerz Acquisition to the Meeting

May 21, 2015

Lakewood, Colorado Energy Fuels Inc. (NYSE MKT: UUUU, TSX: EFR) (Energy Fuels or the Company) announced today that it has amended the date of its previously announced annual and special meeting of shareholders (the **Meeting**). The Meeting, which was originally scheduled for June 16, 2015, will now be held at 10:00 am on June 18, 2015. The record date of April 20, 2015 for the Meeting has not changed. At the Meeting, shareholders will be asked to consider the previously announced acquisition of Uranerz Energy Corporation (**Uranerz**) by Energy Fuels (the **Transaction**), in addition to the election of directors, appointment of auditors, consideration of the extension of the Shareholder Rights Plan, and consideration of the Company's 2015 Omnibus Equity Incentive Plan.

Electronic copies of investor materials related to the Meeting, including the amended Notice of Meeting and amended Management Information Circular which provide details regarding the Transaction, may be found at and downloaded from www.meetingdocuments.com/cst/EFR or under the Company's profile on SEDAR at www.sedar.com. Shareholders are urged to carefully read and consider the amended Management Information Circular before voting on the matters described therein.

Uranerz is also expected to schedule its shareholder meeting to consider the Transaction for June 18, 2015, assuming the US Securities and Exchange Commission declares the Registration Statement on Form F-4 related to the Transaction effective next week.

Assuming the Registration Statement is declared effective next week, requisite shareholder approvals are obtained at the respective shareholder meetings, and all other conditions to closing are satisfied or waived, this would allow for a closing of the Transaction to occur as early as June 19, 2015.

***About Energy Fuels:** Energy Fuels is currently America's largest conventional uranium producer. Energy Fuels operates the White Mesa Mill, which is the only conventional uranium mill currently operating in the U.S. The mill is capable of processing 2,000 tons per day of uranium ore and has a licensed capacity of over 8 million lbs. of U₃O₈. Energy Fuels has projects located in a number of Western U.S. states, including a producing mine, mines on standby, and mineral properties in various stages of permitting and development. The Company's common shares are listed on the NYSE MKT under the trading symbol UUUU, and on the Toronto Stock Exchange under the trading symbol EFR.*
