LIFEWAY FOODS, INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2005 AND 2004
AND DECEMBER 31, 2004

NOTE 1 - NATURE OF BUSINESS

Lifeway Foods, Inc. (The "Company") commenced operations in February 1986 and incorporated under the laws of the state of Illinois on May 19, 1986. The Company's principal business activity is the production of dairy products. Specifically, the Company produces Kefir, a drinkable product which is similar to but distinct from yogurt, in several flavors sold under the name "Lifeway's Kefir;" a plain farmer's cheese sold under the name "Lifeway's Farmer's Cheese;" a fruit sugar-flavored product similar in consistency to cream cheese sold under the name of "Sweet Kiss;" and a dairy beverage, similar to Kefir, with increased protein and calcium, sold under the name "Basics Plus." The Company also produces several soy-based products under the name "Soy Treat" and a vegetable-based seasoning under the name "Golden Zesta." The Company currently distributes its products throughout the Chicago Metropolitan area through local food stores. In addition, the products are sold throughout the United States and Ontario, Canada by distributors. The Company also distributes some of its products to Eastern Europe.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows:

Principles of consolidation

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary, LFI Enterprises, Inc. All significant intercompany accounts and transactions have been eliminated.

Use of estimates

The preparation of financial statements in conformity with the Public Company Accounting Oversight Board (PCAOB) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Edgar Filing: LIFEWAY FOODS INC - Form 10QSB

 Sales represent sales of Company produced dairy products that are recorded at the time of shipment. In addition, shipping costs invoiced to the customers are included in net sales and the related cost in cost of sales.

 AND DECEMBER 31, 2004

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Cash and cash equivalents

All highly liquid investments purchased with an original maturity of three months or less are considered to be cash equivalents.

The Company maintains cash deposits at several institutions located in the greater Chicago, Illinois and Philadelphia, Pennsylvania metropolitan areas. Deposits at each institution are insured up to \$100,000 by the Federal Deposit Insurance Corporation or the Securities Investor Protector Corporation.

Bank balances of amounts reported by financial institutions are categorized as follows:

	September 30,		December 31,
	2005	2004	2004
Amounts insured	\$ 500,000	\$ 500,000	\$ 472,341
Uninsured and uncollateralized amounts	3,959,945	5,041,913	5,456,188
Total bank balances	\$4,459,945	\$5,541,913	\$5,928,529

Marketable securities

Marketable securities are classified as available-for-sale or trading and are stated at fair value or quoted prices. Gains and losses related to marketable securities sold are determined by the specific identification method.

Accounts receivable

Credit terms are extended to customers in the normal course of business. The Company performs ongoing credit evaluations of its customers' financial condition and generally requires no collateral.

Accounts receivable are recorded at invoice amounts, and reduced to their estimated net realizable value by recognition of an allowance for doubtful accounts. The Company's estimate of the allowance for doubtful accounts is based upon historical experience, its evaluation of the current status of specific receivables, and unusual circumstances, if any. Accounts are considered past due if payment is not made on a timely basis in accordance with the Company's credit terms. Accounts

Edgar Filing: LIFEWAY FOODS INC - Form 10QSB

considered uncollectible are charged against the allowance.

Inventories

Inventories are stated at lower of cost or market, cost being determined by the first-in, first-out method.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2005 AND 2004
AND DECEMBER 31, 2004

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Property and equipment

Property and equipment are stated at depreciated cost or fair value where depreciated cost is not recoverable. Depreciation is computed using the straight-line method. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized in income for the period. The cost of maintenance and repairs is charged to income as incurred; significant renewals and betterments are capitalized.

Property and equipment are being depreciated over the following useful lives:

Category	Years
Buildings and improvements	31 and 39
Machinery and equipment	5 - 12
Office equipment	5 - 7
Vehicles	5

Intangible assets

The Company accounts for intangible assets at historical cost. Intangible assets acquired in a business combination are recorded under the purchase method of accounting at their estimated fair values at the date of acquisition. Goodwill represents the excess purchase price over the fair value of the net tangible and other intangible assets acquired. Goodwill is not amortized. The Company amortizes other intangible assets over their estimated useful lives, as disclosed in the table below.

Goodwill is reviewed for impairment at least annually. Since the Company only has one reporting unit, the test is based on a fair value approach applied for the entire company.

The Company will review intangible assets and their related useful lives at least once a year to determine if any adverse conditions exist that would indicate the carrying value of these assets may not be recoverable. This review is called an impairment assessment. The Company will conduct more frequent impairment assessments if certain conditions exist, including: a change in the competitive landscape, any internal decisions to pursue new or different strategies, a loss of a

Edgar Filing: LIFEWAY FOODS INC - Form 10QSB

significant customer, or a significant change in the market place including changes in the prices paid for the Company's products or changes in the size of the market for the Company's products.

If the estimate of an intangible asset's remaining useful life is changed, the remaining carrying amount of the intangible asset is amortized prospectively over the revised remaining useful life.

Intangible assets are being amortized over the following useful lives:

Category	Years
-----	-----
Recipes	4
Customer lists and other customer related intangibles	8
Lease agreement	7

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

AND DECEMBER 31, 2004

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Income taxes

Deferred income taxes arise from temporary differences resulting from income and expense items reported for financial accounting and tax purposes in different periods. Deferred taxes are classified as current or non-current, depending on the classification of the assets and liabilities to which they relate. Deferred taxes arising from temporary differences that are not related to an asset or liability are classified as current or non-current depending on the periods in which the temporary differences are expected to reverse.

The principal sources of temporary differences are different depreciation and amortization methods for financial statement and tax purposes, unrealized gains or losses related to marketable securities, capitalization of indirect costs for tax purposes, and the recognition of an allowance for doubtful accounts for financial statement purposes.

Treasury stock

Treasury stock is recorded using the cost method.

Advertising costs

The Company expenses advertising costs as incurred. During the years ended December 31, 2004 and for the nine months ended September 30, 2005 and 2004, approximately \$909,179, \$914,598 and \$619,852, of such costs respectively, were expensed.

Earning per common share

Earnings per common share were computed by dividing net income available to common stockholders by the weighted average number of common shares outstanding during the period. For all periods presented, diluted and basic earnings per share were the same, as the effect of

Edgar Filing: LIFEWAY FOODS INC - Form 10QSB

dilutive securities options outstanding was not significant.

NOTE 3 - ACQUISITION OF ILYA'S FARMS, INC.

On July 23, 2004, LFI Enterprises, Inc., an Illinois corporation and wholly owned subsidiary of Lifeway ("LFIE"), acquired certain assets of Ilya's Farms, Inc., a Pennsylvania corporation. The aggregate purchase price was \$575,600, paid by LFIE in cash from its current assets.

As a result of the acquisition LFIE now manufactures and distributes certain cream cheese products under the brand name "Ilya's Farms" in the Philadelphia, Pennsylvania metropolitan area. The results of operations of the acquired business have been included in the consolidated financial statements since the acquisition date.

The following table summarizes the values of the assets and inventory acquired at the date of acquisition, July 23, 2004.

The lawsuit alleges non payment of overtime wages in violation of federal employment laws, with an estimated amount between \$90,000 and \$100,000. The suit was filed in the United States District Court for the Northern District of Illinois on behalf of all employees who were classified as non-exempt during 2001 through 2003. The Company has accrued a \$95,000 liability in anticipation of a settlement.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

COMPARISON OF QUARTER ENDED SEPTEMBER 30, 2005 TO QUARTER ENDED SEPTEMBER 30,

2004

The following analysis should be read in conjunction with the unaudited financial statements of the Company and related notes included elsewhere in this quarterly report and the audited financial statements and Management's Discussion and Analysis contained in our Form 10-KSB, for the fiscal year ended December 31, 2004, and in the Management's Discussion and Analysis contained in our Form 10-QSB, for the fiscal quarters ended March 31, 2005, and June 30, 2005.

RESULTS OF OPERATIONS

Sales increased by \$1,056,042 (approximately 26%) to \$5,194,648 during the three month period ended September 30, 2005 from \$4,138,606 during the same three month period in 2004. This increase is primarily attributable to increased sales and awareness of Lifeway's existing drinkable dairy products including La Fruta, and its flagship line, Kefir.

Lifeway's wholly-owned subsidiary, LFI Enterprises, Inc. ("LFIE") accounted for \$247,416 of total sales revenues during the third quarter of 2005. Of the total \$264,807 revenues from LFIE, \$112,671 was earned due to sales of Lifeway's Kefir and Farmer Cheese products sent from our Morton Grove, Illinois facility to Philadelphia, Pennsylvania for distribution in the tri-state area of Pennsylvania, New Jersey and New York. The remaining \$134,745 of LFIE revenues for the third quarter of 2005 was earned from sales of the Cream Cheese Gourmet line of products acquired from Ilya's Farms, Inc. in the third quarter of 2004. Sales from the acquired Ilya's Farms cream cheese line in the third quarter 2004 were \$103,635. This represents a 30% increase in sales for the cream cheese line in the third quarter 2005 when compared to the same period year ago.

Cost of goods sold as a percentage of sales was approximately 59% during the third quarter 2005, compared to about 54% during the same period in 2004. The average cost of milk, Lifeway's largest cost of goods sold component, was similar in the third quarter 2005 compared to the same period in 2004. Beginning January 1, 2005, the minimum wage payable to Company's employees in Illinois increased 18%. This higher wage increase (and indirect pressure for additional increases) has had a negative impact on our gross margins in 2005, when compared to 2004. We intend to primarily offset these wage increases by continuing to invest in the automation of our production processes.

As we increased our shipments, the rise in fuel and transportation costs in the third quarter, when compared to the same period a year ago, had a negative impact on our gross margins. We were able to partially off-set this increase in fuel costs by making prudent investments in the energy markets, as is evident in our gains from the sale of marketable securities.

Operating expenses as a percentage of sales was approximately 26% during the third quarter 2005, compared to about 28% during the same period in 2004. This decrease is primarily attributable to our continuing efforts to improve our production automation, through capital investments, thereby improving our overall operating income. Lifeway also recognized an expense related to an increase in a reserve established with respect to a lawsuit brought by a previous employee, as discuss in Part II, Item 2 of this report.

Edgar Filing: LIFEWAY FOODS INC - Form 10QSB

Provision for income taxes was \$400,464, or a 42% tax rate during the third quarter 2005 compared with \$296,210, or a 36% tax rate during the same period in 2004. Income taxes are discussed in Note 9 of the Notes to Consolidated Financial Statements.

COMPARISON OF NINE MONTH PERIOD ENDED SEPTEMBER 30, 2005 TO NINE MONTH PERIOD

ENDED SEPTEMBER 30, 2004

RESULTS OF OPERATIONS

Sales increased by \$2,848,298 (approximately 24%) to \$14,924,076 during the nine month period ended September 30, 2005 from \$12,075,778 during the same nine month period in 2004. This increase is primarily attributable to increased sales and awareness of Lifeway's existing drinkable dairy products including La Fruta, and its flagship line, Kefir.

19

Cost of goods sold as a percentage of sales was approximately 58% during the nine month period ended September 30, 2005, compared to about 55% during the same period in 2004. The average cost of milk, Lifeway's largest cost of goods sold component, approximately 20% higher in the first quarter 2005, compared to the same period in 2004, but was similar in the second and third quarters 2005 compared to the same periods in 2004. Beginning January 1, 2005, the minimum wage payable to Company's employees in Illinois increased 18%. This higher wage increase (and indirect pressure for additional increases) has had a negative impact on our gross margins in 2005, when compared to 2004. We intend to primarily offset these wage increases by continuing to invest in the automation of our production processes.

Total other income for the six months ended September 30, 2005 was \$500,520, compared with \$411,433 during the same period in 2004. This increase is primarily attributable to the company earning more interest and dividends in 2005, when compared to the same period in 2004.

SOURCES AND USES OF CASH

Net cash used in investing activities was \$5,461,631 during the nine months ended September 30, 2005, which is an increase of \$4,240,776 compared to the same period in 2004. This increase is primarily due to the Company's purchase of a storage and distribution facility.

Net cash provided by financing activities was \$2,580,715 during the nine months ended September 30, 2005, which is an increase of \$2,510,281 compared to the same period in 2004. This increase is primarily attributable to the Company financing the purchase of the above- mentioned facility. The Company entered into a \$3 million note that has a maturity of 5 years, at an interest rate of 5.6%. The Company also purchased 50,000 shares of its treasury stock at a cost of \$401,554 in the first nine months of 2005.

A significant portion of our assets are held in marketable securities. The majority of our marketable securities are classified as available-for-sale on our balance sheet, while the mortgage-backed securities are classified as trading. All of these securities are stated thereon at market value as of the end of the applicable period. Gains and losses on the portfolio are determined by the specific identification method.

We anticipate being able to fund the Company's foreseeable liquidity

Edgar Filing: LIFEWAY FOODS INC - Form 10QSB

requirements internally. We continue to explore potential acquisition opportunities in our industry in order to boost sales while leveraging our distribution system to consolidate and lower costs.

OTHER DEVELOPMENTS

On May 23, 2005, Lifeway's Board of Directors approved awards of an aggregate amount of 5,600 shares to be awarded under its Employee and Consulting Services and Compensation Plan to certain employees and consultants for services rendered to the Company. The stock awards were made on June 1, 2005 and have vesting periods of one year. The expense for the awards is measured as of June 1, 2005 at \$12.50 per share for 5,600 shares, or a total stock award expense of \$70,000. This expense will be recognized as the stock awards vest in 12 equal portions of \$5,833, or 466 shares per month for one year.

CRITICAL ACCOUNTING POLICIES

Lifeway's analysis and discussion of its financial condition and results of operations are based upon its consolidated financial statements that have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. US GAAP provides the framework from which to make these estimates, assumptions and disclosures. Lifeway chooses accounting policies within US GAAP that management believes are appropriate to accurately and fairly report Lifeway's operating results and financial position in a consistent manner. Management regularly assesses these policies in light of current and forecasted economic conditions and has discussed the development and selection of critical accounting policies with its audit committee of the Board of Directors. For further information concerning accounting policies, refer to Note 2 -- Nature of Business and Significant Accounting Policies in the notes to the consolidated financial statements.

FORWARD LOOKING STATEMENTS

In this report, in reports subsequently filed by Lifeway with the SEC on Form 10-QSB and filed or furnished on Form 8-K, and in related comments by management, our use of the words "believe," "expect," "anticipate," "estimate," "forecast," "objective," "plan," "goal," "project," "explore," "priorities/targets," and similar expressions is intended to identify forward-looking statements. While these statements represent our current judgment on what the future may hold, and we believe these judgments are reasonable, actual results may differ materially due to numerous important factors that are described in this report and other factors that may be described in subsequent reports which Lifeway may file with the SEC on Form 10-QSB and filed or furnished on Form 8-K, including but not limited to:

- o Changes in economic conditions, commodity prices;
- o Shortages of and price increase for fuel, labor strikes or work stoppages, market acceptance of the Company's new products;

ITEM 3. CONTROLS AND PROCEDURES

The Chief Executive Officer and the Chief Accounting Officer conducted an evaluation of the effectiveness of the Company's disclosure controls and procedures pursuant to Rule 13a-14 under the Securities Exchange Act of 1934 as of September 30, 2005. The Company has historically operated on strictly monitored cost constraints. With that perspective, the Chief Executive Officer and the Chief Accounting Officer concluded that the disclosure controls and procedures are effective in ensuring that all material information required to be filed in this quarterly report has been made known to them. However, based upon the Company's recent growth and improved cash position, as well as consultation with its auditors, management intends to implement additional procedures to improve internal controls over financial reporting in 2005. Specifically, an enhanced accounting software package has been identified and continues to be evaluated which will permit enhanced data recording and internal reporting as well as additional on-site accounting staff and some changes to the Company's internal control procedures over financial reporting.

As of the date of this quarterly report, there have been no known significant changes in internal controls or in other factors that could significantly affect these controls subject to the date of such evaluation.

PART II - OTHER INFORMATION

ITEM 2. LEGAL PROCEEDINGS

On December 4, 2004, a former employee requested a Motion for Summary Judgment on the issue of liability in a lawsuit filed against the Company by the former employee. The motion was granted on February 10, 2005 and on February 18, 2005 the case was referred to a Magistrate Judge for a settlement conference. The lawsuit alleges non payment of overtime wages in violation of federal employment laws, with an estimated amount between \$90,000 and \$100,000. The suit was filed in the United States District Court for the Northern District of Illinois on behalf of all employees who were classified as non-exempt during 2001 through 2003. Outside counsel for the Company has advised that at this stage in the proceedings it cannot offer an opinion as to the probable outcome. The Company continues to vigorously defend this matter. The Company has accrued a \$95,000 liability in anticipation of a settlement.

On April 14, 2003, Vera Smolyansky filed a complaint seeking unspecified damages in the Circuit Court of Cook County, Illinois naming Lifeway as a defendant. This case was dismissed, with prejudice on June 30, 2005.
