GENERAL INFORMATION

WHAT ARE STOCKHOLDERS BEING ASKED TO APPROVE?

Stockholders are not being asked to approve anything. To the extent required, stockholder approval of the action discussed herein has already been obtained. This Information Statement is being provided to you only for purposes of informing you of what has already been approved.

WHAT CORPORATE ACTION HAS ALREADY BEEN APPROVED?

The only action to which this Information Statement relates is the only action which has already been approved. Specifically, this action is the adoption of an amendment to our Articles of Incorporation increasing the number of our authorized shares of Common Stock from 120,000,000 to 900,000,000.

HOW CAN STOCKHOLDER APPROVAL ALREADY HAVE BEEN OBTAINED IF STOCKHOLDERS WERE NOT YET INVITED TO VOTE AND NO STOCKHOLDERS' MEETING HAS BEEN HELD?

Section 78.320 of the Nevada Revised Statutes provides that, unless prohibited under a company's articles of incorporation or bylaws, any action which may be taken at any annual or special meeting of stockholders may be taken without a meeting and without prior notice if a written consent thereto is obtained by the holders of outstanding shares having not less than the minimum number of votes that would be necessary to authorize or take the action at a meeting at which all shares entitled to vote thereon were present and voted. Neither our Articles of Incorporation nor our Bylaws prohibit stockholder action by way of written consent.

In accordance with the Nevada Revised Statutes and our Articles of Incorporation and Bylaws, the corporate action discussed herein requires the affirmative vote of the holders of a majority of our voting power. Each share of our Common Stock entitles the holder to one vote on all matters submitted to the stockholders. Each share of our Series MX Convertible Preferred Stock entitles the holder to one vote on an as-converted-to-Common-Stock basis on all matters submitted to a vote of stockholders. In order to eliminate the costs and management time involved in holding a special meeting and in order to effect the action described herein as early as possible in order to accomplish the purposes as hereafter described, our Board of Directors voted to utilize, and did in fact obtain, the written consent of the holders of a majority in interest of the Company's Voting Stock, which Voting Stock consists of both the Common Stock and the Series MX Convertible Preferred Stock. As of October 3, 2014 (the "Record Date"), there were 119,134,980 shares of our Common Stock outstanding and 118,938 shares of our Series MX Convertible Preferred Stock outstanding (with the shares of Series MX Convertible Preferred Stock carrying voting rights in the aggregate equivalent to 297,345,000 shares of Common Stock), and, upon such date, the written consent to such action was obtained from certain of our principal stockholders holding in the aggregate 216,979,148 shares of voting stock, representing a 52% majority of our total issued and outstanding Voting Stock.

In accordance with Article VIII of our Articles of Incorporation, any action to be taken by way of written consent of our stockholders requires that it first be approved by our Board of Directors. Our Board of Directors approved the foregoing action by unanimous written consent (in accordance with Section 78.315 of the Nevada Revised Statutes) on September 30, 2014 and recommended that such resolutions be submitted as required under Article VIII of our Articles of Incorporation for stockholder approval.

As a result of the foregoing, no further stockholder vote or meeting is required to approve the action and no proxies will be solicited.

ARE STOCKHOLDER'S ENTITLED TO DISSENTER'S RIGHTS IN CONNECTION WITH THIS ACTION?

No. The Nevada Revised Statutes do not provide for dissenter's rights in connection with the action contemplated by the authorization obtained.

-2-

IS THE COMPANY DISTRIBUTING THIS INFORMATION STATEMENT VOLUNTARILY?

No. Although the Nevada Revised Statutes do not require that notice of action taken by way of written consent of stockholders be provided to non-consenting stockholders, federal securities laws impose very specific requirements for companies such as ours whose common stock is registered under the Securities Exchange Act of 1934 (the “Exchange Act”). Pursuant to Rule 14c-2 promulgated under the Exchange Act, any stockholder approval (of a company subject to the Exchange Act reporting requirements) which is obtained by written consent cannot take effect until 20 days after an Information Statement conforming to the requirements of Schedule 14C is mailed to stockholders.

**INFORMATION RELATING TO THE ACTION TAKEN BY OUR BOARD OF DIRECTORS
AND THE CONSENTING STOCKHOLDERS INVOLVING THE ADOPTION OF AN AMENDMENT TO
OUR ARTICLES OF INCORPORATION INCREASING THE NUMBER OF OUR AUTHORIZED
SHARES OF COMMON STOCK FROM 120,000,000 TO 900,000,000.**

WHAT IS MEANT BY “AUTHORIZED SHARES”?

“Authorized Shares” are those shares of FindEx capital stock that the Company has been granted authority to issue pursuant to its articles of incorporation, the total amount of which is specifically set forth therein. Authorized shares include both issued and outstanding shares as well as unissued shares and treasury shares.

HOW MANY SHARES DOES THE COMPANY CURRENTLY HAVE AUTHORIZED?

Pursuant to Article V of our Articles of Incorporation, as restated and amended to date, we are currently authorized to issue up to a total of 125,000,000 shares of capital stock, 120,000,000 of which are shares of Common Stock, and 5,000,000 of which are serial preferred stock, the rights, preferences and privileges of which may be set by our Board of Directors from time to time.

HOW MANY ADDITIONAL SHARES HAVE BEEN AUTHORIZED BY THE CONSENTING SHAREHOLDERS?

780,000,000 shares of Common Stock. Upon effectiveness of the amendment to our Articles of Incorporation, a result of a Nevada state corporate filing, we will be authorized to issue up to a total of 900,000,000 shares of Common Stock, as opposed to the current 120,000,000 shares. No additional shares of preferred stock have been authorized.

WHY IS THERE A NEED FOR ADDITIONAL AUTHORIZED SHARES OF COMMON STOCK?

Of the 120,000,000 shares of Common Stock currently authorized, as of the Record Date (October 3, 2014), 119,134,980 shares of Common Stock were issued and outstanding. As a result, approximately 865,020 shares of Common Stock remain available for future issuance prior to the effecting of this corporate action.

Having available authorized but unissued shares of common stock can be important to a corporation for any number of different reasons, and often for a variety of different reasons. In our case, and as is commonly true with many small, developing technology companies, these reasons include the following:

- a need or potential need, for shares to be issued as part of a necessary or desirable sale of stock or other securities in a given equity or convertible financing;
- a need or potential need, for non-cash currency to be used in making business or asset acquisitions or other corporate combinations;
- a need or potential need, for shares for issuance in connection with earn-out arrangements arising under acquisition agreements;
- a need or potential need, for shares to be issued in connection with incentive-based compensation arrangements, including the reservation of shares for issuance upon exercise of outstanding options under employee benefit plans; and
- a need or potential need, for a reservation of shares for issuance upon exercise of outstanding common stock purchase warrants.

While each of the above represents current actual or anticipated potential needs of the Company, a noteworthy need in particular for the increase in authorized shares of Common Stock at this time is the availability of shares to enable the conversion of shares of our issued and outstanding Series MX Convertible Preferred Stock to Common Stock. On July 1, 2014, and pursuant to the authority conferred upon the Board of Directors by Article V of the Articles of Incorporation, and pursuant to Section 78.1955 of the Nevada Revised Statutes, the Company, acting upon the unanimous written consent of the Board of Directors dated June 30, 2014, filed with the Nevada Secretary of State an amendment to the Articles of Incorporation in the form of a certificate designating the powers, preferences, privileges, limitations, restrictions, and relative rights and terms of 300,000 shares of Series MX Convertible Preferred Stock. In accordance with the certificate of designations for the Series MX Convertible Preferred Stock, (i) if and when at any time following issuance of any shares of such stock, the Company were to amend the Articles of Incorporation to increase the number of authorized shares of Common Stock to a number equal to or greater than nine hundred million (900,000,000), and without any action on the part of any holder(s) of the Series MX Convertible Preferred Stock, or further action on the part of the Company itself, each issued and outstanding share of Series MX Convertible Preferred Stock would automatically convert into twenty five hundred (2,500) shares of Common Stock (the "Automatic Conversion Feature"). Commencing on July 23, 2014 in connection with the consummation of the merger involving the Corporation and EcoSmart Surface & Coating Technologies, Inc., and since that date for various other compensatory purposes, the Corporation has issued 118,938 shares of Series MX Convertible Preferred Stock. Although neither the EcoSmart merger nor any of the other issuances of Series MX Convertible Preferred Stock that followed were contingent in any way on effecting the increase in authorized shares, we respect it as an obligation of ours, and we believe it is in the best interests of our stockholders, that an increase be effected in the number of authorized shares of Common Stock such that the Automatic Conversion Feature shall be triggered.

WHY WAS 780,000,000 DETERMINED TO BE THE CORRECT NUMBER TO INCREASE THE AUTHORIZED COMMON SHARES BY?

We determined to raise the number of authorized shares of Common Stock by 780,000,000 because it would result in a triggering of the Automatic Conversion Feature associated with the Series MX Convertible Preferred Stock while

also leaving us with 483,520,020 additional shares, a figure management deemed to be sufficient to reasonably meet the Company's other capital-raising and business needs for the indefinite future even though such needs cannot be known with any degree of certainty at this time.

-4-

WHAT WILL BE THE EFFECT OF AN INCREASE IN THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK?

Upon the effectiveness of the amendment, the number of authorized shares of our Common Stock will have increased from 120,000,000 to 900,000,000. As of the Record Date, we had 120,000,000 shares of authorized Common Stock and 119,134,980 shares of Common Stock issued and outstanding. On a fully-diluted basis (that is, inclusive of all shares into which any outstanding convertible securities – including the Series MX Convertible Preferred Stock - are convertible, as well as all shares underlying outstanding but unexercised options and warrants), we had 416,479,980 shares of Common Stock issued and outstanding.

The increase in authorized Common Stock will not have any immediate effect on the rights of existing stockholders. However, the Board of Directors will have the authority to issue authorized Common Stock without requiring future stockholder approval of such issuances, except as may be required under the Nevada Revised Statutes or pursuant to our Articles of Incorporation. To the extent that additional authorized shares are issued in the future, they may decrease our existing stockholders' percentage equity ownership and, depending on the price at which they are issued, could be economically dilutive to the shareholdings of existing stockholders.

Shares of authorized and unissued Common Stock could, within the limits imposed by applicable law, be issued in one or more transactions which would make a future change in control of the Company more difficult, and therefore less likely. Any such issuance of additional stock could have the effect of diluting the earnings per share and book value per share of outstanding shares of Common Stock and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company. Our Board of Directors is not currently aware of any attempt to take over or acquire the Company. While it may be deemed to have potential anti-takeover effects, the amendment to our Articles of Incorporation is not prompted by any specific effort or takeover threat currently perceived by management.

HOW WILL THIS CHANGE AFFECT OUR ARTICLES OF INCORPORATION?

The amendment will result in a change in Article V of our Articles of Incorporation so that it reads in pertinent part as follows:

“The aggregate number of shares of all classes of capital stock which the Corporation has authority to issue is 905,000,000 of which 900,000,000 are to be shares of common stock, \$.001 par value per share, and of which 5,000,000 are to be shares of serial preferred stock, \$.001 par value per share.”

The text of the form of amendment to our Articles of Incorporation that will be filed with the Nevada Secretary of State to effect this action is set forth in Appendix A, subject, however, to such changes as may be required by the office of the Nevada Secretary of State, or as our Board of Directors deems necessary and advisable, to effect this action.

WHY DO STOCKHOLDERS NEED TO APPROVE AN INCREASE IN OUR AUTHORIZED COMMON STOCK?

Our capitalization is set forth in Article V of our Articles of Incorporation. Section 78.390 of the Nevada Revised Statutes provides that every amendment to a company's articles of incorporation shall first be adopted by the resolution of the board of directors and then be subject to the approval of stockholders entitled to vote on any such amendment. Pursuant to that Section, as well as Article XVIII of our Articles of Incorporation, our Articles of Incorporation may only be amended upon the affirmative vote of at least a majority of the voting power of stockholders entitled to vote. While, pursuant to Article XVIII of our Articles of Incorporation, some of the

provisions contained in our Articles of Incorporation require a 75% supermajority to amend, Article V is not one of those provisions.

WHAT IS THE REQUIRED VOTE FOR THIS ACTION?

This corporate action has already been approved, pursuant to written consent, by our principal stockholders holding in the aggregate 216,979,148 shares of voting stock, representing a 52% majority of our total issued and outstanding Voting Stock. No further vote is required or will be taken.

WHEN WILL THE AMENDMENT BECOME EFFECTIVE?

Under applicable federal securities laws, the corporate action discussed herein cannot be effective until at least 20 calendar days after this Information Statement is sent or given to the Company's stockholders. The amendment to our Articles of Incorporation will become effective upon filing with the Nevada Secretary of State. It is anticipated that the foregoing will take place approximately 20 calendar days after this Information Statement is mailed to Company stockholders.

NO ADDITIONAL MATTERS

Except as set forth above, as of the date of this Information Statement, the Board of Directors knows of no other matters other than those described in this Information Statement, which have been approved or considered by the holders of a majority of the shares of our voting stock.
