FULL HOUSE RESORTS, INC. AND SUBSIDIARIES

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Interim Condensed Financial Statements - The interim condensed consolidated financial statements of Full House Resorts, Inc. (the Company or Full House) included herein reflect all adjustments which are, in the opinion of management, necessary to present fairly the financial position and results of operations for the interim periods presented. All such adjustments are of a normal recurring nature. Certain information and note disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been omitted pursuant to the rules and regulations of the Securities and Exchange Commission.

These unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2001. The results of operations for the periods ended June 30, 2002 are not necessarily indicative of the results to be expected for the year ending December 31, 2002.

Consolidation - The unaudited condensed consolidated financial statements include the accounts of the Company and all its majority owned subsidiaries. Prior to March 31, 2001, Full House had four joint ventures with GTECH that were accounted for using the equity method. On March 31, 2001 we purchased GTECH's 50% interest in three of these joint ventures which are now wholly-owned by Full House, and accordingly are no longer accounted for using the equity method. All material intercompany accounts and transactions have been eliminated.

2. RECENTLY ISSUED ACCOUNTING STANDARDS

In June 2002, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standard (SFAS) No. 146, Accounting for Costs Associated with Exit or Disposal Activities. SFAS No. 146 addresses financial accounting and reporting for costs associated with the exit or disposal activities and nullifies Emerging Issues Task Force Issue No. 94-3, Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring) . SFAS No. 146 requires that a liability for a cost associated with an exit or disposal activity be recognized when the liability is incurred. A fundamental conclusion reached by the FASB in this statement is that an entity's commitment to a plan, by itself, does not create a present obligation to others that meets the definition of a liability. SFAS 146 also establishes that fair value is the objective for initial measurement of the liability. The provisions of this statement are effective for exit or disposal activities that are initiated after December 31, 2002, with early implementation encouraged. The Company has not determined the impact of SFAS No. 146 on its financial position and results of operations, if any.

3. JOINT VENTURE ACQUISITION

Edgar Filing: FULL HOUSE RESORTS INC - Form 10QSB

On March 30, 2001, we acquired GTECH's 50% interest in three joint venture projects that had been equally owned by the two companies: Gaming Entertainment, LLC, owner of a development agreement continuing through August 2002, with the Coquille Indian Tribe (Oregon Tribe),

Edgar Filing: FULL HOUSE RESORTS INC - Form 10QSB

which conducts gaming at The Mill Casino in Oregon; Gaming Entertainment (Michigan), LLC, owner of a Management Agreement with the Nottawaseppi Huron Band of Potawatomi (Michigan Tribe) to develop and manage a gaming facility near Battle Creek; and Gaming Entertainment (California), LLC, owner of a Management Agreement with the Torres-Martinez Band of Desert Cahuilla Indians (California Tribe) to develop and manage a gaming facility near Palm Springs.

The purchase price was \$1,800,000, and was funded through our existing credit facility. As part of this transaction, GTECH extended the due date of our \$3,000,000 promissory note from January 25, 2001 until January 25, 2002, with interest at prime. The note was paid in February 2002. Also as part of this transaction, GTECH is no longer required to provide the necessary financing for the two development projects (Michigan and California) that we acquired. This transaction did not include our other joint venture with GTECH, Gaming Entertainment (Delaware), LLC, owner of a management agreement continuing through 2011, to manage Midway Slots & Simulcast in Harrington, Delaware.

In addition to the gaming contract rights, we acquired the other 50% interest in a note receivable from the Michigan Tribe in the amount of \$396,146. The excess purchase price over the fair value of assets acquired was allocated to the gaming contract rights acquired based on the discounted present value of expected future cash flows. The excess purchase price of \$1,403,854 was allocated as follows:

	Value	Amortization Term
Michigan contract	\$ 1,141,682	8.0 years
California contract	182,776	8.0 years
Oregon Contract	79,396	1.4 years
	\$ 1,403,854	

The following summary pro forma results of operations assume that the acquisition occurred as of January 1, 2001:

	Six Months Ended	
	June 30, 2001	
Operating revenues	\$	2,682,557
Income before taxes		602,422
Net income		224,842
Net income applicable to common shares		119,842
Net income per common share		0.01

4. RECEIVABLES

As part of the Michigan and California management agreements with the tribes, the Company has advanced funds for tribal operations and the construction of a tribal community center. The Company has recorded receivables of \$1,112,291 from Michigan and \$25,000 from California, attributable to this funding. The repayment obligations are dependent on the future profitable operation of the tribes gaming enterprises.

5. GAMING CONTRACT RIGHTS

As a result of the acquisition from GTECH, the three joint ventures that had previously been accounted for using the equity method are now wholly owned consolidated entities. A substantial portion of our investment in these joint ventures was comprised of Michigan gaming rights of \$4,155,213 that we acquired in 1995 and contributed to the joint venture. Now that these are

Edgar Filing: FULL HOUSE RESORTS INC - Form 10QSB

wholly-owned consolidated entities, these rights are reflected in Gaming Contract Rights, along with the rights acquired in the GTECH acquisition of \$1,403,854.

Contributed Michigan gaming rights	\$	4,155,213
Acquired gaming rights		1,403,854
Less accumulated amortization		(279,628)
Gaming Contract Rights, net (as of June 30, 2002)	\$	5,279,439

The Michigan and California ventures are in the development stage. Successfully developing, and ultimately, sustaining profitable operations is dependent on future events, including appropriate regulatory approvals and adequate market demand. These two ventures have not generated any revenues, and the costs incurred to date relate to pre-opening expenses such as payroll, legal and consulting. The Company adopted SFAS 142, Goodwill and Other Intangible Assets as of January 1, 2002, and the adoption did not have a material impact on the Company's consolidated financial statements. In accordance with SFAS 142, the Company amortizes acquired gaming rights over the life of the contract.

6. JOINT VENTURE INVESTMENTS

Through March 30, 2001 the Company had four joint ventures with GTECH. The Investments in Joint Ventures on the balance sheet now reflects our ownership interest in only the Delaware LLC.

SUMMARY INFORMATION FOR THE THREE MONTH PERIODS ENDED JUNE 30,

2002	Delaware	Oregon	Michigan	California

7. LONG TERM DEBT

On February 15, 2002, we entered into an agreement with RAM Entertainment, LLC (RAM), a privately held investment company, whereby RAM will acquire a 50% interest in the California and Michigan projects upon receipt by the Huron Potawatomi Tribe of federal approvals for its proposed casino near Battle Creek, Michigan. In addition, RAM is to provide the necessary funding for their development. RAM advanced \$2,381,260 to Full House in the form of a loan which bears interest adjustable daily at prime and requires interest payments monthly. If the required federal approvals are not received prior to February 15, 2003, and RAM does not waive the approval requirement, then the principal amount becomes due and RAM shall forfeit its right to any interest in the projects.

The proceeds of this loan, together with cash on hand, was used to repay the \$3,000,000 GTECH note.

8. SEGMENT INFORMATION

Since the joint venture acquisition from GTECH, we now view our business in three primary business segments. The Operations segment includes the performance of the Delaware and Oregon projects. The Development segment includes costs associated with our activities in Michigan, California, and Mississippi. The Corporate segment reflects the management and administrative expenses of the business.

SUMMARY INFORMATION FOR THE THREE MONTHS ENDED JUNE 30,

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Results of Operations for the Three and Six Months Ended June 30, 2002 Compared to the Three and Six Months Ended June 30, 2001

Revenues. As a result of the acquisition of GTECH's interest in three joint venture projects (Oregon, Michigan and California), our classification of revenues is not directly comparable to prior periods. The revenues related to our Delaware contract continue to be reported as joint venture revenue, but as of March 31, 2001, the revenue related to the Oregon contract is reported as management fees.

Total operating revenues increased \$41,605, or 3% for the three month period and \$465,284, or 19% for the six month period. This increase is due to improved performance in Delaware and the acquisition of the additional 50% interest in the Oregon joint venture.

Delaware Joint Venture. Our share of income from the Delaware joint venture was \$836,598 in 2002, an increase of \$34,146, or 4% for the three month period, and \$1,720,555, an increase of \$196,157, or 13% for the six month period. These increases are primarily the result of continued market improvement coupled with stringent cost controls.

Oregon. Our management fees from the Oregon contract were \$600,884 and \$1,144,919 for the respective three and six month periods, compared to Oregon related revenues of \$593,425 and \$875,792 in the respective prior year periods. The increase in the six month period primarily reflects the increase in our

ownership percentage. A slight increase in gaming revenues during the three month period offset the reduction in the management fee structure from 11% of revenue to 10%, in accordance with the management agreement. This agreement will expire in August 2002, and no further fees will be paid.

Cost and Expenses. As a result of our acquisition of GTECH's interest in three joint venture projects, our classification of expenses is not directly comparable to prior periods. The expenses related to our California and Michigan projects, which had been reported as joint venture pre-opening costs, as of March 31, 2001, are reported as development costs.

Pre-opening and Development. Total development related costs (joint venture pre-opening costs and development costs) for the California and Michigan projects were \$177,484 compared to \$196,933 for the three month period, and \$393,045 compared to \$319,374 for the six month period. The majority of these costs were related to the Michigan venture with the Huron Potawatomi Tribe in Battle Creek. These costs were primarily for legal and consulting fees to assist the Tribe in obtaining suitable land and complying with the requirements of the Indian Gaming Regulatory Act.

We expensed \$250,000 in the first quarter of 2001 related to the expiration of a land purchase option in Biloxi, Mississippi that we chose not to exercise or renew.

General and Administrative Expenses. General and Administrative Expenses increased by \$55,684 and \$65,963 for the respective three and six month periods. These increases reflect an increase in payroll expenses resulting from staffing changes to accommodate the increased ownership of our development projects, an accrual of \$125,000 for litigation settlement, and a reduction in rent expense.

Depreciation and Amortization. Amortization of Gaming Contract Rights was \$55,400 for the quarter and \$110,800 for the six month period. The prior year only included this amortization beginning April 1, 2001 as a result of the GTECH transaction. The prior year also included goodwill amortization of \$126,567 and \$253,134 for the respective three and six month periods. This goodwill was fully amortized as of September 30, 2001. Depreciation expense was \$4,262 and \$9,319 for the three and six month periods compared to \$6,096 and \$12,191 in the respective prior year periods.

Interest Expense. Interest expense decreased by \$52,492 and \$69,577 for the three and six months ended June 30, 2002, compared to the respective prior year periods, due to lower outstanding borrowings coupled with a decrease in interest rates.

Interest and Other Income. Interest and other income was comparable to the prior year periods and results primarily from interest on invested cash balances.

Income Tax Provision. Income tax expense increased by \$7,240 and \$205,748 for the respective three and six month periods. The increases primarily reflect the increase in earnings. The effective tax rate reflects state taxes on joint venture earnings combined with the tax effect of non-deductible amortization expenses. As a result of increased earnings and the elimination of goodwill, the effective tax rate for the current year was approximately 40%. The Company expects that its net operating loss carryforward will be fully utilized in the current year and the Accrued expenses on the balance sheet include approximately \$400,000 in taxes payable.

Liquidity and Capital Resources

At June 30, 2002, we had cash and cash equivalents of \$387,144. For the six months ended June 30, 2002, cash of \$874,961 was provided by operating activities, as compared to \$559,635 in the prior year period. This change is primarily due to improved earnings resulting primarily from the change in our ownership percentage in the Oregon LLC. Net cash used in investing activities was \$136,496, primarily for \$120,000 in advances to the Michigan tribe, compared to using \$1,880,000 in the prior year primarily for the GTECH acquisition transaction. Financing activities used \$1,218,740 during the current period reflecting the \$3,000,000 repayment of the GTECH note, the receipt of a \$2,381,260 advance under the RAM note, and a \$600,000 reduction in bank borrowings. In the prior period, a \$1,800,000 bank line draw was used to close the GTECH acquisition and \$450,000 was repaid. There was a net decrease in cash and cash equivalents of \$480,275 during the first six months of 2002.

On February 15, 2002, we entered into an agreement with RAM Entertainment, LLC (RAM), a privately held investment company, whereby RAM will acquire a 50% interest in the California and Michigan projects upon receipt by the Huron Potawatomi Tribe of federal approvals for its proposed casino near Battle Creek, Michigan. In addition, RAM is to provide the necessary funding for their development. RAM advanced \$2,381,260 to Full House in the form of a loan which bears interest adjustable daily at prime and requires interest payments monthly (4.75% at June 30, 2002.). If the required federal approvals are not received prior to February 15, 2003, and RAM does not waive the approval requirement, then the principal amount becomes due and RAM shall forfeit its right to any interest in the projects.

As a result of the agreement with RAM, development funding cash needs for the Michigan project will be primarily provided by RAM. Therefore, our future cash needs will primarily be to fund general and administrative expenses. The Oregon contract will expire in August of 2002, leaving the Delaware joint venture as our sole source of operating cash thereafter. We believe that adequate financial resources will be available to execute our current business plans.

On April 15, 2002 we announced the intent to hire an investment advisor to assist in enhancing shareholder value through the exploration of various strategic alternatives. Although the process is ongoing, there can be no assurance that any substantive results will be achieved.

In 1998, we obtained a \$2,000,000 line of credit with Coast Community Bank of Mississippi with an initial maturity date of February 25, 1999. We have renewed this line on an annual basis, and in February 2002, the renewal also reduced the availability to \$1,000,000. The line bears interest adjustable daily at one-half percent above prime (5.25% at June 30, 2002) and requires interest payments monthly on the outstanding balance with all principal and accrued interest due at maturity on February 25, 2003. At June 30, 2002, there was nothing outstanding on the bank line.

Full House was a party to a series of agreements with GTECH Corporation, a leading supplier of computerized systems and services for government-authorized lotteries, to jointly pursue certain gaming opportunities. Pursuant to the agreements, joint venture companies equally owned by GTECH and Full House were formed. Full House contributed its rights to the North Bend, Oregon facility and the rights to develop the Torres Martinez, Nottawaseppi Huron Band of Potawatomi and Delaware State Fair projects to the joint venture companies. GTECH contributed cash and other intangible assets and agreed to loan the joint venture entities up to \$16.4 million to complete the North Bend, Oregon and Delaware facilities. Full

House agreed to guarantee one-half of the obligations of the joint venture companies to GTECH under these loans, all of which have been repaid. GTECH also provided project management, technology and other expertise to analyze and develop/manage the implementation of opportunities developed by the joint venture entities. GTECH also loaned Full House \$3.0 million, which loan was convertible into 600,000 shares of Full House Common Stock. The loan conversion clause expired without exercise. In addition, Full House has been reimbursed by one of the joint venture companies for certain advances and expenditures made by Full House relating to the gaming development agreements. As part of this transaction, Allen E. Paulson, William P. McComas and Lee Iacocca granted to GTECH an option, which expired December 29, 2000, to purchase their shares should they propose to transfer them. The parties are no longer required to present gaming opportunities to the other for joint development.

On March 30, 2001, we acquired GTECH's 50% interest in three joint venture projects that had been equally owned by the two companies: Gaming Entertainment, LLC, Gaming Entertainment (Michigan), LLC, and Gaming Entertainment (California), LLC. The purchase price was \$1.8 million, and was funded through Full House's existing credit facility. As part of this transaction, GTECH extended the due date of our \$3.0 million promissory note until January 25, 2002, with interest at prime. This note was paid in February 2002.

As a result of our agreement with GTECH, receipt by Full House of revenues from the Delaware venture is governed by the terms of the joint venture agreement. The contract provides that net cash flow (after certain deductions) is to be distributed monthly to Full House and GTECH. While Full House does not believe that this arrangement will adversely impact its liquidity, our continuing cash flow is dependent on the operating performance of this joint venture, and the ability to receive monthly distributions.

As part of the Michigan and California management agreements with the tribes, we have advanced funds for tribal operations and the construction of a tribal community center. The Receivable is attributable to this funding, and the repayment obligation is dependent on the future profitable operation of the tribes' gaming enterprises. In August 2001, we received a notice from the Torres-Martinez Tribe in California purporting to sever our relationship. We are in the process of discussing an appropriate resolution of this matter that includes reimbursement for costs that we incurred on their behalf. The Receivable on the balance sheet includes a \$25,000 advance due from Torres-Martinez Tribe, and Gaming Contract Rights includes approximately \$170,000 attributable to this contact. We have incurred an aggregate of approximately \$1 million in expenses, including interest, on behalf of Torres-Martinez Tribe. We believe that the balance sheet amounts are recoverable based upon the expressed intentions of Torres-Martinez Tribe, as well as the contractual rights that we continue to hold.

In November 1998, we executed a series of agreements with Hard Rock related to the proposed development project in Biloxi, Mississippi. Pursuant to a licensing agreement, Full House has the right to develop and operate a Hard Rock Casino in Biloxi. We paid a territory fee of \$2,000,000. In September 1998, Full House and Allen E. Paulson formed a limited liability company, equally owned, for the purpose of developing this project. Mr. Paulson agreed to contribute a gaming vessel (the former Treasure Bay barge in Tunica, MS.), and we agreed to contribute our rights to the Hard Rock agreements. In June 2001, we agreed to dissolve this company with each party retaining their respective rights and assets.

In September 2001, our discussions with potential partners concluded with no agreements. Based upon the timing requirements in our agreements with Hard Rock, and the current conditions in the tourism industry we do not reasonably expect to be able to develop this project as planned. As a result of these circumstances, we reviewed the carrying values of our Mississippi investments and recorded an Impairment provision of \$4,593,800, in the third quarter of 2001.

Contractual Obligations.

The following table summarizes our contractual obligations as of June 30, 2002:

	Total	Payments Due by Period			
		2002	2003	2004	Thereafter
Long term debt	\$ 2,381,260	\$	\$ 2,381,260	\$	\$
Operating leases	167,096	17,589	35,178	35,178	79,151
Total	\$ 2,548,356	\$ 17,589	\$ 2,416,438	\$ 35,178	\$ 79,151

As of June 30, 2002, we had cumulative undeclared and unpaid dividends in the amount of \$2,100,000 on the 700,000 outstanding shares of our 1992 1 Preferred Stock. Such dividends are cumulative whether or not declared, and are currently in arrears.

Quantitative Disclosure About Market Risk. Market risk is the risk of loss from changes in market rates or prices, such as interest rates and commodity prices. We are exposed to market risk in the form of changes in interest rates and the potential impact such changes may have on our variable rate debt. We have not invested in derivative based financial instruments.

Recent Accounting Pronouncements. In June 2002, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standard (SFAS) No. 146, Accounting for Costs Associated with Exit or Disposal Activities. SFAS No. 146 addresses financial accounting and reporting for costs associated with the exit or disposal activities and nullifies Emerging Issues Task Force Issue No. 94-3, Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring). SFAS No. 146 requires that a liability for a cost associated with an exit or disposal activity be recognized when the liability is incurred. A fundamental conclusion reached by the FASB in this statement is that an entity's commitment to a plan, by itself, does not create a present obligation to others that meets the definition of a liability. SFAS 146 also establishes that fair value is the objective for initial measurement of the liability. The provisions of this statement are effective for exit or disposal activities that are initiated after December 31, 2002, with early implementation encouraged. The Company has not determined the impact of SFAS No. 146 on its financial position and results of operations, if any.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

In the Paul Steelman Ltd. vs Full House Resorts, Inc. litigation filed in Harrison County Court in Mississippi, case #A2402-2001-183, the parties reached a settlement on July 31, 2002. The Company agreed to pay \$250,000 (half of which will be paid by the Allen E. Paulson Living Trust) in settlement of all claims. In the second quarter of 2002, the Company recorded a \$125,000 litigation settlement.

Item 3. Defaults Upon Senior Securities

As of June 30, 2002, cumulative dividends were \$2,100,000, which were undeclared, unpaid and were in arrears, with respect to the Company's Series 1992-1 Preferred Stock, which class ranks prior to the Company's Common Stock with regard to dividend and liquidation rights.

Item 6. Exhibits and Reports on Form 8-K
