**Item 8.01 Other Events**

1. Rule 10b5-1 Plans.

The policies of Photonic Products Group, Inc. (PPGI, the Company) regarding securities trades by PPGI personnel permit sales of PPGI securities under plans instituted pursuant to Securities and Exchange Commission Rule 10b5-1 (a Rule 10b5-1 Plan). SEC Rule 10b5-1 allows corporate executives to establish pre-arranged plans to purchase or sell a specified number of shares of Company stock in accordance with a plan schedule. Accordingly, these plans permit executives to change their investment portfolio gradually. This minimizes the market effects of stock purchases or sales by spreading them out over a more extended period of time rather than carrying out such transactions during limited trading windows following quarterly earnings announcements. It also avoids concerns about initiating stock trading transactions while the executive may be aware of material non-public information. Once a plan is established, the executive does not retain or exercise any discretion over purchases or sales of stock under the plan and the pre-planned trades can be executed at later dates as set forth in the plan, without regard to any subsequent material non-public information that the executive might receive.

2. Mr. Lehrfeld Rule 10b5-1 Plan.

Daniel Lehrfeld, President and Chief Executive Officer of PPGI has advised the Company that he plans to adopt a Rule 10b5-1 Plan which will come into effect on or about April 17, 2006. This plan provides for periodic sales of shares on the open market subject to certain volume limits and minimum price requirements. No trading will be undertaken until the day following the day it comes into effect, at the earliest. Under this plan, Mr. Lehrfeld directs a broker unaffiliated with PPGI to sell, subject to certain conditions, up to 144,000 shares of PPGI stock held by him over the period that would commence on the effective date of the plan and end no later than December 31, 2006, with a maximum of 72,000 shares to be sold in any three month period. If all shares under this plan were sold, Mr. Lehrfeld's remaining holdings, when considering both stock and options, would still be approximately 85% of his current holdings, reflecting his significant continuing investment in the Company and its future. Under this plan, Mr. Lehrfeld will have no control over the timing of any sales of PPGI stock. The transactions under this plan will be disclosed publicly through Form 144 and Form 4 filings with the Securities and Exchange Commission.

3. By filing this report the Company does not undertake any obligation to report the establishment of future 10b5-1 plans by Mr. Lehrfeld or other officers, executives, or directors of the Company or to report modifications, terminations, transactions or activities under such plans.
