**Section 1        Registrant's Business and Operations**

**Item 1.01        Entry into a Material Definitive Agreement**

On April 12, 2006, Angeion Corporation and Medmarc Casualty Insurance Company ( Medmarc ) agreed to a settlement that resolves all matters with respect to the pending lawsuit between Angeion and Medmarc in United States District Court for the District of Minnesota. Under the terms of the settlement, Medmarc agreed to make a single payment to Angeion prior to June 12, 2006, and each party agreed to dismiss with prejudice all claims against the other in the pending lawsuit. The parties agreed to the settlement as part of a Court-mandated settlement conference.

Medmarc had commenced the lawsuit in September 2004 against Angeion and ELA Medical, Inc. in United States District Court for the District of Minnesota seeking a declaratory judgment that Angeion was not entitled to coverage under a products liability insurance policy issued by Medmarc in 1999. Angeion counterclaimed against Medmarc seeking a declaratory judgment that there was coverage under the products liability insurance policy. ELA Medical, Inc. asserted a cross claim in the lawsuit against Angeion in October 2004. As previously announced, Angeion and ELA Medical settled the cross-claim on June 30, 2005.

Although the specific amount of the Angeion-Medmarc settlement was not announced, Angeion expects to recognize a gain from discontinued operations ranging from \$260,000 to \$280,000 in the quarter ended April 30, 2006, after legal and related expenses with respect to the lawsuit and before the expected purchase of additional products liability insurance to cover any future claims that it might receive with respect to the cardiac stimulation devices it manufactured prior to 2000. Because it has not yet completed the analysis of its future products liability insurance needs and the related expense, Angeion cannot determine the net discontinued operations gain or loss it will recognize for the quarter ended April 30, 2006.
