PORTFOLIO MANAGERS REPORT

Dear Shareholders:

ING Prime Rate Trust (the Trust) is a diversified, closed-end management investment company that seeks to provide investors with as high a level of current income as is consistent with the preservation of capital. The Trust seeks to achieve this objective by investing, under normal circumstances, at least 80% of its net assets, plus the amount of any borrowings for investment purposes, in senior loans.

**PORTFOLIO CHARACTERISTICS
AS OF FEBRUARY 28, 2006**

Net Assets	\$1,100,671,274
Total Assets	\$2,090,097,763
Assets Invested in Senior Loans	\$2,027,621,327
Senior Loans Represented	484
Average Amount Outstanding per Loan	\$4,189,300
Industries Represented	38
Average Loan Amount per Industry	\$53,358,456
Portfolio Turnover Rate	81%
Weighted Average Days to Interest Rate Reset	41
Average Loan Final Maturity	64 months
Total Leverage as a Percentage of Total Assets (including Preferred Shares)	44%

PERFORMANCE SUMMARY

The Trust declared \$0.12 of dividends during the fourth fiscal quarter and \$0.46 for the year ended February 28, 2006. Based on the average month-end net asset value (NAV) per share of \$7.45, this resulted in an annualized distribution rate of 6.58% for the quarter and 6.23%⁽¹⁾ for the year. The Trust's total net return for the fourth fiscal quarter, based on NAV, was 3.97%, versus a total gross return on the S&P/LSTA Leveraged Loan Index (LLI⁽²⁾) of 1.91% for the same quarter. For the year ended February 28, 2006, the Trust's total net return, based on NAV was 8.53% versus 5.62% gross return for the S&P/LSTA Leveraged Loan Index. The total market value return (based on full reinvestment of dividends) for the Trust's common shares during the fourth fiscal quarter was 9.08% and -0.82% for the year ended February 28, 2006.

MARKET OVERVIEW

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

The S&P Leveraged Loan Index posted a solid 5.62% gross return for the twelve month period ended February 28, 2006, or roughly 2.16% in excess of average one month London Inter-Bank Offered Rate (LIBOR). It continues to be favorable times but, by some accounts, very challenging times for loan investors, as market conditions remain highly charged. Demand for loans continues to be exceptionally strong as long-established loan buyers (such as the Trust) and,

(1) The distribution rate is calculated by annualizing dividends declared during the period and dividing the resulting annualized dividend by the Trust's average month-end net asset value (in the case of NAV) or the average month-end NYSE Composite closing price (in the case of Market). The distribution rate is based solely on the actual dividends and distributions, which are made at the discretion of management. The distribution rate may or may not include all investment income and ordinarily will not include capital gains or losses, if any.

(2) The **S&P/LSTA Leveraged Loan Index (LLI)** is an unmanaged total return index that captures accrued interest, repayments, and market value changes. It represents a broad cross section of leveraged loans syndicated in the United States, including dollar-denominated loans to overseas issuers. Standard & Poor's and the Loan Syndications and Trading Association (LSTA) conceived the LLI to establish a performance benchmark for the syndicated leveraged loan industry. An investor cannot invest directly in an index.

increasingly, non-traditional investors including hedge funds and high yield bond investors look to floating rate loans as a hedge against rising rates. As of February 28, 2006, the number of investor groups actively trading loans was estimated at 235, up from approximately 170 at the end of 2004⁽¹⁾.

As noted in our last report, increased competition has made sourcing new loan investments more demanding for all active investors and, in turn, has driven average borrowing (or credit) spreads on loans to new lows. Fortunately, on the other side of the equation, the available supply of new loans has generally maintained pace with demand, buoyed by robust M&A activity, sustained economic strength and low relative borrowing rates. Institutional loan volume surged to \$72 billion during the first quarter of 2006, up from \$46 billion during the previous calendar quarter, and topping the prior high water mark of \$52 billion during the first quarter of 2005⁽³⁾.

While new deal volume has been quite good, it has also been inconsistent at best and, at times, painfully uneven. When new issuance activity slows down, the pace of borrowing spread re-pricing (lower) inevitably heats up. As a result, credit spreads on new loans have continued on a flat to downward path, and secondary loan prices have remained very firm, even, in some cases, in the face of negative company-specific credit developments. In short, like most other capital markets, loan investors currently reside within a very liquidity-driven environment.

Credit conditions, and the direction of short-term interest rates, remain the primary focus of loan investors, and are paramount to overall loan performance. Default rates continued to grind upward in fiscal year ended February 28, 2006, ending the period at 2.08%, versus 1.98% at the end of calendar 2005, but still well shy of the average over the last full credit cycle⁽³⁾. Digging more deeply into the default statistics reveals a high concentration in a small number of industries (traditional automotive suppliers and domestic commercial airlines, areas in which the Trust has been significantly underweight for some time).

PORTFOLIO MANAGERS REPORT (continued)

Generally speaking, the broader U.S. economy remains on solid footing from a GDP and job growth perspective, while inflation, although showing signs of escalating, remains within acceptable ranges. It is, however, that threat of rising wholesale and retail prices that seemingly perpetuates a hawkish stance from the Federal Reserve Board (Fed). While senior loans have been proven an all-weather asset class, they historically have performed exceptionally well in periods of rising short-term interest rates.

PORTFOLIO OVERVIEW

The Trust NAV performance during fiscal year ended February 28, 2006, was largely due to constructive asset selection, the avoidance of defaults, and favorable recoveries on a small number of holdings previously classified as non-performing. The top two individual issuers at period-end, Charter Communications Operating LLC (2.7% of total assets) and MGM Studios, Inc. (2.0% of total assets) were, by a fairly wide margin, the two largest contributors to the Trust s returns for the fiscal year. The only material detractors to the Trust s period returns were the Adelphia Communications family of borrowers, notably Century Cable Holdings LLC and Olympus Cable Holdings LLC (1.4% and 1.3% of total assets, respectively), and a relatively small position in Movie Gallery, Inc. (approximately 0.24% of total assets). A degree of price volatility is a constant part of the Adelphia saga as the company continues to work through the asset disposition process. Movie Gallery, along with the rest of the brick and mortar video rental industry, continues to struggle with weak box office results and increased competition from on-line video distribution channels. We continue to monitor developments in this area closely.

There were no significant changes in sector positioning during the period. North American Cable (9.5%) and Healthcare, Education and Childcare (7.6%) closed out the period as the Trust s top two sector exposures. We continue to view these sectors as attractive based on a combination of low secured leverage levels and healthy market multiples (i.e., strong collateral coverage), relative price stability and continuity of demand. The lone material change in the Trust s top sector positioning was a reduction in Buildings/Real Estate to 4.7% (from 6.3% as of the end of the third fiscal quarter), this due to sizeable prepayments of a small number of issuers in this sector.

The Trust remains well diversified. The average individual loan position represented approximately 0.20% of total assets at period-end, down from 0.24% at the end of last fiscal quarter, while the average industry sector accounted for roughly 2.55%, down fractionally from the prior quarter-end.

USE OF LEVERAGE

The Trust utilizes financial leverage to seek to increase the yield to the holders of common shares. As of February 28, 2006, the Trust had \$450 million of Aaa/AA⁽⁴⁾ rated cumulative auction rate preferred shares outstanding, and \$465 million of borrowings outstanding under \$625 million in available credit facilities. Total leverage, as a percentage of total assets (including preferred shares), was 43.78% at period end. The use of leverage for investment purposes increases both investment opportunity and investment risk.

(4) Obligations rated Aaa by Moody's Investors Service are judged to be of the highest quality, with minimal credit risk. An obligator rated AAA has extremely strong capacity to meet its financial commitments. AAA is the highest Issuer Credit Rating assigned by Standard & Poor's. Credit quality refers to the Trust's underlying investments, not to the stability or safety of this Trust.

ING Prime Rate Trust

PORTFOLIO MANAGERS REPORT (continued)

OUTLOOK

As of this writing, there does not appear to be any signs on the investment or economic horizons that would point to a change in current loan market dynamics. Credit conditions are expected to remain reasonably stable (Standard & Poor's Leveraged Commentary & Data is forecasting an improvement in default rates by year-end), and although proving to be very enigmatic, the new Fed has, at least thus far, maintained an inflation fighting (i.e., rate-raising) bias. As such, we see no abatement in the overall demand for floating rate secured loans.

Variables to the equation would include the consistency and quality of new loan supply, and as a direct result of how that supply/demand balance takes shape, the direction of credit spreads. While spreads appeared to have bottomed out near the end of 2005, there are fresh indications that they could be headed modestly lower over the near-term. A positive offset to that development would likely be the continuation of very strong secondary loan valuations.

Our strategy remains unchanged: to seek to deliver attractive risk-adjusted returns and moderate NAV volatility. As such, we remain focused on the better quality subset of the loan universe (i.e., better relative credit ratings, traditional first position collateral packages, and standard covenant protections) and will cede excess returns to maintain that strategy.

(a) Performance since inception for the index is 5.31% from January 1, 1997.

(b) Calculation of total return assumes a hypothetical initial investment at the net asset value (in the case of NAV) or the NYSE Composite closing price (in the case of Market Value) on the last business day before the first day of the stated period, with all dividends and distributions reinvested at the actual reinvestment price.

(c) On October 18, 1996, the Trust issued to its shareholders non-transferable rights which entitled the holders to subscribe for 18,122,963 shares of the Trust's common stock at the rate of one share of common stock for each five rights held. On November 12, 1996, the offering expired and was fully subscribed. The Trust issued 18,122,963 shares of its common stock to exercising rights holders at a subscription price of \$9.09. Offering costs of \$6,972,203 were charged against the offering proceeds.

Senior loans are subject to credit risks and the potential for non-payment of scheduled principal or interest payments, which may result in a reduction of the Trust's NAV.

This report contains statements that may be forward-looking statements. Actual results could differ materially from those projected in the forward-looking statements.

The views expressed in this report reflect those of the portfolio managers only through the end of the period of the report as stated on the cover. The portfolio managers' views are subject to change at any time based on market and other conditions.

May 31, 2005	6.00%	6.17%	6.48%	5.98%	6.15%

(A) Yield is calculated by dividing the Trust's net investment income per share for the most recent thirty days by the net asset value (in the case of NAV) or the NYSE Composite closing price (in the case of market) at quarter-end. Yield calculations do not include any commissions or sales charges, and are compounded for six months and annualized for a twelve-month period to derive the Trust's yield consistent with the SEC standardized yield formula for investment companies.

(B) The distribution rate is calculated by annualizing each monthly dividend, then averaging the annualized dividends declared for each month during the quarter and dividing the resulting average annualized dividend amount by the Trust's average net asset value (in the case of NAV) or the NYSE Composite closing price (in the case of Market) at the end of the period.

Risk is inherent in all investing. The following are the principal risks associated with investing in the Trust. This is not, and is not intended to be, a description of all risks of investing in the Trust. A more detailed description of the risks of investing in the Trust is contained in the Trust's current prospectus.

Credit Risk: The Trust invests a substantial portion of its assets in below investment grade senior loans and other below investment grade assets. Below investment grade loans involve a greater risk that borrowers may not make timely payment of the interest and principal due on their loans. They also involve a greater risk that the value of such loans could decline significantly. If borrowers do not make timely payments of the interest due on their loans, the yield on the Trust will decrease. If borrowers do not make timely payment of the principal due on their loans, or if the value of such loans decreases, the value of the Trust's NAV will decrease.

Interest Rate Risk: Changes in short-term market interest rates will directly affect the yield on the Trust. If short-term market interest rates fall, the yield on the Trust will also fall. To the extent that the interest rate spreads on loans in the

Trust experience a general decline, the yield on the Trust will fall and the value of the Trust's assets may decrease, which will cause the Trust's value to decrease. Conversely, when short-term market interest rates rise, because of the lag between changes in such short-term rates and the resetting of the floating rates on assets in the Trust, the impact of rising rates will be delayed to the extent of such lag.

Leverage Risk: The Trust borrows money for investment purposes. Borrowing increases both investment opportunity and investment risk. In the event of a general market decline in the value of assets such as those in which the Trust invests, the effect of that decline will be magnified in the Trust because of the additional assets purchased with the proceeds of the borrowings.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Shareholders
of ING Prime Rate Trust

We have audited the accompanying statement of assets and liabilities of ING Prime Rate Trust (the Trust), including the portfolio of investments, as of February 28, 2006, the related statements of operations and cash flows for the year then ended, the statements of changes in net assets for each of the years in the two-year period then ended, and the financial highlights for each of the years in the five-year period then ended. These financial statements and financial highlights are the responsibility of management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of February 28, 2006 by correspondence with the custodian and brokers, or by other appropriate auditing procedures. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of ING Prime Rate Trust as of February 28, 2006, the results of its operations and its cash flows for the year then ended, the changes in its net assets for each of the years in the two-year period then ended, and the financial highlights for each of the years in the five-year period then ended, in conformity with principles generally accepted in the United States of America

- (1) Total investment return calculations are attributable to common shares.
- (2) Total investment return measures the change in the market value of your investment assuming reinvestment of dividends and capital gain distributions, if any, in accordance with the provisions of the Trust's dividend reinvestment plan.
- (3) Total investment return at net asset value has been calculated assuming a purchase at net asset value at the beginning of each period and a sale at net asset value at the end of each period and assumes reinvestment of dividends and capital gain distributions in accordance with the provisions of the dividend reinvestment plan. This calculation differs from total investment return because it excludes the effects of changes in the market values of the Trust's shares.
- (4) Asset coverage represents the total assets available for settlement of Preferred Stockholder's interest and notes payables in relation to the Preferred Shareholder interest and notes payable balance outstanding. The Preferred Shares were first offered November 2, 2000.
- (5) Ratios do not reflect the effect of dividend payments to Preferred Shareholders; income ratios reflect income earned on assets attributable to the Preferred Shares; ratios do not reflect any add-back for the borrowings.

ING Prime Rate Trust

NOTES TO FINANCIAL STATEMENTS as of February 28, 2006

NOTE 1 ORGANIZATION

ING Prime Rate Trust (the Trust), a Massachusetts business trust, is registered under the Investment Company Act of 1940, as amended (the 1940 Act), as a diversified, closed-end, management investment company. The Trust invests primarily in senior loans, which generally are not registered under the Securities Act of 1933, as amended (the 33 Act), but which contain certain restrictions on resale and cannot be sold publicly. These loans bear interest (unless otherwise noted) at rates that float periodically at a margin above the London Inter-Bank Offered Rate (LIBOR) and other short-term rates.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies consistently followed by the Trust in the preparation of its financial statements. The policies are in conformity with accounting principles generally accepted in the United States of America for investment companies.

A. *Senior Loan and Other Security Valuation.* Senior loans held by the Trust are normally valued at the mean of the means of one or more bid and ask quotations obtained from an independent pricing service or other sources determined by the Board of Trustees to be independent and believed to be reliable. Loans for which reliable market value quotations are not readily available may be valued with reference to another loan or a group of loans for which reliable quotations are readily available and whose characteristics are comparable to the loan being valued. Under this approach, the comparable loan or loans serve as a proxy for changes in value of the loan being valued.

The Trust has engaged an independent pricing service to provide market value quotations from dealers in loans and, when such quotations are not readily available, to calculate values under the proxy procedure described above. As of February 28, 2006, 99.56% of total investments were valued based on these procedures. It is expected that most of the loans held by the Trust will continue to be valued with reference to quotations from the independent pricing service or with reference to the proxy procedure described above.

Prices from a pricing source may not be available for all loans and ING Investments, LLC (the Investment Manager) or ING Investment Management Co. (ING IM, the Sub-Adviser), may believe that the price for a loan derived from market quotations or the proxy procedure described above is not reliable or accurate. Among other reasons, this may be the result of information about a particular loan or borrower known to the Investment Manager or the Sub-Adviser that the Investment Manager or the Sub-Adviser believes may not be known to the pricing service or reflected in a price quote. In this event, the loan is valued at fair value as determined in good faith under procedures established by the Trust's Board of Trustees and in accordance with the provisions of the 1940 Act. Under these procedures, fair value is determined by the Investment Manager or Sub-Adviser and monitored by the Trust's Board of Trustees through its Valuation, Brokerage and Proxy Committee.

In fair valuing a loan, consideration is given to several factors, which may include, among others, the following: (i) the characteristics of and fundamental analytical data relating to the loan, including the cost, size, current interest rate, period until the next interest rate reset, maturity and base lending rate of the loan, the terms and conditions of the loan and any related agreements, and the position of the loan in the borrower's debt structure; (ii) the nature, adequacy and value of the collateral, including the Trust's rights, remedies and interests with respect to the collateral;

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

(iii) the creditworthiness of the borrower and the cash flow coverage of outstanding principal and interest, based on an evaluation of its financial condition, financial statements and information about the borrower's business, cash flows, capital structure and future prospects; (iv) information relating to the market for the loan,

ING Prime Rate Trust

NOTES TO FINANCIAL STATEMENTS as of February 28, 2006 (continued)

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (continued)

including price quotations for, and trading in, the loan and interests in similar loans; (v) the reputation and financial condition of the agent for the loan and any intermediate participants in the loan; (vi) the borrower's management; and (vii) the general economic and market conditions affecting the fair value of the loan. Securities for which the primary market is a national securities exchange are valued at the last reported sale price. Securities reported by NASDAQ will be valued at the NASDAQ Official Closing Price. Securities traded in the over-the-counter market and listed securities for which no sale was reported on a valuation date are valued at the mean between the last reported bid and ask price on such exchange. Securities, other than senior loans, for which reliable market value quotations are not readily available, and all other assets, will be valued at their respective fair values as determined in good faith by, and under procedures established by, the Board of Trustees of the Trust. Investments in securities maturing in 60 days or less from the date of valuation are valued at amortized cost, which, when combined with accrued interest approximates market value.

B. *Federal Income Taxes.* It is the Trust's policy to comply with subchapter M of the Internal Revenue Code and related excise tax provisions applicable to regulated investment companies and to distribute substantially all of its net investment income and net realized capital gains to its shareholders. Therefore, no federal income tax provision is required. No capital gain distributions will be made by the Trust until any capital loss carryforwards have been fully utilized or expire.

C. *Security Transactions and Revenue Recognition.* Revolver and delayed draw loans are booked on a settlement date basis. Security transactions and senior loans are accounted for on trade date (date the order to buy or sell is executed). Realized gains or losses are reported on the basis of identified cost of securities sold. Dividend income is recognized on the ex-dividend date. Interest income is recorded on an accrual basis at the then-current interest rate of the loan. The accrual of interest on loans is discontinued when, in the opinion of management, there is an indication that the borrower may be unable to meet payments as they become due. Upon such discontinuance, all unpaid accrued interest is reversed. Cash collections on non-accrual senior loans are generally applied as a reduction to the recorded investment of the loan. Senior loans are generally returned to accrual status only after all past due amounts have been received. For all loans, except revolving credit facilities, fees received are treated as discounts and are accreted whereas premiums are amortized. Fees associated with revolving credit facilities are deferred and recognized over the shorter of four years or the actual term of the loan.

D. *Distributions to Common Shareholders.* The Trust declares and pays dividends monthly from net investment income. Distributions from capital gains, if any, are declared and paid annually. The Trust may make additional distributions to comply with the distribution requirements of the Internal Revenue Code. The character and amounts of income and gains to be distributed are determined in accordance with federal income tax regulations, which may differ from accounting principles generally accepted in the United States of America for investment companies. The Trust records distributions to its shareholders on the ex-dividend date.

E. *Dividend Reinvestments.* Pursuant to the Trust's Shareholder Investment Program (formerly known as the Automatic Dividend Reinvestment Plan, the Program), DST Systems, Inc., the Program administrator, purchases, from time to time, shares of beneficial interest of the Trust on the open market to satisfy dividend reinvestments. Such shares are purchased on the open market only when the closing sale or bid price plus commission is less than the NAV per share of the Trust's common shares on the valuation date. If the market price plus commissions is equal to or exceeds the net asset value, new shares are issued by the Trust at

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (continued)

the greater of (i) net asset value or (ii) the market price of the shares during the pricing period, minus a discount of 5%.

F. *Use of Estimates.* Management of the Trust has made certain estimates and assumptions relating to the reporting of assets, liabilities, revenues, expenses and contingencies to prepare these financial statements in conformity with generally accepted accounting principles in the United States of America for investment companies. Actual results could differ from these estimates.

G. *Share Offerings.* The Trust issues shares under various shelf registration statements, whereby the net proceeds received by the Trust from share sales may not be less than the greater of (i) the NAV per share or (ii) 94% of the average daily market price over the relevant pricing period.

NOTE 3 INVESTMENTS

For the year ended February 28, 2006, the cost of purchases and the proceeds from principal repayment and sales of investments, excluding short-term notes, totaled \$1,678,081,584 and \$1,685,447,688 respectively. At February 28, 2006, the Trust held senior loans valued at \$2,027,621,327 representing 98.3% of its total investments. The market value of these assets is established as set forth in Note 2.

The senior loans acquired by the Trust typically take the form of a direct lending relationship with the borrower, and are typically acquired through an assignment of another lender's interest in a loan. The lead lender in a typical corporate loan syndicate administers the loan and monitors the collateral securing the loan.

Common and preferred shares, and stock purchase warrants held in the portfolio were acquired in conjunction with loans held by the Trust. Certain of these stocks and warrants are restricted and may not be publicly sold without registration under the 33 Act, or without an exemption under the 33 Act. In some cases, these restrictions expire after a designated period of time after issuance of the shares or warrants.

NOTE 4 MANAGEMENT AND ADMINISTRATION AGREEMENTS

The Trust has entered into an Investment Management Agreement with the Investment Manager to provide advisory and management services. The Investment Management Agreement compensates the Investment Manager with a fee, computed daily and payable monthly, at an annual rate of 0.80% of the Trust's Managed Assets. For purposes of the Investment Management Agreement, Managed Assets shall mean the Trust's average daily gross asset value, minus the sum of the Trust's accrued and unpaid dividends on any outstanding preferred shares and accrued liabilities (other than liabilities for the principal amount of any borrowings incurred, commercial paper or notes issued by the Trust and the liquidation preference of any outstanding preferred shares).

The Investment Manager entered into a Sub-Advisory Agreement with ING IM, a wholly-owned subsidiary of ING Groep N.V., effective August 19, 2003. Subject to such policies as the Board or the Investment Manager may determine, ING IM manages the Trust's assets in accordance with the Trust's investment objectives, policies, and limitations.

The Trust has also entered into an Administration Agreement with ING Funds Services, LLC (the Administrator), an indirect wholly-owned subsidiary of ING Groep N.V., to provide administrative services and also to furnish facilities. The Administrator is compensated with a fee, computed daily and payable monthly, at an annual rate of 0.25% of the Trust's Managed Assets.

NOTE 5 TRANSACTIONS WITH AFFILIATES AND RELATED PARTIES

At February 28, 2006, the Trust had the following amounts recorded in payables to affiliates on the accompanying Statement of Assets and Liabilities:

<u>Accrued Investment Management Fees</u>	<u>Accrued Administrative Fees</u>	<u>Total</u>
\$1,269,610	\$396,753	\$1,666,363

The Trust has adopted a Retirement Policy covering all independent trustees of the Trust who will have served as an independent trustee for at least five years at the time of retirement. Benefits under this plan are based on an annual rate as defined in the plan agreement.

NOTE 6 COMMITMENTS

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

The Trust has entered into both a \$90 million 364-day revolving credit agreement which matures on August 23, 2006 and a \$535 million 364-day revolving securitization facility which matures on July 9, 2006, collateralized by assets of the Trust. Borrowing rates under these agreements are based on a fixed spread over LIBOR, the federal funds rate, or a commercial paper-based rate. Prepaid arrangement fees for these facilities are amortized over the term of the agreements. The amount of borrowings outstanding at February 28, 2006, was \$465 million. Weighted average interest rate on outstanding borrowings was 4.92%, excluding fees related to the unused portion of the facilities, and other fees. The amount of borrowings represented 22.3% of total assets at February 28, 2006. Average borrowings for the year ended February 28, 2006 were \$509,178,082 and the average annualized interest rate was 4.12% excluding other fees related to the unused portion of the facilities, and other fees.

NOTE 7 RIGHTS AND OTHER OFFERINGS

As of February 28, 2006, outstanding share offerings pursuant to shelf registrations were as follows:

Registration Date	Shares Registered	Shares Remaining
9/15/98	25,000,000	12,374,909
3/04/99	5,000,000	3,241,645

On November 2, 2000, the Trust issued 3,600 shares each of Series M, Series W and Series F Auction Rate Cumulative Preferred Shares, \$0.01 Par Value, \$25,000 liquidation preference, for a total issuance of \$270 million. Also, on November 16, 2000, the Trust issued 3,600 shares of Series T and Series Th Auction Rate Cumulative Preferred Shares, \$0.01 Par Value, \$25,000, liquidation preference, for a total issuance of \$180 million. The Trust used the net proceeds of the offering to partially pay down the then existing indebtedness and to purchase additional senior loans. Preferred Shares pay dividends based on a rate set at auctions, normally held every 7 days. In most instances dividends are also payable every 7 days, on the first business day following the end of the rate period. Preferred shares have no stated conversion, redemption or liquidation date, but may be redeemed at the election of the Trust. Such shares may only be redeemed by the Preferred Shareholders if the Trust fail to meet certain credit quality thresholds within its portfolio.

NOTE 8 CUSTODIAL AGREEMENT

State Street Bank and Trust Company (SSB) serves as the Trust 's custodian and recordkeeper. Custody fees paid to SSB are reduced by earnings credits based on the cash balances held by SSB for the Trust. There were no earnings credits for the year ended February 28, 2006.

NOTE 9 SUBORDINATED LOANS AND UNSECURED LOANS

The Trust may invest in subordinated loans and in unsecured loans. The primary risk arising from investing in subordinated loans or in unsecured loans is the potential loss in the event of default by the issuer of the loans. The Trust may acquire a subordinated loan only if, at the time of acquisition, it acquires or holds a senior loan from the same borrower. The Trust will acquire unsecured loans only where the Investment Manager believes, at the time of acquisition, that the Trust would have the right to payment upon default that is not subordinate to any other creditor. The Trust may invest up to 5% of its total assets, measured at the time of investment, in subordinated loans and unsecured loans. As of February 28, 2006, the Trust held 0.5% of its total assets in subordinated loans and unsecured loans.

ING Prime Rate Trust

NOTES TO FINANCIAL STATEMENTS as of February 28, 2006 (continued)

NOTE 10 FEDERAL INCOME TAXES

The amount of distributions from net investment income and net realized capital gains are determined in accordance with federal income tax regulations, which may differ from U.S. generally accepted accounting principles for investment companies. These book/tax differences may be either temporary or permanent. Permanent differences are reclassified within the capital accounts based on their federal tax-basis treatment; temporary differences are not reclassified. Key differences include the treatment of short-term capital gains, foreign currency transactions, and wash sale deferrals. Distributions in excess of net investment income and/or net realized capital gains for tax purposes are reported as distributions of paid-in capital.

The following permanent tax differences have been reclassified as of February 28, 2006:

Paid-in Capital	Undistributed Net Investment Income	Accumulated Net Realized Gains
\$(12,542,170)	\$	\$12,542,170

Dividends paid by the Trust from net investment income and distributions of net realized short-term capital gains are, for federal income tax purposes, taxable as ordinary income to shareholders.

The tax composition of dividends and distributions to shareholders was as follows:

Year Ended February 28, 2006

Ordinary Income
\$82,267,626

Year Ended February 28, 2005

Ordinary Income
\$67,297,632

The tax-basis components of distributable earnings and the expiration dates of the capital loss carryforwards which may be used to offset future realized capital gains for federal income tax purposes as of February 28, 2006 were:

Undistributed Ordinary Income	Unrealized Appreciation/ Depreciation	Post-October Capital Losses Deferred	Capital Loss Carryforwards	Expiration Dates

NOTE 11 INFORMATION REGARDING TRADING OF ING S US MUTUAL FUNDS

In 2004 ING Investments has reported to the Boards of Directors/Trustees (the Boards) of the ING Funds that, like many U.S. financial services companies, ING Investments and certain of its U.S. affiliates have received informal and formal requests for information since September 2003 from various governmental and self-regulatory agencies in connection with investigations related to mutual funds and variable insurance products. ING Investments has advised the Boards that it and its affiliates have cooperated fully with each request.

In addition to responding to regulatory and governmental requests, ING Investments reported that management of U.S. affiliates of ING Groep N.V., including ING Investments (collectively, ING), on their own initiative, have conducted, through independent special counsel and a national accounting firm, an extensive internal review of trading in ING insurance, retirement, and mutual fund products. The goal of this review was to identify any instances of inappropriate trading in

those products by third parties or by ING investment professionals and other ING personnel. ING s internal review related to mutual fund trading is now substantially completed. ING has reported that, of the millions of customer relationships that ING maintains, the internal review identified several isolated arrangements allowing third parties to engage in frequent trading of mutual funds within ING s variable insurance and mutual fund products, and identified other circumstances where frequent trading occurred, despite measures taken by ING intended to combat market timing. ING further reported that each of these arrangements has been terminated and fully disclosed to regulators. The results of the internal review were also reported to the independent members of the Board.

ING Investments has advised the Board that most of the identified arrangements were initiated prior to ING s acquisition of the businesses in question in the U.S. ING Investments further reported that the companies in question did not receive special benefits in return for any of these arrangements, which have all been terminated.

Based on the internal review, ING Investments has advised the Board that the identified arrangements do not represent a systemic problem in any of the companies that were involved.

In September 2005, ING Funds Distributor, LLC (IFD), the distributor of certain ING Funds, settled an administrative proceeding with the NASD regarding three arrangements, dating from 1995, 1996 and 1998, under which the administrator to the then-Pilgrim Funds, which subsequently became part of the ING Funds, entered into formal and informal arrangements that permitted frequent trading. Under the terms of the Letter of Acceptance, Waiver and Consent (AWC) with the NASD, under which IFD neither admitted nor denied the allegations or findings, IFD consented to the following sanctions: (i) a censure; (ii) a fine of \$1.5 million; (iii) restitution of approximately \$1.44 million to certain ING Funds for losses attributable to excessive trading described in the AWC; and (iv) agreement to make certification to NASD regarding the review and establishment of certain procedures.

In addition to the arrangements discussed above, in 2004 ING Investments reported to the Board that, at that time, these instances include the following, in addition to the arrangements subject to the AWC discussed above:

Aeltus Investment Management, Inc. (a predecessor entity to ING Investment Management Co.) has identified two investment professionals who engaged in extensive frequent trading in certain ING Funds. One was subsequently terminated for cause and incurred substantial financial penalties in connection with this conduct and the second has been disciplined.

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

ReliaStar Life Insurance Company (ReliaStar) entered into agreements seven years ago permitting the owner of policies issued by the insurer to engage in frequent trading and to submit orders until 4pm Central Time. In 2001 ReliaStar also entered into a selling agreement with a broker-dealer that engaged in frequent trading. Employees of ING affiliates were terminated and/or disciplined in connection with these matters.

In 1998, Golden American Life Insurance Company entered into arrangements permitting a broker-dealer to frequently trade up to certain specific limits in a fund available in an ING variable annuity product. No employee responsible for this arrangement remains at the company.

For additional information regarding these matters, you may consult the Form 8-K and Form 8-K/A for each of four life insurance companies, ING USA Annuity and Life Insurance Company, ING Life Insurance and Annuity Company, ING Insurance Company of America, and ReliaStar Life Insurance Company of New York, each filed with the Securities and Exchange Commission (the SEC) on

NOTE 11 INFORMATION REGARDING TRADING OF ING S US MUTUAL FUNDS (continued)

October 29, 2004 and September 8, 2004. These Forms 8-K and Forms 8-K/A can be accessed through the SEC s Web site at <http://www.sec.gov>. Despite the extensive internal review conducted through independent special counsel and a national accounting firm, there can be no assurance that the instances of inappropriate trading reported to the Board are the only instances of such trading respecting the ING Funds.

ING Investments reported to the Board that ING is committed to conducting its business with the highest standards of ethical conduct with zero tolerance for noncompliance. Accordingly, ING Investments advised the Board that ING management was disappointed that its voluntary internal review identified these situations. Viewed in the context of the breadth and magnitude of its U.S. business as a whole, ING management does not believe that ING s acquired companies had systemic ethical or compliance issues in these areas. Nonetheless, ING Investments reported that given ING s refusal to tolerate any lapses, it has taken the steps noted below, and will continue to seek opportunities to further strengthen the internal controls of its affiliates.

ING has agreed with the ING Funds to indemnify and hold harmless the ING Funds from all damages resulting from wrongful conduct by ING or its employees or from ING s internal investigation, any investigations conducted by any governmental or self-regulatory agencies, litigation or other formal proceedings, including any proceedings by the Securities and Exchange Commission. ING Investments reported to the Board that ING management believes that the total amount of any indemnification obligations will not be material to ING or its U.S. business.

ING updated its Code of Conduct for employees reinforcing its employees obligation to conduct personal trading activity consistent with the law, disclosed limits, and other requirements.

The ING Funds, upon a recommendation from ING, updated their respective Codes of Ethics applicable to investment professionals with ING entities and certain other fund personnel, requiring such personnel to pre-clear any purchases or sales of ING Funds that are not systematic in nature (i.e., dividend reinvestment), and imposing minimum holding periods for shares of ING Funds.

ING instituted excessive trading policies for all customers in its variable insurance and retirement products and for shareholders of the ING Funds sold to the public through financial intermediaries. ING does not make exceptions to these policies.

ING reorganized and expanded its U.S. Compliance Department, and created an Enterprise Compliance team to enhance controls and consistency in regulatory compliance.

As has been widely reported in the media, the New York Attorney General's office (NYAG) is conducting broad investigations regarding insurance quoting and brokerage practices. ING U.S. has been subpoenaed in this regard, and is cooperating fully with these NYAG requests for information.

ING U.S. believes that its practices are consistent with our business principles and our commitment to our customers.

At this time, in light of the current regulatory factors, ING U.S. is actively engaged in reviewing whether any modifications in our practices are appropriate for the future.

There can be no assurance that these matters, or the adverse publicity associated with them, will not result in increased fund redemptions, reduced sale of fund shares, or other adverse consequences to ING Funds.

ADDITIONAL INFORMATION (Unaudited)

SHAREHOLDER INVESTMENT PROGRAM

The Trust offers a Shareholder Investment Program (the Program, formerly known as the Dividend Reinvestment and Cash Purchase Plan) which allows holders of the Trust's common shares a simple way to reinvest dividends and capital gains distributions, if any, in additional common shares of the Trust. The Program also offers holders of the Trust's common shares the ability to make optional cash investments in any amount from \$100 to \$100,000 on a monthly basis.

For dividend and capital gains distribution reinvestment purposes, DST Systems, Inc. will purchase shares of the Trust on the open market when the market price plus estimated fees is less than the net asset value on the valuation date. The Trust will issue new shares for dividend and capital gains distribution reinvestment purchases when the market price plus estimated fees is equal to or exceeds the net asset value on the valuation date. New shares may be issued at the greater of (i) net asset value or (ii) the market price of the shares during the pricing period, minus a discount of 5%.

For optional cash investments, shares will be purchased on the open market by the DST Systems, Inc. when the market price plus estimated fees is less than the net asset value on the valuation date. New shares will be issued by the Trust for optional cash investments when the market price plus estimated fees is equal to or exceeds the net asset value on the valuation date. Such shares will be issued at a discount to market, determined by the Trust, between 0% and 5%.

There is no charge to participate in the Program. Participants may elect to discontinue participation in the Program at any time. Participants will share, on a *pro rata* basis, in the fees or expenses of any shares acquired in the open market.

Participation in the Program is not automatic. If you would like to receive more information about the Program or if you desire to participate, please contact your broker or the Trust's Shareholder Services Department at (800) 992-0180.

ING Prime Rate Trust

ADVISORY CONTRACT APPROVAL DISCUSSION (Unaudited)

Section 15(c) of the Investment Company Act of 1940 (the 1940 Act) provides that, after an initial period, the existing investment advisory and sub-advisory contracts for ING Prime Trust (the Trust) remain in effect only if the Board of Trustees (the Board) of ING Prime Rate Trust, including a majority of the Trustees who have no direct or indirect interest in the advisory and sub-advisory contracts, and who are not interested persons of the Trust, as such term is defined under the 1940 Act (the Independent Trustees), annually review and renew them. In this regard, at a meeting held on November 10, 2005 the Board, including a majority of the Independent Trustees, considered whether to renew the Investment Advisory Contract (the Advisory Contract) between ING Investments, LLC (the Adviser) and the Trust and the Sub-Advisory Contract (Sub-Advisory Contract) with ING Investment Management Co. (ING IM or Sub-Adviser), the Sub-Adviser to the Trust.

The Independent Trustees also held separate meetings on October 11 and November 8, 2005 to consider renewals of the Advisory Contract and Sub-Advisory Contract. Thus, references herein to factors considered and determinations made by the Independent Trustees include, as applicable, factors considered and determinations made on those earlier dates.

At the November 10, 2005 meeting, the Board voted to renew the Advisory and Sub-Advisory Contracts for the Trust. In reaching this decision, the Board took into account information furnished throughout the year at regular Board meetings, as well as information prepared specifically in connection with the annual review process. The Board's determination took into account a number of factors that its members believed, in light of the legal advice furnished to them by Kirkpatrick & Lockhart Nicholson Graham LLP (K&LNG), their independent legal counsel, and their own business judgment, to be relevant. Further, while the Advisory Contract and Sub-Advisory Contract were considered at the same Board meeting, the Trustees considered the Trust's advisory and sub-advisory relationships separately.

Provided below is an overview of the Board's contract approval process in general, as well as a discussion of certain of the specific factors the Board considered at the November 10, 2005 meeting. While the Board gave its attention to the information furnished, at its request, that was most relevant to its consideration, discussed below are a number of the primary factors relevant to the Board's consideration as to whether to renew the Advisory and Sub-Advisory Contracts for the year ending November 30, 2006. Each Trustee may have accorded different weight to the various factors in reaching his or her conclusions with respect to the Trust's advisory and sub-advisory arrangements.

Overview of the Contract Approval Process

In 2003, the Board determined to undertake steps to further enhance the process under which the Board determines whether to renew existing advisory and sub-advisory arrangements for the Funds in the ING Funds complex, including the Trust, and to approve new advisory arrangements. Among the measures the Board implemented was to retain the services of an independent consultant with experience in the mutual fund industry to assist the Independent Trustees of the Board in working with the personnel employed by the Adviser or its affiliates who administer the Trust (Management) to identify the types of information presented to the Trustees to inform their deliberations with respect to advisory and sub-advisory relationships; establish the format in which the information requested by the Board is provided to the Board; and determine the process for reviewing such information in connection with the Advisory and Sub-Advisory Contract renewal process. The end result was the implementation of the current process relied upon by the Board to review and analyze information in connection with the annual renewal of the Advisory and Sub-Advisory Contracts, as well as its review and approval of new advisory relationships.

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Since this process was implemented, the Board has continuously reviewed and refined the process. In addition, the Board established a Contracts Committee and two Investment Review Committees,

including the International Equity and Fixed Income Investment Review Committee (the IE&FI Investment Review Committee). The type and format of the information provided to the Board or its counsel to inform its annual review and renewal process has been codified in the 15(c) Methodology Guide (the Methodology Guide). The Methodology Guide was developed under the direction of the Board, and sets out a written blueprint under which the Board requests certain information necessary to facilitate a thorough and informed review in connection with the annual Advisory and Sub-Advisory Contract renewal process. Management provides information specific to the Funds in the ING Funds complex (including the Trust) to the Board based on the Methodology Guide through Fund Analysis and Comparison Tables or FACT sheets prior to the Board's review of advisory and sub-advisory arrangements. Certain of this information for a representative sample of Funds in the ING Funds complex, including the Trust, was verified, at the Board's request, by an independent firm to test its accuracy.

On its own and as part of a regular ongoing process, the Board's Contracts Committee recommends or considers recommendations from Management for refinements and other changes to the Methodology Guide and other aspects of the review process, and the Board's Investment Review Committees, including the IE&FI Investment Review Committee, review benchmarks used to assess the performance of each Fund, including the Trust. The IE&FI Investment Review Committee also meets regularly with the Adviser and periodically with ING IM.

The Board employed its process for reviewing contracts when considering the renewals of the Advisory and Sub-Advisory Contracts that would be effective through November 30, 2006. A number of the Board's primary considerations and conclusions resulting from this process are discussed below.

Nature, Extent and Quality of Service

In determining whether to approve the Advisory Contract and Sub-Advisory Contract for the Trust for the year ending November 30, 2006, the Board received and evaluated such information as it deemed necessary regarding the nature, extent and quality of services provided to the Trust by the Adviser and ING IM. This included information about the Adviser and Sub-Adviser provided throughout the year at regular Board meetings, as well as information furnished for the November 10, 2005 Board meeting, which was held to specifically consider renewal for the period ending November 30, 2006. In addition, the Board's Independent Trustees also held meetings on October 11th and November 8th, prior to the November 10, 2005 meeting of the full Board, to consider the annual renewal of the Advisory and Sub-Advisory Contracts.

The materials requested by and provided to the Board prior to the November 2005 Board meeting included the following items: (1) FACT sheets for the Trust that provided information about the performance and expenses of the Trust and other similarly managed funds in a selected peer group (Selected Peer Group), as well as information about the Trust's investment portfolio, objectives and strategies; (2) the Methodology Guide, which describes how the FACT sheets were prepared, including the manner in which benchmarks and the Selected Peer Group were selected and how profitability was determined; (3) responses to a detailed series of questions from K&LNG, legal counsel to the Independent Trustees; (4) copies of the forms of Advisory Contract and Sub-Advisory Contract; (5) copies of the Forms ADV for the Adviser and the Sub-Adviser; (6) financial statements for the Adviser and the Sub-Adviser; (7) drafts of a narrative summary addressing key factors the Board customarily considers in evaluating the renewals of advisory and sub-advisory arrangements, including a written analysis for the Trust discussing how its performance and fees compare to its Selected Peer Group and designated benchmarks; and (8) other information relevant to the Board's evaluations.

ING Prime Rate Trust

ADVISORY CONTRACT APPROVAL DISCUSSION (Unaudited) (continued)

The Trust's common shares were used for purposes of certain comparisons to the funds in its Selected Peer Group. While the Trust has a preferred class of shares, common shares were selected for comparison purposes because they are publicly traded and are the largest class. The common shares were compared to the analogous class of shares for each fund in the Selected Peer Group. The investment companies chosen for inclusion in the Trust's Selected Peer group were selected based upon criteria designed to mirror the class being compared to the Selected Peer Group.

In arriving at its conclusions with respect to the advisory arrangements with the Adviser, the Board was mindful of the manager-of-managers platform of the ING Funds. The Board also noted the resources that the Adviser has committed to the Board and its Investment Review Committees, including the IE&FI Investment Review Committee, to assist the Board and Committee members with their assessment of the investment performance of the ING Funds, including the Trust. This includes the appointment of a Chief Investment Risk Officer and his staff, who report directly to the Board, and who have developed attribution analyses and other metrics used by the Investment Review Committees to analyze the key factors underlying investment performance for the ING Funds. The Board also noted the techniques used by the Adviser to monitor the performance of ING IM.

In considering the Advisory Contract, the Board also considered the extent of benefits provided to the Trust's shareholders, beyond advisory services, from being part of the ING family of Funds. The Board also took into account the Adviser's extensive efforts in recent years to reduce the expenses of the ING Funds through re-negotiated arrangements with the Funds' service providers.

Further, the Board received periodic reports showing that the Trust's investment policies and restrictions were consistently complied with and other periodic reports covering matters such as compliance by Adviser and Sub-Adviser personnel with codes of ethics. The Board evaluated the Adviser's and ING IM's regulatory compliance systems and procedures reasonably designed to assure compliance with the federal securities laws, including those related to late trading and market timing, best execution, fair value pricing, proxy voting procedures, and trade allocation, among others. The Board considered the implementation by the Adviser and ING IM of enhanced compliance policies and procedures in response to SEC rule changes and other regulatory initiatives. The Board also took into account the reports of the Chief Compliance Officer and his recommendations. In this regard, the Board also considered the policies and procedures developed by the Chief Compliance Officer in consultation with the Board's Compliance Committee that guide the Chief Compliance Officer's compliance oversight function.

The Board reviewed the level of staffing, quality and experience of the Trust's portfolio management team. The Board took into account the respective resources and reputations of the Adviser and the Sub-Adviser, and evaluated the ability of the Adviser and ING IM to attract and retain qualified investment advisory personnel.

Based on their deliberations and the materials presented to them, the Board concluded that the advisory and related services provided by the Adviser and Sub-Adviser are appropriate in light of the Trust's operations, the competitive landscape of the investment company business, and investor needs, and that the nature and quality of the overall services provided by the Adviser and ING IM were appropriate.

Performance

In assessing advisory and sub-advisory relationships, the Board placed emphasis on the investment performance of the Trust, taking into account the importance of such performance to the Trust's shareholders. While the Board considered the performance reports and discussions with portfolio

ING Prime Rate Trust

ADVISORY CONTRACT APPROVAL DISCUSSION (Unaudited) (continued)

managers at Board and Committee meetings during the year, particular attention in assessing performance was given to the Trust's FACT sheets furnished in advance of the November meeting of the Independent Trustees. The FACT sheets prepared for the Trust included its investment performance compared to the Lipper category median, Selected Peer Group and the Trust's primary benchmark. The Board's findings specific to the Trust's performance are discussed under "Specific Factors Considered," below.

Economies of Scale

In considering the reasonableness of advisory fees, the Board also considered whether economies of scale will be realized by the Adviser as the Trust grows larger and the extent to which this is reflected in the level of management fee rates charged. In this regard, the Board considered the fairness of the compensation under an Advisory Contract with level fees that does not include breakpoints.

Information about Services to Other Clients

The Board requested and considered information about the nature of services and fee rates offered by the Adviser and ING IM to other clients, including other registered investment companies.

Fee Rates and Profitability

The Board reviewed and considered the contractual investment advisory fee rate, combined with the administrative fee rate, payable by the Trust to the Adviser. The Board also considered the contractual sub-advisory fee rates payable by the Adviser to the Sub-Adviser for sub-advisory services.

The Board considered the fee structures of the Trust as they relate to the services provided under the Contracts, and the potential fall-out benefits to the Adviser and ING IM, and their respective affiliates, from their association with the Trust. The Board determined that the fees payable to the Adviser and ING IM are reasonable for the services that each performs, which were considered in light of the nature and quality of the services that each has performed and is expected to perform through the year ending November 30, 2006.

The Board considered information on revenues, costs and profits realized by the Adviser, which was prepared by Management in accordance with the allocation methodology (including assumptions) specified in the Methodology Guide. In analyzing the profitability of the Adviser in connection with its services to the Trust, the Board took into account the sub-advisory fee rate payable by the Adviser to ING IM with respect to the Trust. The Board also considered information that it requested and was provided by Management with respect to the profitability of service

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

providers affiliated with the Adviser, as well as information provided ING IM with respect to its profitability.

The Board determined that it had requested and received sufficient information to gain a reasonable understanding regarding the Adviser's and ING IM's profitability. The Board also recognized that profitability analysis is not an exact science and there is no uniform methodology for determining profitability for this purpose. In this context, the Board realized that Management's calculations regarding its costs incurred in establishing the infrastructure necessary for the operations of the Funds in the ING Funds complex may not be fully reflected in the expenses allocated to each Fund (including the Trust) in determining profitability, and that the information presented may not portray all of the costs borne by Management nor capture Management's entrepreneurial risk associated with offering and managing a mutual fund complex in today's regulatory environment.

Based on the information on revenues, costs, and profitability considered by the Board, after considering the factors described in this section, the Board concluded that the profits, if any, realized by the Adviser and ING IM were not excessive.

Specific Factors Considered

The following paragraphs outline certain of the specific factors that the Board considered, and the conclusions reached, at its November 2005 meeting in relation to renewing the Trust's current Advisory Contract and its Sub-Advisory Contract for the year ending November 30, 2006. These specific factors are in addition to those considerations discussed above. The Trust's performance was compared to its Lipper category median and its primary benchmark, a broad-based securities market index that appears in the Trust's prospectus. The Trust's management fee and expense ratio were compared to the fees and expense ratios of the funds in its Selected Peer Group. The Trust and certain funds within its Selected Peer Group use leverage to varying degrees. In order to provide meaningful comparisons of management fees and expense ratios, the impact of leverage was excluded from the management fees and expense ratios for both the Trust and the funds within the Selected Peer Group.

In considering whether to approve the renewal of the Advisory and Sub-Advisory Contracts for the Trust, the Board considered that, based on performance data for the periods ended June 30, 2005: (1) the Trust underperformed its Lipper category median for the most recent calendar quarter and the five-year period, but outperformed for all other periods presented; (2) the Trust underperformed its primary benchmark for the most recent calendar quarter and the five-year period, but outperformed for all other periods presented; and (3) the Trust is ranked in the fifth (lowest) quintile of funds in its Morningstar category for the five-year period, in the fourth quintile for the most recent calendar quarter, and in the first (highest) quintile for the year-to-date, one- and three-year periods.

In considering the fees payable under the Advisory and Sub-Advisory Contracts for ING Prime Rate Trust, the Board took into account the factors described above and also considered: (1) the fairness of the compensation under an Advisory Contract with level fees that does not include breakpoints; (2) the pricing structure (including the expense ratio to be borne by shareholders) of the Trust, as compared to its Selected Peer Group, including that: (a) the management fee (inclusive of the advisory fee and a 0.25% administration fee) for the Trust is at the median and above the average management fees of the funds in its Selected Peer Group; and (b) the expense ratio for the Trust is at the median and above the average expense ratios of the funds in its Selected Peer Group.

After its deliberation, the Board reached the following conclusions: (1) the Trust's management fee rate is reasonable in the context of all factors considered by the Board; (2) the Trust's expense ratio is reasonable in the context of all factors considered by the Board; (3) the Trust's performance is reasonable in the context of all factors considered by the Board; and (4) the sub-advisory fee rate payable by the Adviser to the Sub-Adviser is reasonable in the context of all factors considered by the Board. Based on these conclusions and other factors, the Board voted to renew the Advisory and Sub-Advisory Contracts for the Trust for the year ending November 30, 2006. During this renewal process, different Board members may have given different weight to different individual factors and related conclusions.

Item 2. Code of Ethics.

As of the end of the period covered by this report, Registrant had adopted a code of ethics, as defined in Item 2 of Form N-CSR, that applies to the Registrant's principal executive officer and principal financial officer. There were no amendments to the Code during the period covered by the report. The Registrant did not grant any waivers, including implicit waivers, from any provisions of the Code during the period covered by this report. The code of ethics is filed herewith pursuant to Item 10(a)(1), Exhibit 99.CODE ETH.

Item 3. Audit Committee Financial Expert.

The Board of Trustees has determined that Patrick W. Kenny is an audit committee financial expert, as defined in Item 3 of Form N-CSR. Mr. Kenny is independent for purposes of Item 3 of Form N-CSR.

Item 4. Principal Accountant Fees and Services.

(a) Audit Fees: The aggregate fees billed for each of the last two fiscal years for professional services rendered by KPMG LLP (KPMG), the principal accountant for the audit of the registrant's annual financial statements, for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years were \$65,500 for year ended February 28, 2006 and \$63,490 for year ended February 28, 2005.

(b) Audit-Related Fees: The aggregate fees billed in each of the last two fiscal years for assurance and related services by KPMG that are reasonably related to the performance of the audit of the registrant's financial statements and are not reported under paragraph (a) of this Item were \$24,200 for the year ended February 28, 2006 and \$33,600 for the year ended February 28, 2005.

(c) Tax Fees: The aggregate fees billed in each of the last two fiscal years for professional services rendered by KPMG for tax compliance, tax advice, and tax planning were \$3,200 in the year ended February 28, 2006 and \$20,491 in the year ended February 28, 2005. Such services included review of excise distribution calculations (if applicable), preparation of the Funds' federal, state and excise tax returns, tax services related to mergers and routine consulting.

(d) All Other Fees: The aggregate fees billed in each of the last two fiscal years for products and services provided by KPMG, other than the services reported in paragraphs (a) through (c) of this Item were \$3,150 in the year ended February 28, 2006 and \$3,000 in the year ended February 28, 2005.

(e) (1) Audit Committee Pre-Approval Policies and Procedures

FORM OF

**AUDIT AND NON-AUDIT SERVICES
PRE-APPROVAL POLICY**

I. Statement of Principles

Under the Sarbanes-Oxley Act of 2002 (the Act), the Audit Committee of the Board of Directors or Trustees (the Committee) of the ING Funds (each a Fund, collectively, the Funds) set out on Exhibit A to this Audit and Non-Audit Services Pre-Approval Policy (Policy) is responsible for the oversight of the work of the Funds' independent auditors. As part of its responsibilities, the Committee must pre-approve the audit and non-audit services performed by the auditors in order to assure that the provision of these services does not impair the auditors' independence from the Funds. The Committee has adopted, and the Board has ratified, this Policy, which sets out the procedures and conditions under which the services of the independent auditors may be pre-approved.

Under Securities and Exchange Commission (SEC) rules promulgated in accordance with the Act, the Funds may establish two different approaches to pre-approving audit and non-audit services. The Committee may approve services without consideration of specific case-by-case services (general pre-approval) or it may pre-approve specific services (specific pre-approval). The Committee believes that the combination of these approaches contemplated in this Policy results in an effective and efficient method for pre-approving audit and non-audit services to be performed by the Funds' independent auditors. Under this Policy, services that are not of a type that may receive general pre-approval require specific pre-approval by the Committee. Any proposed services that exceed pre-approved cost levels or budgeted amounts will also require the Committee's specific pre-approval.

For both types of approval, the Committee considers whether the subject services are consistent with the SEC's rules on auditor independence and that such services are compatible with maintaining the auditors' independence. The Committee also considers whether a particular audit firm is in the best position to provide effective and efficient services to the Funds. Reasons that the auditors are in the best position include the auditors' familiarity with the Funds' business, personnel, culture, accounting systems, risk profile, and other factors, and whether the services will enhance the Funds' ability to manage and control risk or improve audit quality. Such factors will be considered as a whole, with no one factor being determinative.

The appendices attached to this Policy describe the audit, audit-related, tax-related, and other services that have the Committee's general pre-approval. For any service that has been approved through general pre-approval, the general pre-approval will remain in place for a period 12 months from the date of pre-approval, unless the Committee determines that a different period is appropriate. The Committee will annually review and pre-approve the services that may be provided by the independent auditors without specific pre-approval. The Committee will revise the list of services subject to general pre-approval as appropriate. This Policy does not serve as a delegation to Fund management of the Committee's duty to pre-approve services performed by the Funds' independent auditors.

II. Audit Services

The annual audit services engagement terms and fees are subject to the Committee's specific pre-approval. Audit services are those services that are normally provided by auditors in connection with statutory and regulatory filings or engagements or those that generally only independent auditors can reasonably provide. They include the Funds' annual financial statement audit and procedures that the independent auditors must perform in order to form an opinion on the Funds' financial statements (*e.g.*, information systems and procedural reviews and testing). The Committee will monitor the audit services engagement and approve any changes in terms, conditions or fees deemed by the Committee to be necessary or appropriate.

The Committee may grant general pre-approval to other audit services, such as statutory audits and services associated with SEC registration statements, periodic reports and other documents filed with the SEC or issued in connection with securities offerings.

The Committee has pre-approved the audit services listed on Appendix A. The Committee must specifically approve all audit services not listed on Appendix A.

III. Audit-related Services

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or the review of the Funds' financial statements or are traditionally performed by the independent auditors. The Committee believes that the provision of audit-related services will not impair the independent auditors' independence, and therefore may grant pre-approval to audit-related services. Audit-related services include accounting consultations related to accounting, financial reporting or disclosure matters not classified as audit services; assistance with understanding and implementing new accounting and financial reporting guidance from rulemaking authorities; agreed-upon or expanded audit procedures relating to accounting and/or billing records required to respond to or comply with financial, accounting or regulatory reporting matters; and assistance with internal control reporting requirements under Form N-SAR or Form N-CSR.

The Committee has pre-approved the audit-related services listed on Appendix B. The Committee must specifically approve all audit-related services not listed on Appendix B.

IV. Tax Services

The Committee believes the independent auditors can provide tax services to the Funds, including tax compliance, tax planning, and tax advice, without compromising the auditors' independence. Therefore, the Committee may grant general pre-approval with respect to tax services historically provided by the Funds' independent auditors that do not, in the Committee's view, impair auditor independence and that are consistent with the SEC's rules on auditor independence.

The Committee will not grant pre-approval if the independent auditors initially recommends a transaction the sole business purpose of which is tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code and related regulations. The Committee may

consult

outside counsel to determine that tax planning and reporting positions are consistent with this Policy.

The Committee has pre-approved the tax-related services listed on Appendix C. The Committee must specifically approve all tax-related services not listed on Appendix C.

V. Other Services

The Committee believes it may grant approval of non-audit services that are permissible services for independent auditors to a Fund. The Committee has determined to grant general pre-approval to other services that it believes are routine and recurring, do not impair auditor independence, and are consistent with SEC rules on auditor independence.

The Committee has pre-approved the non-audit services listed on Appendix D. The Committee must specifically approve all non-audit services not listed on Appendix D.

A list of the SEC's prohibited non-audit services is attached to this Policy as Appendix E. The SEC's rules and relevant guidance should be consulted to determine the precise definitions of these impermissible services and the applicability of exceptions to certain of the SEC's prohibitions.

VI. Pre-approval of Fee levels and Budgeted Amounts

The Committee will annually establish pre-approval fee levels or budgeted amounts for audit, audit-related, tax and non-audit services to be provided to the Funds by the independent auditors. Any proposed services exceeding these levels or amounts require the Committee's specific pre-approval. The Committee considers fees for audit and non-audit services when deciding whether to pre-approve services. The Committee may determine, for a pre-approval period of 12 months, the appropriate ratio between the total amount of fees for the Fund's audit, audit-related, and tax services (including fees for services provided to Fund affiliates that are subject to pre-approval), and the total amount of fees for certain permissible non-audit services for the Fund classified as other services (including any such services provided to Fund affiliates that are subject to pre-approval).

VII. Procedures

Requests or applications for services to be provided by the independent auditors will be submitted to management. If management determines that the services do not fall within those services generally pre-approved by the Committee and set out in the appendices to these procedures, management will submit the services to the Committee or its delatee. Any such submission will include a detailed description of the services to be rendered. Notwithstanding this paragraph, the Committee will, on a quarterly basis, receive from the independent auditors a list of services provided for the previous calendar quarter on a cumulative basis by the auditors during the Pre-Approval Period.

VIII. Delegation

The Committee may delegate pre-approval authority to one or more of the Committee's members. Any member or members to whom such pre-approval authority is delegated must report any pre-approval decisions, including any pre-approved services, to the Committee at its next scheduled meeting. The Committee will identify any member to whom pre-approval authority is delegated in writing. The member will retain such authority for a period of 12 months from the date of pre-approval unless the Committee determines that a different period is appropriate. The period of delegated authority may be terminated by the Committee or at the option of the member.

IX. Additional Requirements

The Committee will take any measures the Committee deems necessary or appropriate to oversee the work of the independent auditors and to assure the auditors' independence from the Funds. This may include reviewing a formal written statement from the independent auditors delineating all relationships between the auditors and the Funds, consistent with Independence Standards Board No. 1, and discussing with the auditors their methods and procedures for ensuring independence.

PROXY VOTING PROCEDURES AND GUIDELINES

Effective Date: July 10, 2003

Revision Date: March 16, 2006

I. INTRODUCTION

The following are the Proxy Voting Procedures and Guidelines (the Procedures and Guidelines) of the ING Funds set forth on *Exhibit 1* attached hereto and each portfolio or series thereof (each a Fund and collectively, the Funds). The purpose of these Procedures and Guidelines is to set forth the process by which each Fund will vote proxies related to the equity assets in its investment portfolio (the portfolio securities). The Procedures and Guidelines have been approved by the Funds Boards of Trustees/Directors(1) (each a Board and collectively, the Boards), including a majority of the independent Trustees/Directors(2) of the Board. These Procedures and Guidelines may be amended only by the Board. The Board shall review these Procedures and Guidelines at its discretion, and make any revisions thereto as deemed appropriate by the Board.

II. VALUATION, PROXY AND BROKERAGE COMMITTEE

The Boards hereby delegate to the Valuation, Proxy and Brokerage Committee of each Board (each a Committee and collectively, the Committees) the authority and responsibility to oversee the implementation of these Procedures and Guidelines, and where applicable, to make determinations on behalf of the Board with respect to the voting of proxies on behalf of each Fund. Furthermore, the Boards hereby delegate to each Committee the authority to review and approve material changes to proxy voting procedures of any Fund's investment adviser (the Adviser). The Proxy Voting Procedures of the Adviser (the Adviser Procedures) are attached hereto as *Exhibit 2*. Any determination regarding the voting of proxies of each Fund that is made by a Committee, or any member thereof, as permitted herein, shall be deemed to be a good faith determination regarding the voting of proxies by the full Board. Each Committee

(1) Reference in these Procedures to one or more Funds shall, as applicable, mean those Funds that are under the jurisdiction of the particular Board or Valuation, Proxy and Brokerage Committee at issue. No provision in these Procedures is intended to impose any duty upon the particular Board or Valuation, Proxy and Brokerage Committee with respect to any other Fund.

(2) The independent Trustees/Directors are those Board members who are not interested persons of the Funds within the meaning of Section 2(a)(19) of the Investment Company Act of 1940.

Effective Date: 07/10/03

Revision Date: 03/16/06

may rely on the Adviser through the Agent, Proxy Coordinator and/or Proxy Group (as such terms are defined for purposes of the Adviser Procedures) to deal in the first instance with the application of these Procedures and Guidelines. Each Committee shall conduct itself in accordance with its charter.

III. DELEGATION OF VOTING AUTHORITY

The Board hereby delegates to the Adviser to each Fund the authority and responsibility to vote all proxies with respect to all portfolio securities of the Fund in accordance with then current proxy voting procedures and guidelines that have been approved by the Board. The Board may revoke such delegation with respect to any proxy or proposal, and assume the responsibility of voting any Fund proxy or proxies as it deems appropriate. Non-material amendments to the Procedures and Guidelines may be approved for immediate implementation by the President or Chief Financial Officer of a Fund, subject to ratification at the next regularly scheduled meeting of the Valuation, Proxy and Brokerage Committee.

When a Fund participates in the lending of its securities and the securities are on loan at record date, proxies related to such securities will not be forwarded to the Adviser by the Fund's custodian and therefore will not be voted.

Funds that are funds-of-funds will echo vote their interests in underlying mutual funds, which may include ING Funds (or portfolios or series thereof) other than those set forth on *Exhibit 1* attached hereto. This means that, if the fund-of-funds must vote on a proposal with respect to an underlying investment company, the fund-of-funds will vote its interest in that underlying fund in the same proportion all other shareholders in the investment company voted their interests.

A fund that is a feeder fund in a master-feeder structure does not echo vote. Rather, it passes votes requested by the underlying master fund to its shareholders. This means that, if the feeder fund is solicited by the master fund, it will request instructions from its own shareholders, either directly or, in the case of an insurance-dedicated Fund, through an insurance product or retirement plan, as to the manner in which to vote its interest in an underlying master fund.

When a Fund is a feeder in a master-feeder structure, proxies for the portfolio securities owned by the master fund will be voted pursuant to the master fund's proxy voting policies and procedures. As such, and except as otherwise noted herein with respect to vote reporting requirements, feeder Funds shall not be subject to these Procedures and Guidelines.

IV. APPROVAL AND REVIEW OF PROCEDURES

Each Fund's Adviser has adopted proxy voting procedures in connection with the voting of portfolio securities for the Funds as attached hereto in *Exhibit 2*. The Board hereby approves such procedures. All material changes to the Adviser Procedures must be approved by the Board or the Valuation, Proxy and Brokerage Committee prior to implementation; however, the President or Chief Financial Officer of a Fund may make such non-material changes as they deem appropriate, subject to ratification by the Board or the Valuation, Proxy and Brokerage

Committee at its next regularly scheduled meeting.

V. VOTING PROCEDURES AND GUIDELINES

The Guidelines that are set forth in *Exhibit 3* hereto specify the manner in which the Funds generally will vote with respect to the proposals discussed therein.

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Unless otherwise noted, the defined terms used hereafter shall have the same meaning as defined in the Adviser Procedures

A. Routine Matters

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

The Agent shall be instructed to submit a vote in accordance with the Guidelines where such Guidelines provide a clear For, Against, Withhold or Abstain on a proposal. However, the Agent shall be directed to refer any proxy proposal to the Proxy Coordinator for instructions as if it were a matter requiring case-by-case consideration under circumstances where the application of the Guidelines is unclear, it appears to involve unusual or controversial issues, or an Investment Professional (as such term is defined for purposes of the Adviser Procedures) recommends a vote contrary to the Guidelines.

B. Matters Requiring Case-by-Case Consideration

The Agent shall be directed to refer proxy proposals accompanied by its written analysis and voting recommendation to the Proxy Coordinator where the Guidelines have noted case-by-case consideration.

Upon receipt of a referral from the Agent, the Proxy Coordinator may solicit additional research from the Agent, Investment Professional(s), as well as from any other source or service.

Except in cases in which the Proxy Group has previously provided the Proxy Coordinator with standing instructions to vote in accordance with the Agent's recommendation, the Proxy Coordinator will forward the Agent's analysis and recommendation and/or any research obtained from the Investment Professional(s), the Agent or any other source to the Proxy Group. The Proxy Group may consult with the Agent and/or Investment Professional(s), as it deems necessary.

The Proxy Coordinator shall use best efforts to convene the Proxy Group with respect to all matters requiring its consideration. In the event quorum requirements cannot be timely met in connection with a voting deadline, it shall be the policy of the Funds to vote in accordance with the Agent's recommendation, unless the Agent's recommendation is deemed to be conflicted as provided for under the Adviser Procedures, in which case no action shall be taken on such matter (*i.e.*, a Non-Vote).

1. **Within-Guidelines Votes:** Votes in Accordance with a Fund's Guidelines and/or, where applicable, Agent Recommendation

In the event the Proxy Group, and where applicable, any Investment Professional participating in the voting process, recommend a vote Within Guidelines, the Proxy Group will instruct the Agent, through the Proxy Coordinator, to vote in this manner. No Conflicts Report (as such term is defined for purposes of the Adviser Procedures) is required in connection with Within-Guidelines Votes.

2. **Non-Votes:** Votes in Which No Action is Taken

The Proxy Group may recommend that a Fund refrain from voting under the following circumstances: (1) if the economic effect on shareholders' interests or the value of the portfolio holding is indeterminable or insignificant, *e.g.*, proxies in connection with securities no longer held in the portfolio of an ING Fund or proxies being considered on behalf of a Fund that is no longer in existence; or (2) if the cost of voting a proxy outweighs the benefits, *e.g.*, certain international proxies, particularly in cases in which share blocking practices may impose trading restrictions on the relevant portfolio security. In such instances, the Proxy Group may instruct the Agent, through the Proxy Coordinator, not to vote such proxy. The Proxy Group may provide the Proxy Coordinator with standing instructions on parameters that would dictate a Non-Vote without the Proxy Group's review of a specific proxy. It is noted a Non-Vote determination would generally not be made in connection with voting rights received pursuant to class action participation; while a Fund may no longer hold the security, a continuing economic effect on shareholders' interests is likely.

Reasonable efforts shall be made to secure and vote all other proxies for the Funds, but, particularly in markets in which shareholders' rights are limited, Non-Votes may also occur in connection with a Fund's related inability to timely access ballots or other proxy information in connection with its portfolio securities.

Non-Votes may also result in certain cases in which the Agent's recommendation has been deemed to be conflicted, as described in V.B. above and V.B.4. below.

3. **Out-of-Guidelines Votes:** Votes Contrary to Procedures and Guidelines, or Agent Recommendation, where applicable, Where No Recommendation is Provided by Agent, or Where Agent's Recommendation is Conflicted

If the Proxy Group recommends that a Fund vote contrary to the Procedures and Guidelines, or the recommendation of the Agent, where applicable, if the Agent has made no recommendation on a matter requiring case-by-case consideration and the Procedures and Guidelines are silent, or the Agent's recommendation on a matter requiring case-by-case consideration is deemed to be conflicted as

provided for under the Adviser Procedures, the Proxy Coordinator will then request that all members of the Proxy Group, including any members not in attendance at the meeting at which the relevant proxy is being considered, and each Investment Professional participating in the voting process complete a Conflicts Report (as such term is defined for purposes of the Adviser Procedures). As provided for in the Adviser Procedures, the Proxy Coordinator shall be responsible for identifying to Counsel potential conflicts of interest with respect to the Agent.

If Counsel determines that a conflict of interest appears to exist with respect to the Agent, any member of the Proxy Group or the participating Investment Professional(s), the Proxy Coordinator will then contact the Valuation, Proxy and Brokerage Committee(s) and forward to such Committee(s) all information relevant to their review, including the following materials or a summary thereof: the applicable Procedures and Guidelines, the recommendation of the Agent, where applicable, the recommendation of the Investment Professional(s), where applicable, any resources used by the Proxy Group in arriving at its recommendation, the Conflicts Report and any other written materials establishing whether a conflict of interest exists, and findings of Counsel (as such term is defined for purposes of the Adviser Procedures). Upon Counsel's finding that a conflict of interest exists with respect to one or more members of the Proxy Group or the Advisers generally, the remaining members of the Proxy Group shall not be required to complete a Conflicts Report in connection with the proxy.

If Counsel determines that there does not appear to be a conflict of interest with respect to the Agent, any member of the Proxy Group or the participating Investment Professional(s), the Proxy Coordinator will instruct the Agent to vote the proxy as recommended by the Proxy Group.

4. Referrals to a Fund's Valuation, Proxy and Brokerage Committee

A Fund's Valuation, Proxy and Brokerage Committee may consider all recommendations, analysis, research and Conflicts Reports provided to it by the Agent, Proxy Group and/or Investment Professional(s), and any other written materials used to establish whether a conflict of interest exists, in determining how to vote the proxies referred to the Committee. The Committee will instruct the Agent through the Proxy Coordinator how to vote such referred proposals.

The Proxy Coordinator shall use best efforts to timely refer matters to a Fund's Committee for its consideration. In the event any such matter cannot be timely referred to or considered by the Committee, it shall be the policy of the Funds to vote in accordance with the Agent's recommendation, unless the Agent's recommendation is conflicted on a matter requiring case-by-case consideration, in which case no action shall be taken on such matter (*i.e.*, a Non-Vote).

The Proxy Coordinator will maintain a record of all proxy questions that have been referred to a Fund's Committee, all applicable recommendations, analysis, research and Conflicts Reports.

VI. CONFLICTS OF INTEREST

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

In all cases in which a vote has not been clearly determined in advance by the Procedures and Guidelines or for which the Proxy Group recommends an Out-of-Guidelines Vote, and Counsel has determined that a conflict of interest appears to exist with respect to the Agent, any member of the Proxy Group, or any Investment Professional participating in the voting process, the proposal shall be referred to the Fund's Committee for determination so that the Adviser shall have no opportunity to vote a Fund's proxy in a situation in which it or the Agent may be deemed to have a conflict of interest. In the event a member of a Fund's Committee believes he/she has a conflict of interest that would preclude him/her from making a voting determination in the best interests of the beneficial owners of the applicable Fund, such Committee member shall so advise the Proxy Coordinator and recuse himself/herself with respect to determinations regarding the relevant proxy.

VII. REPORTING AND RECORD RETENTION

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Annually in August, each Fund that is not a feeder in a master/feeder structure will post its proxy voting record or a link thereto, for the prior one-year period ending on June 30th on the ING Funds website. No proxy voting record will be posted on the ING Funds website for any Fund that is a feeder in a master/feeder structure; however, a cross-reference to that of the master fund's proxy voting record as filed in the SEC's EDGAR database will be posted on the ING Funds website. The proxy voting record for each Fund will also be available in the EDGAR database on the SEC's website.

PROXY VOTING PROCEDURES

I. INTRODUCTION

ING Investments, LLC, Directed Services, Inc. and ING Life Insurance and Annuity Company (each an Adviser and collectively, the Advisers) are the investment advisers for the registered investment companies and each series or portfolio thereof (each a Fund and collectively, the Funds) comprising the ING family of funds. As such, the Advisers have been delegated the authority to vote proxies with respect to securities for the Funds over which they have day-to-day portfolio management responsibility.

The Advisers will abide by the proxy voting guidelines adopted by a Fund s respective Board of Directors or Trustees (each a Board and collectively, the Boards) with regard to the voting of proxies unless otherwise provided in the proxy voting procedures adopted by a Fund s Board.

In voting proxies, the Advisers are guided by general fiduciary principles. Each must act prudently, solely in the interest of the beneficial owners of the Funds it manages. The Advisers will not subordinate the interest of beneficial owners to unrelated objectives. Each Adviser will vote proxies in the manner that it believes will do the most to maximize shareholder value.

The following are the Proxy Voting Procedures of ING Investments, LLC, Directed Services, Inc. and ING Life Insurance and Annuity Company (the Adviser Procedures) with respect to the voting of proxies on behalf of their client Funds as approved by the respective Board of each Fund.

Unless otherwise noted, best efforts shall be used to vote proxies in all instances.

II. ROLES AND RESPONSIBILITIES

A. Proxy Coordinator

The Proxy Coordinator identified in Appendix 1 will assist in the coordination of the voting of each Fund's proxies in accordance with the ING Funds Proxy Voting Procedures and Guidelines (the Procedures or Guidelines and collectively the Procedures and Guidelines). The Proxy Coordinator is authorized to direct the Agent to vote a Fund's proxy in accordance with the Procedures and Guidelines unless the Proxy Coordinator receives a recommendation from an Investment Professional (as described below) to vote contrary to the Procedures and Guidelines. In such event, and in connection with proxy proposals requiring case-by-case consideration (except in cases in which the Proxy Group has previously provided the Proxy Coordinator with standing instructions to vote in accordance with the Agent's recommendation), the Proxy Coordinator will call a meeting of the Proxy Group (as described below).

Responsibilities assigned herein to the Proxy Coordinator, or activities in support thereof, may be performed by such members of the Proxy Group or employees of the Advisers' affiliates as are deemed appropriate by the Proxy Group.

Unless specified otherwise, information provided to the Proxy Coordinator in connection with duties of the parties described herein shall be deemed delivered to the Advisers.

B. Agent

An independent proxy voting service (the Agent), as approved by the Board of each Fund, shall be engaged to assist in the voting of Fund proxies for publicly traded securities through the provision of vote analysis, implementation, recordkeeping and disclosure services. The Agent is Institutional Shareholder Services, Inc. The Agent is responsible for coordinating with the Funds' custodians to ensure that all proxy materials received by the custodians relating to the portfolio securities are processed in a timely fashion. To the extent applicable, the Agent is required to vote and/or refer all proxies in accordance with these Adviser Procedures. The Agent will retain a record of all proxy votes handled by the Agent. Such record must reflect all the information required to be disclosed in a Fund's Form N-PX pursuant to Rule 30b1-4 under the Investment Company Act. In addition, the Agent is responsible for maintaining copies of all proxy statements received by issuers and to promptly provide such materials to the Adviser upon request.

The Agent shall be instructed to vote all proxies in accordance with a Fund's Guidelines, except as otherwise instructed through the Proxy Coordinator by the Adviser's Proxy Group or a Fund's Valuation, Proxy and Brokerage Committee (Committee).

The Agent shall be instructed to obtain all proxies from the Funds' custodians and to review each proxy proposal against the Guidelines. The Agent also shall be requested to call the Proxy Coordinator's attention to specific proxy proposals that although governed by the Guidelines appear to involve unusual or controversial issues.

Subject to the oversight of the Advisers, the Agent shall establish and maintain adequate internal controls and policies in connection with the provision of proxy voting services voting to the Advisers, including methods to reasonably ensure that its analysis and recommendations are not influenced by conflict of interest, and shall disclose such controls and policies to the Advisers when and as provided for herein. Unless otherwise specified, references herein to recommendations of the Agent shall refer to those in which no conflict of interest has been identified.

C. Proxy Group

The Adviser shall establish a Proxy Group (the Group or Proxy Group) which shall assist in the review of the Agent's recommendations when a proxy voting issue is referred to the Group through the Proxy Coordinator. The members of the Proxy Group, which may include employees of the Advisers' affiliates, are identified in Appendix 1, as may be amended from time to time at the Advisers' discretion.

A minimum of four (4) members of the Proxy Group (or three (3) if one member of the quorum is either the Fund's Chief Investment Risk Officer or Chief Financial Officer) shall constitute a quorum for purposes of taking action at any meeting of the Group. The vote of a simple majority of the members present and voting shall determine any matter submitted to a vote. Tie votes shall be broken by securing the vote of members not present at the meeting; provided, however, that the Proxy Coordinator shall ensure compliance with all applicable voting and conflict of interest procedures and shall use best efforts to secure votes from all or as many absent members as may reasonably be accomplished. The Proxy Group may meet in person or by telephone. The Proxy Group also may take action via electronic mail in lieu of a meeting, provided that each Group member has received a copy of any relevant electronic mail transmissions circulated by each other participating Group member prior to voting and provided that the Proxy Coordinator follows the directions of a majority of a quorum (as defined above) responding via electronic mail. For all votes taken in person or by telephone or teleconference, the vote shall be taken outside the presence of any person other than the members of the Proxy Group and such other persons whose attendance may be deemed appropriate by the Proxy Group from time to time in furtherance of its duties or the day-to-day administration of the Funds. In its discretion, the Proxy Group may provide the Proxy Coordinator with standing instructions to perform responsibilities assigned herein to the Proxy Group, or activities in support thereof, on its behalf, provided that such instructions do not contravene any requirements of these Adviser Procedures or a Fund's Procedures and Guidelines.

A meeting of the Proxy Group will be held whenever (1) the Proxy Coordinator receives a recommendation from an Investment Professional to vote a Fund's proxy contrary to the Procedures and Guidelines, or the recommendation of the Agent, where applicable, (2) the Agent has made no recommendation with respect to a vote on a proposal, or (3) a matter requires case-by-case consideration, including those in which the Agent's recommendation is deemed to be conflicted as provided for under these Adviser Procedures, provided that, if the Proxy Group has previously provided the Proxy Coordinator with standing instructions to vote in accordance with the Agent's recommendation and no issue of conflict must be considered, the Proxy Coordinator may implement the instructions without calling a meeting of the Proxy Group.

For each proposal referred to the Proxy Group, it will review (1) the relevant Procedures and Guidelines, (2) the recommendation of the Agent, if any, (3) the recommendation of the Investment Professional(s), if any, and (4) any other resources that any member of the Proxy Group deems appropriate to aid in a determination of a recommendation.

If the Proxy Group recommends that a Fund vote in accordance with the Procedures and Guidelines, or the recommendation of the Agent, where applicable, it shall instruct the Proxy Coordinator to so advise the Agent.

If the Proxy Group recommends that a Fund vote contrary to the Procedures and Guidelines, or the recommendation of the Agent, where applicable, or if the Agent's recommendation on a matter requiring case-by-case consideration is deemed to be conflicted, it shall follow the procedures for such voting as established by a Fund's Board.

The Proxy Coordinator shall use best efforts to convene the Proxy Group with respect to all matters requiring its consideration. In the event quorum requirements cannot be timely met in connection with to a voting deadline, the Proxy Coordinator shall follow the procedures for such voting as established by a Fund's Board.

D. Investment Professionals

The Funds' Advisers, sub-advisers and/or portfolio managers (each referred to herein as an Investment Professional and collectively, Investment Professionals) may submit, or be asked to submit, a recommendation to the Proxy Group regarding the voting of proxies related to the portfolio securities over which they have day-to-day portfolio management responsibility. The Investment Professionals may accompany their recommendation with any other research materials that they deem appropriate or with a request that lending activity with respect to the relevant security be reviewed, such requests to be timely considered by the Proxy Group.

III. VOTING PROCEDURES

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

A. In all cases, the Adviser shall follow the voting procedures as set forth in the Procedures and Guidelines of the Fund on whose behalf the Adviser is exercising delegated authority to vote.

B. Routine Matters

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

The Agent shall be instructed to submit a vote in accordance with the Guidelines where such Guidelines provide a clear For , Against, Withhold or Abstain on a proposal. However, the Agent shall be directed to refer any proxy proposal to the Proxy Coordinator for instructions as if it were a matter requiring case-by-case consideration under circumstances where the application of the Guidelines is unclear, it appears to involve unusual or controversial issues, or an Investment Professional recommends a vote contrary to the Guidelines.

C. Matters Requiring Case-by-Case Consideration

The Agent shall be directed to refer proxy proposals accompanied by its written analysis and voting recommendation to the Proxy Coordinator where the Guidelines have noted case-by-case consideration.

Upon receipt of a referral from the Agent, the Proxy Coordinator may solicit additional research from the Agent, Investment Professional(s), as well as from any other source or service.

Except in cases in which the Proxy Group has previously provided the Proxy Coordinator with standing instructions to vote in accordance with the Agent's recommendation, the Proxy Coordinator will forward the Agent's analysis and recommendation and/or any research obtained from the Investment Professional(s), the Agent or any other source to the Proxy Group. The Proxy Group may consult with the Agent and/or Investment Professional(s), as it deems necessary.

1. **Within-Guidelines Votes:** Votes in Accordance with a Fund's Guidelines and/or, where applicable, Agent Recommendation

In the event the Proxy Group, and where applicable, any Investment Professional participating in the voting process, recommend a vote Within Guidelines, the Proxy Group will instruct the Agent, through the Proxy Coordinator, to vote in this manner. No Conflicts Report (as such term is defined herein) is required in connection with Within-Guidelines Votes.

2. **Non-Votes:** Votes in Which No Action is Taken

The Proxy Group may recommend that a Fund refrain from voting under the following circumstances: (1) if the economic effect on shareholders' interests or the value of the portfolio holding is indeterminable or insignificant, *e.g.*, proxies in connection with securities no longer held in the portfolio of an ING Fund or proxies being considered on behalf of a Fund that is no longer in existence; or (2) if the cost of voting a proxy outweighs the benefits, *e.g.*, certain international proxies, particularly in cases in which share blocking practices may impose trading restrictions on the relevant portfolio security. In such instances, the Proxy Group may instruct the Agent, through the Proxy Coordinator, not to vote such proxy. The Proxy Group may provide the Proxy Coordinator with standing instructions on parameters that would dictate a Non-Vote without the Proxy Group's review of a specific proxy. It is noted a Non-Vote determination would generally not be made in connection with voting rights received pursuant to class action participation; while a Fund may no longer hold the security, a continuing economic effect on shareholders' interests is likely.

Reasonable efforts shall be made to secure and vote all other proxies for the Funds, but, particularly in markets in which shareholders' rights are limited, Non-Votes may also occur in connection with a Fund's related inability to timely access ballots or other proxy information in connection with its portfolio securities.

Non-Votes may also result in certain cases in which the Agent's recommendation has been deemed to be conflicted, as provided for in the Funds Procedures.

3. **Out-of-Guidelines Votes:** Votes Contrary to Procedures and Guidelines, or Agent Recommendation, where applicable, Where No Recommendation is Provided by Agent, or Where Agent's Recommendation is Conflicted

If the Proxy Group recommends that a Fund vote contrary to the Procedures and Guidelines, or the recommendation of the Agent, where applicable, if the Agent has made no recommendation on a matter requiring case-by-case consideration and the Procedures and Guidelines are silent, or the Agent's recommendation on a matter requiring case-by-case consideration is deemed to be conflicted as provided for under these Adviser Procedures, the Proxy Coordinator will then implement the procedures for handling such votes as adopted by the Fund's Board.

4. The Proxy Coordinator will maintain a record of all proxy questions that have been referred to a Fund's Valuation, Proxy and Brokerage Committee, all applicable recommendations, analysis, research and Conflicts Reports.

IV. ASSESSMENT OF THE AGENT AND CONFLICTS OF INTEREST

In furtherance of the Advisers' fiduciary duty to the Funds and their beneficial owners, the Advisers shall establish the following:

A. Assessment of the Agent

The Advisers shall establish that the Agent (1) is independent from the Advisers, (2) has resources that indicate it can competently provide analysis of proxy issues and (3) can make recommendations in an impartial manner and in the best interests of the Funds and their beneficial owners. The Advisers shall utilize, and the Agent shall comply with, such methods for establishing the foregoing as the Advisers may deem reasonably appropriate and shall do not less than annually as well as prior to engaging the services of any new proxy service. The Agent shall also notify the Advisers in writing within fifteen (15) calendar days of any material change to information previously provided to an Adviser in connection with establishing the Agent's independence, competence or impartiality.

Information provided in connection with assessment of the Agent shall be forwarded to a member of the mutual funds practice group of ING US Legal Services (Counsel) for review. Counsel shall review such information and advise the Proxy Coordinator as to whether a material concern exists and if so, determine the most appropriate course of action to eliminate such concern.

B. Conflicts of Interest

The Advisers shall establish and maintain procedures to identify and address conflicts that may arise from time to time concerning the Agent. Upon the Advisers' request, which shall be not less than annually, and within fifteen (15) calendar days of any material change to such information previously provided to an Adviser, the Agent shall provide the Advisers with such information as the Advisers deem reasonable and appropriate for use in determining material relationships of the Agent that may pose a conflict of interest with respect to the Agent's proxy analysis or recommendations. The Proxy Coordinator shall forward all such information to Counsel for review. Counsel shall review such information and provide the Proxy Coordinator with a brief statement regarding whether or not a material conflict of interest is present. Matters as to which a material conflict of interest is deemed to be present shall be handled as provided in the Fund's Procedures and Guidelines.

In connection with their participation in the voting process for portfolio securities, each member of the Proxy Group, and each Investment Professional participating in the voting process, must act solely in the best interests of the beneficial owners of the applicable Fund. The members of the Proxy Group may not subordinate

the interests of the Fund's beneficial owners to unrelated objectives, including taking steps to reasonably insulate the voting process from any conflict of interest that may exist in connection with the Agent's services or utilization thereof.

For all matters for which the Proxy Group recommends an Out-of-Guidelines Vote, the Proxy Coordinator will implement the procedures for handling such votes as adopted by the Fund's Board, including completion of such Conflicts Reports as may be required under the Fund's Procedures. Completed Conflicts Reports shall be provided to the Proxy Coordinator within two (2) business days. Such Conflicts Report should describe any known conflicts of either a business or personal nature, and set forth any contacts with respect to the referral item with non-investment personnel in its organization or with outside parties (except for routine communications from proxy solicitors). The Conflicts Report should also include written confirmation that any recommendation from an Investment Professional provided in connection with an Out-of-Guidelines Vote or under circumstances where a conflict of interest exists was made solely on the investment merits and without regard to any other consideration.

The Proxy Coordinator shall forward all Conflicts Reports to Counsel for review. Counsel shall review each report and provide the Proxy Coordinator with a brief statement regarding whether or not a material conflict of interest is present. Matters as to which a material conflict of interest is deemed to be present shall be handled as provided in the Fund's Procedures and Guidelines.

V. REPORTING AND RECORD RETENTION

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

The Adviser shall maintain the records required by Rule 204-2(c)(2), as may be amended from time to time, including the following: (1) A copy of each proxy statement received regarding a Fund's portfolio securities. Such proxy statements received from issuers are available either in the SEC's EDGAR database or are kept by the Agent and are available upon request. (2) A record of each vote cast on behalf of a Fund. (3) A copy of any document created by the Adviser that was material to making a decision how to vote a proxy, or that memorializes the basis for that decision. (4) A copy of written requests for Fund proxy voting information and any written response thereto or to any oral request for information on how the Adviser voted proxies on behalf of a Fund. All proxy voting materials and supporting documentation will be retained for a minimum of six (6) years.

PROXY VOTING GUIDELINES OF THE ING FUNDS

I. INTRODUCTION

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

The following is a statement of the Proxy Voting Guidelines (Guidelines) that have been adopted by the respective Boards of Directors or Trustees of each Fund. Unless otherwise provided for herein, any defined term used herein shall have the meaning assigned to it in the Funds and Advisers Proxy Voting Procedures (the Procedures).

Proxies must be voted in the best interest of the Fund(s). The Guidelines summarize the Funds positions on various issues of concern to investors, and give a general indication of how Fund portfolio securities will be voted on proposals dealing with particular issues. The Guidelines are not exhaustive and do not include all potential voting issues.

The Advisers, in exercising their delegated authority, will abide by the Guidelines as outlined below with regard to the voting of proxies except as otherwise provided in the Procedures. In voting proxies, the Advisers are guided by general fiduciary principles. Each must act prudently, solely in the interest of the beneficial owners of the Funds it manages. The Advisers will not subordinate the interest of beneficial owners to unrelated objectives. Each Adviser will vote proxies in the manner that it believes will do the most to maximize shareholder value.

II. GUIDELINES

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

The following Guidelines are grouped according to the types of proposals generally presented to shareholders of U.S. issuers: Board of Directors, Proxy Contests, Auditors, Proxy Contest Defenses, Tender Offer Defenses, Miscellaneous, Capital Structure, Executive and Director Compensation, State of Incorporation, Mergers and Corporate Restructurings, Mutual Fund Proxies and Social and Environmental Issues. An additional section addresses proposals most frequently found in global proxies.

General Policies

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

These Guidelines apply to securities of publicly traded companies and to those of privately held companies if publicly available disclosure permits such application. All matters for which such disclosure is not available shall be considered CASE-BY-CASE.

It shall generally be the policy of the Funds to take no action on a proxy for which no Fund holds a position or otherwise maintains an economic interest in the relevant security at the time the vote is to be cast.

In all cases receiving CASE-BY-CASE consideration, including cases not specifically provided for under these Guidelines, unless otherwise provided for under these Guidelines, it shall generally be the policy of the Funds to vote in accordance with the recommendation provided by the Funds' Agent, Institutional Shareholder Services, Inc.

Unless otherwise provided for herein, it shall generally be the policy of the Funds to vote in accordance with the Agent's recommendation in cases in which such recommendation aligns with the recommendation of the relevant issuer's management. However, this policy shall not apply to CASE-BY-CASE proposals for which a contrary recommendation from the Investment Professional for the relevant Fund has been received and is to be utilized, provided that incorporation of any such recommendation shall be subject to the conflict of interest review process required under the Procedures.

Recommendations from the Investment Professionals, while not required under the Procedures, are likely to be considered with respect to proxies for private equity securities and/or proposals related to merger transactions/corporate restructurings, proxy contests related to takeover bids/contested business combinations, or unusual or controversial issues. Such input shall be given primary consideration with respect to CASE-BY-CASE proposals being considered on behalf of the relevant Fund.

The foregoing policies may be overridden in any case as provided for in the Procedures. Similarly, the Procedures provide that proposals whose Guidelines prescribe a firm voting position may instead be considered on a CASE-BY-CASE basis in cases in which unusual or controversial circumstances so dictate.

Interpretation and application of these Guidelines is not intended to supersede any law, regulation, binding agreement or other legal requirement to which an issuer may be or become subject. No proposal shall be supported whose implementation would contravene such requirements.

1. **The Board of Directors**

Voting on Director Nominees in Uncontested Elections

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Unless otherwise provided for herein, the Agent's standards with respect to determining director independence shall apply. These standards generally provide that, to be considered completely independent, a director shall have no material connection to the company other than the board seat.

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Agreement with the Agent's independence standards shall not dictate that a Fund's vote shall be cast according to the Agent's corresponding recommendation. Votes on director nominees not subject to specific policies described herein should be made on a CASE-BY-CASE basis.

In any cases in which application of the policies described herein would result in withholding votes from the majority of independent outside directors sitting on a board, or removal of such directors would negatively impact majority board independence, consider such independent outside director nominees on a CASE-BY-CASE basis.

WITHHOLD votes from a nominee who, during both of the most recent two years, attended less than 75 percent of the board and committee meetings without a valid reason for the absences. DO NOT WITHHOLD votes in connection with attendance issues for nominees who have served on the board for less than the two most recent years.

WITHHOLD votes from a nominee in connection with poison pill considerations (*e.g.*, failure to remove restrictive features or ensure expiration or submission to shareholders for vote) only in cases for which culpability for implementation or renewal of the pill in such form can be specifically attributed to the nominee.

Provided that a nominee served on the board during the relevant time period, WITHHOLD votes from a nominee who has failed to implement a shareholder proposal that was approved by (1) a majority of the issuer's shares outstanding (most recent annual meeting) or (2) a majority of the votes cast for two consecutive years. However, in the case of shareholder proposals seeking shareholder ratification of a poison pill, generally DO NOT WITHHOLD votes from a nominee in such cases if the company has already implemented a policy that should reasonably prevent abusive use of the pill.

If a nominee has not acted upon WITHHOLD votes representing a majority of the votes cast at the previous annual meeting, consider such nominee on a CASE-BY-CASE basis.

WITHHOLD votes from inside directors or affiliated outside directors who sit on the audit committee.

DO NOT WITHHOLD votes from inside directors or affiliated outside directors who sit on the nominating or compensation committee, provided that such committee meets the applicable independence requirements of the relevant listing exchange. However, consider such nominees on a CASE-BY-CASE basis if the committee is majority insider-controlled.

DO NOT WITHHOLD votes from inside directors or affiliated outside directors if the full board serves as the compensation or nominating committee OR has not created one or both committees, provided that the issuer is in compliance with all provisions of the listing exchange in connection with performance of relevant functions (*e.g.*, performance of relevant functions by a majority of independent directors in lieu of the formation of a separate committee).

In cases in which the Agent has identified a pay for performance disconnect, generally DO NOT WITHHOLD support from nominees who sit on the compensation committee or from the pay package recipient. If the Agent has raised other considerations regarding compensation practices, consider on a CASE-BY-CASE basis nominees who sit on the compensation committee and served during the relevant time period, but DO NOT WITHHOLD votes for this reason from the pay package recipient if also sitting for election but not a compensation committee member.

Generally, vote FOR independent outside director nominees serving on the audit committee, but if total non-audit fees exceed the total of audit fees, audit-related fees and tax compliance and preparation fees, do vote AGAINST auditor ratification if concerns exist regarding such fees, *e.g.*, that remuneration for the non-audit work is so lucrative as to taint the auditor's independence or is excessive in connection with the level and type of services provided.

It shall generally be the policy of the Funds that a board should be majority independent and therefore to consider inside director or affiliated outside director nominees in cases in which the full board is not majority independent on a CASE-BY-CASE basis, excluding any non-voting director (*e.g.*, director emeritus or advisory director) in calculations with respect to majority board independence. When conditions contributing to a lack of majority independence remain substantially similar to those in the previous year, it shall generally be the policy of the Funds to WITHHOLD or vote FOR nominees in a manner consistent with votes cast by the Fund(s) in the previous year.

Generally vote FOR nominees who sit on up to (and including) seven public company boards unless (1) other concerns requiring CASE-BY-CASE consideration have been raised, or (2) the nominee is also CEO of a public company, in which case the public company board threshold shall be four, above which the nominee shall be considered on a CASE-BY-CASE basis.

Proposals Regarding Board Composition or Board Service

Generally, vote AGAINST shareholder proposals to impose new board structures or policies, including those requiring that the positions of chairman and CEO be held separately, except consider such proposals on a CASE-BY-CASE basis if the board is not majority independent or pervasive corporate governance concerns have been identified. Generally, except as otherwise provided for herein, vote FOR management proposals to adopt or amend board structures or policies, except consider such proposals on a CASE-BY-CASE basis if the board is not majority independent, pervasive corporate governance concerns have been identified, or the proposal may result in a material reduction in shareholders rights.

Generally, vote AGAINST shareholder proposals asking that more than a simple majority of directors be independent.

Generally, vote AGAINST shareholder proposals asking that board compensation and/or nominating committees be composed exclusively of independent directors.

Generally, vote AGAINST shareholder proposals to limit the number of public company boards on which a director may serve.

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote AGAINST shareholder proposals that seek to redefine director independence or directors' specific roles (*e.g.*, responsibilities of the lead director).

Generally, vote AGAINST shareholder proposals requesting creation of additional board committees or offices, except as otherwise provided for herein.

Generally, vote FOR shareholder proposals that seek creation of an audit, compensation or nominating committee of the board, unless the committee in question is already in existence or the issuer has availed itself of an applicable exemption of the listing exchange (*e.g.*, performance of relevant functions by a majority of independent directors in lieu of the formation of a separate committee).

Generally, vote AGAINST shareholder proposals to limit the tenure of outside directors.

Generally, vote AGAINST shareholder proposals to impose a mandatory retirement age for outside directors unless the proposal seeks to relax existing standards, but generally DO NOT VOTE AGAINST management proposals seeking to establish a retirement age for directors.

Stock Ownership Requirements

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote AGAINST shareholder proposals requiring directors to own a minimum amount of company stock in order to qualify as a director or to remain on the board.

Director and Officer Indemnification and Liability Protection

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Proposals on director and officer indemnification and liability protection should be evaluated on a CASE-BY-CASE basis, using Delaware law as the standard. Vote AGAINST proposals to limit or eliminate entirely directors' and officers' liability for monetary damages for violating the duty of care. Vote AGAINST indemnification proposals that would expand coverage beyond just legal expenses to acts, such as negligence, that are more serious violations of fiduciary obligation than mere carelessness. Vote FOR only those proposals providing such expanded coverage in cases when a director's or officer's legal defense was unsuccessful if:

- (1) The director was found to have acted in good faith and in a manner that he reasonably believed was in the best interests of the company, and
- (2) Only if the director's legal expenses would be covered.

2. Proxy Contests

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

These proposals should generally be analyzed on a CASE-BY-CASE basis. Input from the Investment Professional(s) for a given Fund shall be given primary consideration with respect to proposals in connection with proxy contests related to takeover bids or other contested business combinations being considered on behalf of that Fund.

Voting for Director Nominees in Contested Elections

Votes in a contested election of directors must be evaluated on a CASE-BY-CASE basis.

Reimburse Proxy Solicitation Expenses

Voting to reimburse proxy solicitation expenses should be analyzed on a CASE-BY-CASE basis.

3. **Auditors**

Ratifying Auditors

Generally, except in cases of high non-audit fees, vote FOR management proposals to ratify auditors. If total non-audit fees exceed the total of audit fees, audit-related fees and tax compliance and preparation fees, consider on a CASE-BY-CASE basis, voting AGAINST management proposals to ratify auditors in cases in which concerns exist that remuneration for the non-audit work is so lucrative as to taint the auditor's independence. If such concerns exist or an issuer has a history of questionable accounting practices, also vote FOR shareholder proposals asking the issuer to present its auditor annually for ratification, but in other cases generally vote AGAINST.

Auditor Independence

Generally, vote AGAINST shareholder proposals asking companies to prohibit their auditors from engaging in non-audit services (or capping the level of non-audit services).

Audit Firm Rotation:

Generally, vote AGAINST shareholder proposals asking for mandatory audit firm rotation.

4. **Proxy Contest Defenses**

Board Structure: Staggered vs. Annual Elections

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote AGAINST proposals to classify the board.

Generally, vote FOR proposals to repeal classified boards and to elect all directors annually.

Shareholder Ability to Remove Directors

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote AGAINST proposals that provide that directors may be removed only for cause.

Generally, vote FOR proposals to restore shareholder ability to remove directors with or without cause.

Generally, vote AGAINST proposals that provide that only continuing directors may elect replacements to fill board vacancies.

Generally, vote FOR proposals that permit shareholders to elect directors to fill board vacancies.

Cumulative Voting

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Unless the company maintains a classified board of directors, generally, vote FOR management proposals to eliminate cumulative voting.

In cases in which the company maintains a classified board of directors, generally vote FOR shareholder proposals to restore or permit cumulative voting.

Time-Phased Voting

Generally, vote AGAINST proposals to implement, and FOR proposals to eliminate, time-phased or other forms of voting that do not promote a one share, one vote standard.

Shareholder Ability to Call Special Meetings

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote AGAINST proposals to restrict or prohibit shareholder ability to call special meetings.

Generally, vote FOR proposals that remove restrictions on the right of shareholders to act independently of management.

Shareholder Ability to Act by Written Consent

Generally, vote AGAINST proposals to restrict or prohibit shareholder ability to take action by written consent.

Generally, vote FOR proposals to allow or make easier shareholder action by written consent.

Shareholder Ability to Alter the Size of the Board

Review on a CASE-BY-CASE basis proposals that seek to fix the size of the board.

Review on a CASE-BY-CASE basis proposals that give management the ability to alter the size of the board without shareholder approval.

5. **Tender Offer Defenses**

Poison Pills

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote FOR shareholder proposals that ask a company to submit its poison pill for shareholder ratification, or to redeem its pill in lieu thereof, unless (1) shareholders have approved adoption of the plan, (2) a policy has already been implemented by the company that should reasonably prevent abusive use of the pill, or (3) the board had determined that it was in the best interest of shareholders to adopt a pill without delay, provided that such plan would be put to shareholder vote within twelve months of adoption or expire, and if not approved by a majority of the votes cast, would immediately terminate.

Review on a CASE-BY-CASE basis shareholder proposals to redeem a company's poison pill.

Review on a CASE-BY-CASE basis management proposals to ratify a poison pill.

Fair Price Provisions

Vote proposals to adopt fair price provisions on a CASE-BY-CASE basis.

Generally, vote AGAINST fair price provisions with shareholder vote requirements greater than a majority of disinterested shares.

Greenmail

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote FOR proposals to adopt antigreenmail charter or bylaw amendments or otherwise restrict a company's ability to make greenmail payments.

Review on a CASE-BY-CASE basis antigreenmail proposals when they are bundled with other charter or bylaw amendments.

Pale Greenmail

Review on a CASE-BY-CASE basis restructuring plans that involve the payment of pale greenmail.

Unequal Voting Rights

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote AGAINST dual-class exchange offers.

Generally, vote AGAINST dual-class recapitalizations.

Supermajority Shareholder Vote Requirement to Amend the Charter or Bylaws

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote AGAINST management proposals to require a supermajority shareholder vote to approve charter and bylaw amendments.

Generally, vote FOR shareholder proposals to lower supermajority shareholder vote requirements for charter and bylaw amendments, unless the proposal also asks the issuer to mount a solicitation campaign or similar form of comprehensive commitment to obtain passage of the proposal.

Supermajority Shareholder Vote Requirement to Approve Mergers

Generally, vote AGAINST management proposals to require a supermajority shareholder vote to approve mergers and other significant business combinations.

Generally, vote FOR shareholder proposals to lower supermajority shareholder vote requirements for mergers and other significant business combinations.

White Squire Placements

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote FOR shareholder proposals to require approval of blank check preferred stock issues for other than general corporate purposes.

Amendments to Corporate Documents

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Unless recommended by the Agent or Investment Professional as a condition to a major transaction such as a merger, generally, vote AGAINST proposals seeking to remove shareholder approval requirements by (1) moving article provisions to portions of the charter not requiring shareholder approval or (2) in corporate structures such as holding companies, removing provisions in an active subsidiary's charter that provide voting rights to parent company shareholders. This policy would also generally apply to proposals seeking approval of corporate agreements or amendments to such agreements that the Agent recommends AGAINST because a similar reduction in shareholder rights is requested.

Generally, vote AGAINST proposals for charter amendments that may support board entrenchment, particularly if the proposal is bundled or the board is classified.

Generally, vote FOR proposals seeking charter or bylaw amendments to remove anti-takeover provisions.

6. **Miscellaneous**

Confidential Voting

Generally, vote FOR shareholder proposals that request companies to adopt confidential voting, use independent tabulators, and use independent inspectors of election as long as the proposals include clauses for proxy contests as follows:

In the case of a contested election, management should be permitted to request that the dissident group honor its confidential voting policy.

If the dissidents agree, the policy remains in place.

If the dissidents do not agree, the confidential voting policy is waived.

Generally, vote FOR management proposals to adopt confidential voting.

Open Access

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Consider on a CASE-BY-CASE basis shareholder proposals seeking open access to management's proxy material in order to nominate their own candidates to the board.

Majority Voting Standard

Generally, vote FOR management proposals and AGAINST shareholder proposals seeking election of directors by the affirmative vote of the majority of votes cast in connection with a meeting of shareholders. For issuers with a history of board malfeasance, consider such shareholder proposals on a CASE-BY-CASE basis.

Bundled Proposals

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Review on a CASE-BY-CASE basis bundled or conditioned proxy proposals.

Shareholder Advisory Committees

Review on a CASE-BY-CASE basis proposals to establish a shareholder advisory committee.

Other Business

In connection with proxies of U.S. issuers, generally vote FOR management proposals for Other Business, except in connection with a proxy contest in which a Fund is not voting in support of management.

Quorum Requirements

Review on a CASE-BY-CASE basis proposals to lower quorum requirements for shareholder meetings below a majority of the shares outstanding.

7. **Capital Structure**

Analyze on a CASE-BY-CASE basis.

Common Stock Authorization

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Review proposals to increase the number of shares of common stock authorized for issue on a CASE-BY-CASE basis. Except where otherwise indicated, the Agent's proprietary approach, utilizing quantitative criteria (*e.g.*, dilution, peer group comparison, company performance and history) to determine appropriate thresholds and, for requests marginally above such allowable threshold, a qualitative review (*e.g.*, rationale and prudent historical usage), will generally be utilized in evaluating such proposals.

Generally vote FOR proposals to authorize capital increases within the Agent's allowable thresholds or those in excess but meeting Agent's qualitative standards, but consider on a

CASE-BY-CASE basis those requests failing the Agent's review for proposals in connection with which a contrary recommendation from the Investment Professional(s) has been received and is to be utilized.

Generally vote FOR proposals to authorize capital increases within the Agent's allowable thresholds or those in excess but meeting Agent's qualitative standards, unless the company states that the stock may be used as a takeover defense. In those cases, consider on a CASE-BY-CASE basis if a contrary recommendation from the Investment Professional(s) has been received and is to be utilized.

Generally vote FOR proposals to authorize capital increases exceeding the Agent's thresholds when a company's shares are in danger of being delisted or if a company's ability to continue to operate as a going concern is uncertain.

Generally, vote AGAINST proposals to increase the number of authorized shares of the class of stock that has superior voting rights in companies that have dual-class capitalization structures, but consider CASE-BY-CASE if bundled with favorable proposal(s) or if approval of such proposal(s) is a condition of such favorable proposal(s).

Generally, vote FOR shareholder proposals to eliminate dual class capital structures with unequal voting rights in cases in which the relevant Fund owns the class with inferior voting rights, but generally vote AGAINST such proposals in cases in which the relevant Fund owns the class with superior voting rights, and consider CASE-BY-CASE if bundled with favorable proposal(s) or if approval of such proposal(s) is a condition of such favorable proposal(s).

Stock Distributions: Splits and Dividends

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote FOR management proposals to increase common share authorization for a stock split, provided that the increase in authorized shares falls within the Agent's allowable thresholds, but consider on a CASE-BY-CASE basis those proposals exceeding the Agent's threshold for proposals in connection with which a contrary recommendation from the Investment Professional(s) has been received and is to be utilized.

Reverse Stock Splits

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Consider on a CASE-BY-CASE basis management proposals to implement a reverse stock split.

Preferred Stock

Generally, vote AGAINST proposals authorizing the issuance of preferred stock or creation of new classes of preferred stock with unspecified voting, conversion, dividend distribution, and other rights (blank check preferred stock), but vote FOR if the Agent or an Investment Professional so recommends because the issuance is required to effect a merger or acquisition proposal.

Generally, vote FOR proposals to issue or create blank check preferred stock in cases when the company expressly states that the stock will not be used as a takeover defense. Generally vote AGAINST in cases where the company expressly states that, or fails to disclose whether, the stock may be used as a takeover defense, but vote FOR if the Agent or an Investment Professional so recommends because the issuance is required to effect a merger or acquisition proposal.

Generally, vote FOR proposals to authorize or issue preferred stock in cases where the company specifies the voting, dividend, conversion, and other rights of such stock and the terms of the preferred stock appear reasonable.

Vote CASE-BY-CASE on proposals to increase the number of blank check preferred shares after analyzing the number of preferred shares available for issue given a company's industry and performance in terms of shareholder returns.

Shareholder Proposals Regarding Blank Check Preferred Stock

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote FOR shareholder proposals to have blank check preferred stock placements, other than those shares issued for the purpose of raising capital or making acquisitions in the normal course of business, submitted for shareholder ratification.

Adjustments to Par Value of Common Stock

Generally, vote FOR management proposals to reduce the par value of common stock.

Preemptive Rights

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Review on a CASE-BY-CASE basis shareholder proposals that seek preemptive rights or management proposals that seek to eliminate them. In evaluating proposals on preemptive rights, consider the size of a company and the characteristics of its shareholder base.

Debt Restructurings

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Review on a CASE-BY-CASE basis proposals to increase common and/or preferred shares and to issue shares as part of a debt restructuring plan.

Share Repurchase Programs

Generally, vote FOR management proposals to institute open-market share repurchase plans in which all shareholders may participate on equal terms.

Generally, vote FOR management proposals to cancel repurchased shares.

Tracking Stock

Votes on the creation of tracking stock are determined on a CASE-BY-CASE basis.

8. **Executive and Director Compensation**

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Unless otherwise provided for herein, votes with respect to compensation and employee benefit plans should be determined on a CASE-BY-CASE basis, with voting decisions generally based on the Agent's quantitative approach to evaluating such plans, which includes determination of costs and comparison to an allowable cap.

Generally, vote in accordance with the Agent's recommendations FOR equity-based plans with costs within such cap and AGAINST those with costs in excess of it.

Consider plans CASE-BY-CASE if Agent suggests cost assessment may not be possible due to the issuer's method of disclosing shares allocated to the plan(s).

Generally, vote FOR plans with costs within the cap if the considerations raised by the Agent pertain solely to equity compensation burn rate or pay for performance.

Generally, vote AGAINST plans administered by potential grant recipients.

Consider plans CASE-BY-CASE if the Agent raises other considerations not otherwise provided for herein.

Restricted Stock Plans

Consider proposals for restricted stock plans, or the issuance of shares in connection with such plans, on a CASE-BY-CASE basis, considering factors such as level of disclosure and adequacy of vesting or performance requirements. Plans that do not meet the Agent's criteria in this regard may be supported, but vote AGAINST if disclosure is provided regarding neither vesting nor performance requirements.

Management Proposals Seeking Approval to Reprice Options

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Review on a CASE-BY-CASE basis management proposals seeking approval to reprice/replace options, considering rationale, historic trading patterns, value-for-value exchange, participation limits, vesting periods and replacement option terms. Generally, vote FOR proposals that meet the Agent's criteria for acceptable repricing/replacement transactions, except that burn rate considerations raised by the Agent shall not be grounds for withholding support.

Vote AGAINST compensation plans that (1) permit or may permit (*e.g.*, history of repricing and no express prohibition against future repricing) repricing of stock options, or any form or alternative to repricing, without shareholder approval, (2) include provisions that permit repricing/replacement transactions that do not meet the Agent's criteria (except regarding burn rate as noted above), or (3) give the board sole discretion to approve option repricing/replacement programs.

Director Compensation

Votes on stock-based plans for directors are made on a CASE-BY-CASE basis, with voting decisions generally based on the Agent's quantitative approach described above as well as a review of qualitative features of the plan in cases in which costs exceed the Agent's threshold. DO NOT VOTE AGAINST plans for which burn rate is the sole consideration raised by the Agent.

Employee Stock Purchase Plans

Votes on employee stock purchase plans should be made on a CASE-BY-CASE basis.

OBRA-Related Compensation Proposals:

Amendments that Place a Cap on Annual Grants or Amend Administrative Features

Generally, vote FOR plans that simply amend shareholder-approved plans to include administrative features or place a cap on the annual grants any one participant may receive to comply with the provisions of Section 162(m) of OBRA.

Amendments to Add Performance-Based Goals

Generally, vote FOR amendments to add performance goals to existing compensation plans to comply with the provisions of Section 162(m) of OBRA.

Amendments to Increase Shares and Retain Tax Deductions Under OBRA

Votes on amendments to existing plans to increase shares reserved and to qualify the plan for favorable tax treatment under the provisions of Section 162(m) should be evaluated on a CASE-BY-CASE basis.

Approval of Cash or Cash-and-Stock Bonus Plans

Generally, vote FOR cash or cash-and-stock bonus plans to exempt the compensation from taxes under the provisions of Section 162(m) of OBRA.

Shareholder Proposals Regarding Executive and Director Pay

Generally, vote AGAINST shareholder proposals that seek disclosure beyond regulatory requirements of the remuneration of individuals other than senior executives and directors. However, vote AGAINST shareholder proposals that seek such disclosure if providing it would be out of step with market practice and potentially disruptive to the business.

Unless evidence exists of abuse in historical compensation practices, and except as otherwise provided for herein, generally vote AGAINST shareholder proposals that seek to impose new compensation structures or policies, including claw back recoupments.

Golden and Tin Parachutes

Generally, vote FOR shareholder proposals to have golden and tin parachutes submitted for shareholder ratification, provided that such parachutes specify change-in-control events and that the proposal does not include unduly restrictive or arbitrary provisions such as advance approval requirements.

Generally vote AGAINST shareholder proposals to submit executive severance agreements that do not specify change-in-control events, Supplemental Executive Retirement Plans or deferred executive compensation plans for shareholder ratification, unless such ratification is required by the listing exchange.

Review on a CASE-BY-CASE basis all proposals to ratify or cancel golden or tin parachutes.

Employee Stock Ownership Plans (ESOPs)

Generally, vote FOR proposals that request shareholder approval in order to implement an ESOP or to increase authorized shares for existing ESOPs, except in cases when the number of shares allocated to the ESOP is excessive (*i.e.*, generally greater than five percent of outstanding shares).

401(k) Employee Benefit Plans

Generally, vote FOR proposals to implement a 401(k) savings plan for employees.

Expensing of Stock Options

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote AGAINST shareholder proposals to expense stock options before such treatment is required by the Federal Accounting Standards Board.

Holding Periods

Generally, vote AGAINST proposals requiring mandatory periods for officers and directors to hold company stock.

9. **State of Incorporation**

Voting on State Takeover Statutes

Review on a CASE-BY-CASE basis proposals to opt in or out of state takeover statutes (including control share acquisition statutes, control share cash-out statutes, freezeout provisions, fair price provisions, stakeholder laws, poison pill endorsements, severance pay and labor contract provisions, antgreenmail provisions, and disgorgement provisions).

Voting on Reincorporation Proposals

Proposals to change a company's state of incorporation should be examined on a CASE-BY-CASE basis. Generally, vote FOR management reincorporation proposals upon which another key proposal, such as a merger transaction, is contingent if the other key proposal is also supported. Generally, vote AGAINST shareholder reincorporation proposals not also supported by the company.

10. **Mergers and Corporate Restructurings**

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Input from the Investment Professional(s) for a given Fund shall be given primary consideration with respect to proposals regarding business combinations, particularly those between otherwise unaffiliated parties, or other corporate restructurings being considered on behalf of that Fund.

Mergers and Acquisitions

Votes on mergers and acquisitions should be considered on a CASE-BY-CASE basis.

Corporate Restructuring

Votes on corporate restructuring proposals, including demergers, minority squeezeouts, leveraged buyouts, spinoffs, liquidations, dispositions, divestitures and asset sales, should be considered on a CASE-BY-CASE basis, with voting decisions generally based on the Agent's approach to evaluating such proposals.

Adjournment

Generally, vote FOR proposals to adjourn a meeting to provide additional time for vote solicitation when the primary proposal is also voted FOR.

Appraisal Rights

Generally, vote FOR proposals to restore, or provide shareholders with, rights of appraisal.

Changing Corporate Name

Generally, vote FOR changing the corporate name.

11. **Mutual Fund Proxies**

Election of Directors

Vote the election of directors on a CASE-BY-CASE basis.

Converting Closed-end Fund to Open-end Fund

Vote conversion proposals on a CASE-BY-CASE basis.

Proxy Contests

Vote proxy contests on a CASE-BY-CASE basis.

Investment Advisory Agreements

Vote the investment advisory agreements on a CASE-BY-CASE basis.

Approving New Classes or Series of Shares

Generally, vote FOR the establishment of new classes or series of shares.

Preferred Stock Proposals

Vote the authorization for or increase in preferred shares on a CASE-BY-CASE basis.

1940 Act Policies

Vote these proposals on a CASE-BY-CASE basis.

Changing a Fundamental Restriction to a Nonfundamental Restriction

Vote these proposals on a CASE-BY-CASE basis.

Change Fundamental Investment Objective to Nonfundamental

Generally, vote AGAINST proposals to change a fund's fundamental investment objective to nonfundamental.

Name Rule Proposals

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Vote these proposals on a CASE-BY-CASE basis.

Disposition of Assets/Termination/Liquidation

Vote these proposals on a CASE-BY-CASE basis.

Changes to the Charter Document

Vote changes to the charter document on a CASE-BY-CASE basis.

Changing the Domicile of a Fund

Vote reincorporations on a CASE-BY-CASE basis.

Change in Fund's Subclassification

Vote these proposals on a CASE-BY-CASE basis.

Authorizing the Board to Hire and Terminate Subadvisors Without Shareholder Approval

Generally, vote FOR these proposals.

Distribution Agreements

Vote these proposals on a CASE-BY-CASE basis.

Master-Feeder Structure

Generally, vote FOR the establishment of a master-feeder structure.

Mergers

Vote merger proposals on a CASE-BY-CASE basis.

Establish Director Ownership Requirement

Generally, vote AGAINST shareholder proposals for the establishment of a director ownership requirement.

Reimburse Shareholder for Expenses Incurred

Voting to reimburse proxy solicitation expenses should be analyzed on a CASE-BY-CASE basis.

Terminate the Investment Advisor

Vote to terminate the investment advisor on a CASE-BY-CASE basis.

12. **Social and Environmental Issues**

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

These issues cover a wide range of topics. In general, unless otherwise specified herein, vote CASE-BY-CASE. While a wide variety of factors may go into each analysis, the overall principle guiding all vote recommendations focuses on how or whether the proposal will enhance the economic value of the company. Because a company's board is likely to have access to relevant, non-public information regarding a company's business, such proposals will generally be voted in a manner intended to give the board (rather than shareholders) latitude to set corporate policy and oversee management.

Absent concurring support from the issuer, compelling evidence of abuse, significant public controversy or litigation, the issuer's significant history of relevant violations; or activities not in step with market practice or regulatory requirements, or unless provided for otherwise herein, generally vote AGAINST shareholder proposals seeking to dictate corporate conduct, apply existing law, duplicate policies already substantially in place and/or addressed by the issuer, or release information that would not help a shareholder evaluate an investment in the corporation as an economic matter. Such proposals would generally include those seeking preparation of reports and/or implementation or additional disclosure of corporate policies related to issues such as consumer and public safety, environment and energy, labor standards and human rights, military business and political concerns, workplace diversity and non-discrimination, sustainability, social issues, vendor activities, economic risk or matters of science and

engineering.

13. **Global Proxies**

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

The foregoing Guidelines provided in connection with proxies of U.S. issuers shall also be applied to global proxies where applicable and not provided for otherwise herein. The following provide for differing regulatory and legal requirements, market practices and political and economic systems existing in various global markets.

Unless otherwise provided for herein, it shall generally be the policy of the Funds to vote AGAINST global proxy proposals in cases in which the Agent recommends voting AGAINST such proposal because relevant disclosure by the issuer, or the time provided for consideration of such disclosure, is inadequate. For purposes of these global Guidelines, AGAINST shall mean withholding of support for a proposal, resulting in submission of a vote of AGAINST or ABSTAIN, as appropriate for the given market and level of concern raised by the Agent regarding the issue or lack of disclosure or time provided.

In connection with practices described herein that are associated with a firm AGAINST vote, it shall generally be the policy of the Funds to consider them on a CASE-BY-CASE basis if the Agent recommends their support (1) as the issuer or market transitions to better practices (*e.g.*, having committed to new regulations or governance codes) or (2) as the more favorable choice in cases in which shareholders must choose between alternate proposals.

Routine Management Proposals

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote FOR the following and other similar routine management proposals:

the opening of the shareholder meeting

that the meeting has been convened under local regulatory requirements

the presence of quorum

the agenda for the shareholder meeting

the election of the chair of the meeting

the appointment of shareholders to co-sign the minutes of the meeting

regulatory filings (*e.g.*, to effect approved share issuances)

the designation of inspector or shareholder representative(s) of minutes of meeting

the designation of two shareholders to approve and sign minutes of meeting

the allowance of questions

the publication of minutes

the closing of the shareholder meeting

Discharge of Management/Supervisory Board Members

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote FOR management proposals seeking the discharge of management and supervisory board members, unless there is concern about the past actions of the company's auditors or directors or legal action is being taken against the board by other shareholders.

Director Elections

Unless otherwise provided for herein, the Agent's standards with respect to determining director independence shall apply. These standards generally provide that, to be considered completely independent, a director shall have no material connection to the company other than the board seat.

Agreement with the Agent's independence standards shall not dictate that a Fund's vote shall be cast according to the Agent's corresponding recommendation. Further, the application of Guidelines in connection with such standards shall apply only in cases in which the nominee's level of independence can be ascertained based on available disclosure. These policies generally apply to director nominees in uncontested elections; votes in contested elections, and votes on director nominees not subject to policies described herein, should be made on a CASE-BY-CASE basis.

For issuers domiciled in Canada, Finland, France, Ireland, the Netherlands, Sweden or tax haven markets, generally vote AGAINST non-independent directors in cases in which the full board serves as the audit committee, or the company does not have an audit committee.

For issuers in all markets, including those in tax haven markets and those in Japan that have adopted the U.S.-style board-with-committees structure, vote AGAINST non-independent directors who sit on the audit committee, or, if the slate of nominees is bundled, vote AGAINST the slate.

In tax haven markets, DO NOT VOTE AGAINST non-independent directors in cases in which the full board serves as the compensation committee, or the company does not have a compensation committee.

DO NOT VOTE AGAINST non-independent directors who sit on the compensation or nominating committees, provided that such committees meet the applicable independence requirements of the relevant listing exchange.

In cases in which committee membership is unclear, consider non-independent director nominees on a CASE-BY-CASE basis if no other issues have been raised in connection with his/her nomination.

Generally follow Agent's recommendations to vote AGAINST individuals nominated as outside/non-executive directors who do not meet the Agent's standard for independence, unless the slate of nominees is bundled, in which case the proposal(s) to elect board members shall be considered on a CASE-BY-CASE basis.

For issuers in Canada and tax haven markets, generally withhold support (AGAINST or ABSTAIN, as appropriate) from bundled slates of nominees if the board is non-majority independent. For issuers in other global markets, generally follow Agent's standards for withholding support from non-independent directors excluding the CEO if the board is non-majority independent.

Generally, withhold support (AGAINST or ABSTAIN, as appropriate) from nominees or slates of nominees presented in a manner not aligned with market practice and/or legislation, including:

bundled slates of nominees in (Hong Kong or France);

simultaneous reappointment of retiring directors (South Africa);

in markets with term lengths capped by legislation, nominees whose terms exceed the caps or are not disclosed (except that bundled slates with such lack of disclosure shall be considered on a CASE-BY-CASE basis); or

nominees whose names are not disclosed in advance of the meeting (Hong Kong or South Africa).

Consider nominees for which the Agent has raised concerns regarding scandals or internal controls on a CASE-BY-CASE basis.

For markets such as the tax havens, Canada, Australia, South Africa and Malaysia (and for outside directors in South Korea) in which nominees attendance records are adequately disclosed, the Funds U.S. Guidelines with respect to director attendance shall apply.

For companies incorporated in tax haven markets but which trade exclusively in the U.S., the Funds U.S. Guidelines with respect to director elections shall apply.

Board Structure

Generally, vote FOR proposals to fix board size, but also support proposals seeking a board range if the range is reasonable in the context of market practice and anti-takeover considerations.

Independent Statutory Auditors

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

With respect to Japanese companies that have not adopted the U.S.-style board-with-committees structure, vote AGAINST any nominee to the position of independent statutory auditor whom the Agent considers affiliated, *e.g.*, if the nominee has worked a significant portion of his career for the company, its main bank or one of its top shareholders. Where shareholders are forced to vote on multiple nominees in a single resolution, vote AGAINST all nominees.

Generally, vote AGAINST incumbent nominees at companies implicated in scandals or exhibiting poor internal controls.

Nominating Committee

Generally, vote AGAINST proposals that permit non-board members to serve on the nominating committee.

Director Remuneration

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Consider director compensation plans on a CASE-BY-CASE basis. Generally, vote FOR proposals to approve the remuneration of directors as long as the amount is not excessive and there is no evidence of abuse.

Retirement Bonuses

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

With respect to Japanese companies, generally vote FOR such proposals if all payments are for directors and auditors who have served as executives of the company. Generally vote AGAINST such proposals if one or more payments are for non-executive, affiliated directors or statutory auditors; when one or more of the individuals to whom the grants are being proposed (1) has not served in an executive capacity for the company for at least three years or (2) has been designated by the company as an independent statutory auditor, regardless of the length of time he/she has served. If Agent raises scandal or internal control considerations, generally vote AGAINST bonus proposals only for nominees whom a Fund is also voting AGAINST for that reason.

Stock Option Plans for Independent Internal Statutory Auditors

With respect to Japanese companies, follow the Agent's guidelines with respect to proposals regarding option grants to independent internal statutory auditors, generally voting AGAINST such plans.

Equity Compensation Plans

Unless otherwise provided for herein, votes with respect to compensation plans should be determined on a CASE-BY-CASE basis, with voting decisions generally based on the Agent's approach to evaluating such plans, which in the United Kingdom involves use of a compensation valuation model to evaluate the cost of stock-based compensation plans, and in other markets, the calculation of dilution under a company's share plans and analysis of plan features.

Shares Reserved for Equity Compensation Plans

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Unless otherwise provided for herein, voting decisions shall generally be based on the Agent's methodology, including classification of a company's stage of development as growth or mature and the corresponding determination as to reasonability of the share requests.

Generally, vote AGAINST equity compensation plans (*e.g.*, option, warrant, restricted stock or employee share purchase plans), the issuance of shares in connection with such plans, or related management proposals that:

exceed Agent's recommended dilution limits;

provide deep or near-term discounts to executives or directors, unless discounts to executives are adequately mitigated by long-term vesting requirements (*e.g.*, Japan);

are administered by potential grant recipients;

permit financial assistance in the form of interest-free, non-recourse loans in connection with executive's participation;

for restricted stock plans, provide no disclosure regarding vesting or performance criteria (provided that plans with disclosure in one or both areas, without regard to Agent's criteria for such disclosure, shall be supported provided they otherwise satisfy these Guidelines);

allow plan administrators to make material amendments without shareholder approval unless adequate prior disclosure has been provided, with such voting decisions generally based on the Agent's approach to evaluating such plans;

provide for terms or participation that is markedly out of line with market practice;

provide for retesting in connection with achievement of performance hurdles unless the Agent's analysis indicates that (1) performance targets are adequately increased in proportion to the additional time available, (2) the amount of compensation subject to retesting is *de minimis* as a percentage of overall compensation or relative to market practice, or (3) the issuer has committed to cease retesting within a reasonable period of time.

Generally, vote FOR such plans or the related issuance of shares that (1) do not suffer from the defects noted above or (2) otherwise meet the Agent's tests if the considerations raised by the Agent pertain solely to performance hurdles or the company's rationale in support of the plan or its participants.

Consider proposals in connection with such plans or the related issuance of shares in other instances on a CASE-BY-CASE basis.

Remuneration Reports

Generally, withhold support (AGAINST or ABSTAIN as appropriate for specific market and level of concerns identified by the Agent) from remuneration reports that include compensation plans permitting (1) practices or features not supported under these Guidelines (2) financial assistance or retesting under the conditions described above, or (3) provisions for retirement benefits to outside directors, except that reports will generally be voted FOR if contractual components are reasonably aligned with market practices on a going-forward basis (*e.g.*, existing obligations related to retirement benefits or terms contrary to evolving standards would not preclude support for the report).

Except as described above, consider provisions Agent raises with concern regarding severance/termination payments, contract or notice periods, leaver status and vesting or performance criteria on a CASE-BY-CASE basis.

Shareholder Proposals Regarding Executive and Director Pay

The Funds' U.S. Guidelines with respect to such shareholder proposals shall apply.

General Share Issuances

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Unless otherwise provided for herein, voting decisions shall generally be based on the Agent's practice to vote FOR general issuance requests with preemptive rights to a maximum of 100 percent over currently issued capital and those without preemptive rights to a maximum of 20 percent of currently issued capital.

Consider specific issuance requests on a CASE-BY-CASE basis based on the proposed use and the company's rationale.

Generally, vote AGAINST proposals to issue shares (with or without preemptive rights), or to grant rights to acquire shares, in cases in which concerns have been identified by the Agent with respect to inadequate disclosure, inadequate restrictions on discounts, or authority to refresh share issuance amounts without prior shareholder approval.

Increases in Authorized Capital

Unless otherwise provided for herein, voting decisions should generally be based on the Agent's approach, as follows:

Generally, vote FOR nonspecific proposals to increase authorized capital up to 100 percent over the current authorization unless the increase would leave the company with less than 30 percent of its new authorization outstanding.

Vote FOR specific proposals to increase authorized capital, unless:

the specific purpose of the increase (such as a share-based acquisition or merger) does not meet these Guidelines for the purpose being proposed; or

the increase would leave the company with less than 30 percent of its new authorization outstanding after adjusting for all proposed issuances.

Vote AGAINST proposals to adopt unlimited capital authorizations.

Preferred Stock

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Unless otherwise provided for herein, voting decisions should generally be based on the Agent's approach, including:

Vote FOR the creation of a new class of preferred stock or issuances of preferred stock up to 50 percent of issued capital unless the terms of the preferred stock would adversely affect the rights of existing shareholders.

Vote FOR the creation/issuance of convertible preferred stock as long as the maximum number of common shares that could be issued upon conversion meets the Agent's guidelines on equity issuance requests.

Vote AGAINST the creation of (1) a new class of preference shares that would carry superior voting rights to the common shares or (2) blank check preferred stock unless the board states that the authorization will not be used to thwart a takeover bid.

Poison Pills/Protective Preference Shares

Generally, vote AGAINST management proposals in connection with poison pills or anti-takeover issuances that do not meet the Agent's standards, but generally DO NOT VOTE AGAINST director nominees or remuneration in connection with poison pill considerations raised by the Agent.

Approval of Financial Statements and Director and Auditor Reports

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote FOR management proposals seeking approval of financial accounts and reports, unless there is concern about the company's financial accounts and reporting.

Remuneration of Auditors

Generally, vote FOR proposals to authorize the board to determine the remuneration of auditors, unless there is evidence of excessive compensation relative to the size and nature of the company.

Indemnification of Auditors

Generally, vote **AGAINST** proposals to indemnify auditors.

Allocation of Income and Dividends

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote FOR management proposals concerning allocation of income and the distribution of dividends, except with respect to securities held by dividend-oriented Funds, which should generally follow Agent's recommendations AGAINST payouts deemed too low according to Agent's methodology.

Stock (Scrip) Dividend Alternatives

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote FOR most stock (scrip) dividend proposals, but vote AGAINST proposals that do not allow for a cash option unless management demonstrates that the cash option is harmful to shareholder value.

Debt Issuance Requests

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

When evaluating a debt issuance request, the issuing company's present financial situation is examined. The main factor for analysis is the company's current debt-to-equity ratio, or gearing level. A high gearing level may incline markets and financial analysts to downgrade the company's bond rating, increasing its investment risk factor in the process. A gearing level up to 100 percent is considered acceptable.

Generally, vote FOR debt issuances for companies when the gearing level is between zero and 100 percent. Review on a CASE-BY-CASE basis proposals where the issuance of debt will result in the gearing level being greater than 100 percent, comparing any such proposed debt issuance to industry and market standards.

Financing Plans

Generally, vote FOR the adoption of financing plans if they are in the best economic interests of shareholders.

Related Party Transactions

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Consider related party transactions on a CASE-BY-CASE basis. Generally, vote FOR approval of such transactions unless the agreement requests a strategic move outside the company's charter or contains unfavorable terms.

Approval of Donations

Generally, vote AGAINST such proposals unless adequate, prior disclosure of amounts is provided.

Capitalization of Reserves

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Generally, vote FOR proposals to capitalize the company's reserves for bonus issues of shares or to increase the par value of shares.

Article Amendments

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

Review on a CASE-BY-CASE basis all proposals seeking amendments to the articles of association.

Generally, vote FOR an article amendment if:

it is editorial in nature;

shareholder rights are protected;

there is negligible or positive impact on shareholder value;

management provides adequate reasons for the amendments or the Agent otherwise supports management's position; or

the company is required to do so by law (if applicable).

With respect to article amendments for Japanese companies:

Generally vote FOR management proposals to amend a company's articles to expand its business lines.

Generally vote FOR management proposals to amend a company's articles to provide for an expansion or reduction in the size of the board, unless the expansion/reduction is clearly disproportionate to the growth/decrease in the scale of the business or raises anti-takeover concerns.

If anti-takeover concerns exist, generally vote AGAINST management proposals, including bundled proposals, to amend a company's articles to authorize the Board to vary the annual meeting record date.

Generally follow the Agent's guidelines with respect to management proposals regarding amendments to authorize share repurchases at the board's discretion, voting AGAINST proposals unless there is little to no likelihood of a creeping takeover (major shareholder owns nearly enough shares to reach a critical control threshold) or constraints on liquidity (free float of shares is low), and where the company is trading at below book value or is facing a real likelihood of substantial share sales; or where this amendment is bundled with other amendments which are clearly in shareholders' interest.

Other Business

Edgar Filing: ING PRIME RATE TRUST - Form N-CSR

In connection with global proxies, vote in accordance with the Agent's market-specific recommendations on management proposals for Other Business, generally AGAINST.

Item 8. Portfolio Managers of Closed-End Management Investment Companies.

(a) (1) **Portfolio Management.** The following individuals comprise the investment committee of the Trust and share responsibility for the day-to-day management of the Trust's portfolio:

Daniel A. Norman. Mr. Norman is Senior Vice President and Senior Portfolio Manager in the Senior Debt Group, and has served in that capacity since November 1999. Prior to that, Mr. Norman was Senior Vice President and Portfolio Manager in the Senior Debt Group (since April 1995). Mr. Norman has managed the Trust since April 1995 and is responsible for the operations, analytics, legal and marketing areas for the Trust. Mr. Norman also serves as Senior Vice President of the Trust, and he serves as Senior Vice President of ING Senior Income Fund, another closed-end fund sub-advised by ING IM that invests primarily in Senior Loans. Mr. Norman co-manages the Trust with Mr. Bakalar.

Jeffrey A. Bakalar. Mr. Bakalar is Senior Vice President and Senior Portfolio Manager in the Senior Debt Group, and has served in that capacity since November 1999. Prior to that, Mr. Bakalar was Senior Vice President and Portfolio Manager in the Senior Debt Group (since January 1998). Mr. Bakalar has managed the Trust since January 1998 and is responsible for overseeing the portfolio management of the Trust. Before joining ING Groep N.V., Mr. Bakalar was Vice President of The First National Bank of Chicago (from 1994 to 1998). Mr. Bakalar also serves as Senior Vice President of the Trust and as Senior Vice President of ING Senior Income Fund, another closed-end fund sub-advised by ING IM that invests primarily in Senior Loans. Mr. Bakalar co-manages the Trust with Mr. Norman.

Curtis F. Lee. Mr. Lee is Senior Vice President and Chief Credit Officer in the Senior Debt Group and has served in that capacity since August 1999. Mr. Lee has managed the Trust since August 1999. Prior to joining the Investment Manager, Mr. Lee held a series of positions with Standard Chartered Bank in the credit approval and problem loan management functions (1992 - 1999). Mr. Lee also serves as Senior Vice President and Chief Credit Officer of the Trust (since January 2001), and he serves as Senior Vice President and Chief Credit Officer of ING Senior Income Fund, another closed-end fund sub-advised by ING IM that invests primarily in Senior Loans.

(a) (2) (i-iii) **Other Accounts Managed**

* Of these other accounts, none have an advisory fee based on performance

(a) (2) (iv) **Conflicts of Interest**

A portfolio manager may be subject to potential conflicts of interest because the portfolio manager is responsible for other accounts in addition to a Portfolio. These other accounts may include, among others, other mutual funds, separately managed advisory accounts, commingled trust accounts, insurance separate accounts, wrap fee programs and hedge funds. Potential conflicts may arise out of the implementation of differing investment strategies for the portfolio manager's various accounts, the allocation of investment opportunities among those accounts or differences in the advisory fees paid by the portfolio manager's accounts.

A potential conflict of interest may arise as a result of the portfolio manager's responsibility for multiple accounts with similar investment guidelines. Under these circumstances, a potential investment may be suitable for more than one of the portfolio manager's accounts, but the quantity of the investment available for purchase is less than the aggregate amount the accounts would ideally devote to the opportunity. Similar conflicts may arise when multiple accounts seek to dispose of the same investment.

A portfolio manager may also manage accounts whose objectives and policies differ from those of the Portfolio. These differences may be such that under certain circumstances, trading activity appropriate for one account managed by the portfolio manager may have adverse consequences for another account managed by the portfolio manager. For example, if an account were to sell a significant position in a security, which could cause the market price of that security to decrease, while the Portfolio maintained its position in that security.

A potential conflict may arise when a portfolio manager is responsible for accounts that have different advisory fees. The difference in the fees may create an incentive for the portfolio manager to favor one account over another, for example, in terms of access to particularly appealing investment opportunities. This conflict may be heightened where an account is subject to a performance-based fee.

As part of its compliance program, ING IM has adopted policies and procedures reasonably designed to address the potential conflicts of interest described above.

(a) (3) **Compensation**

Compensation consists of (a) fixed base salary; (b) bonus which is based on ING IM's performance, 3 and 5 year pre-tax performance of the accounts the portfolio managers are primarily and jointly responsible for relative to account benchmarks and peer universe performance, and revenue growth of the accounts they are responsible for; and (c) long-term equity awards tied to the performance of our parent company, ING Groep N.V.

Portfolio managers are also eligible to participate in an annual cash incentive plan. The overall design of the ING IM annual incentive plan was developed to closely tie pay to performance, structured in such a way as to drive performance and promote retention of top talent. As with base salary compensation, individual target awards are determined and set based on external market data and internal comparators. Investment performance is measured on both relative and absolute performance in all areas. ING IM has a defined index, the Standard & Poor's (S&P's) LSTA Leveraged Loan Index and, where applicable, peer groups including but not limited to Russell, Morningstar, Lipper and Lehman and set performance goals to appropriately reflect requirements for each investment team. The measures for each team are outlined on a scorecard that is reviewed on an annual basis. These scorecards reflect a comprehensive approach to measuring investment performance versus both benchmarks and peer groups over one and three-year periods and year-to-date net cash flow (changes in the accounts' net assets not attributable to changes in the value of the accounts' investments) for all accounts managed by the team. The results for overall IIM scorecards are calculated on an asset weighted performance basis of the individual team scorecards.

Investment professionals' performance measures for bonus determinations are weighted by 25% being attributable to the overall ING IM performance and 75% attributable to their specific team results (60% investment performance and 15% net cash flow).

Based on job function, internal comparators and external market data, portfolio managers participate in the ING Long-Term Incentive Plan. Plan awards are based on the current year's performance as defined by the ING IM component of the annual incentive plan. The awards vest in three years and are paid in a combination of ING restricted stock, stock options and restricted performance units.

Portfolio managers whose base salary compensation exceeds a particular threshold may participate in ING's deferred compensation plan. The plan provides an opportunity to invest deferred amounts of compensation in mutual funds, ING stock or at an annual fixed interest rate. Deferral elections are done on an annual basis and the amount of compensation deferred is irrevocable.

(a) (4) Ownership of Securities

The following table shows the dollar range of shares of the Trust owned by each team member as of February 28, 2005, including investments by their immediate family members and amounts invested through retirement and deferred compensation plans.

Portfolio Manager	Dollar Range of Trust Shares Owned
Daniel A. Norman	\$101,000 - \$500,000
Jeffrey A. Bakalar	\$50,001 - \$100,000
Curtis F. Lee	\$0

Item 10. Submission of Matters to a Vote of Security Holders.

The Board has a Nominating Committee for the purpose of considering and presenting to the Board candidates it proposes for nomination to fill Independent Trustee vacancies on the Board. The Committee currently consists of all Independent Trustees of the Board (6 individuals). The Nominating Committee operates pursuant to a Charter approved by the Board. The primary purpose of the Nominating Committee is to consider and present to the Board the candidates it proposes for nomination to fill vacancies on the Board. In evaluating candidates, the Nominating Committee may consider a variety of factors, but it has not at this time set any specific minimum qualifications that must be met. Specific qualifications of candidates for Board membership will be based on the needs of the Board at the time of nomination.

The Nominating Committee is willing to consider nominations received from shareholders and shall assess shareholder nominees in the same manner as it reviews its own nominees. A shareholder nominee for director should be submitted in writing to the Fund's Secretary. Any such shareholder nomination should include at a minimum the following information as to each individual proposed for nomination as trustee: such individual's written consent to be named in the proxy statement as a nominee (if nominated) and to serve as a trustee (if elected), and all information relating to such individual that is required to be disclosed in the solicitation of proxies for election of trustees, or is otherwise required, in each case under applicable federal securities laws, rules and regulations.

The Secretary shall submit all nominations received in a timely manner to the Nominating Committee. To be timely, any such submission must be delivered to the Fund's Secretary not earlier than the 90th day prior to such meeting and not later than the close of business on the later of the 60th day prior to such meeting or the 10th day following the day on which public announcement of the date of the meeting is first made, by either disclosure in a press release or in a document publicly filed by the Fund with the Securities and Exchange Commission.

Item 11. Controls and Procedures.

(a) Based on our evaluation conducted within 90 days of the filing date, hereof, the design and operation of the registrant's disclosure controls and procedures are effective to ensure that material information relating to the registrant is made known to the certifying officers by others within the appropriate entities, particularly during the period in which Forms N-CSR are being prepared, and the registrant's disclosure controls and procedures allow timely preparation and review of the information for the registrant's Form N-CSR and the officer certifications of such Form N-CSR.

(b) There were no significant changes in the registrant's internal controls that occurred during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

Item 12. Exhibits.

(a)(1) Code of Ethics pursuant to Item 2 of Form N-CSR is filed and attached hereto as EX-99.CODE ETH.

(a)(2) A separate certification for each principal executive officer and principal financial officer of the registrant as required by Rule 30a-2 under the Act (17 CFR 270.30a-2) is attached hereto as EX-99.CERT.

(b) The officer certifications required by Section 906 of the Sarbanes-Oxley Act of 2002 are attached hereto as EX-99.906CERT.

(3) Not applicable.
