**Item 1.01           Entry into a Material Definitive Agreement.**

On November 3, 2006, Forest was informed by the administrative agent bank that the required lenders under Forest's \$600,000,000 credit facilities, consisting of a \$500,000,000 U.S. credit facility through a syndicate of banks led by JPMorgan Chase and a \$100,000,000 Canadian credit facility through a syndicate of banks led by JPMorgan Chase Bank, Toronto Branch, had approved the Third Amendment to the credit facilities. The credit facilities mature in September 2009.

The amendment permits Forest to transfer the majority of the assets associated with its Alaska business unit to a new subsidiary, Forest Alaska Operating LLC, and authorizes the release of certain liens filed against properties in Alaska that secure Forest's credit facilities. On November 1, 2006, Forest announced that the new subsidiary intends to attempt to obtain \$375 million of term loan financing to fund a \$350 million distribution to Forest and to provide working capital for the operations of the subsidiary, which will be secured by the assets transferred to the subsidiary, and will be nonrecourse to Forest. The third amendment is effective as of October 31, 2006. Forest plans to file the third amendment as an exhibit to its next quarterly report on Form 10-Q.

In connection with the third amendment and the transfer of the Alaska properties to the new subsidiary, no changes were made to the global borrowing base. As announced on September 29, 2006, the global borrowing base under the credit facilities is set at \$900,000,000. Subject to the agreement of Forest and the applicable lenders, the size of the credit facilities may be increased by \$200,000,000 in the aggregate. Forest does not currently plan to ask the lenders to approve an increase in the size of the credit facilities and therefore borrowing will continue to be limited to the current commitments totaling \$600,000,000.

From time to time, Forest and the lenders engage in other transactions. These activities include securities offerings where a lender or an affiliate of the lender may serve as an underwriter or initial purchaser of the securities and hedging arrangements where a lender may be a counterparty to the arrangement.
