Prospectus

450,000 Units

450,000 Warrants

7,371,937 Shares of Common Stock

This prospectus relates to the offering of three categories of our securities. The categories include the following:

- **Underwriter Unit Purchase Option (UPO)**

The first category relates to an option for the purchase of 450,000 Units with each Unit consisting of one share of our common stock, par value \$0.0001 per share (Common Stock), and one warrant to purchase one share of our Common Stock (Warrant). There is only one holder of our UPO, which was issued to EarlyBirdCapital, Inc., the representative of the underwriters in our initial public offering (IPO). The UPO allows the holder to purchase Units at an exercise price of \$8.80 per Unit or alternatively on a cashless basis.

The Units consist of 450,000 Warrants (UPO Warrants) and 450,000 shares of Common Stock (UPO Common Stock), which are issuable upon exercise of the UPO. Only the holder of the Units that are issuable upon the exercise of the UPO may receive the UPO Warrants and UPO Common Stock. Since the UPO Warrant allows for the purchase of one share of Common stock, this prospectus also relates to 450,000 shares of our Common Stock that underlie the UPO Warrants.

- **Common Stock Underlying IPO Warrants, Insider Warrants and Units**

The second category of securities that this prospectus relates to are 4,705,956 shares of our Common Stock underlying Warrants and 28,045 shares of our Common Stock underlying outstanding Units. The 4,705,956 Warrants were part of 5,175,000 Units offered in our IPO on October 10, 2006 (including 675,000 Units subject to the underwriters' over-allotment option) (IPO Warrants) and 1,136,364 Warrants purchased by our initial stockholders and affiliates in a private sale held concurrently with our IPO (Insider Warrants). During the period from November 26, 2008 through the date of this prospectus, we repurchased an aggregate of 1,605,408 Warrants resulting in an aggregate outstanding balance of 4,705,956 IPO Warrants and Insider Warrants. The 28,045 outstanding Units were part of the 5,175,000 Units offered in our IPO on October 10, 2006. Only the Holders of these Warrants may purchase from us shares of our Common Stock that are offered by this prospectus and that underlie the Warrants. Only the holders of these Units may acquire the shares of our Common Stock that are offered by this prospectus and that underlie the Units.

- **Resale of Common Stock by Selling Security Holders**

The third category of securities that this prospectus relates to is 1,737,936 shares of our Common Stock, which may be offered for sale from time to time by selling security holders identified in this prospectus. We will not receive any of the proceeds from the sale of shares of Common Stock by the selling security holders.

Warrants generally. Each of our Warrants, including the UPO Warrants, IPO Warrants and Insider Warrants, currently entitles its holder to purchase one share of common stock at a price of \$5.00 per share and is exercisable beginning after the date that the registration statement relating to this prospectus becomes effective and ending on October 2, 2010, unless earlier redeemed. The ability to exercise the Warrants is subject to registration of the Common Stock issuable upon exercise of the Warrants. The Insider Warrants are identical to the UPO Warrants and IPO Warrants except that if we call the Warrants for redemption, the Insider Warrants may be exercisable on a cashless basis so long as they are held by the initial purchaser of such Warrants or their affiliates.

We do not know whether the holder of the UPO or the holders of each of the UPO Warrants, IPO Warrants or Insider Warrants, if any, will exercise the UPO or any of the Warrants. If the holder of the UPO exercises the UPO, we will receive \$3,960,000 for the issuance of all of the Units underlying the UPO, unless the UPO is exercised on a cashless basis. If all of the UPO Warrants, IPO Warrants and Insider Warrants are exercised, and the Warrants are not exercised on a cashless basis upon redemption, then we will receive \$25,875,280.

Other

Our Common Stock, Warrants and Units are quoted on the Nasdaq Global Market under the symbols PRIM, PRIMW and PRIMU, respectively. On September 10, 2009, the closing sales prices of our Common Stock, Warrants and Units on the Nasdaq Global Market were \$7.38 per share, \$2.20 per Warrant and \$11.50 per Unit, respectively.

The mailing address and the telephone number of our principal executive offices are 26000 Commercentre Drive, Lake Forest, California 92630, telephone (949) 598-9242.

PROSPECTUS SUMMARY

To fully understand this offering and its consequences to you, you should read the following summary along with the more detailed information and our consolidated financial statements and the notes to those financial statements incorporated by reference in this prospectus.

PRIMORIS SERVICES CORPORATION

Primoris Services Corporation, a Delaware corporation formed in October 2006, is a holding company of various subsidiaries which form a diversified engineering and construction company providing a wide range of construction, fabrication, maintenance, replacement and engineering services to major public utilities, petrochemical companies, energy companies, municipalities and other customers. Since 1946, our primary subsidiary, ARB, Inc. (ARB) and its predecessor, has been engaged in the construction industry.

Primoris installs, replaces, repairs and rehabilitates natural gas, refined product, water and wastewater pipeline systems, and also constructs mechanical facilities, and other structures, including power plants, petrochemical facilities, refineries and parking structures. In addition, we provide maintenance services, including inspection, overhaul and emergency repair services, for cogeneration plants, refineries and similar mechanical facilities.

ARB is engaged primarily in the infrastructure, underground pipeline, directional drilling, and other structure construction and maintenance services. Through our subsidiary Onquest, Inc., we provide engineering design services for fired heaters and furnaces primarily used in refinery applications. Through our subsidiary Cardinal Contractors, Inc., we construct water and wastewater facilities in the Southeast United States. A substantial portion of our activities are performed in the Western United States, primarily in California. In addition, we have strategic presences in Florida, Texas, Latin America and Canada.

Company History and Merger

On February 19, 2008, Rhapsody Acquisition Corp. (Rhapsody) entered into an Agreement and Plan of Merger (Merger Agreement) with Primoris Corporation, a privately held Nevada corporation (Former Primoris), and certain stockholders of Former Primoris. On July 31, 2008, with the consent of both the Rhapsody stockholders and the stockholders of Former Primoris, the merger was completed. While Rhapsody was the surviving legal entity in the merger, Former Primoris was treated as the acquiring entity for accounting purposes. From October 2006 until the merger, Rhapsody's common stock, warrants to purchase common stock and Units (each unit consisting of one share of common stock and one warrant) traded on the OTC Bulletin Board under the symbols RPSD , RPSDW and RPSDU , respectively. In connection with the merger, Rhapsody changed its name to Primoris Services Corporation, whose common stock, Warrants and Units have traded since August 4, 2008 on the NASDAQ Global Market under the symbols PRIM, PRIMW and PRIMU, respectively.

Unless specifically noted otherwise, as used throughout this prospectus, Primoris , the Company or we, our, or us refers to the business, operations and financial results of Former Primoris prior to, and Primoris Services Corporation subsequent to, the closing of the merger on July 31, 2008, between us and Former Primoris as the context requires. Rhapsody refers to our operations or financial results prior to the closing

of the merger.

As part of the merger, holders of all of the issued and outstanding shares of common stock of Former Primoris became entitled to receive an aggregate of (i) 23,587,200 shares of our common stock, par value \$0.0001 per share (Common Stock) and the two foreign managers of Former Primoris were entitled to receive 507,600 shares of Common Stock, for a total of 24,094,800 shares of Common Stock at the closing of the merger (collectively, the Former Primoris Holders) plus (ii) the right to receive 2,500,000 additional shares (allowing for rounding) of our Common Stock for each of the fiscal years ending December 31, 2008 and 2009 for a total of 5,000,000 additional shares, provided that we achieve specified performance (as defined in the Merger Agreement) milestones. Of the 24,094,800 shares of Common Stock issued at the closing of the merger, 1,807,110 were required to be placed into escrow to provide funds to satisfy Rhapsody s rights to indemnification under the Merger Agreement. As of December 31, 2008, the Company achieved the specified performance milestone for 2008 and consequently, 2,500,025 shares were issued to the Former Primoris stockholders in March 2009, which included 52,668 shares issued to the two foreign managers of Former Primoris. Of the remaining 2,500,000 shares of Common Stock which are issuable if we achieve specified performance milestones for the fiscal year ending December 31, 2009, 52,668 shares are issuable to the two foreign managers of Former Primoris.

Table of Contents

At the time of the merger in July 2008, Brian Pratt, the Chief Executive Officer and President of the Company, beneficially held more than 50% of the voting power of the Company, through his ownership of shares of our Common Stock and by the delivery of revocable proxies to Mr. Pratt from certain of our stockholders. As a result, the Company is considered a controlled company for purposes of the NASDAQ listing requirements (a corporation which more than 50% of the voting power is held by an individual, a group or another company). Therefore, the Company is not subject to the NASDAQ listing requirements that would otherwise require the Board of Directors to have a majority of independent directors and the compensation and nominating committees to be comprised entirely of independent directors. Accordingly, the Company's stockholders will not have the same protections afforded to stockholders of companies that are subject to all of such NASDAQ corporate governance requirements, and the ability of independent directors to influence the business policies and affairs will likely be substantially reduced. However, as of March 17, 2009 the Board of Directors determined that five of the eight directors were independent under the applicable NASDAQ listing requirements.

The merger was accounted for as a reverse acquisition in accordance with accounting principles generally accepted in the United States (GAAP). Under this method of accounting, Rhapsody was treated as the acquired company for financial reporting purposes. This determination was primarily based on the operations and management of Former Primoris comprising the ongoing operations and management of the Company after the merger. In accordance with guidance applicable to these circumstances, the merger was considered to be a capital transaction in substance. Accordingly, for accounting purposes, the merger was treated as the equivalent of Former Primoris issuing stock for Rhapsody's net assets, accompanied by a recapitalization. Our pre-merger net assets are stated at historical cost, with no goodwill or other intangible assets recorded as part of the merger transaction. Operations prior to the merger are those of Former Primoris.

Services

We provide services in two business segments, Construction Services and Engineering. Construction Services represented approximately 84.7% of revenues for 2008 and 85.9% in 2007. Engineering represented approximately 15.3% of revenues in 2008 and 14.1% in 2007. The segments include services as follows:

Construction Services:

The Construction Services segment specializes in a range of services that include designing, building/installing, replacing, repairing/rehabilitating and providing management services for construction related projects. Our services include:

- Providing installation of underground pipeline, cable and conduits for entities in the petroleum, petrochemical and water industries;
- Providing installation and maintenance of industrial facilities for entities in the petroleum, petrochemical and water industries; and
- Providing installation of complex commercial and industrial cast-in-place structures.

Engineering:

The Engineering segment specializes in designing, supplying and installing high-performance furnaces, heaters, burner management systems, and related combustion and process technologies for clients in the oil refining, petrochemical, and power generation industries. It also furnishes turnkey project management with the technical expertise and the ability to deliver custom engineering solutions worldwide.

Strategy

Our strategy emphasizes the following key elements:

- *Diversification through Controlled Expansion.* We continue to emphasize both the expansion of services beyond our traditional focus and the addition of new customers. We intend to continue to evaluate acquisitions that offer growth opportunities and the ability to leverage our resources as a leading service provider to the oil and gas, power, refining and water industries. The current strategy also includes selective expansion to new geographic regions.
- *Emphasis on Retention of Existing Customers and Recurring Revenue.* In order to fully leverage our relationships with our existing customer base, we believe it is important to maintain strong customer relationships and to expand our base of recurring revenue sources and recurring customers.

Table of Contents

- *Ownership of Equipment.* Many of our services are equipment intensive. The cost of construction equipment provides a significant barrier to entry into several of our businesses. We believe that our ownership of a large and varied construction fleet and our maintenance facilities enhances our access to reliable equipment at a favorable cost.
- *Stable Work Force.* We maintain a stable work force of skilled, experienced laborers, many of whom are cross-trained in projects such as pipeline and facility construction, refinery maintenance, and piping systems.
- *Selective Bidding.* We selectively bid on projects that we believe offer an opportunity to meet our profitability objectives, or that offer the opportunity to enter promising new markets. In addition, we review our bidding opportunities to attempt to minimize concentration of work with any one customer, in any one industry, or in stressed labor markets.
- *Focus on Private Sector Work.* We focus on private sector work, which we believe is generally more profitable than public sector work and which allows for the development of long-term customer relationships. Through the twelve months ended December 31, 2008, approximately \$454 million or 74.6% of our revenue was derived from private sector projects. In 2007, revenue of approximately \$346 million, or 75.3% of our revenue, was derived from private sector projects.

Table of Contents

A total of 4,705,956 of the shares of Common Stock offered by us pursuant to this prospectus represent the shares of Common Stock underlying the IPO Warrants and Insider Warrants and 28,045 shares of Common Stock offered by us pursuant to this prospectus represent shares of Common Stock underlying Units. In our IPO, we issued 5,175,000 Units (including 675,000 Units subject to the underwriters' over-allotment option), which Units were comprised of one share of Common Stock and one Warrant. We refer to the Warrants underlying the Units offered in our IPO as the IPO Warrants. Simultaneous with our IPO, we sold 1,136,364 of our Warrants to our initial stockholders and affiliates in a private sale (Insider Warrants). Since their original issuance, we have repurchased an aggregate of 1,605,408 of the IPO Warrants and Insider Warrants. The 28,045 outstanding Units were part of the 5,175,000 Units offered in our IPO. The number of shares of Common Stock that will be outstanding upon the completion of the issuance of Common Stock underlying the IPO Warrants and Insider Warrants is based on 32,477,364 shares of Common Stock outstanding as of October 7, 2009.

Use of proceeds from the resale of Common Stock by the selling security holders	All of the proceeds from the resale of Common Stock by the selling security holders will be received by the selling security holders. See Use of Proceeds.

The Common Stock offered by the selling security holders represents 1,737,936 outstanding shares of Common Stock including 52,668 shares of Common Stock that may be issued if we achieve certain performance milestones for the year ending December 31, 2009. The number of shares of Common Stock that will be outstanding upon the completion of the resale of Common Stock by the selling security holders is based on 32,477,364 shares of Common Stock outstanding as of October 7, 2009.

RISK FACTORS

Except for the historical information contained in this prospectus or incorporated by reference, this prospectus (and the information incorporated by reference in this prospectus) contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those discussed here or incorporated by reference. Factors that could cause or contribute to such differences include, but are not limited to, those discussed in the section entitled Risk Factors contained in our most recent Annual Report on Form 10-K and Quarterly Report on Form 10-Q filed with the Securities and Exchange Commission, or Commission, as well as any amendments thereto reflected in subsequent filings with the Commission, which are incorporated herein by reference in their entirety (the Primoris Services Corporation Risk Factors).

Investment in our securities involves risks. Prior to making a decision about investing in our securities, you should consider carefully the Primoris Services Corporation Risk Factors, together with all of the other information contained or incorporated by reference in this prospectus and any prospectus supplement, including any additional specific risks described in any prospectus supplement. Each of these risk factors could adversely affect our business, operating results and financial condition, which may result in the loss of all or part of your investment.

Keep these risk factors in mind when you read forward-looking statements contained elsewhere or incorporated by reference in this prospectus and any prospectus supplement. These statements relate to our expectations about future events. Discussions containing forward-looking statements may be found, among other places, in Business and Management's Discussion and Analysis of Financial Condition and Results of Operations incorporated by reference from our Annual Reports on Form 10-K and our Quarterly Reports on Form 10-Q, as well as any amendments thereto reflected in subsequent filings with the Commission. These forward-looking statements are based largely on our expectations and projections about future events and future trends affecting our business, and so are subject to risks and uncertainties, including the risks and uncertainties described below under Special Note Regarding Forward-Looking Statements, that could cause actual results to differ materially from those anticipated in the forward-looking statements.

Table of Contents

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus contains forward-looking statements, including statements concerning future conditions in the engineering and construction services industries, and concerning our future business, financial condition, operating strategies, and operational and legal risks. We use words like believe, expect, may, will, could, seek, estimate, continue, anticipate, intend, goal, future, plan or variations of these expressions, including their use in the negative, to identify forward-looking statements. You should not place undue reliance on these forward-looking statements, which speak only as to our expectations as of the date of this prospectus. These forward-looking statements are subject to a number of risks and uncertainties, including those identified under the caption **Risk Factors** above, contained in any applicable prospectus supplement and contained in our most recent Annual Report on Form 10-K and our most recent Quarterly Report on Form 10-Q, as well as any amendments thereto reflected in subsequent filings with the Commission. Although we believe that the expectations reflected in these forward-looking statements are reasonable, actual conditions in the engineering and construction services industries, and actual conditions and results in our business, could differ materially from those expressed in these forward-looking statements. In addition, none of the events anticipated in the forward-looking statements may actually occur. Any of these different outcomes could cause the price of our Common Stock to decline substantially. Except as required by law, we undertake no duty to update any forward-looking statement after the date of this prospectus, either to conform any statement to reflect actual results or to reflect the occurrence of unanticipated events.

USE OF PROCEEDS

Unit Purchase Option

We intend to use the net proceeds from the offering under this prospectus of the Units underlying the UPO, the UPO Warrants, the UPO Common Stock and the Common Stock underlying the UPO Warrants for general corporate purposes. These purposes may include funding capital expenditures, working capital, repayment of debt and investments. However, if all or a portion of the UPO is exercised on a cashless basis, the proceeds that we will receive from issuance of the Units underlying the UPO may be minimal or equal to zero dollars.

Common Stock Underlying IPO Warrants, Insider Warrants and Units

We intend to use the net proceeds from the offering under this prospectus of Common Stock underlying the IPO Warrants and Insider Warrants for general corporate purposes. These purposes may include funding capital expenditures, working capital, repayment of debt and investments. However, if the Insider Warrants are exercised on a cashless basis, as described below in **Description of Securities**, the proceeds that we will receive from the issuance of Common Stock underlying the Insider Warrants may be minimal or equal to zero dollars. We will receive no proceeds from the offering under this prospectus of Common Stock underlying the Units.

Resale of Common Stock by Selling Security Holders

We will not receive any of the proceeds from the resale of Common Stock by the selling security holders under this prospectus. Rather, all proceeds will be received by the selling security holders.

DIVIDEND POLICY

Subsequent to the July 2008 merger, the Merger Agreement provided that our Board of Directors will initially declare and pay annual dividends on our Common Stock at a rate of not less than \$0.10 per share; provided, however, that the Board of Directors will not declare any such dividend unless, at the time of declaration, there is adequate surplus for such declaration under Delaware law, or if the Board of Directors, in the exercise of their business judgment, believes that it would be prudent to cancel or modify the dividend payment. The payment of dividends subsequent to the merger are contingent upon our revenues and earnings, if any, capital requirements and general financial condition of the company, as well as contractual restrictions and other considerations deemed relevant by the Board of Directors.

On August 8, 2008, our Board of Directors declared a cash dividend of \$0.025 per share on our outstanding shares of Common Stock, payable to stockholders of record as of September 23, 2008. These dividends were paid on October 10, 2008. Cash dividends have since been paid each subsequent quarter for stockholders of record as of December 23, 2008, as of March 31, 2009 and as of June 30, 2009. On August 7, 2009, our Board of Directors declared a cash dividend of \$0.025 per share of Common Stock, payable to stockholders of record as of September 30, 2009 and payable on or about October 15, 2009.

Table of Contents

We anticipate that future quarterly dividends, if and when declared by the Board pursuant to this policy, would likely be distributable on or about the fifteenth day of each of the months of October, January, April and July. There can be no guarantees that we will have the financial wherewithal to fund this dividend in perpetuity or to pay it at historic rates. Further, the Board may decide not to pay the dividend at some future time for financial or non-financial reasons.

SELLING SECURITY HOLDERS

Selling Security Holder Table

This prospectus covers the offer and sale by the selling security holders of up to 1,737,936 shares of Common Stock, including 1,685,268 of Common Stock currently outstanding and 52,668 shares of Common Stock that may be issued in the future, as discussed below. The selling security holders are certain individuals who purchased shares of Common Stock prior to our IPO (Founders) and two foreign managers of Former Primoris who received shares of Common Stock in a Regulation S offering, in consideration of entering into certain termination agreements (Foreign Managers). The total shares of Common Stock being offered consists of the following:

• Shares of Common Stock that Founders purchased in April 2006	1,125,000
• Shares of Common Stock issued in July 2008 to the Foreign Managers pursuant to termination agreements	507,600
• Shares of Common Stock issued upon the achievement of a certain performance milestone as of December 31, 2008	52,668
• Shares of Common Stock that are issuable if a certain performance milestone is achieved as of December 31, 2009	52,668
	1,737,936

In April 2006, the Founders purchased 1,125,000 shares of our Common Stock for \$25,000 in cash, at a purchase price of approximately \$0.02 per share (the Founders Purchase Transaction). As of the IPO, all of the Founders and all of our officers and directors, placed their initial shares into an escrow account maintained by Continental Stock Transfer & Trust Company, acting as escrow agent. Subject to certain limited exceptions (such as transfers to relatives and trusts for estate planning purposes, while remaining in escrow), these shares were not transferable during the escrow period and were not to be released from escrow until one year after Rhapsody's consummation of a business combination with Former Primoris or earlier if, following the business combination, we engaged in a subsequent transaction resulting in our stockholders having the right to exchange their shares for cash or other securities. The shares of Common Stock held in escrow on behalf of the Founders were released from escrow in August 2009. A majority of the Founders and holders of the Insider Warrants are entitled to demand that we register their shares pursuant to an agreement signed in connection with our IPO. The holders of the majority of their shares could elect to exercise these registration rights commencing three months prior to the date on which these shares of Common Stock were released from escrow. In addition, these stockholders have certain piggy-back registration rights with respect to registration statements filed subsequent to the consummation of the business combination. We are to bear the expenses incurred in connection with the filing of any such registration statements. As of the date of this prospectus, we have not received a demand to register the Founder's shares pursuant to the registration rights agreement.

In July 2008, the two Foreign Managers, pursuant to certain termination agreements, received a total of 507,600 shares of Common Stock. In addition, to the extent we achieve certain performance milestones in the fiscal years ending December 31, 2008 and 2009, as set forth in the Merger Agreement, the Foreign Managers are entitled to receive 52,668 shares of Common Stock for each such year. We achieved the relevant performance milestone for the fiscal year ended December 31, 2008.

Edgar Filing: Primoris Services CORP - Form 424B3

The following table sets forth, to our knowledge, certain information about the selling security holders as of October 7, 2009, the date of the table, based on information furnished to us by the selling security holders. Except as indicated in the preceding sections or in the footnotes to the table (i) each selling security holder has indicated to us that it is acting individually, not as a member of a group, and (ii) none of the selling security holders or their affiliates has held any position or office or had any other material relationship with us in the past three years.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission (Commission), and includes voting or investment power with respect to the securities. To our knowledge, except as indicated by footnote, and subject to community property laws where applicable, the persons named in the table below have sole voting and investment power with respect to all shares of Common Stock shown as beneficially owned by them. Shares of Common Stock underlying derivative securities, if any, that currently are exercisable or convertible or are scheduled to become exercisable or convertible for or into shares of Common Stock within 60 days after the date of the table are deemed to be outstanding in calculating the percentage ownership of each listed person or group but are not deemed to be outstanding as to any other person or group. Percentage of beneficial ownership is based on 32,477,364 shares of Common Stock outstanding as of the date of the table. The amount of shares shown as beneficially owned after the offering is based on the assumption that all shares being offered are sold.
