Item 8.01. Other Events.

Duke Energy Carolinas, LLC (Duke Energy Carolinas) is involved in an ongoing rate proceeding before the Public Service Commission of South Carolina (the Commission). On November 16, 2009, Duke Energy Carolinas announced that it had reached an agreement in principle with the South Carolina Office of Regulatory Staff (ORS) and filed a Notice of Settlement with the Commission. The terms of the agreement were filed with the Commission on November 24, 2009 and include an annual base rate increase of \$74 million beginning February 1, 2010. The settlement agreement also includes the South Carolina Energy Users Committee. The agreement also helps lower the total impact to customer bills as a result of riders principally relating to the return of demand-side management (DSM) over-collection to customers over three years as well as insurance distributions, which accelerate the return of regulatory liabilities to customers. The proposed settlement includes an allowed Return on Equity of 11 percent with rates based upon a 10.7 percent Return on Equity and a capital structure of 53 percent equity and 47 percent long-term debt. Additionally, Duke Energy Carolinas agrees not to file another rate case before 2011 with any changes to rates taking effect in 2012. The settlement agreement is subject to the review and approval by the Commission. Changes to rates are expected to be implemented on February 1, 2010.

An overview providing additional detail on the settlement is attached to this Form 8-K as Exhibit 99.1.
