Item 1.01 Entry into a Material Definitive Agreement.

In May 2011, the Public Utilities Commission of the State of Hawaii (PUC) ordered independently conducted regulatory audits on the reasonableness of costs incurred for Hawaiian Electric Company, Inc. (HECO) s Campbell Industrial Park Combustion Turbine Unit No. 1 (CIP CT-1) project and Customer Information System (CIS) project.

On January 28, 2013, HECO, Hawaii Electric Light Company, Inc. (HELCO), Maui Electric Company, Ltd. (MECO) and the Consumer Advocate, signed a settlement agreement (Agreement), subject to approval by the PUC, to write-off \$40 million of costs in lieu of conducting the regulatory audits of the CIP CT-1 and the CIS projects. If approved, the after-tax charge to net income would be approximately \$24 million -- \$17.1 million for HECO, \$3.4 million for HELCO, and \$3.2 million for MECO. Remaining recoverable costs of \$52 million would be included in rate base as of December 31, 2012.

As part of the Agreement, the parties also agreed that HELCO would withdraw its 2013 test year rate case. Additionally, HECO would delay the filing of its scheduled 2014 test year rate case, until after January 2, 2014. In both cases, the existing terms of the last approved rate case continues. The parties also agree that starting in 2014, HECO will be allowed to record Revenue Adjustment Mechanism (RAM) revenues starting January 1 of each year through 2016. The cash collection of RAM revenues will remain unchanged, starting June 1 of each year through May 31 of the following year.

In deciding to enter into the Agreement, HECO, HELCO, and MECO took into account a number of considerations, including (1) the significant passage of time since the initial costs for the CIP CT-1 and CIS projects were incurred, (2) the uncertain timing and significant resources that would be required by the PUC, HECO and other parties to conduct a fair and meaningful regulatory audit of project costs for CIP CT-1 and CIS, (3) the additional carrying charges that would be accrued to the project cost for both CIP CT-1 and CIS, (4) resolving the regulatory audits, (5) the need to allow the PUC, the Consumer Advocate, HECO, HELCO and MECO to focus their resources on the numerous priorities they face in improving customer service and transforming the electric utility industry in Hawaii from one based on oil-fired generation to one based on energy efficiency and Hawaii s indigenous renewable energy resources, and (6) the concern for the current high electric bills due to the high fuel costs.

Management cannot predict or provide any assurances concerning the approval or timing of approval of the Agreement by the PUC. This description of the Agreement does not purport to be a complete description and is qualified in its entirety by reference to the Agreement filed as HECO Exhibit 10, which is incorporated herein by reference.

HEI and HECO intend to continue to use HEI's website, www.hei.com, as a means of disclosing additional information. Such disclosures will be included on HEI's website in the Investor Relations section.
