Announcement | Lisbon | 12 January 2015

Announcement regarding the 12 January 2015 General Meeting of Shareholders

Upon request of the Portuguese Securities Commission (CMVM), dated 8th January 2015, the Board of Directors of Portugal Telecom SGPS, S.A. (PT SGPS) informs that, on 10th January 2015, PT SGPS sent to CMVM a draft of Announcement to the Market containing complementary information to support the proposal and preparatory information granted to the shareholders prior to the General Meeting.

The Announcement to the Market will be disclosed during this week, following the ongoing contacts with the CMVM.

The Board of Directors reaffirms its understanding that it has provided to the shareholders all information required under article 289 of the Portuguese Companies Code.

Therefore, during the General Meeting of Shareholders, the decision of approval or not approval of the sale of PT Portugal by Oi is dependent upon sole and exclusive decision of the shareholders of PT SGPS.

However, considering the recent facts, the Board of Directors understands that the shareholders may deem appropriate to suspend the meeting, during the time they consider adequate in order to respect the company's interests and the interests of Oi.

FORWARD-LOOKING STATEMENTS

This document may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words anticipates, believes, estimates, expects, plans and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
