On May 14, 2015, Bio-Reference Laboratories, Inc. (the Company) closed on a Fourteenth Amendment to Loan Documents (Loan Amendment) with PNC Bank, National Association (PNC) as Lender and as Agent, amending the Amended and Restated Loan and Security Agreement dated September 30, 2004 by and between the Registrant and PNC (Loan Document). Pursuant to the Loan Amendment, which was dated May 5, 2015, the Company's credit facility from PNC was extended from October 31, 2016 to October 31, 2020, and the maximum permitted amount of the credit line from PNC was increased from 70 million to \$120 million (not to exceed 50% of the Company's eligible receivables as defined in the Loan Document). Interest on advances under the Loan Agreement is payable based on PNC's prime rate, and may also be based in part on a Euro-Rate linked to the London interbank offer rate for US dollars, in each case, plus an additional interest percentage. The credit line is collateralized by substantially all of the Company's assets. The Loan Agreement contains restrictions against certain specified acquisitions, borrowings and extensions of credit by the Company, places limitation on capital expenditures, and requires the Company to maintain a fixed charge coverage of not less than 1.25 to 1.0.

The Loan Agreement also prohibits the Company from paying cash dividends without PNC's prior written consent.

Also on May 14, 2015, the Company closed on a thirteenth amended and restated secured revolving note with PNC (the Note Amendment), also dated May 5, 2015. This Note Amendment also increased the maximum credit line from \$70 million to \$120 million.
