Item 2.01:

Exhibit No.

1.01

Item 1.01 Conflict Minerals Disclosure and Report						
Rule 13p-1 under the Securities Exchange Act of 1934 provides that a company must file this specialized disclosure report if it manufactures, or contracts to manufacture, products for which one or more conflict minerals are necessary to the functionality or production of the company s products. Rule 13p-1 defines conflict minerals as cassiterite, columbite-tantalite (coltan) and wolframite (and their derivatives, tin, tantalum and tungsten), and gold, regardless of the geographic origin of the minerals and whether or not they fund armed conflict. As specified under Rule 13p-1, Veeco Instruments Inc. conducted in good faith a reasonable country of origin inquiry that we believe was reasonably designed to determine whether any of the necessary conflict minerals contained in our products manufactured in calendar year 2014 originated in the Democratic Republic of the Congo or an adjoining country, or were from recycled or scrap sources. Our Conflict Minerals Report, which discusses this inquiry and other information, is provided as an exhibit to this report and is also publicly available on our website at http://ir.veeco.com/financial-information/sec-filings.						
Item 1.02 Exhibit
