ACQUISITION OF REMINGTON S PROJECT MANAGEMENT BUSINESS

On April 9, 2018 the Company announced that it had signed a definitive agreement to acquire the Project Management business of privately-held Remington Holdings, L.P. (Remington). The transaction, which is expected to close during the third quarter of 2018, is subject to approval by the Company s stockholders and customary closing conditions.

Remington s Project Management business provides comprehensive and cost-effective design, development, and project management services for both Remington managed hotels as well as external partners. It provides project oversight, coordination, planning, and execution of renovation, capital expenditure or ground-up development projects. Its operations are responsible for managing and implementing substantially all capital improvements at Ashford Hospitality Trust, Inc. (NYSE: AHT) (Ashford Trust or Trust) and Braemar Hotels & Resorts Inc. (NYSE: BHR) (Braemar). Additionally, it has extensive experience working with many of the major hotel brands in areas of renovating, converting, developing or repositioning hotels. In 2017, Remington Project Management had revenues of approximately \$29.0 million and adjusted EBITDA of approximately \$16.3 million.

Under the terms of the agreement, the Company will acquire Remington s Project Management business for a total transaction value of \$203 million. The purchase price will be paid by issuing convertible preferred stock to the sellers. The newly created convertible preferred stock will have a conversion price of \$140 per share (a 45% premium to the trading level at the time of the announcement) and, if converted immediately after the consummation of the transaction, would convert into 1,450,000 shares of common stock. Voting rights of the convertible preferred stock will be on an as-converted basis and the holders of the convertible preferred stock will have a voting limit of 25% of the Company s voting securities for five years. We are pleased with our operating results for the first quarter and the continued execution on our growth strategy, commented Monty J. Bennett, Ashford's Chairman and Chief Executive Officer. During the quarter, we were pleased to have entered in to an agreement to acquire the high-margin project management division of Remington. With deep industry experience and long-term contracts in place, we believe this transaction represents a compelling opportunity for Ashford to diversify its earnings stream and, moving forward, the potential to expand business to other third-party clients. Additionally, the RED Hospitality investment will give us a foothold in the watersports and travel & hospitality services sector that we believe has enormous potential. Looking ahead, we remain committed to maximizing value for our shareholders and are well positioned to opportunistically grow our business by accretively expanding our existing REIT platforms, adding additional investment platforms and investing in other hospitality-related businesses through which we can accelerate meaningful, profitable growth.

before interest, tax, depreciation and amortization (Adjusted EBITDA) and Adjusted Net Income. We believe that Adjusted EBITDA and Adjusted Net Income provide investors and management with a meaningful indicator of operating performance. Management also uses Adjusted EBITDA and Adjusted Net Income, among other measures, to evaluate profitability and our board of directors includes these measures in reviews to determine quarterly distributions to stockholders. We calculate Adjusted EBITDA by subtracting or adding to net income (loss): interest expense, income taxes, depreciation, amortization, net income (loss) to noncontrolling interests, transaction costs, and other expenses. We calculate Adjusted Net Income by subtracting or adding to net income (loss): net income (loss) to noncontrolling interests, transaction costs, and other expenses. Our methodology for calculating Adjusted EBITDA and Adjusted Net Income may differ from the methodologies used by other comparable companies, when calculating the same or similar supplemental financial measures and may not be comparable with these companies. Neither Adjusted EBITDA nor Adjusted Net Income

represents cash generated from operating activities as determined by GAAP and should not be considered as an alternative to a) GAAP net income (loss) as an indication of our financial performance or b) GAAP cash flows from operating activities as a measure of our liquidity nor are such measures indicative of funds available to satisfy our cash needs. The Company urges investors to carefully review the U.S. GAAP financial information as shown in our periodic reports on Form 10-Q and Form 10-K, as amended.
