## ITEM 8.01 OTHER EVENTS

Certain directors and officers of IPG Photonics Corporation (the “Company”) adopted pre-arranged trading plans (each, a “Plan”) designed to comply with Rule 10b5-1 under the Securities Exchange Act of 1934, as amended, and the Company’s policies regarding stock transactions. Under Rule 10b5-1, directors, officers and other persons who are not in possession of material non-public information may adopt a plan or contract for pre-arranged sales of Company securities under specified conditions and at specified times. Using these Plans, insiders can gradually diversify their investment portfolios, spread stock trades out over an extended period of time to reduce market impact and avoid concerns about transactions occurring at a time when they might possess inside information.

The directors and officer who have adopted Plans have informed the Company that these stock sales are part of their individual programs for asset diversification.

The Plan adopted by William Krupke, a member of the Company’s Board of Directors, provides for the sale of up to a total of 99,600 shares over a period of approximately twelve months beginning January 13, 2008, unless terminated sooner in certain circumstances. Shares will be sold under the Plan on the open market at prevailing market prices, subject to minimum price thresholds.

The Plan adopted by Robert Blair, a member of the Company’s Board of Directors, provides for the sale of up to a total of 100,000 shares over a period of approximately seven months beginning January 3, 2008, unless terminated sooner in certain circumstances. Shares will be sold under the Plan on the open market at prevailing market prices, subject to minimum price thresholds.

The Plan adopted by Alexander Ovtchinnikov, the Company’s Vice President of Components, provides for the sale of up to a total of 103,046 shares over a period of approximately twelve months beginning January 15, 2008, unless terminated sooner in certain circumstances. Some of the shares subject to the Plan will be acquired through the exercise of stock options. Shares will be sold under the Plan on the open market at prevailing market prices, subject to minimum price thresholds.

The Company does not undertake to report Plans that may be adopted by any employees or directors of the Company in the future, or to report any modification or termination of any Plan, except to the extent required by law.
