ITEM 12. RESULT OF OPERATIONS AND FINANCIAL CONDITION.

On May 13, 2004, Torch Offshore, Inc. (the "Company") issued a press release announcing operating results for the quarter ended March 31, 2004. A copy of this press release is furnished as Exhibit 99.1 to this report and incorporated by reference herein.

The Company has presented its EBITDA, as adjusted, for the

Edgar Filing: TORCH OFFSHORE INC - Form 8-K

three-month period ended March 31, 2004 in the press release, which is a "non-GAAP" financial measure under Regulation G. The components of EBIDTA, as adjusted, are computed by using amounts, which are determined in accordance with GAAP. As part of our press release information, we have provided a reconciliation of EBITDA, as adjusted, to net income/loss, which is its nearest comparable GAAP financial measure. However, because EBITDA, as adjusted, is not based on any standardized methodology prescribed by GAAP, it is not necessarily comparable to similar measures presented by other companies. The Company included EBITDA, as adjusted, in the press release because it believes that it uses this measure as an internal benchmark against certain performance objectives and to provide investors and creditors additional information in assessing the Company's business in comparison to industry and other market competitive standards.

Torch Offshore Announces 2004 First Quarter Earnings

New Orleans, Louisiana USA, May 13, 2004

FIRST QUARTER RESULTS

Torch Offshore, Inc. (NASDAQ: TORC) (the "Company") announced today that revenues for the quarter ended March 31, 2004 were \$11.8 million, a decrease of 30.5 percent compared to revenues of \$17.0 million for the first quarter of 2003. Gross profit (revenues less cost of sales) for the first quarter of 2004 was a deficit of \$1.4 million compared to the first quarter 2003 gross profit of \$3.3 million. The first quarter 2004 net loss was \$5.3 million, or \$0.42 per diluted share. Net income in the first quarter of 2003 was

## Edgar Filing: TORCH OFFSHORE INC - Form 8-K

\$0.1 million, or \$0.01 per diluted share.

Lyle G. Stockstill, Torch Offshore, Inc. Chairman and Chief Executive Officer, commented, "The first quarter of 2004 turned out exactly as we had expected given the market conditions and seasonality of our business. However, as we turn the corner into the second quarter and the construction season, we are beginning to see an increase in our workload. For example, in April 2004 our vessels worked 172 revenue days and we expect increasing utilization for the remainder of the second quarter. The Midnight Wrangler will be under contract through June 2004 and the Midnight Hunter has contracted work into July 2004. In addition, we have begun preparation for the Marathon Alba project in Africa which will utilize the Midnight Brave and Midnight Carrier for a five month period."

Stockstill added, "As for the Midnight Express conversion, we expect that the vessel will be leaving the shipyard by the end of the month for its DP-2 sea trials in the North Atlantic Ocean. The vessel is scheduled to then travel to Amsterdam for installation of the patented pipelay system and the 500-ton crane before returning to the Gulf of Mexico for final outfitting and installation of the pipe handling system. The sea trials on the pipelay system are expected to occur in the latter half of the third quarter of 2004. As we have previously announced, we have begun contract negotiations for the first pipelay project for the Midnight Express. These negotiations are continuing, and we will announce further details once the contract is finalized. In addition, we are pursuing several other opportunities for work with the vessel in the fourth quarter of 2004 and early 2005."

As of March 31, 2004, the Company has a working capital deficit position primarily resulting from the current classification of the Midnight Express Finance Facility. This position places pressure on the Company's liquidity management and could impact the Company's operations and future business plans. Management continues to believe that the Company has the ability to sustain operations and meet its financial commitments through effective management of its operations and the available liquidity provided by its credit facilities. However, if the Company incurs significant losses or if the Company's ability to access its credit facilities is curtailed, the Company's ability to continue to manage its liquidity needs and its operating and other financial commitments may be jeopardized in the future.

Established in 1978, Torch Offshore, Inc. is involved in offshore pipeline installation and subsea construction for the oil and natural gas industry. Torch Offshore, Inc. is expanding beyond its established shallow water niche market in order to serve the industry's worldwide growing needs in the deep waters.

Any statements made in this news release, other than those of historical fact, about an action, event or development, which the Company hopes, expects, believes or anticipates may or will occur in the future, are forward-looking statements under the Private Securities Litigation Act of 1995. The forward-looking statements in this news release include statements about our second quarter 2004 workload, upcoming work for the Midnight Wrangler and Midnight Hunter, utilization of the Midnight Brave and Midnight Carrier in Africa on the Marathon Alba project, the timing of the completion of the conversion of the Midnight Express, contract negotiations and future work for the Midnight Express, and management's belief about the Company's ability to sustain operations and meet its financial commitments. Such statements are subject to various assumptions, risks and uncertainties, which are specifically described in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003 filed with the Securities and Exchange Commission, as well as other factors that may not be within the Company's control, including, specifically, oil and natural gas commodity prices, weather conditions and offshore construction activity levels. Although the Company believes its expectations are based on reasonable assumptions, it gives no assurance that the Company's assumptions and projections will prove to be correct. Actual results may differ materially from those projected.

(A) The Company calculates EBITDA as earnings before net interest, income taxes, depreciation and amortization and certain other vessel charges. Please see Consolidated Balance Sheet and Other Information included in this news release for a reconciliation of EBITDA to net income/loss. EBITDA is presented here to provide additional information about our operations. EBITDA is not a calculation based on generally accepted accounting principles (GAAP) and should not be considered as an alternative to net income/loss, as an indicator of our operating performance or as an alternative to cash flow as a better measure of liquidity. In addition, our EBITDA calculation may not be comparable to similarly titled measures of other companies.
