PROXY STATEMENT

FOR THE 2016 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD MAY 3, 2016

GENERAL INFORMATION

Our board of directors is soliciting your proxy for the 2016 Annual Meeting of Stockholders (the “Annual Meeting”) and at any postponement or adjournment of the Annual Meeting for the purposes set forth in this Proxy Statement and the associated Notice of the 2016 Annual Meeting of Stockholders (the “Notice”). The Annual Meeting will be held at 8:00 a.m. Mountain Time on May 3, 2016 at our corporate offices located at 11734 S. Election Road, Salt Lake City, Utah 84020. The Notice is first being sent, and the Proxy Statement is first being made available, to stockholders on or about March 24, 2016.

In this Proxy Statement the terms “Control4,” “Company,” “we,” “us,” and “our” refer to Control4 Corporation. The mailing address of our principal executive offices is Control4 Corporation, 11734 S. Election Road, Salt Lake City, Utah 84020.

- Record Date** March 17, 2016
- Quorum** A majority of the shares of all issued and outstanding stock entitled to vote on the Record Date must be present in person or represented by proxy to constitute a quorum.
There are 24,616,016 shares of common stock outstanding as of the Record Date. Of these
- Shares Outstanding** shares 1,388,295 are treasury shares not entitled to vote, which leaves 23,227,721 outstanding and entitled to vote as of the Record Date.
- Voting** There are four ways a stockholder of record can vote:
- (1) By Internet: You may vote over the Internet by following the instructions provided in the Notice or, if you receive your proxy materials by U.S. mail, by following the instructions on the proxy card.
 - (2) By Telephone: You may vote by calling the telephone number provided in the Notice or, if you receive your proxy materials by U.S. mail, you may vote by following the instructions on the proxy card.
 - (3) By Mail: If you receive your proxy materials by U.S. mail, you may complete, sign and return the accompanying proxy card in the postage-paid envelope provided.
 - (4)

In Person: If you are a stockholder as of the Record Date, you may vote in person at the meeting. Submitting a proxy will not prevent stockholders from attending the Annual Meeting, revoking their earlier-submitted proxy, and voting in person.

In order to be counted, proxies submitted by telephone or Internet must be received by 11:59 p.m. Eastern Time on May 2, 2016. Proxies submitted by U.S. mail must be received before the start of the Annual Meeting.

If you hold your shares through a bank or broker, please follow their instructions.

Revoking Your Proxy

Stockholders of record may revoke their proxies by attending the Annual Meeting and voting in person, by filing an instrument in writing revoking their proxy or by filing with our Secretary another duly executed proxy bearing a later date before the vote is counted or by voting again using the telephone or Internet before the cutoff time (your latest telephone or Internet proxy is the one that will be counted). If you hold shares through a bank or broker, you may revoke any prior voting instructions by contacting that firm.

Votes Required to Adopt Proposals

Each share of our common stock outstanding on the Record Date is entitled to one vote on any proposal presented at the Annual Meeting:

For Proposal One, the election of directors, the two nominees receiving the plurality of votes entitled to vote and cast will be elected as directors.

For Proposal Two, a majority of the votes properly cast (meaning the number of shares voted “for” must exceed the number of shares voted “against”) is required to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016.

Votes withheld from any nominee, abstentions, and “broker non-votes” (*i.e.*, where a broker has not received voting instructions from the beneficial owner and for which the broker does not have discretionary power to vote on a particular matter) are counted as present for purposes of determining the presence of a quorum. With respect to the election of directors, you may vote “for” or “withhold” authority to vote for each of the nominees. Shares voting “withheld” have no effect on the election of directors. With respect to the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016, you may vote “for”, “against” or “abstain” from such proposal. Abstentions have no effect on the ratification of such appointment of Ernst & Young LLP.

Under the rules that govern brokers holding shares for their customers, brokers who do not receive voting instructions from their customers have the discretion to vote uninstructed shares on routine matters, but do not have discretion to vote such uninstructed shares on non-routine matters. Only Proposal Two, the ratification of the appointment of Ernst & Young LLP, is considered a routine matter where brokers are permitted to vote shares held by them without instruction. If your shares are held through a broker, those shares will not be voted in the election of directors unless you affirmatively provide the broker instructions on how to vote.

If you complete and submit your proxy voting instructions, the persons named as proxies will follow your instructions. If you submit proxy voting instructions but do not direct how your shares should be voted on each item, the persons named as proxies will vote **for** the election of the nominees for director and **for** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016. The persons named as proxies will vote on any other matters properly presented at the Annual Meeting in accordance with their best judgment, although we have not received timely notice of any other matters that may be properly presented for voting at the Annual Meeting.

We will announce preliminary results at the Annual Meeting. We will report final results by filing a Form 8-K within four business days after the Annual Meeting. If final results are not available at that time, we will provide preliminary voting results in the Form 8-K and will provide the final results in an amendment to the Form 8-K as soon as they become available.

We are paying for the distribution of the proxy materials and solicitation of the proxies. As part of this process, we reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our stockholders. Proxy solicitation expenses that we will pay include those for preparation, mailing, returning and tabulating the proxies. We have retained D.F. King & Co., Inc. to aid in the solicitation of proxies by mail, telephone, facsimile, e-mail, and personal solicitation, and we will pay fee of \$7,500 plus expenses for these services. Our directors, officers, and employees may also solicit proxies on our behalf in person, by telephone, email or facsimile, but they do not receive additional compensation for providing those services.

We are an “emerging growth company” as defined in the Jumpstart Our Business Startups Act of 2012 and, as such, have elected to comply with certain reduced public company reporting requirements. These reduced reporting requirements

If you are a beneficial owner of our common stock and there are multiple beneficial owners at the same address, you may receive fewer Notices or fewer paper copies of the Proxy Statement and the Annual Report on Form 10-K than the number of beneficial owners at that address. The rules of the Securities and Exchange Commission (the “SEC”) permit American Stock Transfer & Trust Company, LLC, the Company’s transfer agent (“AST”), to deliver only one Notice, Proxy Statement and Annual Report on Form 10-K to multiple beneficial owners sharing an address, unless we receive contrary instructions from any beneficial owner at the same address.

If you receive your proxy materials through AST and (1) you currently receive only one copy of the proxy materials at a shared address but you wish to receive an additional copy of this Proxy Statement and the Annual Report, or any future proxy statement or annual report, or (2) you share an address with other beneficial owners who also receive their separate proxy materials through AST and you wish to request delivery of a single copy of the Annual Report on Form 10-K or the proxy statement to the shared address in the future, please contact Investor Relations at Control4 Corporation, 11734 S. PROPOSAL ONE**ELECTION OF DIRECTORS****Number of Directors; Board Structure**

Our amended and restated certificate of incorporation and bylaws provide that the number of our directors shall be fixed from time to time by a resolution of the majority of our board of directors. Immediately prior to the Annual Meeting, our board of directors will consist of seven members. Our board of directors is divided into three staggered classes of directors as nearly equal in number as possible. One class is elected each year at the annual meeting of stockholders for a term of three years. The term of the Class III directors expires at the Annual Meeting. The term of the Class I directors expires at the 2017 annual meeting and the term of the Class II directors expires at the 2018 annual meeting. After the initial terms expire, directors are expected to be elected to hold office for a three-year term or until the election and qualification of their successors in office.

The following presents our current directors, their respective term on the board of directors, ages and positions as of March 24, 2016:

Nominees

Based on the recommendation of the nominating and corporate governance committee of our board of directors, our board of directors has nominated Messrs. David C. Habiger and Martin Plaehn for election as directors to serve for a three-year term ending at the 2019 annual meeting or until their successors are elected and qualified. Each of the nominees is a current member of our board of directors and has consented to serve if elected.

Unless you direct otherwise through your proxy voting instructions, the persons named as proxies will vote all proxies received “for” the election of each nominee. If any nominee is unable or unwilling to serve at the time of the Annual Meeting, the persons named as proxies may vote for a substitute nominee chosen by the present board of directors. In the alternative, the proxies may vote only for the remaining nominees, leaving a vacancy on the board of directors. The board of directors may fill such vacancy at a later date or reduce the size of the board of directors. We have no reason to believe that any of the nominees will be unwilling or unable to serve if elected as a director.

Recommendation of the Board of Directors

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” THE ELECTION OF EACH OF THE FOLLOWING NOMINEES.

The biographies of each of the nominees and continuing directors below contain information regarding each such person's service as a director, business experience, director positions held currently or at any time during the last five years and the experiences, qualifications, attributes or skills that caused the nominating and corporate governance committee to determine that the person should serve as a director of the Company. In addition to the information presented below regarding each such person's specific experience, qualifications, attributes and skills that led the board of directors and its nominating and corporate governance committee to the conclusion that he or she should serve as a director, we also believe that each of our directors has a reputation for integrity, honesty and adherence to high ethical standards. Each of our directors has demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment of service to our company and our board of directors. Finally, we value our directors' experience in relevant areas of business management and on other boards of directors and board committees.

Our corporate governance guidelines also dictate that a majority of the board of directors be comprised of independent directors whom the board of directors has determined have no material relationship with the Company and who are otherwise "independent" directors under the published listing requirements of The NASDAQ Stock Market LLC ("NASDAQ"). We have determined that with the exception of Mr. Martin Plaehn, our President, Chief Executive Officer and Chairman, all of our other directors qualify as "independent" directors.

CORPORATE GOVERNANCE

Meetings of the Board of Directors

Our board of directors held eight regular and special meetings in 2015. During their respective terms of service, each director attended at least 75% of all meetings of the board of directors and the committees on which they served, which were held during 2015. Under our corporate governance guidelines, directors are expected to be active and engaged in discharging their duties and to keep themselves informed about our business and operations. Directors are also expected to try to attend our annual meeting of stockholders, all meetings of the board of directors and all meetings of the committees on which they serve.

Code of Business Conduct and Ethics

We are committed to the highest standards of integrity and ethics in the way we conduct our business. In 2013, our board of directors adopted a Code of Business Conduct and Ethics, which applies to all of our employees, officers and directors, including our chief executive officer, our chief financial officer, and our other executive and senior officers. Our Code of Business Conduct and Ethics establishes our policies and expectations with respect to a wide range of business conduct, including the preparation and maintenance of our financial and accounting information, our compliance with laws, and possible conflicts of interest.

Under our Code of Business Conduct and Ethics, each of our directors and employees is required to report suspected or actual violations to the extent permitted by law. In addition, we have adopted separate procedures concerning the receipt and investigations of complaints relating to accounting or audit matters. These procedures have been adopted by the board of directors and are administered by our audit committee.

A copy of our Code of Business Conduct and Ethics is available on the Corporate Governance section of our website at <http://investor.control4.com/corporate-governance.cfm>. A copy of our Code of Business Conduct and Ethics may also be obtained without charge by contacting our Corporate Secretary at Control4 Corporation, 11734 S. Election Road, Salt Lake City, Utah 84020. We intend to post any amendments to or waivers from our Code of Business Conduct and Ethics (to the extent applicable to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions) on our website and/or in our public filings with the SEC.

Corporate Governance Guidelines

The board of directors has adopted corporate governance guidelines to assist and guide its members in the exercise of its responsibilities. These guidelines should be interpreted in accordance with any requirements imposed by applicable federal or state law or regulation, NASDAQ and our certificate of incorporation and bylaws. Our corporate governance guidelines are available in the Corporate Governance section of our website at <http://investor.control4.com/corporate-governance.cfm>. Although these corporate governance guidelines have been approved by the board of directors, it is expected that these guidelines will evolve over time as customary practice and legal requirements change. In particular, guidelines that encompass legal, regulatory or exchange requirements as they currently exist will be deemed to be modified as and to the extent that such legal, regulatory or exchange requirements are modified. In addition, the guidelines may also be amended by the board of directors at any time as it deems appropriate.

Independence of the Board of Directors

Consistent with our corporate governance guidelines and NASDAQ rules, our board of directors has determined that, as of the date of this Proxy Statement, six out of the seven members of our board of directors are “independent” within the meaning of the director independence standards of NASDAQ and the SEC, the non-independent member being Martin Plaehn, our President, Chief Executive Officer and Chairman. In addition, our board of directors has determined that all members of the audit, compensation and nominating and corporate governance committees satisfy the applicable independence criteria of the Securities and Exchange Commission and NASDAQ. In making these determinations, the board of directors considered all relevant facts and circumstances, including (but not limited to) the director’s commercial, industrial, banking, consulting, legal, accounting, charitable, and familial relationships. There are no family relationships among any of our directors or executive officers.

At least annually, the board of directors evaluates all relationships between us and each director in light of relevant facts and circumstances for the purposes of determining whether a material relationship exists that might signal a potential conflict of interest or otherwise interfere with such director’s ability to satisfy his or her responsibilities as an independent director. Based on this evaluation, the board of directors will make an annual determination of whether each director is independent within the meaning of NASDAQ’s, the SEC’s, and our applicable committees’ independence standards.

Identifying and Evaluating Director Nominees

The board of directors is responsible for selecting its own members. The board of directors delegates the selection and nomination process to the nominating and corporate governance committee, with the expectation that other members of the board of directors, and management, will be requested to take part in the process as appropriate.

Generally, the nominating and corporate governance committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisors, through the recommendations submitted by stockholders or through such other methods as the nominating and corporate governance committee deems to be helpful to identify candidates. Once candidates have been identified, the nominating and corporate governance committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the nominating and corporate governance committee. The nominating and corporate governance committee may gather information about the candidates through interviews, detailed questionnaires, comprehensive background checks or any other means that the nominating and corporate governance committee deems to be appropriate in the evaluation process. The nominating and corporate governance committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the board of directors. Based on the results of the evaluation process, the nominating and corporate governance committee recommends candidates for the board of directors' approval as director nominees for election to the board of directors.

Minimum Qualifications

The nominating and corporate governance committee will consider, among other things, the following qualifications, skills and attributes when recommending candidates for the board of directors' selection as nominees for the board of directors and as candidates for appointment to the board of directors' committees. The nominee shall have the highest personal and professional integrity, shall have demonstrated exceptional ability and judgment, and shall be most effective, in conjunction with the other nominees to the board of directors, in collectively serving the long-term interests of the stockholders.

In evaluating proposed director candidates, the nominating and corporate governance committee may consider, in addition to the minimum qualifications and other criteria for board of directors membership approved by the board of directors from time to time, all facts and circumstances that it deems appropriate or advisable, including, among other things, the skills of the proposed director candidate, his or her depth and breadth of professional experience or other background characteristics, his or her independence and the needs of the board of directors.

Stockholder Recommendations

Stockholders may submit recommendations for director candidates to the nominating and corporate governance committee by sending the individual's name and qualifications to our Secretary at Control4 Corporation, 11734 S. Election Road, Salt Lake City, Utah 84020, who will forward all recommendations to the nominating and corporate governance committee. The nominating and corporate governance committee will evaluate any candidates recommended by stockholders against the same criteria and pursuant to the same policies and procedures applicable to the evaluation of candidates proposed by directors or management.

Stockholder Communications

The board of directors provides to every stockholder the ability to communicate with the board of directors, as a whole, and with individual directors on the board of directors through an established process for stockholder communication. For a stockholder communication directed to the board of directors as a whole, stockholders may send such communication via U.S. Mail or Expedited Delivery Service to: Control4 Corporation, 11734 S. Election Road, Salt Lake City, Utah 84020, Attn: Corporate Secretary, or they may send electronic messages via the Investor Relations section of our website at <http://investor.control4.com/directors.cfm>. For a stockholder communication directed to an individual director in his or her capacity as a member of the board of directors, stockholders may send such communication to the attention of the individual director via U.S. Mail or Expedited Delivery Service to: Control4 Corporation, 11734 S. Election Road, Salt Lake City, Utah 84020, Attn: [Name of Individual Director].

We will forward by U.S. Mail any such stockholder communication to each director, and the Chairman of the Board in his or her capacity as a representative of the board of directors, to whom such stockholder communication is addressed to the address specified by each such director and the Chairman of the Board, unless there are safety or security concerns that mitigate against further transmission.

Board Leadership Structure

Our board of directors currently believes that our company is best served by combining the roles of chairman of the board and chief executive officer, coupled with a lead independent director. Our board of directors believes that as chief executive officer, Mr. Plaehn is the director most familiar with our business and industry and most capable of effectively identifying strategic priorities and leading discussion and execution of strategy. Our independent directors bring experience, oversight and expertise from outside our company, while our chief executive officer brings company-specific experience and expertise. Our board of directors believes that the combined role of chairman and chief executive officer is the best leadership structure for us at the current time as it promotes the

efficient and effective development and execution of our strategy and facilitates information flow between management and our board of directors. The board of directors recognizes, however, that no single leadership model is right for all companies at all times. Our corporate governance guidelines provide that the board of directors should be free to choose a chairperson of the board based upon the board's view of what is in the best interests of our company. Accordingly, the board of directors periodically reviews its leadership structure.

Since July 2015, David Habiger has served as our lead independent director. As the lead independent director, Mr. Habiger is responsible for coordinating the activities of the independent directors. Among other things, the lead independent director has the following specific responsibilities:

- Call special meetings of the independent directors and chair meetings of independent directors;
- Act as the principal liaison between the non-employee directors and the chairperson of the board on sensitive issues;
- Work with the chairperson of the board to develop a schedule of meetings for the board of directors and provide input with respect to meeting agendas for the board of directors and its committees;
- Advise the chairperson of the board with respect to the quality, quantity and timeliness of the flow of information from Company management;
- Coordinate and moderate executive sessions of the independent directors; and
- Perform such other duties as the board of directors may from time to time delegate to the lead independent director.

Board's Role in Risk Oversight

The board of directors' role in overseeing the management of our risks is conducted primarily through committees of the board of directors, as disclosed in the charters of each of the committees. The full board of directors (or the appropriate board of directors committee in the case of risks that are under the purview of a particular committee) discusses with management our major risk exposures, their potential impact on our company, and the steps we take to manage them. When a board of directors committee is responsible for evaluating and overseeing the management of a particular risk or risks, the chairman of the relevant committee reports on the discussion to the full board of directors during the committee reports portion of the next board of directors meeting. This enables the board of directors and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

Risks Related to Compensation Policies and Practices

When determining our compensation policies and practices, our compensation committee and board of directors considered various matters relative to the development of a reasonable and prudent compensation program, including whether the policies and practices were reasonably likely to have a material adverse effect on us. We believe that the mix and design of our executive compensation plans and policies do not encourage management to assume excessive risks and are not reasonably likely to have a material adverse effect on us for the following reasons: we offer an appropriate balance of short- and long-term incentives and fixed and variable amounts; our variable compensation is based on a balanced mix of time-based and performance criteria; and our compensation committee has the authority to adjust variable compensation as appropriate.

Board Committees

Our board of directors has an audit committee, a compensation committee and a nominating and corporate governance committee, each of which has the composition and responsibilities described below. The audit committee, compensation committee and nominating and corporate governance committee all operate under charters approved by our board of directors (copies of which can be found on the Investor Relations section our website at <http://investor.control4.com/downloads.cfm>). Our board of directors may from time to time establish other committees.

Audit Committee. Our audit committee oversees our corporate accounting and financial reporting process and assists the board of directors in monitoring our financial systems and our legal and regulatory compliance. Our audit committee will also:

- - Oversee the work of our independent auditors;
- - Approve the hiring, discharging and compensation of our independent auditors;
- Approve engagements of the independent auditors to render any audit or permissible non-audit services;
- - Review the qualifications and independence of the independent auditors;
- Monitor the rotation of partners of the independent auditors on our engagement team as required by law;

- Review our financial statements and review our critical accounting policies and estimates;

- Review the adequacy and effectiveness of our internal controls; and

Review and discuss with management and the independent auditors the results of our annual audit and our quarterly financial statements.

The members of our audit committee are Messrs. Born, Caudill, and Jensen. Mr. Jensen is our audit committee chairperson. Our board of directors has concluded that the composition of our audit committee meets the requirements for independence under, and the functioning of our audit committee complies with, the current requirements of applicable SEC and NASDAQ rules, and that Mr. Jensen is our audit committee financial expert as defined under applicable SEC rules. The audit committee held five meetings during 2015.

Compensation Committee. Our compensation committee oversees our corporate compensation programs. The compensation committee's responsibilities include:

- Reviewing and approving corporate goals and objectives relevant to compensation of our chief executive officer;

Evaluating the performance of our chief executive officer in light of established goals and objectives, and determining the compensation of our chief executive officer;

- Reviewing and approving compensation of our other executive officers;

- Reviewing and establishing our overall management compensation, philosophy and policy;

- Overseeing and administering our compensation and similar plans;

Evaluating and assessing potential and current compensation advisors in accordance with the independence standards in the applicable NASDAQ rules;

- Retaining and approving the compensation of any compensation advisers;

- Reviewing and approving our policies and procedures for the grant of equity-based awards;

· Reviewing and making recommendations to the board of directors with respect to the compensation of our directors;

· Preparing the compensation committee report required by SEC rules to be included in our annual proxy statement or Annual Report on Form 10-K; and

· Reviewing and discussing with management the compensation disclosure required to be included in our annual proxy statement or Annual Report on Form 10-K.

In reviewing and approving these matters, our compensation committee considers such matters as it deems appropriate, including our financial and operating performance, the alignment of interests of our executive officers and our stockholders and our ability to attract and retain qualified individuals. For executive compensation decisions, our compensation committee typically considers the recommendations of our chief executive officer other than with respect to decisions related to his own compensation.

Our compensation committee has established guidelines for allocating compensation among base salary, bonus and long-term incentive compensation, as well as between cash and non-cash compensation. In determining the amount and mix of compensation elements and whether each element provides the correct incentives and rewards for performance consistent with our short-term and long-term goals and objectives, the guidelines are designed to improve business performance. However, in making determinations about performance, our compensation committee does not solely rely on formal goals or metrics, but also takes into account input from appropriate members of management with respect to an individual's performance, as well as its own observations.

Our compensation committee has the authority under its charter to engage the services of a consulting firm or other outside advisor to assist it in designing our compensation programs and in making compensation decisions but has not engaged the services of a compensation consultant to date.

The members of our compensation committee are Messrs. Habiger, Jaech and Molyneux. Mr. Habiger is the chairperson of our compensation committee. Our board of directors has determined that each member of our compensation committee is independent under the applicable NASDAQ rules and SEC rules and regulations, is an "outside director" for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended, and is a "non-employee director" for purposes of Section 16 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The compensation committee held two meetings during 2015.

Nominating and Corporate Governance Committee. Our nominating and corporate governance committee oversees and assists our board of directors in reviewing and recommending corporate governance policies and nominees for election to our board of directors. The nominating and corporate governance committee will also:

Evaluate and make recommendations regarding the organization and governance of the board of directors and its committees;

Assess the performance of members of the board of directors and make recommendations regarding committee and chair assignments;

Recommend desired qualifications for board of directors membership and conduct searches for potential members of the board of directors; and

Review and make recommendations with regard to our corporate governance guidelines.

The members of our nominating and corporate governance committee are Messrs. Born and Habiger. Mr. Born is the chairperson of our nominating and corporate governance committee. Our board of directors has determined that each member of our nominating and corporate governance committee is independent under the applicable NASDAQ rules. The nominating and corporate governance committee held two meetings during 2015.

Director Compensation

In 2013, we implemented a director compensation policy. We believe that a combination of cash and equity compensation is appropriate to attract and retain the individuals we desire to serve on our board of directors and that this approach is comparable to the policies of our peers. More specifically, our cash compensation policies are designed to encourage frequent and active interaction between directors and our executives both during and between formal meetings as well as compensate our directors for their time and effort. Further, we believe it is important to align the long-term interests of our non-employee directors with those of the Company and our stockholders and that awarding equity compensation to, and thereby increasing ownership of our common stock by, our non-employee directors is an appropriate means to achieve this alignment.

In March 2014, our board of directors amended our director compensation policy regarding cash compensation and grants of equity compensation for “Qualifying Directors.” To meet the requirements of being a “Qualifying Director,” a director (A) cannot be an employee or officer of the Company or any of our subsidiaries, and (B) cannot have the ability to influence or direct investment decisions concerning the ownership our securities for an investment fund, venture capital fund, partnership or similar entity. Furthermore, based on the recommendation of the Compensation Committee, in December 2015 we amended the director compensation policy in certain respects to be closer to the median compensation of the boards of directors of our peer companies as determined by an external report prepared by a national compensation consultant retained by the Compensation Committee.

Our Qualifying Directors receive an annual cash retainer for board and committee service in addition to equity compensation, as set forth in further detail in the table below.

Cash Compensation

Qualifying Directors are entitled to receive the following annual cash compensation for their services:

Retainer	\$36,000
Additional retainer for audit committee chairperson	\$22,000
Additional retainer for other audit committee members	\$12,000
Additional retainer for compensation committee chairperson	\$12,000
Additional retainer for other compensation committee members	\$6,000

Additional retainer for other nominating and corporate governance members	\$6,000
Additional retainer for chairperson of the board of directors	\$24,000
Additional retainer for lead independent director	\$10,000

Equity Compensation

Each Qualifying Director who first joins our board of directors, and each existing director who subsequently meets the requirements of a Qualifying Director for the first time, will be granted stock options and/or restricted stock units (“RSUs”), at the Company’s option, with a combined value of \$140,000 (such options and/or RSUs to vest in equal annual installments over a three year period from the date of grant). In addition, each Qualifying Director who has served as a Qualifying Director of the Company for a minimum of nine months prior to our annual meeting of stockholders will be granted additional stock options and/or RSUs, at our option, with a combined value of \$86,000 (such options and/or RSUs to vest in equal quarterly installments over a one year period from the date of grant).

PROPOSAL TWO

RATIFICATION OF THE APPOINTMENT OF

OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We have appointed Ernst & Young LLP as our independent registered public accounting firm to perform the audit of our consolidated financial statements for the fiscal year ending December 31, 2016, and we are asking you and other stockholders to ratify this appointment. Ernst & Young LLP has served as our independent registered public accounting firm since our inception in 2003.

The audit committee annually reviews the independent registered public accounting firm's independence, including reviewing all relationships between the independent registered public accounting firm and us and any disclosed relationships or services that may impact the objectivity and independence of the independent registered public accounting firm, and the independent registered public accounting firm's performance. As a matter of good corporate governance, the board of directors determined to submit to stockholders for ratification the appointment of Ernst & Young LLP. A majority of the votes properly cast is required in order to ratify the appointment of Ernst & Young LLP. In the event that a majority of the votes properly cast do not ratify this appointment of Ernst & Young LLP, we will review our future appointment of Ernst & Young LLP.

We expect that a representative of Ernst & Young LLP will attend the Annual Meeting and the representative will have an opportunity to make a statement if he or she so chooses. The representative will also be available to respond to appropriate questions from stockholders.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

In connection with our initial public offering, we adopted a policy under which the audit committee must pre-approve all audit and permissible non-audit services to be provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval would generally be requested annually, with any pre-approval detailed as to the particular service, which must be classified in one of the four categories of services listed below. The audit committee may also, on a case-by-case basis, pre-approve particular services that are not contained in the annual pre-approval request. In connection with this pre-approval policy, the audit committee also considers whether the categories of pre-approved services are consistent with the rules on accountant independence of the SEC and the Public Company Accounting Oversight Board.

In addition, in the event time constraints require pre-approval prior to the audit committee's next scheduled meeting, the audit committee has authorized its Chairperson to pre-approve services. Engagements so pre-approved are to be reported to the audit committee at its next scheduled meeting.

Report of the Audit Committee of the Board of Directors

The information contained in this audit committee report shall not be deemed to be (1) “soliciting material,” (2) “filed” with the SEC, (3) subject to Regulations 14A or 14C of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or (4) subject to the liabilities of Section 18 of the Exchange Act. No portion of this audit committee report shall be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended (the “Securities Act”), or the Exchange Act, through any general statement incorporating by reference in its entirety the Proxy Statement in which this report appears, except to the extent that Control4 Corporation (the “Company”) specifically incorporates this report or a portion of it by reference. In addition, this report shall not be deemed filed under either the Securities Act or the Exchange Act.

This report is submitted by the audit committee of the board of directors of the Company (the “Board”). The audit committee consists of the three directors whose names appear below. None of the members of the audit committee is an officer or employee of the Company, and the Board has determined that each member of the audit committee is “independent” for audit committee purposes as that term is defined under Rule 10A-3 of the Exchange Act, and the applicable rules of The NASDAQ Stock Exchange LLC (“NASDAQ”). Each member of the audit committee meets the requirements for financial literacy under the applicable rules and regulations of the SEC and NASDAQ. The Board has designated Mr. Jensen as an “audit committee financial expert,” as defined under the applicable rules of the SEC. The audit committee operates under a written charter adopted by the Board.

The audit committee’s general role is to assist the Board in monitoring our financial reporting process and related matters. Its specific responsibilities are set forth in its charter.

The audit committee has reviewed the Company’s consolidated financial statements for 2015 and met with management, as well as with representatives of Ernst & Young LLP, the Company’s independent registered public accounting firm, to discuss the consolidated financial statements. The audit committee also discussed with members of Ernst & Young LLP the matters required to be discussed by the Auditing Standard No. 16, as amended (AICPA *Professional Standards* Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

In addition, the audit committee received the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the audit committee concerning independence, and discussed with members of Ernst & Young LLP its independence.

Based on these discussions, the financial statement review and other matters it deemed relevant, the audit committee recommended to the Board that the Company’s audited consolidated financial statements for 2015 be included in its Annual Report on Form 10-K for 2015.

RELATED PARTY AND OTHER TRANSACTIONS

Certain Relationships and Transactions

In 2015, there was not any transaction or series of similar transactions to which we were or will be a party for which the amount involved exceeds \$120,000 and in which any director, executive officer, holder of 5% or more of any class of our capital stock or any member of their immediate family had or will have a direct or indirect material interest. Notwithstanding the foregoing, however, we had two separate transactions with companies for which a member of our board of directors also serves as an officer or director. Neither of these transactions exceeded \$120,000 in 2015, but we expect that in 2016 both of these relationships will involve amounts exceeding \$120,000. The transactions are as follows:

A member of our board of directors, Mr. Habiger, is also a director of DTS, Inc, which owns a series of multichannel audio technologies specializing in digital surround sound format. In August 2015, we entered into a standard royalty-bearing license agreement for certain DTS technology, and we incurred \$39,589 of royalty obligations for licenses to DTS technology embedded in our products in 2015. No portion of this amount was paid to Mr. Habiger.

A member of our board of directors, Mr. Caudill, is also the CEO of D&M Holdings. In August 2015, we entered into our Authorized Supplier Agreement with two of D&M Holdings's affiliates, D&M Group and D&M Canada, Inc., pursuant to which we now carry D&M owned brands of products, including Denon and Heos, on our online store. In 2015, we sold \$114,384 of D&M products. No portion of this amount was paid to Mr. Caudill.

Procedures for Approval of Related Party Transactions

Our board of directors reviews and approves transactions with directors, officers and holders of 5% or more of our capital stock and their affiliates, each of whom we refer to as a related party. We have adopted a written related party transaction approval policy that governs the review of related party transactions. Pursuant to this policy, our audit committee shall review the material facts of all related party transactions. The audit committee shall take into account, among other factors that it deems appropriate, whether the related party transaction is on terms no less favorable to us than terms generally available in a transaction with an unrelated third party under the same or similar circumstances and the extent of the related party's interest in the related party transaction. Further, when stockholders are entitled to vote on a transaction with a related party, the material facts of the related party's relationship or interest in the transaction are disclosed to the stockholders, who must approve the transaction in good faith.

TRANSACTION OF OTHER BUSINESS

The board of directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons appointed in the accompanying proxy intend to vote the shares represented thereby in accordance with their best judgment on such matters, under applicable laws.

ADDITIONAL INFORMATION

Procedures for Submitting Stockholder Proposals

Requirements for Stockholder Proposals to be Brought Before the Annual Meeting. Our bylaws provide that, for nominations of persons for election to our board of directors or other proposals to be considered at an annual meeting of stockholders, a stockholder must give written notice to our Secretary at Control4 Corporation, 11734 S. Election Road, Salt Lake City, Utah 84020, not later than the close of business 90 days, nor earlier than the close of business 120 days, prior to the first anniversary of the date of the preceding year's annual meeting. However, the bylaws also provide that in the event the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, notice must be delivered not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. Any nomination must include all information relating to the nominee that is required to be disclosed in solicitations of proxies for election of directors in election contests or is otherwise required under Regulation 14A of the Exchange Act, the person's written consent to be named in the Proxy Statement and to serve as a director if elected and such information as we might reasonably require to determine the eligibility of the person to serve as a director. As to other business, the notice must include a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting, and any material interest of such stockholder (and the beneficial owner) in the proposal. The proposal must be a proper subject for stockholder action. In addition, to make a nomination or proposal, the stockholder must be of record at the time the notice is made and must provide certain information regarding itself (and the beneficial owner), including the name and address, as they appear on our books, of the stockholder proposing such business, the number of shares of our capital stock which are, directly or indirectly, owned beneficially or of record by the stockholder proposing such business or its affiliates or associates (as defined in Rule 12b-2 promulgated under the Exchange Act) and certain additional information.
