INTRODUCTION

This information circular accompanies the Notice of the Annual General Meeting (the "Meeting") of the shareholders of **MAG Silver Corp.** (the "Company") to be held on Wednesday, June 15, 2005 at the time and place set out in the accompanying Notice of Meeting. **This information circular is furnished in connection with the solicitation of proxies by management of the Company for use at the Meeting and at any adjournment of the Meeting.**

PROXIES AND VOTING RIGHTS

Management Solicitation and Appointment of Proxies

Registered Shareholders

The persons named in the accompanying form of proxy are nominees of the Company's management. **A shareholder has the right to appoint a person (who need not be a shareholder) to attend and act for and on the shareholder's behalf at the Meeting other than the persons designated as proxyholders in**

the accompanying form of proxy. To exercise this right, the shareholder must either:

- (a) on the accompanying form of proxy, strike out the printed names of the individuals specified as proxyholders and insert the name of the shareholder's nominee in the blank space provided; or**
- (b) complete another proper form of proxy.**

To be valid, a proxy must be dated and signed by the shareholder or by the shareholder's attorney authorized in writing. In the case of a corporation, the proxy must be signed by a duly authorized officer of or attorney for the corporation.

The completed proxy, together with the power of attorney or other authority, if any, under which the proxy was signed or a notarially certified copy of the power of attorney or other authority, must be delivered to Pacific Corporate Trust Company, at 10th Floor, 625 Howe Street, Vancouver, British Columbia, Canada V6C 3B8, by 2:00 p.m. (Pacific time) on Monday, June 13, 2005 or at least 48 hours (excluding Saturdays, Sundays and holidays) before the time that the Meeting is to be reconvened after any adjournment of the Meeting.

Non-Registered Shareholders

Only registered shareholders or duly appointed proxyholders for registered shareholders are permitted to vote at the Meeting. Shareholders who do not hold their shares in their own names (referred to herein as "Non-Registered Shareholders") are advised that only proxies from shareholders of record can be recognized and voted at the Meeting.

If shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those shares will not be registered in such shareholder's name on the records of the Company. Such shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. **Accordingly, most shareholders of the Company are "Non-Registered Shareholders" because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares.**

- 2 -

More particularly, a person is a Non-Registered Shareholder in respect of shares which are held on behalf of that person, but which are registered either: (a) in the name of an intermediary (an "Intermediary") that the Non-Registered Shareholder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited ("CDS")) of which the Intermediary is a participant. In Canada, the vast majority of such shares are registered under the name of CDS, which company acts as nominee for many Canadian brokerage firms. Shares so held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Non-Registered Shareholder. Without specific instructions, brokers/nominees are prohibited from voting shares held for Non-Registered Shareholders. The directors and officers of the Company do not know for whose benefit the shares registered in the name of CDS or any other securities depository firms or brokerage house are held.

In accordance with National Instrument 54-101 of the Canadian Securities Administrators, the Company has distributed copies of the Notice of Meeting, this Information Circular and the form of proxy (the "Meeting Materials") to the clearing agencies and Intermediaries for onward distribution to Non-Registered Shareholders with a request for voting instructions. Applicable regulatory policy requires Intermediaries/brokers to seek voting instructions from Non-Registered Shareholders in advance of shareholders' meetings unless the Non-Registered Shareholders have waived the right to receive meeting materials. Every Intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Non-Registered Shareholders in order to ensure that their shares are voted at the Meeting. Often the request for voting instructions supplied to a Non-Registered Shareholder by its broker is identical to the form of proxy provided by the Company to the registered shareholders. However, it is not a valid proxy; rather it is to be used as a means of instructing the registered shareholder how to vote on behalf of the Non-Registered Shareholder. Very often, Intermediaries will use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Holders who have not waived the right to receive Meeting Materials will either:

- (a) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should otherwise properly complete the form of proxy and deliver it to the Company's registrar and transfer agent, **Pacific Corporate Trust Company**, as provided above; or
- (b) more typically, be given a voting instruction form **which is not signed by the Intermediary**, and which, when properly completed and signed by the Non-Registered Shareholder and returned to the Intermediary or its service company, will constitute voting instructions (often called a "proxy authorization form") which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions, which contains a removable label containing a bar code and other information. In order for the form of proxy to validly constitute a proxy authorization form, the Non-Registered Shareholder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.
-

- 3 -

The majority of brokers now delegate responsibility for obtaining voting instructions from Non-Registered Shareholders to ADP Investor Communications Services ("ADP"). ADP typically supplies a special sticker to be attached to the proxy forms and asks Non-Registered Shareholders to return the completed proxy forms to ADP. ADP then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Non-Registered Shareholder receiving such a proxy from ADP cannot use that proxy to vote shares directly at the Meeting - the proxy must be returned to ADP well in advance of the Meeting in order to instruct ADP how to vote the shares.**

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the shares of the Company which they beneficially own. **Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the names of the Management Proxyholders and insert the name of the Non-Registered Shareholder (or such other person voting on behalf of the Non-Registered Shareholder) in the blank space provided or follow such other instructions as may be provided by their brokers/nominees. In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or proxy authorization form is to be delivered.**

In addition, there are two kinds of Non-Registered Owners - those who object to their names being made known to the issuers of securities which they own called Objecting Beneficial Owners ("OBOs") and those who do not object to the issuer of the securities they own knowing who they are called Non-Objecting Beneficial Owners ("NOBOs").

The Company has decided to take advantage of those provisions of National Instrument 54-101 that permit it to directly deliver proxy-related materials to its NOBOs. If you are a Non-Registered shareholder, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of Common shares, have been obtained in accordance with applicable securities legislation from the intermediary holding the Common shares on your behalf. By choosing to send these materials to you directly, the Company has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. As a result, NOBOs can expect to receive a scannable Voting Instruction Form (VIF) from our transfer agent, Pacific Corporate Trust Company. These VIFs are to be completed and returned to Pacific Corporate Trust Company in the envelope provided or by facsimile. In addition, Pacific Corporate Trust Company provides both telephone voting and internet voting as described on the VIF itself which contains complete instructions. Pacific Corporate Trust Company will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by the VIFs they receive.

All references to shareholders in this Information Circular and the accompanying Notice of Meeting and form of proxy are to registered shareholders of record unless specifically stated otherwise.

- 4 -

Revocation of Proxies

A shareholder who has given a proxy may revoke it at any time before the proxy is exercised:

- (a) by an instrument in writing that is:
 - (i) signed by the shareholder, the shareholder's attorney authorized in writing or, where the shareholder is a corporation, a duly authorized officer or attorney of the corporation; and
 - (ii) delivered to Pacific Corporate Trust Company, 10th Floor, 625 Howe Street, Vancouver, British Columbia Canada V6C 3B8 or to the registered office of the Company at 1400 -1055 West Hastings Street, Vancouver, British Columbia Canada V6E 2E9 at any time up to and including the last business day preceding the day of the Meeting or any adjournment of the Meeting, or delivered to the Chair of the Meeting on the day of the Meeting or any adjournment of the Meeting before any vote on a matter in respect of which the proxy is to be used has been taken;
or
- (b) in any other manner provided by law.

A revocation of a Proxy does not affect any matter on which a vote has been taken prior to the revocation.

Voting of Shares and Proxies and Exercise of Discretion by Proxyholders

Voting By Show of Hands

Voting at the Meeting generally will be by a show of hands, with each shareholder present in person or by proxy and entitled to vote thereat being entitled to one vote.

Voting By Poll

Voting at the Meeting will be by poll only if a poll is:

- (a) requested by a shareholder present at the Meeting in person or by proxy;
- (b) directed by the Chair; or
- (c) required by law because the number of shares represented by proxy that are to be voted against the motion is greater than 5% of the Company's issued and outstanding shares.

On a poll, each shareholder and each proxyholder will have one vote for each Common (voting) share held or represented by proxy.

Approval of Resolutions

To approve a motion for an ordinary resolution, a simple majority of the votes cast in person or by proxy will be required; to approve a motion for a special resolution, a majority of not less than 75% of the votes cast in person or by proxy will be required.

- 5 -

Voting of Proxies and Exercise of Discretion By Proxyholders

A shareholder may indicate the manner in which the persons named in the accompanying form of proxy are to vote with respect to a matter to be acted upon at the Meeting by marking the appropriate space. **If the instructions as to voting indicated in the proxy are certain, the shares represented by the proxy will be voted or withheld from voting in accordance with the instructions given in the proxy on any ballot that may be called for.**

If the shareholder specifies a choice in the proxy with respect to a matter to be acted upon, then the shares represented will be voted or withheld from the vote on that matter accordingly. If no choice is specified in the proxy with respect to a matter to be acted upon, the proxy confers discretionary authority with respect to that matter upon the proxyholder named in the accompanying form of proxy. It is intended that the proxyholder named by management in the accompanying form of proxy will vote the shares represented by the proxy in favour of each matter identified in the proxy and for the nominees of the Company's Board of Directors for directors and auditor.

The accompanying form of proxy also confers discretionary authority upon the named proxyholder with respect to amendments or variations to the matters identified in the accompanying Notice of Meeting and with respect to any other matters which may properly come before the Meeting. As of the date of this information circular, management of the Company is not aware of any such amendments or variations, or any other matters, that will be presented for action at the Meeting other than those referred to in the accompanying Notice of Meeting. If, however, other matters that are not now known to management properly come before the Meeting, then the persons named in the accompanying form of proxy intend to vote on them in accordance with their best judgment.

Solicitation of Proxies

It is expected that solicitations of proxies will be made primarily by mail and possibly supplemented by telephone or other personal contact by directors, officers and employees of the Company without special compensation. The Company may reimburse shareholders' nominees or agents (including brokers holding shares on behalf of clients) for the costs incurred in obtaining authorization to execute forms of proxy from their principals. The costs of solicitation will be borne by the Company.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

Only shareholders of the Company who are listed on its register of shareholders on the record date of April 20, 2005 are entitled to receive notice of and to attend and vote at the Meeting or any adjournment of the Meeting (see "Voting of Shares and Proxies and Exercise of Discretion by Proxyholders" above).

As of April 20, 2005, the Company had 27,352,866 Common shares issued and outstanding.

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

Stock Option Plan

Purpose

The TSX Venture Exchange (the "Exchange") requires all Exchange listed companies to adopt stock options plans. Accordingly, the Company obtained the approval of its shareholders to the Company's 2003 Stock Option Plan (the "Stock Option Plan") at its meeting of shareholders held on March 31, 2003. As the Stock Option Plan limits the number of options which may be granted to 10% of the number of Common shares of the Company which are issued and outstanding at the relevant time, the Exchange requires that the shareholders of the Company re-approve the Stock Option Plan each year and management of the Company will be seeking such approval at the Meeting.

- 12 -

The Stock Option Plan is expected to benefit shareholders by enabling the Company to attract and retain high calibre personnel by offering to them an opportunity to share in any increase in value of the Common shares of the Company resulting from their efforts. The purpose of the Stock Option Plan is to provide incentive to the Company's employees, officers, directors, and consultants responsible for the continued success of the Company. The following is a summary of the Stock Option Plan.

The Committee

The Stock Option Plan will be administered by a stock option committee (the "Committee") of the Company's board of directors (the "Board") consisting of not less than 2 of its members. The Committee will administer the Stock Option Plan on behalf of the Board in accordance with such terms and conditions as the Board may prescribe in accordance with the Stock Option Plan. A majority of its members will constitute a quorum and all decisions of the Committee shall be approved by a majority of its quorum.

Description of Stock Option Plan

The effective date (the "Effective Date") of the Stock Option Plan is the date the Board of Directors approve the Stock Option Plan (February 24, 2003), and it will terminate ten years from the Effective Date.

The Stock Option Plan provides that options may be granted to any employee, officer, director or consultant of the Company or a subsidiary of the Company.

The options issued pursuant to the Stock Option Plan will be exercisable at a price not less than the market value of the Company's Common shares at the time the option is granted. "Market Value" means:

- (a) for each organized trading facility on which the Common shares are listed, Market Value will be the closing trading price of the Common shares on the day immediately preceding the grant date less any discounts permitted by the applicable regulatory authorities;
- (b) if the Company's Common shares are listed on more than one organized trading facility, the Market Value shall be the Market Value as determined in accordance with subparagraph (a) above for the primary organized trading facility on which the Common shares are listed, as determined by the Committee, subject to any adjustments as may be required to secure all necessary Regulatory Approvals;
- (c) if the Company's Common shares are listed on one or more organized trading facilities but have not traded during the ten trading days immediately preceding the grant date, then the Market Value will

be determined by the Committee, subject to any adjustments as may be required to secure all necessary Regulatory Approvals; and

- (d) if the Company's Common shares are not listed for trading on a stock exchange or over the counter market, the value which is determined by the Committee to be the fair value of the Company's Common shares, taking into consideration all factors that the Committee deems appropriate, including, without limitation, recent sale and offer prices of the Company shares in private transactions negotiated at arms' length.

Options under the Stock Option Plan will be granted for a term not to exceed five years from the date of their grant, provided that if the Company is then a "Tier 1" company listed on the Exchange, the term of the option will be not more than 10 years.

- 13 -

Options granted under the Stock Option Plan will be subject to such vesting schedule as the Committee may determine. In the event that an option is to be terminated prior to expiry of its term due to certain corporate events, all options then outstanding shall become immediately exercisable for 10 days after notice thereof, notwithstanding the original vesting schedule.

Options will also be non-assignable and non-transferable, provided that they will be exercisable by an optionee's legal heirs, personal representatives or guardians for up to six months following the death or termination of an optionee due to disability, or up to six months following the death of an employee if the employee dies within 6 months of termination due to disability. All such options will continue to vest in accordance with their original vesting schedule.

The maximum number of Common shares to be reserved for issuance under the Stock Option Plan, including options currently outstanding, will not exceed 10% of the number of Common shares of the Company issued and outstanding on the applicable date of grant.

If a material alteration in the capital structure of the Company occurs as a result of a recapitalization, stock split, reverse stock split, stock dividend, or otherwise, the Committee shall make adjustments to the Stock Option Plan and to the options then outstanding under it as the Committee determines to be appropriate and equitable under the circumstances, unless the Committee determines that it is not practical or feasible to do so, in which event the options granted under the Stock Option Plan will terminate as set forth above.

A full copy of the Stock Option Plan will be available at the Meeting. Shareholders may obtain a copy of the Stock Option Plan in advance of the Meeting upon request to the Company, Suite 328, 550 Burrard Street, Vancouver, British Columbia, V6T 1T2, to the attention of Dan MacInnis. The Company's fax number is (604) 484-4710.

The Resolution

The rules of the Exchange require that the Stock Option Plan be approved by the affirmative vote of a majority of the votes cast at the Meeting. Accordingly, the shareholders of the Company will be asked to pass the following resolutions:

"BE IT RESOLVED THAT:

1. subject to regulatory approval, the Stock Option Plan, in the form presented to this Meeting, is approved and is hereby directed to be attached to the Minutes of this Meeting as a Schedule thereto;
2. the Company is authorized to grant stock options pursuant and subject to the terms and conditions of the Stock Option Plan entitling all of the optionholders in aggregate to purchase up to such number of Common shares of the Company as is equal to 10% of the number of Common shares of the Company issued and outstanding on the applicable grant date;
3. any committee created pursuant to the Stock Option Plan is authorized to make such amendments to the Stock Option Plan from time to time as the Board may, in its discretion, consider to be appropriate, provided that such amendments will be subject to the approval of all applicable regulatory authorities and in certain cases, in accordance with the terms of the Stock Option Plan, the shareholders; and

4. the approval of the Stock Option Plan by the Board of directors is hereby ratified and any one director of the Company is hereby authorized to execute any other documents as the director deems necessary to give effect to the transactions contemplated in the Stock Option Plan."

- 14 -

Management of the Company recommends that shareholders vote in favour of the foregoing resolution, and the persons named in the enclosed form of proxy intend to vote for the approval of the foregoing resolution at the Meeting unless otherwise directed by the shareholders appointing them.

New British Columbia Business Corporations Act

On March 29, 2004, the new British Columbia *Business Corporations Act* (the "New Act") came into force, replacing the *Company Act* (the "Former Act"), which previously governed the Company. To make the laws governing British Columbia corporations more consistent with other Canadian and United States jurisdictions and to provide shareholders with a greater choice of effective governance structures, the New Act removes many of the restrictions contained in the Former Act, including restrictions on the residency of directors, limitations on the location of annual general meetings and limits on authorized share structure. As well, the New Act uses new forms and terminology.

Under the New Act, every company incorporated, amalgamated or continued under the Former Act must complete a mandatory transition rollover under the New Act to substitute a Notice of Articles for its Memorandum by March 29, 2006. The only information contained in the Notice of Articles is the authorized share structure of the company, the name of the company, the address of the registered and records office of the company and the names and addresses of the directors of the company. Although this deadline is not for some time, the Company cannot alter its current articles to take advantage of many of the new provisions contained in the New Act until it has completed the mandatory transition rollover. Under the New Act, the directors of the Company are permitted to approve and complete this mandatory transition rollover, and as a result, the Company has filed its transition application.

To assess the opportunities offered by the New Act, Management and the Board of Directors reviewed the existing Articles (the "Existing Articles") of the Company and the New Act to determine what changes, if any, to recommend. As a result, management is seeking shareholder approval to remove certain provisions from the Existing Articles that relate to restrictions contained in the Former Act and that are no longer required under the New Act. In addition, management is seeking shareholder approval to alter the share structure of the Company and replace the Company's Existing Articles with new Articles (the "New Articles"), which will incorporate some of the more flexible provisions of the New Act. Management and the Board of Directors believe that amending the Company's Notice of Articles and the Company's authorized share structure by filing a Notice of Alteration and replacing the Company's Existing Articles with the New Articles will enable the Company to be more efficient, flexible and cost-effective and will bring the Company's charter documents into line with the New Act.

In order to be effective, the proposed special resolutions must be approved by at least three-quarters (75%) of the votes cast by those shareholders of the Company who, being entitled to do so, vote in person or by proxy at the Meeting in respect of such resolutions.

Management and the Board of Directors believe that the passing of the following special resolutions is in the best interest of the Company and recommend that shareholders vote in favour of the special resolutions.

Removal of the Pre-existing Company Provisions

Under the New Act, the Company remains subject to Pre-existing Company Provisions ("PECP's") as set out in Part 17 of the Regulations to the New Act until the Company's shareholders approve the removal of the PECP's. Management is recommending that the Company's shareholders approve the removal of the existing PECP's at this time to modernize the Articles of the Company and to bring it in line with the provisions of the New Act. Given the Company's status as a public company, only two PECP would continue to apply to the Company following the completion of its transition under the New Act unless removed:

1. Under the PECP, if a company offers to purchase any of its own shares, it must extend the offer on a proportionate basis to all shareholders holding shares of the class or series of shares subject to the offer, subject to certain exceptions. The New Act does not contain a similar provision. While the exceptions to this proportionate purchase requirement would, in the vast majority of cases, allow the Company to purchase its shares without having to extend the offer to purchase to all shareholders holding those shares, Management believes that this restriction may unduly limit flexibility in future transactions, where the ability to repurchase some, but not all of its shares from shareholders may be necessary or desirable. Accordingly, if shareholders approve the removal of the application of the Provisions, this requirement will no longer apply to the Company. Any such repurchases remain subject to compliance with applicable securities legislation and stock exchange rules and policies.
2. The PECP would also maintain the requirement under the Former Act that no less than three-quarters of the votes cast at a general meeting must vote in favour of a proposed special resolution in order for that special resolution to be passed. Under the New Act, with shareholder approval, the Company may reduce the level of the majority required to pass some or all special resolutions to two-thirds of the votes cast at a general meeting. Management and the Board of Directors believe that the reduced threshold for certain special resolutions will provide the Company with greater flexibility for future corporate activities and is consistent with companies incorporated in other jurisdictions. Accordingly, subject to shareholder approval to the special resolutions below, the proposed New Articles will reflect the lower threshold for certain special resolutions.

In order to take full advantage of the flexibility offered by the New Act, the Board of Directors of the Company proposes to remove the Pre-existing Company Provisions in connection with the adoption by the Company of a new form of Articles that incorporates provisions permitted under the New Act. In this regard, the shareholders of the Company will be requested at the Meeting to approve the removal of the PECP's by passing the following special resolution, which requires an affirmative vote of not less than three-quarters of the votes cast by shareholders at the Meeting:

"WHEREAS the shareholders of the Company are being requested to approve the removal of the Pre-existing Company Provisions;

AND WHEREAS the directors and officers wish to secure such general and specific approvals for the removal of the Pre-existing Company Provisions as may be required by the operation of the *Business Corporations Act* (British Columbia);

- 16 -

IT IS HEREBY RESOLVED, AS A SPECIAL RESOLUTION, THAT:

1. pursuant to s. 442.1 of the *Business Corporations Act*, (British Columbia) (the "Act"), the Pre-existing Company Provisions set forth in Part 17 of the Regulations to the Act be removed and no longer apply to the Company and the directors of the Company be authorized to instruct its agents to file a Notice of Alteration to the Notice of Articles reflecting the above-noted change;
2. the Company be authorized to revoke this special resolution and abandon or terminate all or any part of the Removal of the Pre-existing Company Provisions if the Board of the Company deems it appropriate and in the best interests of the Company to do so without further confirmation, ratification or approval of the shareholders;
3. any one or more of the directors and officers of the Company be authorized and directed to perform all such acts, deeds and things and execute, under the seal of the Company or otherwise, all such documents and other writings, including the Notice of Alteration, treasury orders, stock exchange and securities

- commissions forms, as may be required to give effect to the true intent of this resolution; and
4. the removal of the Pre-existing Company Provisions shall not take effect until the Notice of Alteration is filed with the Registrar of Companies."

The directors of the Company reserve the right to abandon the transactions contemplated in the "Removal of the Pre-existing Company Provisions" resolution should they deem it appropriate and in the best interest of the Company to do so.

Increase in Authorized Share Structure

Under the Former Act, the Company was required to limit its authorized (as opposed to actual issued) share structure. This requirement was different from the legislation in most jurisdictions in Canada and the United States, which allow a company to authorize an unlimited number of shares as its authorized capital. Under the New Act, the Company may, if authorized by its shareholders, now alter its authorized share structure to an unlimited number of common shares without par value. The Company currently has an authorized share structure of 1,000,000,000 Common shares without par value. The directors believe that removing the limits on the Company's authorized share structure will be of benefit to the Company and its shareholders by providing the Company with greater flexibility for future corporate activities such as any future acquisition or financing transaction that requires the issuance of additional common shares. Cost savings will also be realized as future shareholder approval to increase the authorized capital will no longer be required. As such, Management is proposing that the Notice of Articles be amended to reflect that the Company have an unlimited number of authorized Common shares without par value and an unlimited number of Preferred shares without par value.

Management proposes to present to the shareholders at the Meeting a special resolution to increase the Company's authorized share structure to an unlimited number of Common shares and an unlimited number of Preferred shares without par value.

- 17 -

The shareholders of the Company will be requested at the Meeting to approve the increase in authorized share structure by passing the following special resolution, which requires an affirmative vote of not less than three-quarters of the votes cast by shareholders at the Meeting:

"WHEREAS the Company would like to increase the Company's authorized share capital to an unlimited number of Common shares and an unlimited number of Preferred shares without par value;

AND WHEREAS the directors and officers wish to secure such general and specific approvals for the increase in authorized share structure as may be required by operation of the New Act;

IT IS HEREBY RESOLVED, AS A SPECIAL RESOLUTION, THAT

1. the authorized share structure be increased from 1,000,000,000 Common shares without par value to an unlimited number of Common shares without par value and an unlimited number of Preferred shares without par value, and that the Notice of Articles be altered accordingly;
2. the Company be authorized to revoke this special resolution and abandon or terminate all or any part of the increase in authorized share structure if the Board of the Company deems it appropriate and in the best interests of the Company to do so without further confirmation, ratification or approval of the shareholders;
3. any one or more of the directors and officers of the Company be authorized and directed to perform all such acts, deeds and things and execute, under the seal of the Company or otherwise, all such documents and other writings as may be required to give effect to the true intent of this resolution, including the Notice of Alteration; and
4. such alterations to the authorized share structure of the Company shall not take effect until the Notice of Alteration is filed with the Registrar of Companies."

The directors of the Company reserve the right to abandon the transactions contemplated in the "Increase in Authorized Share Structure" resolution should they deem it appropriate and in the best interest of the Company to do so.

Adoption of New Articles

The New Act amends the form of articles which govern a company and the new form of articles includes information previously contained in a company's Memorandum. Management proposes the adoption of the New Articles to better conform to the structure of the New Act and to modernize the Company's governing rules and provide a more effective constitutional structure. A discussion regarding the main differences between the Company's existing Articles (the "Existing Articles") and the proposed New Articles is attached as Schedule "A", which Shareholders are encouraged to review. A copy of the New Articles may be inspected at the registered office of the Company, Suite 1400 - 1055 West Hastings Street, Vancouver, BC, V6E 2E9 during normal business hours and at the Annual General Meeting to be held on June 15, 2005. In addition, a copy of the New Articles will be mailed, free of charge, to any holder of Common shares who requests a copy, in writing, from the Secretary of the Company. Any such request should be mailed to the Company, at its registered office, to the attention of the Secretary.

- 18 -

In this regard, the shareholders of the Company will be requested at the Meeting to approve the adoption of the New Articles by passing the following special resolution, which requires an affirmative vote of not less than three-quarters of the votes cast by shareholders at the Meeting:

"WHEREAS the Company would like to adopt new Articles;

AND WHEREAS the directors and officers wish to secure such general and specific approvals for the adoption of new Articles as may be required by the operation of the

Business Corporations Act (British Columbia);

IT IS HEREBY RESOLVED, AS A SPECIAL RESOLUTION, THAT:

1. subject to the filing of a Transition Application containing a Notice of Articles and subject also to the filing of the Notice of Alteration removing the Pre-existing Company Provisions, the existing Articles of the Company be deleted and cancelled and that the new form of Articles approved by the Directors of the Company and presented to the shareholders at the 2005 Annual General Meeting of the shareholders of the Company scheduled to be held on June 15, 2005, be adopted as the Articles of the Company in substitution for, and to the exclusion of, the existing Articles of the Company;
2. the lawyer for the Company be appointed as the Company's agent to electronically file a Notice of Alteration to the Notice of Articles with the Registrar of Companies;
3. the alteration to the Articles will not take effect until a Notice of Alteration to the Notice of Articles has been filed with the Registrar of Companies to reflect the alteration as contemplated by these resolutions;
4. the Company be authorized to revoke this special resolution and abandon or terminate all or any part of the adoption of the Articles if the Board of the Company deems it appropriate and in the best interests of the Company to do so without further confirmation, ratification or approval of the shareholders; and
5. any one or more of the directors and officers of the Company be authorized and directed to perform all such acts, deeds and things and execute, under the seal of the Company or otherwise, all such documents and other writings as may be required to give effect to the true intent of this resolution, including the Notice of Alteration."

The directors of the Company reserve the right to abandon the transactions contemplated in the "Adoption of New Articles" resolution should they deem it appropriate and in the best interest of the Company to do so.

SCHEDULE "A"

Set out below is a discussion of the changes proposed under the New Articles. These proposed changes to the New Articles include a discussion of substantive changes included in the New Articles and changes included that are as a result of changes under the New Act. The New Articles incorporate a number of non-substantive changes, including the use of the new terminology adopted under the New Act. For example, "members" are now "shareholders" and "register of members" is now "central securities register" under the New Act. Many of these non-substantive terminology and wording changes are not discussed in detail here, as they reflect statutory requirements that the Company cannot alter or amend. For full particulars, please refer to the text of the proposed New Articles, a copy of which can be obtained as set out in the Information Circular.

The following is a discussion of the substantive changes proposed in the New Articles.

Borrowing Powers

Under the Existing Articles, the Company may borrow money, issue debt and mortgage or give security on the undertaking, or on the whole or any part of the property and assets, of the Company (both present and future). However, under the New Act, companies are now also permitted, without restriction, to guarantee repayment of money by any other person or the performance of any obligation of any other person. This change reflects the modernization of corporate legislation to effectively respond to increasingly complex financial transactions that companies may enter into in the course of their businesses. As a result, the New Articles provide that the Company will be able to guarantee the repayment of money by any other person or the performance of any obligation of any other person. Management believes that it is in the best interests of the Company to allow for such a guarantee to permit the Company the maximum flexibility in possible future financial transactions, recognizing the duties directors have to ensure that the guarantee must always be in the best interest of the Company and its shareholders.

Directors Authority to Set Auditor's Remuneration

Under the New Act, the Company is, subject to shareholder approval, permitted to include in the New Articles authorization for the directors to set the remuneration paid to the auditors of the Company. The Former Act required the shareholders to set the remuneration or the shareholders to authorize, on an annual basis, the directors to set the remuneration. Historically, shareholders of the Company have always authorized the directors

to appoint the auditors and to set the auditor's remuneration. As a result, the inclusion of the authority for directors to set the auditor's remuneration in the New Articles merely codifies existing practice. More importantly, however, this change also codifies new corporate governance rules and regulations relating to audit committees and the appointment and remuneration of auditors.

Special Majority for Resolutions

Under the Former Act, the number of votes required to pass a special resolution at a general meeting was three-quarters of the votes cast on a resolution. Under the New Act, the Company is authorized to determine whether a special resolution requires two-thirds or three-quarters of the votes cast on a resolution. The Existing Articles did not state what the majority was for a special resolution, as this matter was dealt with under the Former Act. The New Articles propose that the passage of a special resolution will require a majority of two-thirds of the votes cast on a resolution.

- 21 -

Resolutions Required

Under the New Act, the Company is, subject to shareholder approval, now permitted in its New Articles to set out the type of approval required for certain corporate changes. This change in the New Act reflects an increasing need for companies to react and adapt to changing business conditions, and to have a system in place that allows for quick responses. Under the New Act, a Company may choose different thresholds of support for specific resolutions, including changes such as the subdivision and consolidation of its shares and a change in the name of the Company. Changes such as subdivisions, consolidations and name changes were previously required to be approved by shareholders under the Former Act. Traditionally, where these changes are proposed between annual general meetings of shareholders, it would require that the Company hold a special general meeting to have the change approved. This is very expensive for the Company, and often results in unnecessary time delays and costs.

As a result, management and the board of directors are proposing that the New Articles provide for the following matters to require a directors' resolution only, and not require a shareholders' resolution:

- A change of name of the Company;
- A subdivision of all or any of the unissued, or fully paid issued, shares;
- A consolidation of all or any of the unissued, or fully paid issued, shares;
- create one or more classes or series of shares or, if none of the shares of a class or series of shares are allotted or issued, eliminate that class or series of shares;
- increase, reduce or eliminate the maximum number of shares that the Company is authorized to issue out of any class or series of shares or establish a maximum number of shares that the Company is authorized to issue out of any class or series of shares for which no maximum is established;
- certain other corporate changes.

Other capital and share structure changes will continue to require shareholder approval. Management believes that it is in the best interests of the Company to allow directors to pass resolutions to authorize the above changes so that the Company can react and adapt to changing business conditions in a timelier and less costly manner. Any such changes would continue to be subject to applicable securities laws and the rules and policies of applicable stock exchanges (which may nevertheless require shareholder approval in certain cases).

Share Issuances

Under the Former Act, the maximum discount or commission payable on the issuance of a share of the Company was 25%. Under the New Act the Company is, subject to shareholder approval, now permitted to avoid setting a numerical maximum for a discount or commission payable on the issuance of a share but rather limit any discount or commission by a test of reasonableness. The New Articles provide that the Company is permitted to pay or offer a reasonable commission, finder's fee or discount as permitted in the New Act. Management of the Company believes that the 25% maximum limit should not be set out in the New Articles, as such a limit does not consider factual circumstances nor apply a test of reasonableness. By limiting the discount or commission amounts payable by the test of reasonableness, exercised by directors with a duty to act in the best interest of the Company, the Company is provided greater flexibility in possible future transactions. In addition, since the

Company is a public company, it is subject to the requirements of the TSX Venture Exchange on share issuances and discounts and commissions, which requirements are generally more stringent than the Former Act provisions.

- 22 -

Delivery of Documents to Shareholders

As a result of changes under the New Act, the New Articles now permit the delivery of documents to a shareholder by facsimile transmission, email or any other method permitted under securities legislation. This change reflects recent developments under securities legislation. As part of its efforts to modernize and adopt new, less expensive methods of shareholder communication, management believes it is in the best interests of the Company to allow for facsimile transmission, email and other permitted methods of delivery of documents to shareholders. As a result, the New Articles allow the Company to deliver documents to shareholders by facsimile transmission, email or other methods permitted under the securities legislation.

Proxies

As a result of changes under the New Act, the New Articles now permit shareholders to deposit their proxies for shareholder meetings through mail or facsimile delivery or any other method of transmitting legibly recorded messages. This reflects a general movement by corporations to adopt easier and faster ways for shareholders to communicate with corporations. As part of its efforts to modernize and adopt new, less expensive methods of shareholder communication, management believes it is in the best interests of the Company to allow for proxies to be deposited using facsimile, email and other methods permitted under securities legislation.

Share Purchases

Under the Existing Articles, if the Company made an offer to purchase any of its own shares, it was required to extend the offer on a proportionate basis to all shareholders holding the same class or series of shares that were subject to the offer, subject to certain exceptions. As this is no longer a requirement of the New Act, the New Articles do not contain a similar provision.

Officers

Under the Existing Articles, the Company was required to have at least a President and Secretary as officers, and there had to be separate individuals holding those positions. In addition, the President was required to be a director of the Company. These were requirements under the Former Act. However, under the New Act, those requirements no longer exist, and as a result, the New Articles do not contain these requirements. Management and the board of directors believe that by removing these restrictions the Company is better able to meet its corporate governance obligations as to membership of the board of directors.

Publication of Advance Notice of Meeting

Under the Existing Articles, the Company was required to publish notice of a general meeting of shareholders in the manner required under the Former Act. Under the New Act, the Company is no longer required to publish notice of general meetings. As a result, the New Articles do not contain a requirement to publish advance notice of the meeting.

- 23 -

Share Certificates

Under the Existing Articles, a shareholder is entitled to a share certificate representing the number of shares of the Company he or she holds. Under the New Act, a shareholder is now entitled to a share certificate representing the number of shares of the Company he or she holds or a written acknowledgement for the shareholder's right to obtain such a share certificate. As a result, the New Articles provide for this additional

right. The addition of the ability to issue a written acknowledgement is very useful for public companies such as the Company, since it permits flexibility in corporate and securities transactions.

Disclosure of Interest of Directors

Under the New Act, the provisions relating to the disclosure of interest by directors have been revised and updated. As directors of the Company are bound by these provisions, the New Articles do not contain reference to the old disclosure of interest provisions and refer instead to the provisions contained in the New Act.

Directors' Meetings

Under the New Act, the provisions relating to directors' meetings have been revised and updated to allow directors to participate by telephone or other communications mediums, so long as the directors are able to communicate with each other. The New Articles broaden the ability of directors to participate in meetings through other communication mediums to allow directors who may not be able to attend in person to still participate in meetings of the directors.

In addition, the New Articles allow directors to receive notices of meetings by electronics means, which allows for quicker and more efficient communication with directors of the Company.

Indemnity Provision

Under the Former Act, the Company could only indemnify directors where it obtained prior court approval, except in certain limited circumstances. The Existing Articles provided for the Company to indemnify directors, subject to the requirements of the Former Act. Under the New Act, the Company is now permitted to indemnify a past or present director or officer of the Company without obtaining prior court approval in respect of an "eligible proceeding". An "eligible proceeding" includes any legal proceeding relating to the activities of the individual as a director or officer of the Company. However, under the New Act, the Company is prohibited from paying an indemnity if:

- (i) the party did not act honestly and in good faith with a view to the best interests of the Company;
 - (ii) the proceeding was not a civil proceeding and the party did not have reasonable grounds for believing that his or her conduct was lawful; and
 - (iii) the proceeding is brought against the party by the Company or an associated corporation.
-

- 24 -

As a result, the New Articles allow the Company to indemnify directors, officers, employees and agents, subject to the limits imposed under the New Act. Management believes that it is in the best interests of the Company to allow the indemnification of directors, officers, employees and agents, subject to the limits and conditions of the New Act.

Authorized Share Structure

Under the Former Act, the Company was required to set a maximum number for its authorized share structure and such number was required to be contained in the Company's Memorandum. Under the New Act there are no maximum number restrictions and, due to the elimination of the memorandum under the New Act, such authorized share structure must be contained in a company's Notice of Articles. The New Articles are based on the passage by the Shareholders of a special resolution to alter the Company's authorized share structure from 1,000,000,000 Common shares without par value to an unlimited number of Common shares without par value and an unlimited number of Preferred shares without par value and such altered authorized share structure is therefore reflected in the New Articles. Should the Shareholders fail to pass the special resolution removing the limitations on the Company's authorized share structure, the Company's authorized share structure will remain its current authorized share structure of 1,000,000,000 Common shares without par value, or such other share structure as may be approved by the shareholders.

Holding of Annual General Meetings

Under the Former Act, annual general meetings were required to be held within 13 months of the last annual general meeting. The New Act allows for annual general meetings to be held once in each calendar year and not more than 15 months after the last annual general meeting and accordingly, the New Articles reflect this provision.

Location of Shareholder Meetings

Under the Former Act, shareholder meetings were required to be held in British Columbia, unless an application was made and accepted by the registrar to hold the meeting elsewhere. Under the New Act, companies may hold shareholder meetings at a location outside of British Columbia. Accordingly, the New Articles allow for the Company to hold meetings outside of British Columbia if approved by directors' resolution.
