Series G Preferred Stock Financing

On February 9, 2017, RiceBran Technologies (the “Company,” “we” or “us”) entered into a securities purchase agreement (the “Preferred Purchase Agreement”) with certain accredited investors named in the signature pages thereto (the “Preferred Purchasers”), pursuant to which the Company sold and issued: (i) an aggregate of 2,000 shares (“Shares”) of Convertible Series G Preferred Stock (the “Preferred Stock”) with a stated value equal to \$1,000 per share (“Stated Value”), and (ii) warrants to purchase an aggregate of 1,423,488 shares of common stock at an exercise price of \$0.96 per share (“Preferred Warrants”) which such Preferred Stock and Preferred Warrants become convertible or exercisable, as applicable, immediately upon the Company’s filing with the State of California of an amendment to its articles of incorporation (the “Amendment”) to increase the number of its authorized shares of common stock to 50,000,000 shares from 25,000,000 shares of Common Stock (the “Preferred Stock Private Placement”). The closing of the Preferred Stock Private Placement took place on February 13, 2017.

We received aggregate net proceeds, after deducting placement agent fees and other estimated expenses related to the Preferred Stock Private Placement, in the amount of approximately \$1.85 million. We intend to use the net proceeds from this offering for working capital, business development and certain other expenditures.

On February 9, 2017, we filed a Certificate of Determination of Preferences and Rights of the Series G Preferred Stock of RiceBran Technologies (“Certificate of Determination”) with the Secretary of State of the State of California, establishing the Preferred Stock in connection with the issuance of the Preferred Stock under the Preferred Purchase Agreement dated February 9, 2017. The Certificate of Determination provides that the Preferred Stock is non-voting and is convertible at the holder’s election at any time, at a Conversion Price equal to \$1.05375, subject to adjustment as provided in the Certificate of Determination (“the Conversion Price”). Each share of Preferred Stock is convertible into that number of shares of common stock determined by dividing the Stated Value by the Conversion Price. The Preferred Stock is only entitled to receive dividends if any are declared by the Company, in which case the dividend will be paid (a) first an amount equal to \$0.01 per share of Preferred Stock (before any distributions or payments to junior securities), and (b) then (on an “as converted to common stock” basis) to and in the same form as dividends actually paid on shares of our common stock. The Preferred Stock has no liquidation or other preferences over our common stock. Subject to limited exceptions, a holder of Shares will not have the right to exercise any portion of its Shares if the holder, together with its affiliates, would beneficially own over 4.99% of the number of shares of our common stock outstanding immediately after giving effect to such exercise (the “Beneficial Ownership Limitation”); provided, however, that upon 61 days’ prior notice to us, the holder may increase the Beneficial Ownership Limitation, provided that in no event will the Beneficial Ownership Limitation exceed 9.99%.

The foregoing description of the rights, preferences and privileges of the Series G Preferred Stock is a summary, does not purport to be complete and is qualified in its entirety by the full text of the Certificate of Determination, which is attached hereto as Exhibit 3.1 and incorporated by reference herein.

Edgar Filing: RiceBran Technologies - Form 8-K

The Preferred Purchase Agreement contains customary representations, warranties and agreements by us and customary conditions to closing. Under the Preferred Purchase Agreement, we have agreed not to contract to issue or announce the issuance or proposed issuance of any common stock or common stock equivalents, except for certain exempt issuances as set forth in the Preferred Purchase Agreement, until the later of (i) 90 days following the date on which the Amendment is filed and accepted with the State of California (“Authorized Share Increase Date”) and (ii) the six month anniversary of the Effective Date (as defined in the Preferred Purchase Agreement).

Each Preferred Warrant will be exercisable beginning on the Authorized Share Increase Date (the “Initial Exercise Date”) at an exercise price of \$0.96 per share, subject to adjustment as provided therein. The Preferred Warrants will be exercisable for five years from the Initial Exercise Date, but not thereafter. Subject to limited exceptions, a holder of Preferred Warrants will not have the right to exercise any portion of its Preferred Warrants if the holder, together with its affiliates, would exceed the Beneficial Ownership Limitation; provided, however, that upon 61 days’ prior notice to us, the holder may increase the Beneficial Ownership Limitation, provided that in no event will the Beneficial Ownership Limitation exceed 9.99%.

We entered into a Registration Rights Agreement (the “Preferred Registration Rights Agreement”) under which we must register the shares of common stock issuable upon exercising the Preferred Warrants (“Preferred Warrant Shares”), and the shares of common stock issuable upon the conversion of the Preferred Stock (the “Conversion Shares”) on a Registration Statement by April 3, 2017 (the “Preferred Resale Registration Statement”). If the Preferred Resale Registration Statement is not declared effective by May 13, 2017 (or June 13, 2017 if a full SEC review occurs) then we will have to pay certain liquidated damages of 2% multiplied by the aggregate exercise price of the warrants each month, up to an aggregate of 18% of the amount the investor purchased in this offering.

The foregoing descriptions of the Preferred Purchase Agreement, the Preferred Registration Rights Agreement and the Preferred Warrants are qualified in their entirety by reference to the full text of the Form of Certificate of Determination, Form of Preferred Warrant, Form of Preferred Securities Purchase Agreement, and Form of Preferred Registration Rights Agreement, which are attached to this Current Report on Form 8-K as Exhibits 3.1, 4.1, 10.1, and 10.2, respectively, and incorporated herein by reference in their entirety.

Original Issue Discount Senior Secured Debentures Financing

On February 9, 2017, we entered into a securities purchase agreement (the “Debentures Purchase Agreement”) with certain accredited investors named in the signature pages thereto (the “Debenture Purchasers”), pursuant to which the Company sold and issued: (i) an aggregate principal amount of \$6,600,000 (“Aggregate Principal Amount”) of original issue discount senior secured debentures (“Debentures”) for an aggregate subscription amount of \$6,000,000, and (ii) warrants to purchase an aggregate of 6,875,000 shares of common stock at an exercise price of \$0.96 per share (“Debenture Warrants”) which become exercisable immediately upon the filing of the Amendment with the State of California (the “Debenture Private Placement”). The closing of the Debenture Private Placement took place on February 13, 2017.

We received aggregate net proceeds, after deducting placement agent fees and other estimated expenses related to the Debenture Private Placement, in the amount of approximately \$5.6 million. We intend to use the net proceeds from this offering to (i) pay off the debt of approximately \$3.8 million held by Great Elm Capital Corp. (f/k/a Full Circle Corporation) under that certain Loan, Guarantee and Security Agreement dated as of May 12, 2015, as amended, (ii) pay down the principal amount in subordinated notes held by certain subordinated creditors, and (iii) for working capital and general corporate purposes.

The Aggregate Principal Amount of the Debentures shall be due and payable on February 13, 2019. The Debentures contain redemption provisions which require the Company to redeem the principal amount outstanding on the Debentures with the net proceeds received from certain asset sales and subsequent financings, as set forth in the Debentures.

The Debentures Purchase Agreement contains customary representations, warranties and agreements by us and customary conditions to closing. Under the Debentures Purchase Agreement, we have agreed not to contract to issue or announce the issuance or proposed issuance of any common stock or common stock equivalents, except for certain exempt issuances as set forth in the Securities Purchase Agreement, until the later of (i) the Authorized Share Increase Date and (ii) the six month anniversary of the Effective Date (as defined in the Securities Purchase Agreement”).

The Debentures Purchase Agreement also provides for the repricing of 885,010 existing warrants held by Purchasers which currently have an exercise price of \$5.87, \$5.27 and \$5.25. The Company agreed to: (i) reduce the exercise price to \$0.96, provided that such warrants shall not be exercisable for 6 months and a day from the date such exercise price is reduced, and (ii) amend the termination dates on such existing warrants to be August 10, 2022. The number of existing warrants being repriced is based on each Purchaser’s subscription amount of the Debentures, and shall not exceed 125 Warrant Shares for each \$1,000 of subscription amount of the Debentures by the Purchaser.

In connection with the Debenture Private Placement, the Company and its subsidiaries entered into a Security Agreement with the Debenture Purchasers dated as of February 13, 2017 granting the Debenture Purchasers a security interest in certain collateral of the Company and its subsidiaries (“Security Agreement”) and an Intellectual Property Security Agreement with the Debenture Purchasers dated as of February 13, 2017 granting the Debenture Purchasers a security interest in certain intellectual property collateral of the Company and its subsidiaries (“IP Security Agreement”). In addition, certain subsidiaries of the Company entered into a Subsidiary Guarantee with the Debenture Purchasers dated as of February 13, 2017 guaranteeing the Company’s obligations under the Debentures (“Subsidiary Guarantee”). Each Debenture Warrant will be exercisable beginning on the Initial Exercise Date at an exercise price of \$0.96 per share, subject to adjustment as provided therein. The Debenture Warrants will be exercisable for five years from the Initial Exercise Date, but not thereafter. Subject to limited exceptions, a holder of the Debenture Warrants will not have the right to exercise any portion of its Debenture Warrants if the holder, together with its affiliates, would exceed the Beneficial Ownership Limitation; provided, however, that upon 61 days' prior notice to us, the holder may increase the Beneficial Ownership Limitation, provided that in no event will the Beneficial Ownership Limitation exceed 9.99%.

We entered into a Registration Rights Agreement (the "Debenture Registration Rights Agreement") under which we must register the Debenture Warrant Shares on a Registration Statement by April 3, 2017 ("Debenture Resale Registration Statement"). If the Debenture Resale Registration Statement is not declared effective by May 13, 2017 (or June 13, 2017 if a full SEC review occurs) then we will have to pay certain liquidated damages of 2% multiplied by the aggregate exercise price of the warrants each month, up to an aggregate of 18% of the amount the investor purchased in this offering.
