Item 1.01. Entry into a Material Agreement.

The disclosure set forth below under Item 1.02 of this Current Report on Form 8-K is hereby incorporated by reference herein.

Item 1.02. Termination of a Material Definitive Agreement.

On April 16, 2008, Apex Bioventures Acquisition Corporation (“Apex”), Apex Acquisition Sub, Inc., a wholly-owned subsidiary of Apex (“Acquisition Sub”), and Dynogen Pharmaceuticals, Inc. (“Dynogen”) entered into a Termination and Release Agreement (the “Termination Agreement”) to mutually terminate the Agreement and Plan of Merger, dated February 5, 2008 (the “Merger Agreement”), by and among such parties and the Holder Representatives (as such term is defined therein), pursuant to which Dynogen would have merged with Acquisition Sub. Due to current market conditions, particularly those for small capitalization public biotech companies, Apex and Dynogen determined that terminating the merger agreement was in the best interest of both companies and their respective stockholders. Under the terms of the Termination Agreement, the parties agreed to release claims they may have against the other.

The foregoing description of the Termination Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Termination Agreement, which is attached as exhibit 10.1 and incorporated herein by reference.

Apex will continue to search for a business with which to effect a business combination on the terms set forth in its certificate of incorporation. As of March 31, 2008, the amount held in trust for the benefit of Apex’s public stockholders, including \$2,070,000 of deferred underwriting discounts and commissions, was approximately \$67,200,956. If Apex does not sign a letter of intent by December 13, 2008 and effect a business combination by June 13, 2009, it will dissolve and liquidate.

Apex issued a press release on April 16, 2008 disclosing the termination of the Merger Agreement. A copy of the press release is furnished herewith as Exhibit 99.1 and is incorporated herein by reference.
