PROXY STATEMENT FOR 2010 ANNUAL MEETING

INTRODUCTION

Time and Place of the Meeting

The Board of Directors of First Reliance Bancshares, Inc. (the “Company”) is furnishing this proxy statement in connection with its solicitation of proxies for use at the annual meeting of shareholders to be held on Thursday, June 17, 2010 at 4:00 p.m. at the First Reliance Bank – Learning Center, 2148 West Palmetto Street in Florence, South Carolina and at any adjournments of the meeting.

Record Date and Mail Date

The close of business on April 15, 2010 is the record date for the determination of shareholders entitled to notice of and to vote at the meeting. We first mailed this proxy statement and the accompanying proxy card to shareholders on or about April 28, 2010.

Number of Common Shares Outstanding

As of the close of business on the record date, the Company had 20,000,000 shares of common stock, \$0.01 par value, authorized, of which 4,043,520 shares were issued and outstanding. Each issued and outstanding share of common stock is entitled to one vote on all matters presented at the meeting.

The Company also has 10,000,000 shares of preferred stock, no par value, authorized, of which 15,349 shares of Series A Cumulative Perpetual Preferred Stock (the “Series A Preferred Stock”) and 767 shares of our Series B Cumulative Perpetual Preferred Stock (the “Series B Preferred Stock”) are authorized, issued and outstanding. The Series A Preferred Stock and the Series B Preferred Stock are not entitled to vote on the matters presented at this meeting.

VOTING AT THE ANNUAL MEETING

Proposals to Be Considered

Shareholders will be asked to elect three (3) persons to serve as Class C Directors for a three-year term, until the 2013 Annual Meeting of Shareholders and until their successors have been elected and qualified. This proposal is further described in this proxy statement. The Board of Directors recommends that you vote for approval of this proposal.

Shareholders will also be asked to consider and vote upon a non-binding resolution approving the compensation of First Reliance’s executive officers as described in this Proxy Statement. This proposal is further described in this proxy statement. The Board of Directors recommends that you vote for approval of this proposal.

Shareholders may also be asked to vote on other matters, if any, properly brought before the shareholders at the annual meeting.

Procedures for Voting by Proxy

If you properly sign, return and do not revoke your proxy, the persons appointed as proxies, who are Leonard A. Hoogenboom and F.R. Saunders, Jr., will vote your shares according to the instructions you have specified on the proxy card. If you sign and return your proxy card but do not specify how the persons appointed as proxies are to vote your shares, your proxy will be voted for the election of the nominated directors and in the best judgment of the persons appointed as proxies as to all other matters properly brought before the meeting. If any nominee for election to the Board of Directors named in this proxy statement becomes unavailable for election for any reason, the proxy will be voted for a substitute nominee selected by the Board of Directors.

You can revoke your proxy at any time before it is voted by delivering to F.R. Saunders, Jr., President and Chief Executive Officer of the Company, at the main office of the Company, either a written revocation of the proxy or a duly executed proxy bearing a later date or by attending the meeting and voting in person.

Requirements for Shareholder Approval

Quorum. A quorum will be present at the meeting if a majority of the outstanding shares of common stock are represented in person or by valid proxy. We will count abstentions and broker non-votes, which are described below, in determining whether a quorum exists.

Abstentions. A shareholder who is present in person or by proxy at the annual meeting and who abstains from voting on any or all proposals will be included in the number of shareholders present at the annual meeting for the purpose of determining the presence of a quorum. Abstentions do not count as votes in favor of or against a given proposal unless the proposal being voted upon requires the affirmative vote of at least a specific percentage of the shares outstanding and entitled to vote. In such a case, abstentions will count as votes against the proposal.

Broker Non-Votes. Brokers who hold shares for the accounts of their clients may vote these shares either as directed by their clients or in their own discretion if permitted by the exchange or other organization of which they are members. Proxies for which brokers fail to vote on one or more proposals are referred to as “broker non-votes” with respect to the proposal(s) not voted upon. Broker non-votes are included in determining the presence of a quorum. A broker non-vote, however, does not count as a vote in favor of or against a particular proposal for which the broker has no discretionary voting authority unless the matter being voted upon requires the affirmative vote of at least a specific percentage of the shares outstanding and entitled to vote. In such a case, broker non-votes will count as votes against the proposal.

Approval Requirements. To be elected or ratified as a director, a director nominee must receive a plurality of the votes for his or her election as a director. As a result, if you withhold your vote as to one or more nominees, it will have no effect on the outcome of the election of the director for which you withheld your vote, unless you cast that vote for a competing nominee, if any.

Any other matter that may properly come before the annual meeting, requires more votes for than against the proposal being voted upon. Abstentions and broker non-votes will not be counted as votes against any proposal and therefore will have no effect on the outcome of the proposal.

SOLICITATION OF PROXIES

The Company will pay the cost of proxy solicitation. Our directors, officers and employees may, without additional compensation, solicit proxies by personal interview, telephone, fax, or otherwise. We will direct brokerage firms or other custodians, nominees or fiduciaries to forward our proxy solicitation material to the beneficial owners of common stock held of record by these institutions and will reimburse them for the reasonable out-of-pocket expenses they incur in connection with this process.

PROPOSAL NO. 1: ELECTION OF DIRECTORS

Director Nominees

The Company's Articles of Incorporation provide that the Board of Directors of the Company will be divided into three (3) classes – Class A, Class B and Class C – each of which is as nearly equal in number as possible. The directors in each class serve for staggered terms of three years each.

On February 18, 2010, the Board of Directors was informed that Director A. Joe Willis intended to retire from service to the Company's Board at the completion of his current term, which concludes at the 2010 Annual Meeting. The Board of Directors thanked Dr. Willis for his dedicated service to the Company, and elected to not nominate Dr. Willis for another term. At its May 2010 Board Meeting, the Company's Board of Directors, pursuant to the Company's bylaws, will consider a resolution to reduce the size of the Board of Directors to nine (9) directors effective as of June 17, 2010.

The Board of Directors recommends that the shareholders elect the persons identified below as nominees to the Board of Directors. Director Independence

The Board of Directors has determined that the following directors are independent pursuant to the independence standards of the Nasdaq Stock Market:

- Leonard A. Hoogenboom
- John M. Jebaily
- Andrew G. Kampiziones
- C. Dale Lusk, MD
- J. Munford Scott, Jr.

In determining that each director could exercise independent judgment in carrying out his or her responsibilities, the Board of Directors considered any transactions, relationships and arrangements between the Company or the Bank and the director and his family.

Board Leadership Structure and Role in Risk Oversight

Our Board of Directors is led by a Chairman selected by the Board from time to time. Presently, Mr. Hoogenboom, an independent director, is Chairman of the Board. Mr. F.R. Saunders, Jr. currently serves as a director and as the Company's President and Chief Executive Officer. The foregoing structure is not mandated by any provision of law, but the Board of Directors believes this structure provides for an appropriate balance of authority between management and the Board and provides an efficient decision making process with proper independent oversight. The Board of Directors, however, reserves the right to establish a different structure in the future.

The Board of Directors oversees and monitors First Reliance's risk management processes. The Board outlines our risk principles and management framework and it sets high level strategy and risk tolerances, including the creations of internal controls and safeguards relating to interest rate risk, loan concentrations, loans to one borrower and customer security. The Audit Committee is primarily responsible for overseeing the risk management function of the Company on behalf of the Board. In carrying out its responsibilities, the Audit Committee works closely with senior risk officers as well as the Board's Corporate Governance and Nominating Committee and meets regularly to review management's assessment of risk exposure and the process in place to monitor and control such exposure. Additionally, the Audit Committee meets no less than quarterly to review quarterly reports on Form 10-Q, internal audits and loan reviews, and meets in executive session with internal auditors, the Company's principal accountants, the Chief Financial Officer and the Controller, among others, to assess risk that may affect the entire Company.

Board Meetings and Committees

In 2009, the Boards of Directors of the Company and the Bank held 14 joint meetings. During 2009, all incumbent directors attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings held by all committees of the board on which the director served.

The Company does not have a formal policy regarding board member attendance at the annual meeting of shareholders; however, board members are encouraged to attend any and all shareholder meetings of the Company. Last year 8 of our 10 directors attended our annual meeting of shareholders.

Corporate Governance and Nominating Committee. The Company's Corporate Governance and Nominating Committee consists of Leonard A. Hoogenboom, F.R. Saunders, Jr., J. Munford Scott, Jr., and C. Dale Lusk. The committee met one time during 2009. The Corporate Governance and Nominating Committee has been formed by the Board of Directors to consider shareholders' nominations of individuals to serve as directors of the Company in accordance with the Company's Bylaws and the committee's charter. As part of its responsibilities, the committee makes a recommendation regarding any suggested nominee to the entire Board of Directors for final determination and consideration. The Company's and the Bank's Board of Directors has adopted a written charter for the Corporate Governance and Nominating Committee, which is available on our website, www.firstreliance.com.

The Corporate Governance and Nominating Committee has adopted a formal process for identifying or evaluating nominees; as part of this process, it informally solicits and considers recommendations from a variety of sources, including other directors, members of the community, customers of the Bank and shareholders of the Company, and professionals in the financial services and other industries. Similarly, the committee does prescribe specific qualifications or skills that a nominee must possess, including the potential nominee's business experience; knowledge of the Company and the financial services industry; experience in serving as a director of the Company or another financial institution or public company generally; wisdom, integrity and analytical ability; familiarity with and participation in the communities served by the Company; commitment to and availability for service as a director; and any other factors the committee deems relevant.

The Corporate Governance and Nominating Committee's policy with regard to the consideration of diversity in identifying director nominees considers all aspects of diversity in identifying well-qualified director nominees. In particular, the Corporate Governance and Nominating Committee attempts to identify well-qualified directors who are representative of First Reliance's market area and customers.

The Corporate Governance and Nominating Committee will consider shareholder nominations for directors that are made in writing and delivered to the Company in accordance with the Company's Bylaws. Generally, the Company's Bylaws require that such notice be given at least 120 days before the one-year anniversary of the mailing date for the prior year's proxy statement, which in our case would require that nominations be submitted prior to December 30, 2010 for next year's annual meeting.

Additionally, the nomination must state, to the extent known to the nominating shareholder, the following information:

- with respect to the nominee, all information regarding the nominee required to be disclosed in a solicitation of proxies for election of directors pursuant to Regulation 14A under the Securities and Exchange Act of 1934 (including the nominee's written consent to be named in a proxy statement as a nominee and to serve as a director if elected);
- any agreement or relationship between the nominee and the Company, its directors, officers, employees and independent auditors, as well as the nominating shareholder; and
 - the nominating shareholder's name, address and number of shares owned.

Shareholder nominations not made in accordance with the Company's nominating procedures may be disregarded by the chair of the meeting at which the election is to be held.

Audit Committee. The Company's Audit Committee consists of Leonard A. Hoogenboom, Andrew G. Kampiziones, J. Munford Scott, Jr., and C. Dale Lusk. The committee met four times in 2009. The Audit Committee recommends to the Bank's and the Company's Board of Directors the independent public accountants to be selected to audit the Bank's and the Company's annual financial statements and determines that all audits and exams required by law are performed fully, properly and in a timely fashion. The Audit Committee also evaluates internal accounting controls, reviews the adequacy of the internal audit budget, personnel and audit plan. The Board has determined that Mr. Hoogenboom is an "audit committee financial expert" as that term is defined in SEC regulations. The Company's and the Bank's Board of Directors has adopted a written charter for the Audit Committee, which is available on our website, www.firstreliance.com. The Audit Committee Report is found in the "Audit Committee Matters" section of this Proxy Statement.

Compensation Committee. The Company's Compensation Committee consists of Andrew G. Kampiziones, Leonard A. Hoogenboom, John M. Jebaily and J. Munford Scott, Jr. The committee met six times in 2009. The primary purpose of the Compensation Committee is to aid the Board of Directors in discharging its responsibilities relating to the compensation of the Company's executive officers, including the Chief Executive Officer. The committee has overall responsibility for evaluating and approving the Company's compensation plans, policies and programs. The committee (i) reviews and determines the annual compensation, including salary, bonus, incentive and other compensation of the Chief Executive Officer; (ii) approves corporate goals and objectives relevant to compensation of the Chief Executive Officer; (iii) evaluates performance in light of these goals and objectives, approves compensation in accordance therewith and provides a report thereon to the Board; (iv) reviews and makes recommendations to the Board with respect to incentive based compensation plans and equity based plans; (v) establishes criteria for the terms of awards granted to participants under such plans; (vi) recommends to the Board the compensation for directors (including retainer, committee and committee chair fees, stock options and other similar items, as appropriate); (vii) establishes and approves policies on employment agreements, severance arrangements and change in control agreements and provisions, as well as any special supplemental benefits; and (viii) retains outside counsel and other advisors as the committee may deem appropriate in its sole discretion. The committee has the sole authority to approve related fees and retention terms. Although the Compensation Committee did consult with legal counsel during 2009 regarding its compensation plans, it did not utilize the services of dedicated compensation consultant in 2009.

Pursuant to First Reliance's participation in the United States Department of the Treasury's ("Treasury") Troubled Asset Relief Program ("TARP"), Capital Purchase Program ("CPP"), the Compensation Committee must be comprised entirely of independent directors and is required to perform, at least every six months, a review of our incentive compensation programs with senior risk officers to (i) ensure that the programs do not encourage Senior Executive Officers (as defined in the CPP) to take unnecessary and excessive risks that threaten the value of the Company and (ii) identify and implement means of limiting such risks. The Compensation Committee is also required to discuss, evaluate and

review, at least every six months, employee compensation plans to ensure that such plans do not encourage the manipulation of First Reliance's reported earnings. Finally, the Compensation Committee is required to submit to Treasury and our primary federal regulator a narrative description of how such compensation plans do not encourage, among other items, behavior focused on short-term results rather than long-term value creation.

The Company's and the Bank's Board of Directors has adopted a written charter for the Compensation Committee. A copy of the Compensation Committee charter is available on our website, www.firstreliance.com.

Executive Agreements

F.R. Saunders, Jr. and Jeffrey A. Paolucci. On November 24, 2006, First Reliance Bancshares, Inc. and its wholly owned subsidiary, First Reliance Bank, entered into new employment agreements with F.R. Saunders, Jr., President and Chief Executive Officer of the Company and the Bank, and Jeffrey A. Paolucci, Senior Vice President and Chief Financial Officer of the Company and the Bank. The Bank also entered salary continuation agreements with Messrs. Saunders and Paolucci.

Each of the employment agreements provides for an initial three year term, which is automatically extended at the end of each month for one additional month unless the Bank's board of directors determines that the term will not be extended. Once the Bank's board determines that the term will not be extended, the term is fixed at three years with no additional renewals. The employment agreements provided for an initial base salary for Mr. Saunders of \$275,000 and for Mr. Paolucci of \$165,000. Each executive's salary is to be reviewed annually by the Company's Board of Directors or the Board's Compensation Committee, and will be increased to reflect cost of living increases and may be increased otherwise. As of December 31, 2009, Mr. Saunders' and Mr. Paolucci's annual base salaries had been increased to \$284,699 and \$183,700, respectively.

The employment agreements provide that the Company will reimburse the executive for disability insurance that he maintains and will pay an additional amount to the executive to cover any state or federal income taxes associated with such reimbursement. The Company will also pay any initiation and membership assessments and dues in civic and social clubs of the executive's choice, although the executive remains responsible for personal expenses for use of such clubs. The agreement with Mr. Saunders also provides that the Company will provide the use of an automobile for business and personal use. The agreements with the executives also provide that the Company will maintain a long-term care insurance policy for each executive that will be fully paid up by the time the executive turns age 65.

If an executive is terminated without Cause or the executive terminates employment for Good Reason (as both terms are defined in the agreements), the executive is entitled to continue to receive for the unexpired term of his agreement (a) his base salary in effect at employment termination and (b) an annual bonus equal to the bonus earned for the calendar year ended immediately before the year in which the employment termination occurs. Additionally, the Company will continue to provide the executive with medical benefits and continue to reimburse the executive for his disability insurance (including amounts to cover income taxes) until the earliest of (a) the executive becoming employed by the Company or another entity; (b) the executive turning 65; (c) the executive's death; or (d) the remaining term of the agreement. The Company will also continue to pay the premiums on the long-term care insurance until the policy for the executive is fully paid up. At the Company's option, it may pay a lump sum equal to the discounted cost of medical, disability, and long-term care (if applicable) coverage in lieu of continuing those benefits.

If an executive is terminated for Cause or the executive terminates employment other than for Good Reason, the executive is entitled to receive his base salary through the effective date of termination and any other benefits to which the executive may be entitled under the Company's benefit plans and policies in effect on the date of termination.

If the executive's employment is terminated because of disability, the executive is entitled to receive his base salary through the effective date of termination, any unpaid bonus or incentive compensation due to the executive for the preceding calendar year, any payments the executive is entitled to receive under the Company's disability insurance program, and any other benefits to which the executive may be entitled under the Company's benefit plans and policies in effect on the date of termination. Additionally, the Company will continue to provide the executive with medical benefits and continue to reimburse the executive for his disability insurance (including the additional amounts to cover income taxes) until the earliest of (a) the executive becoming employed by the Company or another entity; (b) the executive turning 65; (c) the executive's death; or (d) the remaining term of the agreement. For F.R. Saunders, Jr. and Jeffery A. Paolucci, the Company will also continue to pay the premiums on the long-term care insurance until the policy for the executive is fully paid up. At the Company's option, it may pay a lump sum equal to the discounted cost of medical, disability, and long-term care (if applicable) coverage in lieu of continuing those benefits.

Upon a Change in Control (as that term is defined in the agreement) of the Company, the Company will pay the executive a lump-sum payment in cash equal to three times the executive's annual compensation, consisting of base salary as of the date of the Change in Control plus any bonus or incentive compensation earned in the prior calendar year. In addition, the executive will become fully vested in any non-qualified plan, program or arrangement in which the executive participates if the plan, program or arrangement does not address the effect of a change in control.

The Company will further be obligated to make a “gross-up” payment to cover any excise tax obligations under Section 280G of the Internal Revenue Code for excess parachute payments that arise as a result of the employment agreement and any other plan or agreement that applies to the executive. This gross-up payment includes an initial amount to cover the excise tax that will apply to the excess parachute payments, as well as the income and excise taxes that apply to the payment of the initial amount.

The employment agreements also provide, for a period of one year after termination of employment, a covenant not to solicit employees and not to compete within a 15-mile radius of any office of the Company. These obligations survive any termination of the agreements, but are waived upon a Change in Control of the Company. The agreements provide for the reimbursement of legal fees, if any, paid by the executives for the enforcement of the employment agreements after a Change in Control. The employment agreements also allow the executive to select a law firm of his choice to represent him.

The salary continuation agreements provide that each executive will be entitled, upon reaching age 65, to an annual benefit for Mr. Saunders of \$321,842 and for Mr. Paolucci of \$225,308. If the executive is terminated for Cause, the executive will not be entitled to any benefit under the salary continuation agreement. In the event the executive’s employment is terminated (other than for Cause) prior to reaching age 65 (including by reason of disability), the executive is entitled to receive the amount that fully amortizes the accrued balance existing immediately before the month in which the separation of service occurs beginning at age 65 for 15 years. If the executive dies prior to payment of all benefits, the executive’s beneficiary is entitled to a lump sum in cash equal to the accrued balance existing at the executive’s death.

In the event of a Change in Control of the Company prior to the executive reaching 65 or other separation of service, each executive is entitled to a lump sum payment equal to the expected accrual balance at age 65, not discounted to present value, of \$3,144,289 for Mr. Saunders and \$2,201,184 for Mr. Paolucci. If the Change in Control occurs during the payment of normal retirement age benefits, early termination benefits or a disability benefits, the executive is entitled to a lump-sum payment of any remaining salary continuation benefit.

The Company will further be obligated to make a “gross-up” payment to cover any excise tax obligations under Section 280G of the Internal Revenue Code for excess parachute payments that arise as a result of the salary continuation agreement and any other plan or agreement that applies to the executive. This gross-up payment includes an initial amount to cover the excise tax that will apply to the excess parachute payments, as well as the income and excise taxes that apply to the payment of the initial amount.

The salary continuation agreements provide for the reimbursement of legal fees, if any, paid by the executives for the enforcement of the salary continuation agreements after a Change in Control. The salary continuation agreements also allow the executive to select a law firm of his choice to represent him.

If the executive dies before separation of service, the executive is entitled to any benefits under the endorsement split dollar agreement with that executive. The endorsement split dollar agreement provides the executive with a benefit equal to the death benefit under the life insurance policy or policies maintained by the Company on the life of the executive, less the cash surrender value of the policy or policies.

Craig S. Evans. Mr. Evans has entered into an employment agreement and a salary continuation agreement with the Bank, both dated as of June 2, 2008, that provide for his employment by the Bank for a term of three years commencing on June 2, 2008. Under the terms of each of the agreements, his employment will be extended automatically for additional one-year periods unless a party gives the other party proper non-renewal notice. The employment agreement provides Mr. Evans with an initial annual salary of \$225,000, reimbursement of certain membership dues and other reasonable expenses, and a \$50,000 grant of restricted stock that vests in five years from

the date of the employment agreement. The salary continuation agreement vests after three years of service with the Company.

If the Company terminates Mr. Evans's employment without Cause prior to the vesting of the salary continuation agreement (which is more fully described below), Mr. Evans is entitled to one year of his base salary, the payment of which would be terminated upon his beginning other employment. Upon a Change in Control or if Mr. Evans terminates employment for Good Reason (as both terms are defined in the agreements), he would be entitled to a lump-sum payment in cash equal to three times the executive's annual compensation, consisting of base salary as of the date of the Change in Control plus any bonus or incentive compensation earned in the prior calendar year. In addition, the executive will become fully vested in any non-qualified plan, program or arrangement in which the executive participates if the plan, program or arrangement does not address the effect of a change in control.

If Mr. Evans is terminated for Cause or if he terminates his employment other than for Good Reason, he is entitled to receive his base salary through the effective date of termination and any other benefits to which he may be entitled under the Company's benefit plans and policies in effect on the date of termination.

Should either party terminate the employment agreement during the initial three year term, Mr. Evans will be subject to various non-solicitation and non-compete provisions of his agreement for a period of two years thereafter.

The salary continuation agreement provides that each Mr. Evans will be entitled, upon reaching age 65, to an annual benefit of \$87,678. Following the vesting of the salary continuation agreement, if he is terminated for Cause, Mr. Evans will not be entitled to any benefit under the salary continuation agreement. In the event his employment is terminated (other than for Cause) prior to reaching age 65 (including by reason of disability), Mr. Evans is entitled to receive the amount that fully amortizes the accrued balance existing immediately before the month in which the separation of service occurs beginning at age 65 for 15 years. If Mr. Evans dies prior to payment of all benefits, his beneficiary is entitled to a lump sum in cash equal to the accrued balance existing at the his death.

In the event of a Change in Control of the Company prior to the executive reaching 65 or other separation of service, Mr. Evans is entitled to a lump sum payment equal to the expected accrual balance at age 65, not discounted to present value, of \$856,585. If the Change in Control occurs during the payment of normal retirement age benefits, early termination benefits or a disability benefits, Mr. Evans is entitled to a lump-sum payment of any remaining salary continuation benefit.

The salary continuation agreement provides for the reimbursement of legal fees, if any, paid by Mr. Evans for the enforcement of the salary continuation agreements after a Change in Control. The salary continuation agreements also allow the executive to select a law firm of his choice to represent him.

Participation in TARP Capital Purchase Program

On March 6, 2009, the Company issued 15,349 shares of our Series A Cumulative Perpetual Preferred Stock, and a warrant, which was immediately exercised for a nominal exercise price, to purchase up 767 shares of the Company's Series B Cumulative Perpetual Preferred Stock to Treasury, as part of the CPP enacted as part of TARP, which was established by the Emergency Economic Stabilization Act of 2008 ("EESA"). The Company issued the shares of Series A Preferred Stock and the warrant for an aggregate purchase price of \$15,349,000 in cash.

Pursuant to the Company's participation in the CPP, the Company is required to comply with all EESA provisions, which include taking all necessary actions to ensure that its benefit plans with respect to its Senior Executive Officers comply with Section 111 of EESA. As of December 31, 2009, the Company's Senior Executive Officers, which are defined by EESA to include the five most-highly compensated employees of the Company, are F.R. Saunders, Jr., President and Chief Executive Officer; Jeffrey A. Paolucci, Chief Financial Officer; Craig S. Evans, Chief Operating Officer; Thomas C. Ewart, Sr., Chief Banking Officer; and Ken Cox, Jr., Senior Vice President, Mortgage Banking.

The American Recovery and Reinvestment Act of 2009 (the "ARRA") retroactively amended the executive compensation provisions applicable to participants in the CPP. The ARRA executive compensation standards remain in effect during the period in which any obligation, arising from financial assistance provided under the CPP remains outstanding, excluding any period during which the Treasury holds only the warrant to purchase common shares of the Company (the "CPP Period").

The executive compensation regulations, to which we are required to adhere as a result of our participation in the CPP, include, but are not limited to, the following:

- prohibitions on payment or accrual of bonuses, retention awards and other incentive compensation to the Company's most highly-compensated employee, excluding grants of restricted stock that do not fully vest during the CPP Period and do not have a value which exceeds one-third of the individual's total annual compensation;
- prohibitions on payments to our Senior Executive Officers and the next five most highly compensated employees for a departure from the Company, except for payments for services performed or benefits accrued;
- recovery ("clawback") of bonuses, retention awards and incentive compensation if the payment was based on materially inaccurate statements of earnings, revenues, gains or other criteria;
 - prohibition on compensation plans that encourage manipulation of reported earnings;
 - implementation of a company-wide policy regarding "excessive or luxury expenditures";
- retroactive review of bonuses, retention awards and other compensation previously paid to Senior Executive Officers, if such compensation is found by Treasury to be inconsistent with the purposes of TARP or otherwise contrary to public interest; and
- a requirement that CPP recipients include in their proxy statements for annual shareholder meetings a non-binding "Say on Pay" shareholder vote on the compensation of executives as disclosed in the proxy statement.

The Company is currently in compliance with all TARP executive compensation standards promulgated by Treasury. In addition, Messrs. Saunders and Paolucci must certify to the Company's compliance with such standards throughout 2009. The certification was delivered to Treasury and was filed as an exhibit to our Annual Report on Form 10-K for the fiscal year ended December 31, 2009. Such certification is required annually during the CPP Period no later than ninety days after the completion of our fiscal year. The Company intends to comply with all TARP executive compensation standards, and will work with its Senior Executive Officers to take such steps as it deems necessary to continue to comply with the standards and adopt policies and procedures consistent with the foregoing. In addition, a non-binding vote on the compensation provided to the Company's executive officers is included as Proposal No. 2 of this Proxy Statement.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act requires the Company's directors and officers and persons who own beneficially more than 10% of the Company's outstanding common stock to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in their ownership of the Company's common stock. Directors, executive officers and greater than 10% shareholders are required to furnish the Company with copies of the forms they file. RELATED PARTY TRANSACTIONS

The Company and the Bank have banking and other business transactions in the ordinary course of business with directors and officers of the Company and the Bank and their affiliates, including members of their families, corporations, partnerships or other organizations in which such directors and officers have a controlling interest. These transactions take place on substantially the same terms as those prevailing at the same time for comparable transactions with unrelated parties.

The Company recognizes that related party transactions can present potential or actual conflicts of interest and create the appearance that the Company's decisions are based on considerations other than the Company's and its shareholders' best interests. Therefore, the Board of Directors has adopted the following practices and procedures with respect to related party transactions.

For the purpose of the procedures, a "related party transaction" is a transaction in which the Company or the Bank participates and in which any related party has a direct or indirect material interest, other than transactions available to all employees or customers generally.

Under the Company's procedures, any related party transaction must be reported to the Board of Directors and may be consummated or may continue only (i) if the Board of Directors approves or ratifies such transaction and if the transaction is on terms comparable to those that could be obtained in arms'-length dealings with an unrelated third party, (ii) if the transaction involves compensation that has been approved by Compensation Committee, or (iii) if the transaction has been approved by the disinterested members of the Board of Directors. The Board of Directors may approve or ratify the related party transaction only if the Board determines that, under all of the circumstances, the transaction is in the best interests of the Company.

On January 13, 2009, the Bank paid Director John M. Jebaily a commission of \$73,500 for facilitating the sale of a bank-owned property located on Sam Rittenburg Boulevard in Charleston, South Carolina. Consideration received by the Bank upon sale of the property totaled \$2,450,000.

The Bank has employed certain employees who are related to the Company's Executive Officers and/or Directors. These individuals are compensated in accordance with the Bank's policies that apply to all employees.

From time to time, the Bank will make loans to the directors and officers of the Company and the Bank and their affiliates. None of these loans are currently on nonaccrual, past due, restructured or potential problem loans. All such loans were: (i) made in the ordinary course of business; (ii) made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Bank; and (iii) did not involve more than the normal risk of collectibility or present other unfavorable features.

PROPOSAL NO. 2:
NON-BINDING RESOLUTION APPROVING COMPENSATION
OF THE COMPANY'S EXECUTIVE OFFICERS

General

On March 6, 2009, the Company completed a transaction with the United States Treasury under the Troubled Asset Relief Program Capital Purchase Program ("TARP CPP"). Under the TARP CPP, the Company sold 15,349 shares of its Series A Cumulative Perpetual Preferred Stock, which bears an initial dividend rate of 5% increasing to 9% after five years, to the Treasury. In addition, the Treasury received a warrant to purchase 767 shares of the Company's Series B Cumulative Perpetual Preferred Stock, which bears a dividend rate of 9%, which was immediately exercised by the Treasury for a nominal exercise price. One of the conditions of the TARP CPP is that the Company comply with certain limits on its compensation of its executive officers.

The original limitations of the TARP CPP were amended by the enactment of the American Recovery and Reinvestment Act of 2009 (the "ARRA") on February 17, 2009. ARRA requires the Company, for so long as any obligation arising from the Company's participation in the TARP CPP remains outstanding, to submit to its shareholders a non-binding vote on the compensation of the Company's senior executive officers, as disclosed in this Proxy Statement.

By the terms of ARRA, this vote by shareholders (i) is not binding on the Board of Directors of the Company, (ii) is not to be construed as overruling any decision by our Board of Directors; and (iii) does not create or imply any additional duties by our Board of Directors.

Executive Compensation

The Company believes that its compensation policies and procedures, which are reviewed and recommended by the Compensation Committee and approved by the Board of Directors, encourage a culture of pay for performance and are strongly aligned with the long-term interests of shareholders. Like most community banks, the recent and ongoing financial downturn had a significant negative impact on the Company's 2008 results of operations and on the price of the Company's common stock. Consistent with the objective of aligning the compensation of the Company's executive officers with the annual and long-term performance of the Company and the interests of the Company's shareholders, these factors were also reflected in the compensation of the Company's senior executive officers for 2008.

The Board of Directors and management believe that the compensation paid to the senior executive officers as disclosed elsewhere in this proxy statement is reasonable and competitive. The Board uses various methods and analyses in setting the compensation for the senior executive officers, including but not limited to reliance on compensation surveys of peer financial institutions, review of publicly available information on the compensation practices of other institutions in our market, and reliance on compensation consultants for certain executive benefits.

The Board of Directors and the Compensation Committee currently are reviewing all compensatory arrangements to ensure they comply with the executive compensation limits applicable under the TARP CPP, as described above in "Executive Compensation – Participation in TARP Capital Purchase Program." The Company is monitoring possible amendments to applicable executive compensation rules that may be adopted from time to time by the Treasury and by Congress, and will implement the limits in conformance with published guidelines. Any required amendments to our compensation arrangements will be made in compliance with applicable deadlines. Finally, the Company is taking reasonable steps to operate such arrangements in compliance with the limits under the TARP CPP based on the statutory language contained in ARRA.

The Board of Directors strives to pay fair compensation to its senior executive officers, and all employees, and believes its compensation practices are reasonable.

As required by the ARRA and the guidance provided by the SEC, the Board of Directors has authorized a shareholder vote on the Company's executive compensation plans, programs and arrangements as reflected in the disclosures regarding senior executive officer compensation provided in the various tables included elsewhere in this Proxy Statement, the accompanying narrative disclosures and the other compensation information provided in this Proxy Statement. This proposal, commonly known as a "say on pay" proposal, gives the Company's shareholders the opportunity to endorse or not endorse the Company's executive pay program and policies through the following resolution:

"Resolved, that the shareholders of the Company approve the overall executive compensation policies and procedures employed by the Company, as described in the Company's Proxy Statement for the 2010 Annual Meeting of Shareholders."

Vote Required to Approve Proposal

The approval of the non-binding resolution approving the compensation of the Company's executive officers as described in this Proxy Statement requires approval by the affirmative vote of the holders of shares of common stock representing a majority of the votes cast at the meeting. Because this shareholder vote is advisory, it will not be binding upon the Board of Directors. However, the Compensation Committee may take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors Recommends a vote "for" the approval of the non-binding resolution approving the compensation of the Company's executive officers as described in this Proxy Statement.
