ANNUAL MEETING OF STOCKHOLDERS

Wednesday, November 14, 2012

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Aeroflex Holding Corp. for use at the Company's 2012 Annual Meeting of Stockholders (the "Annual Meeting"), and at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. When used in this Proxy Statement, the terms "Aeroflex," "the Company," "we," "us" or "our" refer to Aeroflex Holding Corp. and, as applicable, our consolidated subsidiaries, including our primary operating subsidiary, Aeroflex Incorporated.

INTERNET AVAILABILITY OF PROXY MATERIALS

In accordance with rules and regulations of the U.S. Securities and Exchange Commission ("SEC"), we are using the Internet as our primary means of furnishing proxy materials to stockholders. Because we are using the Internet, most stockholders will not receive paper copies of our proxy materials. We will instead send these stockholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials, including our Proxy Statement and 2012 Annual Report to Stockholders, and voting via the Internet. The Notice of Internet Availability of Proxy Materials also provides information on how stockholders may obtain paper copies of our proxy materials if they so choose.

ABOUT THE MEETING

Why did I receive these proxy materials?

Beginning on or shortly after October 4, 2012, this Proxy Statement and form of proxy are first being sent or given to stockholders of record as of the September 17, 2012 record date, as part of the Board of Directors' solicitation of proxies for Aeroflex's Annual Meeting and any postponements or adjournments thereof. This Proxy Statement and Aeroflex's 2012 Annual Report to Stockholders (which have been made available to stockholders eligible to vote at the Annual Meeting) contain information that the Board of Directors believes offers an informed view of Aeroflex Holding Corp. and meet the regulations of the SEC for proxy solicitations. Our management prepared this Proxy Statement for the Board of Directors.

What is the Notice of Internet Availability of Proxy Materials that I received in the mail instead of a full set of proxy materials?

We are pleased to be using the SEC rule that allows companies to furnish their proxy materials over the Internet, instead of mailing printed copies of those materials to all stockholders. Consequently, most stockholders will not receive paper copies of our proxy materials. Stockholders will instead receive a “Notice of Internet Availability of Proxy Materials” with instructions for accessing our proxy materials, including our Proxy Statement and 2012 Annual Report, and voting via the Internet. The Notice of Internet Availability of Proxy Materials also contains instructions on how stockholders can obtain a paper copy of our proxy materials if they so choose. We believe this process will expedite stockholders’ receipt of proxy materials, lower the costs of our Annual Meeting and conserve natural resources. If you elected to receive our proxy materials electronically, these materials will continue to be sent via email unless you change your election. Stockholders who have elected to receive the proxy materials electronically will be receiving an email on or about October 4, 2012 with information on how to access stockholder information and instructions for voting.

What is being considered at the meeting?

You will be voting on the following matters:

1. The election of thirteen directors to hold office until the 2013 annual meeting of stockholders and until their respective successors have been duly elected and qualified;
2. To hold an advisory vote on executive compensation;
3. To ratify the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the fiscal year ending June 30, 2013; and
4. To transact such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

We do not expect to ask you to vote on any other matters at the meeting.

In addition, our management will report on our performance during fiscal 2012 and respond to your questions.

Who is entitled to vote at the meeting?

You are entitled to vote at the Annual Meeting if you owned stock as of the close of business on September 17, 2012. Each share of common stock is entitled to one vote.

How do I vote?

Voting by Proxy

For stockholders whose shares are registered in their own names, as an alternative to voting in person at the Annual Meeting, you may vote by proxy via the Internet, by telephone or, for those stockholders who receive a paper proxy card in the mail, by mailing a completed proxy card. For those stockholders who receive a Notice of Internet Availability of Proxy Materials, the Notice of Internet Availability of Proxy Materials provides information on how to access your proxy card, which contains instructions on how to vote via the Internet or by telephone. For those stockholders who receive a paper proxy card, instructions for voting via the Internet or by telephone are set forth on the proxy card; alternatively such stockholders who receive a paper proxy card may vote by mail by signing and returning the mailed proxy card in the prepaid and addressed envelope that is enclosed with the proxy materials. In each case your shares will be voted at the Annual Meeting in the manner you direct.

If your shares are registered in the name of a bank or brokerage firm (your record holder), you may also submit your voting instructions over the Internet or by telephone by following the instructions provided by your record holder in the Notice of Internet Availability of Proxy Materials. If you received printed copies of the proxy materials, you can submit voting instructions by telephone or mail by following the instructions provided by your record holder on the enclosed voting instructions card. Those who elect to vote by mail should complete and return the voting instructions card in the prepaid and addressed envelope provided.

Voting at the Meeting

If your shares are registered in your own name, you have the right to vote in person at the Annual Meeting by using the ballot provided at the Annual Meeting, or if you requested and received printed copies of the proxy materials by mail, you can complete, sign and date the proxy card enclosed with the proxy materials you received and submit it at the Annual Meeting. If you hold shares through a bank or brokerage firm and wish to be able to vote in person at the Annual Meeting, you must obtain a “legal proxy” from your brokerage firm, bank or other holder of record and present it to the inspector of elections with your ballot at the Annual Meeting. Even if you plan to attend the Annual Meeting, we recommend that you submit your proxy or voting instructions in advance of the meeting as described above so that your vote will be counted if you later decide not to attend the Annual Meeting. Submitting your proxy or voting instructions in advance of the meeting will not affect your right to vote in person should you decide to attend the Annual Meeting.

Can I change my mind after I return my proxy?

Yes, you may change your mind at any time before the vote is taken at the meeting. You may revoke or change a previously delivered proxy at any time before the Annual Meeting by delivering another proxy with a later date, by voting again via the Internet or by telephone, or by delivering written notice of revocation of your proxy to Aeroflex’s Secretary at our principal executive offices before the beginning of the Annual Meeting. You may also revoke your proxy by attending the Annual Meeting and voting in person, although attendance at the Annual Meeting will not, in and of itself, revoke a valid proxy that was previously delivered. If you hold shares through a bank or brokerage firm, you must contact that bank or brokerage firm to revoke any prior voting instructions. You also may revoke any prior voting instructions by voting in person at the Annual Meeting if you obtain a legal proxy as described above.

What if I return my proxy card but do not include voting instructions?

Proxies that are signed and returned but do not include voting instructions will be voted **FOR** the election of the nominee directors, **FOR** the approval, on an advisory basis, of the compensation of Aeroflex’s named executive officers as presented in this Proxy Statement, and **FOR** the ratification of KPMG LLP to serve as our independent registered public accounting firm and in the discretion of the proxy holders as to any other matters that may properly come before the Annual Meeting or any postponement or adjournment of the Annual Meeting.

What does it mean if I receive more than one notice or proxy card?

It means that you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is American Stock Transfer & Trust Company and its telephone number is (212) 936-5100.

What is “householding” and how am I affected?

The SEC permits us to deliver a single copy of the proxy materials to stockholders who have the same address and last name. Each stockholder will continue to receive a separate proxy card. This procedure, called “householding,” will reduce the volume of duplicate information you receive and reduce our printing and postage costs. If you received one set of these documents at your household and you wish to receive separate copies, you may request them in writing at Aeroflex Holding Corp., 35 South Service Road, P.O. Box 6022, Plainview, New York 11803; Attn: Investor Relations or by phone at 516-694-6700 and these documents will be promptly delivered to you. If you do not wish to participate in householding and prefer to receive separate copies of our proxy materials, now or in the future, please submit a request to us at the address or phone number listed above.

Will my shares be voted if I do not provide my proxy?

If you hold your shares directly in your own name, they will not be voted if you do not provide a proxy.

Your shares may be voted under certain circumstances if they are held in the name of the brokerage firm. Brokerage firms generally have the authority to vote customers' unvoted shares on certain "routine" matters, including the ratification of accountants. At our meeting, these shares will be counted as voted by the brokerage firm in the ratification of accountants even if the broker does not receive instructions from you.

Brokers are prohibited from exercising discretionary authority on non-routine matters. Proposals one and two are considered non-routine matters, and therefore brokers cannot exercise discretionary authority regarding these proposals for beneficial owners who have not returned proxies to the brokers (so-called "broker non-votes"). Therefore, if the broker does not receive voting instructions from you with respect to proposals one and two, the broker will not be able to vote your shares on those items and, consequently, your shares will be considered a "broker non-vote" on such matters. In the case of broker non-votes, and in cases where you abstain from voting on a matter when present at the meeting and entitled to vote, those shares will still be counted for the purpose of determining if a quorum is present.

How many votes must be present to hold the meeting?

Your shares are counted as present at the meeting if you attend the meeting and vote in person, if you properly submit your proxy or if your shares are registered in the name of a bank or brokerage firm and you do not provide voting instructions and such bank or broker casts a broker vote or non-vote on the ratification of accountants. In order for us to conduct our meeting, a majority of our outstanding shares of common stock as of September 17, 2012 must be present at the meeting. This is referred to as a quorum. On September 17, 2012, we had 84,851,868 shares issued and outstanding.

What vote is required to elect directors?

Directors are elected by a plurality of the votes cast. The "plurality" standard means the nominees who receive the largest number of "for" votes cast are elected as directors. Shares not voted on the election of directors will have no effect on the voting outcome with respect to the election of directors.

What vote is required to approve the advisory vote on executive compensation?

Approval of the advisory vote on executive compensation requires the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote on the matter at the Annual Meeting. Because your vote is advisory, it will not be binding on our Board or the Company. However, the Board or Compensation Committee will review the

voting results and take them into consideration when making future decisions regarding executive compensation. Abstentions will be counted as votes cast and will have the same effect as a vote against this proposal. Broker non-votes, if any, will not be considered in the tabulation of votes.

What vote is required to ratify the selection by our Audit Committee of KPMG LLP as our independent registered public accounting firm?

The affirmative vote of the holders of a majority of the shares present in person or by proxy and entitled to vote on the item at the Annual Meeting will be required for approval. Abstentions will have the same effect as a vote against this proposal.

How can I find the results of the voting at the Annual Meeting?

Final voting results will be announced in a Current Report on Form 8-K to be filed by us with the SEC within four business days after the conclusion of the Annual Meeting.

PROPOSAL 1—ELECTION OF DIRECTORS

Our amended and restated certificate of incorporation provides that, at any time that VGG Holding LLC, a Delaware limited liability company (the “parent LLC”), owns at least a majority of our then outstanding common stock, the size of our Board of Directors will be determined by the affirmative vote of a majority of our then outstanding common stock. At any time that the parent LLC does not own at least a majority of our then outstanding common stock, the size of our Board of Directors will be determined by the affirmative vote of our Board of Directors. The parent LLC owns approximately 76.6% of our outstanding common stock. See “Stock Ownership.” The parent LLC, through its majority ownership of our outstanding common stock, has fixed the size of the Board at thirteen directors.

Unless you indicate otherwise, shares represented by executed proxies in the form enclosed will be voted for the election as directors of each nominee, unless any nominee shall be unavailable, in which case such shares will be voted for a substitute nominee as may be designated by our Board of Directors, unless parent LLC chooses to reduce the number of directors serving on the Board. We have no reason to believe that any of the nominees will be unavailable or, if elected, will decline to serve.

Director Designation Agreement

In connection with our initial public offering (“IPO”) in November 2010, we entered into a director designation agreement with the parent LLC which contains provisions relating to the composition of our Board of Directors. Pursuant to the director designation agreement, the parent LLC is entitled to nominate directors to our Board of Directors. See “Certain Relationships and Related Transactions-Director Designation Agreement.” Pursuant to the limited liability company agreement of the parent LLC, our Sponsors have the right to select the individuals that the parent LLC has the right to nominate under the director designation agreement. See “— Limited Liability Company Agreement.” Our Sponsors include, collectively, The Veritas Capital Fund III, L.P. (“Veritas Capital”), Golden Gate Private Equity, Inc. (“Golden Gate Capital”), GS Direct, L.L.C. (“GS Direct”) and the respective affiliates of and funds managed by these entities.

The director designation agreement provides that, for so long as the parent LLC owns at least one share of our outstanding common stock, we may not take any action, including making or recommending any amendment to our certificate of incorporation or bylaws, that (i) would decrease the size of our Board of Directors if such decrease would cause us to fail to satisfy the requirement under the New York Stock Exchange corporate governance standards that a majority of our Board of Directors consist of independent directors without the resignation of a director nominated by any of the Sponsors or (ii) otherwise could reasonably be expected to adversely affect the parent LLC's rights under the director designation agreement, in each case without the consent of the parent LLC. The parent LLC has the right to nominate individuals to our Board of Directors at each meeting of stockholders where directors are to be elected and, subject to limited exceptions, we will include in the slate of nominees recommended to our stockholders for election as directors the number of individuals designated by the parent LLC as follows:

until such time as we are required to comply with the requirement under the New York Stock Exchange corporate governance standards that a majority of our Board of Directors consist of independent directors, such number of individuals as are designated by the parent LLC; and

during such time as (i) the parent LLC owns less than a majority but at least one share of our outstanding common stock and (ii) we are required to comply with the requirement under the New York Stock Exchange corporate governance standards that a majority of our Board of Directors consist of independent directors, four individuals designated by the parent LLC.

Board Composition

We believe that each of our directors should have a range of skills, experience, diversity and expertise that enables them to provide sound guidance with respect to our business and operations. Each of our directors has an established record of professional accomplishment and particular experience, qualifications, attributes and skills that the Board of Directors considers important in determining that each director should be a member. See below for biographical information concerning our director nominees.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS

A VOTE “FOR” EACH OF THE NOMINEES FOR DIRECTOR

CORPORATE GOVERNANCE

Controlled Company Exception

The parent LLC controls a majority of the voting power of our outstanding common stock. The parent LLC directly owns approximately 76.6% of our common stock and our Sponsors indirectly own, through their investment in the parent LLC, approximately 64.0% of our common stock. As a result, we are a “controlled company” within the meaning of the New York Stock Exchange corporate governance standards. Under the New York Stock Exchange rules, if more than 50% of the voting power of a listed company is held by an individual, group or another company, the listed company is a “controlled company” and may elect not to comply with certain New York Stock Exchange corporate governance standards, including:

- the requirement that a majority of the board of directors consist of independent directors;

- the requirement that we have a corporate governance and nominating committee that is composed entirely of independent directors with a written charter addressing the committee's purpose and responsibilities;

- the requirement that we have a compensation committee that is composed entirely of independent directors with a written charter addressing the committee's purpose and responsibilities; and

the requirement for an annual performance evaluation of the corporate governance and nominating committee and the compensation committee.

We currently use these exemptions. As a result, we do not have a majority of independent directors, our corporate governance and nominating committee and compensation committee do not consist entirely of independent directors and such committees are not subject to annual performance evaluations. Accordingly, you do not have the same protections afforded to stockholders of companies that are subject to all of the New York Stock Exchange corporate governance requirements.

Director Independence

Because we are a “controlled company” under NYSE rules, we are exempt from the requirement to have a Board of Directors with a majority of independent members. Our Board of Directors has determined that four of our directors - Messrs. Nottenburg, Ream, Ronald and Schoomaker - are independent under New York Stock Exchange listing standards. In making this determination, the Board considered all relevant facts and circumstances. The Board also considered that a number of our directors also serve on the boards of directors of other portfolio companies of certain of our Sponsors. In particular, with respect to Mr. Ronald, the Board considered that Mr. Ronald provides consulting services to one of our Sponsors, Veritas Capital, and receives compensation for these services. The Board affirmatively concluded that none of these directors has any material relationship, direct or indirect, to us other than as stockholders or through their service as directors.

Board of Directors - Meetings and Attendance

Our Board of Directors held five meetings during the fiscal year ended June 30, 2012. Each director attended or participated in at least 75% of the aggregate number of meetings of the Board of Directors while serving as a member of the Board of Directors and on each committee of which he was a member that was held during the time he was a member.

We encourage our directors to attend our annual meetings of stockholders.

Board Committees

We currently have the following standing committees of the Board: the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee, each of which operates under a written charter adopted by the Board. Of all of the standing committees, only the Audit Committee is composed entirely of independent directors. The charters of each of these committees are available in the Investor Relations-Corporate Governance section of our website at www.aeroflex.com.

The following provides a description of certain functions and current membership information for each of the Board committees for fiscal 2012.

Audit Committee. We have a separately designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934 (the “Exchange Act”). Our Audit Committee is responsible for, among other things, overseeing and reviewing our financial reporting process and the integrity of our financial statements and related information, making recommendations concerning the engagement of our independent public accountants, reviewing with the independent public accountants the plans and results of the audit engagement, approving professional services provided by the independent public accountants, reviewing the independence of the independent public accountants, considering the range of audit and non-audit fees and reviewing the adequacy of our internal accounting controls.

Our Audit Committee is comprised entirely of independent directors - Messrs. Ream, Ronald and Schoomaker. The Board has determined that Charles S. Ream, the chairman of our Audit Committee, qualifies as an “audit committee financial expert” pursuant to the requirements of the SEC and New York Stock Exchange. The Board has also determined that all members of the Audit Committee meet the financial literacy standards of the New York Stock Exchange. The Audit Committee met ten times during the fiscal year ended June 30, 2012.

Compensation Committee. Our Compensation Committee evaluates, determines and approves the compensation of our Chief Executive Officer and all of our other executive officers. The Committee has overall responsibility for approving and evaluating our compensation plans, policies and programs, as well as our philosophy and strategy, as they affect the CEO and other executive officers. Our Compensation Committee is comprised of Messrs. Evans, Ashe, Ream and Ronald. Mr. Evans is the chairman of our Compensation Committee. The Compensation Committee met eight times during the fiscal year ended June 30, 2012.

Corporate Governance and Nominating Committee. Our Corporate Governance and Nominating Committee is primarily responsible for identifying individuals qualified to become members of our Board of Directors, considering nominees proposed by stockholders in accordance with our bylaws and contractual obligations under the director designation agreement, selecting the director nominees for the next annual meeting of the stockholders and reviewing our corporate governance policies. The Committee is also responsible for reviewing director compensation and benefits, overseeing the annual self-evaluations of our Board of Directors and making recommendations to the Board concerning the structure and membership of the other Board committees. The Corporate Governance and Nominating Committee recommended the current nominees for election to the Board, which recommendation was approved by the Board. Our Corporate Governance and Nominating Committee is comprised of Messrs. Evans and Borow. Mr. Evans is the chairman of our Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee met one time during the fiscal year ended June 30, 2012.

Director Nominations

The Corporate Governance and Nominating Committee identifies and screens candidates for Board membership. The Corporate Governance and Nominating Committee does not have a formal policy with regard to consideration of diversity in identifying director nominees. Our Corporate Governance Guidelines specify that our Board should be of sufficient size to provide for sufficient diversity among directors without hindering effective discussion or diminishing individual accountability. The Corporate Governance and Nominating Committee may consider particular attributes that would be most beneficial to the Company in selecting future Board nominees, including issues such as integrity, competence, experience, commitment and dedication, collegiality, professional and technical background and interpersonal skills.

The Corporate Governance and Nominating Committee will consider candidates recommended by stockholders in the same manner it considers other candidates. Our bylaws establish advance notice procedures with respect to stockholder proposals related to the nomination of candidates for election as directors, other than nominations made by or at the direction of our Board of Directors or a committee of our Board of Directors. These procedures provide that any stockholder who wants to nominate a candidate for election to the Board must deliver timely notice to our Secretary at our principal executive offices. In order to be timely, the notice must be delivered:

in the case of an annual meeting, not later than the close of business on the 90th day, nor earlier than the close of business on the 120th day, prior to the anniversary date of the immediately preceding annual meeting of stockholders, although if the annual meeting is called for a date that is more than 30 days before or more than 70 days after such anniversary date of the prior year's annual meeting, the notice must be received not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of the annual meeting was made; and

in the case of a special meeting of stockholders called for the purpose of electing directors, not earlier than the close of business on the 120th day prior to such special meeting and not later than the close of business on the later of the 90th day prior to such special meeting or the 10th day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Board to be elected at such special meeting.

The stockholder's notice to the Secretary must set forth: (1) as to each person whom the stockholder proposes to nominate for election as a director (a) his name, age, business address and residence address, (b) his principal occupation and employment, (c) the class and series and number of shares of each class and series of capital stock of the Company which are owned beneficially or of record by him and (d) any other information relating to the nominee that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act, and the rules and regulations promulgated thereunder; and (2) as to the stockholder giving the notice (a) his name and record address, (b) the class and series and number of shares of each class and series of capital stock of the Company which are owned beneficially or of record by him, (c) a description of all arrangements or understandings between the

stockholder and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination(s) are to be made by the stockholder, (d) a representation by him that he is a holder of record of stock of the Company entitled to vote at such meeting and that he intends to appear in person or by proxy at the meeting to nominate the person or persons named in his notice and (e) any other information relating to the stockholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder.

The notice delivered by a stockholder must be accompanied by a written consent of each proposed nominee to being named as a nominee and to serve as a director if elected. The stockholder must be a stockholder of record on the date on which he gives the notice described above and on the record date for the determination of stockholders entitled to vote at the meeting.

Notwithstanding the foregoing, our certificate of incorporation provides that at any time that the parent LLC owns at least a majority of our then outstanding common stock, the foregoing advance notice procedures for stockholder proposals will not apply to it.

Board Leadership Structure and Role in Risk Oversight

Although we do not require separation of the offices of the Chairman of the Board and Chief Executive Officer, we currently have a different person serving in each such role. Mr. Robert B. McKeon served as Chairman of the Board until his death on September 10, 2012. The Board appointed Mr. Hugh Evans as our Chairman in September 2012. Mr. Leonard Borow is our Chief Executive Officer. The decision whether to combine or separate these positions depends on what our Board of Directors deems to be in the long term interest of stockholders in light of prevailing circumstances. Our Board of Directors believes the Company is well-served by this flexible leadership structure and that the combination or separation of these positions should continue to be considered on an ongoing basis.

Management is responsible for the day-to-day management of risks for Aeroflex and its subsidiaries, while our Board of Directors, as a whole and through its committees, is responsible for the oversight of risk management. The Board sets our overall risk management strategy and our risk appetite and ensures the implementation of our risk management framework. Specific Board committees are responsible for overseeing specific types of risk. Our Audit Committee periodically discusses risks as they relate to the Company's financial risk exposure. The Audit Committee works directly with members of senior management, Aeroflex's internal audit staff and our independent registered public accounting firm, as appropriate, to discuss if there are areas of concern of which the Committee should be aware. The Board monitors risks as they may be related to financing matters such as acquisitions and dispositions, our capital structure, credit facilities, equity and debt issuances, and liquidity. Our Compensation Committee establishes our compensation policies and programs in such a manner that our executives are not incentivized to take on an inappropriate level of risk. Each of our Board committees delivers periodic reports to the Board, in order to keep the Board informed about what transpires at committee meetings. In addition, if a particular risk is material or where otherwise appropriate, the full Board may assume oversight over such risk, even if the risk was initially overseen by a committee.

Executive Sessions

Executive sessions of non-management directors are held in conjunction with regularly scheduled Board meetings and at other times as appropriate. Our Chairman of the Board presides as the lead director over each executive session. In addition, if our non-management directors are not independent under NYSE rules, the independent directors will meet in executive session at least one time each year. Each committee of our Board of Directors also generally conducts an executive session in conjunction with each regularly scheduled committee meeting and at other times as deemed appropriate.

Interested Party Communications

Mail from stockholders and other interested parties can be addressed to members of our Board in care of the Office of the Secretary, Aeroflex Holding Corp., 35 South Service Road, P.O. Box 6022, Plainview, NY 11803-0622. At the direction of the Board of Directors, all mail received will be opened and screened for security purposes. The mail will then be logged in. All mail, other than trivial or obscene items, will be forwarded. Mail addressed to a particular director will be forwarded or delivered to that director. Mail addressed to “Outside Directors” or “Non-Management Directors” will be forwarded or delivered to each such director. Mail addressed to the “Board of Directors” will be forwarded or delivered to the Chairman of the Board.

Guidelines for Business Conduct and Governance Guidelines

Our Board of Directors has adopted a Code of Ethics applicable to the Chairman, Chief Executive Officer and Senior Financial Officers of Aeroflex. Our Board of Directors has also adopted a Code of Business Conduct and Corporate Ethics Policy applicable to all directors, officers and employees of Aeroflex in performing their duties. The Code of Business Conduct and Corporate Ethics Policy sets forth information and procedures for employees to report ethical or accounting concerns, misconduct or violations of the Code in a confidential manner. The Code of Business Conduct and Corporate Ethics Policy and the Code of Ethics for the Chairman, Chief Executive Officer and Senior Financial Officers are available in the Investor Relations-Corporate Governance section of our website at www.aeroflex.com.

Our Board of Directors has also adopted Corporate Governance Guidelines as required by the New York Stock Exchange rules to assist the Board in exercising its responsibilities to Aeroflex and its stockholders. The Corporate Governance Guidelines are available in the Investor Relations-Corporate Governance section of our website at www.aeroflex.com.

Board Self-Evaluation

The Board is required to conduct an annual self-evaluation that is overseen by our Corporate Governance and Nominating Committee to determine whether the Board and its committees are functioning effectively. This assessment focuses on the Board's contribution to the Company and emphasizes those areas in which the Board believes a better contribution could be made. In addition, our Audit Committee is required to conduct an annual self-evaluation and all committees of the Board are required to review and reassess the adequacy of their charters. As a "controlled company," our Compensation and Corporate Governance and Nominating Committees are exempt from the New York Stock Exchange requirement for an annual performance evaluation.

Compensation Committee Interlocks and Insider Participation

The members of our Compensation Committee are Hugh Evans, Prescott H. Ashe, Charles S. Ream and Mark H. Ronald. None of our Compensation Committee members are or were, during fiscal 2012, an officer or employee of ours. None of our executive officers serve on the board of directors or compensation committee, or other committee serving an equivalent function, of a company that has an executive officer serving as a member of our Board of Directors or Compensation Committee. There are no, and during fiscal 2012 there were no, interlocking relationships between any of our executive officers and the Compensation Committee, on the one hand, and the executive officers and compensation committee of any other companies, on the other hand.

Messrs. Evans and Ashe are affiliates of two of our Sponsors, Veritas Capital and Golden Gate Capital, respectively. We have entered into certain transactions with Veritas Capital and Golden Gate Capital, as disclosed under "Certain Relationships and Related Party Transactions," "—Director Designation Agreement," and "—Registration Rights Agreement."

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

This Compensation Discussion and Analysis describes our compensation philosophy and objectives, roles and responsibilities in making compensation decisions, the components of compensation, and the reasons for any compensation adjustments, incentive payments and long-term incentive grants made in fiscal 2012. In particular it focuses on 2012 compensation arrangements for the following executive officers (“named executive officers”):

Leonard Borow, President and Chief Executive Officer

John Buyko, Executive Vice President and President of Aeroflex Microelectronic Solutions

John Adamovich, Jr., Senior Vice President and Chief Financial Officer

Andrew F. Kaminsky, Senior Vice President-Corporate Development, Investor Relations & Human Resources

Edward S. Wactlar, Senior Vice President, General Counsel and Secretary

This discussion and analysis should be read in conjunction with the Summary Compensation Table on page 24, its accompanying footnotes and the additional tables and narrative disclosure following the Summary Compensation Table.

Compensation Philosophy and Objectives

Our executive compensation program is centered on a pay-for-performance philosophy and is designed to reward our executive officers for their abilities, experience and results. Our compensation program is intended to enable us to attract, motivate, reward and retain the management talent required to achieve our corporate objectives, and thereby increase stockholder value. Our Compensation Committee considers that executive compensation should not only be competitive in amount, but also be closely aligned with the long-term interests of the stockholders that we represent while encouraging long-term executive retention. It is our policy to provide incentives to our senior management to achieve both short-term and long-term objectives and to reward exceptional performance and contributions to the development of our business. In determining the compensation of our named executive officers, we are guided by the following key principles:

Competitiveness of Compensation. Compensation should be responsive to the competitive marketplace so that we continue to be able to attract, retain and motivate talented executives.

Accountability for Overall Business Performance. A portion of compensation should be tied to our overall performance so that our named executive officers are held accountable through their compensation for the performance of Aeroflex as a whole.

Alignment with Stockholder Interests. A portion of compensation should be tied to our market performance through equity awards to align our named executive officers' interests with those of our stockholders.

We do not believe that our compensation program is structured to reward inappropriate risk-taking, and have concluded that our compensation policies and practices are not reasonably likely to result in a material adverse effect on our company. In reaching this conclusion, we considered our strategic goals and evaluated the design of our compensation program to assess whether it fosters a business environment that might drive inappropriate decision-making or behavior. While a significant portion of certain executives' compensation may be performance based, the majority of our named executive officers' cash compensation consists primarily of base salary, which we believe mitigates inappropriate or excessive risk-taking that could harm stockholder value. In addition, to the extent that executives receive equity incentive awards, such awards are generally long-term awards that are intended to align executives' interests with those of our stockholders.

Roles and Responsibilities

Our Compensation Committee is responsible for the oversight of our executive compensation program and policies. With respect to executive compensation, the responsibilities of our Compensation Committee, as set forth in the Compensation Committee Charter, a copy of which is available in the Investor Relations-Corporate Governance section of our website at www.aeroflex.com, include the following:

- Reviewing and approving our goals and objectives relevant to the compensation of our Chief Executive Officer;

- Evaluating the performance of our Chief Executive Officer in light of our goals and objectives and determining and approving the compensation level of the Chief Executive Officer based on such evaluation;

- Reviewing the Chief Executive Officer's evaluation of the performance of our other executive officers and making recommendations to the Board with regard to compensation arrangements, including salary and bonus;

- Reviewing and making recommendations to the Board with respect to all employment agreements, severance agreements, change in control agreements and non-compete agreements to be entered into between us and our Chief Executive Officer or any of our other named executive officers; and

- Making recommendations to the Board with regard to the adoption of, or changes to, our executive compensation plans, including incentive compensation and equity-based plans.

From time to time, the Compensation Committee may utilize the services of independent consultants to perform analyses and to make recommendations to the Compensation Committee relative to executive compensation matters. For part of fiscal 2012, the Compensation Committee retained Pay Governance LLC, a compensation consultant, to advise it with respect to our equity incentive plan. In May 2012, the Compensation Committee retained Mercer as its compensation consultant to provide guidance with regard to the structure of our equity awards as well as compensation matters in general. None of our compensation consultants are paid on a retainer basis. The Compensation Committee also considers the recommendations of our Chief Executive Officer with respect to compensation for named executive officers other than the Chief Executive Officer and receives input from our outside directors to enable the Compensation Committee to coordinate our compensation programs with the policy objectives approved by the Board.

Although the Compensation Committee did not use benchmarking for fiscal 2012, with the assistance of Mercer, the Compensation Committee evaluated our executive compensation levels for fiscal 2013 relative to a selected group of twenty U.S. based peer companies that operate in similar industries and have similar metrics (i.e., revenue level) as Aeroflex. Each peer group company disclosed compensation data for its top officers in SEC filings.

After the peer group was selected, Mercer prepared a compensation review and assessment, analyzing the competitiveness of the level of executive compensation relative to the comparable peer group data. Mercer analyzed base salary and actual and target total cash compensation as well as target and actual total direct compensation which included long term incentives. Mercer also compared Aeroflex's business performance, over a period of years, with the peer group companies' performance, considering various financial metrics. Performance comparisons assist the Compensation Committee in examining how our executive pay aligns with company performance relative to peers.

Using Mercer's study, the Compensation Committee evaluated each primary compensation component against the market. The Compensation Committee seeks to compensate near the market median. However, it is important to note that market medians and the ranges around them only represent beginning reference points; the Compensation Committee also uses its subjective judgment to adjust targeted compensation to reflect factors such as individual performance and skills, long-term potential, tenure in the position, retention considerations, the position's importance in Aeroflex's organization and our evolving business environment.

Advisory Vote on Executive Compensation

The Board adopted an annual stockholder advisory vote to approve our executive compensation, which is consistent with our stockholders' frequency preference expressed at last year's annual meeting of stockholders held on November 16, 2011. Although the annual advisory stockholder vote on executive compensation is non-binding, the Compensation committee has considered, and will continue to consider, the outcome of the vote each year when making compensation decisions for our Chief Executive Officer and other named executive officers. At the 2011 annual meeting, approximately 99% of the votes cast on the advisory vote on executive compensation proposal were in favor of our named executive officer's compensation as disclosed in the 2011 proxy statement. The Compensation Committee believes that, given the overwhelmingly favorable level of support, fundamental changes to our executive compensation program and policies were not necessary.

Executive Compensation Program Overview

The material elements of our executive compensation program consist of:

- base salary;
- annual bonuses;
- equity-based awards;
- retirement benefits (401(k) plan);
- perquisites; and
- benefits payable upon certain termination events.

We currently have employment agreements in place for all of our named executive officers, each of which is described in further detail on page 29 under the section entitled "Employment Agreements."

Base Salary

Salary is one of the main components of cash compensation and fits into our overall compensation objectives by providing a base for attracting and retaining significant contributors to our company and by establishing a stable level of compensation upon which our executives may rely. The base salary for each named executive officer was determined with the goal of providing compensation that is competitive with the compensation of executives in similar positions. Factors that influenced the assessment of competitiveness included the executive officer's level of responsibility and experience, individual performance and vulnerability to recruitment by other companies. In accordance with the terms of their applicable employment agreements, the yearly salary adjustment, if any, for each of Messrs. Borow, Buyko, Adamovich, Kaminsky and Wactlar is determined by our Compensation Committee, subject to ratification by the Board.

Annual Bonuses

The purpose of our annual incentive bonus is to reward certain of our executives, in cash, for achieving our annual goals, which, in turn, promotes the Board of Directors' long-term goal of enhancing stockholder value. The Compensation Committee sets goals tied to our earnings before interest, taxes, depreciation and amortization ("EBITDA") which it believes are attainable, but that require executives to perform at a consistently high level to achieve target award values.

For each fiscal year, our Compensation Committee establishes an EBITDA target, a minimum or threshold EBITDA target that is the basis for minimum bonus awards and a maximum EBITDA target that is the basis for maximum bonus awards as contemplated by the employment agreements of our named executive officers. These EBITDA targets, which are based on management's business and market projections, are subject both to equitable redetermination by our Compensation Committee in the event of any divestiture, acquisition or other extraordinary event, and to such modification, as may be appropriate, to reflect various types of accounting adjustments that historically and otherwise have been or are approved by the Compensation Committee.

Pursuant to their employment agreements, the executives named below were entitled to receive bonuses as a percentage of base pay if the minimum threshold of EBITDA target was achieved, which incentive bonus would increase ratably for EBITDA exceeding the minimum threshold up to the maximum EBITDA target. For fiscal 2012, determination of incentive bonuses as a percentage of base salary payable was based on the following:

	Percentage of Base Salary					
	Threshold		Target		Maximum	
Leonard Borow	50	%	100	%	150	%
John Buyko	50	%	100	%	150	%
John Adamovich, Jr.	33.33	%	66.67	%	100	%
Edward S. Wactlar	50	%	62.5	%	75	%

For fiscal 2012, our Compensation Committee established and recommended, and the Board ratified and approved, an EBITDA target of \$192.5 million, a threshold EBITDA of \$175.0 million and a maximum EBITDA of \$210.0 million. Based on the EBITDA targets set forth above and an adjusted EBITDA of \$131.5 million approved by our Compensation Committee for fiscal 2012, our Compensation Committee determined that Messrs. Borow, Buyko, Adamovich and Wactlar were not entitled to receive an annual incentive bonus for such fiscal year. For fiscal 2013, for purposes of uniformity among our senior vice presidents, the Compensation Committee readjusted the percentages of base salary potentially payable as a bonus for Mr. Wactlar and established percentages of base salary potentially payable as a bonus for Mr. Kaminsky, in each case, to be consistent with the percentages applicable to Mr. Adamovich, as noted in the table above. For more information about the incentive bonus awards granted in recent years, see “—Summary Compensation Table.”

For fiscal 2012, Mr. Kaminsky was not contractually entitled to be paid an annual bonus. Nevertheless, the Compensation Committee, in its discretion, could have awarded a bonus to Mr. Kaminsky as it deemed appropriate after considering the recommendation of our Chief Executive Officer and the achievement of EBITDA targets. For fiscal 2012, our Compensation Committee determined not to pay an annual bonus to Mr. Kaminsky. As noted above, for fiscal 2013, Mr. Kaminsky will be eligible to receive an incentive bonus based on EBITDA in lieu of a discretionary bonus. For more detail about annual bonus awards, see “—Summary Compensation Table.”

Equity-based Awards

The Compensation Committee may grant equity-based compensation awards pursuant to our 2011 Omnibus Incentive Plan, which is the only equity incentive plan under which awards may be issued. The equity incentive plan is intended to provide us with a competitive edge in attracting, retaining and motivating employees, directors and consultants. Grants of equity awards are also designed to link an increase in stockholder value to compensation. Through the use of stock awards, an increase in stock price will result in an increase in value for the grantee, which ties an increase in stockholder value to our executives' compensation. With the exception of Mr. Kaminsky and Mr. Wactlar who were awarded equity compensation as a component of compensation, no other named executive officers have been awarded

equity compensation under this Plan since its inception in November 2011.

Parent LLC Class A Membership Interests

In connection with our Sponsors' acquisition of our direct wholly-owned subsidiary, Aeroflex Incorporated, in August 2007 (the "Going Private Transaction"), certain members of our management were invited to invest in parent LLC, which owns 76.6% of our common stock. This permits the executives to share in the increase in our value and is intended to focus their efforts on our long-term results. The primary equity interest in the parent LLC is the Class A membership interests, of which a substantial controlling interest is owned by the Sponsors. Pursuant to the operating agreement governing parent LLC, the Class A membership interests include a special distribution of up to 50% of management's investment, which provides a special incentive to those members of management holding Class A membership interests not available to the Sponsors. Messrs. Borow, Buyko and Adamovich collectively own 2.2% of the Class A membership interests.

Parent LLC Class B and Class B-1 Membership Interests

Certain members of our management were granted Class B membership interests in the parent LLC at the time of the Going Private Transaction and certain members of our management and employees were granted Class B-1 membership interests in the parent LLC in consideration of the commencement of their employment with us. Pursuant to the terms of the parent LLC's operating agreement, the holders of Class B and Class B-1 membership interests are entitled to receive a percentage of all distributions, if any, made by the parent LLC after (x) the holders of the Class A membership interests, including the Sponsors, have received a return of their invested capital plus a 12% per annum internal rate of return (compounded quarterly) on their invested capital and (y) certain members of our management that purchased Class A interests receive a special distribution in the aggregate amount of approximately \$3.2 million, together with a 12% per annum internal rate of return (compounded quarterly). The Class B and B-1 membership interests are intended to provide incentive to management and certain employees to keep focused on our company's long-term value. The membership interests were allocated based on the individual's relative position and responsibilities at the time of the Going Private Transaction or upon commencement of employment with the Company. These Class B and B-1 membership interests are non-transferable and vest ratably over five years as discussed below under "-Outstanding Equity Awards at Fiscal 2012 Year-End." The Class B membership interests fully vested on August 15, 2012. Messrs. Borrow, Buyko and Adamovich collectively own 5.8% of the Class B membership interest. If and when fully vested, the Class B-1 membership interests collectively owned by Messrs. Kaminsky and Wactlar will represent a 0.2% ownership interest in the parent LLC.

Aeroflex Employees' 401(k) Plan

Generally, all employees based in the United States, including the named executive officers, are eligible to participate in the Aeroflex 401(k) plan after they have been employed by us for at least six months. Employees may contribute a portion of their salary to the 401(k) plan on a tax deferred basis. Company contributions are discretionary and, up until June 30, 2009, we matched 50% of the first eight percent of eligible salary an employee contributed to the plan. The discretionary match was reinstated as of July 1, 2010 at 40% of the first eight percent of eligible salary contributed to the plan and again suspended as of November 1, 2011.

Executive Benefits and Perquisites

In order to offer a competitive package to attract and retain superior executives, we provide our named executive officers with various benefits and perquisites. We believe that certain perquisites are often a tax-advantaged way to provide the named executive officers with additional annual compensation that supplements their base salaries and bonus opportunities. When determining each named executive officer's base salary, we take into consideration the value of each such named executive officer's perquisites. Such perquisites include leased autos, car expenses or car allowances, an executive medical reimbursement plan, split dollar life insurance agreements and a deferred compensation plan. Each executive receives a different package of benefits.

The Compensation Committee believes that the perquisites provided to our named executive officers for fiscal 2012, as reported in the “All Other Compensation” column of the Summary Compensation Table below, are reasonable and consistent with our past practices.

Post-termination Benefits

We provide named executive officers with employment agreements with certain payments in the event of the termination of their employment prior to the end of their current employment term due to death, disability or other than “for cause” (as defined in their respective employment agreement). We selected such events because they are standard termination triggers in employment contracts. We determined that the failure to provide such standard termination provisions would adversely affect our ability to attract and retain those named executive officers and achieve our compensation objectives. Our Chief Executive Officer also receives a consulting agreement for three years following his termination at two-thirds of his salary plus bonus and certain benefits if termination of employment is by expiration of the contract term, mutual agreement or retirement. Please see the “Potential Payments Upon Termination or Change in Control” below for a description of the potential payments that may be made to certain named executive officers in connection with their termination of employment on a change in control.

Tax and Accounting Implications

Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, may impose a limit on the amount of compensation we may deduct in any one year with respect to certain specified employees. Section 162(m) of the Code denies a federal income tax deduction for certain compensation in excess of \$1.0 million each year paid to the chief executive officer and the three other most highly compensated executive officers (other than the chief financial officer) of a publicly-traded corporation. Certain types of compensation, including compensation based on performance criteria that are approved in advance by stockholders, are excluded from the deduction limit. We believe that Section 162(m) of the Code will not limit our tax deductions for executive compensation for fiscal year 2012. The Compensation Committee's policy is to qualify compensation paid to our executive officers for deductibility for federal income tax purposes to the extent feasible. However, to retain highly skilled executives and remain competitive with other employers, the Compensation Committee has the right to authorize compensation that would not otherwise be deductible under Section 162(m) or otherwise.

COMPENSATION COMMITTEE REPORT

We have reviewed the Compensation Discussion and Analysis required by Item 402(a) of Regulation S-K with the Company's management. Based on such review and discussion, we have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2012.

In fiscal 2008, certain members of our management were granted Class B membership interests in parent LLC. In fiscal 2010 and fiscal 2011, certain members of our management were granted Class B-1 membership interests in parent LLC. Pursuant to the terms of the parent LLC's limited liability company operating agreement, the holders of the Class B and B-1 membership interests are entitled to receive a percentage of all distributions, if any, made by parent LLC after (x) the Class A members, including the Sponsors, receive a return of their invested capital plus a 12% annual rate of return (compounded quarterly) on their invested capital and (y) certain members of our management that purchased Class A interests will receive a special distribution in the aggregate amount of approximately \$3.2 million, together with a 12% per annum internal rate of return (compounded quarterly). These Class B and B-1 membership interests vest ratably over five years or earlier upon a change in control. The number of units disclosed in the table above is the percentage share of overall equity interests in the parent LLC represented by the unvested portion of these awards as of June 30, 2012, which was 20% and 80% of the original Class B and B-1 awards, respectively. The number of units that vested during fiscal 2012 is presented in the table below. These Class B and B-1 membership interests represent profit interests in parent LLC. The market value shown in the tables above and below reflects the liquidation value at June 30, 2012, using the closing market price of \$6.05. Based upon such market price and in view of the priority of the Class A membership interests, the Class B and B-1 membership interests had no value at June 30, 2012.

(2) Represents restricted stock units (“RSUs”) designated as “performance based units” which shall vest to the extent of one-third on each of November 16, 2012, 2013 and 2014, subject to certain established per share price targets of

our common stock. In view of the fact that the market value of the common stock was below the price target at June 30, 2012, the RSUs had no value at such date.

In accordance with a December 1, 2006 amendment to the employment contract of Mr. Adamovich, we have credited or will credit to a book reserve \$50,000 beginning December 1, 2006 and each successive December 1 that he is employed by us. This money is notionally invested in bonds, mutual funds or securities as agreed upon by our Board of Directors and Mr. Adamovich. For fiscal 2012, we credited the book reserve by \$50,000 and the balance accrued \$3,561 of notional interest. The Summary Compensation Table reflects the excess of these notional earnings over earnings calculated at a market rate of 120% of the applicable federal long term rate.

Potential Payments Upon Termination Or Change In Control

See “—Outstanding Equity Awards at Fiscal 2012 Year-End” above and “—Employment Agreements” below for a discussion of potential payments upon termination or change in control.

We entered into amendments to the employment agreements with each of our named executive officers (other than Messrs. Kaminsky and Wactlar) immediately prior to our IPO in November 2010. Those amendments, together with the employment agreements we entered into with Mr. Kaminsky effective September 2012 and Mr. Wactlar effective July 2010, as amended, provide that, to the extent any severance benefits payable to a named executive officer constitute deferred compensation subject to Section 409A of the Internal Revenue Code at the time the employment of such named executive officer terminates, and that officer is deemed a "specified employee" under Section 409A, then we will defer payment of these benefits to the extent necessary to avoid adverse tax treatment.

Directors' Compensation

Directors that are employed by us or by affiliates of the Sponsors do not receive any fees for serving as a member of our Board of Directors in addition to their salaries and bonuses earned through their employment; however, we use cash and stock-based incentive compensation to attract and retain independent, qualified candidates to serve on the Board of Directors. In setting director compensation, our Board of Directors considers the significant amount of time that directors expend in fulfilling their duties as well as the skill level required. The following information relates to the compensation of our directors:

Board Retainer and Fees. Directors who are not our employees or employees of affiliates of the Sponsors receive an annual retainer of \$40,000, payable quarterly in advance, and a \$2,000 fee for each meeting of the Board of Directors they attend.

Committee Fees. The Chairman of the Audit Committee receives an additional annual fee of \$12,000, and each member receives an additional fee of \$2,000 for attendance at each meeting of the Audit Committee. Each non-affiliated member receives an additional fee of \$2,000 for attendance at each meeting of the Compensation and Corporate Governance and Nominating Committees. Our employees and employees of affiliates of the Sponsors will not receive any retainer or fees for their service on the Board of Directors or any committee.

Equity Awards. Our directors who are not employees or employees of affiliates of the Sponsors are eligible to receive equity awards pursuant to the 2011 Omnibus Incentive Plan. In November 2011, each non-affiliated director received stock awards for 7,752 shares, 50% of which were fully vested at the award date (November 21, 2011) and 50% of which were restricted shares that vest on November 13, 2012.

The table below summarizes the compensation paid by the Company to our directors for the fiscal year ended June 30, 2012.

Employment Agreements

We are a party to employment agreements with each of our named executive officers, the terms of which are set forth below.

Leonard Borow

We are a party to an employment agreement with Mr. Borow, our President and Chief Executive Officer, which expires on August 15, 2015. Mr. Borow currently receives a base salary of \$650,000 and an annual bonus of between 50% and 150% of his base salary based upon our achievement of certain EBITDA targets established by our Compensation Committee and ratified and approved by the Board.

Mr. Borow's employment agreement provides for a three-year consulting period after the termination of employment by expiration of the contract term, mutual agreement or retirement, during which time Mr. Borow will receive consulting payments in an annual amount equal to two-thirds of his last annual base salary. Based on his current salary, he would receive monthly payments of \$36,111.

In the event that we terminate the employment of Mr. Borow without cause (as defined in the employment agreement) or Mr. Borow terminates his employment for good reason (as defined in the employment agreement), Mr. Borow is entitled to receive his salary, an annual bonus and continuation of health benefits for the remainder of the contract term. For this purpose, the annual bonus will be calculated based on the average of Mr. Borow's highest annual bonuses for a period not to exceed three years during the fiscal years (for a period not exceeding 10 years) commencing after August 15, 2007. As of June 30, 2012, this lump sum severance would aggregate approximately \$4.0 million. In the event Mr. Borow's employment is terminated for cause, Mr. Borow will not be entitled to any severance benefits other than his salary through the date of termination, unused vacation and any benefits that have vested in accordance with the terms of the applicable award. In the event of Mr. Borow's death or disability, Mr. Borow or his beneficiary or estate is entitled to receive his salary through the date of termination, unused vacation and any benefits that have vested in accordance with the terms of the applicable award, and Mr. Borow or his beneficiary or estate is also entitled to any annual bonus for the current fiscal year based on our performance, prorated to the date of termination. In the event Mr. Borow's employment terminates due to retirement, Mr. Borow shall be entitled to his salary through the date of termination, unused vacation, a prorated amount of any annual bonus for the fiscal year in which he retired and any benefits that have vested in accordance with the terms of the applicable award. If, in connection with a change of control, we determine in good faith that any payments or benefits provided to Mr. Borow constitute "parachute payments" within the meaning of Section 280G and Section 4999 of the Internal Revenue Code, such "parachute payments" to Mr. Borow will be reduced to an amount determined by us in good faith to be the maximum amount that may be provided to Mr. Borow without resulting in any portion of such parachute payments being subject to an excise tax.

Mr. Borow is subject to non-competition and non-solicitation restrictions until two years following the later of (a) the termination of his employment for any reason and (b) the three-year consulting period.

John Buyko

We are a party to an employment agreement with Mr. Buyko, our Executive Vice President and President of Aeroflex Microelectronic Solutions, which expires on August 15, 2015. Mr. Buyko currently receives a base salary of \$520,000 and an annual bonus of between 50% and 150% of his base salary based upon our achievement of certain EBITDA targets established by our Compensation Committee and ratified and approved by the Board.

In the event that we terminate the employment of Mr. Buyko without cause (as defined in the employment agreement) or Mr. Buyko terminates his employment for good reason (as defined in the employment agreement), Mr. Buyko is entitled to receive (i) his salary for the remainder of the employment term at the rate in effect immediately prior to such termination, (ii) continuation of health benefits until the earlier of December 31st of the second year following his termination of employment or his commencement of full-time employment with a new employer and (iii) annual bonuses for the remainder of the employment term (including a prorated bonus for any partial fiscal year) equal to the average of the highest annual bonuses for a period not to exceed three years awarded to him during the fiscal years (for a period not exceeding 10 years) commencing after August 15, 2007. As of June 30, 2012, this lump sum severance would aggregate approximately \$3.1 million. In the event that we terminate the employment of Mr. Buyko for cause, he is entitled to receive his salary through the date of termination, unused vacation and any benefits that have vested in accordance with the terms of the applicable award. In the event of termination upon Mr. Buyko's death or disability, Mr. Buyko or his beneficiary or estate is entitled to receive his salary through the date of termination, unused vacation and any benefits that have vested in accordance with the terms of the applicable award, and he is also entitled to any annual bonus for the current fiscal year based on our performance, prorated to the date of termination. If, in connection with any transaction, we determine in good faith that any payments or benefits provided to Mr. Buyko constitute "parachute payments" within the meaning of Section 280G and Section 4999 of the Internal Revenue Code, such "parachute payments" to Mr. Buyko will be reduced to an amount determined by us in good faith to be the maximum amount that may be provided to Mr. Buyko without resulting in any portion of such parachute payments being subject to an excise tax.

In addition, Mr. Buyko is subject to non-competition and non-solicitation restrictions until the later of (i) the period during which Mr. Buyko is entitled to receive severance payments pursuant to the employment agreement and (ii) one year following the termination of his employment for any reason.

John Adamovich, Jr.

We are a party to an employment agreement with Mr. Adamovich, our Senior Vice President and Chief Financial Officer, which expires on September 17, 2013. Under the agreement, as amended in September 2012, Mr. Adamovich currently receives an annual salary of \$440,000 and is eligible to receive an annual bonus of between 33.33% and 100% of his annual salary based upon the achievement of certain EBITDA targets established by our Compensation Committee and ratified and approved by the Board. In the event that we terminate the employment of Mr. Adamovich within twenty-four months following a change in control (as defined in the employment agreement) without cause (as defined in the employment agreement) or Mr. Adamovich terminates his employment for good reason (as defined in the employment agreement) within 24 months following a change in control, he is entitled to receive (i) a lump sum severance payment, of 2.5 times the sum of his base salary and his target bonus (66.67% of his base salary), (ii) continuation of health benefits until December 31st of the second year following his termination of employment, and (iii) a pro-rata target bonus for the year of termination. If all or any portion of the payments or benefits which Mr. Adamovich is entitled to receive constitutes an excess "parachute payment" subject to the imposition of an excise tax under Sections 280G and 4999 of the Internal Revenue Code, all such parachute payments will be reduced accordingly to an aggregate amount that is not subject to an excise tax if, as determined by our auditors, it would result in an equal or greater total of parachute payments than Mr. Adamovich otherwise would receive without such reduction on an after-tax basis. As of June 30, 2012, assuming such agreement terms to be in effect, this lump sum

severance would aggregate approximately \$1.8 million.

In the event that we terminate the employment of Mr. Adamovich without cause, or if Mr. Adamovich terminates his employment for good reason, in either such case, other than within 24 months following a change in control, he is entitled to receive his salary and the continuation of benefits for one year following termination of employment, (ii) one times the target bonus, and (iii) a performance bonus, if any, for the year in which termination occurs, prorated to the date of termination. As of June 30, 2012, assuming such agreement terms to be in effect, this lump sum severance payment would aggregate \$733,333.

In the event Mr. Adamovich's employment is terminated for cause, Mr. Adamovich will not be entitled to any severance benefits other than his salary through the date of termination, unused vacation and accrued but unpaid bonus compensation. In the event of Mr. Adamovich's death or disability, Mr. Adamovich or his beneficiary or estate is entitled to receive his salary through the date of termination, unused vacation and accrued but unpaid bonus compensation an annual bonus in the amount of the target bonus for the fiscal year in which such death or disability occurs prorated to the date of termination, and the continuation of health benefits for a period of one year. Mr. Adamovich is subject to non-competition and non-solicitation restrictions during the employment period and, in the case of termination for cause or without good reason, for one year after the date of termination.

Andrew F. Kaminsky

We are a party to an employment agreement with Mr. Kaminsky, our Senior Vice President—Corporate Development, Investor Relations and Human Resources that has an effective date of September 28, 2012. The Agreement is for an initial term of one year but is automatically renewable for additional one year periods until we give him, or he gives us, 90 days written notice of an intention not to renew. Under the agreement, Mr. Kaminsky currently receives an annual base salary of \$375,000 and is eligible to receive an annual bonus of between 33 1/3% and 100% of his annual base salary based upon the achievement of certain EBITDA targets established by our Compensation Committee and ratified and approved by the Board. In the event that we terminate the employment of Mr. Kaminsky either within 6 months prior or 18 months following a change in control (as defined in the employment agreement) without cause (as defined in the employment agreement) or Mr. Kaminsky terminates his employment for good reason (as defined in the employment agreement) within 6 months prior or 18 months following a change in control, he is entitled to receive (i) a lump sum severance payment of two times the sum of his base salary and his target bonus (66.67% of his base salary), (ii) continuation of health benefits for a period of 18 months, and (iii) a pro-rata target bonus for the year of termination. If all or any portion of the payments or benefits which Mr. Kaminsky is entitled to receive constitutes an excess “parachute payment” subject to the imposition of an excise tax under Sections 280G and 4999 of the Internal Revenue Code, all such parachute payments will be reduced accordingly to an aggregate amount that is not subject to an excise tax if, as determined by our auditors, it would result in an equal or greater total of parachute payments than Mr. Kaminsky otherwise would receive without such reduction on an after-tax basis. As of June 30, 2012, assuming such agreement terms to be in effect, this lump sum severance would aggregate approximately \$1.3 million.

In the event that we terminate the employment of Mr. Kaminsky without cause (as defined in the employment agreement), or if Mr. Kaminsky terminates his employment for good reason (as defined in the employment agreement), in either such case, other than 6 months prior or 18 months following a change in control, he is entitled to receive (i) one year’s salary plus one times his target bonus, (ii) a performance bonus, if any, for the year in which termination occurs, prorated to the date of termination, and (iii) continuation of health benefits for a period of one year. As of June 30, 2012, assuming such agreement terms to be in effect, the lump sum severance payable thereunder would aggregate \$625,000. In the event Mr. Kaminsky is terminated for cause, Mr. Kaminsky would be entitled to receive his salary through the date of termination and any awarded but unpaid bonus. In the event Mr. Kaminsky’s employment is terminated for death or disability, Mr. Kaminsky or his beneficiary or estate is entitled to receive his salary through the date of termination, unused vacation and accrued but unpaid bonus compensation, an annual bonus in the amount of the target bonus for the fiscal year in which such death or disability occurs prorated to the date of termination, and continuation of health benefits for a period of one year. Mr. Kaminsky is subject to non-competition and non-solicitation restrictions during the employment period and for a period of one year after termination in the event Mr. Kaminsky’s employment is terminated for cause or without good reason.

Edward S. Wactlar

We are a party to an employment agreement with Mr. Wactlar, our Senior Vice President, General Counsel and Secretary. The agreement is for a period of three years, renewing daily, unless either party provides notice of

non-renewal. Upon such notice of nonrenewal, the employment period shall continue for a three year period from the date of such notice; provided, however, that if such non-renewal notice is received after the fifth anniversary of the effective date of the agreement, the employment period shall continue for a period of one year from the date any such notice of non-renewal is received. The effective date of the agreement is July 1, 2010. Under the agreement, as amended in September 2012, Mr. Wactlar currently receives an annual base salary of \$375,000 and is eligible to receive an annual bonus of between 33.33% and 100% of his annual base salary based upon the achievement of certain EBITDA targets established by our Compensation Committee and ratified and approved by the Board. In the event that we terminate the employment of Mr. Wactlar within 18 months following a change in control (as defined in the employment agreement) without cause (as defined in the employment agreement) or Mr. Wactlar terminates his employment for good reason (as defined in the employment agreement) within 18 months following a change in control, he is entitled to receive, (i) a lump sum severance payment of (A) three times the sum of his base salary and his target bonus (66.67% of his base salary) if termination occurs prior to the fifth anniversary of the effective date of the employment agreement or (B) one times his base salary and his target bonus if termination occurs after the fifth anniversary of the effective date of the employment agreement, (ii) continuation of health benefits for the balance of the employment period, but in no event less than one year following termination of his employment, and (iii) a pro-rata target bonus for the year of termination; provided, however, that such lump sum severance benefit will be no less than the severance benefit to which Mr. Wactlar would be entitled to absent a change in control (as described below). If all or any portion of the payments or benefits which Mr. Wactlar is entitled to receive constitutes an excess "parachute payment" subject to the imposition of an excise tax under Sections 280G and 4999 of the Internal Revenue Code, all such parachute payments will be reduced accordingly to an aggregate amount that is not subject to an excise tax if, as determined by our auditors, it would result in an equal or greater total of parachute payments than Mr. Wactlar otherwise would receive without such reduction on an after-tax basis. As of June 30, 2012, assuming such agreement terms to be in effect, this lump sum severance would aggregate approximately \$1.9 million.

In the event that we terminate the employment of Mr. Wactlar without cause, or if Mr. Wactlar terminates his employment for good reason, in either such case, other than within 18 months following a change in control, he is entitled to receive (i) his salary and the continuation of benefits for the remainder of the employment term, but in no event less than one year following termination of employment if such termination occurs after the fifth anniversary of the effective date of the employment agreement and (ii) annual bonuses in the amount of the target bonus for the remainder of the employment period as if Mr. Wactlar had not been terminated including, without duplication, a performance bonus, if any, for the year in which termination occurs, prorated to the date of termination. As of June 30, 2012, assuming such agreement terms to be in effect, this lump sum severance payment would aggregate approximately \$1.9 million.

In the event Mr. Wactlar's employment is terminated for cause, Mr. Wactlar will not be entitled to any severance benefits other than his salary through the date of termination, unused vacation and accrued but unpaid bonus compensation. In the event of Mr. Wactlar's death or disability, Mr. Wactlar or his beneficiary or estate is entitled to receive his salary through the date of termination, unused vacation and accrued but unpaid bonus compensation, an annual bonus in the amount of the target bonus for the fiscal year in which such death or disability occurs prorated to the date of termination, and continuation of health benefits for a period of 24 months. Mr. Wactlar is subject to non-competition and non-solicitation restrictions during the employment period and, in the case of termination for cause or without good reason, for one year after the date of termination.

PROPOSAL 2— ADVISORY VOTE REGARDING EXECUTIVE COMPENSATION

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this Proxy Statement. This advisory vote, commonly known as “say-on-pay,” gives our stockholders the opportunity to express their views on our named executive officers' compensation. We currently conduct an advisory vote on the compensation of our named executive officers annually and the next such advisory vote after our 2012 Annual Meeting will take place at our 2013 annual meeting of stockholders. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and our Company's philosophy, policies and practices described in this Proxy Statement.

Our compensation programs are designed to enable us to attract, motivate, reward and retain the management talent required to achieve corporate objectives, and thereby increase stockholder value. It is our policy to provide incentives

to senior management to achieve both short-term and long-term objectives, to reward exceptional performance and contributions to the development of our businesses and to motivate our senior executives to balance risk and reward in the management of our businesses. Please see the section “Executive Compensation—Compensation Discussion and Analysis” and the related compensation tables above for additional details about our executive compensation program, including information about the fiscal year 2012 compensation of our named executive officers.

Accordingly, the Board of Directors unanimously recommends that our stockholders vote “FOR” the following resolution at the Annual Meeting:

“**RESOLVED**, that the stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company’s Proxy Statement for the 2012 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the related footnotes and narrative disclosures.”

The say-on-pay vote is advisory, and, therefore, not binding on the Company, the Compensation Committee or our Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this Proxy Statement, we will consider the results of the vote in future compensation deliberations.

OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT**

AUDIT COMMITTEE REPORT

The Audit Committee for the Company’s fiscal year ended June 30, 2012 was composed of three directors, each of whom is independent within the meaning of applicable NYSE rules and all of whom have accounting or related financial management expertise. The Audit Committee operates under a written charter approved by the Board of Directors. The committee charter is available in the Investor Relations-Corporate Governance section of our website at www.aeroflex.com

Management is responsible for the Company’s financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company’s independent registered public accounting firm is responsible for auditing those financial statements. It is not the duty or responsibility of the Audit Committee to conduct auditing or accounting reviews or procedures. The responsibility of the members of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by monitoring these processes.

The Audit Committee’s oversight of these processes and considerations and discussions with management and with the Company’s independent registered public accounting firm do not assure that the Company’s financial statements are presented in accordance with generally accepted accounting principles or that the audit of the Company’s financial statements has been carried out in accordance with generally accepted auditing standards.

In this context, the Audit Committee met with management and representatives of KPMG LLP, our independent registered public accounting firm, to review and discuss the Company's audited consolidated financial statements as of and for the fiscal year ended June 30, 2012. The Audit Committee also discussed with KPMG LLP the matters required by Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee also received written disclosures and a letter from KPMG LLP required by applicable requirements of the PCAOB regarding KPMG LLP's communications with the Audit Committee concerning independence, and has discussed with KPMG LLP that firm's independence. In particular, the Audit Committee considered whether the provision of non-audit services described in the following section is compatible with maintaining the independence of KPMG LLP and concluded that it is.

Based upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the financial statements referred to above be included in our Annual Report on Form 10-K for the year ended June 30, 2012 for filing with the Securities and Exchange Commission.

**PROPOSAL 3 — RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed KPMG LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2013. As a matter of good corporate governance, the appointment of KPMG LLP is being presented to the stockholders for ratification. The Audit Committee is not bound by the outcome of this vote but if the stockholders do not ratify the appointment of KPMG, the Audit Committee may reconsider its decision.

A representative of KPMG LLP is expected to be present at the Annual Meeting. The representative will have an opportunity to make a statement if he desires to do so and will be available to answer appropriate questions from stockholders.

Our Audit Committee approved all of the services provided by KPMG LLP and described in the preceding paragraphs.

Vote Required

The ratification of the appointment of KPMG LLP requires the vote of a majority of the shares present in person or by proxy and entitled to vote on the matter at the Annual Meeting once a quorum is present. Abstentions will be counted and will have the same effect as a vote against the proposal.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE IN FAVOR OF THE RATIFICATION OF THE SELECTION OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2013

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Any material transaction involving our directors, nominees for director, executive officers and their immediate family members and us or any of our affiliates is reviewed and approved by the Chief Executive Officer, following consultation with the Chairman of the Board, who determines whether the transaction is in our best interest. In addition, related-person transactions involving directors and nominees are subsequently reviewed by the Corporate Governance and Nominating Committee in connection with its review of the independence of the directors. The policies and procedures for related-party transactions are not in writing, but the proceedings are documented in the minutes of the Corporate Governance and Nominating Committee meetings.

Limited Liability Company Agreement

At the closing of the Going Private Transaction, the Sponsors and certain members of our management who purchased equity interests in the parent LLC became parties to a limited liability company agreement with the parent LLC that sets forth provisions relating to the management and ownership of the parent LLC, including the rights of the Sponsors to appoint members of the board of managers of the parent LLC.

Veritas Capital has the right to appoint four members of the board of managers of the parent LLC at any time it owns at least 33% of the membership interests of the parent LLC, three members of the board of managers of the parent LLC at any time it owns less than 33% but at least 27% of the membership interests of the parent LLC, two members of the board of managers of the parent LLC at any time it owns less than 27% but at least 20% of the then outstanding membership interests of the parent LLC, and one member of the board of managers of the parent LLC at

any time it owns less than 20% but at least 5% of the membership interests of the parent LLC. Golden Gate has the right to appoint three members of the board of managers of the parent LLC at any time it owns at least 33% of the membership interests of the parent LLC, two members of the board of managers of the parent LLC at any time it owns less than 33% but at least 20% of the then outstanding membership interests of the parent LLC, and one member of the board of managers of the parent LLC at any time it owns less than 20% but at least 5% of the then outstanding membership interests of the parent LLC. GS Direct has the right to appoint two members of the board of managers of the parent LLC at any time it owns at least 33% of the membership interests of the parent LLC, and one member of the board of managers of the parent LLC at any time it owns less than 33% but at least 5% of the membership interests of the parent LLC.

As described under “Proposal 1—Election of Directors,” at the time of our IPO, we entered into a director designation agreement that provides for the rights of the parent LLC to nominate designees to our Board of Directors. See “—Director Designation Agreement.” Pursuant to the limited liability company agreement of the parent LLC, the Sponsors will have certain rights to select the individuals that the parent LLC has the right to nominate under the director designation agreement. The Sponsors have agreed to allocate such rights to select the nominees under the director designation agreement as follows:

Until such time as we are required to comply with the requirement under the New York Stock Exchange corporate governance standards that a majority of our Board of Directors consist of independent directors, the parent LLC is required to nominate to our Board of Directors each member of the board of managers of the parent LLC that was appointed by Veritas Capital, Golden Gate Capital or GS Direct; and

during such time as (i) the parent LLC owns less than a majority but at least one share of our outstanding common stock and (ii) we are required to comply with the requirement under the New York Stock Exchange corporate governance standards that a majority of our Board of Directors consist of independent directors, Veritas Capital will have the right to select two nominees, Golden Gate will have the right to select one nominee and GS Direct will have the right to select one nominee.

Each of the Sponsors is required pursuant to the limited liability company agreement of the parent LLC to cause the resignation from our Board of Directors of any director that was selected by such Sponsor and was nominated to our Board of Directors pursuant to the director designation agreement (i) in the event such Sponsor exercises its rights pursuant to the limited liability company agreement to redeem all of its Class A membership interests in exchange for our shares or (ii) if such director (A) has been removed from the board of managers of the parent LLC, (B) has resigned from the board of managers of the parent LLC or become disabled or (C) is required to resign from the board of managers of the parent LLC. The parent LLC may not waive or decline to exercise any of its rights under the director designation agreement or agree to any amendment of the director designation without the approval of the Sponsors.

In addition, the limited liability company agreement provides for, among other things, restrictions on the transferability of equity of the parent LLC, tag-along rights, drag-along rights and information rights. The tag-along rights provide that in the event of a proposed transfer of all of the Sponsors' membership interests in the parent LLC, no Sponsor may transfer its membership interest until each holder of Class B or Class B-1 membership interests has been given the opportunity to participate in the transaction and sell his, her or its Class B or Class B-1 membership interests in the parent LLC under substantially the same terms as those of the Sponsors. The drag-along rights provide that in the event of a proposed transfer of all of the Sponsors' membership interests in the parent LLC, the Sponsors may unanimously agree to require each member of the parent LLC, to sell his, her or its membership interests in the parent LLC in exchange for a pro rata portion of the proceeds. The information rights provide that (i) each member of the parent LLC may examine, copy and audit the books of the parent LLC during normal business hours, (ii) the parent LLC will keep the Sponsors informed with respect to any tax, criminal or regulatory investigation, or action and (iii) each year the parent LLC will provide its tax returns, schedules and related tax information to its members.

Without the approval of the Sponsors, subject to certain stated exceptions, the parent LLC may not permit us to take certain actions, including transactions with the Sponsors or affiliates or employees of the Sponsors.

Pursuant to the limited liability company agreement of the parent LLC, each holder of Class A membership interests will have the right to require the parent LLC to redeem all, but not less than all, of its Class A membership interests in exchange for our shares (i) at any time from and after the second anniversary of our IPO, (ii) with respect to any Sponsor seeking to redeem its Class A membership interests, such time as our Board of Directors does not contain at least one director designated by such Sponsor, other than as a result of an act, omission or decision by such Sponsor or any of its designees to our Board of Directors or (iii) with the prior written approval of each of the Sponsors. The redemption price for such Class A membership interests will be an amount equal to the amount that would be distributed to such electing holder in respect of such Class A membership interests if the parent LLC were liquidated as of the date such holder provides notice of its election to redeem to the parent LLC, known as the "Redemption Price";

provided that if a redemption notice is given prior to the sixth anniversary of the closing of the Going Private Transaction, the Redemption Price will be calculated based on the assumption that all of the Class B membership interests and Class B-1 membership interests permitted to be issued under the terms of the limited liability company agreement are outstanding and that all such Class B membership interests and Class B-1 membership interests have vested. The Redemption Price is payable in shares of our common stock having a fair market value equal to the Redemption Price or, at the election of the electing holder, with the cash proceeds of a number of shares sold by the parent LLC having a fair market value equal to the Redemption Price.

Director Designation Agreement

As described above under “Proposal 1—Election of Directors,” we entered into a director designation agreement in connection with the IPO pursuant to which the parent LLC is entitled to nominate individuals to our Board of Directors. A copy of the director designation agreement is included as an exhibit to Amendment No. 6 to the Registration Statement on Form S-1 (File No. 333-165920) filed with the SEC on November 10, 2010, which is available from the SEC at its website at www.sec.gov.

Registration Rights Agreement

At the closing of the Going Private Transaction, the parent LLC became party to a registration rights agreement with us. Pursuant to the registration rights agreement, the parent LLC and each of the Sponsors may require us to effect a long-form registration on not more than three occasions and a short-form registration on an unlimited number of occasions, provided that the number of securities requested to be registered must have a value equal to at least \$10 million based on the closing price of such security on the last trading day prior to the registration request. We may postpone for a reasonable period of time, which may not exceed 90 days, the filing of a registration statement that the parent LLC or the Sponsors requested that we file pursuant to the registration rights agreement if our Board of Directors determines that the filing of the registration statement will have a material adverse effect on our plan to engage in certain business transactions. Under the terms of this agreement, we will be required to pay all registration expenses in connection with any demand registration. In addition, if we propose to register additional shares of common stock, the parent LLC will be entitled to notice of the registration and is entitled to include its shares of common stock in that registration with all registration expenses paid by us.

Transactions with Goldman, Sachs & Co. and its Affiliates

Goldman, Sachs & Co. is the manager of GS Direct, which indirectly owns approximately 15.1% of our common stock. Bradley J. Gross, a member of our Board of Directors and the board of managers of the parent LLC, is a Managing Director in the Principal Investment Area of Goldman, Sachs & Co.

MISCELLANEOUS INFORMATION

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own more than ten percent of a registered class of our equity securities ("Reporting Persons") to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission and the New York Stock Exchange. These Reporting Persons are required by SEC regulation to furnish us with copies of all Forms 3, 4 and 5 they file with the SEC and the New York Stock Exchange. Based solely upon our review of the copies of the forms we have received and representations that no other reports were required, we believe that all Reporting Persons complied on a timely basis with all filing requirements applicable to them with respect to transactions during fiscal year 2012.

Matters to be Considered at the Meeting

The Board of Directors does not intend to present to the meeting any matters not referred to in the form of proxy. If any proposal not set forth in this Proxy Statement should be presented for action at the meeting, and is a matter which should come before the meeting, it is intended that the shares represented by proxies will be voted with respect to such matters in accordance with the judgment of the persons voting them.

Cost of Solicitation

The Company will bear the cost of solicitation of proxies. In addition to the solicitation of proxies by mail, certain officers and employees of the Company, without extra compensation, may also solicit proxies personally or by telephone. Copies of proxy solicitation materials will be furnished to fiduciaries, custodians and brokerage houses for forwarding to the beneficial owners of shares held in their names.

Proposals of stockholders intended to be presented at the 2013 Annual Meeting of Stockholders pursuant to SEC Rule 14a-8 must be received at our principal office not later than June 8, 2013 to be included in the proxy statement for that meeting.

In addition, our bylaws require that we be given advance notice of stockholder nominations for election to the Board of Directors and of other matters which stockholders wish to present for action at an annual meeting of stockholders.
