American Realty Capital Trust, Inc. Make Your Vote Count **VOTE THE WHITE PROXY CARD TODAY** Premium Valuation: Realty Income is valuing ARCT's assets at a significantly higher price that represents an exceptional capitalization rate and is lower than ARCT's cost basis. As of the date of announcement, this represented the lowest capitalization rate for similar net lease REIT transactions. Ideal Strategic Buyer: Realty Income represents the ideal strategic buyer given their business focus, size and scale, investment grade balance sheet, cost of capital and share liquidity. Comprehensive Strategic Process: ARCT undertook a comprehensive process to evaluate strategic alternatives to create stockholder value. Following this review, ARCT's board of directors concluded that the Realty Income transaction is superior to other available alternatives, including the status quo. A number of strategic options were evaluated thoroughly beginning in April 2011. Management's Interests Firmly Aligned with Stockholders: Pro forma for the transaction, ARCT management will own ~\$45 million of equity in Realty Income, including over \$25 million of existing equity in ARCT. Future Growth Opportunities and Value Creation: Realty Income's experienced management team has a successful track record of driving dividend growth and producing enhanced stockholder returns. The combined company will be significantly larger and financially stronger than ARCT as a stand-alone company or than its competitors, and will have one of the lowest costs of capital in a sector where low cost capital creates competitive advantage. Favorable Analyst Reaction: The transaction has been reviewed favorably by the research analyst community. ARCT is seeking your support at the Company's Special Meeting of Stockholders on January 16, 2013, to approve the proposed merger with Realty Income. Your board of directors unanimously determined that merging with Realty Income is the best way to continue delivering value to stockholders. The proposed merger with Realty Income provides a number of compelling benefits to ARCT stockholders: **PLEASE VOTE FOR THE PROPOSAL TO MERGE WITH REALTY INCOME USING THE WHITE PROXY CARD TODAY** Forward-Looking Statements: Information set forth herein (including information included or incorporated by reference herein) contains "forward-looking statements" (as defined in Section 21E of the Securities Exchange Act of 1934, as amended), which reflect the Company's and Realty's expectations regarding future events.
